CM condoles death of Suresh Angadi

Vijayawada: Chief Minister Y.S. Jagan Mohan Reddy has expressed his profound grief over the sudden and untimely demise of Union minister of state for railways Suresh Angadi. The CM in his condolence message released here on Wednesday recalled his recent video conference with the Union minister during the flagging off of Kisan Rail from Anantapur. The CM conveyed his condolences to the bereaved family members.

HOTELIERS LAUD CM'S INITIATIVE ON TOURISM REVIVAL

DC CORRESPONDENT
VIJAYAWADA, SEPT. 23

Hoteliers and tourism associations were all praise for Chief Minister Y.S. Jagan Mohan Reddy for coming up with a series of initiatives to promote the hospitality industry in a big way in the state.

The AP Chamber of Commerce and Industry Federation organised an online interactive session for hoteliers and tourism association representatives. It was chaired by special chief secretary, commercial taxes, Rajat Bhargava on Wednesday.

Speaking on the occasion, the participants lauded the CM for issuing three GOs pertaining to the state excise policy and reopening of bars.

They opined that the tourism industry could contribute significantly to the gross state domestic production and generation of jobs in the service sector.

'BHO GAPURAM AIRPORT WILL BE READY BY 2023'

K.M.P. PATNAIK | DC
VISAKHAPATNAM, SEPT. 23

The government is aiming at completion of green field Bhogapuram International Airport by 2023, said special secretary to industries and infrastructure Karikala Valavalan.

The special secretary held a review meeting with the revenue and other senior officials at the Vizianagaram collector's office in Vizianagaram on Wednesday. He said the land acquisition process should be completed soon so that the construction work could begin thereafter.

"The new international airport would be a driving force for the development of the north coastal AP," he said.

He said after completion of land acquisition, the site should be handed over to the GMR Group who would start construction work. The airport needed 2,750.78 acres of which 2,383.02 acres have been acquired so far, he was told by the officials. He suggested the officials acquire the remaining 71 acres and hand it over to the GMR Group.

Mr Valavalan enquired about the private lands, assigned lands, government lands and the lands under court litigation with the land acquisition officials. He suggested revenue divisional officer Bhavani Shankar to take the responsibility of the government lands.

Kodali: Did Modi go to Ayodhya with his wife?

Minister slams BJP for criticising Jagan offering robes to Lord alone

AVINASH P. SUBRAMANYAM | DC
TIRUPATI, SEPT. 23

Andhra Pradesh state civil supplies minister and member of the Y.S. Jagan Mohan Reddy Cabinet Kodali Sri Venkateswara Rao (alias 'Kodali Nani') on Wednesday criticised Prime Minister Narendra Modi for not taking his wife for the Ayodhya Ram temple bhumi puja and advised him to take his spouse while visiting temples.

Responding to BJP leaders' demand that Andhra Pradesh Chief Minister Y.S. Jagan Mohan Reddy must bring his spouse to the Tirupati-Tirumala temple, Nani said, "Let Modi and his wife set an example as an ideal couple, like Shiva and Parvati or lord Venkateshwara and his cohort."

Playing Bharatiya Janata Party leaders over prevailing political unrest in the state, Kodali Nani pointed out that Uttar Pradesh Chief Minister Yogi Adityanath was also visiting temples without his family.

Responding to BJP's demand for his expulsion from AP Cabinet due to his recent remarks on faith declaration issue, Nani asked why would YSRC sack him, saying, "will BJP dismiss Amit Shah from ministry if opposition parties demanded it."

The minister, who reached Tirumala to join his Chief Minister, who arrived at the hill town on a two-day visit to present silk *vastrams* to Lord Venkateswara on the occasion *Garuda Vahana seva* on behalf of the state government, responded strongly to BJP's demand that the AP Chief Minister, whose government has run into a controversy over non-Hindu declaring their faith in the Lord, should visit the Tirumala temple along with his family.

Speaking to media persons, Nani said, "why didn't Modi take his spouse during his recent visit to Ayodhya Ram Mandir bhumi Puja?"

He further said, "BJP leaders have no moral right to demand that Jagan Mohan Reddy must give a declaration at Tirumala temple or question him on bringing his

AP state civil supplies minister Kodali Sri Venkateswara Rao (Kodali Nani) addressing media at Tirumala on Wednesday.

Modi delighted with virtual darshan

DC CORRESPONDENT
VIJAYAWADA, SEPT. 23

Prime Minister Narendra Modi has expressed his delight at having virtual darshan of Lord Venkateswara on Wednesday.

The Prime Minister had held a video conference on the day with chief ministers of several states, including Andhra Pradesh, to review measures being taken to contain the spread of Covid-19.

AP Chief Minister Y. S. Jagan Mohan Reddy had been at Tirumala on the day for presenting silk robes to Lord Venkateswara as part of the Brahmotsavams at the temple. The CM, however, made it a point to attend the virtual meeting from Annamayya Bhavan with the portrait of Lord Venkateswara in the backdrop.

Seeing the Lord's portrait, PM Modi said he was very happy with having the darshan of Lord Venkateswara. He also appreciated the AP CM for taking part in the virtual meeting despite being busy in Tirumala in connection with the Brahmotsavams.

The Prime Minister also lauded the set up of gram/ward secretariats in AP which provided services to people at the local level. He wished other states also adopt the same system for providing better civic services to their people.

Nani said he was convinced that there was a need to have a debate on whether or not to continue non-Hindu declaration at Tirumala temple, and reiterated that he was committed to ensuring the faith declaration is removed from Tirumala Venkateswara temple.

"Let him (PM) go back to Ayodhya with his wife and do puja again. Modi garu ye bharyani teesukeltaru? (Which wife will Modi take?)"

strongly admonished.

Nani said he was convinced that there was a need to have a debate on whether or not to continue non-Hindu declaration at Tirumala temple, and reiterated that he was committed to ensuring the faith declaration is removed from Tirumala Venkateswara temple.

SITUATION TENSE AS TD, BJP LEADERS HOUSE ARRESTED

AVINASH P. SUBRAMANYAM | DC
TIRUPATI, SEPT. 23

A tense situation prevailed at the residences of several Telugu Desam and BJP leaders in Chittoor district, especially in Tirupati, with police putting them under house arrest to prevent them from staging protests during Chief Minister Jagan Mohan Reddy's visit to Tirumala on Wednesday.

The TD leaders led by party's Tirupati in-charge and former MLA M. Sugunamma were said to have planned to stage a protest at the TTD administrative building to compel the temple body to get the CM to sign the declaration expressing his faith in Lord Venkateswara before presenting silk *vastrams* on the occasion of Garuda seva. Tirupati police, however, foiled their plan by placing all the key leaders under house arrest.

Apart from Sugunamma, former minister N. Amarnath Reddy, MLC Dora Babu, TUDA ex-chairman Narasimha Yadav, TD district president P. Nani, Punganur in-charge Anisha Reddy and some other prominent leaders of the party were also placed under house arrest.

Some party workers who tried to stage a protest near Alipiri were taken into custody by police. City TD cadres gathered at the former MLA's residence and staged a stir, denouncing the house-arrest of their leaders.

In a statement, Ms Sugunamma alleged that the Chief Minister was using police force to prevent TD leaders from voicing their views. She appealed to the CM to be a role model for others by adhering to the Tirumala temple customs and traditions. The rule that non-Hindus visiting Tirumala should sign a declaration of faith in the presiding deity was laid down during the British rule, she said.

Officials told to speed up land acquisition for VCIC

V.K.L. GAYATRI | DC
VISAKHAPATNAM, SEPT. 23

After initiating some pre-election welfare schemes, the state government is now accelerating its machinery to speed up productivity-based development works. With the new industrial and IT policies, it has directed the revenue department to complete land procurement for Visakhapatnam Chennai Industrial Corridor (VCIC).

According to estimates, 55 per cent of lands for VCIC to be acquired from farmers are fertile and the revenue department has identified 20 per cent of government lands for VCIC while another 25 per cent of lands are under D-Patta. However, according to revenue department sources, a majority of D-Patta and lands given to institutions are either not being utilized or under-utilised. Taking a serious note, the government has ordered the issue of notices to take back such lands.

In fact, during the Telugu Desam rule, the government intensified efforts to take back those lands for VCIC.

The CPM rushed to the court and obtained stay orders for about 10 years. However, the government influenced farmers and acquired land by offering ₹12 lakh per acre also.

Meanwhile, YSRC, which opposed procurement of fertile land for Amaravati, is now acquiring most fertile lands in Godavari delta. If Polavaram project is completed, over 1.25 lakh acres of lands in Visakhapatnam district would come into cultivation. Polavaram waters would be advantageous only to industry promoters, said senior CPI leader J.V. Satyanarayana Murthy.

Meanwhile, according to

LEFTS, JANA SENA: PROJECT WILL BADLY IMPACT ENVIRONMENT

DC CORRESPONDENT
VISAKHAPATNAM, SEPT. 23

Opposing the Visakhapatnam Chennai Industrial Corridor (VCIC) land acquisition as it could destroy water bodies, CPM, CPI, and Jana Sena Parties have geared up to protect the interests of the farming community and the adverse impact on environment.

However, Bharatiya Janata and Telugu Desam have not announced their stand on the VCIC mega project. The Left parties are planning a nationwide agitation as VCIC spreads over 1,000 kms coastline.

"VCIC spells danger for the state. What development is it if it impacts thousands of poor and farmer families? The L.G. Polymers tragedy is fresh in memory. We will never allow this and will fight against VCIC," said CPM

leader Ch. Narasinga Rao.

General Secretary (environment) Jana Sena Party Bolisetty Satyanarayana demanded the government to mark water bodies and notify them besides addressing environmental challenges. Meanwhile, there are several villages that are likely to disappear. The CPI has already started agitations from Ichapuram to Vijayawada and Thada to Vijayawada and warned the governments that it would not allow such massive destruction projects to disturb the livelihood, senior party leader J.V. Satyanarayana Murthy.

Thousands of farming families would be badly affected in coastal districts.

The proposed industries could prove to be more dangerous than L.G. Polymers, cautioned CPM leader Ch. Narasinga Rao.

TD, YSRC leaders accuse each other

From page 1

The YSRC and TDP started accusing each other over the desecration of . Former minister, Bhuma Akhila Priya, said "Ever since the YSRC government assumed office, religious harmony has become a casualty. The reticence of Chief Minister, Y. S. Jagan Mohan Reddy is baffling," she said. Allagadda DSP, Pothu Raju, said the manner in which the phallus was disfigured makes it seem that the intention was to possess the symbol of masculinity to adore it for procreation.

The practice at this temple is that newlyweds and infertile woman come in seclusion and circumambulate the shrine before physically touching the phallus. The belief is that the idol's masculinity gifts them offspring, Mr Raju said.

The 6.5 feet tall, 12th century idol of Kala

● THE 6.5 feet tall, 12th century idol of Kala Bhairava was installed by Kakatiya rulers during their sojourn in Renati Seema as it was then known.

● A new temple was built in the year 2000 and it flourished again.

Bhairava was installed by Kakatiya rulers during their sojourn in Renati Seema as it was then known. The idol weathered the ravages of time even as the old structure was ruined. A new temple was built in the year 2000 and it flourished again, said temple priest Siva Ramaiah.

YSRCP MP, V. Vijaya Sai Reddy, sanctioned ₹40 lakh for the renovation of the temple. The new idol was installed in front of the old idol, he said.

BJP to lodge complaints over temple issue

DC CORRESPONDENT
VIJAYAWADA, SEPT. 23

The BJP will lodge complaints at all offices of revenue divisional officers on Thursday over "ongoing onslaught" on Hindu religious places in the state.

BJP senior leader and MLC P.V.N. Madhav slammed the minister for civil supplies Kodali Venkateswara Rao alias Kodali Nani for his remark that he (Madhav) lost his common sense.

He demanded Nani's dismissal from the state Cabinet.

Demanding that the minister take back his remark, Mr Madhav said the BJP would not tolerate attack on the religious sentiments of the people in the state.

Another BJP leader Vishnu Vardhan Reddy opined that Kodali Nani by making such controversial comments on Tirumala temple committed political harakiri. Demanding removal of minister for endowments Vellampalli Srinivas, he said the BJP would not allow diversion of ₹5,000 crore worth of TTD bonds.

IDOL OF HANUMAN FOUND DAMAGED NEAR PATHIKONDA

D. SIVA RAMI REDDY | DC
KURNOOL SEPT. 23

Unidentified persons allegedly desecrated an idol of Hanuman on Gooty highway road near Pathikonda town late on Tuesday night. The idol was found removed from the pedestal.

The Hanuman idol was revered by road users on the the Bangalore highway where many stop and pray for a safe ride. Some devotees noticed the act of vandalising and complained to the police on Wednesday morning.

Following this, tension prevailed at the spot as workers of the BJP and the RSS took to the streets. Very soon the police arrived a scuffle ensued. Pathikonda Assembly segment BJP members were forcibly shifted to the police station. BJP leader Ranga Goud demanded that the culprits be booked immediately.

BJP state vice-president Kapil Eswarayya demanded action against miscreants. He said idols were being targeted in a systematic way as last week in Adoni another Hanuman idol was desecrated. Superintendent of police Dr Kagineelli Fakkeerappa said police are initiating forming village committees to protect the temples from being vandalised. Circle inspector of Pathikonda Adi Narayana Reddy said that they have registered a case and inquiry is on.

STATUES ON CHURCH PREMISES FOUND BROKEN IN EG

DC CORRESPONDENT
VIJAYAWADA, SEPT. 23

Two statues of Jesus Christ and Mary Matha installed on premises of RCM Church at Mandapeta in East Godavari were desecrated in the early hours of Wednesday.

According to Mandapeta police, unidentified miscreants broke the heads and hands of both the statues using a hammer. Based on a complaint from one K. Ratnakar, police have booked a case under Sections 294 and 427 of IPC.

Special teams have been formed to nab the desecrators.

AP's recovery rate 88.26%

7,228 new Covid cases take tally to 6,46,530 and 45 deaths rise toll to 5,506

DC CORRESPONDENT
VIJAYAWADA, SEPT. 23

Andhra Pradesh has registered an 88.26 per cent rate of recovery among the Covid-19 infected patients.

The state health authorities in their Covid-19 bulletin on Wednesday reported that the total number of Covid-19 infected patients is 6,46,530, of which 5,70,667 were already discharged from hospitals after recovery indicating the remarkable rate of recovery percentage.

The state saw 7,228 new Covid-19 cases taking the tally to 6,46,530 and 45 deaths taking the death toll to 5,506.

Out of 72,383 samples tested, 7,228 individuals have tested Covid-19 positive in the last 24 hours. Out of a total number of 53,02,367 samples tested in the state so far, 5,70,667 patients have recovered and 70,357 patients are active with the virus.

Among the daily new infections of confirmed coronavirus, East Godavari continues to top the state with the highest number at 1,112, followed by 962 in West Godavari, 648 in Guntur, 612 in Anantapur, 600 in Kadapa, 536 in Chittoor, 502 in Prakasam, 479 in Nellore, 428 in Krishna, 414 in Visakhapatnam, 387 in Vizianagaram, 319 in Srikakulam and 229 in Kurnool.

East Godavari has the highest number of cumulative cases at 90,047, followed by 60,659 in West Godavari, 56,653 in Chittoor, 54,720 in Kurnool, 54,263 in Anantapur, 51,232 in Guntur, 49,163 in Nellore, 47,824 in Visakhapatnam, 43,710 in Prakasam, 40,939 in Kadapa, 36,893 in Srikakulam, 32,597 in Vizianagaram, 24,935 in Krishna, 2,461 from other states and 434 from other countries.

The rate of recovery of Covid-19 infected patients has been good in East Godavari at 77,732, followed by 53,590 in West Godavari, 51,733 in Kurnool, 51,216 in Anantapur, 49,394 in Chittoor, 46,212 in Nellore, 44,273 in Guntur, 43,233 in Visakhapatnam, 37,277 in Kadapa, 32,796 in Prakasam, 32,066 in Srikakulam, 26,573 in Vizianagaram, 21,677 in Krishna, 2,461 from other states and 434 from other countries.

Among the daily deaths of Covid-19 infected patients, Chittoor and Prakasam have seven

Medical staff collects the swab from the people for Covid-19 testing at Sanjeevini Bus which was set up at Government ENT Hospital in Visakhapatnam on Wednesday.

People rush for CT scans

SAMPAT G. SAMRITAN |
DC
VIJAYAWADA, SEPT. 23

Anxiety over Covid-19 status is making a section of people rush for a computerised tomography (CT) scan of the chest, helping private labs rake in the moolah in several parts in Andhra Pradesh.

As the state government has not imposed any regulation on the price of a CT scan, especially from the point of view of Covid-19, private labs have jacked up the price from ₹2,700 during regular times to anything between ₹3,000-₹6,000 for a scan.

Though the state government has been repeatedly maintaining that the RTPCR test is the only cent per cent confirmatory test for Covid-19, people are visiting private labs for a CT scan and risking exposure to Covid-19.

In a case in Visakhapatnam, an elderly couple contracted Covid-19 after visiting a private lab for CT scans. The woman developed slight fever having no

history of visiting outside. She along with her husband opted for a CT scan and the result was Covid-19 negative. However, after a few days, in a swab test, she and her husband tested positive.

With a large number of patients visiting private labs, managements are unable to accommodate them while maintaining social distance and other protocols from the time of registration for a CT scan until the conduct of test and hand over of the report, resulting in exposure to the virus.

As the rapid antigen test is not foolproof to confirm Covid-19 and there are restrictions on the conducting of Covid-19 tests at government hospitals for varied reasons, people are rushing for a CT scan to ascertain their Covid-19 status.

In another case in Rajahmundry, a private employee got his son tested with a rapid antigen test at a government facility and it gave him a Covid-19 negative result. As the youngster was suffering from high fever continuously, he was

taken for a CT scan which gave his level of suspicion for Covid-19 infection to be CO-RADS 4, indicating high, with abnormalities indicative of Covid-19. The youngster was immediately admitted in the hospital, discovered positive but fortunately recovered after reaching a critical stage.

His father said, "People should try to correlate regular Covid-19 tests and blood tests so that it helps them get accurate Covid-19 status. I appeal to the state government to promote digital X-ray which costs just ₹900 to help people save money instead of going for the expensive CT scan."

State Covid-19 command centre special officer, Dr C. Prabhakar Reddy, said "We have been telling people not to opt for CT scans unless prescribed by the doctor as RTPCR is the most accurate test for finding out Covid-19 status. Moreover, if a person undergoes more than 20 scans in his or her lifetime, it causes serious health problems due to exposure to radiation."

each followed by five in Krishna, four each in East Godavari, Visakhapatnam and West Godavari, three each in Anantapur, Kadapa and Nellore, two each in Guntur and Kurnool and one in Srikakulam.

The cumulative deaths of Covid-19 patients are highest in Chittoor at 609, followed by 503 in Guntur, 497 in East Godavari, 460 in Anantapur, 453 in

Kurnool, 432 each in Nellore and Prakasam, 428 in West Godavari, 408 in Krishna, 406 in Visakhapatnam, 351 in Kadapa, 314 in Srikakulam and 213 in Vizianagaram.

The state health authorities have discharged 8,291 Covid-19 infected patients after complete recovery in the last 24 hours.

AP has carried out

Covid-19 tests on 99,295 samples per one million population and has registered a positive rate at 12.19.

Maharashtra has tested 48,177 samples with a positive rate at 20.65 and Telangana has tested 65,471 samples with a positive rate at 6.79, proving yet again that AP remains the model state in testing and combating the virus.

VIVEKANANDA CASE: CBI FINDS ₹48 LAKH, GOLD IN SHOP OWNER'S LOCKER

DC CORRESPONDENT
KADAPA, SEPT. 23

The Central Bureau of Investigation (CBI) reportedly obtained key evidence in the murder of former minister Y.S. Vivekananda Reddy. It is learnt that as part of the investigation, the CBI questioned Munna, the owner of a sandal shop in Pulivendula, and his family members. He is suspected to have been involved in financial transactions prior to the murder of the former minister. The investigation team is said to have found ₹48 lakh and 250 gram gold in the locker in Andhra Pradesh Gramena Bank, being operated by Munna besides ₹20 lakh fixed deposits in other banks. The CBI team has been in the second phase of investigating for the past few days and questioning suspects in the case. On Wednesday, it questioned a person who was very close to Vivekananda Reddy's family and recorded his statement.

Garuda Vahana Seva held in 'ekantham'

DC CORRESPONDENT
TIRUPATI, SEPT. 23

Garuda Vahana Seva, the hallmark of all the events wherein the Lord Malayappa Swamy takes celestial ride on his favourite vehicle -Garuda Vahana— was organised on a grand note at the Srivari temple in Tirumala on the fifth day of nine-day annual Brahmothsavams on Wednesday. The Garuda Vahana Seva took place in

Kalyanotsava Mandapam in ekantham (solitude) in view of Covid-19 restrictions. Lord Malayappa Swamy in his divine splendor, seated majestically on Garuda Vahana, charmed the devotees who witnessed it live on Sri Venkateswara Bhakti Channel (SVBC).

Garuda Vahana Seva assumed much significance among the other Vahana Sevas observed during the nine-day mega

event. From the first rituals till the completion of the nine-day religious event, the Brahmothsavams involve Garudalwar, which shows the importance of the King of Aves Garuda.

Starting with Garuda Pataka Dwajorhanam, Garuda Seva is held on the fifth day and concludes with Garuda-dwajavarohanam.

Vedas provide the earliest reference of Garuda,

where this mighty bird is said to have brought nectar to earth from heaven. Enhancing importance of Garuda Seva, rare ornaments like Makarakanti, Lakshmi Kasula haram and Venkateswara Sahasra-nama mala, which normally adorn the presiding deity (Mulavirat) inside Srivari temple will be used to decorate the processional deity during this Vahana Seva.

Hike in demand boosts poultry product prices

AVINASH P.
SUBRAMANYAM/K.M.P.
PATNAIK | DC
TIRUPATI/VISAKHAPATNAM,
SEPT. 23

The gradual increase in consumer demand in the state in the past fortnight has led to a massive rise in the prices of poultry products by as much as 17-20 per cent and nearly 50-54 per cent more when compared to March.

As people started consuming more than what they have been eating earlier due to the health advisory which suggested that protein from the eggs and chicken would increase the resistance power among the people, particularly those who have crossed 60, there is a massive spike in the prices. In the retail market, broiler chicken is currently being sold at ₹280-₹310 per kg, as against ₹200-₹220 per kg in the last week of August, depending upon the location in AP. Similarly, the price of a single egg is quoted at ₹6-₹7 on Wednesday, as against ₹4.33-₹4.56 earlier.

Earlier, the prices nosedived between March and April mid-week this year following rumours that birds were carriers of coronavirus. The poultry business had encountered severe problems when chicken was sold at ₹100 per kg and eggs at ₹3 each.

There was also a substantial cut in the production in the state with non-availability of feed and soaring production cost at that time.

However, poultry products consumption saw a multi-

fold rise from the first week of May after doctors advised that the consumption of chicken and eggs will improve the immunity. The average demand of the chicken meat is around eight lakh kgs per day in AP, but it was increased to over 10 lakh kgs per day in August. Usually, the state produces over 3.5 crore eggs a day. The supply of broiler chicken has come down to 7 lakh kg per day in September and the prices will further increase, said a trader in Anakapalle.

According to the National Egg Coordination Committee (NECC), the average price of 100 eggs, as at various production centres in the state including Chittoor, East Godavari, West Godavari, Vijayawada and Vizag zones during March, stood at around ₹310.42-₹331.29.

It further hovered between ₹334.87 and ₹417.83 in April, ₹322.68 and ₹366.71 in May, ₹371.37 and ₹422.67 in June, ₹348.13 and ₹360.06 in July and ₹372.19 and ₹409.71 in August. Now, the prices stand at between ₹474.74 and ₹483.69.

Though NECC suggests a price, wholesale dealers used to decide the market price. "Poultry prices went down, many times, but the benefit was arguably not reaching consumers. For instance, a retailer gets eggs at ₹4.74-₹4.83 each but he will sell it for over ₹6-₹7 in the retail market. The retail price will be 20-22 per cent higher than that of NECC suggested prices," a market surveyor said.

SHORT TAKES

NCB SUMMONS DEEPIKA, SARA, SHRADDHA

SAURABH JOSHI | DC MUMBAI, SEPT. 22

The Narcotics Control Bureau (NCB) on Wednesday issued summons to actors Deepika Padukone, Sara Ali Khan, Shraddha Kapoor and Rakul Preet Singh in connection with the ongoing drugs probe in Sushant Singh Rajput suicide case.

The actors have been asked to appear before the NCB in three days stated the summons. The agency, meanwhile, grilled Madhu Mantena of KWAN talent management agency after his name cropped up during the questioning of Rajput's talent manager Jaya Saha.

The actors will be grilled based on the witness statements and the chat records that were retrieved by the investigating agencies. While investigating, the NCB found that Sara and Shraddha had visited Rajput's farmhouse in Lonavala and were allegedly part of drug parties there which has also been claimed in statements of witnesses.

Deepika, meanwhile, came on the NCB's radar after chat records between the actor and her manager Karishma Prakash allegedly asking for hashish. The NCB may also grill the duo together at a later stage, officials said.

Deepika is likely to appear before NCB on Friday, whereas Sara and Shraddha would be there for questioning on Saturday, officials said. "The summons has been issued and further probe is underway. Others if found involved may also be summoned as and when needed," said an NCB officer.

FIR LODGED AGAINST ANURAG KASHYAP

DC CORRESPONDENT MUMBAI, SEPT. 23

Mumbai Police have registered an FIR against filmmaker Anurag Kashyap after actress Payal Ghosh accused him of raping her in 2013, an official. Kashyap has dismissed the allegations as baseless. The First Information Report (FIR) was registered at Versova police station on late Tuesday night after the actress along with her lawyer Nitin Satpute approached the police.

The FIR was registered under Indian Penal Code Sections 376 (D) (rape), 354 (assault or criminal force to woman with intent to outrage her modesty), 341 (wrongful restraint) and 342 (wrongful confinement), the official said, adding that further investigation is underway.

According to the police, Mr Kashyap will be called for questioning in connection with the alleged seven-year-old incident. In her police complaint, the actress alleged that Mr Kashyap raped her at a place on Yari Road in Versova in 2013. The actress and her lawyer earlier approached Oshiwara police station in Mumbai on Monday, but they were asked to go to the Versova police station as the alleged incident took place at the under Versova police's jurisdiction, the official said.

MAHA BUILDING COLLAPSE TOLL INCREASES TO 40

SHAHAB ANSARI | DC MUMBAI, SEPT. 23

The death toll in the building collapse in Bhiwandi in Maharashtra's Thane district increased to 40 on Wednesday with the recovery of 14 more bodies overnight. Twenty-five persons have been pulled out of the debris alive so far and are being treated at hospitals in Bhiwandi and Thane, an official said.

The search operation continued throughout the night despite heavy rains. The bodies recovered from the debris were mutilated and highly decomposed as they had remained there for over 50 hours, the official said.

Even at the time of writing this news more people were feared trapped. Due to heavy rains rescue teams were facing difficulties in rescue operation however they continued rescue operation throughout night. According to NDRF and Thane Municipal Corporation's disaster management cell, the rescue operation will continue as more people are feared trapped under the debris.

Of the 40 bodies recovered so far, 18 were children.

Police use water cannons to disperse supporters of Lok Insaaf Party (Punjab) during a protest over the passage of recent farm Bills and electricity amendment Bill, at Punjab-Haryana border in Ambala district on Wednesday. The Haryana police also on Wednesday used water cannons in Panipat and Ambala on agitators to stop them from proceeding to Delhi to protest against the farm reform Bills.

Kerala may challenge farm Bills

Says Centre didn't consult states despite agriculture being state subject

GILVESTER ASSARY | DC THIRUVANANTHAPURAM, SEPT. 23

The Kerala government is planning to move the Supreme Court against the farm Bills passed by Parliament recently.

Replying to a question on the feasibility of a state government challenging Bills passed by Parliament, Chief Minister Pinarayi Vijayan said a proposal had come before the Cabinet here on Wednesday. "We thought it needs to be examined in detail legally. So we decided to send the proposal to the law department for detailed perusal. That's

what has happened," he said. There were reports that legal advice received by the government stated the passing of farm Bills amounted to violation of states' powers and blatant and serious contravention of Constitutional norms.

According to the CPM-led LDF Government the Bills are anti-farmer and also aimed at promoting the interests of corporates. The Left parties have already announced that they would be taking part in the agitation planned by Kisan Coordination Committee across the country on September 25.

The two Bills - Farmer's Produce Trade and

Commerce (Promotion and Facilitation) Bill, 2020, and the Farmers (Empowerment and Protection) Agreement of Price Assurance and Farm Services Bill, 2020 - have been passed by both Houses of the Parliament.

Earlier agriculture minister Mr V. S. Sunil Kumar had sought legal opinion and he got the advice that the government can go ahead and challenge the legislations in the apex court.

The matter was discussed at the weekly Cabinet meeting on Wednesday and the government was of the opinion that the Bills mounted to interfering with the

powers vested with the state under the federal system. Mr Sunil Kumar who has been tested positive, took part in the Cabinet meeting online.

He pointed out that despite the fact that agriculture fell in the state list as per the seventh schedule of the Constitution; the Centre did not consult even single state before introducing these Bills in the Parliament.

He said the Centre had also not taken the farmers organizations into confidence.

"This goes to show that the Bills will only serve the interests of big corporates who have stake in agriculture sector," he

said. Apart from fighting the Bills legally in the courts, the agriculture department also plans to counter the Centre's move by bringing in agriculture cooperative societies and self help groups on a big scale.

The minister said the Bills had been brought at a time when lakhs of farmers were committing suicide across the country due to agrarian crisis.

The Left parties in Kerala along with many unions and organizations working in the agriculture sector have expressed solidarity with the nationwide agitation called by Kisan Coordination Committee on September 25.

2 PAK SOLDIERS KILLED IN CROSS-LoC SKIRMISHES

DC CORRESPONDENT SRINAGAR, SEPT. 23

Two Pakistani soldiers were killed in renewed cross-LoC skirmishes in Jammu and Kashmir's Poonch area on Wednesday.

The Pakistani authorities said that two of its soldiers Noor-ul-Hassan and Waseem Ali were killed in "intense exchange of fire" in Dewa sector of the Line of Control (LoC).

The Indian Army officials in frontier Poonch town had earlier said that the Pakistan Army violated the ceasefire understanding by resorting to heavy firing and mortar shelling in forward areas along LoC in three sectors of Poonch.

They said that "unprovoked" firing and shelling from across the de facto border started at around 9 am and continued till reports last came in.

A defence spokesman in Jammu while confirming it said, "At about 9 am on Wednesday, Pakistan Army initiated unprovoked ceasefire violation by firing with small arms and intense shelling with mortars along LoC in Kerni, Qasba and Shahpur sectors."

He added that the Indian Army retaliated "befittingly". It was not immediately known if there were any casualties or damage on the Indian side.

According to the Indian authorities, the Pakistan Army has violated ceasefire along the LoC as many as 37 times, so far, this month alone.

They said that last week an Army jawan was killed and two others, including an officer, were injured in Pakistani firing in LoC's Sunderbani sector.

Kashmiris rather have Chinese rule them: Farooq

YUSUF JAMEEL | DC SRINAGAR, SEPT. 23

Former Jammu and Kashmir chief minister and National Conference (NC) president Farooq Abdullah who, according to his critics, has as a politician grown accustomed to setting off controversies, said in his latest harangue that the people of Kashmir do not feel Indian and do not want to be as such.

"Today Kashmiris do not feel Indian and do not want to be Indian. They are slaves. They would rather have the Chinese rule them," he said in an interview to veteran journalist and television commentator Karan Thapar.

Reacting sharply to the government's doing away with the '1927 State Subject Law' and replacing it with new domicile law in what is now called as the Union Territory of Jammu and Kashmir; Mr. Abdullah said, "Every Kashmiri believes the new domicile laws are intended to create a Hindu majority. The gap between Kashmiris and the rest of the country is wider than ever before and growing."

He added that alleged attempts to change the

demography of J&K have further embittered the Kashmiri people.

He accused Prime Minister Narendra Modi, of "deceiving" and keeping him in the dark about the Centre's plan to abrogate Article 370 and bifurcating J&K.

He said, "Modi deliberately deceived me in August 2019 but I will fight to restore the dignity of Kashmiris till my last breath. The Abdullahs and Muftis have come together in Kashmir's greater interest and now Mehbooba (Mufti) is politically close to Omar (Abdullah) and me. I speak to her frequently".

Revealing the details of his meeting with the Prime Minister roughly 72 hours before August 5, 2019 when J&K was stripped of its special status and split up into two UTs, he said that he had met Mr. Modi to seek his assurances about the continuation of Articles 370 and 35A.

He said that he asked the Prime Minister why there were so many troops in the Valley and whether this was because of any perceived military threat.

He suggested the Prime Minister deliberately went

● HE SAID, "Modi deliberately deceived me in August 2019 but I will fight to restore the dignity of Kashmiris till my last breath. The Abdullahs and Muftis have come together in Kashmir's greater interest and now Mehbooba (Mufti) is politically close to Omar (Abdullah) and me. I speak to her frequently".

out of his way to give him the impression the massive increase in troops was for security purposes.

He said the Prime Minister did not say a word about Articles 370 and 35A. Consequently, he emerged from that meeting believing the two Articles were not in danger. When asked he agreed that the Prime Minister had misled and deceived him.

The Senior Abdullah who is a member of Lok Sabha representing home constituency Srinagar said in the interview which has been published by *The Wire* alleged that the Kashmiris are being treated like second class citizens and hence are "slaves." He also said that

it was a "complete rubbish" for the BJP to claim that the people of Kashmir have accepted the August 2019 changes just because there have been no protests. He said if the soldiers on every street and Section 144 were to be lifted people will come out in their tens of lakhs.

Asked how Kashmiris view the Central government and, in particular, Prime Minister and Home Minister Amit Shah, Mr. Abdullah said they were deeply disillusioned. He said they had no trust in the Central government. He added that the trust that once bound Kashmir to the rest of the country has completely snapped.

He said that in August 2019, when the constitutional changes were suddenly announced, the NC and all other mainstream political parties stood badly discredited in Kashmiri eyes.

Speaking of himself, he said he seemed to have fallen between two stools. The Indian government viewed him as a traitor and arrested him. Kashmiris, on the other hand, saw him as a servant of India and said things like 'serves Abdullah right' and chided him and taunted him for having said *Bharat Mata Ki Jai*. This left him deeply shaken and upset.

He, however, claimed that after 7-8 months in detention his standing and that of his party and other mainstream parties has been considerably restored in Kashmiri eyes. People now realize they are not "servants of India", he asserted. He said that the NC and, in fact, all the other parties that had come together to issue the Gupkar Declaration of August 2019, which was reiterated on August 22 this year, were committed to restoring the dignity of Kashmiris. He said this meant reinstating Articles 370 and 35A and restoring

statehood. He said he would fight for this - but always peacefully - till his last breath. The former chief minister said that he had faith in the Supreme Court and hoped that they would stop postponing the petition his party has brought and hear it expeditiously. In the interview he, in fact, appealed to Supreme Court judges to hear the constitutional case quickly.

Asked why he had not raised this matter during the present session of Parliament, he said he wasn't given time. He said he had gone to meet the Speaker, along with MPs from Congress, Trinamool, DMK and the Communist Parties, and the Speaker had assured them time for a discussion would be allocated. But that never happened.

Asked if he believed the government had intervened and told the Speaker not to give time, Mr. Abdullah said he did not know but agreed the Speaker had not kept his word.

He said that in the greater interest of Kashmir the Mufti and Abdullah families have buried their past differences and come together.

Despite protests, RS sees 100.47% productivity

DC CORRESPONDENT with agency inputs NEW DELHI, SEPT 23

Making an appeal to Rajya Sabha MPs to ensure that the "unseemly behavior" that led to the suspension of eight opposition parties members from the House is not repeated, chairman M Venkaiah Naidu on Wednesday said to protest is the right of the opposition but the question is how it should be done.

In his valedictory speech before the House was adjourned sine die eight days ahead of schedule due to Covid-19, Mr Naidu informed that the 252nd session of the Rajya Sabha witnessed a productivity of 100.47 per cent, with 25 bills being passed and the session has been satisfying in terms of productivity but there were some areas of concern as well, including for the first time in the history of the Upper House, a notice of motion for removal of the deputy chairman was given.

Mr Naidu said it is "extremely unpalatable" when Bills are passed amid a boycott of proceedings by some sections of the House, but not taking up legislative work in such a situation may legitimise their action as an 'instrument of blocking legislation'.

As many as 15 Bills including the three farm sector related Bills, over which the House, witnessed unruly scenes and suspension of eight members, were passed in the last two days with no Opposition member present in the House as they were boycotting the proceedings.

Expressing concern over the conduct of some of the members, he said it was "deeply painful" and all need to "collectively ponder" over these issues. Over the suspension on the eight members, Mr Naidu said rules

of the House do provide for such action when it becomes inevitable.

"We have to conclude this session eight sittings ahead of the scheduled 18 sittings as the Covid-19 pandemic continues to challenge humankind across the globe even after nine months of its outbreak," said the Chairman.

Referring to the suspension of eight MPs, Mr Naidu said "the developments in the House surrounding this unprecedented move have been deeply painful for all those who hold the stature and the dignity of this august House dear to their hearts."

Earlier during the day, the House bid farewell to 11 members who will retire in November, including civil aviation minister Hardeep Singh Puri, SP's Ram Gopal Yadav, Ravi Prakash Verma, Chandrapal Singh Yadav and Javed Ali Khan, BSP's Veer Singh, Congress's P.L. Punia and Raj Babbar and BJP's Arun Singh and Neeraj Shekhar. Mr Naidu said some of the members will return to the House after re-election.

Meanwhile, BSP supremo Mayawati hit out at the government as well as the Opposition for the ruckus and chaos during the ongoing Monsoon Session, saying their conduct has harmed the dignity of Parliament and the Constitution.

In a tweet in Hindi, the BSP supremo said "Although Parliament is called the temple of democracy, its dignity has been shredded many times. Even during the ongoing Parliament session, the functioning of the government and the behaviour of Opposition in the House are embarrassing for the dignity of Parliament, Constitution and democracy. Very sad!"

Top cop had failed to get BJP ticket when he tried to contest from Buxar in 2009

Bihar DGP quits, may contest polls from Buxar

NAYEAR AZAD | DC PATNA, SEPT. 23

Bihar Director General of Police Gupteshwar Pandey's early retirement has triggered speculations that he would join politics and contest Assembly polls from Buxar.

This is the second time he is trying his luck in electoral politics, in 2009 he had opted for voluntary retirement to contest Lok Sabha polls from Buxar but he returned to the Police force after he failed

to get a ticket from the BJP.

Sources, however, said that this time Mr. Pandey decided to quit six months earlier than his actual retirement date after he got assurances from the NDA. He was to retire from services on February 28, 2021.

The Bihar government had appointed him as DGP of the state police on January 31, 2019.

Few hours after reports of his voluntary retirement surfaced, a music

● AFTER REPORTS of his voluntary retirement surfaced, a music video went viral on the social media terming Gupteshwar Pandey as "Robin Hood of Bihar" and "Janata ka hero".

The video went viral on the social media terming Gupteshwar Pandey as "Robin Hood of Bihar" and "Janata ka hero".

In the video singer Deepak Thakur also praised Mr. Pandey's role

in Sushant Singh Rajput case and how he faced criticism from various political parties for leading a battle for the deceased actor. Gupteshwar Pandey had hit headlines by taking a strong stand on the death of Bollywood actor Sushant Singh Rajput.

He had also stoked a controversy by saying that "Rhea Chakraborty doesn't have *aukat* to make any comments on Bihar CM Nitish Kumar".

On Wednesday while talking to reporters he

said that "people from various districts where I served earlier have been asking me to contest polls but I have not taken any decisions yet. But as far as my interest in serving people is concerned I can do that even without joining politics".

During his interaction with the media in Patna, he praised Bihar Chief Minister Nitish Kumar for his effort for state's development and said that "he never compromises on the issue of crime and corrup-

tion". While JD(U) leaders have been maintaining silence on Bihar DGP Gupteshwar Pandey's early retirement, BJP spokesperson Nikhil Anand in a statement said that "questions should not be raised as he has decided to quit voluntarily. In democracy he has the right to choose his political ideology or party".

Late on Tuesday evening, the state home department issued the notification granting voluntary retirement for Pandey.

IN BRIEF

6th term: Belarus Prez takes oath

Kyiv: President Alexander Lukashenko of Belarus was sworn in Wednesday to his sixth term in office at an inaugural ceremony that was not announced in advance amid weeks of huge protests of the authoritarian leader's reelection, which the opposition says was rigged. Several European countries used the occasion to reiterate that they don't recognise the results of the election and refused to regard Lukashenko as the legitimate president. The ceremony was held in front of several hundred dignitaries at the ornate Palace of Independence in the capital of Minsk, the state news agency Belta said. Police and other security forces blocked off parts of the city and public transportation was suspended.

Navalny released from hospital

Berlin: Russian opposition leader Alexei Navalny was released from a Berlin hospital after more than a month's treatment for poisoning, with doctors now believing that a "complete recovery" from the Soviet-era nerve agent is possible for him, the hospital said Wednesday. Navalny spent 32 days at Berlin's Charite hospital, 24 of them in intensive care, before doctors deemed his "condition had improved sufficiently for him to be discharged from acute inpatient care." As he was released Tuesday, the 44-year-old displayed his characteristic sarcastic sense of humour. In an Instagram post, he took swipe at Russian President Vladimir Putin, scoffing at reported comments by the Russian leader suggesting that Navalny might have intentionally poisoned himself. He was flown to Germany two days after falling ill on Aug. 20.

UK: Truck lines if no-deal Brexit

London: The British government says there could be lines of 7,000 trucks at the English Channel and two-day waits to get into France immediately after the UK makes its economic break from the European Union at the end of the year. Michael Gove, the minister in charge of Brexit preparations, described that as a reasonable worst-case scenario in a letter to logistics firms. The government letter says that between 30% and 50% of trucks wanting to cross the Channel may not be ready for new paperwork and regulations that will come into effect on Jan. 1. "This could lead to maximum queues of 7,000 port-bound trucks in Kent and associated maximum delays of up to two days," the document said. The UK withdrew from the EU's political institutions on Jan. 31 but remains in a tariff-free transition period until the end of the year.

COURT: NAWAZ ARREST REPORT BY SEPT. 30

SHAFQAT ALI | DC ISLAMABAD, SEPT. 23

The Islamabad High Court (IHC) on Wednesday directed the concerned representative to submit report on the implementation of Pakistan Muslim League (Nawaz) supreme Nawaz Sharif's arrest warrant through United Kingdom's County Court by September 30. During the hearing of Avenfield and Al-Azizia references conducted by a two-member bench, Additional Attorney General has assured the court that official of Pakistan High Commission will reach the PML-N supreme's residence in London to inform him about court orders. The IHC had issued non-bailable arrest warrant against Nawaz for September 22 and rejected his plea seeking exemption from the hearing. The court had also directed the concerned authorities to initiate proceedings to declare him as proclaimed offender. His petition to continue the case hearings through legal representative was also turned down by the IHC. Nawaz had requested the IHC to nullify its ruling and allow him to become a part of the court proceedings through his representative. He made the request on medical grounds. The IHC had ordered him to surrender and appear on September 10 at any cost in the Al-Azizia Steel Mills corruption reference. Justice Mohsin Akhtar Kiyani had said in his remarks, "Nawaz Sharif has to appear before the court for hearing. He may face additional three-year imprisonment if he is absconder in the reference."

Trump: Harris incompetent

Don: US has most powerful weapons ever produced

Washington, Sept. 23: US President Donald Trump has termed Senator Kamala Harris as "grossly incompetent," saying he was surprised when his Democratic rival Joe Biden picked her as his running mate in the November 3 presidential election.

Harris, 55, is the first-ever PoC and Indian-American woman to be the vice-presidential candidate of a major political party. "I was surprised to learn when Biden selected Harris as his running mate. Believe it or not, it's true she is rated the most liberal person in Congress. I think she's grossly incompetent I'll be honest with you," Trump said during a rally in Pennsylvania on Tuesday.

Trump, a Republican, said during the Democratic primaries no one treated Biden as badly as Harris. "Also, Harris was dropped out of the Democratic Party's presidential race as her popularity ratings dipped low," he said. Former vice president Biden has defended Harris, saying she is smart, tested and prepared. "She (Harris) is smart. She is tested. She is prepared," Biden said during a virtual fundraiser event with Harris.

"The way she talks about her mom, her immigrant story that started Indian. It's one of the things that really stood out to me. We both talked about our moms. My mom was all about sacrifice and community and how much they sacrificed for both of us, my mom and hers. And I know the pride you feel in her nomination," Biden said. Harris, who is busy campaigning in various parts of America, on Tuesday distributed yard signs to supporters who drive by parade-style and

CHINA TRAILS U.S. IN DEVELOPING 6TH-GEN CRAFT

Beijing, Sept. 23: China, which in recent years tried to catch up with the US in the design and production of new generation warplanes, is trailing the American air force in the development of the sixth-generation fighter jets by several years, according to a media report. America is leading the world in the sixth-generation fighter jets with the US Air Force saying it has flown a prototype - a milestone that is still years away for China, South China Morning Post reported.

Trump said for decades, American politicians spent trillions of dollars rebuilding foreign nations, fighting foreign wars that never ended, and defending foreign borders. "Instead of endless war, we are forging peace in the Middle East, it's so great. Peace in the Middle East," he said. "We will strike down terrorists who threaten our citizens and we will keep America out of endless, ridiculous, stupid foreign wars," he said at an election rally in Pennsylvania on Tuesday night. "I am just telling you the most powerful weapons ever produced we have and other countries know that and it's a good thing that they know it and I don't think we will ever be using them and I hope we don't, I hope to God," Trump said.

The president said by saying so, he was not leaking any classified information. He said he was allowed to speak about it because he is the president of the United States. Trump said that he has rebuilt the US military. "It was totally depleted when I took over. We built a military, \$2.5 trillion we spent all made in the US saying, the greatest equipment, the greatest planes and rockets and missiles and our nuclear," he said.

He spoke at a voter mobilisation event in Detroit. She also launched Michigan's "Shop Talk" programme at Headliners Barbershop in Detroit. "Everything's

at stake," Harris told a woman as she made a brief stop at a woman-owned cold pressed juice company in Michigan.

Senate GOP plans vote on Don court pick before election

Washington, Sept. 23: Votes in hand, Senate Republicans are charging ahead with plans to confirm President Donald Trump's pick to fill the late Justice Ruth Bader Ginsburg's Supreme Court seat before the November 3 election, launching a divisive fight over Democratic objections before a nominee is even announced.

Trump said Tuesday he will name his choice Saturday, confident of support. Democrats say it's too close to the election, and the winner of the presidency should name the new justice. But under GOP planning, the Senate could vote October 29. "I guess we have all the votes we're going to need," Trump told *WJBX FOX 2* in Detroit.

"I think it's going to happen," Republicans believe the court fight will energize voters for Trump, boosting the party and potentially deflating Democrats who cannot stop the lifetime appointment for a conservative justice.

The Senate is controlled by Republicans, 53-47, with a simple majority needed for confirmation. The one remaining possible Republican holdout,

WOMAN WROTE 'GIVE UP' IN RICIN NOTE TO TRUMP

Washington, Sept. 23: A Canadian woman accused of mailing a package containing ricin to the White House included a threatening letter in which she told President Donald Trump to "give up and remove your application for this election," according to court papers filed on Tuesday. Pascale Ferrier, of Quebec, was arrested Sunday at the New York-Canada border and is due to make her first court appearance Tuesday afternoon in federal court in Buffalo, New York. She faces a charge of threatening the president.

Mitt Romney of Utah, said Tuesday he supports taking a vote. Still, with early presidential voting already underway in several states, all sides are girding for a wrenching Senate battle over health care, abortion access and other big cases.

2L dead as Don vilifies science, prioritises politics

New York, Sept. 23: "I did the best I could," President Donald Trump said. Huddled with aides in the West Wing last week, his eyes fixed on Fox News, Trump wasn't talking about how he had led the nation through the deadliest pandemic in a century. In a conversation overheard by an *Associated Press* reporter, Trump was describing how he'd just publicly rebuked one of his top scientists — Dr Robert Redfield, a virologist and head of the US Centers for Disease Control and Prevention. Redfield had angered the president by asserting that a COVID-19 vaccine wouldn't be widely available until late 2021.

So hours later, with no supporting evidence, Trump called a news conference to say Redfield was

"confused." A vaccine, Trump insisted, could be ready before November's election. Mission accomplished: Fox was headlining Trump's latest foray in his administration's ongoing war against its own scientists. It is a war that continues unabated, even as the nation's Covid-19 death toll has reached 200,000 — nearly half the number of Americans killed in World War II, a once unfathomable number that the nation's top doctors just months ago said was avoidable. Over the past six months, the Trump administration has prioritised politics over science at key moments, refusing to follow expert advice that might have contained the spread of the virus and Covid-19, the disease it causes.

China denies forced labour in Xinjiang

Beijing, Sept. 23: China on Tuesday lashed out at the passage of a bill by the U.S. House of Representatives that threatens sanctions over the alleged use of forced labour in China's Xinjiang region, calling the accusation a lie.

Foreign ministry spokesman Wang Wenbin said the bill "maliciously slandered the human rights situation in Xinjiang" and sought to curb devel-

opment and progress in the region while stirring up ethnic divisions and interfering in China's internal affairs. "The so-called problem of forced labor is totally a lie fabricated by some organisations and personnel in the United States and the West," he told reporters at a daily briefing.

The House voted 406-3 to declare that any goods produced in Xinjiang are

presumptively made with the forced labour of detained Uighurs and other ethnic minorities, and therefore banned from being imported to the US. If enacted into law, it could force companies to avoid a region that produces 80% of the cotton in China, one of the world's top producers of the fiber, as well as tomatoes and manufactured goods.

involved to suggest the student's entry could lead to donations, Howle said. "There's at least another 400 or so students...that were really questionable," Howle said, including some student athletes who didn't appear to have any athletic ability. UC President Michael V. Drake, who took over the job in July, said in a statement that he took the findings and recommendations "very seriously and will do all I can to prevent inappropriate admissions."

"The University will swiftly address the concerns the State Auditor raised. Furth-

ermore, individuals involved in improper activities will be disciplined appropriately," Drake said. The audit recommends that the UC President's office take a more robust role in auditing the admissions processes at the nine campuses and closely examine what is called "admissions by exception," granted for student athletes, artists, or those who have other specific talents that are attractive to a campus.

"We think that the Office of the President and their audit function should be not only looking deeper at these four campuses but looking

at all of the campuses in the UC system," Howle said. The audit was requested last year by state Assemblywoman Tasha Boerner Horvath in response to the national college admissions scandal, which embroiled prestigious universities across the country, athletic coaches and dozens of wealthy parents.

The scandal shed light on the murky world of US college admissions and how the rich and famous exploited it to buy their children's way into top schools with rigged test scores or fake athletic credentials. At the

centre of the scheme was Newport Beach-based college admissions consultant, William "Rick" Singer. Those investigations, known as Operation Varsity Blues, previously identified at least three students at UCLA and UC Berkeley who were improperly admitted. UCLA men's soccer coach Jorge Salcedo was indicted on charges of racketeering conspiracy for allegedly accepting \$200,000 in bribes from the scheme's mastermind, Singer, in exchange for helping two students gain admission to the school as soccer players.

French police officers secure the bridge leading to the Eiffel Tower, Wednesday, Sept. 23, 2020 in Paris. Paris police have blockaded the area around the Eiffel Tower after a phone-in bomb threat. — AP

Paris police barricade Eiffel Tower following phone-in bomb threat

Paris, Sept. 23: Paris police have blockaded the area around the Eiffel Tower after a phone-in bomb threat.

The Eiffel Tower in Paris was evacuated for two hours Wednesday after an anonymous caller threatened to blow up the great edifice situated in the heart of the French capital, police said.

Police cars and tape surrounded the streets below the tower and the bridge stretching from across the Seine River to the Trocadero Plaza.

Some tourists were still walking in the area, but it was unclear if any were still inside the tower on Wednesday.

Two police officers at the scene told The Associated Press that the operation was the result of a phone-in bomb threat.

Eiffel Tower management did not respond to requests for comment.

After an inspection was carried out, nothing suspicious was found and the Eiffel Tower was able to reopen to visitors.

"A man phoned up,

shouted 'Allah Akbar' and said he was going to 'blow up everything'" at the Eiffel Tower, said a police source, who asked not to be named.

A security cordon was put around the monument, traffic diverted and the Eiffel Tower evacuated at 12:15 pm (10:15 GMT).

Its operator SETE said in a statement that after a thorough search nothing was found and the tower was able to reopen at 2:15 pm.

The 131-year-old tower gets about 25,000 tourists

daily in normal years and about seven million visitors a year, some three-quarters from abroad, but visits are down this year because of Coronavirus travel restrictions.

While the Eiffel Tower is scheduled to be open every day, it occasionally closes because of suicide threats, bomb threats or labour strikes.

The monument had reopened on June 26 after its longest closure since World War II forced by the coronavirus pandemic.

IT'S 'CHINA VIRUS', NOT CORONAVIRUS WHICH SOUNDS LIKE A BEAUTIFUL PLACE IN ITALY, SAYS U.S. PRESIDENT

Washington, Sept. 23: US President Donald Trump has hit out at China for not stopping the Covid-19 pandemic that has claimed hundreds of thousands of lives globally, as he yet again used the term "China virus" and urged his supporters not to call it Coronavirus, saying the name sounds like a "beautiful place" in Italy.

Addressing a packed election rally in the battle ground State of Pennsylvania, Trump told his supporters on Tuesday that if re-elected, over the next four years, his administration will make America a manufacturing superpower of the world and will end US reliance on China

once and for all. Describing the November 3 election as a "matter of economic survival", Trump said that the country was doing great on economic front before the plague was unleashed on the United States, and blamed China for it. "You had the greatest year you have ever had last year, and you were really on your way — we were very, very sadly disturbed by what happened with China. They let the plague out. They shouldn't have done it," he said. "We built the greatest economy in the history of the world. And right now we're doing it again," he asserted.

MORE CURBS IN HARD-HIT MADRID

Madrid, Sept. 23: Health authorities in Madrid may extend to more communities the restrictions on movement it imposed on areas of the Spanish capital with high Coronavirus infection rates.

About 860,000 Madrid residents already are required to justify trips out of 37 neighbourhoods. The region's deputy health chief, Antonio Zapatero, said Wednesday that a decision on additional measures would be announced on Friday.

ACADEMIC | ANOMALY

Admission policies and practices from 2013-14 to 2018-19 at 4 campuses examined

Auditor: UC wrongly admitted well-connected students

San Francisco, Sept. 23: The University of California "inappropriately admitted" at least 64 wealthy students over the past six years as "favours to donors, family, and friends," according to an audit released on Tuesday that found hundreds more questionable cases of student athletes accepted to the top UC schools.

"This is a significant problem that the university needs to deal with," State Auditor Elaine Howle said in a telephone interview. The audit examined admission policies and practices

over a six-year period at four of the UC's nine campuses — UCLA, UC Berkeley, UC San Diego and UC Santa Barbara. It reviewed the academic years of 2013-14 through 2018-19.

Auditors found that 22 applicants were falsely designated as student-athlete recruits "because of donations from or as favours to well-connected families." These students "had little or no athletic skills," Howle said. "UC Berkeley really had some significant weaknesses in their admissions process," Howle said.

The audit found that the

elite school admitted 42 applicants based on their connections to donors and staff while denying admission to others who were more qualified. Howle said she believes the findings have barely scratched the surface of problems in the UC admissions process.

The 64 students identified as being improperly admitted were based on "definitive evidence," such as emailed communications showing a student was denied admission but then reconsidered and accepted after an athletic coach or the development office got

24 SEPTEMBER 2020

With Opp. away, govt sneaks in labour code

The government on Wednesday pushed through a set of key pieces of legislation that will impact the lives over 50 crore people who form the country's workforce. The Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020, along with the code on wages, which has already been enacted, subsume and replace 29 central laws that governed the country's industrial relations.

The Industrial Relations Code raises the threshold on the number employees needed in an organisation for retrenchment and closure of establishments without government approval to 300 from 100. While the law throws job security of a large number of people into the wilderness, it is welcomed by the industry as it makes hiring and firing easy. It also redefines the sole negotiating union in an establishment as the one in which more than 51 per cent of the workers are members. Establishments now need not listen to the voice of smaller sections of their employees. The Code on Social Security provides for universal social security to all workers, including the unorganised and the gig and platform workers who account for over 90 per cent of the total workforce. The Bill mandates that the governments set up social security funds for them and fixes the maximum hours of work as eight per day. It is to e sen hw th provision to allow women to work in hazzdous industries, albeit with safety measures, will benefit them. A redeeming feature is the attention on inter-state guest workers: the government will now have to maintain a database on them online. They can also avail the benefits of the public distribution system either in the native state or the state of employment, and insurance and provident fund benefits available to other workers. Critics have noted an alarming and unusual feature in the bills that gives the government wide powers to frame rules that will form the operational part of the legislation. They include the conditions for increasing the threshold for lay-offs, retrenchment, and closure, for applicability of different social security schemes to establishments, and specifying safety standards, and working conditions to be provided by establishments under the occupational safety code. The government has made its intention clear when it said the purpose of labour reforms is to provide a transparent system to suit the changed business environment. The codes also empower the state government to offer relaxations in provisions on labour security, with an aim to trigger a race to attract capital.

That the codes cleared parliamentary scrutiny in less than three hours of discussion, that too when the Opposition was boycotting the proceedings, reflects the disdain the government has shown towards not only to parliamentary practices but also to the people whose lives they will impact. The government showed a similar high-handedness when it got the farm bills passed. Every trade union, including the Bharatiya Mazdur Sangh affiliated to the Sangh Parivar, has voiced their protest against the anti-labour provisions in the codes. It remains to be seen how the government will tackle the disaffection within India's workforce.

Callous disregard of data

Data, they say, is the new oil. The finance minister had poured scorn on the new maxim in her Budget speech saying it is just a cliché though she did acknowledge the significance of credible data to base decision-making on. The real import of the importance of data in modern administration may have dawned on the government when it confessed in Parliament that it had no data on the deaths of guest workers who were forced by the suddenness of the declaration of the world's most severe lockdown to collectively log millions of miles as they trudged home in distress. This human tragedy, so gut-wrenchingly portrayed when a child was photographed trying to wake its dead mother on a road in Bihar, surpassed even the horrors of the pandemic.

In the absence of credible data gathering, the figure of a crore migrant workers having walked or ferried home by special trains and buses can only be taken as a ballpark figure conjured to satisfy questions tabled in Parliament. If it did not collate any data from different states on the fatalities and the number of returning migrants, the government is guilty of carelessness. But if the real reason is that data is being withheld because of the embarrassment it would cause, the government stands condemned by its own callousness. The suspicion is data — media sources put guest workers' deaths near about 300 — is a tool to be manipulated in the hands of the current dispensation as amply proved in several debates over statistics regarding job losses in a downward spiral of the economy in the last couple of years.

The government also admitted in Parliament that it had no data on farmer suicides in the last three years. The fact that its own national crime database reveals 10,281 farmer suicides in 2019 and 10,357 in 2018, besides counting 42,480 deaths by suicide of farmers and daily wage workers last year, shows up the rulers as shying away from the truth when it comes to keeping people's representatives informed in Parliament. In refusing to address inconvenient data, the government is proving unworthy of the people it governs.

Are we ready for 'give & take' with China at LAC?

Sunanda K. Datta-Ray
Reflections

The five teenaged Arunachal Pradesh boys who went missing on September 4 and were later found on the Chinese side of the border highlighted the dilemma that the top Indian and Chinese Army commanders must have faced during Monday's mammoth meeting.

Of course, the boys, who had unwittingly strayed across the border and were later found in China by People's Liberation Army personnel, were close to the extreme northeastern end of the 3,488-km Line of Actual Control between India and China. The meeting of Chinese and Indian commanders at Moldo was on the Chinese side of the LAC's north-western end. This is where, as Jawaharlal Nehru famously told Parliament before the 1962 border war, "not a single blade of grass grows".

In contrast, the Northeast is lush with vegetation and bristling with game. Moreover, as one of the lost boys put it: "We are hunters, we move around a lot." Yet, despite their experience and expertise, they got lost and could not be found for several days. "The borders are not demarcated well", they said. "We can't say which side is which."

It must be even more difficult to do so among the barren rocks and snow-clad heights of Ladakh where there are often no marked borders at all, as narrated in Kyle J. Gardner's forthcoming book, *The Frontier Complex: Geopolitics and the Making of the India-China border, 1846-1962*. This is where India accuses the Chinese PLA of encroaching on Indian territory in early May.

New Delhi and Beijing have been at loggerheads over charges and counter-charges for the past five months, re-enacting the tensions between Washington and Beijing that resulted in the recent menacing Chinese video of an aerial attack on what looks like a fortified American military position in Guam.

A September 6 meeting in Moscow of India's external affairs minister, Subrahmanyam Jai-shankar, and China's foreign minister, Wang Yi, on the sidelines of a gathering of foreign ministers of the Shanghai Cooperation Organisation went on for more than two hours. But it did not break the stalemate.

India is in the dual position of being both the aggrieved party and the one which enjoys a slight tactical advantage. It is pressing China to agree to a three-step process of disengagement, de-escalation and de-induction. The basis of the demand is that India now occupies tactical heights on the south bank of the Pangong Tso-Chushul river system.

This is the area that Raja Gulab Singh's general, Zorawar Singh, invaded in 1834. The Chinese, with their much vaunted sense of history, should not forget that the Dogra forces of the Maharaja of Jammu and Kashmir soundly defeated the Qing emperor's Sino-Tibetan army during the Sino-Sikh War of 1841-42.

Ladakh's king, Tshespal Namgyal, was dethroned and exiled and Ladakh incorporated into the princely state of Jammu and Kashmir. China's PLA may be trying to regain through backdoor means what the Chinese lost fair and square in a war 178 years ago.

However, it must be admitted that the proposed Johnson-Ardagh line (for Tibet's northern boundary with Chinese Turkistan) and the abortive Macartney-MacDonald Line (to delineate Aksai Chin) were even more inconclusive than the McMahon Line which those Arunachal Pradesh boys so unwittingly transgressed.

One wonders whether either side at the Moldo talks in a fresh bid to ease the months-long standoff remembered Rajiv Gandhi's warning about these mythic lines. India's sixth Prime Minister, who paid an epochal five-day visit to Beijing in December 1988 to meet Deng Xiaoping, reminded everyone that the disputed Sino-Indian border was a thick pencil line on a small-scale map, blurring all physical features. Identifying the border in the ground can't be easy since according to Gardner, the British left large stretches of it without delineation or demarcation.

Indians are indignant about the Chinese intrusion into our sacred motherland only because they have been told about them by their political and military leaders. No one has any direct knowledge of those inaccessible heights. Similarly, when the Chinese complain similarly of Indian encroachments, they are only echoing the PLA and what the *Global Times* prints. Again, there is no independent corroboration.

The Indian delegation for Monday's sixth round of military talks was headed by Lt. Gen. Harinder Singh, the commander of the Leh-based

The protracted campaign which the Chinese call 'wei qi' is hardly best suited for the onset of winter. It's not in anyone's interest to be lost in the uncharted mountains like those five Arunachal Pradesh boys.

14 Corps. Opposite him was the South Xinjian military district chief, Maj. Gen. Liu Lin. The inclusion in the Indian team of an external affairs ministry joint secretary, Naveen Srivastava, made it the first simultaneous military-diplomatic meeting between the two sides.

This was the first meeting between the two corps commanders since their 10-hour August 2 deliberations at Moldo. Indian and Chinese troops have clashed at least twice since August 2, accusing each other of firing warning shots in the air in violation of a long-standing agreement against using firearms within 2 km of the LAC.

It is futile now to reflect that a positive response to Zhou Enlai's suggestion of swapping Aksai Chin for Arunachal Pradesh, which the Chinese call "South Tibet", would have avoided much anguish. But one lost opportunity does not invalidate the underlying give-and-take principle that is so necessary for good neighbourliness. In fact, Russia resolved its territorial disputes with China only by relinquishing its claim to several hundred islands on the Argun, Amur, and Ussuri rivers and approximately 50 per cent of Bolshoy Ussuriysky Island. Now, Japan, Indonesia, Taiwan, Malaysia, the Philippines, Vietnam, Brunei, Laos, Nepal, Bhutan, Singapore and even protégé North Korea can solve their problems with China on a give-and-take basis without emulating Pakistan, which bought China's "irreplaceable, all-weather friendship" with a slice of India's Jammu and Kashmir that it had occupied.

The protracted campaign which the Chinese call "*wei qi*" is hardly best suited for the onset of winter. It's not in anyone's interest to be lost in the uncharted mountains like those five Arunachal Pradesh boys.

BJP'S DAYDREAM

The BJP is day dreaming about capturing power in AP in 2024 when the performance of the NDA-II is a big question mark. It never displayed determination to grow on its own after its alliance with the TD. And thanks to the caste card by the TD leadership, BJP never gained ground. Right now the BJP is ill-organised, lacks cadre and more importantly a leadership.

JEE ADVANCED

The woes of students appearing for JEE advanced on September 27, particularly from northern AP, are unlimited. The allotment of centres is very illogical. They have to travel hundreds of kilometres to reach the centre despite the fact that they have exam centres. The lack of public transport, hotels and the risk of virus coupled with monetary burden are parents' sleepless nights.

Podgorny, Giri begin talks

MOSCOW, SEPT. 23. President V.V. Giri and President Nikolai Podgorny began formal talks in the Kremlin today with salies of newsmen who crowded in there for a brief view.

The Soviet President observed that the temperature within the chandelied hall of the seventeenth century Supreme Presidium which was cool and comfortable had suddenly become warm. "Even for us it is extremely hot" said President Giri as spotlights focused on the two Presidents and movie cameras whirled. One President said about the newsmen they are good friends," while the other added," but bad enemies."

Investor visa: A way out of the Covid-19 conundrum?

Eight months after the first human case of the new coronavirus (Covid-19) was diagnosed in the United States, a countless number of dreams and plans have been permanently tabled or put on hold. Businesses have shuttered, some colleges and universities will be starting the fall fully remote, and racial strife is adding to the turmoil in the country.

While "unprecedented times" is now a cliché for describing this time we are in, it's also apropos to describe this year as a time like no other. If someone were to make a movie about the 1918 Spanish Flu, the Great Depression, and 1968 race riots all happening at once, it would look and feel like 2020.

Amid all the uncertainty in the US surrounding public health, job security, unemployment figures, and education, no one wants to put their future on hold. Foreign investors will continue to see opportunities to invest in US businesses and in support of creating more jobs and securing permanent US green cards.

Despite the pressures that the pandemic and surrounding rhetoric have

placed on immigration and some visa programs, the EB-5 Immigrant Investor Programs continues to be a viable, solid alternative to getting a quality US education and becoming US residents.

PRESSURES ON OTHER VISA PROGRAMMES

The topic of immigration has received particular attention from the Trump Administration this summer and has targeted some visa programs but not others.

Mr Trump's June 22, 2020, presidential proclamation effectively shut down L-1 and H-1-B visa channels by suspending visa issuances for workers, their spouses and children. Then, the administration said international students would have to transfer or leave the country if their universities opted for online-only learning this fall; this proclamation was later rescinded after major universities like Harvard and MIT sued.

On August 19, exemptions to the June order were announced for tech and healthcare workers who would be resuming employment with the same employer. Even then, there's an

uncertainty around these visas that cannot be shaken.

As a consequence, we are likely to see renewed interest in the EB-5 program, which provides mutually beneficial arrangements for immigrants and job creators. A one-time investment of \$900,000 for a new US business that creates at least 10 jobs for US workers earns the investors green cards and the ability to achieve permanent residency.

The "at-risk" capital is returned after the permanent green cards are received. Students who take advantage of this program are not limited by the industry they will work in after graduation — unlike other visas — and they do not have to worry about having to re-apply for visas or work permits.

In an average year, about 10,000 EB-5 visas are issued per year, and just under half that figure was used as of June over the course of fiscal year 2020 (which ends September 30), according to department of state visa control chief Charles Oppenheim in a June IIUSA webinar.

He acknowledged issuance has been slowed by the pandemic impacts, and

he predicted the programme could gain at least 4,200 new visas in FY2021. In other words, we could see 14,000 new EB-5 visas next year (starting October 1).

This is good news for residents of countries that have limits on the number of immigrant visas or that tend to have a higher number of EB-5 applicants.

Part of the sluggishness this past year was due to the limitations or resistance to in-person meetings and the increase in the minimum investment from \$500,000 to \$900,000 that became effective last year. Applications for EB-5 could take longer for investors to make if they cannot see projects firsthand.

Another shift we'll see from the pandemic's impacts is the categorisation of Targeted Employment Areas (which are rural or high unemployment areas) toward the end of 2021, as some regions in the US have been hit harder than others.

This could open up or shift opportunities for some investors. Similar to the most recent financial crisis, when stock market return potential has diminished, investors in a strong posi-

tion are likely to turn to real estate for stability, as demand in real estate is increasing.

High net worth investors may also be enticed to put their funds toward other countries, such as Portugal, whose Golden Visa Program is attractive for fast-tracking residency into the European Union.

Taxation in Portugal is considered more favourable and can be an important factor as investors and their families decide where to reside. The country also offers universal health care and affordable yet quality education.

WHAT'S NEXT?

In the coming months, businesses are going to be picking up the pieces. Some international students may have opted for a gap year rather than deal with visa uncertainty and the limits of virtual-only learning.

The next year could be an opportune time to plan carefully the kind of future families and investors want to establish for themselves.

Hexaware Tech to offer ₹475 per share for delisting

Hexaware Technologies on Wednesday said will offer ₹475 per share as the final price for its delisting offer. The company stated the offer was successful and 8.72 crore equity shares had been validly tendered. The bid process for the delisting offer had started on September 9 and closed on September 16. "The acquirer and promoter have accepted the discovered price of ₹475 per equity share as exit price."

Mobile World Congress will be held in June 2021

The world's biggest four-day telecom assembly Mobile World Congress has been scheduled to start from June 28, 2021, global industry body GSM Association said on Wednesday. The Mobile World Congress is held in the last week of February every year but this year, it was cancelled due to Covid-19 pandemic, and after telecom companies one after the other started pulling out of the conference.

Toyota launches Urban Cruiser priced ₹8.4 lakh

Japanese auto major Toyota on Wednesday launched its compact Sports Utility Vehicle Urban Cruiser, which it has sourced from compatriot Suzuki, in India with price starting at ₹8.4 lakh as it looks to use cross-badged products from the latter to draw more customers in the volume segment. The Urban Cruiser is the second model to be launched in India under the global Toyota-Suzuki alliance after premium hatchback Glanza.

Airtel picks up stake in tech start-up Waybeo

Bharti Airtel on Wednesday said it has picked up a strategic stake in Waybeo under its start-up accelerator programme, in line with its strategy to ramp-up cloud offerings. The company did not divulge into the financial details of the deal. Tech start-up Waybeo, focused on deep artificial intelligence-based analytics for cloud telephony, is fifth to join the Airtel Startup Accelerator Program.

Boycott call fails to reduce import of Chinese products

Chinese share in imports rose to 19% as against 14% last year

SANGEETHA G CHENNAI, SEPT. 23

Despite the drop in demand post-lockdown and the general resentment towards Chinese products after Ladakh incursion, China has increased its share in imports into India. Imports from the Communist country came down only by 29 per cent between April and August this year compared to 48 per cent decline in overall imports. China's share in India's total imports has gone up to 19 per cent between April and July, up from 14 per cent in the year-ago period. During the lockdown months of April and May and even during the initial months of unlock, the flow of imports in general

FOREIGN DEPENDENCE

- While India's total imports declined by 48 per cent, the country's imports from China have dropped merely by 29 per cent.
- Agro chemicals, medical and scientific instruments, other miscellaneous chemicals, handicrafts and petroleum products have seen rise in imports

and especially those from China had faced several issues. During these months, the shipments of many items got stuck at the ports, consumption was curbed and logistics remained unresolved. Further, the Chinese incursion into Ladakh evoked a strong resentment among Indian consumers and calls to ban

Chinese imports had become loud. Small and medium traders under Swadeshi Jagran Manch and the Confederation of All India Traders had given open calls to boycott Chinese products. This was followed by increased scrutiny of Chinese products at ports and consequent delays. The government also wanted to cut

the Chinese imports wherever possible and promote indigenous production. Certain curbs in the form of increased import duties were also brought in for select items. However, the share of Chinese imports in India's overall imports has gone up to 19 per cent in the period between April and July compared to 14 per cent in the year-ago period. Among the top 50 commodity groups, import of agro chemicals rose from \$321 million to \$377 million, medical and scientific instruments grew from \$200 million to \$205 million, other chemicals from \$212 million to \$240 million, handicrafts from \$156 million to \$168 million and petroleum products from \$60 million to \$68 million.

UTI MUTUAL FUND PLANS ITS IPO ON SEPT. 29

RAVI RANJAN PRASAD MUMBAI, SEPT. 23

The successful listing of IPOs floated by Happiest Minds Technologies and Route Mobile has inspired many others to list their shares on bourses. Following CAMS, Chemcon Speciality Chemicals and Angel Broking, many more companies have fasttracked their IPO plans. Sources said UTI Mutual Funds' ₹3,000-crore IPO would kick off on September 29. The IPO of Computer Age Management Services (CAMS) got huge response from all categories of investors and was subscribed 47 times on the final day of bidding. The qualified institutional bidder portion got subscribed 73.18 times excluding the anchor investor portion. Chemcon Speciality Chemicals' ₹318-crore IPO, which was closed on Wednesday, got subscribed over 149 times on the last day of bidding. Chemcon, being a smaller size issue, received bids 40.91 times shares on offer from retail individual investors, 449.14 times from HNI investors and 113.53 times from qualified institutional buyers category. Angel Broking's ₹600 crore IPO got fully subscribed on the second day of bidding. At the time of closing, it got subscribed 1.46 times.

US PE buys 1.28% stake in Rel Retail for ₹5,550cr

New Delhi, Sept. 23: US private equity firm KKR & Co will invest ₹5,550 crore to buy a 1.28 per cent stake in Reliance Industries Ltd's retail arm as the Mukesh Ambani-run conglomerate extends fundraising spree that has already netted more than \$20 billion.

Mukesh Ambani

"KKR will invest ₹5,550 crore into Reliance Retail Ventures Ltd (RRVL), a subsidiary of Reliance Industries Ltd," RIL said in a statement. The investment values Reliance Retail, which runs grocery stores and fashion chains, at a pre-money equity value of ₹4.21 lakh crore. "KKR's investment will translate into a 1.28 per cent equity stake in RRVL on a fully diluted basis" it said. This is the second investment by KKR in Reliance Industries (RIL) units. It had previously

picked up a 2.32 per cent stake in the digital arm, Jio Platforms for ₹11,367 crore. For Reliance Retail, KKR is the second investor. US private equity firm Silver Lake Partners had earlier this month agreed to buy 1.75 per cent stake in the venture for ₹7,500 crore. Reliance Retail Limited, a subsidiary of RRVL, operates India's largest, fastest-growing and most profitable retail business spanning supermarkets,

consumer electronics chain stores, cash and carry wholesale business, fast-fashion outlets, and online grocery store JioMart. It operates almost 12,000 stores in nearly 7,000 towns. The investment will add fire to Ambani's battle for dominance in the retail market that is also being eyed by Jeff Bezos' Amazon.com and Walmart Inc's Flipkart. In May, Reliance launched an online grocery delivery service JioMart. It has tied up with WhatsApp to connect customers with local kirana stores. Late last month, Reliance acquired the retail and logistics businesses of Future Group for ₹24,713 crore to boost its retail vertical. Founded in 1976, KKR has \$222 billion in assets under management as of June 30, 2020. — PTI

TELECOM STOCKS CRASH AFTER JIO'S POSTPAID PLANS

New Delhi, Sept. 23: Telecom stocks on Wednesday tumbled up to 10 per cent a day after Reliance Jio unveiled its postpaid plans. Vodafone Idea shares plummeted 10.05 per cent to close at ₹9.22 on the BSE. During the day, it tanked 14 per cent to ₹8.81. Bharti Airtel also tumbled 7.89 per cent to settle at ₹433.90 after falling 9.99

per cent to ₹423.95 during the day. Bharti Airtel was the biggest laggard in the Sensex pack. "Telco stocks like Vodafone Idea and Airtel plunged after Reliance Jio released a new postpaid tariff plan," said Sumeet Bagadia, executive director, Choice Broking. After unleashing a price war in mobile tariffs and fibre-broadband services,

Mukesh Ambani-led Reliance Jio on Tuesday unveiled postpaid plans, bundling up to 500 GB of data and subscription to Netflix, Amazon Prime and Disney + Hotstar. JioPostPaid Plus for mobile customers will have a monthly tariff from ₹399 to ₹1,499 with different benefits, the company said in a statement. — PTI

Brokerages to see no Covid impact

Mumbai, Sept. 23: The domestic brokerage industry's revenue will grow up to 12 per cent in FY21 on the back of heightened retail participation in markets, a report said on Wednesday.

While the economy has been reeling under the pressure of the Covid-19 pandemic, the trading volumes in the domestic markets have been on an upwards trajectory

— ICRA

The agency said its pool of 11 entities grew their revenue by three per cent in FY20, but the revenue growth has been 16 per cent per annum on a com-

pounded basis since FY16, and added that its outlook on the industry is "cautiously stable". While growth momentum is expected to continue, operational and funding challenges could have a bearing on the performance, particularly for small to mid-sized brokerage companies, it said. "In the current fiscal, the industry aggregate revenues are expected to increase to ₹23,000 crore (Y-o-Y growth of 10-12 per cent)," it said. "While the

economy has been reeling under the pressure of the Covid-19 pandemic and nationwide lockdowns, the trading volumes in the domestic capital markets have been on an upwards trajectory, reaching an all-time high in July 2020," it said. The option of work from home, limited investment opportunities and attractive valuations have helped drive investor interest to capital markets, ICRA's Samridhhi Chowdhary said. — PTI

Facebook, YouTube, Twitter agree on common definition, external auditing, standard reporting

Social media, advertisers in deal to curb hate content

London, Sept. 23: Facebook, YouTube and Twitter have agreed with big advertisers on first steps to curb harmful content online, following boycotts of social media platforms that advertisers had accused of tolerating hate speech. The agreement comes three months after Facebook was hit by a boycott from major advertisers in the wake of anti-racism demonstrations that followed the death of George Floyd, an American Black man, in police custody.

Advertisers have complained for years that big social media companies do too little to prevent ads from appearing alongside hate speech, fake news and other harmful content. Big tech companies, meanwhile, want to be seen as taking action on the issue to fend off calls for more regulation. Under the deal, announced on Wednesday by the World Federation of Advertisers, common definitions would be adopted for forms of harmful content such as hate speech and

bullying, and platforms would adopt harmonised reporting standards. The platforms agreed to have some practices reviewed by external auditors, and to give advertisers more control of what content is displayed alongside their ads. "The deal comes less than six weeks before a polarising US presidential election. "This is a significant milestone in the journey to rebuild trust online," said Luis Di Como, executive vice president of global media at Unilever, one

Any progress in reducing harmful online content is to be welcomed. However, up to now voluntary action from social media companies has rarely lived up to its initial promises.

Gold price likely to touch record high by November

SANGEETHA G CHENNAI, SEPT. 23

The uncertainty around US Presidential elections may see gold making new highs, finds a report by Citigroup. A revisit of the record high levels in the international market will see gold touching ₹56,000 in the Indian market.

Even if gold moves back to the record high levels of \$2,070, at the current rupee levels, gold in the domestic market may move past ₹56,000 per 10 gm towards ₹58,000 levels.

HIMANSHU GUPTA, V-P, Globe Capital

Uncertainty over the contest and delays about the outcome may "be underappreciated by precious metals markets," Citigroup said in a quarterly commodities outlook. This could see gold moving up by more than \$200 an ounce from the current levels to cross \$2,070. Gold had touched \$2,070 in the first week of August. But the metal has been witnessing some correction with the movement of the dollar index. The US elections in November would see incumbent Donald Trump pitting against Joe Biden. The election "could be an extraordinary catalyst

for gold flat price and volatility skew late in the fourth quarter, even though historically there is no clear pattern for gold trading or price volatility into and after US elections," Citi said. "That is one reason why we expect gold prices to hit fresh records before year-end," it added. According to Himanshu Gupta, vice-president and head of commodities and currencies research, Globe Capital, gold went up during the last presidential elections, but due to the lack of support

from the macro fundamentals, it fell later. "However, this time, gold has the support of macro fundamentals. Interest rates are low and are expected to remain lower until 2023. Despite the recent recovery in the dollar index, the greenback is in bearish territory. Further, the global economies are not going to recover any faster," he said. "Our medium term target is \$2,250-\$2,300 levels. Even if gold moves back to the record high levels of \$2,070, at the current rupee levels, gold in India may move past ₹56,000 per 10 gm towards ₹58,000 levels. Even our Diwali target is around those levels," said Gupta. Kedia Commodities has set a 3-month target of \$2200 and a 6-12 month target of \$2400 per ounce. "We lift the 2021 base case gold price forecast by \$300 per ounce versus our early July forecast, to \$2,275," said Ajay Kedia, the MD of Kedia Commodities.

PE flow in realty dips 85% in eight months

New Delhi, Sept. 23: Private equity investment in Indian real estate plunged 85 per cent during January-August period of this year at \$866 million (around ₹6,500 crore) as investors remained cautious due to the Covid-19 pandemic, according to Colliers International and Ficcip report.

The private equity (PE) inflow stood at \$5,795 million in the corresponding period of the previous year. Data centres segment attracted maximum investment so far this year at 46 per cent of the total inflows. Office segment accounted for 24 per cent of the total PE investment at \$207 million (around ₹1,500 crore) till August of this calendar year. Industrial and warehousing share stood at 12 per cent, hospitality 9 per cent, housing 8 per cent and co-living one per cent. "Investors, both foreign and domestic, are adopting a cautious approach to Indian real estate in the backdrop of the ongoing pandemic," said the report. "Future India: Captivating Strategic and Private Equity Investments." According to Colliers International, through August 2020, overall private equity inflows into Indian real estate stood at ₹65 billion (\$866 million), which is just 15 per cent of the corresponding period in 2019," it added. The report said that newer asset classes such as data centres and rental housing gained prominence among investors. "During 2020 through August, the leading segments have been data centres, driven by demand for cloud infrastructure, as well as offices as, they tend to offer steady rental income," the report said. During January-August 2019, office segment got 47 per cent of the total PE inflows that stood at \$5,795 million. Industrial and warehousing had received 9 per cent funds, hospitality 12 per cent, housing 8 per cent, retail 18 per cent and mixed use development 6 per cent. — PTI

SEBI ENHANCES FINE ON ICRA, CARE RATINGS

RAVI RANJAN PRASAD MUMBAI, SEPT. 23

Market regulator Securities and Exchange Board of India (Sebi) has enhanced penalty imposed on credit rating agencies ICRA and Care Ratings in the IL&FS market from ₹25 lakh to ₹1 crore each, in the wake of serious nature of the threat their ratings posed to the securities market. "The lapses while rating the securities of IL&FS and IFIN have resulted in real and severe financial loss to investors. It has shaken up the investors' faith in the reliability of credit ratings in the context of the corporate debt market," Sebi in the order. "Had the Noticee (Credit Rating Agencies) downgraded the ratings at the appropriate time and thereby forewarned the investors, the impact of the default on investors who invested in AAA rated instruments, could not have been this severe," the market regulator said in its order.

SHORT TAKES

Marsh ruled out, Holder in for SRH

Dubai: Australian and Sunrisers Hyderabad all-rounder Mitchell Marsh was on Wednesday ruled out of the remainder of the Indian Premier League with an ankle injury he suffered in the team's opener against Royal Challengers Bangalore. West Indies captain Jason Holder has been named as Marsh's replacement and is expected to join the Sunrisers squad soon in the UAE. "Mitchell Marsh has been ruled out due to injury. We wish him a speedy recovery. Jason Holder will replace him for #Dream11IPL 2020," Sunrisers posted on its official *Twitter* handle. Marsh came out to ball the fifth over in Sunrisers' opening game against Royal Challengers Bangalore on Monday. However, he could only bowl four deliveries as he twisted his right ankle in the second ball while trying to stop a drive by Aaron Finch in his follow through. — *PTI*

Focus is more on fun, says Stoinis

Dubai: Star all-rounder Marcus Stoinis says carrying the confidence of good BBL performance into the 13th IPL and not putting too much pressure on himself should help him deliver for his new team Delhi Capitals. The 31-year-old made a quick-fire 53 off 21 balls to help his side score 157 for 8 and then snapped two wickets to drag their IPL opener against Kings XI Punjab into a Super Over, where they emerged victorious. "I've come in with some confidence through good performances this year, but also maybe putting less responsibility on myself than some other years. My focus is on just having a lot of fun and trust that I'll be good. Everyone who plays cricket at this level, the main reason you play it, is because you love it. That's the main ingredient," said Stoinis. — *PTI*

Murray magic spurs Nuggets

Orlando: Jamal Murray scored 28 points as the Denver Nuggets held off a ferocious late fightback from the Los Angeles Lakers to roar back into contention in the Western Conference finals series on Tuesday. Murray nailed two crucial late three-pointers in the closing minutes as Denver held on for a 114-106 victory in game three to reduce the Lakers' lead to 2-1 in the best-of-seven series. But the Nuggets — who looked in complete control for long periods of the contest — were given a mighty scare by the Lakers in a thrilling fourth-quarter battle. The Lakers had trailed by 20 points with just over 10 minutes remaining but whittled away the Denver lead to just three points with 3min 53sec left on the clock in Orlando. — *AFP*

West hammer Hull amid Covid scare

London: West Ham manager David Moyes and managers players Issa Diop and Josh Cullen tested positive for the Coronavirus just before the Premier League club's 5-1 win over Hull in the League Cup on Tuesday. Sebastian Haller and Andriy Yarmolenko both scored twice and Robert Snodgrass was also on target. West Ham's medical team were informed of the test results while Moyes and his squad were at the Stadium preparing for the third round tie. Diop and Cullen had to withdraw from the line-up. — *AFP*

Mumb high Indians

Blues vault from bottom to top as Rohit cracks whip

Abu Dhabi, Sept. 23: Skipper Rohit Sharma's effortless batting formed the cornerstone of Mumbai Indians' resounding 49-run win over Kolkata Knight Riders in an Indian Premier League match here on Wednesday.

On a big Sheikh Zayed Stadium, Rohit pummelled the KKR bowlers into submission for a 54-ball 80 and powered Mumbai to an imposing 195/5.

The night belonged to Rohit, the great white-ball exponent, whose knock was laced with six sixes.

Then the Jasprit Bumrah-led Mumbai attack did most things right to restrict KKR to 146 for 9.

KKR were never on course for a comfortable chase as they lost openers Shubhman Gill (7) and Sunil Narine (9) cheaply to be in a spot of bother at 25 for two.

One-down skipper Dinesh Karthik (30 off 23) and Nitish Rana (24 off 18) tried to up the ante but they were still playing the catch-up game with 125 runs needed from the last 10 overs.

Kolkata were dealt a double blow in quick succession — first Karthik was trapped by Rahul Chahar (2/26) in front of the wicket and then Hardik Pandya grabbed a running catch on the fence to send back Rana.

Bumrah (2/32) in the 16th over sealed the game for Mumbai as he removed Andre Russell (11), who was bowled, and then forced Eoin Morgan (20) to edge to the wicket-keeper: Pat Cummins (33 off 12) launched into Bumrah with four sixes in a very expensive 18th over, but it was too late for Kolkata.

Kieron Pollard (1/21), Trent Boult (2/30), James

Rohit Sharma of Mumbai Indians plays a shot against Kolkata Knight Riders in their IPL match at Sheikh Zayed Stadium in Abu Dhabi of United Arab Emirates on Wednesday. — *BCCI*

Gambhir lashes out at Dhoni

New Delhi, Sept. 23: Mahendra Singh Dhoni did not lead from the front by dropping himself down the batting order during a mammoth chase, opined former India batsman Gautam Gambhir, tearing into CSK captain's decision to bat at number seven against Rajasthan Royals.

The former India opener reckons that if any other captain had done this, he would have drawn a lot of flak but since it is Dhoni, people are not even talking about it.

With Chennai Super Kings chasing a massive 217-run target in Sharjah, Dhoni came to bat when they needed 103 runs from 38 balls.

Dhoni sent the likes of Sam Curran, Ruturaj Gaikwad and Kedar Jadhav ahead of him. CSK lost the match by 16 runs.

"I was a bit surprised to be honest. MS Dhoni batting at No. 7? And sending (Ruturaj) Gaikwad, Sam Curran before him. Makes no sense to me. In fact you should be leading from the front," Gambhir told *ESPNCricinfo's* T20 Time Out.

RAYUDU SET TO MISS ONE MORE GAME

C. SANTHOSH KUMAR | DC CHENNAI, SEPT. 23

After Covid-19, now it's an injury scare for Chennai Super Kings. M.S. Dhoni's three-time champions are sweating over the fitness of their key batsman Ambati Rayudu and experienced all-rounder Dwayne Bravo.

Rayudu who played a stellar role in CSK's win over Mumbai Indians in the opener is nursing a hamstring injury and is set to miss Friday's encounter against Delhi Capitals. Rayudu didn't play Tuesday's game against Rajasthan Royals as Chennai hit a bump with a 16-run defeat.

K.S. Viswanathan, CEO of Super Kings, said Rayudu's fitness will be assessed on Thursday.

West Indian all-rounder Dwayne Bravo missed the first two games due to a knee injury, but young Sam Curran proved to be a blessing in disguise for CSK. However, Rayudu's prolonged absence from the XI could disrupt the team's balance.

The pull-outs of Suresh Raina and Harbhajan Singh have already depleted the CSK squad, but the team management hasn't pressed the panic button yet.

"We are not thinking of replacements," Viswanathan said.

Coach Stephen Fleming said there could be some movement in the batting order, suggesting that in-form Faf du Plessis may open the innings.

"Maybe...keeping in mind that we have had a couple of injuries. We already had to shuffle because of Rayudu injury. It's still early days and we are trying to find out who can drive this car. We are playing another game in a quick succession. We have to make sure that we don't panic and we never do," added the Chennai Super Kings coach Fleming.

"This is not what you call leading from the front. Batting at No.7 when you're chasing 217. The game was over. Faf was probably the lone warrior," he said.

"See, if someone else would have done this, some other (batsman) captain had batted at

No.7, he would have got a lot of flak. It is MS Dhoni — probably that's why people don't talk about it" he added.

Gambhir also questioned CSK's intent to win the game.

"There is nothing wrong if you end up getting out early, at least

start leading from the front, trying to inspire the team as well. What you did in the last over (hitting 3 sixes in last over), probably if you'd done that coming in at No.4 or 5, alongside Faf, you could have made a game out of it," said Gambhir.

Telangana sports quota policy off the mark

MOSES KONDETY | DC HYDERABAD, SEPT. 23

Telangana has enlisted the priority of achievements to be followed for admissions into various professional courses under the sports quota. It's way off the mark.

Sportspersons from 31 disciplines — including fencing, kho-kho, softball and yoga — have been recognised as eligible for the 0.5 per cent reservation in courses excluding MBBS and BDS but the priorities accorded to competitions are skewed, going by the Government Order dated 22-09-2020.

Perhaps the most glaring error is that the World Championships/ Cups (only every four years) are placed fourth on the list, behind Olympics, Asian

Games and Commonwealth Games, achievements in which are ranked in the following order of priority: individual gold (1), team gold (2), individual silver (3), team silver (4), individual bronze (5), team bronze (6), individual participation (7) and team participation (8).

This means that participation in a team event at the Commonwealth Games (24) will trump a World Championship gold medalist, who languishes at 25 on the priority list!

The GO also states that each candidate is eligible to claim only one highest sports achievement, meaning participation in the Olympics will still beat multiple medals won at the Asian Games or participation in Asian Games will be enough to beat two or

more medals from the Commonwealth Games and even the Worlds.

The Asian Championship, Junior/ Youth World Cup Championships/ Cups/ Youth Olympics, World Universities Championships, Junior/ Youth Asian Championships, World School Games, Junior & Youth Commonwealth Championships/ Games occupy segments 5 to 10 respectively behind the World Championships, ending with a priority rank of 80. South Asian Games, National Games/ Championships, All India Inter Zonals/ Universities, National School Games and South Zone Championships and South Zone Inter Universities are slotted in segments between 10 and 20, ending with a priority

rank of 158. Sub-junior South Zone, Senior State, Khelo India and Inter Collegiate tournaments bring up the rear that ends with a priority rank of 188.

According to the GO, a

committee of senior officers from Youth Advancement, Tourism & Culture (Sports) Department formulated the guidelines.

"They have clearly got this wrong," says athletics coach N. Ramesh.

"The World Championships are right at the top along with the Olympics. You need very high standards to even to qualify for them. Allotting points for specific medals at different levels would've been better," adds the Dronacharya Awardee who has coached sprinter Dutee Chand to two silvers at the Asian Games, India's only gold at the World University Games last year.

Dutee Chand celebrates her gold at the World University Games last year.

rank of 158. Sub-junior South Zone, Senior State, Khelo India and Inter Collegiate tournaments bring up the rear that ends with a priority rank of 188.

According to the GO, a

committee of senior officers from Youth Advancement, Tourism & Culture (Sports) Department formulated the guidelines.

"They have clearly got this wrong," says athletics coach N. Ramesh.

"The World Championships are right at the top along with the Olympics. You need very high standards to even to qualify for them. Allotting points for specific medals at different levels would've been better," adds the Dronacharya Awardee who has coached sprinter Dutee Chand to two silvers at the Asian Games, India's only gold at the World University Games last year.

rank of 158. Sub-junior South Zone, Senior State, Khelo India and Inter Collegiate tournaments bring up the rear that ends with a priority rank of 188.

Kings XI to lock horns with RCB

Dubai, Sept. 23: Kings XI Punjab will look to put behind the controversial 'short run' decision in their IPL opener and start afresh when they take on Virat Kohli's buoyant Royal Challengers Bangalore here on Thursday.

In their opening game against Delhi Capitals, the square-leg umpire erroneously called KXIP's Chris Jordan for a 'short run' in the third ball of the 19th over, effectively costing his team the closely fought game.

In contrast, RCB opened their campaign on a winning note defeating Sunrisers Hyderabad by 10 runs, raising hopes that things might finally fall into place for them this season.

Devdutt Padikkal started his IPL career on a classy note hitting a sublime half-century and will once again be in focus, while AB de Villiers will also look to continue in the same vein following a crucial half-century.

Both Kohli and Aaron Finch looked good on Monday night and would be itching to spend more time in the middle.

Yuzvendra Chahal, as always, will be the key man in the RCB bowling attack. The leg-spinner was instrumental in his team's victory on Monday, triggering a batting collapse.

However, RCB will again miss the services of South African all-rounder Chris Morris who has picked up a side-strain. Morris was bought for a whopping ₹10 crore at the auction.

Umesh Yadav continues to leak runs in the IPL and going by his showing in the first game, he could be replaced by Mohammad Siraj. It remains to be seen if the team can fit in England all-rounder

NUMBERS GAME

HEAD TO HEAD

OVERALL:

● Matches: 24

● Punjab won: 12

● Bangalore won: 12

MEETING IN 2019

● Royal Challengers

Bangalore beat Kings XI

Punjab by 8 wickets at

Mohali

● Royal Challengers

Bangalore beat Kings XI

Punjab by 17 runs at

Bangalore

FOR THE RECORD

● Mohammed Shami recorded

his best bowling for Kings

XI Punjab by taking three for

15 in the previous match

against Delhi Capitals. He

took 22 wickets at an average

of 22.00 in 15 matches

for Kings XI Punjab in IPL.

● Virat Kohli, who scored

5426 runs at an average pf

37.68 in 170 innings of 178

matches for Royal

Challenger Bangalore, is the

highest run-getter in IPL. He

scored just 14 runs in the

first match against Sunrisers

Hyderabad.
