Covishield Ph 2 &3 trials in India from this month, drug controller gives nod

TRIBUNE NEWS SERVICE

NEW DELHI, AUGUST 3

Stage is set for large-scale human trials on the upcoming Oxford University-Astra Zeneca Covid-19 vaccine from this month with the Drug Controller General of India approving the Serum Institute's application for Phase 2 and 3 trials in India.

The PGI, Chandigarh, is among the 17 trial sites listed in the study, which will involve administration of vaccine to around 5,000 healthy adults. Every volunteer will be administered two doses. If the first one is administered today, the next one will be given on Day 29.

Other trial sites include AIIMS, Delhi; BJ Medical College, Pune; ICMR-Rajendra Memorial Research Institute of Medical Sciences, Patna; AIIMS, Jodhpur; Nehru Hospital, Gorakhpur; Andhra Medical College, Visakhapatnam; and JSS Academy of Higher Education and Research, Mysore.

Covishield vaccine candidate recently showed promise following Phase 1 and 2 clinical trials in the UK. No human subject presented serious adverse effects, thereby establishing vaccine safety. All volunteers tolerated the vaccine well and generated strong immune responses.

Phase 2 and 3 clinical trials on the vaccine are expected to start in India this month with CEO of Pune-based Serum Institute Adar Poonawala saying, "Phase 3 human trials will be decisive and crucial. These will show how much protection the vaccine gives against Covid-19." The Serum Institute is aiming at year-end launch of at least a few million doses of the vaccine.

CHANDIGARH, AUGUST 3

Haryana ramped up testing by the extensive use of rapid antigen kits in July despite the fact that in more than one-third of the positive cases they have been giving incorrect negative reports.

Official data of the state Health Department reveals that of the 3.48 lakh tests conducted in the state in July, 1.42 lakh used rapid antigen kits.

While the overall positivity rate in the state was 5.7 per cent on August 2, only 3.7 per cent of those tested by rapid antigen tests were found positive. Of the 44,080 people tested by rapid antigen tests in Gurugram, the district with

NSA, military brass to discuss Moldo meet outcome

TRIBUNE NEWS SERVICE

NEW DELHI, AUGUST 3

The all-powerful China Study Group (CSG) headed by National Security Adviser Ajit Doval will meet in a day or two to review the outcome of the talks held on Sunday between Lt General-level Commanders of India and China at Moldo.

The CSG, which includes the Cabinet Secretary, Foreign Secretary, Service Chiefs and Defence Secretary as its members, will approve the next steps to be taken along the Line of Actual Control (LAC) in Ladakh.

The CSG had met on Thursday to decide the agenda and proposals for Sunday's meeting. Lt General Harinder Singh, who led the Indian delegation, was asked to convey to the Chinese that the status quo ante as per April 2020 had to be restored along the LAC. The Chinese side was "uncooperative", sources said. The Chinese stance at the meeting reflected the official line taken by the Chinese ambassador during his recent talk at the Institute of Chinese Studies. The ambassador had said Chinese troops were positioned on their side of the LAC.

The process to disengage troops and pull back warwaging equipment like guns, tanks, rocket launchers and missile launchers has been stalled as the People's Liberation Army of China has not honoured the disengagement plan. Chinese troops have not moved back from Finger-4 on the north of Pangong Tso, a 135-km glacial lake.

THREE TERMS FOR STATUS QUO ANTE

- Withdrawal of Chinese troops from Finger-4
- Removal of new infrastructure in 'grey areas', where perception of LAC differs
- Restoration of patrolling rights to India

Proposals discussed during Sunday's meeting will now be discussed in Delhi and Beijing before these are finalised for implementation, sources said.

New norm: Carry yoga mat to gym

NEW DELHI, AUGUST 3

With fitness and yoga centres all set to open from August 5, the government today said gym owners will have to check oxygen levels of users before allowing them to exercise and people must bring their own yoga mats.

Those with oxygen saturation below 95 per cent won't be permitted to break sweat and gyms will have to keep pulse oximetres to test clients for this. Thermal screening will be a norm and only asymptomatic users will be allowed inside fitness centres, the Ministry of Health guidelines said.

DOS

- Specific pathways for entering, exiting exercise areas
- Six feet distance between customers
- Contact-less payments via cards

DON'TS

- Spas, sauna and swimming pools to remain shut
- No masks while exercising
- No yogic kriyas in closed studios

Laughter yoga stands prohibited for the time being. The guidelines mandate six-foot distance between users and enough floor area inside fitness centres to ensure every user has four square metre to himself.

The guidelines clearly say that face masks and covers are necessary when visiting fitness centres, but the same should be avoided during exercising as they could lead to breathing difficulty. Yoga institutes and gymnasiums in containment zones will remain closed. — TNS

Jadhav can engage Pak lawyer: Court

TRIBUNE NEWS SERVICE

NEW DELHI, AUGUST 3

A Pakistan court has allowed India to hire a lawyer to file a review petition against former Indian Navy officer Kulbhushan Jadhav's conviction. "However, as things stand, an Indian lawyer may not be allowed to argue the case in Pakistan courts," Pakistan Attorney General Khalid Javed Khan told the media.

The civilian court was to hear a plea submitted by the Pakistan Government against a military court sentencing Jadhav to death. The International Court of Justice (ICJ) had ordered Pakistan to reopen the case as Jadhav's right to consular access had been denied.

Pakistan had filed the plea on the basis of a Presidential Ordinance that allows a review of a decision of the military court in a civilian court. The ordinance was approved specifically to allow Jadhav to challenge the military court awarding him the death sentence.

"The court has said that if the Indian Government wants to engage a counsel, then they should be allowed to do so," said the Attorney General. "Only Pakistani lawyers entitled to practice in Pakistan will be allowed. An Indian legal representative is not an option for now. Let's see who they engage," he remarked when asked whether an Indian lawyer would be allowed.

The court has set the next date of hearing on September 3, giving a month to India and Pakistan to engage on the issue. The ordinance has become a bone of contention in Pakistan politics with the Opposition accusing the Pakistan Government of trying to cut a deal with India to send Jadhav back.

But the ruling party blames Nawaz Sharif, the then PM, for approaching the ICJ. "Had one party not accepted the ICJ's jurisdiction, matters would not have come to such a pass since the case would not have been heard," Pakistan Cabinet Minister Shireen Mazari has held.

Pakistan claims that Jadhav twice declined to file a review petition. India says Jadhav's two meetings with Indian diplomats had shown that he was under duress.

- Jadhav was in 2017 sentenced to death by a Pak military court on charge of being an Indian spy engaged in subversive activities

2 Patiala towns' link to liquor deaths

AMAN SOOD
TRIBUNE NEWS SERVICE

PATIALA, AUGUST 3

Dhabas along highways, godowns and residential premises in villages are allegedly used to trade, store, supply and manufacture spurious liquor.

Monthly bribes to policemen, botched up investigations and deliberate efforts "not to recover cash" or seize assets of smugglers in cases registered under the Excise Act allegedly help this trade flourish.

The recent deaths in Punjab due to the consumption of spurious liquor have once again brought to light how extra neutral alcohol (ENA) or ethanol transported from distilleries to paint and pharmaceutical units and other factories is deliberately allowed to be smuggled.

"In Ghanaur and Rajpura areas, distilleries and truckers hold the key, courtesy political patronage. Truck drivers are not paid any salary, with a basic understanding between truckers and owners that they will pilfer one drum of ENA per round," said a liquor contractor. "The driver will then tie up with some dhaba owners or smugglers, who will pay him Rs 1,500 to Rs 2,000 per drum," said a police officer.

Smugglers generally store the ENA so procured in godowns, houses and roadside dhabas from where they supply it to every nook and corner of the state.

"Illegal distillery owners buy ENA from smugglers, use it to make fake brands and then sell these to pocket huge profits. For every round of chemicals exchanging hands, cops and excise officials get their cut," said an insider.

"In connivance with the ENA mafia and distillery owners, liquor worth Rs 700 crore was manufactured and sold during the lockdown in Punjab. Despite high demand, it was the only state where no queues were witnessed at liquor vends when these opened after almost three months, as supply of illegal liquor had never been interrupted," said a top ED official.

"Recently, when accused in the illegal Ghanaur distillery case were grilled, they named many senior police officers who were allegedly paid monthly bribe. But that fact was never made part of the investigation report," sources said.

Principal Secretary (Excise and Taxation) A Venu Prasad, meanwhile, said their department had already launched a special drive to check ENA pilferage and use of chemicals to manufacture spurious liquor.

HOW DO THEY DO IT

- Truck drivers are not paid any salary, with a basic understanding that they will pilfer one drum of ENA per round
- The driver will then tie up with some dhaba owners or smugglers, who will pay him ₹1,500 to ₹2,000 per drum

42% decline in locals joining militant outfits in J&K: Govt

MUKESH RANJAN
TRIBUNE NEWS SERVICE

NEW DELHI, AUGUST 3

The recruitment of local youths by terror outfits in Jammu and Kashmir has come down by nearly 42 per cent since the special provisions under Article 370 of the Constitution were abrogated and the erstwhile state was bifurcated into two UTs, said officials in the Ministry of Home Affairs (MHA).

Quoting figures provided by intelligence agencies, the officials said during the one-year period prior to August 5, 2019, around 172 locals joined different terrorists groups, but after August 5, 2019, and till date, recruitment of such youths fell by around 42 per cent (from 172 to 100).

They also said the infiltration bids into India along the Line of Control in Jammu and Kashmir had also seen a decreasing trend. Against 241 such incidents previous year, there were 162 attempts since August 5, 2019, they said.

Sharing a comprehensive analysis of the data gathered from different agencies since the constitutional changes were made last year, the MHA officials said it established a fact that separatists, who used to give call for strikes in Kashmir now and then, were in a complete disarray. The trend is the result of the government's continued crackdown on them and seizing their bank accounts and attaching assets, they added.

AMRITSAR/TARN TARAN, AUG 3
With five more deaths in Tarn Taran and Amritsar in the past 24 hours due to the consumption of spurious liquor, the toll has reached 117 in the region.

Three fresh deaths were reported in Tarn Taran, while two died in Jandiala Guru in Amritsar. Till now, Tarn Taran has reported 91 deaths while Amritsar and Batala have witnessed 14 and 12 casualties, respectively. Karaj Singh, a resident of Jandiala Guru, was admitted to Guru Nanak Dev Hospital last evening after his health deteriorated. The doctors declared him dead in the early hours today.

Rajinder Singh of Verowal Road in Jandiala Guru, died after consuming illicit liquor. Yesterday, he was rushed to a Manawala hospital after his health deteriorated, but he could not be saved. His family members did not inform the authorities and cremated his mortal remains today. They said he had lost his vision after consuming liquor on Saturday.

In Tarn Taran, the deceased were identified as Kulwant Singh of Muradpur Abadi, Harjinder Singh of Miglani village and Gurmit Singh of Kaler village.

Following the tragedy that led to an unprecedented number of deaths, many people involved in the trade have gone underground. The residents alleged that there was a nexus behind bootlegging in Tarn Taran.

Ram Singh (55), a resident of Kalla village, who was recuperating at the Tarn Taran Civil Hospital, said he used to procure illicit liquor from Kuldeep Singh of the village while many women were also involved in selling spurious liquor. He said due to curfew and lockdown, a number of persons had started the illegal trade.

Kuldeep Singh and Sukhdev Singh of Kakka Kandiala, both victims of the tragedy, said those who indulged in selling illicit liquor in their village had absconded. Another resident claimed though the liquor trade had been flourishing for the past many years, the police had failed to curb the menace due to political patronage to bootleggers.

Jagjit Singh Walia, SP (D), Tarn Taran, said the statements of the victims were being recorded and those indulging in the illegal trade would be taken to task.

Meanwhile, launching a crackdown on bootleggers, the Amritsar rural police busted three illegal distilleries operating in Bhangwa village under the Majitha police station, Chak Mishri Khan village under the Lopoke police station and Bhindi Saida village under the Bhindi Saida police station. The rural police also nabbed 13 bootleggers while 44 others were booked. Similarly, the Tarn Taran police booked 40 bootleggers and arrested 13 persons.

Cong trying to hush up case: SAD

CHANDIGARH, AUGUST 3
The Shiromani Akali Dal (SAD) on Monday said the Congress government had gone "into panic mode as the roots of the liquor tragedy led to the Chief Minister's Office".

In a statement here, SAD spokesman Dr Daljit Singh Cheema, while commenting on "identical statements" released by four different ministers, said the parroting of old lies indicated that Chief Minister Capt Amarinder Singh and his coterie had become jittery that given the scale of the human tragedy an independent inquiry by a sitting judge of the High Court or the CBI would nail them.

"Four ministers have been told to launch a politically motivated counter-attack on the Akalis instead of making any effort to nab Cong leaders and distillery owners responsible for the death of over 100 persons," he said.

Stating that the SAD would not rest till justice was done to the victims, Dr Cheema said: "No amount of damage control by even the entire Cabinet can save the erring Congress men."

"Punjabis were expecting that the ministers would go to the Chief Minister and explain the magnitude of the tragedy to him. Instead they, including Health Minister Balbir Singh Sidhu, are indulging in a cover-up exercise indicating they have a stake in ensuring a quick burial of this issue," he alleged. — TNS

Cong MPs meet Governor, demand CBI investigation

TRIBUNE NEWS SERVICE

CHANDIGARH, AUGUST 3
Two Congress Rajya Sabha MPs Partap Singh Bajwa and Shamsher Singh Dullo today met Punjab Governor VP Singh Badnore and demanded a probe by the CBI or the Enforcement Directorate (ED) into the spurious liquor tragedy. They said they had no faith in the probe being conducted by the state agencies.

The MPs said the Governor had assured them that he would forward their request to the Centre, while seeking report from the state government. The MPs said apart from meeting party president Sonia Gandhi on the issue of "total administrative failure" of the state government on various issues, they, along with other MPs, would be meeting the Prime Minister and the Home Minister on the issue of investigations into the tragedy.

They said it was not a mere accident, but cold-blooded murders committed out of greed. The complicity of the police, excise officials and politicians in power could not be ruled out, they alleged.

They said there had been losses to the state exchequer due to smuggling of liquor by licensed distilleries during lockdown, functioning of illegal distilleries and production of spurious liquor in Punjab, but no action had ever been taken against the culprits.

Slamming Capt Amarinder Singh, the MPs, in their representation to the Governor, said the Chief Minister had failed to rein in the racket of illegal distilleries.

They said the Chief Minister was even unaware of what was going on in his own district. The first illegal distillery was found at Khanna, the second at Rajpura and the third at Ghanaur. Rajpura and Ghanaur are both part of Patiala, the home district of the Chief Minister and the Parliamentary constituency of his wife.

The excise and police authorities had chosen to ignore the liquor mafia, they claimed, adding that hurdles were being created in the probe being conducted by the ED against illegal distilleries as the big fish remained unmasked.

The state police on Monday arrested 12 more persons, including two businessmen, and have launched a manhunt for a Ludhiana-based paint business owner, who had initially supplied three drums of spurious liquor that had triggered the wave of deaths.

The police have also launched a departmental inquiry against two DSPs and four SHOs suspended for negligence. The magisterial inquiry ordered by the Chief Minister is also probing the involvement of all suspects, as well as the six police and seven excise and taxation officers whose suspension was ordered by the Chief Minister on Saturday.

The total number of arrests in the case has gone up to 37, including five kingpins of illicit liquor mafia spanned over several districts of the state. A manhunt has been launched for eight more identified accused, including Ludhiana-based paint shop owner Rajesh Joshi, believed to be a key player in the mafia chain, said DGP Dinkar Gupta.

Investigations are also in progress to identify other links, he said, adding that efforts are also in progress to identify various supply routes across districts since there were multiple buyers of the Ludhiana-based businessman, who was still absconding. The DGP said raids were still continuing.

Among the arrests made in the past 24 hours is Ravinder Singh Anand of Moga. He runs a factory manufacturing mechanical jacks. He had bought three cans of 200 litres each of spurious liquor at Rs 11,000 per drum from the Ludhiana businessman. He had recently started manufacturing hand sanitisers.

TRIBUNE NEWS SERVICE

MANSA, AUGUST 3
Continuing its crackdown on illicit liquor trade, the police on Monday arrested 32 more bootleggers in three districts.

The Mansa police have nabbed 19 persons and claimed to recover 1,170 litres of lahan, two working apparatus and 509 bottles of liquor along with a car and two motorcycles.

Mansa SSP Surendra Lamba said they got a tip-off that Amritpal Singh alias Pali, a resident of Samao, and Gora Singh, a resident of Dirba were bringing liquor from Haryana in a car. He said their aide Ram Singh was moving ahead of them on a motorcycle. He said the police seized 360 bottles of illicit liquor.

In another case, the police recovered 500 litres of lahan from Jarnail Singh Jailly, a resident of Nangal Kalan, 200 litres of lahan from Jagdev Singh, a resident of Khilan, and 150 litres of lahan from Babbi Singh, a resident of Tamkot.

Fazilka: The police arrested five persons and recovered 2,525 litre 'lahan' from Mahalam village. The village, situated in the Jalalabad segment of Fazilka district, is considered a safe haven for bootleggers as distillation is still going on unabated here.

"Some bootleggers have dug concrete trenches to conceal liquor in their houses. We have destroyed the trenches several times and recovered a huge quantity of liquor but they again raised the structures," said Palvinder Singh Sandhu, DSP, Jalalabad.

Chhinder Singh, sarpanch of the village, said as per a survey conducted on Sunday, of the total 463 families, only 42 were presently involved in the illegal trade.

DSP Palvinder Singh said the police was extending assistance to the panchayat but despite registering cases and organising seminars, many were not ready to leave the lucrative business.

Ropar: The police have destroyed 2,000 litres of lahan and several stills in Thaluh village on Himachal border today. Besides 1,200 litres of lahan stored in drums was seized by the police.

Raminder Singh Kahlon, DSP, said 70 cops searched different areas in Anandpur Sahib, Nangal, Kiratpur Sahib and Nurpur Bedi. He said the police personnel found several stills in the the forest area of Thaluh village.

Hoshiarpur: The police have seized 1,259 litres of illicit liquor from eight persons. SSP Navjot Singh Mahal said they had confiscated 1,259 litres of illicit liquor from Dasuya, Tanda, Hoshiarpur and Garhshankar.

Illicit trade 'flourishing' in Bathinda villages

BATHINDA, AUGUST 3
Illicit liquor trade has been flourishing in the rural areas of the district right under the nose of the police and excise officials. The Bir Talab Basti area in the district has earned the notoriety for being the hub of illicit liquor trade.

Many people are involved in this trade. The area has become a hub in the region where country made liquor is prepared and sold illegally. The liquor is supplied in plastic packets.

The price of this liquor is Rs 100 per bottle and it comes in a pack of two bottles, whereas the price of genuine country made liquor is around Rs 250 per bottle.

A youth at Bir Talab village said many people from the city and nearby villages come daily to purchase illicit liquor. He said there was a demand, so people prepare and sell it.

It seems that despite more than 100 persons were killed after consuming spurious liquor, no major action has been initiated against this illegal trade in the district.

Jaskaran Singh, IGP, Bathinda Range, said, "This issue is in my notice and there is zero tolerance towards illicit liquor. We have identified pockets, which include the Bir Talab area, where this practice is going on and the police are regularly keeping tabs and conducting raids."

On Saturday, the Bathinda police arrested accused Manpreet Singh and Jagsir Singh of Bir Talab Basti in two separate incidents and seized 400 litre and 200 litre 'lahan' from their house.

Villagers alleged that despite lodging complaints against this illicit trade, no major action had been taken.

Prof Dr Vitull K Gupta, a health activist, said all kinds of alcohol carried health risk, but country made liquor could be much more hazardous because it might involve multiple distillation process, often poorly regulated, improper equipment leading to production of different concentration of alcohol (ethanol), harmful impurities such as fusel alcohols, lead from plumbing solder and methanol.

He said spurious liquor was made by adulteration of country made liquor with methyl alcohol or methanol or ammonium nitrate to sweeten it, decrease cost and increase its intoxicating potency. The intake of ammonium nitrate might cause headache, dizziness, abdominal pain, vomiting, heart problems, convulsions, collapse and even death.

Smuggling from Haryana worries Sangrur residents

TRIBUNE NEWS SERVICE

SANGRUR, AUGUST 3
Sangrur residents fear Tarn Taran-like liquor tragedy as smuggling of liquor from Haryana goes on unabated. The "home delivery" of Haryana-made liquor is allegedly available at cheaper rates in the border district. The Sangrur police have registered 282 FIRs pertaining to liquor seizure and arrested 334 suspects since May.

"Haryana-based liquor smugglers have been supplying liquor at rates almost 50 per cent less than that of Punjab liquor in many villages. Home delivery is also available. Since there is no information on smuggled liquor's quality, it could cause major health problems among residents," said Dharminder Pashore, Lehra block president, BKU Ugrahan.

In 2019, the Sangrur police registered 883 FIRs, arrested 1,054 suspects, sealed nine illegal distilleries and seized 2,134 litres of lahan (raw material to prepare liquor) and 79,584 litres of liquor. This year since May, the police have registered 282 FIRs, arrested 334 suspects and sealed nine illegal distilleries and seized 4,393 litres of lahan and 18,681 litres of smuggled liquor.

Sangrur SSP Dr Sandeep Garg said their special patrolling teams were conducting round-the-clock checks in border villages. "The registration of a high number of liquor seizure cases shows that our teams are working hard," said Garg.

CHANDIGARH, AUGUST 3

Facing a financial crisis, the Punjab Government today "stopped" the salary of all employees, except those in the Class IV category.

Finance Department officials say the salary of all other employees will be released in a staggered manner, as and when they are able to arrange the funds. The monthly salary bill of the state government is Rs 2,303.26 crore.

Since pension (Rs 1,022 crore per month) and interest payments are kept in a separate head by the Reserve Bank of India, these two committed expenses of the state have reportedly been met. The Goods and Services Tax (GST) compensation, which hasn't been released by the Centre for the past four months (April to July), and the state's own tax and non-tax revenues falling drastically because of the lockdown, have left the government with no resources to meet the committed liabilities. Even the share of the state in Central taxes (₹850 crore per month) has not been released by the Centre.

NO HELP FROM CENTRE

The Goods and Services Tax compensation, which hasn't been released by the Centre for the past four months (April to July), and the state's own tax and non-tax revenues falling drastically because of the lockdown, have left the government with no resources to meet the committed liabilities. Even the share of the state in Central taxes (₹850 crore per month) has not been released by the Centre.

Just two days back, Finance Minister Manpreet Singh Badal had written to Union Finance Minister Nirmala Sitharaman, objecting to the submission of the Centre before a parliamentary panel that it was in no position to release GST compensation to the states. He said this would hit Punjab hard as GST was the largest component of its revenue. Over the past one month, the state has also cut down its expenses on mobile phone bills and fuel.

A senior Finance Department official said: "We are floating a state development loan of Rs 1,500 crore on Tuesday, which might help us borrow money from the market to meet our committed liabilities." He said in case the interest rate offered in the auction of the state development loans was high, they would raise Rs 1,000 crore from the sale of state bonds. This would be enough to meet all committed expenses, he added.

Approval to build separate floors has officials in a fix

Say they have no clue to notices already issued to builders

CHANDIGARH, AUGUST 3

Hundreds of notices issued to builders for illegally constructing independent floors under the jurisdiction of the Zirakpur civic body could come in the way of a recent decision of the Local Government Department of approving building plans of floors.

The notices, under Section 195 of the Punjab Municipal Act, 1911, had been issued to builders for illegally raising independent floors without getting the building plans approved as per the building bylaws. The offences include non-compoundable violations, including common stairs and not leaving requisite setback at the front and rear. The Director, Local Government, in July last year, had pointed out that some builders, after getting a licence from the competent authority for a colony in the form of plotted development, constructed stilt plus three (S+3) and ground plus three (G+3) structures in violation of the municipal building bylaws. In some cases, developers got plans sanctioned for arrow of contagious units by showing each as a separate unit whereas they were part of a larger project. "Now, the government has clarified that building plans of independent floors can be cleared subject to no violation of the building bylaws. This means notices have to be withdrawn and non-compoundable violations need to be removed," said a senior official.

Recently, Local Government Director Bhupinder Pal Singh had allowed the department to approve building plans for G+2, G+3, S+3 and S+4 independent floors under the Punjab Municipal Building Bylaws, 2018, and subsequent amendments, which provide for independent floors, but there should be no violation of the building bylaws. — TNS

Protective shield of law has to be extended to public servants: HC

SAURABH MALIK
TRIBUNE NEWS SERVICE

CHANDIGARH, AUGUST 3

The Punjab and Haryana High Court has taken cognisance of an increase in the number of assault cases to prevent public servants from carrying out their duties before asserting that government functionaries were required to be shielded for allowing them to work fearlessly.

Such matters were required to be handled firmly to arrest the tendency, Justice Arun Kumar Tyagi of the High Court asserted, while hearing an anticipatory bail plea filed by two accused in an attempt to murder case.

Justice Tyagi's Bench was told that a case alleging assault or criminal force to deter a public servant from discharge of his duty and other offences was initially registered on June 9 at the Koom Kalan police station in Ludhiana district under Sections 353, 186, 323, 427 and 34 of the IPC. Attempt to murder and two other offences were added later in Sections 307, 382 and 325 of the IPC.

"Cases of assault or use of criminal force to obstruct/prevent public servants from discharging their duties are on the increase. Such cases have to be sternly dealt with to curb the tendency of assaulting or using criminal force to public servants and the protective shield of law has to be extended to such public servants to enable them to effectively discharge their duties without any fear," Justice Tyagi said.

Referring to the allegations, Justice Tyagi observed that public servants visited a village on June 8 at noon to persuade the accused not to plant paddy crop before the date notified in the government instructions.

Two of the accused allegedly abused, chased and obstructed the public servants in discharge of their duties and damaged their vehicle. One of them allegedly caused injuries to the public servants, including a woman officer, who was a part of the team. Dismissing the petition, Justice Tyagi asserted the arrest of petitioner would be a part of the process of investigation intended to secure several purposes. The petitioner was to be questioned in detail regarding various facets of the crime.

His custodial interrogation may provide information leading to discovery of material facts. Curtailing his freedom was necessary to enable the investigation to proceed without hindrance and to protect witnesses, Justice Tyagi concluded.

'CASES OF ASSAULT INCREASING'

One person, carrying the contraband in the vehicle, has been arrested. The value of drugs seized, being smuggled from Uttar Pradesh, is around Rs 1 crore in the international market.

A police spokesperson said the team, present near the Kundli-Ghaziabad-Palwal toll plaza, got a tip-off about drugs being smuggled in a vehicle. They laid a trap and after some time, signalled the Bolero to stop for checking. Inspection of the vehicle led to the seizure.

The accused was identified as Vijay of Bhawar in Sonepat. During preliminary interrogation, it was revealed that accused had brought the seized contraband from Uttar Pradesh. A case under the NDPS Act was registered and a probe initiated. A local court remanded the accused in police custody. — TNS

Youth thrashed by cow vigilantes critical; relief sought for kin

GURUGRAM, AUGUST 3
Accusing the state government of apathy following the thrashing of a Ghasera resident on the suspicion of carrying beef, residents of Ghasera, Nuh, Ferozpur Jhirka, Nagina, Punhana, Bhadas, Shah Chokha and Shikrawa villages have stopped meat supply to Faridabad, Gurugram, Palwal and Delhi, leading to shortage at meat shops. Scared for their life, meat transporters have demanded exemplary punishment for over 12 accused and compensation for the family.

"Our vehicles are not moving. We are buffalo meat suppliers to many parts of the NCR. Of late, we have been under constant threat from cow vigilantes. They don't give two hoots because of government patronage," said Chaudhary Ashraf, sarpanch of Ghasera village.

"Beaten up in police presence, Lukman is struggling for life at the medical college in Nalhar. Nobody from the government has paid his family a visit. We will not restore supply till we are assured of security and exemplary punishment is given. If things continue this way, we will not even supply milk," he said.

The Qureshi community, traditionally involved in meat supply, called for a mahapanchayat to discuss the issue. Congress leaders of the area had met the family.

Lukman (27) of Ghasera had been attacked and brutally thrashed by a group of men while on his way to deliver buffalo meat at a shop in Sadar Bazar here. The incident was videographed by onlookers. The suspects assaulted the victim while police personnel were mute spectators. Hit with a hammer, Lukman was in a critical condition at the medical college.

The Gurugram police had suspended four personnel, including an SHO. They had nabbed four accused so far, including the man who purportedly hit Lukman with a hammer. The police stated that they had identified 10 other accused and would nab them soon. According to an investigator, the accused had said they signalled Lukman to stop, but his nervous look and attempt to flee made them believe that he was carrying beef.

"Lukman was willing to kill himself if they could prove that it he was carrying beef. He asked them to call the authorities to get it checked, but nobody listened to him. When the police arrived, they did not stop. I had asked him not to go as goons could be around. We were in a crisis due to the lockdown and he wanted money to buy clothes for the family as the next day was Eid," said his father Bilal.

Politics & spirituality

India cannot afford to remain a divided house

AS far as symbolism goes, the choice of the date for *bhumi pujan* or the groundbreaking ceremony at Ayodhya could not have been more potent with political overtones. August 5 is the first anniversary of the abrogation of Article 370, which had given a special status and provisions to the erstwhile state of J&K. The picking of the date obviously proves that there is more politics and less spirituality about the construction of Ram temple. To lay the foundation stone for a temple at Ayodhya on this very date is to underscore the politics of the Hindutva identity project that catapulted a marginal force to the centre of India's electoral politics, with increasing majority in two consecutive polls.

Unfortunately, the beneficiaries of this majoritarian venture often overstate the efficacy of Hindutva as a vote-catching, electoral magic wand. The slow growth and final crowning glory of the Sangh Parivar is not as much because of its core agenda, including Ram temple, Article 370 and triple talaq (part of the scheme to implement uniform civil code), as it ought to be credited to a dispirited Opposition in complete disarray. But the sad truth of the practice of majoritarian politics is that a formula wrongly attributed to be successful gets used repeatedly. Kashi and Mathura could become the next pit stops for the newer *raths* of communal wrath. Even the diminishing electoral returns on communal investments would only prompt the protagonists to push for further polarisation, making themselves believe that '*ek dhakka aur*' would get them another term in government.

The Covid times are inauspicious for religious and political events. Many in the Union and state governments are falling sick, testing positive and getting hospitalised. This should make the government reassess its priorities, particularly when the enemy is at our eastern doors. This is a moment when we want the nation united against the virus, on the economic crisis and the foreign policy challenges. The Supreme Court verdict has led to this Ram temple denouement, but now it should not further trigger internal dissensions. India cannot afford to remain a divided house.

Lockdown suicides

Financial & emotional support vital for vulnerable people

THE chaos and uncertainty triggered by the Covid-19 pandemic as well as the stringent lockdown imposed to contain its spread have affected lives and livelihoods in India. Even though the unlocking has been in progress for the past two months, people are struggling to adapt themselves to the new normal. Financial distress and social isolation have pushed many of them to the brink or beyond. Ludhiana, Punjab's industrial hub, was hit hard by the prolonged closure of factories. The trauma caused by factors such as loss of jobs and business reversals is reflected in the alarming rise in the number of suicides. One Ludhiana resident, on an average, took the extreme step every day during the four-month period from April 1 to July 31. The rate was one suicide in two days during the preceding three months.

The figures for Kolkata, the 'City of Joy', are no less disturbing. Between April and June, at least 113 cases of suicide were reported, more than double the number for the corresponding period in 2019 (55) and 2018 (49). According to data compiled by a group of researchers, suicide was the leading cause of over 300 lockdown-related deaths that occurred in the country from March 19 to May 2.

It was the suicide by film actor Sushant Singh Rajput that turned the spotlight on much-ignored mental health issues. However, the incessant focus on the case itself — the sordid blame game, the conspiracy theories — has brought things back to square one. The efficacy of the helplines being run by the authorities as well as NGOs remains debatable. Suicides by Covid-positive patients or their family members underline the paranoia and stigma that continue to be associated with the disease. It's imperative to promptly reach out to a person showing signs of depression. The role of family and friends in providing succour can't be overestimated. Financial and emotional support in these trying times can reduce cases of people taking an irreversible step. The Central and state governments, on their part, ought to ensure that the needy are not deprived of the benefits of relief and rehabilitation schemes.

LAHORE, WEDNESDAY, AUGUST 4, 1920

The Offending Officers.

JUDGING from the comments which several of our contemporaries have seen fit to make on the subject, it appears that certain words which we recently wrote regarding the offending officers in this Province have been completely misunderstood. The words were as follows:–"Of the nine officials named in the Congress report, three are no longer in the service of the Government and one has either left or is about to leave India. It is fairly certain that by the time the new Council meets such of the remaining five as are mentioned in the Hunter Report and by the Government of India as having abused their powers will either cease to be in the service of the Government or be otherwise suitably dealt with. In any case, if we know our duty in the matter, and unless the authorities in India are extraordinarily perverse, it is extremely improbable that any of these men will during the next few months occupy a position by virtue of which they will have a right to sit in the Council." These words have been interpreted to mean that we had some sort of information, official or semi-official, that the officers were about to be properly dealt with. Need we point out that nothing could be further from the truth, and that the words themselves bear no such construction? What we said about the first four of the nine officers was even then with the knowledge of most people. And as regards the remaining five, our remark was obviously only an anticipation of what the Government of India is bound to do, and what it clearly owes it to itself, to the Hunter Committee as well as to the Secretary of State to do without any avoidable loss of time. If anyone thinks that in saying what we did we expected too much from the Government of India, he may turn out to be right, but surely we said nothing to give anyone the impression that we were in the confidence of men in authority.

Operation cleanup in China

Xi Jinping has launched a 'rectification' campaign to eliminate opposition

JAYADEVA RANADE
PRESIDENT, CENTRE FOR CHINA ANALYSIS AND STRATEGY

BLIND LOYALTY: The focus of the year-long campaign will be to weed out 'two-faced' cadres on charges of violation of party discipline and corruption.

The objective is to thwart criticism of Xi Jinping and the CCP, as it undermines his authority and the party's legitimacy, and also blunt US efforts to destabilise the party.

THE national security apparatus is the crown jewel of any country. Authoritarian regimes pay particular attention to them as they help preserve the regime and keep the population compliant and in check. China's communist leaders have, for obvious reasons, been conscious of the importance of the security apparatus, referred to with some trepidation as the 'knife handle' by party cadres. This is evident in the high security budgets, which rise each year and a couple of years ago were higher than even China's national defence budget! This year too, while nearly half of all departments including the ministry of foreign affairs had their budgets cut, the allocation for China's domestic security apparatus was increased.

President Xi Jinping has undoubtedly been unnerved by the persistent criticism — including by senior communist cadres and 'princelings' — aimed at him since late 2017 when he abolished term limits for senior posts, and which intensified with the outbreak of the coronavirus epidemic. Crucial to his efforts to diffuse, if not eliminate, opposition is ensuring the loyalty of China's ubiquitous public security apparatus that has a presence throughout the country down to each village and urban neighbourhood. After effecting some personnel changes in the Ministry of Public Security (MPS) over the past two years, replacing a total of nine 'leaders' and recently establishing a powerful new security body, Xi Jinping has turned his attention to ensuring the loyalty of the apparatus.

This July, he unleashed a severe year-long 'rectification' campaign, which will receive impetus from a commentary in the latest issue of the flagship party theoretical fortnightly 'Qiu Shi' (seeking truth), which called for 'protecting' the Central Committee (CC) which is the 'core' of the Chinese Communist Party (CCP), with Xi Jinping at its 'core' and 'protecting' his position. These are now referred to as the 'two safeguards'. The campaign's focus will be on weeding out 'two-faced' cadres on charges of violation of party discipline and corruption. It is apparent that the 'loyalty' of many in the security setup continues to be doubted.

On July 8, Chen Yixin, a trusted associate of Xi Jinping and secretary general of the Political and Legal Affairs Committee (PLAC), which is at the apex of China's security apparatus, announced a three-month (July to October) pilot programme prior to a penetrating nationwide education and rectification campaign. The campaign encompasses all security institutions, including supervision commissions, courts, procuratorates, police and prisons. Indicating the intensity of the campaign, Chen Yixin called it 'a self-revolution with the blade inward and bone scraping to cure poison'. Saying 'we must drain away the filth and bring in fresh water', he called for a 'turbulent and clear-cut Yangqing-style Yan'an Rectification Movement' to 'strive to build a political and legal iron army that the party and people can trust, trust, and can rest assured'. He emphasised that the security apparatus is an important force to defend the leadership of the party and the state power of the people's democratic dictatorship. Acknowledging that efforts had been made each year to eliminate black sheep, he said 'the situation remains grim'. The 'knife should be inward, the malignant tumour should be completely cut, the black sheep should be eliminated, and the political and legal teams should be absolutely loyal, absolutely pure, and absolutely reliable'. He gave particular stress on achieving the 'two safeguards'. The campaign is to commence at the beginning of 2021 and end in the first quarter of 2022.

The following day, China's MPS convened a meeting to mobilise personnel for the new education and rectification campaign. Speaking at the meeting, state councillor and minister of public security Zhao Kezhi emphasised the need for implementing the 'spirit' of Xi Jinping's guidance and the Central Committee's instructions on strengthening political ideology. He especially stressed 'closely centring on loyalty to the party'. He said the ministry's campaign must focus on leadership at all levels and use 'the courage of self-revolution and spirit of rectification' to further solidify loyalty, strengthen party leadership, improve its 'political ecology' and make its goals for disciplined work style even stricter.

Both the campaigns were publicised by the party's official mouthpiece *People's Daily*, which noted the stress on the 'two safeguards'. The campaign can be anticipated to be thorough and result in the dismissal and arrests of numerous PLAC cadres. The objective of the campaign will be the identification and weeding out of those suspected of loyalty to other leaders or factions, thus securing for Xi Jinping full control over the law enforcement system.

Xi Jinping's objectives in launching such a tough campaign at this time when he is under domestic and international pressure would be to staunch criticism of himself and the CCP from appearing in public, as they undermine his authority and the CCP's legitimacy. It will also be to try to blunt US efforts to undercut the CCP, as indicated by Washington's proposal to deny visas to CCP members and the possibility of the US using the surge in global anti-China sentiment to destabilise the CCP.

A haircut to remember

RATAN SEHGAL

THE other day, my granddaughter, asked with amusement, '*Dadu*, how come you have suddenly got so much hair on your head?' I ran my fingers through my hair, saying, 'Excuse me, but I have always had plenty of hair, and it is all natural!' Thanks to the coronavirus, my hair has grown long and unmanageable and I am now in urgent need of a haircut.

One day, when I felt particularly uncomfortable, I asked the cook to give me a trim. But since he is more adept at wielding a kitchen knife than scissors, he did not do much of a job. For the first time, I feel envious of friends who are a little thin on top, including the one who frequently pulls out a small comb from his back pocket and runs it through his limited hair. At first, I wondered what on earth was he doing. Then it hit me that he was actually rearranging the few strands he has to cover the bald patches.

I suddenly remembered a long forgotten incident when I had to have a haircut in peculiar circumstances. I had been travelling continuously for several weeks and my hair had become long and unruly. Immediately on returning home, and even before I could even think of a haircut, I was asked to accompany the PM the next day to New York. The next morning, I arrived at the airport with my hair all slicked, but with the wind gusting, my hair began to fly in all directions. Just then, the PM arrived and graciously greeted all VIPs who had lined up to wish her bon voyage. I was standing on the side waiting for her to board. Suddenly, she stopped in front of me and said in a stern voice, 'You need a haircut.' I was stunned.

In New York, I consulted the Consul General about the possibility of a haircut that evening itself. He sent me in his car to what he claimed was a posh hairdresser. Once seated, the barber, or should I call him hairdresser, asked me what sort of haircut I wanted. I would have liked to say a mohawk, but instead said cut it short on the sides and the back. Thanks to the jet lag, I dozed off while he clipped away. When he had finished, I looked at myself in horror. I could not recognise myself! He had shaved the sides and back and I had a springy kind of mop on top that made me look like a hedgehog.

The next day, I was summoned to see the PM in connection with a change in programme. When I entered her suite, she looked at me and said, 'What on earth have you done to your hair?' Mustering all dignity at my command, I said, 'Madam, I had a haircut.' She gave me a bemused look and said, 'You could have gone to a barber and not cut it yourself.'

LETTERS TO THE EDITOR

Corruption in judiciary

Apropos of the editorial 'Criminal contempt of court' (Aug 3), corruption is rampant in all departments in the country and those dealing with the public are more corrupt than others. Defence and judiciary are considered to be less corrupt because of internal checks. Judiciary has recommended that its functioning be kept out of the ambit of the RTI. According to the Transparency International, judicial corruption in India is attributable to factors like delays in the disposal of cases, shortage of judges and complex judicial procedures. Impeachment procedure of corrupt judges is very complex and time-consuming; whistleblowers fearing invocation of contempt of court is another factor. In a democracy, 'we the people' have the power to elect governing bodies of our choice, and should also have the right to transparency in functioning of the government, including the judiciary.

COL KULDIP S GREWAL (RETD), PATIALA

Judicial accountability

Apropos of the editorial 'Criminal contempt of court', the SC's contempt of court against senior lawyer and activist Prashant Bhushan is based on the assumption that the courts can never be wrong. It has been recognised by jurists that each time the offence of 'scandalising' the court or lowering the court's authority is invoked, some tend to believe that the court has something to hide. Contempt of court is more and more an anachronism in a democracy — it has been circumscribed and rejected in the US and the UK. It is time to usher in judicial accountability.

SS PAUL, NADIA

Cheap politics

The death of over a hundred persons due to spurious liquor in Punjab is a painful tragedy, especially for the near and dear ones of the victims. But the politics over the whole affair leaves a bad taste. Weren't the panchayats and villagers, who are now demonstrating outside the police stations and hospitals, aware of the goings on? When the government is giving a compensation of Rs 50 lakh to the families of martyrs, an MLA has demanded Rs 1 crore for the families of hooch victims. What a cheap way to score political brownie points. Rather than politics, it is time for introspection for politicians, the police and the public to avoid such gruesome tragedies in future.

LT COL HARBINDER SINGH (RETD), PATIALA

Spurious liquor

Reference to spurious liquor killing over 100 people in Punjab; the news is shocking and calls for a serious debate on the prevailing law and order situation in Punjab. To lose a breadwinner is unfortunate. Only the wearer knows where the shoe pinches. Bootlegging has been going on in Punjab under the very nose of the powers that be. No serious efforts have ever been made to contain this malady. The government should devise ways to avoid the recurrence of such incidents.

SANTOSH JAMWAL, HAMIRPUR

Can't do away with exams

Refer to the NEP; I have observed that the major trouble with the reformists is that they hate exams. They cite exam pressure and the weight of books children carry as two major reasons to play with the education system. What they do not understand is that if you teach well and students take interest in studies, there is no such pressure. Exams are a very important component of education as it tests the ability and capability of a student. The crux of the problem is poor teaching and learning environment in classrooms, especially in government schools. No amount of structural changes will be able to improve learning unless we recognise the facts for what they are.

DS HOODA, ROHTAK

Not the end of world

It is really shocking to learn that on an average, Ludhiana saw one suicide per day during the lockdown. It might be the story of other cities across the country. The bitter truth is that lockdown has snatched the ways and means of livelihood of a majority of the people, which is an immediate cause of depression during this phase. But we must realise that it is a temporary phase and it will abate soon. Birbal rightly said to Akbar, '*Yeh waqt bhi guzar jayega.*' So, we must not lose hope and try to adopt a positive attitude. It is a precious gift by God. Spend time with your family and share your feelings with others.

BIR DEVINDER SINGH BEDI, SANGRUR

Misleading claims

The middle 'The twilight zone of reason' is praiseworthy. Big claims by *babas* and illiterate people will go on unless people develop a scientific temper. These claims should be scrutinised before they are aired because a majority of the people, being illiterate, try to find quick and cheaper treatment. Most channels are showing such miraculous treatment of all diseases just for TRPs. The media should be more responsible.

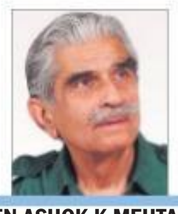
Rajapaksas poised for a win in Lanka polls



MAJ GEN ASHOK K MEHTA (RETD)
MILITARY COMMENTATOR

SRI Lanka is all set for its most expensive parliamentary elections, to be held on August 5. President Gotabaya Rajapaksa has been running the country since his election in November last year with his Defence Secretary and Chief of Defence Staff, both war heroes, but all three charged with alleged war crimes. On March 2, under sweeping presidential powers, Gotabaya dissolved parliament whose term was till next month.

The Supreme Court dismissed seven petitions seeking its restoration as the country was being governed without parliament and with a caretaker government. Elections were postponed twice due to the Covid-19 pandemic. As many as 7,452 candidates contested the 196 directly elected seats from 25 districts with 29 lawmakers to be nominated by parties from a national list based on the share of national vote.

Gotabaya's elder brother Mahinda Rajapaksa, who is leading Sri Lanka People's Party (SLPP), which split from the Sri Lankan People's Front (SLPF) in 2015, has been president twice and together with Gotabaya as the Defence Secretary, won the war against Tamil Tigers in 2009. He is likely to be confirmed Prime Minister from being the caretaker. The Rajapaksas are poised to emulate the Kaczynski twins, who served as Poland's President and Prime Minister in the mid-2000s.

Gotabaya won the election with a rare 52.5 per cent, almost the entire Sinhalese vote, on the national security plank following the Easter Sunday terrorist attack last year in Colombo. He has governed Sri Lanka in a constitutional vacuum under allegations of militarising his country.

A former army colonel from the Gajaba regiment, he has invested heavily in the military administering the country. All intelligence agencies were concentrated under Maj Gen Jagath Alvis, who reports to the Defence Secretary, Maj Gen Kamal Gunaratne (retd), whose 53 Division ambushed and killed Tiger supremo Prabhakaran near Nandikadal lagoon on May 19, 2009.

The first task force Gotabaya formed was under Lt Gen Shavindra Silva, CDS and army commander and another Gajaba — the National Operational Centre for the prevention of Covid-19 outbreak; a task force headed by former Marshal of Air Force, Air Chief Marshal Roshan Gunatilake for health and security in military camps; two task forces under Gunaratne to build a secure country — disciplined, virtuous and lawful society and; for the protection of heritage monuments in the eastern province where 75 per cent of Muslims and Tamils live, but without any representation on the task force. A former army commander, Lt Gen Daya Ratnayake, heads the Sri Lanka Port Authority and former Naval Chief Admiral Jayanth Colombage is foreign policy adviser to the President.

The first case of Covid-19 occurred on March 10 and the tally on August 2 was 2,816 cases; deaths 11, recovered 2,514.

BATTLE FOR BALLOT: The Rajapaksas are seeking majority in the August 5 polls and want a strong, centralised structure to rule the country.

India has a big stake in Sri Lanka, given its geostrategic location, dominating sea-lanes of communication across the Indian Ocean to the Malacca Straits, with the first two of its three ports in Colombo, Hambantota and Trincomalee, partially or wholly owned by the Chinese, even as New Delhi and Beijing are in confrontation across the LAC.

The pandemic has been efficiently managed through a good public health system, sound immunity levels of population and successful contact tracing by the military complemented with food distribution and Rs 5,000 as subsistence allowance which was objected to by the National Election Commission. After April 30, not a single case of Covid-19 was reported for 40 days and by June 3, General Silva declared the Covid threat over, except for a second spike. Of the 1,600 cases, 800 had recovered by then.

The Rajapaksas, in alliance with the SLFP, are seeking a two-thirds majority which is unlikely in a mixed electoral system. Given the split in the opposition United National Party (UNP) — like the split in SLFP in 2015 — the Samagi Jana Balawegaya (SJB) led by presidential contestant Sajith Premadasa, son of former President R Premadasa, which is backed by the UNP's former allies like the Tamil National Alliance (TNA) and the groundswell of support for the Rajapaksas, the SLPP is assured of a simple majority.

The Rajapaksas wish to abrogate the 19th Amendment of 2015 so that a strong, centralised structure can rule the country. Besides, the SLPP will likely repeal the two-term limit on presidency, opening the door for Mahinda to contest in the 2024 presidential elections, provided Gotabaya is willing to oblige. Article 19A is a necessary safeguard for the independent Constitutional Council which ensures that public institutions like the Election Commission, Human Rights Commission, Public Services Commission and the judiciary are insulated from political interference.

India has a big stake in Sri Lanka, given its geostrategic location dominating the sea-lanes of communication across the Indian Ocean to the Malacca Straits, with the first two of its three ports in Colombo, Hambantota and Trincomalee, partially or wholly Chinese-owned, even as New Delhi and Beijing are in eyeball-to-eyeball confrontation across the LAC in Ladakh.

Not for nothing did Foreign Minister S Jaishankar dash to Colombo within hours of Gotabaya's election to invite him to New Delhi. India has made generous offers — a $450-million line of credit and agreed to two currency swaps. India is heavily invested in the development of the North and East and also of the Hill Country Tamil area. It was the first to deliver 10 tonnes of medical succour on a special flight after Covid-19. Fifty per cent of India's foreign military training is for Sri Lanka.

China is way ahead of India in its penetration of Sri Lanka since its military backing to Colombo during the war when India was unable and unwilling to do so. With deep pockets, China has a 35 per cent FDI, overtaking India's 16 per cent investment. Both President Xi Jinping and Prime Minister Narendra Modi spoke to Gotabaya about Covid-19 in May.

The Rajapaksas call India a relative and nearest neighbour while others are friends. They also hint that while they rely on India for security, it is China for economic development. That equation could, of course, change.

Besides the China worry, India has serious unfinished business in Sri Lanka — the Tamil national question. The Indo-Sri Lanka Accord of 1987 provided for the 13th Amendment which led to devolution for the Tamil-majority North and East and a provincial council system. The divided TNA, which has sought the implementation of 13A and merger of North and East, wants a minimum of 20 seats in parliament (in 2015, it secured 16 seats).

The Rajapaksas are determined to underplay devolution and focus on development. India is unlikely to press Colombo beyond a point — its abrogation — for meeting Tamil political aspirations, but may persuade Rajapaksas to act on 'Truth, Justice and Reconciliation', pledges made to Tamils in the past.

With Rajapaksas at the helm, Colombo will steer a mid-course in the short term. India's proximity and persuasion will balance China's wealth and coercion.

Alliance politics behind BSP's waning appeal

SABA NAQVI
SENIOR JOURNALIST

There is a particular poignancy in seeing Mayawati so helpless before the Uttar Pradesh regime led by a priest belonging to the Thakur community. For, Mayawati in power was known for strong assertion against what is referred to as Thakur*vaad*. Thakurs claim to make up 7.5 per cent of the electorate in the state but have traditionally punched above their weight, owning land and deploying muscle power.

THERE has been a spate of crimes against Dalits across India, including in Uttar Pradesh, where technically there is a party that should be able to mobilise and agitate against this. On July 20, a Dalit woman died of a uterus infection at a village in Etawah district. Media reports that as her family was about to begin the last rites, members of the Thakur community intervened and said a low-caste woman could not be cremated at a place meant for the high castes. The woman's minor son was about to light the pyre when the family had to stop and after a six-hour standoff, they had to shift to a crematorium meant for Dalits.

In the old days, when there was fire in her belly, Mayawati, one of the figures who transformed the political landscape of North India, would have protested and perhaps even gheraoed the elected representatives and administration. This time round, she would tweet, saying that the incident was shameful and there must be a high-level probe and strict action. She is, incidentally, operating in a state where the SC/ST Commission, that receives complaints of atrocities, has been headless for over seven months.

The politics of assertion and agitation appear to have hollowed out and the BSP now seems content with transactional politics that involves bartering her vote shares for alliances or making overt or covert deals that give her maximum protection in cases she faces over corruption charges. The traditional opinion is that with cases over her head, Mayawati, who has served four separate terms as the UP CM — the last between 2007 and 2012 — is no longer able to fight in any meaningful way. One sign of the apathy is that right through the months of lockdown and reverse migration, her party structures hardly did any relief work while she herself operated from home, summoning news agencies when she wished to make any statement.

METAPHOR FOR DALITS: The last few years have not been good for Mayawati.

Her last few political moves have merely involved traditional electoral arithmetic and the expectation of vote bank transfers. These days, she takes positions that are to the advantage of the BJP, most recently over her six MLAs in Rajasthan joining CM Ashok Gehlot, faced with a split in his party amid backroom manouevres from the BJP that would like to bring down the Congress regime in the state. Mayawati has asked Gehlot to resign and there are now legal questions over the six MLAs moving en masse to another party. Mayawati is no ordinary figure. She has been the metaphor for Dalit power. But the last few years have not been good for her. Her attempt at a grand alliance with the SP failed in the last General Election and since 2014, there has been an erosion of her Dalit vote, with a section going over to the BJP.

There is, however, a particular poignancy in seeing Mayawati so helpless before the UP regime led by a priest belonging to the Thakur community. For, Mayawati in power was known for strong assertion against what is referred to as Thakur*vaad*. Thakurs claim to make up 7.5 per cent of the electorate in the state but have traditionally punched above their weight, owning land and deploying muscle power. Dalits make up 21 per cent of the population, yet in the year 2020, they can be thrown out of a cremation ground in a state that had the nation's first SC woman CM. Mayawati's reign is remembered for her actions against traditional Thakur strongmen and politicians. She jailed many including the infamous Raja Bhaiya of Pratapgarh. At the time when she did so, her actions would win support both from Dalits who were being oppressed and Brahmins who constitute about 10 per cent of Uttar Pradesh's population and at that time resented Thakur assertion and the breakdown in law and order.

But today, in the face of the apparent hegemony of the BJP in UP, does Mayawati and the BSP have a hand left to play? After the recent killing of 'Brahmin don' Vikas Dubey, allegedly in a fake encounter, there have been murmurs that somehow Thakur criminal figures or politicians do not meet the same fate. There has, therefore, been speculation that Brahmins could be smarting under the Thakur domination visible in the Yogi Adityanath regime. The focus on the Ram Mandir is designed to satiate some Brahmin sentiments at a time when they have no other viable alternatives.

The Congress that lost its ascendancy in the late 1980s was a party led by Brahmins and their natural home before Mandal and Mandir politics changed equations in the Hindi heartland. Strategically, if one were to take a long-term view of politics in UP that has elections in early 2022, one could speculate that the only alliance that could take on the BJP is a possible BSP-Congress compact. Mayawati would bring her Dalit block along with the hope that Brahmins would be comfortable with both her and the Congress. The first choice of the Muslim community has been the SP, but they would head to the strategically stronger alliance. But these are just theories and the reality is that the Congress that claims Priyanka Gandhi will lead their campaign has yet to get off and has no assured caste/community voter bloc. Both players have hands tied behind their back as it's not just Mayawati alone who faces charges, so does Priyanka's husband Robert Vadra.

Mayawati's politics once drew from a valid historical sense of injustice. BSP founder Kanshi Ram was a strategic genius who built up the party along with Mayawati, known for her formidable fighting abilities. The BSP, founded in 1984, was based on the politics of 'assertion' and demand for rights. Conversely, the RSS-BJP project works on the principle of 'assimilation' as opposed to assertion.

The Kanshi Ram view once was that only Dalits can speak for themselves and non-Dalit intermediaries were only playing a trick to assert the hegemony of caste. The Hindutva project fundamentally does not challenge caste structures, but reinforces them. The reach-out is not through an assertion of rights, but welfare measures and cadre outreach that point out the benefits of voting for those who appear to be winning. As the BJP makes incremental gains, Mayawati could find that unless she engineers a grand disruption, she could remain a waning force. She hollowed out the politics with too many deals and arrangements and could ironically and tragically be 'assimilated'.

Retd babus eye key appointments

PRATIBHA CHAUHAN
TRIBUNE NEWS SERVICE

SHIMLA, AUGUST 3
Several retired IAS, IPS and IFS officers are vying for post-retirement appointments in the State Information Commission, the HP Private Educational Institutions Regulatory Authority and the State Food Commission.

Even though the Selection Committee for making appointments to the HP Private Educational Institutions Regulatory Authority met here last month, no final decision could be taken even as some of the academicians seem to be lobbying hard to get an appointment in the commission. The meeting is now likely to take place later to finalise the names.

At least 24 retired bureaucrats and academicians have applied for the post of Chairman and Member in the HP Private Educational Institutions Regulatory Authority. These posts have fallen vacant following the completion of the tenure of KK Katoch as Chairman and SP Katyal as Member.

Many senior IAS and IPS officers, including retired chief secretaries and DGP-rank officers, have applied for the post of Member in the Information Commission. Intense lobbying is being done by some of these officers.

The Cabinet, at its last meeting, had given nod for setting up the State Food Commission, which would soon be notified.

Even though the approval was given last week, several contenders, mostly retired bureaucrats, are already lined up to get a posting here.

Two posts of Member are also lying vacant in the Himachal Pradesh Public Service Commission. These fell vacant on the completion of the tenure of Mohan Chauhan and Man Singh. However, these two posts are yet to be advertised.

Shanta to party: Don't deviate from value-based politics

OUR CORRESPONDENT

PALAMPUR, AUGUST 3
Former Chief Minister and a veteran BJP leader Shanta Kumar said that BJP should not deviate from the principle of value-based politics laid down by the founders of party like Atal Behari Vajpayee, Lal Krishna Advani and Murli Manohar Joshi when the party was formed in 1980.

Talking to this correspondent at his residence here today, Shanta Kumar said the "party needed to be cautious in its approach as it was the biggest political party of the world and under no circumstances should deviate from the principle of value-based politics so religiously followed by its founder members Atal Bihari Vajpayee and others.

"People had given us the mandate when party claimed itself to be a party with difference," remarked Shanta. He added that though the BJP was better than most other political parties unfortunately it had deviated from the principles on which it was founded in 1980.

"What pains and hurts me immensely is the manner in which opposition governments were being de-established in the country despite the fact in the present political scenario the BJP had no challenge before it as main opposition Congress party was on verge of collapse," he opined.

He said that Prime Minister Narendra Modi did not have any personal agenda and no one can question his integrity and honesty. "He had the guts to take difficult decisions and his five-year rule has brought many basic changes in the system," he said.

He further elaborated that during the previous Congress rule little was done for ensuring social justice. "The rich and elite sparkled and the poor kept sobbing. In five years, Modi government has brought about development of people at the lowest level even though a lot more still needs to be done for which five more years are needed.

"I have written to the Prime Minister that benefit of all the government schemes should first go to the poorest of poor," he revealed. He said the BJP's first national conference was held at Bandra in Mumbai in December 1980 where Vajpayee stated that the greatest crisis of India was the moral bankruptcy in politics.

Vajpayee's statue to be installed by Dec 25, says CM

TRIBUNE NEWS SERVICE

SHIMLA, AUGUST 3
Chief Minister Jai Ram Thakur today inspected various sites around The Ridge for the installation of the statue of former Prime Minister Atal Bihari Vajpayee.

He said a suitable place would be finalised so that it could be unveiled on December 25, the birth anniversary of the former Prime Minister.

Sources said the Chief Minister had been upset over the delay in the site finalisation. Earlier, a site near Ashiana, the HP Tourism restaurant, had been finalised, but work could not progress as there were big cracks due to the sinking of The Ridge.

Since experts from the IIT-Rorkee had visited the site and their report was being awaited, there could be no progress in the work on the statue installation.

Doctors protest grade pay cut

TRIBUNE NEWS SERVICE

SHIMLA, AUGUST 3
On the call of Himachal Pradesh Medical Officers Association, doctors worked wearing black badges today in several hospitals across the state to protest the deduction in grade pay of contractual medical officers.

"These young doctors received a deducted pay today, so we started our protest as planned," said Dr Pushpender Verma, secretary of the association. "They had been receiving 150 per cent of the grade pay until the start of this year. In January, it was withdrawn by the government without citing any clear reason," said Verma.

Claiming that all contractual employees in the state get the incentive, Verma said it was absolutely unfair to withdraw it in case of young doctors. "All these youngsters are in the forefront of the fight against coronavirus. They work under most stressful conditions, haven't been home for months and this is what they get in return," said Verma.

Verma lamented calling doctors coronavirus warriors and appreciating their role in the fight against the pandemic meant nothing if the government could not pay them their proper salary.

"We have received support letters from various medical colleges and our protest will become more widespread," he said, adding they would begin pen down strike for a week from August 9.

The Rath Yatra is held on the first day of Dasehra festival and idols of Lord Rama, Sita, Hanuman and other deities are placed in a wooden chariot which is pulled by hundreds of devotees from the northern end of Dhalpur maidan to the camp temple in the middle of the maidan. Govt to appoint part-time multi-task workers

To be paid consolidated amount of ₹5,625 per month for 10 months as honorarium

BHANU P LOHUMI
TRIBUNE NEWS SERVICE

SHIMLA, AUGUST 3
The state government has formulated a policy for appointment of "part time multi-task workers" (PTMTW) and issued detailed guideline to ensure that appointments are made purely on the basis of merit as per the parameters defied in the policy.

The need for appointing the PTMTW arose after the government regularised the services of part time water carriers and water carriers-cum-peon on daily wages and there was no workforce for carrying out daily works as opening and closing of schools, cleaning of premises, distributing the post and arrangement of drinking water.

The appointment of the PTMTW would be on contractual basis with no claim for regularization. The workers will be paid consolidated amount of Rs 5,625 per month for 10 months as honorarium in an academic year.

The vacant posts in elementary, high and senior secondary schools would be identified and advertised and appointments would be made by selection committee headed by Sub divisional Officer (Civil) of the area and Block Education Officer/ Principal /Headmaster of school would be member secretary while the president of School Managing Committee would be the lone member, sources in the education department said. The appointment would be made in specific school only and marks would be awarded to the candidates for parameters like distance from school, educational qualification, widows/persons living in extreme indigent condition, families who have donated land for the school, candidates belonging to ST/SC/OBC/BPL and unemployed families.

Ten marks would be given to the candidates residing within one-km distance from the school, eight marks for distance up to two km, five marks for distance up to three km, four marks for distance up to four km and two marks for distance up to five km. With spike in cases, curbs back in Valley

TRIBUNE NEWS SERVICE

SRINAGAR, AUGUST 3

J&K on Monday reimposed strict restrictions in a bid to curtail the spread of the Covid-19 pandemic.

The restrictions were reimposed two days ahead of the first anniversary of the abrogation of the special status of J&K and its downgrading into two Union Territories on August 5.

Iltija Mufti, daughter of former Chief Minister Mehbooba Mufti, linked the latest restrictions with the first anniversary of the abrogation of Article 370.

"Suddenly, there is heightened security and surveillance in the Valley. Not like non-discriminatory Covid virus will be more active in the days approaching 5th August, so clearly this is being done to ensure that anger and frustration felt by people here remain hidden," she tweeted.

Due to the strict restrictions, shops and business establishments remained

closed and traffic was off the roads in most parts of the Valley. In Srinagar, all the major roads were sealed and people were advised to strictly adhere to the lockdown. A heavy deployment of forces was made in various parts of city to ensure the lockdown.

On Sunday evening, Deputy Commissioners of different districts of Kashmir had issued directions for the strict restrictions due to spike in Covid cases.

Kashmir has witnessed a spike in Covid-19 cases and recorded 368 deaths till Sunday evening.

Still under house arrest, says Soz

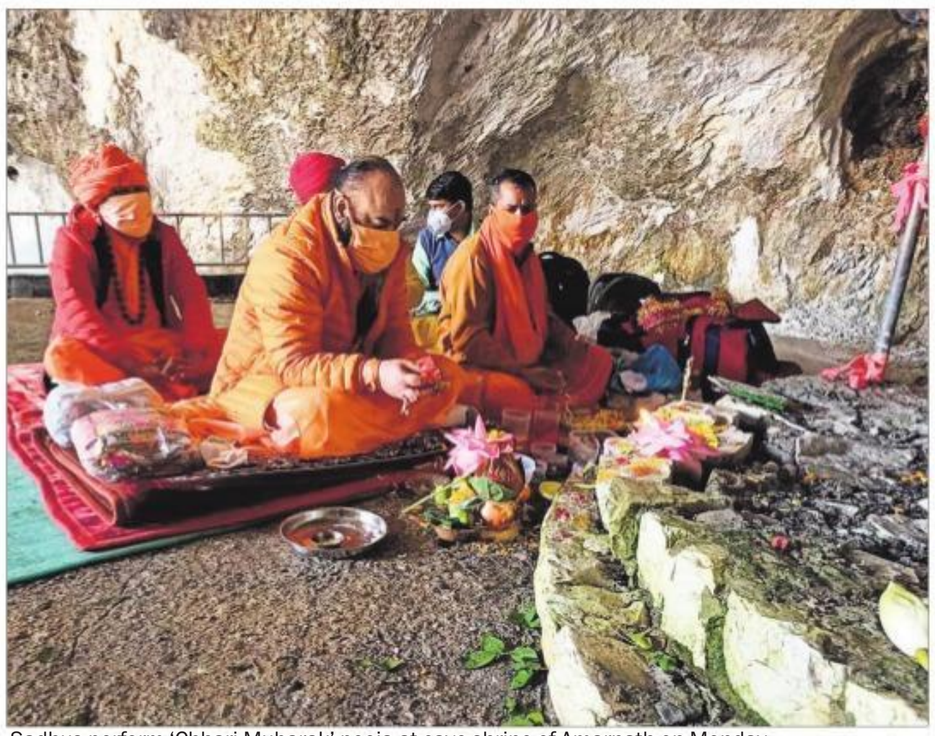
TRIBUNE NEWS SERVICE

SRINAGAR, AUGUST 3

After high drama at his residence last week, former Union minister Prof Saifuddin Soz today reiterated that he was under house arrest.

"I have already explained my position that I continue to be under house arrest. The Supreme Court was told by the government on July 30 that I was a free man. I had categorically stated that the government had made a false statement before the SC and outside too...I saw a change having taken place today in respect of myself being under house arrest and it was that the main gate of my house has now been locked from inside, also!" Soz said in a statement.

Soz had been pulled back by the police after he tried to speak to the media at his Humhama residence on the city outskirts on July 30. The next day Soz had said he was allowed to meet his sister while being accompanied by the police but denied another meeting in the neighbourhood later. Government spokesman Rohit Kansal had, however, reiterated that the former minister was not under arrest.



Sadhus perform 'Chhari-Mubarak' pooja at cave shrine of Amarnath on Monday.

'Chhari-Mubarak' pooja at Amarnath marks end of Yatra

TRIBUNE NEWS SERVICE

SRINAGAR, AUGUST 3

The "Chhari-Mubarak" pooja at the cave shrine of Lord Shiva in south Kashmir Himalayas marked the formal end of this year's Amarnath Yatra on Monday.

Though a special pooja had been performed at the shrine on July 5 that was attended by Lieutenant-Governor GC Murmu and officials of the Shri Amarnathji Shrine Board, the pilgrimage was later called off amid a spike in the Covid cases. Live aarti from the cave shrine was, however, being telecast for devotees.

Mahant Deependra Giri, who led a group of sadhus to perform the "Charri-Mubarak" pooja, said the holy mace was airlifted to the shrine in the morning.

"On the auspicious occasion of 'Shravan-Purnima', 'Chhari-Mubarak', one depicting Lord Shiva and another Shakti Goddess Parvati, was carried to the holy shrine from Dashnami Akhara, Srinagar, through the aerial route. Traditional rituals and poojan were performed with the chanting of Vedic hymns at the holy shrine. A limited number of sadhus accompanied the holy mace due to Covid. We prayed for the early end of the pandemic," the mahant said.

He said the sadhus had reached Pahalgam – the base camp for the traditional yatra route in south Kashmir in the afternoon after pooja at the cave shrine – and would perform the "visarjan" ceremony tomorrow on the banks of the Lidder.

"The final rituals connected with the culmination of the 'Chhari-Mubarak Swami Amarnath' will be performed tomorrow. The poojan and visarjan ceremonies shall be performed on the banks of the Lidder," the mahant said.

Meanwhile, he urged people to make collective efforts towards carrying out their social responsibility by wearing masks, maintaining social distance and frequently sanitising hands so that the pandemic was wiped out and the normal life was back without any restrictions.

Domicile policy for Ladakh likely this month

TRIBUNE NEWS SERVICE

JAMMU, AUGUST 3

The Centre would announce domicile policy for Ladakh soon, may be this month only, said sources in the UT administration of Ladakh who added that the work in this regard was in progress.

"We expect the domicile policy to be announced this month only as discussions with the Ministry of Home Affairs had already reached final stages," a highly placed source privy to the developments on the issue told *The Tribune*.

The UT is celebrating the first anniversary of the announcement of the grant of the UT status in a big way, with Lieutenant-Governor (L-G) RK Mathur listing his achievements.

The UT status was a long-pending demand of the Buddhists in Ladakh, but after that they had developed concerns over jobs and land rights. L-G Mathur had shared in an interview with The Tribune that the matter had been taken up with the MHA and it had been urged that the process should be expedited.

After the UT came into being, residents of Leh and Kargil, though having serious differences between themselves on a series of issues, resolved to protect their land and job rights amidst fears that outsiders might take these away.

Taking into account these concerns, the UT administration had written to the Centre in May about the need for the domicile policy for the people of Ladakh.

After the recruitment of a few doctors from outside, this issue was raised in unison by residents of Leh and Kargil. They wanted the jobs in the UT to be given to the local residents only, and also declared that they would like to have sole access to their land, something that was available to them as long as they were part of the erstwhile state of J&K that enjoyed special status under Article 370.

Curfew in Srinagar

SRINAGAR, AUGUST 3

The authorities on Monday decided to impose curfew in Srinagar on August 4 and 5 as they feared "violent protests" on the first anniversary of the revocation of J&K's special status.

Orders in this regard were issued by Srinagar District Magistrate. "The SSP of Srinagar reported that inputs had been received suggesting that separatist and Pak-sponsored groups were planning to observe August 5 as black day, endangering public life and property," read an order issued by the Deputy Magistrate. — TNS

Speculation rife on Mehbooba's release

ARUN JOSHI
TRIBUNE NEWS SERVICE

JAMMU, AUGUST 3

Mehbooba Mufti, the jailed PDP president and former Chief Minister of the erstwhile state of J&K, is now the sole leader about whom everyone is talking about after her PSA detention was extended by three months beyond August 5, the day she was detained last year, and a campaign seeking her release has been launched by political parties and social media activists.

August 5 sums up the simmering anger of sections of Kashmiris disturbed over the revocation of the special status, breaking up of the state into two UTs. In contrast, it also paints the happy faces of the saffron party leaders "who think they have achieved everything by striking down Article 370".

Mehbooba Mufti

Mehbooba is an emotional person and a strong votary of preserving Kashmir's unique identity.

As CM, she had delivered an extraordinarily bold speech on August 15, 2017. "We stand as one on preserving our identity and special status, and raised a clenched fist, saying, "we may be having differences with other groups, when it comes to our identity, I urge Farooq sahab to lead us". And her fist went up further.

It stood in contrast to her gesture on August 15, 2016, when she had kept the Tricolour afloat by stretching it and after the flag fell to the ground from pole.

She has seen many trials and tribulations in her political career since 1996 when she was thrown into the whirlpool of Kashmir politics by her father Mufti Mohammad Sayeed. He made her contest the Assembly polls, which she won.

Mufti Sayeed had declared at the time of negotiations with the BJP for the alliance government in early 2015. She showed her reluctance to take over as CM after her father's death in January 2016. She was urged to form the government, but in June 2018, the BJP withdrew support to her government.

Today, there is a question. Why she alone, among all three former CMs, is still in detention? In the absence of clear answers, she is the most-talked-about politician in Kashmir at the moment.

From unwanted citizens to those with dignified domicile

TRIBUNE NEWS SERVICE

JAMMU, AUGUST 3

After their 73 years' of long struggle, the West Pakistani refugees ultimately got their "identity" as since 1947 this community was suffixed with the derogatory title of "Gair Bashinda" (non-resident) citizens.

Living in camps for over seven decades, these refugees were denied rights of the common residents of Jammu & Kashmir. A year ago, they couldn't own property in the state, could not get government employment or even own a ration card. Quite naturally, they had no voting rights in the Assembly, urban local bodies and panchayat elections.

"Our destiny has been changed within a year. After the abrogation of Article 35-A, we are eligible to get domicile certificates because our generations

WEST PAK REFUGEES

have been living in Jammu since 1947," Labha Ram Gandhi, refugee leader said, adding, "Our status of unwanted citizens has been changed now as those with dignified domicile of J&K."

Under the new law introduced in J&K on April 1,

YEAR AFTER ABROGATION

2020, the domiciles have been defined as those who have resided for a period of 15 years in the UT of J&K or have studied for a period of seven years and appeared in Class 10-12 examination in educational institutions located in J&K.

Like Valmikis from Punjab, the Gorkhas and children of women married outside J&K, the refugees from Pakistani Punjab, tagged as West Pakistani refugees, were the worst victims of Article 35-A.

During 1947, when Hindus and Sikhs from Sailkot district of Pakistan were migrating to India, some families had preferred to cross over to J&K and took shelter as this place was nearer.

Since 1947 these refugees, a majority of them Dalits and OBCs, were struggling to get a dignified and settled life, but without success.

"Our four generations have been denied basic human rights, like the right of citizenship, employment, education, ownership of property. We were citizens of India, but being deprived of the rights which a State subject of J&K was enjoying," Gandhi rued.

He, however, felt elated that the fate of these refugees had changed during the last one year.

Children missed school for a year in Kashmir

MAJID JAHANGIR
TRIBUNE NEWS SERVICE

SRINAGAR, AUGUST 3

It has been a long holiday for schoolchildren in Kashmir. From post-Article 370 abrogation restrictions to Covid lockdown, Kashmiri children have missed school for almost a year.

The extended school closures have raised stress and anxiety among the children, who have been worst sufferers over the years due to the turbulent situation in Kashmir.

The schools in Kashmir were shut in August last year when the Centre scrapped the J&K's special status and imposed strict restrictions and communication blockade. In September last year, the government had announced the reopening of schools in Kashmir but the students had stayed away.

This year the schools opened for a brief time but were closed soon as the pandemic spread. And over 12 lakh school-going children in Kashmir have been

staying home for a year.

According to the health experts, the year-long lockdowns are adding to psychological problems among children.

Dr Syed Karrar of the Institute of Mental Health and Neurosciences (IMHANS) in Srinagar said closure of educational facilities are known to have implications on behaviours of children.

"It gets worse if it is prolonged amid uncertainties in the backdrop of conflict. Routines of children have been disrupted and families find it overwhelming at times to engage with the children. Many children reported school refusal syndrome and anxiety disorders after brief resumption of school activities in the first week of March. It was compounded by the pandemic and narrowed down the opportunities for socialisation processes for optimal development of personality structures," Karrar said.

The IMHANS is using online portals to reach out to the distressed children.

- In September last year, the government had announced the reopening of schools in Kashmir but the students had stayed away.

After the Covid lockdown, the J&K Government started online learning for the students. The low-speed Internet since last August is hampering those plans and adding to the anxieties.

"There is surely anxiety among the children, but we are exploring each and every possibility to reach out to students through online classes," Director, School Education, Muhammad Younis Malik said. "We have been successful to a large extent," he said.

Beijing: US harassing Chinese researchers

BEIJING, AUGUST 3

China on Monday accused the United States of "monitoring, harassing and willfully detaining" Chinese students and researchers in the US.

Foreign ministry spokesperson Wang Wenbin's comments follow the denial of a bail request in California for a university researcher accused of lying about her ties to China's military and Communist Party to gain access to the United States.

Wang said China had no intention of helping Juan Tang escape the country, but did not otherwise comment directly on the accusations against her.

However, he said China urges the US to "handle the case fairly in accordance with the law and ensure the safety and legitimate rights and interests" due to Tang.

"For some time, the US with ideological prejudice, keeps monitoring, harassing and willfully detaining Chinese students and researchers, and making presumptions of guilt against Chinese researchers," Wang said. "The US actions have seriously violated the legitimate rights and interests of Chinese citizens and severely disrupted the normal cultural and personnel exchanges between China and the US, which amounts to outright political persecution," he said.

In denying bail, US Magistrate Judge Deborah Barnes said Tang, 37, would have reason to leave the country if released. Tang has been held without bail since July 23 when she was arrested after she left the Chinese Consulate in San Francisco for treatment. Melbourne clamps down to curb spread

Six-week lockdown | More jobs at risk

MELBOURNE, AUGUST 3

Australia's second-biggest city, Melbourne, already under night curfew, announced fresh restrictions on industries, including retail and construction, on Monday in a bid to contain Covid resurgence.

From Wednesday night, Melbourne, the capital of Victoria state, will close retail, some manufacturing and administrative businesses as part of a six-week lockdown.

The new measures are expected to double the number of jobs affected by restrictions to around 5,00,000 and along with those working from home will keep 1 million people from moving around for work, Victoria state premier Daniel Andrews said.

Australia has fared better than many countries, with 18,361 cases and 221 deaths from a population of 25 million, but the surge in community transmissions in Victoria raised fears that the infection rate could blow out of control.

"As heartbreaking as it is to close down places of employment ... that is what we have to do in order to stop the spread of this wildly infectious virus," Andrews told a news conference. — Reuters

STATES BORDERING VICTORIA ON ALERT

- New South Wales, which has 13 new infections, recommended the use of masks in all indoor venues, while South Australia, with two fresh cases, reduced home gatherings to a maximum of 10 persons.
- The surge in new cases means an Australia-New Zealand travel bubble will be indefinitely delayed, New Zealand Prime Minister Jacinda Ardern said.

Markets post losses as risk-off mood prevails

Investors jittery over foreign fund outflows

MUMBAI, AUGUST 3

The Sensex crashed 667 points while the Nifty closed below the 10,900-mark on Monday as investors remained in selling mode for the fourth straight session amid frothy valuations and mounting Covid cases. A depreciating rupee and grim macroeconomic data further sapped risk appetite.

The 30-share BSE Sensex, which opened in the red, stayed in the negative zone throughout the session to close at 36,939.60, down 667.29 points or 1.77 per cent. Similarly, the NSE Nifty tumbled 181.85 points or 1.64 per cent to end at 10,891.60.

The Sensex has now lost 1,553.35 points in four days, while the Nifty has shed 408.95 points. According to traders, massive selling in index majors RIL and HDFC duo dragged the key indices lower.

Further, foreign fund outflows and concerns over the unabated rise in Covid-19 cases across the world kept investors on edge, they added. The rupee too sank 20 paise and settled below the 75 per US dollar mark. On the macro front, India's manufacturing sector activity contracted at a slightly faster pace in July as demand conditions remained subdued, PMI data showed.

Manufacturing PMI slips in July

NEW DELHI, AUGUST 3

India's manufacturing sector activity contracted at a slightly faster pace in July as demand conditions remained subdued amid prolonged closures, following which firms reduced both staff numbers as well as purchasing activity, a monthly survey said on Monday.

This is the fourth straight month of contraction for the Indian manufacturing sector.

In PMI parlance, a print above 50 means expansion, while a score below that denotes contraction. — PTI

Arun Lal, Whatmore barred by Covid SOPs

Arun Lal and Australian Dav Whatmore, who are coaches of Bengal and Baroda, respectively. Whatmore, 66, was appointed in April while Lal, 65, guided Bengal to the Ranji Trophy final in March. "Individuals who are over the age of 60 years, viz support staff, umpires, ground staff and those individuals with underlying medical conditions such as diabetes, weakened immunity, should be considered vulnerable and are believed to have higher risk of severe Covid-19. All such individuals should be discouraged from participating in camp activities unless suitable guidelines are issued by the government," read one of the guidelines from BCCI's SOPs. Both Lal and Whatmore won't be able to join the pre-season training camp. CAB president Avishek Dalmiya was unavailable for a comment but a senior BCCI official said, "This is SOP. It will be very difficult for any teams to breach the protocols. It is unfortunate that someone like Lal-*ji* or Whatmore might have to miss out."

I was ready to fight before Kargil War started: Akhtar

Former Pakistan fast bowler Shoaib Akhtar claimed that he had turned down a £175,000 county contract with Nottinghamshire to fight the 1999 war against India in Kargil. "People hardly know about this story. I had a £175,000 contract with Nottingham. Then in 2002, I had another big contract. I left both when Kargil happened," Akhtar said in an interview with a Pakistani TV channel. "I stood on the outskirts of Lahore. A general asked me what I'm doing there. I said war is about to start and we'll die together," said Akhtar, indicating that before the war, he and the Pak Army general were ready to take part in it. This is significant because for a long time, the Pakistani army denied that their soldiers were involved in Kargil.

The Federation of International Cricketers' Associations said in a report that the Bangladesh players have not received their share of prize money from an ICC event, and Zimbabwe's players are still waiting for their board to pay their contracts.

O'Sullivan smashes record with 108-minute win

Five-time champion Ronnie O'Sullivan was in imperious form at the World Snooker Championship when he beat first round opponent Thepchaiya Un-Nooh of Thailand 10-1 in 108 minutes to set the record for the fastest match in Crucible history on Monday. O'Sullivan, who led 8-1 at the close of play on Sunday, stayed true to his nickname 'The Rocket' when he won the two frames needed in less than 30 minutes to become the first man to win a match in under two hours. The record was held by England's Shaun Murphy, who blanked China's Luo Honghao 10-0 in the first round last year in 149 minutes. O'Sullivan smashed the record by 41 minutes, after which he brushed aside his achievement. AGENCIES

Lifeline to players if they admit to age fraud

NEW DELHI, AUGUST 3

The Board of Control for Cricket in India (BCCI) has adopted a voluntary disclosure scheme to tackle the menace of age and domicile fraud in cricket in the country. The additional measures approved by the BCCI will be applicable to all cricketers participating in the BCCI age-group tournaments season 2020-21 onwards.

Any player submitting fake/tampered birth certificate will be banned for two years from all cricket matches under the aegis of BCCI and state units. After completion of the two-year suspension, such players will not be allowed to participate in age-group tournaments of BCCI, and also age-group tournaments organised by states.

Players who commit domicile fraud will be banned for two years. The disclosure scheme does not apply for cricketers who have committed domicile fraud.

BCCI president Sourav Ganguly said, "We are committed to providing a level-playing field across all age groups. The BCCI has been taking steps to counter age fraud and are now introducing even stricter measures from the upcoming domestic season."

"Age fraud is a serious matter and is detrimental to the health of the sport. Many youngsters who are supposed to be playing in a particular age group fail to make it owing to age fraud." **Rahul Dravid,** NCA CHIEF

Rahul Dravid, who has been working with India's junior and developmental teams over the last few years, supported the move.

"Age fraud is a serious matter and is detrimental to the health of the sport," said Dravid, who also heads cricket operations at the National Cricket Academy in Bengaluru, adding: "Many youngsters who are supposed to be playing in a particular age group fail to make it owing to age fraud. With the BCCI taking stern actions to curb this, it is only advisable for the players to come forward and abide by the directives issued by the Board." — TNS, agencies

SSP tests positive, to miss Euro Tour

NEW DELHI, AUGUST 3

Golfer SSP Chawrasia has tested positive for Covid-19 due to which his plans to play on the European Tour have gone awry. The 42-year-old Chawrasia, a six-time winner on the Asian Tour and with four wins on the European Tour, is in home-quarantine at his Kolkata residence.

Chawrasia, who won the Indian Open in 2016 and 2017, had recently started training at the Royal Calcutta Golf Course and was slated to fly to England this week. He was asymptomatic and got tested only because a negative test report was required before travelling.

"I am feeling perfectly fine and don't seem to have any symptoms," said Chawrasia. "There is no weakness, no fever and I am feeling active. But on doctor's advice I have quarantined myself in my house in a separate room from my wife. We are both inside the house and are not stepping out since the positive results."

Chawrasia plans get tested once again in a day or two to be sure. "I actually went for a test on my own after taking a doctor's advice, since I was planning to go to UK for the European Tour events," he said. "I was not feeling any discomfort. It was just a precaution before travelling as I have a lot of events coming in the UK."

NO SYMPTOMS

"I did not have symptoms. All was normal but I had to have a test because that is needed to fly out. The test turned out to be positive and I have been advised home quarantine" **SSP Chawrasia,** INDIAN GOLFER

Keshavan on board as coach

TRIBUNE NEWS SERVICE

NEW DELHI, AUGUST 3

In perhaps the first step towards professionalising the sport, the Luge Federation of India (LFI) has appointed Shiva Keshavan as its chief coach and High Performance Director.

Keshavan, who has represented India at six straight Winter Olympics from 1998 as a 16-year-old, had been helping out the federation in an unofficial capacity for a while now.

He has been tasked with handling talent scouting, infrastructure planning and training needs of athletes. In the most immediate future, Keshavan, 38, has been asked to present a long term development programme.

"…the federation has also decided to entrust you the most important assignment of talent scouting, infrastructure planning, training needs of the athletes etc., with a view to take Luge sport to the highest level of development aiming at high performance by Indian athletes at international level competitions," wrote LFI president Deepa Mehta to Keshavan.

"I was assisting them with talent scouting and training even when I was competing… I have been proposing the plans for a while, so when they offered (the job) I was glad to accept it" **Shiva Keshavan,** 6-TIME OLYMPIAN

Exciting project

Keshavan said it was a natural progression.

"I was assisting them with talent scouting and training even when I was competing, with the federation on board. This only makes it official," Keshavan said.

Keshavan's first major task is to come up with a training plan for the Indian athletes as the International Luge Federation (FIL) has announced resumption of training and competition in September.

"Ours has been an amateur set-up so far, so let's see how it goes. But in the immediate future we will have to devise training plans," he said.

Hamilton won on 3 tyres and a prayer

SILVERSTONE, AUGUST 3

"Oh my God, I was just praying to get it round," said Mercedes F1 driver Lewis Hamilton as he recounted how he won the British Grand Prix here yesterday on three tyres after suffering a puncture on the final lap. "I nearly didn't do it, but thank God we did," the six-time world champion added.

Hamilton's teammate Valtteri Bottas saw his tyre deflate two laps before the finish and the same fate awaited the Brit on the final lap. The 35-year-old somehow managed to drag the car over the line, as sparks kept flying underneath his vehicle, just five seconds ahead of Red Bull's Max Verstappen. Before the tyre mishap, Hamilton held a 32-second lead over Verstappen going into the final lap.

"Up until that last lap, everything was smooth sailing," Hamilton said. "When I heard Valtteri's tyre went I looked at mine and everything seemed fine. The car was still turning, and the last lap I started to back off and then the tyre deflated. It was definitely heart-in-the-mouth (moment). You could see the tyre was falling off the rim."

After his record seventh win at Silverstone, Hamilton extended his lead at the top of drivers standings to 30 points. Hamilton's teammate Bottas, meanwhile, failed to score as he finished 11th. — Agencies

Rituals begin, Ayodhya is all set for 'bhoomi pujan'

Covid-19 protocol will be strictly followed during ceremony: Yogi

AYODHYA, AUGUST 3

Religious rituals got under way in Ayodhya on Monday, two days ahead of the groundbreaking ceremony for a temple at a spot where devotees believe Lord Rama was born.

Barricades are already in place in the temple town and Uttar Pradesh Chief Minister Yogi Adityanath issued an appeal, asking only those invited for Wednesday's "bhoomi pujan" ceremony to come to Ayodhya.

Adityanath spent hours reviewing the arrangements for the ceremony at the Ram Janmabhoomi, where the temple will be constructed following the go-ahead last year by the Supreme Court.

Yogi Adityanath called the event "historic". "It is not only a historic but also an emotional moment as after 500 years the Ram temple work will start. It will be the foundation of a new India," he said.

"The Covid-19 protocol will be strictly followed at the event. As the PM will be here representing 135 crore people, I appeal that only those who have been invited should visit Ayodhya. The rest should remain at their respective places," Adityanath said.

The ceremony will be broadcast live by Doordarshan. Twelve priests on Monday conducted prayers dedicated to Lord Ganesh. This was to be followed by prayers to the deities of the dynasties of Lord Ram and goddess Sita. On Tuesday, prayers will be offered at Ayodhya's Hanumangarhi temple.

Among the 175 people invited for the main ceremony are 135 "sants" belonging to that many spiritual traditions, the Shri Ram Janmabhoomi Teerth Kshetra said in a series of tweets and at a press conference.

On the dais, there will be just five people – Narendra Modi, RSS chief Mohan Bhagwat, trust chief Nritya Gopaldas Maharaj, Uttar Pradesh Governor Anandiben Patel and CM Yogi Adityanath.

Congress leader Digvijaya Singh too sounded a discordant note, asking Modi to defer the event as this was an "inauspicious" period. — PTI

BJP TO PUT UP LED SCREENS ACROSS DELHI

Lighting of 11 lakh earthen lamps, a mega laser show and live telecast of the ground-breaking ceremony of the Ram temple in Ayodhya through LED screens across Delhi are some of the events being planned by the Delhi BJP to make the occasion "memorable".

While LK Advani and Dr Murli Manohar Joshi will attend the ceremony virtually, Uma Bharti has said she will prefer to stay away from the function due to the pandemic

Babri plaintiff gets invite for event

AYODHYA (UP), AUGUST 3

Iqbal Ansari, who was a litigant in the Ayodhya land dispute case, has decided to gift a "Ram nami" stole and a copy of the Ramcharitmanas to Prime Minister Narendra Modi when he attends the bhoomi pujan ceremony for the Ram temple here on Wednesday.

"Yes, I have received the invitation from Shri Ram Janmabhoomi Teerth Kshetra Trust for the bhoomi pujan ceremony. I will certainly attend it. The dispute is over now after the court's verdict," Ansari said.

"Our Prime Minister is coming. I will meet him and give him a 'Ramnami' stole (with Ram's name written on it) and Ramcharitmanas as a present," Ansari said.

His father Hashim Ansari, the oldest litigant in the Babri Masjid-Ram Janmabhoomi land dispute case, died at the age of 95 in 2016 after which the son started pursuing the case in the court.

Ansari said, "I belong to Ayodhya. All this (temple's construction) will change the fate of Ayodhya. We all want our child to get better opportunities."

He further said, "I respect sadhus and saints. I am happy to have received the invitation for the ceremony. I think it is Lord Ram's will that I attend it."

When asked what he would have done had the court decided the case in his favour, Ansari said he had wanted the construction of a school and a hospital on the disputed land.

"I feel the city needs development. The future of our children should be safe and secure and they should get employment. Dispute in the name of religion should end now," he said. — PTI

Dress with nine gems stitched for Ram Lalla

AYODHYA, AUGUST 3

For the past three-and-a-half decades, brothers Shankarlal and Bhagwatlal 'Pahaadhi' have been stitching clothes for Ram Lalla in Ayodhya. Their dedication will be manifest in the splendid dress they have meticulously crafted for the deity to wear on August 5, during the bhoomi pujan ceremony of the Ram temple. The special dress for the ceremony has nine gems stitched in golden thread.

Operating from their shop named after their late father Babulal and located in the city's Badhi Kutiyaa area, the brothers stitch clothes for only deities and seers.

"My father late Babulal started stitching the clothes of Ram Lalla in 1985. He used to carry our sewing machine to the Ramjanmabhoomi and stitch the clothes with me and my elder brother in tow," Shankarlal (54) said on Monday.

Shankarlal said for the bhoomi pujan two sets of dresses have been made — one is green, while the other is orange. "The clothes are made using soft material such as 'makhmal' (velvet). The green dress has been made keeping in mind the day-specific colour, while orange is considered auspicious," he said.

On Sunday, the dresses were handed over by the tailors, said Acharya Satyendra Das, the chief priest of the Ram temple. — PTI

Bihar lawmakers demand CBI probe into Sushant death case

Bihar SP quarantined on arrival in Mumbai

MUMBAI/PATNA, AUGUST 3

The death of actor Sushant Singh Rajput reverberated in the monsoon session of the Bihar Assembly that met here today.

The MLAs of all parties in one voice demanded the Central Bureau of Investigation (CBI) to probe the "suicide case" of Sushant.

Leader of Opposition in the Assembly Tejashwi Yadav also demanded a fair inquiry into the matter.

Raising the issue in the House, Neeraj Kumar Bablu, MLA and Rajput's brother, said the Maharashtra Police was not cooperating with the Bihar Police that has gone to Mumbai to probe the case.

He said, "The way in which the Maharashtra Police misbehaved with the Bihar Police is before the entire country. When Bihar Police IPS officer Vinay Tiwari was sent to Mumbai for investigation, he was forcibly quarantined. It is clear that the investigation is not being done properly by the Mumbai Police."

Chief Minister Nitish Kumar on Monday voiced strong disapproval of the "forcible" quarantine of the officer. "Whatever has been done to him is inappropriate," Kumar told journalists in Patna.

Bablu said there should be a CBI inquiry into the matter.

Yadav said the Bihar Government should take it seriously at the way Mumbai Police and the Maharashtra Government were mishandling the case. The Congress and JDU legislators present in the House also called for a CBI inquiry into the matter.

Meanwhile, Mumbai police chief Parambir Singh today claimed that Rajput was suffering from bipolar disorder, a mental condition characterised by extreme mood swings, at the time of his death.

"It was found that the actor had bipolar disorder and was undergoing treatment and taking medicines for it. What circumstances led to his death is the subject of our investigation," the Mumbai police commissioner Singh told a press conference. — Agencies

- Sushant Singh Rajput's father KK Singh has said they had filed a written complaint on February 25 at the Bandra police station, stating that the actor's life was in danger
- In a press note, the Mumbai police denied the claim and said Bandra police officials did not receive any written complaint from Rajput's family about threat to his life

8-week upper primary academic calendar released

TRIBUNE NEWS SERVICE

NEW DELHI, AUGUST 3

Human Resource Development Minister Ramesh Pokhriyal 'Nishank' on Monday released the alternative academic calendar for upper primary stage to help teachers engage students meaningfully during their stay at home due to Covid-19.

Alternative academic calendars for students, parents and teachers at primary and upper primary stage have been developed by the NCERT under the guidance of the ministry.

Pokhriyal said the calendar will empower students, teachers, school principals and parents to find new ways to deal with Covid-19 using online teaching and learning resources and will improve learning outcomes.

He said the calendar at upper primary stage (classes 6 to 8) was released for four weeks earlier. Now the calendar for the next eight weeks at upper primary stage has been released.

Pokhriyal said that the calendar has taken into account varying levels of access to tools like mobile phone, radio, television, SMS and various social media.

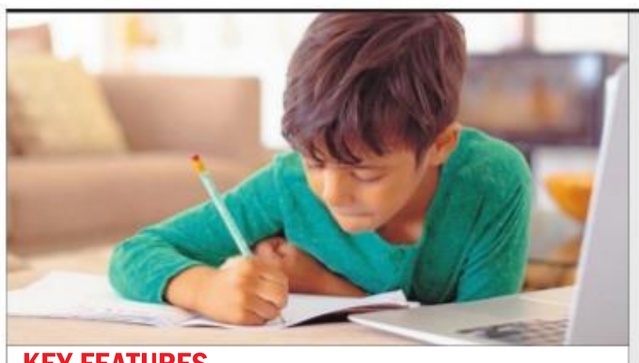
"The fact that many may not have the Internet facility in the mobile phone, or may not be able to use different social media tools — such as whatsApp, Facebook, Google, the calendar guides teachers to further help parents and students through SMS on mobile phones or through voice call. Parents are expected to help elementary stage students to implement this calendar, Pokhriyal said.

The minister said this calendar would cater to the need of all children including those with special needs through links to audio books, radio and video programmes.

The calendar has week-wise plan consisting of activities with reference to theme/chapter taken from syllabus or textbook. It maps themes with the learning outcomes.

The purpose of mapping is to facilitate teachers and parents to assess the progress in the learning of children and also to go beyond textbooks.

All activities in the calendar were suggestive not prescriptive, the minister said.



KEY FEATURES

- Teachers to help students with no Internet facility through SMS or voice call
- Links to audio books, radio and video programmes to aid learning
- Week-wise plan of activities with reference to theme taken from syllabus or textbook
- Mapping to facilitate teachers and parents to assess progress, go beyond books

'EDUCATION IN FUN-FILLED WAY'

"Calendar provides guidelines to teachers on the use of various technological and social media tools available for imparting education in fun-filled and interesting ways, which can be used by learners, parents and teachers even while at home.

NEW DELHI, AUGUST 3

Aided by low-pressure area in the Bay of Bengal and winds from the Arabian Sea, the monsoon is entering into an active phase across several parts in the next three to four days, says the IMD. A low-pressure area is likely to form over the north Bay of Bengal by August 4.

Scattered heavy to very heavy rainfall and isolated extremely heavy rainfall is highly likely over the Konkan and Goa till August 5. Mumbai would see heavy to very heavy rainfall followed by isolated extremely heavy rainfall on Tuesday and Wednesday. — TNS

Bhushan defends remarks that led to contempt proceedings

TRIBUNE NEWS SERVICE

NEW DELHI, AUGUST 3

Activist-lawyer Prashant Bhushan has defended his controversial statements that led to the Supreme Court initiating contempt of court proceedings against him, saying "power of contempt can't be used to stifle bona fide criticism from citizens".

A Bench headed by Justice Arun Mishra had on July 22 issued notices to Bhushan and Twitter for his tweets allegedly scandalising the judiciary. Two days later, it also decided to resume hearing in another contempt of court case against him pending since 2009. The two cases are listed for hearing on August 4 and 5.

In an affidavit filed in response to the contempt notice, Bhushan questioned the top court for being a "mute spectator" during the recent Delhi riots.

"When the Delhi riots were unleashed, with daily videos emerging of mobs tearing down and burning mosques, the police force systematically destroying public CCTVs, taking an active part in stone-throwing, massive firing and deaths, blockades of a hospital to prevent assistance to severely wounded Muslims, etc the Supreme Court remained a mute spectator, while Delhi burnt," Bhushan submitted.

He stood by both his tweets cited by the court and refused to tender an apology for his comments even as he expressed regret for a factual mistake.

"I admit that I did not notice that the bike was on a stand and therefore wearing a helmet was not required. I therefore regret that part of my tweet. However, I stand by the remaining part of what I have stated in my tweet," Bhushan stated in his affidavit.

Bhushan had on June 29 tweeted, "CJI rides a Rs 50 lakh motorcycle belonging to a BJP leader at Raj Bhavan, Nagpur, without a mask or helmet at a time when he keeps the SC in lockdown mode denying citizens their fundamental right to access justice!"

In another tweet on June 27, he had said, "When historians in future look back at the last six years to see how democracy has been destroyed in India even without a formal Emergency, they will particularly mark the role of the Supreme Court in this destruction and more particularly the role of the last four CJIs." He cited public statements of Supreme Court Judge DY Chandrachud and former SC judges Deepak Gupta and Kurian Joseph on free speech and dissent to justify his critical remarks.

highest number of cumulative cases, only 1,239 (2.8 per cent) tested positive. In contrast, 8,020 of the 71,688 people who were tested by RT-PCR technique were found positive, making the positivity rate 11.18 per cent.

Similarly, of the 29,693 tested by rapid antigen tests in Faridabad, 2,014 (6.8 per cent) tested positive. And, of the 45,305 people who were tested by RT-PCR technique in that district, 6,988 were found positive with a positivity rate of whopping 15.42 per cent.

"The governments, not only of Haryana but also of some other states like Delhi, have switched to rapid antigen tests only to pat their back by claiming that the infection rate has come down. But many of the cases shown negative by the rapid antigen tests are in fact false negatives," said sources, who didn't want to be identified.

Even the Indian Council of Medical Research (ICMR) has admitted that the rapid antigen tests may give false negatives and hence those testing negative have to be confirmed through RT-PCR, which is considered the gold standard for the detection of coronavirus.

"Those who test negative for Covid-19 by the rapid antigen test should be definitely tested sequentially by RT-PCR to rule out infection, whereas a positive test should be considered as a true positive and does not need reconfirmation by RT-PCR test," said an advisory issued by the ICMR last month.

'QUICK RESULTS A HELP'

"The antigen testing which provides quick results has increased the acceptability of testing, including that of RT-PCR. Quick results have helped in the opening of economy, as people in organisations can get periodically tested
