2nd wave more infectious

Situation in Pb, Hry, Chandigarh worrisome: Centre

TRIBUNE NEWS SERVICE

NEW DELHI, APRIL 2

As India logged 81,466 daily infections in a six-month high today and active cases touched 5 per cent of the total, the Centre said the current wave of the pandemic was more infectious than the first one and flagged 11 states of serious concern, including Maharashtra, Punjab, Haryana and Chandigarh.

At an emergency meeting with chief secretaries, DGPs and health secretaries of all states today, Cabinet Secretary Rajiv Gauba said the infection spike rate of 6.8 per cent in March surpassed the previous record of 5.5 per cent in June 2020.

This means the current wave is more virulent and could send more people to hospitals. The Centre asked states to use laws to enforce Covid-appropriate behaviour, plan to ramp up ICU beds, oxygen and isolation facilities and ensure 100 per cent vaccination of those eligible.

Gauba said India had reported a very high 5.5 per cent growth rate in daily Covid deaths in March.

"The country reported 97,000 daily new Covid cases at the peak of the pandemic in September 2020. We have now already reached 81,000 daily new cases," he said.

Row over EVM in BJP nominee's car

EC orders repoll at 1 Assam booth | Suspends four election officials

TRIBUNE NEWS SERVICE

NEW DELHI, APRIL 2

The presence of a polled EVM in the vehicle of a BJP candidate in Assam's Karimganj last night reignited the debate on the sanctity of the voting machines with the Congress alleging fraud and the BJP claiming the Opposition raised such questions whenever it feared a defeat.

The Election Commission today certified the EVM in question as safe, but ordered a repoll at a booth in Ratabari seat in Karimganj after violence erupted over the issue yesterday and the police had to fire into the air to contain the crisis. The EC also suspended the presiding officer of the booth and three other officials.

"Although the seals of the EVM were found intact, it has nevertheless been decided to conduct a repoll at booth number 149 (Indira MV School) of LAC-1 Ratabari (SC) as an added precaution," said the poll panel, which also sought a report from its special observer.

According to details made public by the EC, the polling party of booth number 149 of Ratabari constituency was accompanied by a police constable and a home guard. After completion of polling at 6 pm on Thursday, the party left in a vehicle provided by election authorities and was escorted by an armed security party.

Their vehicle developed a snag and instead of waiting for the sector in-charge to arrange another vehicle, they used a private vehicle hoping to reach the material receipt centre faster as they were in custody of polled EVMs.

The Congress today petitioned the EC with former Law Minister Ashwani Kumar leading the delegation. Party general secretary Priyanka Vadra

Defection even before counting, EC must step in: Cong

NEW DELHI, APRIL 2

The Congress on Friday approached the Election Commission seeking cancellation of elections in the Assembly constituency of Assam where Bodoland People's Front candidate Basumataray has defected to the BJP. The EC has reserved its orders on the petition. The Congress delegation, led by former Law Minister Ashwani Kumar, argued that it was incumbent on the EC to ensure free and fair elections.

"Defections induced by illegal means even before the counting of votes is a new phenomenon which is a fraud on the people and robs the electorate of the freedom of choice of their representative," Kumar said. — TNS

Nandigram turnout revised to over 88%

KOLKATA: A day after polling, the Election Commission on Friday revised the turnout in West Bengal's Nandigram constituency to over 88 per cent, up from 80.79 per cent on Thursday. The count is 2 per cent higher than that recorded in the 2016 Assembly elections. The seat is in the spotlight due to a high-voltage contest between West Bengal Chief Minister and Trinamool Congress (TMC) supremo Mamata Banerjee and her former loyalist-turned-BJP nominee Suvendu Adhikari. **BACK PAGE**

Car rams Capitol barricade, 1 shot

WASHINGTON: A car rammed a barricade outside the US Capitol on Friday, injuring two Capitol Police officers and leading to a suspect being shot, two law enforcement officials said. The Capitol police said the incident occurred at a checkpoint. The law enforcement officials said the suspect was shot and taken to a hospital in critical condition where he succumbed. The Capitol complex was locked down after the shooting and the staff were told they could not enter or exit buildings. — AP

Pb flagged over 'bonded' farmhand

NEW DELHI: The Centre has alerted the Punjab Government over the alleged illegal practice of engaging "mentally challenged" people from Bihar and UP as bonded labourers by farmers in the border districts of the state. The development follows a BSF communication to the Union Ministry of Home Affairs about "rescuing" 58 such workers from the border areas of Gurdaspur, Amritsar, Ferozepur and Abohar over the past two years. The MHA has sought action. **INSIDE**

Papers of ambulance carrying Ansari fake

ARUN SHARMA
TRIBUNE NEWS SERVICE

ROPAR, APRIL 2

The working of Punjab Police has again come under the scanner over Uttar Pradesh MLA Mukhtar Ansari being taken from the Ropar jail to a Mohali court in a private ambulance, that too allegedly registered on a fake address at Barabanki in UP.

The BSP legislator from Mau, who is wanted in his home-state for various criminal cases, was on March 31 produced before the court in connection with an extortion matter. The Ropar police claimed no rules were broken in allowing the use of a private ambulance. It feigned ignorance about the fake documents.

SSP Akhil Chaudhary said Ansari had obtained orders from a court in UP in 2017-18 for use of a private ambulance for court attendance, for which expenses were to be borne by him. "Punjab Prisons (Attendance in Court) Rules, too, allow for a separate conveyance, provided the prisoner pays for it," he added.

An escort team under the supervision of a DSP-rank officer was deputed for producing Ansari at the court.

The Supreme Court had recently directed the Punjab Government to hand over Ansari's custody to the UP Police, saying it was being denied on trivial grounds under the guise of medical issues. Following the directions, Ansari's counsel had

LAC issues remain, India pushes for early solution

TRIBUNE NEWS SERVICE

NEW DELHI, APRIL 2

The lack of progress for over a month in disengagement has led India to remind China about the consensus between their foreign ministers on February 25 for quickly resolving the remaining issues along the LAC in eastern Ladakh.

The MEA's comments on the LAC closely follow India's critical but guarded observations on a WHO-convened global study about the origin of Covid-19 over which western countries want to corner China.

China replied to India's comments on the WHO study today with a reasoned repudiation of points raised by India. South Block is also evaluating Chinese investment proposals worth $2 billion that have been on hold since April last year.

"As the External Affairs Minister had pointed out to [the] Chinese Foreign Minister, a prolongation of the situation is in neither side's interest," said MEA spokesperson Arindam Bagchi at the weekly media briefing.

The February 25 talks between the foreign ministers, which took place five days after the Pangong Tso disengagement, had touched upon the setting up of a hotline. There has, however, been no response as yet even to Indian overtures for a meeting of the WMCC to take forward the agreement reflected in the statements after the Jaishankar-Wang talks.

Bagchi reiterated Jaishankar's formulation of further progress in ties being linked to disengagement in the remaining areas at the earliest. "The disengagement in the Pangong lake area was a significant step forward and it has provided a good basis for resolution of other remaining issues along the LAC," underlined the MEA spokesperson.

HP districts clash over water source

RAVINDER SOOD

PALAMPUR, APRIL 2

Tension prevailed at Ghatta, 25 km from here, as two groups of villagers from Mandi and Kangra districts clashed over the lifting of water from Bhatwali 'khud', a local source.

A large number of women from Ghankhetar area of Baijnath in Kangra yesterday reached the construction site near Ghatta and allegedly damaged the pipeline being laid by the Irrigation and Public Health (IPH) Department for a drinking water supply scheme for Pandol area in Mandi.

A clash ensued as the residents of adjoining Mandi district, who were beneficiaries of the scheme, too reached the spot and countered the Kangra residents.

Senior IPH and Kangra administration officials soon arrived at the site and tried to pacify the warring sides,

3 ultras behind attack on BJP leader's house killed

TRIBUNE NEWS SERVICE

NEW DELHI, APRIL 2

Three terrorists, involved in the Thursday's attack on a BJP leader's house in the Nowgam area of Srinagar, were killed in an encounter with the security forces in the Kakapora area of Pulwama district today.

Acting on specific inputs about the presence of terrorists in Dobhi Mohalla of the Kakapora area, a joint team of the security forces launched a cordon-and-search operation, police officials said.

They were fired upon while conducting searches, following which a gunfight broke out. In the exchange of fire, all three holed-up terrorists were killed. Security forces found incriminating material, including arms and ammunition, from the encounter site, officials said.

Later, Inspector General (IG) of Police, Kashmir zone, Vijay Kumar, is reported to have said the slain militants were involved in Thursday's attack on BJP leader Anwar Ahmad's residence in Nowgam in which policeman Rameez Raja was killed.

"Terrorists involved in yesterday's attack on BJP leader, in which one policeman was martyred, have been killed," the IG said. Two civilians, including a girl, were injured near the encounter site.

In Karnal, 54% govt schools without heads

PARVEEN ARORA
TRIBUNE NEWS SERVICE

KARNAL, APRIL 2

Amid claims of the state government about providing excellent education in its schools, nearly 54 per cent of the schools in Karnal district are functioning without principals or headmasters. As many as 95 higher and senior secondary schools in the district are without heads.

Of the 176 posts of principals or headmasters sanctioned in the district, only 81 are filled. In the absence of heads, senior-most teachers have been given additional charge. In addition to holding classes, they have to look after administrative work and education-related policies of the government, hampering the study of students, said sources. The in-charge has to visit district headquarters too for administrative work.

In Karnal, the maximum vacancies are in Assandh block, where 27 of the 30 sanctioned posts are yet to be filled.

Teachers' associations want the government to promote senior teachers to meet the shortfall. Ajit Chandeliya, press secretary of the Haryana School Lecturers Association, said the government must appoint regular heads as studies suffer when teachers are given additional charge.

Deepak Goswami, convener, Rajkiya Prathmik Shikshak Sangh, Haryana, said only regular principals and headmasters could lead the team efficiently as they were not burdened with teaching duties. District Education Officer Rajpal said in the absence of regular heads, teachers were given the charge to look after the school. "The department fills posts as per availability."

48% POSTS VACANT ACROSS STATE

924 OF THE 2,207 POSTS OF PRINCIPAL UNFILLED

676 OF THE 1,137 POSTS OF HEADMASTER UNFILLED

MHA alerts state on bonded labourers in border districts

Writes to Chief Secy after BSF rescues 58 persons in 2 years

TRIBUNE NEWS SERVICE

NEW DELHI, APRIL 2

The Centre has alerted the Punjab Government and asked for "appropriate action" to deal with "illegal" and "inhuman" practice of engaging "mentally challenged" people from Bihar and Uttar Pradesh as bonded labourers by farmers in the border districts of the state, as it noted the BSF had informed the Union Ministry of Home Affairs (MHA) about rescuing 58 such workers.

Terming this as a "serious problem", the MHA in a communication to the Chief Secretary of Punjab, said the Border Security Force (BSF) had found these 58 people were brought to the state with the promise of good salary, but were exploited, given drugs and forced to work in inhuman conditions.

In the letter, a copy of which is with *The Tribune*, the MHA said, according to the inputs provided by the BSF, these labourers had been rescued in the past two years from the border areas of Gurdaspur, Amritsar, Ferozepur and Abohar.

"During the course of questioning, it emerged most of them were either mentally challenged or in a feeble state of mind and have been working as bonded labourers with farmers in border villages of Punjab. Those rescued belong to poor family background and hail from remote areas of Bihar and UP," the letter read.

The BSF further informed "human-trafficking syndicates hire such labourers from their native places to work in Punjab on the promise of a good salary, but after reaching the state they are exploited and meted out inhuman treatment", the MHA noted.

To make them work in the fields for long hours, these labourers were often given drugs, which adversely affected their physical and mental condition, it said. The MHA asked the state to take "appropriate action" against the menacing trend and inform it on a priority basis about the action taken in the matter.

GIVEN DRUGS, PAID POORLY

- The MHA letter says human-trafficking syndicates hired labourers from native places on promise of a good salary, but were given drugs, paid poorly
- As many as 58 labourers were rescued by the BSF in past two years from border areas of Gurdaspur, Amritsar, Ferozepur and Abohar. Most were either mentally challenged or in a feeble state of mind and hailed from remote areas of Bihar and UP
- The MHA has asked the state government to take "appropriate action" and inform it on a priority basis

ATTEMPT TO DEFAME FARMERS, SAYS SAD

Chandigarh: The SAD has termed it an attempt to defame state farmers. Former MP Prem Singh Chandumajra said such letters would send a wrong signal and create an atmosphere of confrontation. He said there were no FIRs of anyone being forced to work as a bonded labourer in any of the areas mentioned. "In fact, farmers pay labourers in advance for their services and that is why lakhs of migrants come to Punjab every year for planting of paddy crop," he said, demanding withdrawal of the report. TNS

e-payment blocked for yrs by arhtiyas, DBT row rages

VISHAV BHARTI
TRIBUNE NEWS SERVICE

CHANDIGARH, APRIL 2

Though most states have shifted to online procurement to plug deficiencies and ensure online payment to farmers, Punjab is one among the few which is resisting the change.

The strong lobby of arhtiyas has successfully blocked the Centre's idea of direct payment to farmers. The Centre, which is the main procuring agency for wheat and paddy of Punjab, has been consistently persuading the state government to opt for the direct payment to farmers instead paying them through arhtiyas.

Around a decade and a half ago, during the last term (2002-07) of Capt Amarinder Singh, the state had principally decided to start the direct payment to farmers. But a day before the announcement, the government backtracked. Since then many governments have come and gone, but the direct transfer could not see the light of the day.

Vijay Kalra, president, Federation of Arhtiya Association of Punjab, said: "The real target behind the move is Punjab's farmers as they are leading the agitation against the central farm laws."

However, economists have a different take on the issue. They feel the direct transfer system is not being implemented because arhtiyas are politically influential and are main funds raisers for all political parties. Prof Ranjit Singh Ghuman, an economist with CRRID, Chandigarh, says that it is not only the central government which has to unnecessarily pay a huge amount to arhtiyas, but the system also makes farmers vulnerable for plunder. "This system also gives birth to interlocking of trade. As arhtiyas often force farmers to purchase agricultural inputs from particular shops," he says.

The only way, Ghuman says, is the government should strengthen the institutional credit system. The need for services of arhtiyas was felt after the Green Revolution began and Punjab started turning into a food bowl of the country. In 1961, the commission rate for arhtiyas was just 1.5%. It was was hiked to 2% in 1990 and 2.5% in 1998.

After the era of online financial transactions, the Centre, which is the main procuring agency for wheat and paddy, has been asking Punjab to do away with the arhtiya system. Much before Union Minister Piyush Goyal gave a deadline to the state government last week, two years ago, then Union Minister for Consumer Affairs, Food and Public Distribution Late Ram Vilas Paswan had also asked it to do away with the system.

In 2018, during a meeting with Paswan, Capt Amarinder Singh had agreed to the need to put in place a system for the DBT for farmers. In a letter written on March 27, Goyal conveyed to the CM he didn't expect payment through arhtiyas in the rabi season.

> Economists feel agents politically influential, raise funds for parties

₹1,500 cr GOES AS COMMISSION

In Punjab, there are 47,000 registered arhtiyas and every year, they make around ₹1,500 crore just in commission for 'facilitating' the transfer of the Centre's money to farmers.

Hold protest outside PMO, Capt urged

MUKTSAR, APRIL 2

The Federation of Arhtiya Association of Punjab today said Chief Minister Capt Amarinder Singh should lodge a protest in front of the Prime Minister's Office (PMO) against the Centre's decision to implement the direct benefit transfer (DBT) to farmers against the payment for grain procurement.

Federation chief Vijay Kalra said: "We are holding a 'mahasammelan' on April 5 in Moga. We will announce our future course of action there. The CM has taken a strong stand against the Centre's decision on DBT. Even during his previous tenure, the CM had met then PM Atal Bihari Vajpayee over the issue and it was resolved. Now, too, I have urged him to lodge a protest in front of the PMO as there is no benefit in writing letters."

Kalra further said leaders of the Samyukt Kisan Morcha, too, would attend the 'mahasammelan' at Bagha Purana. — TNS

Will fix MSP for all crops if voted to power: BSP

ROPAR, APRIL 2

The Bahujan Samaj Party (BSP) on Friday held a mammoth rally at the native place of its founder Kanshi Ram and sounded the bugle for the upcoming Assembly elections.

Claiming that the party would form its first government in the state, BSP senior leader and incharge of Punjab and Haryana affairs Randhir Beniwal said after winning, the BSP would fix the MSP for every crop.

Lashing out at the NDA government in the Centre over the controversial agricultural laws, Beniwal said the state farmers would give a befitting reply to the BJP in the upcoming elections. He said working for the welfare of all sections of society, the BSP would end the outsource or contract system in government jobs. Further, the social security system for labourers would be strengthened to stop their exploitation at the hands of wealthy people, he added.

> Promises industrial hub on lines of China

Another senior party leader Vipul Kumar said the successive governments had failed in implementing the Mandal Commission report for the past 30 years. "This is an injustice towards the poor and backward people of Punjab." The state government had also failed in keeping a check on the illegal mining, he added.

Meanwhile, state BSP president Jasvir Singh Garhi said after forming the government, Punjab would be promoted as the industrial hub on the pattern of China.

Later talking to mediapersons, Garhi repeated his invitation to Congress leader Navjot Singh Sidhu to join them. He said the decision of alliance with any party for the elections would be taken by BSP supremo Mayawati. — TNS

Won't let Deep Sidhu join us: Charuni

BATHINDA, APRIL 2

Samyukt Kisan Morcha (SKM) senior leader and BKU Haryana (Charuni) president Gurnam Singh Charuni today said the "SKM can never join hands with Deep Sidhu because he has done a big mistake".

After paying obeisance at Takth Damdama Sahib at Talwandi Sabo, Charuni said: "There is a difference between Lakha Sidhana and Deep Sidhu. Sidhana only broke discipline, whereas Sidhu's actions not only hit the farmer agitation but could have caused communal riots... we have decided to bring back Sidhana into the SKM fold." On direct bank transfer in Haryana, Charuni said the government was taking such decisions to destroy mandis. — TNS

> Direct payment bid to destroy mandis

Meet PM Modi, get farm laws repealed: Jakhar to BJP leaders

OUR CORRESPONDENT

ABOHAR, APRIL 2

Punjab Congress president Sunil Jakhar has advised the state BJP leaders to go to Delhi and meet Prime Minister Narendra Modi instead of blaming Chief Minister Capt Amarinder Singh for the incidents happening due to the farmers' movement and pursue him to repeal the contentious agricultural laws.

Addressing the party workers who had gathered to congratulate him on the Congress winning 49 of 50 wards in the Municipal Corporation elections held last month, Jakhar said the BJP had to face a historic defeat in the civic body elections in Punjab due to its pro-corporate policies.

"For the first time since Independence in Abohar, he said, most BJP and SAD candidates lost their security deposit in the civic body elections. By winning 49 of 50 wards, the responsibility of the Congress has increased. It is the responsibility of the new councillors to ensure an all-round development without any discrimination. The supply of clean drinking water is a major problem, it needs to be resolved soon," the PPCC chief said.

Jakhar also rejected the pre-poll surveys and claimed that no party could challenge the Congress that would contest the next Assembly polls under the command of Capt Amarinder Singh.

He said preparations had been made to start the purchase of wheat from April 10, but the intention of the central government didn't seem clear as the cash credit limit was still to be released. He apprehended that during the procurement of paddy in October, the Modi government could create more obstacles for the farmers as the Assembly elections were expected in December.

Local Congress leaders thanked the PPCC president for getting more than Rs 200 crore released by the state govt for development work here.

85% POLL PROMISES FULFILLED

"The Punjab Government is doing more for women than the Congress had promised in its election manifesto... It has fulfilled more than 85% of its election promises. **Sunil Jakhar,** PPCC PRESIDENT

ED-Mining chief Dhoke visits Ropar

ROPAR, APRIL 2

Additional Director General of Police (Internal Security) RN Dhoke, who has been appointed the first director of newly established Enforcement Directorate-Mining, convened a meeting of district officials here today. The Cabinet had approved the setting up of the ED-Mining to keep tabs on illegal activities in mining.

> Tells officials to deal with illegal activities

Those who attended the meeting included SSP Akhil Chaudhary, ADC (G) Deepshikha Sharma, XEN, mining; District Mining Officer and other senior officials. Dhoke issued necessary instructions to the field officers to deal effectively with the issue of illegal mining in the district. More meetings would be held in the coming days, he said. — TNS

BJP's remark on RSS move 'irresponsible'

TRIBUNE NEWS SERVICE

AMRITSAR, APRIL 2

The SGPC has condemned BJP leader RP Singh for hitting out at the resolution against the Rashtriya Swayamsevak Sangh (RSS) passed during its general house recently.

The resolution was passed against the RSS, the ideological mentor of the BJP, alleging that it was attempting to establish a "Hindu Rashtra".

Following this, RP Singh stated that the SGPC was creating a divide among the people of Punjab whereas it had "failed miserably to stop Sikhs from converting to Christianity" and that as a "cover-up for their failure, they keep raising the false bogey of 'Hindu Rashtra'".

SGPC additional secretary Sukhdev Singh Bhurakohna cited the history that when Aurangzeb was making India Dar-ul-Islam (Land of Islam), the Hindu religion was in danger. Then Guru Tegh Bahadur went to Delhi and sacrificed defending Kashmiri Hindus from persecution and hostility. "Today, during the regime of the BJP and RSS, even in Uttar Pradesh, the minority religions are feeling threatened as these post-Independence rulers are following in the footsteps of Aurangzeb", he said.

Bhurakohna alleged the Sikh history, principles and doctrines of Sikhism were being secretly tampered with by the RSS and that the resolution passed by the SGPC against it was in the interest of the country and the Constitution.

"Everyone in the country has the right to practice their religion. Whenever anyone would try to disrupt the unity and integrity of the country with the doctrine of a single religious nation and create a threat to the minority religions, the SGPC, would continue to pass resolutions against such ideologies", he said.

Officials scramble as tower protesters flash suicide notes

RAVI DHALIWAL
TRIBUNE NEWS SERVICE

PATHANKOT, APRIL 2

Officials of the Irrigation Department have sent as SOS to their seniors in Chandigarh on learning the two octogenarians, protesting atop a BSNL communication tower, were carrying suicide notes naming a top functionary of the Shahpur Kandi dam.

The two — Saram Singh (82) and Kulwinder Singh (84) — have been protesting atop the 150-foot-tower for more than 80 hours. Officials went into overdrive seeking an immediate resolution on learning about the suicide note.

Daya Singh, president, Dam Oustees Sangharsh Committee (DOSC), said the two were carrying suicide notes naming a "Chief Engineer-rank officer."

The protesters claimed the Punjab Government had not given them jobs as promised when the land owned by them was acquired for dam construction in 1992. The situation remained tense for the third successive day with the police trying to figure out a middle path. SSP Gulneet Singh Khurana and SP Gurvinder Sangha were in touch with the DOSC leaders.

Deputy Commissioner Sayam Aggarwal, too, was playing the peace-maker. However, both police and civil administration and dam officials failed to arrive at a settlement.

Illegal liquor trade, mining cost state ₹6,500 cr: SAD

ATTARI, APRIL 2

SAD president Sukhbir Singh Badal alleged that the Congress dented the state exchequer to the tune of around Rs 6,500 crore by indulging in illegal liquor manufacturing and sand mining.

Addressing a rally at Attari, he said the prevailing situation was so grim that several Congress leaders had warned the excise officials from entering villages in their constituency to check sale of spurious liquor.

"The confidants of several Congress legislators were responsible for running illegal distilleries. Similarly, outsiders from Rajasthan and Jammu had teamed up with Congress legislators to form a sand mafia. All Congressmen who had indulged in scams and looted the state exchequer would be taken to task once the SAD forms the government," he said.

He also accused the CM of backstabbing farmers by promising and amending the Agriculture Produce Marketing Committees in 2017 and also being part of the process of finalising the three agricultural ordinances as part of the committee formed for the process. — TNS

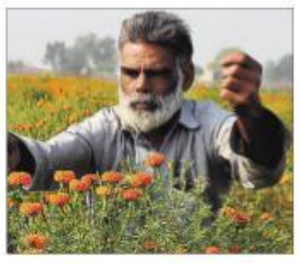
Bathinda farmer sows flower seeds, reaps profit

SUKHMEET BHASIN
TRIBUNE NEWS SERVICE

BATHINDA, APRIL 2

While the majority of farmers in Punjab are finding it tough to come out of the wheat-paddy cycle, a small farmer from a Sivian village near Bathinda has taken to marigold cultivation and scripted a success story.

Avtar Singh, 50, has taken two acres on contract and set up a marigold farm, which is supplying flowers to vendors in Bathinda and nearby areas. Even during the lockdown, he supplied flowers and met whatever little demand was there, as the supply from other parts of the country totally dried up.



Avtar Singh at Sivian village.

"Marigold flowers are in great demand in Bathinda. Normally, I fetch around Rs 45-50 per kg, but due to the wedding season these days, I am getting around Rs 70-75 a kg. During Diwali or Gurpurb, the price soars to Rs 100 per kg as the demand is high," says Avtar Singh.

He says the marigold farming is a profitable proposition as 40 quintal of flowers are produced on two acres as compared to 60 quintal of paddy and 40 quintal of wheat in the same area. Avtar Singh says he, along with his brother, does all the work and saves on the labour cost. He earns around Rs 1 lakh from the marigold cultivation.

नैनं छिन्दन्ति शस्त्राणि नैनं दहति पावकः।

No Weapons can cut this, no fire can burn this,
no water can wet this, nor wind dry it.

SANTOSH MUNJAL

December 3, 1929 – April 2, 2021

With profound grief, we inform you of the passing of an era.
We lost Mummy/Dadima on 2nd April, 2021.

She was a paragon of virtue, a binding force for the entire family and community. She was the epitome of humility, a treasure-house of wisdom and the most caring and loving person. She played the role of the matriarch with aplomb and grace. We will miss her deeply, and she will continue to live in our hearts and minds forever. Fond memories of the life of our legend will remain with us, always.

Deeply mourned by family and friends and the entire Munjal and Hero family.

Covid deaths rose four times at Rajindra Hospital in March

113 patients succumbed to virus | Toll was 23 in February

KARAM PRAKASH
TRIBUNE NEWS SERVICE

PATIALA, APRIL 2

With 113 fatalities reported in March, the Government Rajindra Hospital has recorded a four-fold increase in Covid deaths as compared to February, when 23 patients succumbed to the deadly virus here.

Of the 113 deaths in March, around 55 per cent i.e. 62 patients were aged above 60 years. The hospital authorities said 67 Covid deaths were referral cases from other districts. Notably, the Rajindra Hospital caters to around seven districts of the state.

Over the last couple of days, average Covid fatalities at the hospital are increasing by the day as it has already been recording eight deaths per day. The average deaths in March were four.

Meanwhile, the hospital authorities claimed that patients were reaching there at a very late stage that reduced their chances of survival. In wake of mounting deaths, health experts said it was merely a misconception that the second wave was not as deadly as the first one. The average daily positive cases have already breached the first wave count while the death tally would also follow the same trend in coming days, they added.

Dr RPS Sibia, head of the medicine department, Government Rajindra Hospital, said, "This time, the number of serious patients is quite high. At present, 62 patients are in the ICU." He said people were still not visiting hospitals for testing. "I urged the public to rush to the health centres as soon as the first symptom appears," Dr Sibia added.

Meanwhile, Dr DS Bhullar, nodal officer, dead body management committee, Rajindra Hospital, said, "The way people are showing laxity towards the Covid norms, more deaths are expected in coming days."

The isolation ward of Government Rajindra Hospital, Patiala; (L) a police official gets the jab on Friday. PHOTOS: RAJESH SACHAR

57 MORE DIE, 2,903 FRESH CASES

- The state reported 57 more fatalities due to Covid, which pushed the toll to 6,983, while 2,903 new cases took the tally to 2,45,768
- The fresh cases included 439 in Jalandhar, 419 in Mohali, 369 in Ludhiana, 337 in Amritsar and 316 in Patiala
- Among districts that recorded fresh fatalities, nine each were reported in Hoshiarpur, Jalandhar and six in Amritsar PTI

At Golden Temple, adhering to norms mandatory now

AMRITSAR, APRIL 2

In the wake of a rise in the number of Covid-19 cases, it has now been made mandatory for pilgrims visiting Golden Temple to follow the Health department guidelines, including wearing of masks, keeping social distancing and sanitisation of hands.

A decision to this effect was taken during a meeting between the Shiromani Gurdwara Parbandhak Committee (SGPC) and district administration officials today. The meeting was attended by SGPC president Jagir Kaur and Deputy Commissioner Gurpreet Singh Khaira, Commissioner of Police Sukhchain Singh Gill, SDM Vikas Hira and municipal corporation officials.

The SGPC chief said devotees must follow the instructions issued by the Health department. "Devotees should wear masks, use sanitisers, take care of hygiene and keep a distance to prevent the spread of the disease," she said.

She asked the officials to ensure cleanliness of roads leading to the shrine and its surroundings. As per the information received, the health officials will start a vaccination campaign at Golden Temple here. Meanwhile, the administration officials were honoured by the SGPC president with 'siropao' and a model of the shrine. — TNS

Revenue collection up ₹10K crore

CHANDIGARH, APRIL 2

The revenue collection in Punjab has gone up by Rs 10,382.08 crore during the 2020-2021 fiscal, in comparison to the corresponding period of the previous financial year, due to efficacious fiscal consolidation measures undertaken by the state government.

An official of the Chief Minister's Office said during 2020-21, the total revenue collection was Rs 42,918.34 crore against Rs 32,536.26 crore collected during the 2019-20 fiscal, reflecting a hike of 31.91%.

State sees 31.91% rise against 2019-20 financial year

The collection from VAT and CST amounted to Rs 6,113.54 crore during 2020-21, while the previous year's figures stood at Rs 5,408.12 crore, showing an increase of Rs 705.42 crore (13.04%).

Similarly during the last fiscal, the excise collection rose by Rs 1,068.35 crore to Rs 6,091.21 crore, an increase of 21.27%, against Rs 5,022.86 crore collected during the corresponding period of 2019-20 fiscal.

The GST collection and compensation cess stood at Rs 30,713.59 crore in the last fiscal, against Rs 22,105.28 crore in 2019-20, showing a surge of Rs 8,608.31 crore (38.94 %). — TNS

22 teachers shifted against 2 vacancies

Union threatens stir if issue not resolved

SAMEER SINGH
TRIBUNE NEWS SERVICE

BATHINDA, APRIL 2

Raising a question mark over the "transparent transfer policy" of the state Education Department, as many as 22 teachers have recently been transferred to a government school in Bathinda against two vacant posts.

There are 30 sanctioned posts of teacher at Government Adarsh Primary School, Canal Colony, of which 28 are filled.

In a letter issued by the department, the principal has been instructed to make the 22 teachers join the school, leaving the authorities baffled. This comes at a time when the teacher-student ratio in government schools across the state is quite poor.

Resham Singh Khemuana, president, Democratic Teachers' Front, said: "On the one hand, the Education Minister and senior department officials make claims of a transparent online transfer policy, while on the other, shifting of 22 teachers to a single school when 28 are already serving there raises a serious question mark over its functioning."

Bhupinder Singh Maisarkhana, union's block president, said: "The transfer orders do not make logical sense. It reflects how teachers use political influence to get choice postings. There are schools where single or two teachers take all classes. While in this school, the department is sending 22 teachers against two vacancies."

"The department must resolve the matter on a priority basis, else we will launch an agitation," he said. A schoolteacher said: "We fear with surplus posting, the serving teachers may be made sacrificial lambs."

DEO (Elementary) Shiv Pal Goyal said: "We have been discussing this matter with senior officials of the department and a decision would be taken after due consultation."

POLITICAL INFLUENCE

"The transfer orders do not make sense. It reflects how teachers use political influence to get choice postings
Bhupinder Singh Maisarkhana, DEMOCRATIC TECAHERS' FRONT

WILL TAKE A CALL SOON

"We have been discussing this matter with senior officials of the department and a decision will be taken after due consultation

$300 mn loan for potable water in Amritsar, Ldh

CHANDIGARH, APRIL 2

The World Bank and Asian Infrastructure Investment Bank (AIIB) have approved $300 million loan for canal-based drinking water schemes under Punjab Municipal Services Improvement Project.

The move aims at ensuring quality drinking water 24x7 and minimise water losses for Amritsar and Ludhiana. The two cities are currently being supplied water from tubewells. Two other canal-based water supply projects are already under execution in Jalandhar and Patiala.

World Bank, Asian Infra Investment Bank approve funds

As per the Central Ground Water Board (CGWB) report, the groundwater has been over exploited and the quality of water has deteriorated, causing health hazards. Therefore, it has been proposed to change water supply from ground to canal water to ensure uninterrupted potable drinking water supply in urban areas.

The project would be co-financed by IBRD (World Bank) loan of $105 million and an AIIB loan of $105 million along with $90 million government funds. For Amritsar, the source of surface water supply would be Upper Bari Doab Canal and for Ludhiana Sirhind Canal. Treatment plant in Amritsar would be of 440 MLD and in Ludhiana 580 MLD. — TNS

Explain action in drugs case: HC to DGP

SAURABH MALIK
TRIBUNE NEWS SERVICE

CHANDIGARH, APRIL 2

The Punjab and Haryana High Court has sought explanation from the Punjab Director-General of Police in a drugs case where an accused was allegedly let off by the police only to be arrested later with contraband.

The DGP has also been asked to explain, among other things, the return of "electronic evidence" obtained in the matter by the Central Forensic Science Laboratory at Chandigarh after expressing inability to examine it due to shortage of staff and heavy pendency of other cases.

The directions by Justice Lalit Batra came on a petition by Rajpreet Singh through counsel CM Munjal for CBI probe into an FIR registered under the provisions of the Narcotic Drugs and Psychotropic Substance Act on December 3, 2020, at City-1 police station in Mansa.

Appearing before Justice Batra's Bench, Munjal contended the CCTV footage revealed that the petitioner was apprehended between 1:30 pm and 2 pm on December 3, 2020. The alleged recovery of contraband shown to have been carried out at his instance around 7:30 pm the same day was, as such, "absolutely planted".

Accused allegedly let off only to be arrested later with contraband

Justice Batra issued notice of motion to the state and other official respondents, which was accepted by Additional Advocate-General Mehardeep Singh. Justice Batra also observed that the court on December 23, 2020, had ordered the DGP to look into and decide a representation moved by the petitioner's wife, following which the Bathinda IGP submitted a report after constituting a committee.

Justice Batra also reproduced in his order the report, which talked about the return of the electronic evidence and also stated that petitioner Rajpreet Singh and another person were stopped on suspicion on December 3, 2020. SHO Bikramjit Singh, along with a police party, reached the spot. The petitioner and the other person were made to sit in a government vehicle. When they were proceeding towards the police station, they met two persons. Bikramjit Singh allowed both the accused to go without following the due procedure on their assurance given to the police.

Subsequently, accused-petitioner was again apprehended by the police under Bikramjit Singh and "Tramadol Hydrochloride" was recovered. "The respondent-state is directed to file a status report by way of an affidavit of respondent-DGP, explaining each and every aspect of the matter in question…," Justice Batra directed, while fixing the case for April last week.

Jawan gets war injury pension as AFT steps in

CHANDIGARH, APRIL 2

An Army jawan who had suffered grenade splinter injuries has been granted war injury pension on the intervention of the Armed Forces Tribunal (AFT) after it emerged he had been denied disability benefits as his medical category was wrongly upgraded by a doctor.

Following the Tribunal's orders, he was recently brought before a medical board and after reassessment his disability was assessed at 50 per cent. He has been granted war injury pension for life with effect from September 22, 2018. However, he is contending that his pension should be applicable from the date of his discharge from service.

While disposing of the case earlier, the Tribunal had observed that the medical proceedings for re-categorisation held in 2000 were not valid as per the medical regulations because a single doctor had upgraded the petitioner to a higher category whereas the process should have been done by a medical board comprising two members. The Tribunal had directed the Army to hold a fresh medical board to assess the disability of grenade splinter wounds to chest and abdomen. — TNS

Four fire incidents in a day

Firemen douse flames at an abandoned religious complex in Abohar. In Sriganganagar, fire incidents were reported at a factory in Udyog Vihar and at Chak 3-T village, while a car parked in a complex near Kedar Chowk too caught fire on Friday. TRIBUNE PHOTO

3 arrested with arms, drugs

BATHINDA, APRIL 2

Three persons were nabbed with illegal weapons and drugs in a joint operation by the Organised Crime Control Unit (OCCU) team and police here yesterday.

Vibhor Kumar Sharma, DSP, OCCU, said: "SI Harvinder Singh, OCCU in-charge, Bathinda, in a joint operation with Canal Colony police station arrested three persons — Sukhdev Singh, Sandeep Singh, both residents of Bathinda, and Harpreet Singh of Moga — from a car in the trans-railway line area of the city and seized a .32 bore pistol, a magazine with five rounds, a .315 bore rifle with 10 live rounds and 177 gram opium." — TNS

₹7 cr for raising govt schools' standard

CHANDIGARH, APRIL 2

The Punjab School Education Department has decided to release around Rs 7 crore to government schools for taking various measures to compensate students for the loss of studies due to the closing of institutions amid Covid.

Education Minister Vijay Inder Singla said an amount of Rs 6.97 lakh was being released for raising the standard of education and enhancing the learning ability of the students of different classes. The schools had to be closed for a long duration during the last academic session due to Covid. So, the gap in learning has been identified in different subjects. To fill this gap, funds will be released under the Learning Enhancement Programme (Secondary) for supplementary materials/practical and various activities. The resilience programme for mathematics, science, Punjabi, English, Hindi and social sciences will also be initiated.

The assignments of maths, English and social sciences will be sent to students daily, while that of science will be given three days a week and Hindi and Punjabi on two days. — TNS

India to counter SFJ plaint against PM, Shah before UN rights body

MEA 'sensitises' OHCHR about banned outfit's activities

TRIBUNE NEWS SERVICE

NEW DELHI, APRIL 2

India is trying to counter a complaint against PM Narendra Modi and Home Minister Amit Shah by the banned Sikhs for Justice before the UN-OHCHR (Office of the United Nations High Commissioner for Human Rights).

India's Permanent Mission in Geneva has sensitised the office of the UNHCR about the activities of the organisation whose complaint it has accepted, MEA spokesperson Arindam Bagchi said at his maiden press meet here today.

'ORDERED KILLING OF SIKH FARMERS'

- The UN-OHCR has accepted a complaint filed by the banned Sikhs for Justice against Prime Minister Narendra Modi and Home Minister Amit Shah
- They have been accused of 'directing and ordering the killing, beating, detention, abuse and torture of the protesting Sikh farmers of Punjab' during the R-Day tractor rally to Red Fort
- The complaint was filed on March 30 on behalf of the surviving family members of Navreet Singh, who was killed on R-Day, and 88 victims who suffered injuries, detentions and charges

The UN-OHCR has accepted a complaint filed against Modi and Shah by SFJ "directing and ordering the killing, beating, detention, abuse and torture of the protesting Sikh farmers of Punjab" during the R-Day tractor rally to Red Fort.

The MEA will try to discourage the UN-OHCR from issuing an "Allegation Letter" to New Delhi, as is being lobbied by Gurpatwant Singh Pannun, "General Counsel" to SFJ.

All police firing case accused appear in F'kot court

TRIBUNE NEWS SERVICE

FARIDKOT, APRIL 2

All accused in the Kotkapura and Behbal Kalan police firing cases, including former DGP Sumedh Singh Saini, under suspension IGP Paramraj Singh Umranangal, former Akali MLA Mantar Singh Brar and former SSP Moga Charanjit Sharma, today appeared before the court of Additional District and Sessions Judge (ADSJ) here.

After the court of Judicial Magistrate First Class (JMIC), Faridkot, had committed the challans in Kotkapura and Behbal Kalan for trial before the sessions court last week, the latter had summoned all accused for today. The Additional District and Sessions Judge has adjourned the case to April 27 for further hearing.

At the time of Saini's appearance before the ADJS today, the public prosecutor sought court's permission for summons to the former DGP in the court. After this, the police served summons to Saini in Kotkapura case also. The public prosecutors for the special investigation team (SIT) of the Punjab Police in the court of JMIC on March 26 had alleged that the former DPG was intentionally evading the summons in the Kotkapura case.

On that day, the JMIC had ordered that in case Saini did not appear in the court despite the issuance of summons, the court would proceed further as per law.

After he was served the summons in the Kotkapura case today, Saini appeared before the court of JMIC, Faridkot. Saini expressed his desire to submit bail and surety bonds in the Kotkapura case. However, the court observed that while staying the arrest of the former DGP on March 22, the High Court had issued no directions regarding furnishing bail and surety bonds by the accused. Hence, the application of the defence to this aspect is not sustainable in these circumstances. The court marked his presence.

SAINI GETS CHALLAN COPIES, DOCUMENTS

The court supplied the copies of challan and the prosecution documents to former DGP Sumedh Singh Saini. The court said in case he found any deficiency in the documents, he could apprise the court so that the prosecution could be directed to rectify it.

Former DGP Sumedh Singh Saini reaches a court in Faridkot on Friday. TRIBUNE PHOTO

Mind your words: Selja to BJP leaders

AMBALA, APRIL 2
State Congress chief Kumari Selja has said BJP leaders have been facing people's anger because of, what she described as, their "wrong policies and statements".

"They should mind their words instead of blaming the Congress for everything," she told the media here today.

"BJP leaders have been provoking protesters by using wrong words. And when they face protest, they blame the Congress for it. We are against the violence but, at the same time, you should not provoke them. The Centre imposed the three farm laws on farmers without consulting them. If you don't listen to them (farmers) and try to suppress their voice, they will react," Selja added.

DON'T PROVOKE

"BJP leaders have been provoking protesters. And when they face protest, they blame the Congress for it.
Kumari Selja, STATE CONG CHIEF

Farmers get restive, refuse to follow mandi schedule system

TRIBUNE NEWS SERVICE

KARNAL, APRIL 2
Enraged over the scheduling system for bringing wheat crop in the grain markets, scores of farmers protested outside the Karnal market committee office and staged a dharna here today.

They even dumped a trolley of wheat crop outside the office after a farmer was denied entry inside the grain market with his crop as he did not had the schedule message. The protesting farmers threatened not to follow any kind of scheduling system, but to bring their crop when it matured. They said they could not wait for any schedule as the crop does not mature with the schedule. The farmers also announced to dump their produce at the Mini-Secretariat from Saturday if they were not allowed without schedule. Later, the farmer was allowed to sell his crop and a manual gate pass was issued to him.

The state government has made the registration of crop mandatory on the "Meri Fasal, Mera Byora" portal and, accordingly, a schedule for the procurement is fixed. Farmers will bring their crop as per the schedule, information of which is given through SMS.

Farmers protest outside the market committee's office in Karnal on Friday. SAYEED AHMED

Bhupinder Singh, a farmer of Bijna village, came to the market committee gate, but was not allowed to go inside as he came without schedule. "I got my crop registered on the 'Meri Fasal Mera Byora' portal and harvested my crop two days ago. I approached my arhtiya, who further met officials of the market committee, but no message was delivered to me. I could not keep my crop in the fields as the fear of fire looms in summer harvesting," he added.

Jagdeep Singh Aulakh, member, state core committee of the BKU (Charuni), said wheat crop had matured in almost all fields and the threat of firing incidents looms as around 12 acres of wheat crop were gutted in Munak village yesterday.

Veena Hooda, ADC, reached there and tried to pacify them. She assured the protesters to find a solution to the issue. She also appealed to arhtiyas associations to come forward in issuance of schedule to those farmers whose crop was either harvested or ready to harvest.

DC Nishant Kumar Yadav said the farmer was allowed to sell his crop through manual gate pass.

Will return water tanker sent by Dushyant: Hisar village

DEEPENDER DESWAL
TRIBUNE NEWS SERVICE

HISAR, APRIL 2
A day after Deputy Chief Minister Dushyant Chautala donated a water tanker to the district's Badhawar village, its residents today decided to return it in support of protesting farmers.

The decision taken at a meeting held in the village. Villagers said they wanted to send out a strong message to Dushyant.

The Deputy Chief Minister had yesterday flagged off water tankers to 45 villages donated by Hindustan Petroleum Corporation Limited (HPCL) under its corporate social responsibility (CSR) initiative. All tankers bear the names of Dushyant and HPCL.

Chander Singh, a villager resident, said: "Villagers held a meeting today and unanimously decided to return the tanker."

He added, "Youths, who had brought the tanker after having received a call from the authorities, said they regretted their decision of bringing the tanker. They said if villagers have objection, they would support them."

Farmers block traffic at the Ghazipur border after BKU leader Rakesh Tikait's convoy was allegedly attacked on Friday. PTI

WATER SHORTAGE LOOMS: SARPANCH

"Some BKU activists have decided to return the tanker, but panches and I are trying to calm them down. The tanker is still in the village. I hope that it will be used as the village may face water shortage. **Satyawan,** BADHAWAR VILLAGE SARPANCH

The village has another tanker also donated by Dushyant when he was a Lok Sabha member for water supply. That too had Dushyant's name painted on it, but villagers painted it black.

Badhawar village sarpanch Satyawan said, "Some BKU activists decided to return the tanker, but panches and I are trying to calm them down. The tanker is still in the village. I hope that it will be used as the village might face water shortage."

Follow norms or face action, Covid-hit warned

NITISH SHARMA
TRIBUNE NEWS SERVICE

AMBALA, APRIL 2
Following a surge in Covid cases in the district, the Health Department has warned the home isolated Covid patients and suspected patients, who do not isolate themselves even after giving their samples for testing, to follow guidelines or face action.

The Health Department has constituted 15 teams to conduct surprise checks at the residents of patients in the district. There are 1,229 active cases in Ambala of which 1,133 are home isolated.

As per the health official, it has been observed that suspected patients have been roaming freely while as per the norms they should get isolated and wait for the test results. Covid patients who have been given the facility of home isolation have been violating the guidelines. It has been decided to book such violators under the epidemic Disease Act, Disaster Management Act, and sections 188, 269 and 270 of the IPC.

Dr Kuldeep Singh, Civil Surgeon, Ambala, said, "Violation of Covid guidelines are being observed following which we have decided to initiate action against them under various sections of the IPC, the Disaster Management Act and the Epidemic Disease Act. There have been complaints that home isolated Covid patients are not following the guidelines. They are coming in contact with other people and sometime going out of their house too. Those who have got themselves tested have been roaming freely while as per norms if a person has got himself tested then he should get isolated and wait for the results."

1,861 FRESH CASES

- With 1,861 fresh Covid cases and 10 deaths, the overall tally in the state reached 2.94 lakh on Friday.
- As many as 1,191 patients recovered in the last 24 hours. There are 11,022 active cases in the state.
- A total of 72,552 persons got the first dose while 4,436 received the second dose on Friday.

Flyover on G'gram-F'bad stretch opens

OUR CORRESPONDENT

GURUGRAM, APRIL 2
Haryana Deputy Chief Minister Dushyant Chautala inaugurated the newly constructed four-lane flyover near Bandwadi village on the Gurugram-Faridabad road on Friday.

The Deputy Chief Minister said, "This flyover will help reduce traffic pressure and improve connectivity between the two major districts (Gurugram-Faridabad) of Haryana. Not only this, it will also prevent accidents. In future aspects, this stretch will also play a major role to reach the Jewar airport in a short span of time."

The flyover, which has been constructed at a cost of Rs 11.5 crore, is 514 metre in length and 21 metre in width.

To a query regarding the collapse of two slabs of an under-construction flyover on the Dwarka Expressway, the Deputy Chief Minister said a 10-member committee had been formed by the NHAI, which would submit its report in about 10 days. If irregularities were found, action would be taken against the person concerned, he added.

STF to be strengthened: Vij

Gives in-principle nod to modern vehicles, equipment

TRIBUNE NEWS SERVICE

CHANDIGARH, APRIL 2
Haryana Home Minister Anil Vij, while reviewing organised crime scenario here today, said that the Special Task Force (STF) of the police would be strengthened further so that criminal activities of interstate gangsters could be monitored and effectively dealt with.

The Home Minister gave in-principle approval for modern vehicles, latest technology equipment and software.

It was informed at the meeting that the Haryana Assembly had passed a stringent Haryana Control of Organised Crime (HRCOC) Bill to check organised crime. It had been sent to the Centre for the President's assent and would be implemented in the entire state as soon as it was approved.

The Home Minister said, "All crimes are linked to each other. No crime is small or big. If efforts are made to stop it at the initial level, it gives better results later."

NO CRIME IS SMALL

"All crimes are linked to each other. No crime is small or big. If efforts are made to stop it at the initial level, it gives better results later. Immediate action be taken against criminals and those disturbing law and order.
Anil Vij, STATE HOME MINISTER

Giving clear instructions to police officials, the Home Minister said immediate action be taken against criminals and those disturbing law and order, and be cordial and sensitive towards the public which wanted to live in peace.

The Home Minister said many a time, the police were not able to solve public grievances on time, which was a matter of concern.He directed officials to make a mechanism for the timely redressal of grievances and resolve them within the prescribed time limit.

The SPs of those districts that have a high number of pending criminal cases were also asked to improve their performance.

It was informed that 800 personnel retire from the Police Department every year. This year, the recruitment process for about 7,500 vacancies is to be done through the Haryana Staff Selection Commission.

The Home Minister said that the emergency response and support system-112 would be launched in the state soon. For this, 630 new Innova vehicles had been purchased, which would soon be dedicated to the people of the state.

Jhajjar traders block road over rising crime

JHAJJAR, APRIL 2
The rising incidents of crime in the district have not only caused a sense of insecurity among locals but also put the functioning of the district police in the dock.

On Friday, the body of a middle-aged man, identified as Ramdhari, was recovered from Ukhalchana Kot village, while burglars struck at a mobile shop at Palika Bazar in the city, forcing traders and shopkeepers to hold a demonstration against the police.

The protesters also blocked the old bus stand road for over an hour and demanded the police authorities to ensure their security and to intensify patrolling in main markets. They shouted slogans against the police.

"Anti-social elements have persistently been committing crime, while the police are proving unsuccessful in nabbing them. Three days ago, miscreants looted Rs 2 lakh from an online service provider at pistol point, but the looters are yet to be arrested. At that time too, we demanded security arrangements at the markets, but nothing was done," said a protester.

The protesters lifted the blockade following assurance by SP Rajesh Duggal that security arrangements would be strengthened in the markets and the criminals would be nabbed soon. — TNS

Support Thakur for growth, says Satti

PALAMPUR, APRIL 2

Satpal Satti, Chairman of the HP State Finance Commission, said that people would vote for the BJP in the Palampur Municipal Corporation (MC) elections for stability and development. People should strengthen the hands of Chief Minister Jai Ram Thakur and elect a BJP Mayor in the MC elections so that Palampur could witness a new era of development.

Satti, while addressing mediapersons here, said that the government headed by Jai Ram Thakur believed in the overall development of the state and Palampur, which remained neglected during the Congress regime, would get justice.

He said that though a Congress MLA represents Palampur at present, the Chief Minister upgraded the municipal council to a municipal corporation to honour the sentiments of the residents of Palampur, who had been fighting for the cause since 2005.

He said though the Congress had represented Palampur for three decades, it could not even get a block development office in the area. Today, the people of Palampur have to go to Bhawarna and Panchrukhi blocks for even petty works, he added.

Satti said all major development projects such as HP Agriculture University, CSIR, bus stand, VMRT Hospital, zoo and Saurabh Van Vihar were sanctioned and commissioned when Shanta Kumar was Chief Minister. — OC

BJP promises development, boost for religious tourism

MANDI MC ELECTIONS

TRIBUNE NEWS SERVICE

MANDI, APRIL 2

The BJP has promised to promote religious tourism and ensure development of the Municipal Corporation (MC) area in a planned manner in its 'Sankalp Patar' issued for the MC elections in Mandi. Chief Minister Jai Ram Thakur released the document in the town Thursday evening.

For the promotion of religious tourism, the BJP promised to preserve 81 temples of Lord Shiva in the town and construct Shivdham at Kangnidhar.

The 'Sankalp Patar' stated that the MC area and its nearby places would be developed to attract tourists. For the convenience of tourists, ropeways would constructed wherever required. Besides, the possibility of new paragliding sites and trekking routes would be explored, it stated.

The party promised to construct artificial lakes on the Suketi and Beas rivers and a tourist help centre .

The BJP promised to develop parks in every ward, construct café houses in the town and preserve and develop the forest area.

Besides, the BJP has promised in its 'Sankalp Patar' to provide better amenities like power supply, water supply, road facility, sewerage facilities etc for residents, if it wins the MC elections scheduled on April 7.

Chief Minister Jai Ram Thakur releases the 'Sankalp Patar' of the BJP for the Municipal Corporation elections in Mandi on Thursday. TRIBUNE PHOTO

Cong: Will construct roads, parking lots

TRIBUNE NEWS SERVICE

MANDI, APRIL 2

The Congress in its 'Vachanbadhta Patar' issued here today for the Mandi Municipal Corporation elections promised better facilities to local residents. It also promised parking facilities in every ward and the construction of bypasses and circular roads for better transportation.

It assured the residents of relaxation under the Town and Country Planning Act for the maintenance of old buildings.

Besides, the party stated that no taxes would be imposed on the residents of the MC area for the next five years. To promote religious tourism, historical temples of Mandi town would be beautified. For the recreation of children, youths and senior citizens, a children's park, open-air gym and a citizen walking path would be developed. The party also promised to provide self-employment opportunities to women.

Kaul Singh says BJP has failed on all fronts

Kaul Singh said, "The BJP government in the state has failed on all fronts. The Congress is all set to win the MC elections in Mandi. Chief Minister Jai Ram Thakur and Irrigation and Public Health Minister Mahender Singh Thakur have not been able to ensure equitable development of various areas of the state".

BJP rebel: Party doesn't care for its grass-roots workers

TRIBUNE NEWS SERVICE

SOLAN, APRIL 2

BJP rebel-turned-Congress leader Dyal Pyari from Pacchad Assembly segment in Sirmaur today said despite being the largest party, the BJP did not care for its grass-roots workers.

"Money power was used in the Pacchad byelection by the BJP to win the seat", she alleged while addressing mediapersons here today after her arrival from Delhi where had joined the Congress yesterday.

"My whole family had supported the BJP but today we all support the Congress. We worked hard to strengthen the BJP for the past 40 years in Pacchad when the party had little presence in our area. The Congress, on the other hand, respects all its workers," she said.

'FACED DISCRIMINATION'

"I worked for the BJP party dedicatedly for the last 15 years but was discriminated against by local leaders for being a woman and close to people. I urge other BJP leaders, who are feeling suffocated in the party, to join the Congress."

Dyal Pyari, CONGRESS LEADER

"I had worked for the Chief Minister at Seraj but felt hurt when despite being humiliated on the dais in his presence, he did little to restore my honour," said Dyal Pyari.

"I worked for the BJP dedicatedly for the last 15 years but was discriminated against for being a woman and for being close to the masses by local leaders who suited the party organisation. I urge other BJP leaders who are feeling suffocated like me in the BJP to join the Congress," she alleged.

She said the BJP's information technology cell is so strong that it has mastered the art of spreading gimmicks about false claims of development. She claimed that no funds were granted for the grass-root level institutions like zila parishad by the BJP in the 14th Finance Commission which was appalling.

She also attacked the BJP for extending the much-touted Grahini Suvidha Yojana only to the cohorts of the BJP while failing to benefit the needy poor from this scheme. She also raised issue of high fuel price and LPG, food prices and said common man was bereft of water and power in her area which was appalling.

Will make clean sweep, claims Cong president

OUR CORRESPONDENT

PALAMPUR, APRIL 2

HPCC president Kuldeep Singh Rathore said here today that the Congress would win all four Municipal Corporations (MCs) — Palampur, Solan, Mandi and Dharamsala — where elections were due on April 7.

Addressing a press conference here today, Rathore alleged that the Jai Ram Thakur government had failed on all fronts in the past three years and people of the state were disillusioned and disappointed in it because of its anti-people polices. He alleged that during the Covid pandemic, the state government had failed to provide financial assistance to the affected people. The tourism industry was hit badly as a majority of the hotels in the state remained shut down for months. Despite that, the government charged commercial bill of water and power supply from hoteliers, he said.

Kuldeep Singh Rathore

He said the Chief Minister was focusing on installing hoardings for publicity all over the state, which is nothing but the "misuse" of funds and an "anti-environment" act. He alleged that some government officers were working as BJP agents and harassing Congress candidates by way of rejecting their nominations on flimsy grounds.

He alleged that a cold war was going on between BJP leaders and the bureaucracy, resulting in the total collapse of governance.

Excise revenue rose by 3% despite Covid, says CM

TRIBUNE NEWS SERVICE

SHIMLA, APRIL 2

The total revenue of the state Excise and Taxation Department during 2020-21 has surpassed the previous financial year's collection by 3 per cent despite the Covid-19 pandemic, said Chief Minister Jai Ram Thakur on Friday.

He said, "The revenue collection in the first quarter of the financial year was down by 52 per cent, but thereafter it constantly grew by 4 per cent, 23 per cent and 34 per cent in the second, third and fourth quarters, respectively".

Thakur said that the revenue collection in March this year was Rs 1,006 crore compared to Rs 699 crore during the month last year, a jump of 44 per cent. He added that revenue receipts from VAT and state GST registered a significant growth of 182 per cent and 31 per cent, respectively, in March 2021.

Collection up by 44% in March this year

ECONOMIC REVIVAL

"The revival of economic activities, unlock strategy of the government, better compliance by taxpayers and better administration by the Excise Department are the major reasons for the revenue growth."

Jai Ram Thakur, CHIEF MINISTER

He said the major increase in VAT collection was primarily due to the success of the Legacy Cases Resolution Scheme. "Under the scheme, the department has recovered Rs 362 crore by disposing of cases pertaining to subsumed taxes. Around Rs 182 crore of it was collected in March this year," he added.

The Chief Minister said that the major reasons for the revenue growth were the revival of economic activities, government's unlock strategy, better compliance by taxpayers and better administration by the department. He added that a new initiative of the department to monitor field units through performance cards had created a healthy competitive environment, resulting in greater motivation of officers to beat the assigned targets.

Thakur said that the department had identified major focus areas to augment revenue collection from recoveries under the Legacy Cases Resolution Scheme, physical verification of e-way bills, compliance with GSTR3B return filings, recovery of interest for late filing of returns, recovery of ineligible ITC, recovery of tax deficits/ mismatches and the identification of cases pertaining to tax evasion and erroneous refunds.

State-of-the-art jail to open at Nalagarh

BHANU P LOHUMI
TRIBUNE NEWS SERVICE

SHIMLA, APRIL 2

The first state-of-the-art jail in Himachal on about 10 bighas at Nalagarh in Solan district is nearing completion and expected to be inaugurated by April 15.

The construction of one barrack each for men and women has been completed, besides a multi-purpose hall, a kitchen, a dispensary and a canteen, while 80 per cent work on the third barrack is done. As many as 120 inmates will be housed in the jail. The spacious green premises will also have an open auditorium, besides an Ahimsa Vatika and open gym. The prison will have better lighting and toilet facilities. Solar panels of 20 KV are being installed. A bakery unit will also come up for which the training of inmates is underway.

It is another step towards prison reforms. An industrial kitchen with semi-automatic cooking system has been set up in the jail as the Police Department has already received request to provide meals to workers in the Nalagarh, Baddi and Barotiwala industrial belt, said DGP, Prisons and Correctional Services, Somesh Goyal, adding that the vision was to supply meals to 500 workers.

Horticulture and floriculture will be developed by the captains of the industry, who have also agreed to provide water coolers, television sets and other equipment for the prison. The carpentry unit has been shifted to the jail so that customised furniture could be manufactured, he said. Earlier, the land for the jail was provided 10 km away from the police lines, but he requested the Deputy Commissioner, Solan, to identify land near the lines in view of the security of the prison, Goyal added. The department, which had started the "har hath ko kam" initiative to rehabilitate the prisoners and set up prison industries, was keen to open jail in Nalagarh as it is an industrial hub.

120 INMATES TO BE HOUSED IN IT

- The jail will have a multi-purpose hall, a kitchen, a dispensary and a canteen
- 120 inmates will be housed in the prison which will have better lighting and toilet facilities
- The spacious green premises will also have an open auditorium, an 'Ahimsa Vatika' and open gym
- Solar panels of 20 KV are being installed
- A bakery unit will come up for which the inmates are being trained

Soon, open air gyms in all wards of Shimla

TRIBUNE NEWS SERVICE

SHIMLA, APRIL 2

Shimla Municipal Corporation plans to start open air gyms shortly in all of its 34 wards. Shimla Smart City Limited has approved Rs 2.09 crore for the project.

"We have floated the tenders for the work, and we hope all wards will have the facility soon," said MC Commissioner Ashish Kohli. "In fact, we have already inaugurated one such gym near Ganj Market. It has been constructed by the MC at a cost of Rs 10 lakh," said Kohli.

Mayor Satya Kaundal said all the councilors have been asked to find a suitable place in their wards for these gyms. "This will give everyone an opportunity to work out. Also, it will help keep the youth away from drugs and channelize their energy in the right direction," she said.

₹2.09 crore approved for the project

"Our focus is to develop open spaces in the entire city. We are developing a park worth Rs 34 crore on the covered Sanjauli-IGMC path. This too will have a small gym," she said.

In some wards, however, opening the gyms will not be possible because of the scarcity of land. "There's no space in my ward to have this facility. The land in my ward belongs to government agencies like PWD, forest, etc. They don't give us land even for building basic facilities ambulance roads, so there's no questions of them sparing some land for a gym," said Kimi Sood, a councillor from Nabha.

Ex-minister Mohan Lal dies

OUR CORRESPONDENT

CHAMBA, APRIL 2

Former Minister of State for Ayurveda Mohan Lal died today. He will be cremated tomorrow at his native village Sarol near Chamba town.

Mohan Lal had been unwell for some time. Recently, he was admitted to a private hospital in Jalandhar after his health deteriorated, where he died today.

Mohan Lal, born on May 30, 1945, represented the Churah Assembly constituency (formerly Rajnagar) several times. He was the Minister of State for Ayurveda in Prem Kumar Dhumal's government.

He is survived by two sons and two daughters. His wife had died a few years earlier.

Meanwhile, Governor Bandaru Dattatreya and Chief Minister Jai Ram Thakur have expressed grief over the demise of the former minister.

Mohan Lal

The Chief Minister said Mohan Lal was an honest and dedicated leader, who was always committed towards welfare of the poor and downtrodden. He said his contributions towards development of the state in general and Chamba district in particular would be remembered for years to come.

Thakur prayed for peace to the departed soul and strength to the bereaved family members.

Shimla: Meanwhile, Governor Bandaru Dattatreya and Chief Minister Jai Ram Thakur have expressed grief over the demise of Mohan Lal.

Dattatreya said Mohan Lal will always be remembered for his valuable service and contribution to the state. He expressed his deepest condolences with the bereaved family members for this irreparable loss.

The Chief Minister said Mohan Lal was an honest and dedicated leader, who was always committed towards the welfare of the poor and downtrodden. He said his contributions towards development of the state in general and for Chamba district in particular would be remembered for years to come.

Thakur prayed for peace to the departed soul and strength to the bereaved family members.

408 Covid cases, 4 deaths in state

SHIMLA, APRIL 2

The number of Covid cases in the state continued to rise with 408 fresh cases coming to the fore today. Besides, four deaths were reported in the past 24 hours.

The number of active cases today touched 3,338, with the total positive cases till now being 64,420. The total number of deaths due to Covid till date has risen to 1,043 with two persons succumbing to the virus in Hamirpur and one each in Kangra and Shimla in the last 24 hours. The fatality figure continues to rise with almost four or five deaths being reported daily.

The highest number of 77 cases was reported in Una, followed by 73 in Hamirpur, 61 in Shimla, 54 in Solan, 53 in Kangra, 41 in Bilaspur, 24 in Sirmaur, 12 in Chamba, nine in Mandi, three in Kullu and one in Kinnaur. — TNS

Task forces to combat forest fires in Kangra

OUR CORRESPONDENT

NURPUR, APRIL 2

The Forest Department has advanced the forest fire season to April 1 from April 15 (ending June 15) keeping in view the prolonged dry spell. To combat fire incidents in lower Kangra, the season can be extended till the monsoons.

According to information, 53,177 hectares of woods are scattered in 82 forest beats in Nurpur division comprising Nurpur, Jawali, Fatehpur and Indora subdivisions. Around 41,000 hectares of forest having chir trees in plenty is considered fire sensitive. Forest fire task forces led by range officers have been deployed in all five ranges. Besides, five mobile micro fire engines have also been deployed in the five forest ranges.

Burning of bushes, negligent smokers to blame

Forest fires mostly occur due to the burning of bushes and weeds by people for better green fodder. The negligence on the part of passersby, who smoke in the forest area, also leads to fire mishaps.

The Nurpur forest division authorities have chalked out a strategy to combat forest fires during the summer. The required maintenance of the existing 73-km fire lines has been undertaken.

According to Vikalp Yadav, DFO, Nurpur, the department has decided not to grant leave to its staff during the fire season. The field staff will remain on call duty round the clock. He says that five control rooms, one each in the range offices at Nurpur, Jawali, Kotla, Fatehpur and Indora, have been set up to ensure coordination during firefighting.

Yadav has said those found lighting or damaging forest wealth would face FIRs and a heavy penalty.

Tourist's body found in Parbati after 41 days

KULLU, APRIL 2

The body of a tourist from Delhi, who was washed away in the Parbati river near the Galu bridge in the Manikaran valley on February 14, was found near Jari village on March 26.

Kullu SP Gaurav Singh said the deceased was today identified as Rohit (20) by his father Mahinder Jainesar.

He said his son had gone for sightseeing near the river along with his friends and family mdmbers but lost his balance and fell into the river and was washed away.

The SP said an unidentified body was found on March 26. After the postmortem report, the details of missing persons was checked and the victim's father was called who identified the body. — OC

Police mull revamping security cover for 'vulnerable' leaders

SRINAGAR, APRIL 2

The Jammu and Kashmir Police is mulling revamping the security cover of leaders "vulnerable" to militant attacks along with fresh training to those guarding them in view recent terror incidents, a top official said on Friday.

The remarks came a day after four militants attacked BJP leader Anwar Ahmad's residence in Nowgam here and a policeman, Rameez Raja, was killed.

Addressing a press conference at the police control room here, Inspector General of Police (IGP), Kashmir, Vijay Kumar said leaders from all political parties face threats in the Kashmir Valley, but some of them like those from the BJP are more vulnerable.

"The BJP leaders face more threat, and that is why I along with a DIG and the SSP took a review of the security cover of BJP and Apni Party leaders across the city yesterday. We checked where the deficiencies were, where is the need for improvement or increasing manpower or making bunkers stronger,"he said.

Cops outside BJP leader Anwar Ahmad Khan's house. FILE

"We are on it and we are also increasing the morale of police personnel deployed for security duties. We will accordingly take concrete measures to ensure fool-proof security cover to those facing threats from militants. I assure you if there is another attack, it will be foiled and our jawans will neutralise the militants," Kumar said.

The IGP said that new standard operating procedures (SOPs) will be put in place to strengthen the security cover to "vulnerable" politicians.

"Our men deployed on duty for protected persons will get fresh training sessions, and new SOPs and advisories will be put in place. Local personal security officers of protected persons will be changed as they leave for their homes early if they belong to the same area where the protected person is living," he said.

It is a challenge to provide security, but the Jammu and Kashmir Police (JKP) is taking all measures to strengthen the security system, Kumar said.

"Many changes will take place, there will be revamping in the PSO (personal security officer) system. Protected persons or the JKP jawan are vulnerable as they are soft targets. This is a challenge, but we are taking measures," he said.

"We will get more manpower during the (Amarnath) yatra and complete security deployment," he also said. The 56-day yatra to the Himalayan cave shrine is scheduled to start from the twin routes of Pahalgam and Baltal on June 28 and culminate on August 22. Registration for the pilgrimage began on on April 1.

Two of the four militants who attacked Ahmad's residence on Thursday were killed in an encounter with security forces in Pulwama district on Friday. — PTI

Screen travellers entering UT at Lakhanpur, officials told

JAMMU, APRIL 2

Authorities in Kathua district of Jammu and Kashmir on Friday assigned duties to different departments to ensure proper evacuee management of travellers entering the UT through Lakhanpur bordering Punjab.

The move followed a surge in Covid-19 positive cases in the neighbouring states as well as in the Union Territory, which recorded five fresh fatalities and 517 new infections on Friday.

The order issued by District Magistrate and Chairman of District Disaster Management Authority, Kathua, Rahul Yadav citing the increase in the coronavirus cases and expected increase in the number of travellers due to the upcoming Navratra festival and Amarnath yatra.

The chief medical officer of Kathua was directed to ensure 100 per cent sampling for Covid-19 of the travellers and sufficient staff for ensuring hassle free management at sampling counters at Lakhanpur – the gateway to J&K. Yadav asked the Senior Superintendent of Police of Kathua to ensure all necessary security arrangements for upholding the SOPs to be followed by travellers especially to check and verify the vehicle numbers, persons sitting in the vehicle and the time of entry in the UT from their entry passes.

The order said executive engineer of the Public Works Department (Roads and Buildings) has been assigned the duty to ensure proper sitting arrangements for the officials deployed for evacuee management, sampling and other related counters. — PTI

517 NEW CASES, FIVE DEATHS

Srinagar: Jammu and Kashmir on Friday recorded 517 new Covid-19 cases, taking the tally to 1,31,938, while five fresh fatalities took the death toll to 2,003, officials said. Out of the fresh cases, 96 were from the Jammu division and 421 from the Kashmir division of the UT, they said. PTI

Another spell of rain, snow likely next week

SRINAGAR, APRIL 2

Weather remained dry and pleasant in J&K on Friday as the Meteorological (MeT) Department forecast another spell of rain and snow next week.

"Weather is expected to remain dry till late afternoon/evening of April 4 with chances of light rain/snow over isolated places of Kashmir division on April 2. A fresh western disturbance may most likely affect J&K and adjoining areas from April 4 night with its peak intensity during April 6 evening to April 7 morning and gradual decrease thereafter," officials of the MeT department said.

Srinagar recorded 4.8, Pahalgam 0.7 and Gulmarg minus 2.6 degrees Celsius as the minimum temperature on Friday.

Leh town of Ladakh had minus 0.4, Kargil minus 4.0 and Drass minus 7.0 as the night's lowest temperature.

Jammu had 12.8, Katra 13.6, Batote 8.1, Banihal 6.2 and Bhaderwah 5.9 as the minimum temperature. — IANS

J&K posts 2.94% growth in GST collection in FY21

JAMMU, APRIL 2

The gross GST revenue collections, including settlement for the financial year 2020-21 in Jammu and Kashmir, stood at Rs 4,890.35 crore as against Rs 4,750.60 crore in the previous year, registering a growth of 2.94 per cent, officials said on Friday.

The growth in the Goods and Services Tax (GST) revenue collections was posted despite constraints witnessed during the initial months of the fiscal due to the Covid-19 lockdown, indicating the revival of business and economic activities in the Union Territory, the officials added. As per the official figures, the revenue collection for the months of April, May and June stood at Rs 68.36 crore, Rs 163.71 crore and Rs 278.84 crore, respectively, as against Rs 521.69 crore (April), Rs 393.55 crore (May), and Rs 420.23 crore (June) in 2019.

Despite the pandemic, the GST revenue showed growth during the second half of the financial year, the officials said. The reasons for the buoyancy include several measures taken by the government along with the economic relief package announced in September 2020 for boosting the ailing sectors that had suffered due to Covid. — PTI

2nd wave more...

The 11 states of serious concern are Maharashtra, Punjab, Karnataka, Kerala, Chhattisgarh, Chandigarh, Gujarat, Madhya Pradesh, Tamil Nadu, Delhi and Haryana.

Maharashtra, Punjab and Chandigarh were termed as states of particular worry as national Covid load reached 1,23,03,131 and daily deaths soared to 469 today—the highest since December 6.

The Cabinet Secretary said the 11 states had contributed 90 per cent Covid cases and 90.5 per cent deaths, as on March 31, in the past 14 days.

"These states have either crossed or are about to cross their earlier reported peaks," he said. The Cabinet Secretary advised states to set up containment zones (district-level lockdowns) to break the chain of transmission; raise testing to ensure positivity falls below 5 per cent; ensure RT-PCR tests are 70 per cent of all tests; reduce waiting time of test results; subject rapid antigen negative cases to RT-PCR tests; ensure prompt institutional isolation of those infected; those in home isolation be monitored daily; besides tracing 30 close contacts of every Covid patient.

HP districts clash...

but to no avail. The police help was later sought to avoid any untoward incident and for the laying of pipes.

Amit Kapoor, a municipal councillor who reportedly led the agitated women to the site, claimed the proposed scheme would result in over-exploitation of their local irrigation channels, thus adversely affecting their agricultural prospects. "The 'khud' is our lifeline. The lifting of water will render it dry," said Kapoor.

A senior IPH official said Bhatwali 'khud' had enough water and refuted the claims of the Ghankhetar women that villages downstream would face a water crisis.

The Mandi administration too sought the assistance of the Kangra Deputy Commissioner for laying of the pipeline amicably.

Papers of ambulance carrying...

moved an application seeking examination by a medical board for "acute ailments and medical distress". It was rejected by the Mohali court.

Barabanki SP Yamuna Prasad said the ambulance was registered in the name of a hospital and a voter I-card and PAN card were procured for the fake documentation. A case has been registered against hospital caretaker Dr Alka Rai, who called it a conspiracy to malign her and that she did not have a hospital at the given address. She said she was preparing to lodge a complaint against Ansari.

The Punjab Police had earlier too courted controversy over Ansari. As his custody was denied to the UP Police multiple times, last month the Opposition had raised the issue in the Assembly, accusing the state government of shielding him by keeping him in a Punjab jail. The Ropar police had also named Ansari in a six-year-old case of murder of a labourer citing allegations levelled by the sister of the deceased. She, however, denied having recorded such a statement.

Row over EVM in BJP nominee's...

said the EC needed to start acting decisively on reports of private vehicles transporting EVMs and a "serious re-evaluation of the use of EVMs needed to be carried out by all national parties".

After Congress leader Rahul Gandhi took jibes at the EC saying "EC's car has broken down, BJP's intentions are suspect and the state of democracy has worsened", party media head Randeep Surjewala alleged EVM fraud. "EVM fraud is for everyone to see. EVMs were found in the car of BJP MLA candidate Krishnedru Paul after the second phase of polling in Assam. If the ECI doesn't wake up even now and remains mute or complicit, it is fatal for democracy," said Surjewala.

Union Minister Jitendra Singh, however, accused the Congress of questioning the EVMs only when faced with "imminent defeat." "Why don't they question EVMs in states where they win?" he asked.

Flip-flop on rate cut

Govt must not squeeze the middle class and the elderly

SMALL savings schemes are a lifeline for the middle class, particularly the elderly, who bank on the interest accrued over years or decades to meet their financial needs. Though the interest rates are quite low, the much-harried common man feels reassured that he has something to fall back on. The uncertainty and chaos triggered by the Covid-19 pandemic have made people even more dependent on such 'safe' options. Going against the grain, the government produced a shocker on the last day of the 2020-21 fiscal when it announced a steep cut in interest rates on small savings schemes, including the Public Provident Fund (PPF) and the National Savings Certificate (NSC). The new rate on PPF was reported to be the lowest since 1974. This people-unfriendly decision, nothing less than a recipe for disaster in the election season, promptly drew flak from all quarters. Less than a day later, the government withdrew the order, with Finance Minister Nirmala Sitharaman dismissing it as a mere 'oversight'.

The Centre's lightning-quick response to the backlash left no room for doubt that the ruling party didn't want to antagonise voters of the poll-bound states. However, the government owes an explanation as to why it took the mindless, inconsiderate step in the first place. It is a matter of common sense that the interest rates should have been left unchanged, considering that the country is in the throes of the second wave of the pandemic and needless disruptions are best avoided.

In the past year, the Centre has unveiled a series of relief packages to bring the lockdown-battered economy back on track, reaching out to the poorest of the poor on the one hand and the big businesses on the other. Such measures have helped to turn the tide after a crippling recession. But the middle class, taken for granted as always, has been left to fend for itself. The least that the government can do is to pay attention to this section of society that is contributing significantly to the economic recovery — against all odds.

HC for PU Senate poll

Beleaguered Punjabi varsity needs fiscal stimulus

CASTING aside the Panjab University Vice-Chancellor's decision to indefinitely defer the Senate elections, the Punjab and Haryana High Court has, in a welcome directive, paved the way for the restoration of democratic functioning of the university, as mandated by the Panjab University Act, 1947. Rapping the VC for usurping the powers of the apex governing body through his action, the HC order seeks an immediate end to the current 'autocratic…one-man show'. Significantly, the verdict also lays to rest the apprehension that governance reforms are being pushed without deliberations by a duly elected Senate. The National Education Policy-2020 has proposed that the Senate be replaced by a board of governors.

One of the oldest and most prestigious universities of the country that enjoys international fame, the functioning of the Chandigarh-based PU has come under a cloud as it has remained without its supreme authority — the Senate — since October 31, 2020, when the previous body's four-year term expired. The term of the Syndicate — PU's executive body comprising members elected from among the Senators — ended on December 31. The excuse of the pandemic does not hold water, given that there has been no disruption in the schedule of various Assembly polls. However, the Covid norms must be followed during the poll process. The PU Senate constituencies are spread over Punjab, Haryana, Uttarakhand, Delhi, Himachal Pradesh and Rajasthan.

Incidentally, 2020 has also seen Punjabi University, Patiala, teeter on the precipice. Facing an acute financial slump, it is swamped by a plethora of problems. While the beleaguered VC resigned in November, the staff has been deprived of regular salaries for several months and research work has been impacted. The officiating VC appointed by the Punjab Government is struggling to resolve the deadlock with the faculty. Senior functionaries have quit various posts in the past few days over pending promotions. This bleak scenario was evident on March 30 when the Syndicate meeting to discuss the budget was postponed again. Even as a fiscal stimulus by the government is essential to keep the rocky boat afloat, the university also needs to inspect why things have come to such a pass.

Signs of a plutocracy

The bulk of assets with the ultra-rich who make up top 0.3% of our population

AUNINDYO CHAKRAVARTY
SENIOR ECONOMIC ANALYST

RUPERT HOOGEWERF, better known by his Chinese name Hu Run, went to Eton College, a school for the rich and the well-heeled. It is fitting therefore that he should track the rich in China and India. His latest Hurun Wealth Report for India paints an interesting picture of the direction India's economy has taken.

We learn that India has 200 families with a net worth of a billion dollars. Another 3,000 families have assets worth Rs 1,000 crore; 13,000 families have wealth between Rs 200-1,000 crore; 23,000 households fall in the Rs 100-200 crore bracket; 2.94 lakh families have wealth between Rs 10-100 crore and another 4.12 lakh households own assets worth at a million dollars, or Rs 7-10 crore. Add all of them and you get about 8.5 lakh families with assets ranging from Rs 7 crore to over a billion dollars. That accounts for 0.3 per cent of all households in India.

The report also identifies a category called the 'new middle class'. These are families which earn at least Rs 50 lakh per year and save an average of Rs 20 lakh out of that. One could assume that most of these would be households where at least one member works in the upper management private corporate sector. Most of these would be the bigger companies, which pay relatively high salaries to their middle and senior management. A mid-to-senior level manager would end up with a pay packet of Rs 50 lakh or more, while top management salaries would run into several crores per year.

The entire class of affluent and rich families, who make up this top 0.3 per cent of Indians, derive their wealth stock from businesses, financial investments, real estate or high salaries. This is a typical picture of an economy where assets are highly concentrated and therefore there is a shortage of demand. Why should that happen? Simply because there's a limit beyond which the rich cannot consume for the entire nation. Once you have bought two cars, you might buy another two. But what after that? You might put television sets in every room, but what happens when you have run out of rooms to spare? How many refrigerators is it possible for one family to buy?

SKEWED: What we are currently seeing in India is lack of demand and low GDP growth, but a stock market boom. FILE PHOTO

> The rich continue to consume and invest in non-productive assets, while a vast majority of people adjust to reduced standards of living.

On the other side, if the rest of the population doesn't have enough income, all they can spend on is food, health and education. They will cut down on buying white goods, avoid buying homes on EMIs they can't pay, run old vehicles that they bought in boom years, and defer all non-essential purchases. The rich will then only be able to sell to each other, whether it is products produced in their factories or homes and offices they own. Unable to get returns from shrinking businesses, they will invest in stocks and shares and real estate to get rentier income. Productive investments will flow into services that cater to the affluent – faster broadband, retail, real estate, interior designing, high-end restaurants and hospitality, and most importantly, banking and financial services. Manufacturing will lag because the rich do not buy Indian brands.

In such a scenario, we will see GDP growth faltering but stock markets shooting up. If the markets give good returns, HNIs will take out some profits and diversify their portfolio by investing in a second or third home. A slight uptick in the real estate market will lead to another peculiar trend. Many people who became HNIs during the boom years of 2003-08 are now facing a drop in their income flows. They are likely to monetise high-value real estate in the heart of top metros and move to the suburbs into swanky new condominiums, which cost less. This has a paradoxical impact – the old bastions of high-value realty begin to lose value and the suburbs see a revival.

This is what we are currently seeing in India – lack of demand, low GDP growth, dropping sales, higher corporate profits through reduced costs, accompanied by a stock market boom and pockets of revival in high-end real estate. And the corollary of this is concentration of wealth and income right at the top, dropping incomes for the wider middle class, lower returns from savings instruments due to falling interest rates causing hardships to retired senior citizens.

On the face of it, it appears to be an unsustainable situation. However, in reality such plutocratic economic systems have a very long shelf life. The rich continue to consume and invest in non-productive, rent-producing assets, while a vast majority of people adjust to reduced standards of living and lower income flows. A new generation of the middle class emerges which gets used to income and wealth inequality and adjusts its aspirations. A new 'work ethic' develops where people feel that it is their moral duty to work for low pay.

You have to only think of Japan to see this. It is a society where a vast majority of people live in tiny homes, eating cheap food and working long hours. Through all of this, they have invented a modern tradition of unquestioning service to the large conglomerates that employ them. It is the flipside of the intricate system of oligopolistic control of the economy by a few large corporates — zaibatsu, shinko-zaibatsu and the keiretsu. One can see a similar structure in South Korea's chaebol system.

There are echoes of this philosophy in what the Niti Aayog chairman had to say late last year: 'For the first time in India a government has thought big in terms of size and scale and said we want to produce global champions. Nobody had the political will and the courage to say that we want to support five companies who want to be global champions. Everyone used to say, "I want to support everyone in India, I want to get votes from everyone".' Perhaps this is a crucial glimpse into the Modi government's mindset.

As far as the camera can see...

RAJIV SHARMA

ALL of us are under close observation. Every time we enter a hotel, a restaurant, a mall, or for that matter even a temple, we are constantly watched and monitored by high-tech cameras. Round-the-clock surveillance has become the need of the hour.

Though security cameras have become modern-day samurais, they have also brought with them their share of gaffes, goof-ups and guffaws. A couple of years ago, my modest nursing home didn't have the CCTV system in place, until one evening a person's bike was stolen.

The victim was quick to report the matter to the police and I was awakened by cops in the middle of the night and ordered to reach the scene of the crime. Once there, they reprimanded me for the gross negligence of not installing security cameras and advised me to do it immediately to prevent a recurrence of such incidents.

I ordered the installation of security cameras in and around my hospital to beef up security, only to discover later in the day that the tipsy gentleman, who had filed the complaint, was able to recollect after a good night's sleep that he had erroneously parked his bike in front of another hospital. But the stage was set for the mind-boggling events to follow.

I always took pride in the location of my park-facing nursing home, but it soon turned into a disadvantage after the installation of multiple cameras at different angles. People from all walks of life began descending with the weirdest of requests: 'I've lost my pet'; 'I just want to see if my household help passed this way'; 'my son's cycle is missing'; 'kindly look for the football of my child'.

The frequency of rewinding the cameras and providing video footage to our demanding neighbours began to get on our nerves. As if this wasn't enough, the cops also descended to nail snatchers and ruffians.

As my nursing home is situated on a T-junction, most troublemakers stand a good chance of being captured by one of the cameras. So much so, we had to train the nursing staff to handle the latest gizmos because the requests for identifying the unknown culprits were rising with each passing day.

Everyone who comes to us to check the video footage doesn't leave without offering an unsolicited piece of advice: 'you need a few more cameras at strategic angles'; 'better go for the night-vision lenses'; 'opt for audio-integrated cameras'; 'you need high-definition cameras', etc.

However, I was taken aback when a hooligan asked me to delete the recording of a particular day as he was involved in a brawl outside the hospital. When I refused to oblige, he was miffed and gave me a veiled threat before leaving my chamber.

But I've chosen to turn a blind eye to the travails en route to a safe and secure neighbourhood, courtesy round-the-clock surveillance by my strategically positioned sharpshooters.

THOUGHT FOR THE DAY

Ill fares the land, to hastening ills a prey, where wealth accumulates, and men decay. — **Oliver Goldsmith**

ON THIS DAY...100 YEARS AGO

The Tribune.

LAHORE, SUNDAY, APRIL 3, 1921

Executive Government of Bengal.

IN a recent issue, we quoted certain observations made by the *Amrita Bazar Patrika* regarding two of the ministers in Bengal, and expressed the hope that the *Bengalee* would throw more light on the subject. This is what the *Bengalee* wrote in its issue:- 'The *Patrika* opines that 'the Ministers have entered into an offensive and defensive alliance with the members of the Executive Council." And why? Because it is said, they "always vote for the proposals of the Executive Council and sometimes they make long speeches in support of them." This, concludes our contemporary, "looks like an unholy alliance, which does not augur well for the success of the Reforms." The Ministers forming part of the Government cannot fly off at a tangent from the Executive Council and thereby seriously embarrass the administration. Of course, the Ministers exert their influence behind the veil to make the Government conformable to the wishes of the public. But according to the unwritten law of the constitution, they have to present a united front; otherwise, the Government will be placed in an awkward position. Will not family life be impossible, to take a concrete instance, if the members take it into their heads to agree to differ in all matters and carry their differences to the extreme point? Surely, the Ministers cannot go back upon their pronounced views on public opinion. Let not the public have the least shred of suspicion about this matter. As forming the popular wing of the Government, the Ministers will leave no stone unturned to bring public opinion to bear upon the Government. But they cannot snap their finger at constitutional law and procedure and reduce the Government to dire straits. This practice obtains in all free countries and India is no exception to the general rule.' This is exceedingly vague, to say the least. The *Patrika* asked a specific question, and the question did call for a specific reply.

LETTERS TO THE EDITOR

Back to square one

Apropos of 'Pak U-turn in 24 hrs', it is unfortunate that Pakistan has reversed its move to import sugar and cotton from India, just when the LoC showed signs of becoming a 'Line of Commerce'. Had it gone forward, India and Pakistan could have also waived their respective visa requirements or made them obtainable on arrival. However, politics appears to have won and the 'interest of Pakistan's people' seems to have been cast aside as the Imran Khan Cabinet rejected the import proposal.

SS PAUL, NADIA

Roadblock to peace

Refer to 'Pak U-turn in 24 hrs'; in 2003, India and Pakistan agreed to a ceasefire on the LoC, but the agreement continues to be violated. On February 22, the DGMOs of both countries announced the strict observance of all ceasefire agreements. Further, communications at various levels gave rise to the expectations of renewed closer ties in commerce, trade, sports, entertainment, medical, education. Such hopes were further heightened when General Bajwa expressed positive views during the Islamabad Security Dialogue. But the radical elements in Pakistan have again created hurdles in improving relations. The history of peace talks between the two neighbours has often seen many obstructions. We should be optimistic about cooperation in various sectors soon, which is keenly desired by the people of both India and Pakistan. Peace in the region will generate prosperity in South Asia.

SUBHASH VAID, NEW DELHI

No reason to cheer

We should not feel happy that the order to cut interest on small savings has been withdrawn. It seems to have been postponed to the next quarter or thereafter. It has been withheld only due to the ongoing elections. This government doesn't care about the middle class or senior citizens.

IPS ANAND, GURUGRAM

Election tactics

Free bus service for women in Punjab and doubling of pension are laudable steps, but will these schemes be continued after the Assembly elections? Why were such schemes not implemented in the first four years of the Congress rule? Why do politicians remember to do something good for people only near the elections? Now suddenly, there are 10,000 vacancies in the police and other departments. Earlier, they kept saying that there were no government jobs and no funds. People are in a hurry to fill these vacancies, because they know if they lose them, they will get a chance only after five years. This is bad for any democratic country, where parties think about people only to win elections.

RAMANJOT KAUR, SULTANPUR LODHI

Bid to create rift

Apropos of 'List one case of Hindu trying to convert Sikh: BJP to SGPC', the resolution passed by the SGPC has insulted the founders of this institution. I know Brahmin families who used to cast their votes in the election held for the formation of the SGPC. Some Brahmin families in Punjab follow the age-old custom of allowing the eldest son to grow his hair. I have seen three generations of such a family in Ludhiana itself. Most families follow rituals of a mixed nature.

UPENDRA SHARMA, BY MAIL

US rights template

The US has castigated India for violation of human rights ('US State Dept report flags human rights abuses in India'). Another news story appeared on the same day — 'Biden spells out steps to stem anti-Asian violence'. According to a Hindi proverb, '*Jitna bada khet, utni jyada kharpatwar*' (Bigger the farm, greater the number of weeds). One can conclude: India is thrice as large in population as compared to the US and is crowded with ethnic, religious, linguistic and regional diversities. Still, it is managing well. On the other hand, the US, with its compact population and profuse resources, is struggling to contain violence against the minorities. In spite of all this, it wants to judge, but doesn't like to be judged.

LR SHARMA, SUNDERNAGAR

Amended chess rules

The change in rules by the FIDE, the international governing body of chess, with regard to drawn games is welcome. The offer to draw by agreement, repeated moves and stalemate has been amended, ending the possibility of drawn games. This will make chess more competitive and offer natural justice to the players in a winning position. Chess, a game of skill, has been a strong area for India as well. Let us hope the new rules will pave the way for encouraging young talent in India.

Lessons from China's nationalist narrative

M RAJIVLOCHAN
HISTORIAN

INDIA'S confrontation with China is not yet over. China is brimming with nationalist energy. Its booming economy, the pride that the people have in their ability to fight off the Covid pandemic, has only increased the assertiveness of the nationalist Chinese. Unaware of the transformations taking place in China, Indian thought leaders are still busy with meaningless identity politics, when they are making efforts to seek approval of the developed western nations and thinkers.

From the Chinese point of view, the Indian Army, policemen and businessmen, were part of an oppressive colonial gang that kept China down through much of the 19th and early 20th centuries. A few gestures of kindness such as that by Dr Kotnis during the 1930s continue to be appreciated in China, but China also remembers the use of Indian forces in the Opium Wars and the domineering Sikh policemen in Canton, Hong Kong, Macao and Nanking. The military humiliation heaped upon India in 1962 had as much to do with China claiming the Tibetan highlands as its territory as it was to communicate to the Chinese people that they need not fear the tall and aggressive Indians any more. Since then, China has built up its nationalist narrative much more firmly.

Few Indians, whether nationalist, anti-nationalist or extra-nationalists, realise that all nations are artificial constructs. At what point the people who constitute a nation would decide that they wish to live together, as happened for instance in the UK in the 18th century, and in France, Italy and Germany in the 19th century, is a matter of historical contingencies that forge such a will. At what point people decide they no longer wish to live together, as in the case of the USSR and Yugoslavia in the 20th century, is also a matter of popular will. It is the will to live together that is important.

The noteworthy thing is that China is even more culturally, linguistically and religiously diverse than is India. What we know as the 'Han' that is supposed to be the majority in China, was before the 20th century merely a term used to denote a civilised person as opposed to the barbarians; much like the word 'Arya' is said to have been used in India before the Indians succumbed to the idea that 'Arya' stands for race. 'Han — did not refer to an ethnic group. Modern Chinese scholars Zhang Lei and Kong Qingrongin, in their 1999 book *Coherence of the Chinese Nation* (Zhonghua Minzu Ningjulixue), write, "According to Confucianism, the distinction between 'hua (xia)' (civilised Han) and 'yi' (minority barbarians) was a cultural boundary rather than a racial and national boundary... The barbarian-civilised distinction did not indicate racial or national exclusiveness. Instead, it was a distinction involving differentiated levels of cultural achievement."

Actually, the Han Chinese profess different religions (Christianity, Buddhism, Taoism etc) and speak different languages. For China, creating the idea of a nation was more important than affirming divisive personal identities. Sun Yat-sen talked as early as 1912 of the need to weld together different groups of people who lived in China even while China was splitting up into numerous independent units headed by warlords. The student rebellion of 1919, which goes by the name of the May Fourth Movement, was a nationalist upsurge against the Chinese elite siding with the Japanese. The Chinese Communist Party, once it came to power in 1948, took forward the nationalist line of thinking.

BORDER FRACAS: Only the demonstration of a confident ability to protect the nation has restricted the Chinese desire to teach India another lesson. REUTERS

> From the Chinese point of view, the Indian Army, police and businessmen were part of an oppressive gang that kept China down through much of the 19th and 20th centuries. The military humiliation heaped upon India in 1962 had as much to do with China claiming the Tibetan highlands as its territory as it was to communicate to the Chinese people that they need not fear the aggressive Indians any more.

In the very first decade of communist rule in China, while on the one hand, the Chinese were paying homage to the Soviet idea of internationalism, they were also building up a strong sense of nationhood. The occupation of Tibet in 1951, just two years after China got rid of colonial domination, was but an assertion of an old historical presumption that the proper national territory of China extended from the Tibetan highlands in the west to the seas in the east. While Jawaharlal Nehru and his team of historians tried to find historical evidence to dismiss China's claims, China had no hesitation in using military force to make its point.

Also, few in India realise that China is essentially made up of six major nationalities whose languages and cultural practices are mutually as different (and unintelligible) as the languages and cultural practices of different regions in India. What holds them all together is the historic belief that they all belong to one single civilisational entity.

India, on the other hand, found it difficult to assert that there could be an Indic reality. Indians have, since the so-called Bengal renaissance, tried hard to conform to European idea of a good society. Their popular notions of self-determination by ethnic and religious minorities are largely a product of trying to live up to the European ideals of 19th-century vintage.

For centuries before British occupation, the idea of different languages did not trouble India. Civilised people routinely spoke four to five languages. And yet, the first few days of the Constituent Assembly were spent in heated debates on deciding the appropriate language in which that august gathering could conduct its deliberations. The impasse was resolved only after it was agreed to conduct most of the discussions in English while promising not to force any one Indian language on everyone.

The import of a coeval fact was lost on most: that 566 Indian princes, with a combined military strength of over 200,000 well-equipped, battle-hardened soldiers, had little hesitation in accepting the sovereignty of the impoverished and helpless, independent Government of India, burdened by over 10 million displaced persons. These princes were essentially subcontractors for the colonial government. They had inherited their titles from a warlord who had been subjugated by the British a few decades ago. For reasons that are unclear, the departing British bequeathed to these sub-contractors the grand privilege of becoming 'sovereign' rulers of their lands. Many of the princes played for a few months with the idea of declaring themselves as independent nation-states. Yet, all but one of them quickly fell in line despite having a distinct administration, legal system, culture, language, and a battle-hardened army.

Since the crisis at Pangong Tso in 2020, we know that only the demonstration of a confident ability to protect the nation has restricted the Chinese desire to teach India another lesson. To underpin that ability, though, we need to work towards strengthening the bonds which hold Indians together rather than trying to strengthen the differences that exist in any normal society.

Cut tax on oil to sustain economic revival

SUSHMA RAMACHANDRAN
SENIOR FINANCIAL JOURNALIST

> With the global oil outlook now looking more favourable, it is time for a relook at the heavy taxation on fuels like petrol and diesel. The raising of excise duty multiple times last year could have been warranted on the grounds that revenue collections had virtually come to a halt, but there is no such excuse now that an economic recovery is underway. With GST collections back to pre-pandemic levels, it's the right time to roll back excise duties levied last year.

THE saga of the Ever Given, the container ship that blocked the Suez Canal for a week has shown the fragility of global trade flows. Hundreds of cargo ships, including oil tankers, were stuck in the logjam waiting for the vessel to be moved while others opted to take the longer route round the Cape of Good Hope. The ship may have been moved finally, but the incident has demonstrated the impact of even a single unexpected event on global supply chains. This is true of international oil markets as well. The collapse of demand in April and May last year had led to such a precipitous fall in prices that for a day or two, suppliers were paying the buyers to lift stocks. Even now, the oil markets are going through volatility based on the ebb and flow of the Covid virus.

International oil prices, which were subdued in the range of $40-50 per barrel throughout 2020, began firming up in December based on the encouraging news of vaccination being launched and the prospects of a worldwide economic revival. The Organisation of Petroleum Exporting Countries and their allies, known as OPEC plus, had also imposed production quotas on members to curtail availability in the market. The net result was that benchmark Brent crude prices rose to over $67 per barrel by the beginning of March.

The trend has reversed suddenly in the past few weeks. The causes were several, including a fresh surge in European cases and stricter curbs on movement being imposed in Germany, Italy and France. The rise in cases has coincided with the slow pace of vaccination on the continent. India and other countries are also reporting a new surge of Covid infections despite the vaccination drive being in full swing. The bearish trend in prices was aggravated by the news of US inventories rising by 6 per cent in mid-March.

TRADE DISRUPTION: The container ship that blocked the Suez Canal demonstrated the impact of unexpected events on global supply chains. REUTERS

The trend now looks set to continue for some time, given that these factors continue to influence the market. Brent crude prices are currently ruling at about $63.55 per barrel and the US benchmark West Texas Intermediate at $59.75 per barrel. This is a considerable retreat from the high of over $67 per barrel about a month ago.

The current oil market scenario will now have to be assessed by OPEC plus as it plans its next steps. OPEC, the biggest player in the market, is generally led by Saudi Arabia while Russia is the most significant among the allies. While India has better than cordial bilateral relations with both countries, there is little concession given to this relationship as far as oil pricing is concerned. In fact, a recent plea made by Petroleum Minister Dharmendra Pradhan to OPEC, seeking moderation of prices to bring about stability in the market, received a sharp response from the Saudi Energy Minister. He suggested that India should instead draw on its strategic petroleum reserves that had been filled up when prices had collapsed to about $19 per barrel in April and May 2020. While this may be an undiplomatic response, it must be viewed in the backdrop of the uncertainties faced by oil exporting countries over the past year. From their perspective, prices need to be sustained at about $70 per barrel to provide adequate support to their economies. In contrast, prices were ruling at less than $50 per barrel throughout 2020.

India, at the same time, has also to consider its own self-interest given that it is the world's third largest oil importer. A few years ago, when prices had begun to soar, it sought to join hands with China to leverage its role as a major buyer to seek price discounts for developing countries. The move did not yield much result simply because oil exporting countries are more than conscious of the fact that their hydrocarbon resources are depleting. Besides, there is also the threat of the world moving to alternative fuels such as electric power in the case of automobiles. It has even been projected that in the coming decades, there will be a shift away from hydrocarbons towards renewable energy and oil producing nations may end up with surplus stocks on their hands.

In this backdrop, India has no option but to try and diversify sources of supply to ensure sustained availability of crude oil supplies. It has now opted for higher purchases of US crude which are significantly cheaper than the West Asian options, though higher freight costs neutralise this advantage to some extent. For the time being, however, the lower oil prices are to this country's advantage as it could reduce the oil import bill significantly if the trend continues for the next few months. Oil imports cost the country $120 billion in 2019-20 but are expected to dip to about half that number during 2020-21. The bill will be higher in the current fiscal but should be manageable if the market remains at the current levels.

With the global oil outlook now looking more favourable for India, it is time for a relook at the heavy taxation on fuels like petrol and diesel. The raising of excise duty multiple times last year could have been warranted on the grounds that revenue collections had virtually ground to a halt, but there is no such excuse now that an economic recovery is underway. With GST collections coming back to pre-pandemic levels, it is the right time to roll back excise duties levied last year.

Finance Minister Nirmala Sitharaman has conceded it is time to hold a dialogue on this issue with state governments which have also been guilty of imposing more taxes on petroleum products. Despite this conciliatory approach, there has not yet been any movement on this issue. Meanwhile, high fuel prices are having a cascading inflationary effect. Input prices have risen sharply owing to transport costs having gone up and manufacturers are reported to be gearing up to raise product prices. It is time for the government to act on cutting taxes on oil products before the price rise negates the impact of the nascent economic revival process.

MINISTRY OF ROAD TRANSPORT AND HIGHWAYS

NOTIFICATION

New Delhi, the 24th March, 2021

S.O. 1308(E).—Whereas by the notification of the Government of India in the Ministry of Road Transport and Highways,number SO 458(E) date 29/1/2021 , published in the Gazette of India, Extraordinary, Part II, Section 3, Sub-section (ii) issued under sub-section (1) of section 3A of the National Highway Act, 1956 (48 of 1956) (hereinafter referred to as the said Act), the Central Government declared its intension to acquire the land specified in the Schedule annexed to the said notification for building (widening/four-laning, etc.), maintenance, management and operation of NH444A on the stretch of land from Km. 18.840 to Km. 32.600 (Saha -Shahabad Section) in the district of KURUKSHETRA in the state of HARYANA;

And whereas the substance of the said notification has been published in "The Tribune1"(Englesh) and Amar Ujala"(Hindi) both dated 11/2/2021 under sub-section (3) of section 3A of the said Act;

And whereas objections have been received and the same have been considered and disallowed by the competent Authority;

And whereas, in pursuance of sub-section (1) of section 3D of the said Act, the competent authority has submitted its report to the Central Government;

Now, therefore, upon receipt of the said report of the competent authority and in exercise of the powers conferred by the sub-section (1) of section 3D of the said Act, the Central Government hereby declares that the land specified in the said Schedule should be acquired for the aforesaid purpose;

And further, in pursuance of sub-section (2) of section 3D of the said Act, the Central Government hereby declares that on publication of this notification in the Official Gazette, the land specified in the said Schedule shall vest absolutely in the Central Government, free from all encumbrances.

SCHEDULE

Brief description of the land to be acquired, with or without structure, falling within the stretch of land from Km. 18.840 to Km. 32.600 (Saha -Shahabad Section) of NH- 444A in the district of KURUKSHETRA in the state of HARYANA.

US, Iran indirect nuke talks next week

BRUSSELS, APRIL 2

Iran and the United States said on Friday they would hold indirect talks in Vienna from Tuesday as part of broader negotiations to revive the 2015 nuclear deal between Tehran and global powers.

Tehran has ruled out face-to-face bilateral discussions, but the presence of both Iran and the United States in the Austrian capital — welcomed by Washington as a "healthy step forward" —will help to focus efforts to bring all sides back into compliance with the accord. The aim is to reach an agreement within two months, said a senior official with the European Union, the coordinator of the deal. Iran holds elections in June.

Former US President Donald Trump pulled out of the deal in 2018 and reimposed sanctions on Iran, prompting it to violate some of the pact's nuclear restrictions. His successor Joe Biden wants to revive the accord, but Washington and Tehran have been at odds over who should take the first step.

"Iran and the US will be in the same town, but not the same room," a European diplomatic source said.

A Western diplomat said a shuttle diplomacy approach would be adopted. US State Department spokesman Ned Price said the talks would be structured around working groups that the EU is going to form with remaining participants, including Iran.

"We don't anticipate an immediate breakthrough as there will be difficult discussions ahead. But we believe this is a healthy step forward," he said in a statement, adding that Washington remained open to direct talks with Tehran.

The EU official said negotiating lists of sanctions that the United States could lift and nuclear obligations that Iran should meet, the EU official said "should marry at some point".

"In the end, we are approaching this in a parallel way. I do think we can do it in less than two months," the official said.

Iran, China, Russia, France, Germany and Britain — all parties to the 2015 deal — held virtual talks on Friday to see how to progress.

"Aim: Rapidly finalise sanction-lifting & nuclear measures for choreographed removal of all sanctions, followed by Iran ceasing remedial measures," Iran's Foreign Minister Mohammad Javad Zarif said on Twitter. "No Iran-US meeting. Unnecessary." Two diplomats said the first round of talks could last several days, followed by two or three subsequent rounds in the following weeks to tackle tricky issues. — Reuters

TEHRAN RULES OUT FACE-TO-FACE DISCUSSION

Iranian Foreign Minister Mohammad Javad Zarif immediately stressed that no meeting was planned between officials from Iran and the US. In a tweet, Zarif said the aim of the Vienna session would be "rapidly finalise sanction-lifting & nuclear measures for choreographed removal of all sanctions, followed by Iran ceasing remedial measures." The United States, like Iran, said it did not anticipate direct talks between the US and Iran now.

Lahore-based Punjabi singer Shaukat Ali dies

CHANDIGARH, APRIL 2

Punjabi folk singer Shaukat Ali dies today after a brief illness at Lahore. He was 78.

Ali, who was famous among Punjabis on both sides of the border, had been suffering from complications that cropped up after a liver transplant. Shaukat Ali was known for taking Punjabi folk song Chhalla to new heights. It was later sung by several other Punjabi singers. — TNS

Pakistan, Bangladesh among 4 nations on UK travel ban list

LONDON, APRIL 2

Pakistan and Bangladesh are among four additional countries added to the "red list" of nations from where travel to and from England is banned to control the spread of coronavirus.

The ban announced on Friday will come into effect on April 9 and also cover the Philippines and Kenya in response to concerns about new variants of Covid-19 in those regions, like those detected in South Africa and Brazil.

India currently is not on the red list of countries, with an air bubble arrangement in operation for essential travel while non-essential international travel from the UK remains banned under current lockdown rules.

"Pakistan, Kenya and Bangladesh and the Philippines have been added to England's red list to protect the country against new variants of coronavirus (Covid-19) at a critical time for the vaccine programme," the Department for Transport (DfT) said in a statement.

"With over 30 million vaccinations delivered in the UK so far, the additional restrictions will help to reduce the risk of new variants — such as those first identified in South Africa (SA) and Brazil — entering England. So far, surveillance has found that few cases of the SA variant have been identified as being imported from Europe, with most coming from other parts of the world," it said.

From 4 am local time next Friday, international visitors who have departed from or transited through these four additional countries on a 40-country red list in the previous 10 days will be refused entry into England.

Only British and Irish citizens, or those with residence rights in the UK (including long-term visa holders), will be allowed to enter and they must stay in a government-approved quarantine facility for 10 days. They will also be required to arrive into a designated port. No direct flight bans from these countries will be put in place, but passengers are advised to check their travel plans before departing for England. —PTI

Myanmar cuts wireless Net service

YANGON, APRIL 2

Myanmar's wireless broadband Internet services were shut down on Friday by order of the military, a local provider said, as protesters continued to defy the threat of lethal violence to oppose the junta rule.

A directive from the Ministry of Transport and Communications on Thursday instructed that "all wireless broadband data services be temporarily suspended until further notice", according to a statement posted online by a local provider. Fibre-based landline Internet connections were still working, albeit at drastically reduced speeds.

Also on Friday, the New York-based Human Rights Watch issued a report saying Myanmar's military has forcibly disappeared hundreds of people, including politicians, election officials, journalists, activists, and refused to confirm their location or allow access to lawyers in violation of international law. — AP

48 killed as train derails in Taiwan

TAIPEI, APRIL 2

A train partially derailed in eastern Taiwan on Friday after being hit by an unmanned vehicle that had rolled down a hill, killing 48 persons. With the train still partly in a tunnel, survivors climbed out of windows and walked along the train's roof to reach safety.

The crash occurred near the Toroko Gorge scenic area on the first day of a long holiday weekend when many people were hopping trains on Taiwan's extensive rail system. The train had been carrying more than 400 people.

The National Fire Service confirmed the death toll and said all aboard had now been accounted for. More than 100 persons were injured, it said. Railways news officer Weng Hui-ping called the crash Taiwan's deadliest rail disaster. — AP

State refiners asked to review oil import contracts with Saudi

NEW DELHI, APRIL 2

Amid tensions with Saudi Arabia over oil production cuts, India has asked its state refiners to review contracts they enter into for buying crude oil from the Middle-East nation and negotiate more favourable terms, a top official said.

Keen to break producers' cartel dictating pricing and contractual terms, the government has told Indian Oil Corporation (IOC), Bharat Petroleum Corporation Ltd (BPCL) and Hindustan Petroleum Corporation Ltd (HPCL) to look for oil supplies from outside the Middle-East region and use collective bargaining power to get favourable terms.

India imports 85% of its oil needs and is often vulnerable to global supply and price shocks. When oil prices started to rise in February, it wanted Saudi Arabia to relax output controls but the Kindgom ignored its calls. This has led to the Indian government now pressing for diversification of the supply base.

"Traditionally, Saudi Arabia and other OPEC producers have been our mainstay suppliers of crude oil. But their terms have often been loaded against the buyer," the official with direct knowledge of the discussions said. For one, Indian firms buy two-thirds of their purchases on term or fixed annual contracts.

These term contracts provide assured supplies of the contracted quantity but the pricing and other terms favour only the supplier, he said.

"While buyers have an obligation to lift all of the contracted quantity, Saudi and other producers have the option to reduce supplies in case OPEC decides to keep production artificially lower to boost prices. Why should the consumer have to pay for decisions of OPEC? If we commit to offtake, they should also supply no matter what," he said. — PTI

RIL gets creditors, shareholders' nod to hive off O2C biz

NEW DELHI, APRIL 2

Billionaire Mukesh Ambani's Reliance Industries Ltd on Friday said it has secured approval of its shareholders and creditors for hiving off its oil-to-chemical (O2C) business into a separate unit.

As per directions of the National Company Law Tribunal (NCLT), the company convened meetings of equity shareholders, lenders and unsecured creditors for consideration of a resolution for transferring the O2C business to a separate subsidiary — Reliance O2C Limited.

In stock exchange filings, RIL said 99.99% of shareholders, who participated in the meeting held through video conferencing, voted in favour of the resolution.

While 100% of the secured creditors voted in favour of the resolution, 99.99% of unsecured creditors cast their vote in favour of the resolution. The meetings were chaired by former Supreme Court judge Justice (retd) BN Srikrishna.

"Scheme of Arrangement between Reliance Industries Limited (transferor company) and its shareholders and creditors and Reliance O2C Limited (transferee company) and its shareholders and creditors was placed before" equity shareholders, secured and unsecured creditors for consideration and approval, the filings said. Shareholders and lenders cast votes electronically.

In February, RIL had announced the contours of spinning-off its oil refining, fuel marketing and petrochemical (oil-to-chemical) business into an independent unit with a $25 billion loan from the parent, as it looked to unlock value by settling stakes to global investors like Saudi Aramco.

The carving out of Reliance O2C Limited will enable the focused pursuit of opportunities across the oil-to-chemicals value chain, improve efficiencies through self-sustaining capital structure and a dedicated management team, and attract dedicated pools of investor capital, according to a company presentation. — PTI

Franklin Templeton's shut schemes fetch ₹15,776 cr

NEW DELHI, APRIL 2

Franklin Templeton Mutual Fund on Friday said its six shut schemes have received Rs 15,776 crore from maturities, pre-payments and coupon payments since closing down in April, 2020.

The fund house shut six debt mutual fund schemes on April 23, citing redemption pressures and lack of liquidity in the bond market.

"The six schemes have received total cash flows of Rs 15,776 crore till March 31, 2021 from maturities, coupons and prepayments since winding up," the fund house said.

Franklin India Income Opportunities Fund has turned cash positive after repaying all its outstanding borrowings, thus, all the six schemes are now cash positive, the fund house said. — PTI

Reliance extends deadline to complete Future deal

NEW DELHI, APRIL 2

Reliance Retail Ventures Ltd (RRVL) has extended the timeline for six months to complete its Rs 24,713-crore deal with Future Group. RRVL has extended the timeline for the "Long Stop Date" from March 31, 2021 to September 30, 2021, said a regulatory filing by Future Retail.

Long Stop is a timeframe in which parties agree on which all the conditions precedent for a transaction need to be fulfilled and the transaction completed. — PTI

Stimac irked by backlash over 6-0 rout

'We were checking new players against best of UAE'

NEW DELHI, APRIL 2

Indian football team coach Igor Stimac has come in for some stern interrogation — indirect, through the media — in recent days after the 6-0 hammering by the United Arab Emirates (UAE).

India have won only one of 12 matches since he took charge, and the huge loss UAE has raised questions over how much has he been able to mentor the young players; and, specifically, whether he's close to finalising his first-choice squad, 22 months after he took over.

Stimac has, however, explained the reason behind the severity of the loss to UAE by saying that in this match, the strength of the "new players" was being gauged. The 6-0 defeat to UAE is being compared to the less-severe 2-0 defeat to the same team in January 2019 in the AFC Asian Cup, before Stimac took over — the suggestion is that the team has regressed since then.

India have won only one of 12 matches since Igor Stimac took charge, and the huge loss UAE has raised questions over how much has he been able to mentor the young players.

12
Matches India have played after Igor Stimac took over as coach in May 2015

0
Wins for India in the 2020 World Cup qualifiers (Asian region), with draws against Qatar, Afghanistan and Bangladesh, and a loss to Oman

6
Players debuted in Stimac's first match as India coach, which India lost to Curacao at the King's Cup in June 2019

1
Match India have won under Stimac, 1-0 win over Thailand in the King's Cup in June 2019

No comparison

Stimac has said the two results are not comparable.

"In 2019, both the teams played in the group stages of the AFC Asian Cup... to which both teams had headed after having prepared for a long time. Both the teams came in with their best and most experienced players," Stimac said.

"In 2021, it was a friendly match which we used to check the strength of our new players against the best striking line-up of UAE that has been playing together for a long time," he added. "It is unusual and surprising that many are now trying to create a bad atmosphere around us."

Though India have recorded only one win under Stimac, there have been some other positive results — the recent 1-1 draw with Oman, or the 0-0 draw with Qatar in September 2019. However, India have failed to beat teams such as Bangladesh and Afghanistan, drawing their regional qualifying matches for the 2020 World Cup with them.

Tough neighbourhood

However, Stimac said Indians expect too much against these two teams, even though Afghanistan are ranked 150 and Bangladesh 186 against India's 104.

"Sometimes I get the impression that we have too much opinion of ourselves when it comes to opponents like Afghanistan or Bangladesh," Stimac said.

"Let me remind you that Afghanistan has allowed overseas citizen players to play for the national team. They now have 13 players coming from European leagues," said Stimac. "They are competing in Germany, Poland, Finland, the Netherlands and Sweden. They also have two players playing in Australian clubs, and one player in the USA top division. Bangladesh has introduced a 3+1 policy, and their league is extremely competitive too."

The inclusion of OCI and PIO (Players of Indian Origin) has been a topic of debate since coach Stephen Constantine spoke about the need for India to include them in the national team. — TNS

"...it was a friendly match which we used to check the strength of our new players against the best striking line-up of UAE that has been playing together for a long time. It is unusual and surprising that many are now trying to create a bad atmosphere around us"
Igor Stimac, INDIAN FOOTBALL TEAM COACH

Debutants

In the 1-1 draw with Oman, 10 players made their India debut, and Igor Stimac continued the trend against UAE.

Stimac said he doesn't like the word 'experiment' in his context, because that is not the apt word for his plans. "Experimenting is when you play players in positions they have never played or when you switch to a game system that you did not practice in training," he said. "Personally, I don't like the word experimentation and it doesn't fit with what we do."

"We didn't bring a single player to Dubai who didn't deserve it with his performances in the Indian Super League," he added. "However, due to illness, injury or poor form we could not count on Rahul Bheke, Seriton Fernandes, Ashish Rai, Brandon Fernandes, Abdul Sahal, Udanta Singh and Sunil Chhetri."

Aditi tied-70 after 1-over in Round 1

RANCHO MIRAGE (US), APRIL 2

Indian golfer Aditi Ashok made a quiet start at this year's first Major, the ANA Inspiration, carding a 1-over 73 to be placed tied-70th, which is the current projected cut line.

Making her 16th Major appearance, Aditi started on the 10th and dropped shots on the par-4 10th and the par-3 fifth, while making a birdie on the par-4 third.

Aditi hit nine of the 14 fairways and found only half of the 18 greens in regulation and needed 27 putts.

Aditi is playing the ANA Inspiration for the fourth time and her best has been tied-42 in 2017. Aditi's best in a Major is tied-22 at the Women's British Open in 2018.

Thailand's Patty Tavatanakit shot a 6-under 66 to lead the field. The 21-year-old had a bogey-free round. The highlight was that she reached all the par 5s in two and birdied three of them.

Michelle Wie West, who got back to the tour last week after a 21-month break, was 2-under 70 and tied-16 after the first day. — PTI

'Solid' Lahiri tied-22

SAN ANTONIO, APRIL 2

Indian golfer Anirban Lahiri got off to a steady start at the Texas Open as he shot a 1-under 71 to lie tied-22nd here. Lahiri birdied the 14th, 17th and third holes and bogeyed the 15th and seventh.

Colombian Camilo Villegas moved into the lead with an 8-under 64, which included nine birdies and a bogey. Sung Kang and Cameron Tringale are two shots back.

Lahiri, who has been on a disappointing run, was first out on Thursday. "I think it was nice to get out early. I know it was really cold, but the wind hadn't picked up, so I definitely got some really nice conditions," he said.

"I've been here a few times. I know how hard this course can be. I think the key is basically to try and put yourself in the fairways as many times as possible and also leave yourself in the right positions on the greens," he added.

"I was pretty solid inside five, six feet, which is also really important because you don't get a lot of kick-ins, so you have to putt solid. I did hit a few loose shots coming in, felt like I could have closed a couple shots better." — PTI

Bhagat, Kadam in semis of para-badminton tournament

World No. 1 Pramod Bhagat and No. 5 Sukant Kadam sailed into the semifinals of the Dubai para-badminton tournament after winning their respective matches here. In the SL3 category, Bhagat showed why he is top ranked with a strong performance against Indonesian Ukun Rukaendi, taking 44 minutes to emerge 21-16 21-13 winner. Bhagat will play Muhammad Huzairi Abdul Malek of Malaysia in the semifinals. Bhagat has partnered Manoj Sarkar (SL4) in the men's doubles and will play against Mohammad Arwaz Ansari and Deep Ranjan Bisoyee in the semifinals. He is also in the mixed doubles quarterfinals with Palak Kohli. Kadam, in SL4 category, stormed into the semifinals with a 21-17 21-8 win over Muhammad Norhilmie Mohd Zainudin from Malaysia. Kadam will be playing Marcel Adam of Germany in his last-four clash.

Sri Lanka trail West Indies by 347 after Day 4

West Indies captain Kraigg Brathwaite fell short of a second century but helped his team to a commanding position after the fourth day of the second Test against Sri Lanka on Thursday. Brathwaite followed his 126 in the West Indies' first innings of 354 with 85 runs. Half-centuries by Kyle Mayers and Jason Holder allowed Brathwaite to declare his team's second innings at 280/4, a lead of 376. Captain Dimuth Karunaratne (11) and Lahiru Thirimanne (17) guided Sri Lanka through nine overs to 29/0 at stumps when they still trailed by 347.

No more flat wickets: Kohli to Pope during Chennai loss

LONDON, APRIL 2

England batsman Ollie Pope has revealed that India captain Virat Kohli had walked up to him during the opening Test of the four-match series and warned "this is the last of the flat wickets" his team would see on the tour.

Starting the series with a win in the first Test in February, England suffered heavy defeats in the next three Tests as the spin duo of Ravichandran Ashwin and Axar Patel made them suffer on helpful wickets.

"In the second innings the pitch started spinning quite a lot," Pope said about the first Test in Chennai. "I remember standing at the non-striker's end and Kohli came up to me and said 'this is the last of the flat wickets'. At that point, I knew it was probably going to be quite a challenging rest of the series from a batting point of view."

England made 578 in their first innings of the Test series, winning by 227 runs.

However, with the pitches helping spin in the next three Tests, England could not cope with the conditions, losing by 317 runs, 10 wickets, and an innings and 25 runs.

"In the second innings the pitch started spinning quite a lot. I remember standing at the non-striker's end and Kohli came up to me and said 'this is the last of the flat wickets'. At that point, I knew it was probably going to be quite a challenging rest of the series from a batting point of view" Ollie Pope, ENGLAND BATSMAN

"Chatting to the more experienced guys like Joe Root and Ben Stokes, those guys were pretty much saying exactly the same: these are the toughest conditions they've played in," Pope said. "If those guys are saying it as well, you know how challenging it is. I'm not saying (India) felt they had to produce those wickets, but the fact they've gone away from their flat wickets for three days, then spin on day four and five, which is generally the theme out there, it was quite a compliment to us in how we went about our business and a compliment to our bowlers."

"That shot us in the foot a little bit but it's a good compliment to us as a team because they obviously felt they had to change their gameplan," he added.

Tough bubble

"The Indian bubble was a pretty tough one," Pope said about the bio-secure bubble necessitated by the Covid pandemic.

"They were quite business-like hotels so there's not a massive amount going on, there's no real outdoor space to get used to, have a run-around or kick a ball around or anything normal," he added. "So being back and strolling to go and get a coffee or anything like that, it's just that bit of normality that I think humans need, really. It does have its challenges and everyone deals with them in slightly different ways but it is very nice to be out of those bubbles and let free a little bit."

England will look to settle scores with India when they tour in the summer. — Agencies

World University Games in China postponed until next year

LAUSANNE, APRIL 2

The World University Games that were due to open in China in just over four months have been postponed until next year, the governing body (FISU) said today.

Covid-19 and travel restrictions prompted the postponement

The Switzerland-based FISU said Covid-19 and travel restrictions prompted the postponement, adding the decision was made jointly with officials in China.

The multi-sport event, which features about 8,000 athletes, was to have opened in Chengdu in western China on August 18, just days after the closing of the Tokyo Olympics. A rescheduled date has not been announced.

The country has two other large multi-sport events coming up. The Winter Olympics open on February 4, 2022, in Beijing, and the Asian Games, which feature more sports than the Olympics, are set for Hangzhou from September 10, 2022.

China has become the go-to nation for many of these mega-events because it pays the costs, builds venues quickly, and does not need voter approval, which is common in many European countries. — AP

Defending champ Barty back in final

Ash Barty celebrates after defeating Elina Svitolina in the semifinals of the Miami Open . AP/PTI

MIAMI, APRIL 2

In her first match at this year's Miami Open, Ash Barty was one point from elimination. Now she's one win from becoming a repeat champion. The top-ranked Barty returned to the final by beating fifth seed Elina Svitolina 6-3 6-3 on Thursday.

Barty has gained momentum after starting the tournament by saving a match point against qualifier Kristina Kucova. That was Barty's first match outside her native Australia since February 2020. "Whenever you come back from a match point, it's a little bit of a strange feeling," she said.

Barty, who is assured of retaining her No. 1 ranking next week, will play for the title on Saturday against former US Open champion Bianca Andreescu.

The 20-year-old Andreescu needed all of her physical strength on Thursday to beat Greek rival Maria Sakkari 7-6(7) 3-6 7-6(4) in a match that ended at 1:35am local time.

"Sometimes I literally feel like I'm an octopus out there running side to side; I feel like I have eight legs," Andreescu said after reaching her first final since the 2019 US Open triumph.

Tsitsipas loses

On the men's side, unseeded 20-year-old Sebastian Korda's breakthrough run ended with a 7-5 7-6(7) quarterfinal loss to No. 4 Andrey Rublev. Korda, slowed in the second set by a left thigh injury, was the youngest American to make the men's quarterfinals in Miami since Robbie Ginepri in 2003.

Rublev and Hubert Hurkacz of Poland will play in their first semifinal at a top-level ATP event. Hurkacz advanced by rallying past second seed Stefanos Tsitsipas 2-6 6-3 6-4. — Agencies

Important to play simple hockey: Rupinder

BUENOS AIRES, APRIL 2

On his first foreign tour since 2019, seasoned drag-flicker Rupinder Pal Singh today emphasised on playing simple hockey instead of being too dramatic on the field as the Indian team gears up to take on Olympics champions Argentina.

Rupinder, who arrived here on Thursday along with the Indian team for a 16-day tour that includes back-to-back Pro League matches on April 11 and 12, missed the tour of Europe in February due to hamstring injury.

The lanky defender is desperate to make up for the lost opportunities in the crucial Olympics year.

"I am super excited to play against the Olympics champions. It's been a very long break from competitive hockey. My last overseas tour was in September 2019 when we played in Antwerp, Belgium," Rupinder said.

Rupinder Pal Singh had missed the tour of Europe in February due to hamstring injury. FILE

Rupinder had injured his hamstring one week before the team left for Europe. "I was in good nick last year. Now against Argentina, it will be all about finding that rhythm back. It is important to play simple hockey, as chief coach Graham Reid always says, and not do anything too dramatic. Focus will be on basic skills, strong defence, good on-field communication and coordination with each other," he said.

Rupinder contributed to the team's campaign with a total of five goals from six FIH Hockey Pro League matches played by India last year.

India will play their first practice match against Argentina on April 6.

The Indian team is scheduled to play six matches against Argentina. — PTI

Ronaldo captain's armband sold for over $75,000

Sold in charity auction to help fund surgery for toddler

BELGRADE, APRIL 2

The captain's armband which Portugal's Cristiano Ronaldo threw away angrily during a World Cup qualifier against Serbia was bought by a betting company at a charity auction to help fund life-saving surgery for a six-month-old baby.

Serbia's Mozzart said in a statement today that it paid 7.5 million dinars ($75,150) for the armband picked up by a fireman at Red Star's Rajko Mitic stadium.

Djordje Vukicevic, duty firefighter, poses with Cristiano Ronaldo's armband at Belgrade's firefighting brigade headquaters. REUTERS

"We decided to take part in the auction because of its humanitarian nature," Mozzart said.

"The objective was to aid toddler Gavrilo Djurdjevic as well as to raise awareness that we need to stand united in taking this kind of action."

"We decided to take part in the auction because of its humanitarian nature. The objective was to aid toddler Gavrilo Djurdjevic as well as to raise awareness that we need to stand united in taking this kind of action" Mozzart, BETTING COMPANY

Six-month-old Gavrilo Djurdjevic is suffering from spinal atrophy and his mother Nevena said the family had received donations of around €500,000 ($587,900) so far.

Ronaldo stormed off the pitch seconds before the final whistle in Serbia's 2-2 home draw with Portugal on Saturday and threw the armband away when he was denied a clear stoppage-time winner.

Television replays showed Ronaldo's shot had crossed the line before Serbia defender Stefan Mitrovic cleared it but with no goalline technology in place, the officials waved play on and then booked Ronaldo for dissent. — Reuters

Stalin's son at it again, links Ganguly ill-health to BJP

TRIBUNE NEWS SERVICE

NEW DELHI, APRIL 2

Amid the ongoing I-T raids against his kin, DMK youth wing president and Chepauk constituency candidate Udhayanidhi Stalin is continuing with his relentless attack against the BJP, which is contesting the April 6 Assembly elections with the ruling AIADMK. After allegations that late BJP leaders Arun Jaitley and Sushma Swaraj were "sidelined" by Prime Minister Narendra Modi, Udhayanidhi has now claimed that BCCI chief Sourav Ganguly was "threatened to join the BJP and due to stress, he had a heart attack".

"Amit Shah's job is to threaten others and topple elected governments, I will not be scared of him, I am Kalaignar's grandson," Udhayanidhi was quoted as saying. He also raised questions over the appointment of Home Minister's son Jay Shah as the BCCI secretary. The BJP has written to the Election Commission, seeking his disqualification and his name has been taken off the star campaigner list of the DMK in Tamil Nadu. Daughters of the late Union Ministers, Bansuri Swaraj and Sonali Jaitley Bakshi, slammed Udhayanidhi, asking him to refrain from using the names of their parents for his poll propaganda.

Addressing an election rally, Udhayanidhi reportedly said: "People thought LK Advani would be the next PM, but Modi sidelined him. Sushma Swaraj could not handle the pressure and she died. Arun Jaitley too was unable to bear the torture and he died."

I-T RAID AT HOUSE OF STALIN'S DAUGHTER

- Income Tax officials on Friday carried out searches on the premises of DMK president MK Stalin's daughter Senthamarai, sources said.
- Senthamarai is married to Sabareesan, who is said to have a major say in the DMK affairs.
- The tax officials are also carrying out search operations at a couple of more places connected with the DMK. — IANS

Modi calls Cong 'high-handed', rakes up Sabarimala issue

ASSEMBLY POLLS 2021

KANYAKUMARI (TN), APRIL 2

Prime Minister Narendra Modi on Friday called the Congress 'high-handed', saying it lacked an understanding of local sensibilities and asserted that his government did not see people's caste or faith before serving them.

In Tamil Nadu, the situation was such that senior DMK leaders who worked shoulder to shoulder with late party patriarch 'Kalaignar' (M Karunanidhi) were feeling suffocated due to 'the newly minted crown prince' of the party (DMK youth wing secretary Udhayanidhi Stalin), he said, addressing a poll meeting here, adding that 'politics did not work this way'.

"The Congress invoked Article 356 several times and both DMK and AIADMK governments in Tamil Nadu have been dismissed by that party in the past," he said. In Kerala, the PM attacked the Left government for its action against Ayyappa devotees during Sabarimala protests, saying they tried to "destabilise" sacred places and that devotees were not criminals. The Ayyappa devotees, who should have been welcomed with flowers, were lathi-charged, Modi said bringing up the Sabarimala women entry issue at an election rally at Konni in Pathnamthitta district, near the famous Lord Ayyappa shrine. The state had witnessed violent protests after the LDF government decided to implement the 2018 SC verdict allowing women of all ages to offer prayers at the shrine. — PTI

BJP'S HIMANTA BARRED FROM CAMPAIGNING

- The EC has issued an order debarring BJP leader Himanta Biswa Sarma from campaigning for the next 48 hours over his "threatening remarks" against Opposition leader Hagrama Mohilary of the BPF.
- The complaint against Sarma was lodged with the poll panel by the Congress, the BPF's ally in Assam. Sarma denied the allegation, but the EC was "not satisfied with his reply".

BJP SEEKS EC ACTION AGAINST MAMATA FOR 'VIOLATING' POLL NORMS

- A BJP delegation on Friday met Election Commission officials here and demanded action against West Bengal Chief Minister Mamata Banerjee, alleging she violated elections norms in Nandigram while votes were being cast on Thursday.
- "For the first time in the country's history, a CM sat on a dharna in a polling booth when polling was on. Before she sat on her dharna, 74% votes were polled in Nandigram and the polling was by and large peaceful," Union minister Prakash Javadekar said. PTI

'Not your party member': Didi on PM's 2nd seat dig

DINHATA/NATABARI/FALAKATA (WB), APRIL 2

Asserting that she was winning the election from Nandigram, Chief Minister Mamata Banerjee on Friday hit back at Prime Minister Narendra Modi, saying she did not need his "suggestion" on contesting from an alternative seat.

The Prime Minister had on Thursday asked Banerjee to clarify whether there was truth in "rumours" that she would file her nomination for another seat going to the polls in the last phase, maintaining that the TMC chief had admitted defeat in Nandigram.

"I want to tell the Prime Minister to control his Home Minister first and then try to control us. We are not your party members that you will control us," Banerjee said at an election rally in Dinhata in the north Bengal district of Coochbehar. Banerjee had on Friday alleged that Shah was influencing central forces to behave in a partisan manner during the Bengal polls. "I am not your party's member that you will suggest I contest from another seat. I have contested from Nandigram and will win from there," she added.

SHE HAS LOST BENGAL BATTLE, SAYS SHAH

- Union Home Minister Amit Shah on Friday claimed that Chief Minister Mamata Banerjee had clearly lost the poll battle in West Bengal and said the Citizenship Amendment Act would be on the agenda in the first meeting of the new BJP government which would come to power in the state.
- Shah held two roadshows in the state during the day one at Baruipur in South 24 Parganas and another at Arambagh in Hoogly district. PTI

At a rally in Uluberia on Thursday, Modi said the people of Bengal were prepared if she went anywhere else to contest, anticipating defeat in Nandigram, where she was up against BJP's Suvendu Adhikari, her former aide. — PTI

Nandigram turnout revised to over 88%

SHUBHADEEP CHOUDHURY
TRIBUNE NEWS SERVICE

KOLKATA, APRIL 2

A day after polling, the Election Commission today revised the turnout in West Bengal's Nandigram constituency to over 88 per cent, up from 80.79 per cent yesterday. The count is 2 per cent higher than that recorded in the 2016 Assembly elections.

The hot seat is in the spotlight owing to a high-voltage contest between West Bengal Chief Minister and Trinamool Congress (TMC) supremo Mamata Banerjee and her former loyalist-turned-BJP nominee Suvendu Adhikari.

Of the four West Bengal districts where polling was conducted for 30 seats in the second phase yesterday, Bankura initially showed the maximum turnout of 82.78 per cent. However, as more reports from polling stations arrived on Friday, Purba Medinipur district, where Nandigram is located, rose to the top slot in terms of turnout. Purba Medinipur district recorded 87.42 per cent polling, followed by Bankura (86.98), South 24 Parganas (86.74) and Pashchim Medinipur (83.84). Chandipur constituency, where actor Soham Chakraborty is the TMC candidate, recorded 89.28 per cent polling, the highest among the 30 constituencies.

VOTING IN FOUR DISTS

Purba Medinipur	87.42%
Bankura	86.98%
South 24 Parganas	86.74%
Pashchim Medinipur	83.84%

At UNSC Myanmar meet, India aligns with Eurasian states

SANDEEP DIKSHIT
TRIBUNE NEWS SERVICE

NEW DELHI, APRIL 2

India has aligned its position with those of Eurasian states at the UN Security Council (UNSC) in order to avert the possibility of sanctions on Myanmar that could hurt its ongoing projects.

The Indian divergence from the positions taken by western states at UNSC — the US, the UK, Estonia and France — is over the issue of imposing sanctions. India feels they will hurt the masses more than the military junta. Despite a bloody crackdown that has killed hundreds of civilians in Myanmar, India has avoided mentioning the word sanctions in its statements. Its position has been strengthened by the stand taken by Vietnam, which has taken over the Presidency of UNSC for the month of April.

Vietnam's UN Permanent Representative Dang Dinh Quy said if the UNSC was to impose sanctions, Vietnam will comply "as long as it does not exert a negative impact on the lives of people and the humanitarian situation of the country concerned". Foreign Secretary Harsh Vardhan Shringla made similar observations a fortnight back. "Don't adopt tactics that seem reasonable if you are far away. Global sanctions will impact food security which will lead to inflation in Myanmar," he had said. With two veto wielding UNSC members — Russia and China — also ranged against sanctioning Myanmar, India will be able to preserve its interests that include a port being built by the Adani Group, a first-ever link to the North-East from the Bay of Bengal via Myanmar territory and transfers of military equipment.

DELHI LOOKS TO PRESERVING ITS INTERESTS

- With two veto wielding UNSC members — Russia and China — also ranged against sanctioning Myanmar, India will be able to preserve its interests that include a port being built by the Adani Group, a first-ever link to the North-East from the Bay of Bengal via Myanmar territory and transfers of military equipment.
- At the media briefing on Friday, MEA spokesperson Arindam Bagchi reiterated the observations made by the Vietnam diplomat, including the centrality of ASEAN. India, he said, supported any attempts at resolving the current situation.

Teen found dead outside hospital, rape suspected

NOIDA, APRIL 2

A 14-year-old girl was found dead in an ambulance outside a hospital in Noida where she was abandoned by two unidentified persons, days after being allegedly abducted from Hapur district and gang-raped, officials said.

The Noida police has launched a probe. The Class X girl had gone missing from Hapur on March 22. "Two persons brought her to a private hospital in Noida on March 31 where they left her in an ambulance," a senior official said.

The duo then left on the pretext of getting money from an ATM kiosk, he added. However, they did not return. Additional Deputy Commissioner of Police Ranvijay Singh said the girl was declared dead by the hospital doctors. — PTI

For now, minor escapes deportation to Myanmar

REFUGEE CAMP IN BANGLADESH

- Officials said they were in talks with the Centre to repatriate the child to Bangladesh where her parents live in a refugee camp.
- "We received the deportation orders on March 30," said Subir Roy, who is associated with Silchar's Nibedita Nari Sangshta.

ADITI TANDON
TRIBUNE NEWS SERVICE

NEW DELHI, APRIL 2

A sense of jubilation filled a shelter in Silchar after its inmate, a minor Rohingya girl, escaped deportation to coup-hit Myanmar in a dramatic turn of events today.

"We couldn't have asked for more," an elated Subir Roy, associated with Nivedita Nari Sangstha, home to the 14-year-old for over a year, told *The Tribune*. Sangstha officials said local police had confirmed that the girl was brought back from the international checkgate at Moreh in Manipur.

Myanmarese immigration officials are learnt to have cited Covid protocols for not accepting the child.

Assam authorities, however, said they themselves halted the deportation after being unable to make contact with the officials concerned in Myanmar. Subir Roy was quick to temper his excitement at the return of the child, conscious of the fact that the deportation may happen anytime later considering India is not a signatory to the UN Refugee Convention 1951 or its 1967 Protocol.

India also does not recognise the UN principle of non-refoulement, which urges nations not to expel refugees to places where they could face persecution. "We are happy that the child is returning where she belongs, but sad that this might be only a temporary phase," Subir said, speaking of the minor's experiences at the home. The child, who spoke only Burmese when she came to the Sangstha, now speaks fluent Hindi and Assamese. The officials said they had been engaged with stakeholders to repatriate the child to Bangladesh where her parents live in a refugee camp at Cox Bazaar.

"Things were moving in the right direction until we received the deportation orders on March 30. We can hopefully unite the child with her parents in Bangladesh now," said Subir Roy.
