State Election Commissioner N. Ramesh Kumar on Tuesday issued orders relieving G. Vani Mohan as secretary of the commission. In his relieving order, the SEC said her services are no longer required by the state electoral body.

Responding to the justification, Advocate-General S. Sriram assured the court that preparation of electoral rolls would continue unhindered.

Indigo to begin flights to connect Kurnool with Bengaluru, Chennai, Vizag

Kurnool's Orvakal to get air connectivity

DC CORRESPONDENT KURNOOL, JAN. 12

Kurnool airport near Orvakal is all set to launch commercial operations in a month from now in February. Indigo, which emerged as a successful bidder under UDAN-4 scheme, may have flights from here to Bengaluru, Chennai, and Vizag.

Incidentally, finance minister Buggana Rajendranath Reddy had during his recent trip to New Delhi met Indigo representatives seeking expediting of commercial operations.

Aviation sources said Kurnool airport may as well become a centre for running flight training operations. This is because air traffic at Bengaluru and Hyderabad airports has increased and running training operations from these centres is becoming increasingly difficult. Given the proximity of Kurnool airport from both these locations, the possibility of setting up training facilities at Kurnool will be advantageous for all angles.

Logistically Kurnool is at the midpoint between

● Orvakal Airport is spread over 970 acres at a distance of 20 km from Kurnool city. The airport has a runway length of 2,000 metres x 30 metres. It will have four parking bays, which can be utilised for and up to ATR-72 / Q-400 aircraft.

● Logistically, Kurnool is at the midpoint between Bengaluru and Hyderabad and on the flight path to Chennai from RGIA, Shamshabad, said an Airports Authority of India (AAI) official.

M.K.V. Srinivasulu, nodal officer who is overseeing finishing works at the Orvakal airport, said Indigo Airlines staff had visited the airport and assessed its readiness last month. They are visiting again on January 20 or the last week of this month.

DYNASTIES ARE BIGGEST ENEMY OF INDIA: MODI

DC CORRESPONDENT with agency inputs NEW DELHI, JAN. 12

Prime Minister Narendra Modi on Tuesday said dynastic politics was the "biggest enemy" of India's democracy, as it gives rise to a new form of "dictatorship" and burdens the country "incompetent" governance.

Addressing the valedictory function of the National Youth Parliament Festival, Mr Modi launched an all-out attack on dynastic parties, saying those who rise due to dynasties have no respect and fear of the law as they believe no one can touch them.

"They see such examples in their own families. They have neither respect nor fear of the law," Mr Modi said, urging young people to join politics as this was "necessary" to "save it".

While he didn't name any party, it was an indirect attack on the Congress and some others that are run by certain families, as he declared that parties "which win elections on the basis of surnames are now dwindling". It was never "nation first" for political dynasties, Mr Modi said, it was all about "me and my family".

Govt. advisor accuses TD of creating differences in society

DC CORRESPONDENT VIJAYAWADA, JAN. 12

The YSR Congress government is likely to achieve its plan of having three capitals — Executive, Legislative and Judiciary — in the next four to five months, advisor to government (public affairs) Sajjala Ramakrishna Reddy stated on Tuesday.

Addressing a press conference here, he said all necessary steps for decentralisation of administration have been taken. He

warned that the government will take firm action against those trying to create differences within the society in the name of religion and caste. In this regard, he went on to accuse TD leaders of trying to divert people's attention through such acts.

Ramakrishna Reddy pointed out that the government has constituted an SIT to investigate demolition of temples and has already achieved some success. He alleged that the election schedule

issued for local body polls by SEC is part of a plan to divert attention of people from the Amma Vodi initiative.

He said, "Like never before in any state, 31 lakh house sites are being given to homeless poor, leading to a festive atmosphere in the state. Unable to digest this good deed, the opposition has resorted to creating differences between people through vandalising of temples. Religion is a personal matter, which should not be used for politics," he underlined.

The advisor to government pointed out that even the High Court has prioritised the vaccination programme, while the opposition is still harping on local body polls "with the help of State Election Commissioner Nimma-gadda Ramesh Kumar, who had earlier postponed elections citing Covid-19 pandemic. "Now, the same SEC wants elections to be held, though the pandemic is continuing," he pointed out.

Surging sale of cocks hint at Sankranti cockfights

DC CORRESPONDENT KAKINADA, JAN. 12

Contrary to perceptions, a last-minute surge is witnessed in sale of Prize Cocks as a prelude to the three-day Sankranti festival beginning Wednesday. In spite of the Covid-19 situation and less of money supply, punters are getting set for the traditional cockfight sport.

Heavy betting is unlikely

because of non-arrival of well-heeled software engineers, cine actors etc this time due to travel restrictions.

Growers of fighter cocks are worried that prize cocks might not fetch good money this time. "Yet, there is a sudden surge in sales in the past two days. Many have done the purchase at the rate of ₹10,000 to ₹50,000 per cock," a source said.

This year, there is more enthusiasm in East Godavari compared to West Godavari that was usually on top in organising cockfights. Youths in East Godavari are more enthused because of the much-trumpeted campaign for cockfights there; and they are already going in for betting.

On similar lines, the broader NSE Nifty advanced 78.70 points or 0.54 per cent to a fresh closing peak of 14,563.45. It scaled a record level of 14,590.65 during the session.

Former MP Vundavilli Arunkumar has urged political parties to avoid politicising the temple attacks. Instead, he said, the police should be given a free hand in the investigation of these incidents.

The ex-MP told the media here on Tuesday that the police would be able to catch the culprits if they are given a free hand and if there is no political-level interference. No political party including the BJP would resort to attacks on temples or damaging idols. Anti-social elements must be behind these attacks.

He quoted Swamy Vivekananda to say that Lord Rama or any other

After removing Vani Mohan as commission secretary, Ramesh Kumar also wrote a letter to Chief Secretary Aditya Nath Das informing that he has relieved her from her post and mentioned: "circumstances that warranted for such an action".

Incidentally, just on Monday, the SEC had dismissed G.V. Sai Prasad, a senior functionary of State Election Commission of the joint director rank on charges of indiscipline and breach the poll body's Code of Conduct.

on Monday, soon after vacation bench of Justice M. Ganga Rao issued an interim order suspending the SEC's election proceedings to conduct gram panchayat polls, the SEC appealed against the order before the division bench.

It argued that the order of the vacation judge was

contrary to settled principles of law and facts of the case and maintained that the judge erred in suspending the election notification.

The SEC said that once the election process was set in motion, it could not be justified to interfere with the election process.

The AG also informed the court that developmental schemes of the government would be taken up only after taking prior permission from the SEC. The AG informed the court that as the local body polls would be held on a non-political and non-partisan basis, the model code of conduct would not apply and affect it in any manner.

The AG informed the court that the state government would not take advantage of the loss of time due to the issue of the interim order; by seeking advancement of conduct of polls and also would not move earth and heaven in case of the single judge's earlier order being vacated.

He assured to cooperate with the State Election Commission to stick to the schedule and hold elections as indicated by the court.

According to sources, a huge ground was being readied in Kesanakurru in Konaseema. Two prominent communities are participating in the cockfight on Wednesday and Thursday. A community from Konaseema area and another from Kakinada will reach the village to participate in the traditional sport.

They are reportedly planning 20 contests a day and the betting range may be between ₹10,000 and ₹3 lakh.

Many communities will

go for co-betting with big-wig punters. Cockfight grounds are being prepared at Kandrakota, Vetlapalem, G. Medapadu, Madhavapatnam, Achampet in limited numbers.

A general feeling is that the government may allow cockfights as freely this time as in the past. But, the government is still vigorously campaigning against the blood-letting sport. "The Telugu Desam and the YSRC are conducting cockfights separately. This is fine. The government is implementing welfare schemes without

political bias. Hence, why should we create any hindrance to the TD cadre vis-a-vis organising cockfights," a former MLA of the YSRC reasoned.

He said no government can stop the cockfight as it is a matter of prestige to local leaders. "Local body elections would be held this year. If the government does not support this traditional sport, the ruling party may face reverses in the elections," he said.

Some ruling party workers in Undi constituency met their party leader and asked about the govern-

ment stand on cockfights. The leader assured them that this may be allowed for three days and the cadre need not worry over this in West Godavari district.

Meanwhile, demand for cock-knives has increased. Many of these knives had been seized by the police in East and West Godavari districts in the past 20 days as part of a drive against cockfight sport. Now, price of the knives has gone up. Gamblers playing cards, Gundata and others are also getting ready to go places for the cockfight.

TD accuses YSRC

NELLORE, JAN. 12

TDP state spokesperson Anam Venkataramana Reddy came down heavily against the YSR Congress government for diverting the Endowment department funds meant for temples to various welfare schemes.

To justify his claim, he produced Government Orders 733, 108, 145, 441, and 593 related to the transfer of crores of rupees from endowment wing and minorities wing to different schemes including Amma Vodi.

Reminding that endowment revenue is from the lands and properties donated by devout to the temples, he said that the Chief Minister Y.S. Jagan Mohan Reddy has no right to divert funds of the department for any other purpose except temples and their development.

The TDP leader alleged that Jaganmohan Reddy has been targeting funds earmarked for Hindu temples to keep up promises he made during his Padayatra. He alleged that the CM is ignoring various strictures passed by the Supreme Court and the High Court against the use of funds of endowments depart-

Burn anti-farm GOs
in Bhogi fire: NaiduDC CORRESPONDENT
VIJAYAWADA, JAN. 12

Telugu Desam Party chief N. Chandrababu Naidu has called upon people to burn in Bhogi fire all YSRC government's anti-farmer GOs, which have led to over 1,779 farmers committing suicides in Andhra Pradesh.

Addressing a video conference with party coordinators and in-charges of parliamentary and assembly segments, Naidu pointed out that the Jagan government had promised to pay ₹12,500 under Rythu Bharosa, but paid only half of it.

Further, the government is trying to wash its hands of free power by fixing meters for electric motors used by farmers. He alleged that the ruling party has cheated farmers to the tune of ₹21,000 crore.

As a mark of protest, the TD chief wanted people to make a Bhogi bonfire of all anti-farmer GOs including those

related to fixing motors on farm pump sets, Sunna Vaddi scheme, caste-based division of cultivators, and diversion of zero budget natural farming funds.

Naidu accused Y. S. Jagan Mohan Reddy of making tall promises before elections. "But after becoming the Chief Minister, he has turned into a betrayer of farmers," he stated.

The TD chief said the CM was being cruel towards Amaravati farmers and labourers who have been agitating on the streets since nearly 400 days.

He blamed Jagan Mohan Reddy of breaching the trust farmers who had parted with their valuable ancestral lands for establishing the capital city of AP at Amaravati. But now, over 30,000 Amaravati families have no choice but to continue their prolonged protests due to lack of crops, income and livelihood.

SEC Ramesh seeks Gov's
help for holding GP pollsDC CORRESPONDENT
VIJAYAWADA, JAN. 12

State Election Commissioner (SEC) N. Ramesh Kumar called on Governor Biswabhusan Harichandan on Tuesday. The SEC briefed the latter about the latest developments pertaining to conduct of the gram panchayat polls in February.

Ramesh Kumar reportedly sought that the Governor direct the AP government that it enable the State Election Commission in going

ahead with conduct of polls as per the schedule already announced.

The State Election Commissioner reportedly informed Biswabhusan Harichandan over the hurdles he has been facing in conducting the gram panchayat polls in four phases in February. He informed the Governor that the State government has challenged SEC's election proceedings in the High Court and got suspension of the commission's order. Ramesh Kumar pointed

out to Biswabhusan Harichandan that though a single judge had ordered suspension of the election proceedings, the same has been challenged before a division bench. The bench has posted the case for hearing by a regular bench on January 18.

It has to be seen whether the Governor intervenes into the issue and resolves what appears to have become a prestige issue between the state government and SEC over whether or not the gram panchayat polls should be held.

NRIs' Ayyappa Deeksha in US

Temples consecrated idols of Ayyappa

DC CORRESPONDENT
NELLORE, JAN. 12

Hundreds of Ayyappa devotees with roots in Andhra Pradesh, Telangana state, Tamil Nadu, Kerala and Karnataka and living in the USA are observing the 41 days of arduous Deeksha withstanding the sub-zero freezing temperatures.

Clad in their black attire, the devotees performed Ayyappa bhajans in temples in the US, to the amazement of onlookers. Several Hindu temples have consecrated the idols of Ayyappa to facilitate the devotees of the Naishtika Brahmachari to worship him and offer Irumudi on completion of the Vratam.

Some of these temples at Maryland, Missouri, Tampa, and Houston have built replicas of the holy 18 steps as in Sabarimala, enabling devotees to carry the Irumudi and scale the

steps with great fervour.

Founder of Sri Satyanarayana Swamy temple at Atlanta, Naga Ravikumar Medicherla, said that they had installed the Ayyappa idol in 2015 on devotees' request. "Ayyappa devotees in the US had an unhindered and satisfying Deeksha this year owing to the work from home and Covid restrictions.

As many as 200 devotees, most of whom are IT professionals, and 20 of their kids observed Deeksha this year as they were working from home and attending online classes, respectively," said Ravi-kumar hailing from Hyderabad.

During Deeksha, the devotees performed Padi Puja (Puja to 18 steps) and, on the second Saturday of each month, at the Ayyappa shrine in Atlanta.

Speaking to this newspaper, Balaji Lokanathan said that he and 20 devotees had

formed a core group of volunteers to help the temple administration perform special rituals at the temple. Their team was instrumental in designing the sanctum sanctorum of Ayyappa shrine in Atlanta.

They also pay special attention to celebrate festivals such as Vishu, Sankranti (Makara), Vilakku puja and Irumudi ritual in December apart from Pushpabhishekam.

He said that nearly 15 devotees go to Sabarimala from Atlanta every year after observing 41 days Deeksha to see the lord in all his glory, but Covid foiled their plans this year.

Interestingly a core team member, Rama Iyyer, trekked to Sabarimala from Coimbatore, a distance of 200 km, inspiring Balaji, Saravanan Vadivelu, Raghu-pati and Subhramanyam to join him.

More eating, no exercise in lockdown days

DC CORRESPONDENT
ANANTAPUR, JAN. 12

Obesity among students during the year-long lockdown has emerged as a serious worry for parents, also as they need to buy new outfits for their children, including uniforms.

A Class X private school student in Anantapur had a waist size of 39 inches prior to the lockdown, but within a few months the size swelled to 43 inches. The parents say they purchased more than 10 pairs of outfits including two pairs of uniforms for the student. Similar situations arose for students and parents across the country.

Uniform-making and supplying agent Rajesh of Anantapur said a corporate school recently started classes for Class-IX and X. It ordered new sets of uniforms in bulk for all students. "I was shocked to collect measurements of children who have all become fatter or grown in size," he said and added at least four students were found having a waist size of 43.

Parents of a Class IX girl student from a private school in Anantapur purchased more than 15 new dresses for her, saying the old dresses did not fit anymore. "This is an inevitable situation and I had to spend more than ₹17,000 to get new clothes for my daughter excluding what I spent by way of ordering new school uniforms," a mother stated on condition of anonymity. She confided that the old clothes were donated to the granddaughter of her housemaid.

agents. The agents are now getting new clothes stitched for these schools.

"Children and teens are seriously struggling with obesity due to lack of minimum physical exercise during the lockdown home-stay period, when they also ate more," Dr Ravi Srinivas, general physician and obesity specialist, observed.

Children also took a fancy to search for new types of food and cooking tips on Google during this period, and engaged in cooking experiments as time was hanging heavy on them. This resulted in obesity among many of them. Among many, noted writer Yendamuri Veerendranath had cautioned children against eating food while watching TV as the intake would be more and lead to obesity and other physical disorders.

The online classes also added to the problem of obesity. A study revealed the children ate extra food with rich fats and were sleeping an extra two hours per day. They spent nearly five hours a day with phone, computer and TV screens.

This dramatically increased their consumption of junk food in addition to routine traditional foods.

Jayachandra, correspondent of Radha School of Learning in Anantapur, said his institution was planning to provide physical exercise to students by following Covid lockdown regulations so as to help students overcome the problem of obesity.

TUMAKURU IND. CORRIDOR BOOST FOR ANANTAPUR

DC CORRESPONDENT
ANANTAPUR, JAN. 12

The newly sanctioned Industrial Corridor in Tumakuru district of Karnataka would be a big boost for border areas of Anantapur district too.

The proposed location is 42 km from the Andhra Pradesh-Karnataka border and 48 km by National Highway 48.

The Centre recently announced the establishment of three major industrial corridors including Krishnapatnam in Nellore district ₹2,139.44 crore and Tumakuru in Karnataka at ₹1,701.81 crore.

The Tumkur industrial corridor is expected to generate business opportunities for entrepreneurs of Anantapur and jobs for unemployed youths and work for skilled labour from various sectors. For the Tumakuru corridor alone, employment of about 88,500 persons is estimated including industries retail, offices and other commercial opportunities in the initial development phase.

The Karnataka government had already marked out

the Vasanthanarasapura in Tumakuru as a major industrial hub as part of the Chennai-Bengaluru industrial corridor. Vasanthanarasapura is located close to the Madakasira Assembly segment.

Reports say the Karnataka government has identified 9,629 acres in Vasanthanarasapura for development of the node.

The Chennai-Bengaluru Industrial Corridor (CBIC) will be one of the five special economic and industrial corridors envisioned by the Centre in a bid to boost manufacturing and industrial growth and create jobs. It will link Bengaluru and Chennai, a distance of 560km.

SECURITY FOR
STATE POLLSDC CORRESPONDENT
NEW DELHI, JAN. 12

The Election Commission of India on Tuesday held a meeting with the Union home secretary Ajay Bhalla to discuss requirement and availability of the Central Armed Paramilitary Forces (CAPF) during the upcoming Assembly polls in several states.

Other related issues, including law and order situation, transfer posting of officials were also discussed.

Assembly elections in Assam, Kerala, Tamil Nadu, West Bengal, and the Union Territory of Puducherry will be held this year.

The term for Tamil Nadu Assembly ends on May 24; Kerala June 1; West Bengal May 30; Puducherry June 8; and Assam May 31.

The ECI had in December issued an advisory to states saying in order to ensure free and fair election, states should ensure that the officers directly connected with conduct of elections in an election going state/UT are not posted in their home districts or places where they have served for a considerably long period.

INDIAN ARMY IS
EVER READY,
SAYS NARAVANEDC CORRESPONDENT
NEW DELHI, JAN. 12

Army chief General M.M. Naravane asserted on Tuesday that Indian army is “alert and ever-ready to meet any challenge” from China and there has been no reduction in Chinese deployment in friction areas in Eastern Ladakh.

“We are prepared to hold our ground as long it takes to achieve our national goals and objectives,” said Army chief.

“It is not only the Eastern Ladakh but we have maintained a high state of alertness all along the Northern borders as of now, keeping the threat perception in mind. We have gone in for a winter posture and deployment,” he said.

Gen Naravane said that not much should be read in Chinese withdrawing troops from depth areas in the Tibetan plateau that were there for training. “There has been no decrease in strength either on the Chinese side or our side as far as the friction points are concerned,” he said.

He said that all logistics aspects have been taken care of, whether it is clothing, ration or habitat and “as a result of all this, our operational preparedness is of a very high order and the morale of the troops is high.” “We keep saying that we are prepared to meet all challenges. But last year we had to walk the talk and actually rise up to the occasion and show that we are indeed prepared to meet all these challenges,” he said.

SC panel on laws
pro-govt: FarmersUnions say they never demanded the SC
form a committee to resolve impasse

New Delhi, Jan. 12: Agitating farmer unions on Tuesday disapproved of the committee appointed by the Supreme Court to break the deadlock over the acts and said they will continue their protest against the three legislations.

Addressing a press conference at Singhu Border here, Union leaders claimed the members of the committee are “pro-government”, and asserted they will not appear before it.

The Supreme Court earlier in the day stayed the implementation of the controversial farm laws till further orders and set up a four-member committee to resolve the impasse between the Centre and the farmer unions protesting at Delhi’s borders over the legislations.

“The members of the SC-appointed committee are not dependable as they have been writing on how agri laws are pro-farmer. We will continue our agitation,” farmer leader Balbeer Singh Rajewal told the

presser. The farmer leader said that unions never demanded the apex court form a committee to resolve the impasse over the laws, alleging the Central government is behind these developments.

“We are against the committee on principle. It is the government’s way to distract attention from the protest,” he said. The farmer leaders said the Supreme Court can repeal the farm laws suo motu.

Another farmer leader Darshan Singh said they will not appear before any committee, adding Parliament should discuss and resolve this issue. “We don’t want any external committee,” he said. However, the farmer leaders said they would attend the January 15 meeting with the government.

The four members of the committee are BKU president Bhopinder Singh Mann, Shetkeri Sangathana (Maharashtra) president Anil Ghanwat, South Asia Director for International

Food Policy Research Institute Pramod Kumar Joshi, and agriculture economist Ashok Gulati.

During the hearing, the top court sought the cooperation of the protesting farmers and made it clear that no power can prevent it from setting up a committee to resolve the impasse.

Thousands of farmers, mostly from Haryana and Punjab, have been protesting at several border points of Delhi since November 28 last year, demanding a repeal of the three laws and a legal guarantee to the minimum support price (MSP) system for their crops. Farmer leaders welcomed the SC’s order to stay the implementation of three farm laws on Tuesday, but said they would not call off their protest until the legislations are repealed.

The Sankyukt Kisan Morcha, an umbrella body of around 40 protesting farmer unions, has called a meeting later in the day to decide the next course of action.

All states to receive vaccine by Jan. 14

VINEETA PANDEY | DC
NEW DELHI, JAN. 12

The central government has started procurement and transportation of the Covid-19 vaccines for the nationwide inoculation drive that begins from January 16. Union health secretary Rajesh Bhushan said on Tuesday that the entire doses of 1.10 crore of Oxford vaccine Covishield by the Serum Institute of India (SII) and 55 lakh of Covaxin from Bharat Biotech — will by January 14 reach all states and Union Territories.

Bhushan said already 54.72 lakh doses of the vaccines have reached designated national and state-level stores till Tuesday afternoon. He clarified that apart from the ordered vaccines, Bharat Biotech is also giving 16.5 lakh doses

of its Covaxin for free to the government as a goodwill gesture.

“55 lakh doses of Covaxin are being procured from Bharat Biotech. For 38.5 lakh doses the price is ₹295 each, excluding taxes. Bharat Biotech is providing 16.5 lakh doses for free as a goodwill gesture which ultimately brings the cost of Covaxin down to ₹206 per dose,” Bhushan said.

The 1.1 crore doses of Covishield vaccine are being procured from SII at the cost of ₹200 per dose, excluding taxes. More vaccines will be ordered in the coming days. Covaxin will also be supplied to Brazil and other countries.

NITI Aayog member (health) Dr. V.K. Paul said both Covishield and Covaxin have been tested on a large number of people and “are the safest with

no risk of any significant side effect.”

The health secretary said that four other vaccine candidates by Zydus Cadila, Russia’s Sputnik V, Biological E and Gennova are also in advanced stage of clinical trials and once they are cleared by the Drugs Controller General of India, they will be available to people.

As the first shipment of the vaccines rolled out, SII CEO Adar Poonawala said it was a historic and emotional moment for his team and he hoped that the vaccine reached everyone this year. Covishield vaccines were initially brought to the four Central Government Medical Stores Depots — at Chennai, Karnal, Kolkata and Mumbai — and then dispatched to different regional medical stores in

states. Bhushan said some big states have multiple stores. For instance, Uttar Pradesh has nine, Madhya Pradesh and Gujarat have four each, Kerala has three, Jammu and Kashmir, Karnataka and Rajasthan two each.

Meanwhile, the Health Secretary said the Covid-19 situation is still worrisome across the world and even though daily cases are declining in India. The official said the effectiveness of the vaccines can be observed only after 14 days, till then people must maintain Covid-appropriate behavior and follow protocols like masks, distancing etc.

The country on Tuesday reported 12,584 fresh cases and 167 new deaths in the last 24 hours. This was the lowest in the last seven months.

‘Armed protests’ planned at

Washington, Jan. 12: Chad Wolf, the acting secretary of the Department of Homeland Security, has resigned over the storming of the US Capitol by outgoing President Donald Trump's supporters. His resignation comes amidst Federal Bureau of Investigation's (FBI) warning of a nationwide "armed protests" being planned in the run-up to President-elect Joe Biden's January 20 inauguration.

Wolf — whose department oversees numerous federal law enforcement bodies and also is in charge of security for Biden's inauguration ceremony — said last week that he was staying in his position until the end of Trump's administration on January 20.

"I am saddened to take this step, as it was my intention to serve the department until the end of this administration," Wolf wrote in an email to the staff of the Department of Homeland Security on Monday. "Unfortunately, this action is warranted by recent events, including the ongoing and merit-less court rulings regarding the validity of my authority as Acting Secretary.

These events and concerns increasingly serve to divert attention and resources away from the important work of the department in this critical time of a transition of power," he said. His resignation comes into effect from Monday midnight.

Peter Gaynor, Administrator of Federal Emergency Management Agency, replaces Wolf as DHS acting secretary for the remaining duration of the Trump administration.

He has chosen to resign during a time of national crisis and when domestic terrorists may be planning additional attacks on our government. Unlike others, he is apparently not leaving the Trump administration on principle," he said.

Insurers go stingy

FALAKNAAZ SYED
MUMBAI, JAN. 12

Though the number of Covid-19 claims settled by non-life insurance companies has risen sequentially during the December quarter, the claim amount settled by them against the amounts claimed, has not increased in the same proportion. This indicates that policyholders are now paying a significant portion of the claim amount from their pockets owing to disagreements between hospitals and insurers on charges.

Sample this, during October to December 27, the total number of claims reported were 4.23 lakh, of these 83 per cent, or 3.51 lakh, claims were settled. However, in value terms, claims worth Rs 6,235.8 crore were reported, of which only 57 per cent, or Rs 3,578.50 crore were settled.

Similarly, during July to September 2020, there were 2.94 lakh Covid-19 related claims reported to insurers. Of these, 62 per cent, or 1.82 lakh, claims were settled. However, in terms of value, the reported claim amount was Rs Rs 4,629.30 crore, of which insurers settled claims worth Rs 1,842.3 crore, or a mere 40 per cent of the reported claim amount.

A senior official of an insurance company said, "The pendency appears big (claims pending) because the Covid treatment is long drawn. Patients after discharge continue to remain in

Tata Chemicals Ltd is in advanced talks to acquire the industrial salt unit of Chennai-based Archeon Group that could value the business at Rs 450 crore (\$61 million) at a minimum, according to people familiar with the matter.

The board of Tata Chemicals is set to discuss the potential offer as soon as this month, said the people, who asked not to be identified as the information is private.

A representative for Archeon declined to comment, while a representative for Tata Chemicals didn't provide any immediate comment.

The Archeon unit, with a production capacity of 3 million tonnes, makes industrial salt used as an intermediary in the manufacturing of products from detergents, textile dyes to plastics and glass.

A potential deal could offer a reprieve to Archeon, which has been struggling to service its debt obligations for the past two years. The company, founded in 1982, has businesses spanning from industrial salt, fertilisers to mining. In 2018, India Resurgence Fund, a JV between Bain Capital and Piramal Enterprises invested \$156 million in Archeon's marine chemical business. — *Bloomberg*

Amazon tells
Sebi to suspend
Future-RIL deal

SANGEETHA G
CHENNAI, JAN. 12

After receiving a validation for Singapore tribunal's interim award from Delhi High Court, Amazon has once again asked markets regulator Sebi to suspend the Future-Reliance deal. It has also asked the Sebi to instruct stock exchanges not to issue any approval letter to Future Retail.

In the letter dated January 5, Amazon informed the regulator about the constitution of the arbitral tribunal by Singapore International Arbitration Centre (SIAC) in the arbitration proceedings initiated by Amazon against inter alia FRL, Kishore Biyani and Rakesh Biyani. A three-member tribunal consisting of Singaporean barrister Michael Hwang Albert van den Berg and Jan Paulsson have been named at the SIAC.

"We wish to highlight that in view of the constitution of the Arbitral Tribunal, the interim award passed by the Emergency Arbitrator stands automatically

extended for the duration of the Arbitration Proceedings unless it is reconsidered/ modified/ vacated by the Arbitral Tribunal," Amazon said in the letter seen by *Financial Chronicle*.

Hence, Future Retail continues to be expressly injuncted and restrained by the interim award from taking in any steps in furtherance...In October, Amazon had received an interim order from SIAC barring Future Retail from taking any step to dispose of or encumber its assets or issuing any securities to secure any funding from a restricted party.

Amazon wants the Sebi to take action by suspending review of the impugned transaction (Future's transaction with Reliance), and not granting any no-objection in relation to the same. It also wants the regulator to direct Indian stock exchanges not to issue any no-objection/ approval letter to FRL.

Amazon has been writing letters to regulators and stock exchanges from October 3 on this matter.

Warner says sorry to Siraj and India

Sydney: Australian batting star David Warner on Tuesday condemned the racist slurs hurled at Indian players, particularly pacer Mohammed Siraj, during the third Test here and said such behaviour by the spectators was not acceptable.

Siraj and senior pacer Jasprit Bumrah were abused for two consecutive days by the crowd. Play was, in fact, halted on the fourth day for a few minutes after the Indian team complained to the umpires, which led to the expulsion of six spectators from the stands and an unreserved apology from Cricket Australia. "I'd also like to say sorry to @mohammedsirajofficial and the Indian team as racism, and abuse is not in any way acceptable or tolerated anywhere at any time, and I would expect better from our home crowd," Warner said in an Instagram post. — PTI

In the men's singles, world No.13 B. Sai Praneeth too suffered a straight game loss to Thailand's Kantaphon Wangcharoen on his return to competition. Frontrunner to represent India at the Olympics, Praneeth went down 16-21, 10-21 to the world No.15.

Earlier in the day, the Indian mixed doubles pair of Ashwini Ponnappa and Satwiksairaj Rankireddy claimed a 21-11, 27-29, 21-16 win over the Indonesian pair of Hafiz Faizal and Gloria Widjaja.

However, the women's doubles pair of Ashwini and N. Sikki Reddy could not cross the opening hurdle, going down 16-21, 7-21 to fourth seeded Korean pair of Kim So Yeong and Kong Hee Yong.

Sindhu made a good start, opening up a 6-3 lead and never allowing her opponent an advantage, to take the opening game.

In the second game, the Indian once again moved 11-8 ahead but the Danish girl turned the tables at 15-14. After a neck-and-neck battle, it was Blichfeldt who showed better nerves to make a roaring come-back. — PTI

SAINA & PRANNOY CLEARED TO PLAY AFTER COVID TEST DRAMA

Bangkok, Jan. 12: Indian shuttlers Saina Nehwal and H.S. Prannoy were cleared to compete in the Thailand Open after they tested negative for Covid-19, invalidating their previous positive results that forced them out of the tournament hours earlier on a chaotic Tuesday.

Both the Badminton World Federation and Badminton Association of India confirmed the development. "Both Saina Nehwal and H.S. Prannoy have been cleared to participate in the ongoing Thailand Open after the

fourth-round tests reports confirmed that both shuttlers have been tested negative for Covid-19," BAI said in a statement.

The national body said it was possible after it took up the matter with BWF. "BAI have taken up the matter with topmost BWF officials to ensure if tests were negative, matches for respective players should be rescheduled and no walkover is given," BAI added.

Bangkok, Jan. 12: Former world number one shuttler Kidambi Srikanth got a bloodied nose after undergoing multiple Covid-19 tests and miffed at the poor treatment of health officials at Thailand Open, the Indian on Tuesday called it "unacceptable".

"We take care of ourselves for the match not to come and shed blood for THIS. However, I gave 4 tests after I have arrived and I can't say any of them have been pleasant. Unacceptable," an upset Srikanth wrote on his twitter handle.

The 27-year-old, who is scheduled to open his campaign on Wednesday against fellow Indian

Kidambi Srikanth shared images after his Covid Test in Thailand which left him bleeding from the nose.

Verma, shared photographs of his nose bleeding after he was tested for the fourth time.

The Badminton World Federation said Srikanth is being attended to by a doctor and it is awaiting a

medical explanation.

"A doctor from the Covid-19 testing team is attending to Srikanth Kidambi. BWF is still awaiting a medical explanation from Badminton Association of Thailand and the Department of Disease Control as to the reasoning for the occurrence," a BWF official said.

The BWF allowed the rest of India players to come to the venue and play but made it clear that "no coaches, managers or other personnel from Team India" will be allowed. The BWF said "the entire Indian team has been categorised high risk by Thai health authorities." — PTI
