AP Budget Session from March 19

Vijayawada: The Budget Session of the AP's legislature to be held from March 19. The state government to present its annual Budget for 2021-22 in the legislature and Chief Minister Y.S. Jagan Mohan Reddy recently announced that they were going to introduce a Gender Budget for the first time in the country with specification of allocation of funds for welfare of women in the state. The Session is likely to continue till the end of March. The state government is likely to pass several key bills in the Budget Session.

AP TOLD TO FINISH PROBE ON FORMER INTELLIGENCE CHIEF

DC CORRESPONDENT
VIJAYAWADA, MARCH 9

The Supreme Court directed the Andhra Pradesh government to take up departmental inquiry on a daily basis on former intelligence chief A.B. Venkateswara Rao and to complete the whole inquiry by April 30 and posted the next hearing to May 3.

A Division Bench comprising justices A.M. Khanwilkar and Dinesh Maheswari held the hearing in New Delhi on Tuesday on a petition filed by the former intelligence chief Rao, challenging extension of his suspension to a year by the AP government. Rao said that as he was not facing any charges of graft, the review committee was not supposed to extend his suspension to a year from the earlier period of six months.

The judge Khanwilkar questioned the state government's counsel Chandar Udayasingh as to why they opted for suspension of the official as he was facing allegations of irregularities in purchase of security equipment and asked as to why he could not be given posting in another wing. The court opined that it would be good if action was taken after completion of the probe in the case.

Responding to it, the government's counsel asked six months time to complete the inquiry on the official.

However, the court asked as to how long a senior official could be placed under suspension without taking up inquiry and further asked as to why inquiry on a daily basis could not be taken up.

Petitioner Rao's counsel Adinarayana Rao informed the court that they were ready for a daily inquiry in the case.

The state government's counsel informed the court that the state government appointed an official for taking up the inquiry.

In a separate development, the apex court has struck down the petition filed by some persons from Kadapa seeking cancellation of notification issued by the State Election Commission for conduct of urban local body polls earlier and to issue fresh notification for conduct of polls. The court opined that the SEC was having the right to conduct polls and it would be inappropriate to disrupt the polls.

CARGO SERVICE TO HELP FARMERS IN THE REGION

From Page 1

This will boost the earnings of the farming community in the Chittoor district and ensure timely and efficient transport of their produce to other parts of the country, the official said.

"Tirupati is fast developing into a base for export of many products. There's scope to tap the agri sector in Chittoor and neighbouring districts from which perishable goods could be airlifted to other cities. This will benefit the catchment areas of Chittoor; Nellore, Kurnool and Kadapa districts of the Rayalaseema region," noted the airport director.

Meanwhile, domestic air passenger traffic at Tirupati airport showed a gradual recovery with a sequential growth in the passenger footfall from 29,978 in October last to 60,299 in February, slowly reaching the pre-Covid levels. Accordingly, the number of flights has also increased to 681 from 410 in October.

As per the AAI traffic report, the number of flights operated at this airport in November last was 388 with 33,013 passenger footfalls, followed by December with 655 aircraft and 47,832 passenger footfalls, and January with 739 (688,51) aircraft and 58,148 footfalls.

Steel stir intensifies, NH blocked

Visakhapatnam Steel Plant workers lay siege to the RINL administrative office

DC CORRESPONDENT
VISAKHAPATNAM, MARCH 9

Finance minister Nirmala Sitharaman's statement in Parliament that RINL-Visakhapatnam Steel Plant (VSP) will be sold out with 100 per cent disinvestment intensified the ongoing agitation against privatisation at the steel plant main gate in Visakhapatnam on Tuesday.

Vizag steel plant workers lay siege to the RINL administrative office and along with trade union activists and members of various political parties blocked the National Highway at the Kurmannapalem junction for the second day.

The police diverted the highway traffic at Anakapalle and Vizianagaram owing to the blockade. The stir, led by Visakha Utku Parirakshana Porata Committee, affected the polling staff movement to the booths.

The agitating workers raised slogans against the Centre and the state government and burnt copies of Nirmala Sitharaman's statement at the Kurmannapalem junction. In some places, effigies of Prime Minister Narendra Modi were also burnt.

Nearly 80 vehicles carrying polling staff, including presiding officers and APOs, and election material to Gajuwaka polling stations were held up due to the road blockade for some time. They were later diverted to alternative routes.

Meanwhile, the crew of vehicles had a harrowing experience as they were stranded for more than 16 hours in the traffic jam which ran several kilometres in both directions of the national highway due to the road blockade.

The protestors warned that they would intensify their protest if the Union government did not withdraw its decision to privatise the plant.

Trade union leaders urged the CM to pass a resolution against privatisation of VSP and lead an all-party delegation to the Centre. MPs should resign from their posts, the protestors demanded.

Tense situation prevailed at the Visakhapatnam Steel Plant as thousands of workers and trade union representatives picketed the administrative office building of VSP. CISF personnel and police arrived in large numbers to prevent the situation from getting out of control.

RINL's director (finance) Venugopal was gheraoed by the agitators. They stopped his car and made him stranded under a tree for a few hours but the CISF personnel formed a security cordon around him and later escorted him away from the crowd.

Chairman and managing director of RINL P.K. Rath left for New Delhi in the morning.

Trade union leaders announced that the agitation would be intensified into a state-wide movement by drawing all sections of the people.

Left party activists burn the effigy of Prime Minister Narendra Modi in protest against the Central government's decision to privatise the Visakhapatnam Steel Plant near GVMC in Visakhapatnam on Tuesday. — DC

AP will oppose RINL privatisation: Ministers

DC CORRESPONDENT
VISAKHAPATNAM, MARCH 9

Ministers in the AP government strongly defended Chief Minister Y.S. Jagan Mohan Reddy's stance on the Vizag steel plant and said the government would oppose tooth and nail privatisation of the Visakhapatnam Steel Plant.

Addressing a press conference in Visakhapatnam on Tuesday, tourism minister Muttametti (Avanti) Srinivasa Rao said Chief Minister Jagan Mohan Reddy wrote another letter to Prime Minister Narendra Modi on Tuesday to stop the privatisation and suggested

- Why is Naidu not writing letters to the Prime Minister to stop privatisation. Is he scared of him?" Kannababu asked.
- The steel plant with a capacity to produce 7.3 million tonnes is currently producing 6.3 million tonnes and making a profit of ₹200 crore every month.

two measures to make a turnaround for RINL. One was getting captive mines and the other converting debt into equity.

A resolution will also be passed in the Budget Session against the privatisation send the copies to the Prime Minister's Office, he said. The AP Budget Session is commencing on March 19.

Srinivasa Rao said the CM was ready to lead a delegation to New Delhi,

MP Goddeti Madhavi raised a question in Parliament seeking a clarification on the status of the steel plant. The finance minister replied that there would be 100 per cent disinvestment.

"If we are aware of the central government's move on the privatisation why will we seek a clarification," Satyanarayana said.

Visakhapatnam in-charge minister K. Kannababu said TD chief N. Chandrababu Naidu was trying to take political mileage out of the situation by blaming Chief Minister Y.S. Jagan Mohan Reddy for the VSP privatisation.

Ganta asks YSRC to quit in protest

DC CORRESPONDENT
VISAKHAPATNAM, MARCH 9

Former minister and Visakhapatnam North MLA Ganta Srinivasa Rao on Tuesday asked all the elected representatives to tender their resignations and intensify agitation against the proposals to privatise steel plant. The move will draw the attention of the entire nation and put pressure on the Central government, he said.

Ganta sent his resignation to the Assembly Speaker, the day the Steel minister announced MoU between RINL and POSCO.

Addressing the media in Visakhapatnam on Tuesday, Ganta Srinivasa Rao assured that the TD would not field candidates in the constituencies where the YSRC leaders resign.

The MLA further said the ruling party should

LOKESH ACCUSES JAGAN OF TRYING TO BUY VSP AT SCRAP PRICE

DC CORRESPONDENT
VIJAYAWADA, MARCH 9

Telugu Desam national general secretary and MLC Nara Lokesh on Tuesday alleged that Chief Minister Y.S. Jagan Mohan Reddy is planning to buy the Visakhapatnam Steel Plant (VSP) at the price of scrap. He expressed concern that despite protests the central government is going ahead with its plans to sell VSP in the absence of any resistance from ruling YSR Congress minis-

ters, MLAs and MPs from Andhra Pradesh. Lokesh alleged that all 28 YSRC MPs are doing nothing to save the steel plant in parliament. He claimed that centre has clarified that it had prior approval from CM Jagan over privatisation of VSP.

The MLC advised the Chief Minister to stop his drama since people will not believe in his letter to Prime Minister Narendra Modi expressing his fake opposition to the sale of steel plant.

not excuse us. It is the responsibility of all of us to save the plant from privatisation," Ganta Srinivasa Rao said.

He said it was unfortunate that Chief Minister

Y.S. Jagan Mohan Reddy did not raise the steel plant issue when he got an opportunity to meet Prime Minister Narendra Modi. He suggested that Rajya Sabha member and top leader of YSRC V. Vijayasai Reddy organise a pada yatra in New Delhi and rope in other leaders to stop the privatisation of the steel plant.

He said that Jana Sena leader Pawan Kalyan met the top BJP leaders in New Delhi but if he participated in JAC agitation at the Steel Plant main gate it would make a difference and send a signal to the NDA government in Delhi.

Former Gajuwaka MLA Palla Srinivasa Rao said the agitation should take the shape of Jalilikattu. He said never in the history has the National Highway was blocked for two consecutive days. More action was in the offing from TD cadre, he said.

Reiterating that the state government will stand by the Vizag Steel Plant (VSP), the ruling YSR Congress has said the Opposition parties and a section of the media are spreading falsehood to mislead the people on this.

Speaking to the media here on Tuesday, government adviser on public affairs Sajjala Ramakrishna Reddy said Chief Minister Jagan Mohan Reddy has written a letter to PM Modi seeking an appointment to discuss the options other than a privatisation.

Reddy criticised Jana Sena chief Pawan Kalyan for not fighting against privatisation of VSP despite his party being in alliance with the BJP. "He should oppose the decision rather than politicising it."

Refuting the allegations of Telugu Desam chief Chandrababu Naidu about Jagan planning to buy Vizag Steel for scrap price, he said as Naidu and his family was flush with cash, he should purchase Vizag Steel.

Ramakrishna Reddy said the Opposition has been politicising the statement of Union finance minister Nirmala Sitharaman with a view to hurting the image of the state. "Jagan is very clear that Vizag Steel should not be privatised and appealed to the PM for an appointment to meet an all-party delegation from the state."

Referring to the comments of Sitharaman, Ramakrishna Reddy said the minister has made it clear that the state government doesn't have equity in RINL and is only consulted on specific matters. He flayed a section of the media for distorting facts and spreading falsehood on VSP. He said POSCO has approached the state for the setting up of a steel plant and the CM has suggested Kadapa or Krishnapatnam for this. The representatives of POSCO also visited Krishnapatnam.

Annapareddy dies, CM expresses grief

Vijayawada: Chief Minister Y.S. Jagan Mohan Reddy has expressed grief over the passing away of Annapareddy Venkateswara Reddy, who was adored in literary circles for his valuable translations and the way he brought out *Misimi* Telugu magazine as Editor.

AP EXTENDING SUPPORT TO FIRMS READY WITH INVESTMENT: CM

DC CORRESPONDENT
VIJAYAWADA, MARCH 9

A delegation of Dixon Technologies (India) Ltd has called on Chief Minister Jagan Mohan Reddy at the camp office here on Tuesday to discuss matters of fresh investment.

During the interaction, the Chief Minister said it's good that Dixon Technologies would invest in the Kopparthi electronic manufacturing cluster. He promised the firm that the government would extend its full support to all those who invest in AP.

The chairman and CEO of the company informed the CM that the firm would provide employment to some 2,000 to 3,000 people. It would manufacture mobile phones, variables, laptops, tablets, security equipment and cameras in Kopparthi in Kadapa district.

It has plans to expand the unit in Tirupati and create another 1,000 jobs. The firm will partner with Bosch company to set up a washing machine manufacturing unit under the home appliances division.

Dixon Technologies India chairman Sunil Vachani, CEO Pankaj Sharma and state industries minister Mekapati Goutham Reddy were among those who met the CM.

OZ TEAM KEEN TO PARTNER WITH AP MED TECH

DC CORRESPONDENT
VIJAYAWADA, MARCH 9

An Australian delegation has called on Chief Minister Y.S. Jagan Mohan Reddy at the Camp Office here on Tuesday. The Australian delegation members Barry O'Farrell AO, High Commissioner of Australia to India, Sarah Kirlow, Consul General of Australia to South India, Jay Sangani, First Secretary (Political) and Svetha Venkatram, Government Relations Manager, have discussed various topics during the meeting with Chief Minister.

The team discussed infrastructure, financing, exploring funding and opportunities for building the assets through infrastructure projects such as ports/industrial parks/desalination plants, which can then be monetised over the long term. The Government of Australia expressed interest in partnering with AP Med Tech zone in R&D.

The Australian team discussed asset recycling where government assets can be monetised for win-win partnership, collaboration in education and skill development under which Australian universities can tie-up with universities in the state (which are best among in India), Leveraging the collaboration to develop joint R&D Programmes, collaboration with the University of Curtin to setup university/CoE focussed on mining and Setting up a centre of excellence in collaboration with the Australian government in Visakhapatnam.

JUDICIAL | CAPITAL

Around 250 acres to be allocated for construction

HC to come up at Jagannatha Gattu

DC CORRESPONDENT
KURNOOL MARCH 9

Andhra Pradesh government has finally zeroed in on the site for establishment of the AP High Court in the judicial capital of Kurnool city.

During his visit to Srisailem for offering silk clothes to Lord Shiva and Goddess Parvathi on behalf of the state government, finance minister Buggana Rajendranath

Reddy disclosed that around 250 acres of land at Jagannatha Gattu on outskirts of the Kurnool city is likely to be allocated for construction of the AP High Court.

Orvakal Airport, which is scheduled to start operations from March 28, is very near to this place.

Earlier, Kurnool district administration had planned to accommodate the High Court either on the APSP Second

Battalion ground in the Kurnool city or in Kottam Tulasi Reddy College located on National Highway 44.

Some officials also recommended that the court could run from the Bala Sai Baba International School located at Munagalapadu village near NH 44.

However, district revenue officials said they have not yet received any official instructions from

the government on location of the AP High Court. Only after receiving formal orders can they start acquiring lands for construction of the High Court.

An official, who wished to remain anonymous, said even if the government decides to immediately shift the High Court from Amaravati to Kurnool, they are ready to identify suitable buildings to run the court.

SHORT TAKES

AP REPORTS 118 COVID CASES, NO DEATH

DC CORRESPONDENT
VIJAYAWADA, MARCH 9

Andhra Pradesh registered 118 fresh Covid-19 cases and no death in the last 24 hours.

The state health authorities reported on Tuesday that out of 45,079 samples tested, 118 persons were found infected with the virus. Out of a total number of 1,43,07,165 samples tested so far, 8,90,884 persons were found infected with the virus and of them, 8,82,670 were recovered while undergoing treatment, while 1,038 are still active with the virus.

Among the daily Covid-19 cases, Chittoor continued to top the state with 38, followed by 21 in Krishna, 15 in Visakhapatnam, 12 in Guntur, 11 in East Godavari, five in Kadapa, four each in Anantapur and Nellore, three in West Godavari, two each in Kurnool and Srikakulam, one in Prakasam and zero cases in Vizianagaram.

With regard to the cumulative active Covid-19 cases, Chittoor registered the highest at 322, followed by 128 in Krishna, 84 in Guntur, 74 in East Godavari, 69 in Visakhapatnam, 62 in Srikakulam, 59 each in Kadapa and Anantapur, 53 in Kurnool, 46 in Nellore, 41 in Prakasam, 34 in West Godavari and seven in Vizianagaram.

Among the daily Covid-19 deaths, no case was reported.

5,000 SECURITY PERSONNEL FOR POLLS

DC CORRESPONDENT
ANANTAPUR, MARCH 9

About 5 thousand security forces, including 170 striking forces being used for municipal polls in Anantapur district. Nearly 1,600 security forces are being used for Tadipatri municipality following a tense situation for the past one year.

The former MLA J.C. Prabhakar Reddy and his son J.C. Asmith Reddy were arrested, and cases on family members in connection with forged documentation for buses.

The municipal polls have become prestige for both YSRC and TD in Tadipatri. The police also concentrated on Dharmavaram, Hindupur and Kadiri towns. In Kadiri, CPI lodged a complaint with election authorities and police over a big number of bogus voters. "We found more than 200 bogus voters in a single ward in Kadiri municipality," CPI leader Vemaiah said.

4 KILLED AND ONE PERSON HURT IN A ROAD ACCIDENT

DC CORRESPONDENT
NELLORE, MARCH 9

In a ghastly road accident, four persons were killed on the spot, and one person injured critically when a speeding car hit the protection wall of a major canal on Kurnool-Ongole road near Tripurantakam town of Prakasam district on Tuesday. The victims are natives of Krishna Devaraya Nagaram in Guntur and the mishap took place when they were returning home after worshipping at the holy shrine in Srisaillam.

Deva Raya-II inscription found

Damaged inscription engraved on a black granite stone in Telugu

DC CORRESPONDENT
VIJAYAWADA, MARCH 9

A Telugu inscription issued by the Vijayanagara Emperor, Deva Raya-II (1424 – 1446 AD) ruled from Hampi-Vijayanagara is found in Motupalli, an ancient Port town in Chinaganjam mandal, Prakasam district.

According to Dr E. Sivanagi Reddy, archaeologist and CEO, The Cultural Centre of Vijayawada and Amaravati, the damaged inscription engraved on a black granite stone in Telugu script and language registers donation of some gold coins (Kasulu) towards burning a perpetual lamp of a local temple by Deva Raya Odeya identified with Deva Raya – II of the Sangama Dynasty.

Dr Reddy said that the

Grooves made by the Neolithic people found in Patancheru

DC CORRESPONDENT
MAHBUBNAGAR, MARCH 9

Pre-historic grooves used by the early Neolithic people to sharpen stone axes have been found at Indiresam, a village in Patancheru mandal on the outskirts of Hyderabad.

Dr E. Sivanagi Reddy, archaeologist and chief executive officer, The Cultural Centre of Vijayawada and Amaravati, has received

donation made have been given to Prasanna Kesava temple is now known as Kodandarama Swamy temple of Motupalli. He

approval to identify the grooves on Tuesday during his explorations conducted at the site that is located close to a Shiva temple located on a hillock.

A shallow groove found on the rock bed towards the left side of the stone flag staff of the temple, measuring 20cm in length 3 cm in width and 5cm in depth, was used to sharpen the dolerite celts by the Neolithic people. The grooves were date-

able to the period between 6,000 and 2,000 years BC, during the phase when the transition occurred from food gathering to food production.

Based on the evidence, Dr Reddy surveyed the surroundings for tools of the Neolithic period but could not notice microliths of the Mesolithic period and broken stone sculptures of Nandi Anjaneya, Saraswati and Nagadevatha of the medieval period.

● Dr Reddy said that the donation must have been given to Prasanna Kesava temple is now known as Kodandarama Swamy temple of Motupalli. He also revealed that there are three inscriptions found inside the Veerabhadra temple

Kakatiya (Ganapathi Deva), Reddy (Anapotha Reddy) and Vijayanagara (Deva Raya). He added that the new inscription surfaced on the roadside opposite to Kodandarama temple which bears historical significance shall be shifted to inside of the temple for safety and security. Dr Jyothi Chandramouli, Addanki based historian and R. Dasaratha Rami Reddy, secretary, Motupalli Heritage Society participated in the explorations.

BIE ANNOUNCES TATKAL FOR PVT STUDENTS

DC CORRESPONDENT
VIJAYAWADA, MARCH 9

The Board of Intermediate Education notified, allowing intermediate first and second-year private candidates pursuing arts groups seeking attendance exemption to pay examination fee under Tatkal Scheme from March 10 to 17 in the state.

The BIE, in a release issued on Tuesday, said that candidates seeking to avail Tatkal Scheme have to pay ₹1,300, attendance exemption fee ₹1,300, first-year examination fee ₹490, second-year examination fee ₹490, both first and second-year examination fee ₹980 and also to pay cost of attendance exemption and examination application form ₹10 each.

DEVOTEES CONVERGE AT SRISAILAM

DC CORRESPONDENT
KURNOOL, MARCH 9

Over five lakh pilgrims have reached Srisaillam hills and had a holy darshan of Lord Mallikarjuna Swamy and Goddess Bramaramba Devi during the present Mahashivaratri celebrations, which were started from March 4.

Mahashivaratri festival would be organised on March 11 in a traditional manner, part of 11 days of Brahmotsavams. However, the inflow of pilgrims was increasing by every hour for the past couple of days.

While some were reaching the hill shrine of Lord Mallikarjuna Swamy by foot, others were coming by vehicles. The hills were reverberating with Shiva Nama smaranam (Om Namah Shivaya).

As 70 per cent of the pilgrims who have come here were Siva Swamulu (Shiva Deeksha devotees), the hills have turned orange.

NON-STOP RTC BUSES TO CHENNAI FROM NELLORE

DC CORRESPONDENT
NELLORE, MARCH 9

Road Transport Corporation has addressed a longstanding demand of commuters to provide non-stop bus services to Chennai city from Nellore and vice versa. Nellore Two Depot manager of RTC, Siva Kesav Yadav, announced that they would run Super Luxury buses as non-stop services to Chennai from Nellore main bus stand from March 15 at 4 am, 5 am, 11 am and 12 noon. On their return journey, the buses would start from Chennai.

Docs save 87-year-old through rare treatment

DC CORRESPONDENT
VIJAYAWADA, MARCH 9

The doctors have successfully performed a rare cardiac procedure is known as Transcatheter Aortic Valve Replacement (TAVR) on the aortic valve of an 87-year-old male patient in Vijayawada. The patient went to the emergency with heart failure, cardiogenic shock, and renal insufficiency.

Dr T. Srinivasa Rao, Consultant Critical Care, Manipal Hospital said, "When the patient visited us, he was in heart failure with severe leaking (regurgitation) aortic valve. We had to immediately put him on the ventilator as he was hemodynamically unstable and was being given inotropes to keep the heart functioning, with the help of a planned TAVR procedure; we were able to save him.

Post-procedure, the patient's heart condition

improved and is off the ventilator."

Dr N. Murali Krishna, interventional senior cardiologist said, "The patient has undergone open-heart surgery in 2008 during which a bio-prosthetic valve was inserted. The patient was unfit for any surgical procedure as he was in a shocking state. The only way to save the patient was to perform TAVR surgery where we had to insert a valve in the already existing bioprosthetic valve from his previous operation in 2008. This rare operation was performed successfully and the patient is back to being healthy."

Dr Sudhakar Kantipudi, Hospital director congratulated the doctors and staff for successfully completing the surgery and breathing life back into the 87-year-old patient.

The patient and his family members expressed gratitude for giving a new lease of life.

Taskforce seizes 12 red sander logs

DC CORRESPONDENT
KURNOOL, MARCH 9

The Red Sanders Anti-Smuggling Task Force (RSASTF) sleuths arrested four smugglers in the forests abutting the Kolimigundla mandal and seized 12 red sander logs from their possession.

On being tipped off about the likely movement of outsiders in the Tollamadugu forest abutting, Deputy Superintendent of Police Venkataiah alerted RI Ravikumar, who took up combing in the entry and exit points into the forest. The contraband was hidden in a sweet lime orchard.

S-band aperture payload shipped to US for integration with L-band

DC CORRESPONDENT
NELLORE, MARCH 9

S-Band Synthetic Aperture Radar (SAR) payload built at the Space Applications Centre (SAC), Ahmedabad, of the Indian Space Research Organisation has been shipped to the Jet Propulsion Laboratory (JPL), Pasadena, California. It will be integrated with the L-Band SAR Payload of JPL for the Nasa-Iso Synthetic Aperture Radar (Nisar) mission which is scheduled to launch in late 2021.

The mission will have a minimum lifetime of three years. The payload was flagged off by Iso Chairman Dr K. Sivan recently in the virtual mode.

Iso said the Nisar satellite will provide a detailed view of the Earth to

observe and measure some of the planet's most complex processes, including ecosystem disturbances, ice-sheet collapse, and natural hazards. As with Nasa missions, the Nisar data will be openly available, free of charge.

The mission will also be capable of supporting disaster response through expedited event-driven downlinking, processing, and delivery of relevant data.

Nisar will utilise two synthetic aperture radars (SAR) operating at different frequencies to study the Earth. Nasa will provide the L-band SAR and Iso the S-band SAR.

The L-band equipment will provide all-weather, day and night imaging of nearly the entire land and ice masses of the Earth and the S-band instrument will provide addi-

tional coverage of India and parts of the polar regions.

Most areas will be imaged four to six times a month, with exact repeat of the orbits at 12-day intervals. Nisar's imaging resolution will be 3-50 metres, depending upon the operating mode.

The repeat orbit images can be used to identify and track the subtle movement of the Earth's land using interferometric synthetic aperture radar (InSAR) that can detect small-scale surface deformation before it is visible to the eye.

Nisar will be the first radar of its kind in space to systematically map the Earth using two different frequencies (L-band and S-band) to measure changes in the planet's surface of less than a centimeter across.

Speed up vaccinations, refresh awareness drive

India has of late been witnessing a surge in the daily caseload of Covid-19 infections with the numbers going up for the last six consecutive days; it is above 18,000 in the last four days. The number of active cases has also registered an increase for five consecutive days. At present, six states — Maharashtra, Kerala, Punjab, Karnataka, Gujarat and Tamil Nadu — together account for more than four-fifth of the total cases now. Given the pattern of the virus spread, it is not before weeks if not days that the pandemic will create another wave that could force the nation to go in for another shut down.

India had on January 16 rolled out an ambitious vaccination plan that, in its first phase, sought to inoculate three crore frontline workers, including healthcare professionals. The target has now been met by two-thirds, with the number of people who have received at least one dose standing at 2.26 crore. The second phase, launched on March 1, seeks to inoculate 27 crore people aged above 60 and those above 45 with co-morbidities. As of now, nine lakh people who belong to these categories have been given the jab.

Except the Union government and some states such as Kerala, none seems to have kept a tab on the numbers. Worse, the attitude of most states and the people there has been akin to a situation where the virus has ceased to be a threat.

A realistic assessment of the spread of the pandemic and the speed with which the vaccination programme progresses calls for increased efforts on both the counts — a massive awareness campaign to stop the spread of the virus and a revitalised vaccination programme. The daily caseload numbers reached their peak in October and then started a downward journey. Except the Union government and some states such as Kerala, none seems to have kept a tab on the numbers. Worse, the attitude of most states and the people there has been akin to a situation where the virus has ceased to be a threat.

The world in general, and India in particular, are better equipped to take on the virus than we were a year ago. Our knowledge base has improved, the protocols are in place and the healthcare professionals are trained to handle even extreme situations. However, the people's attitude has become less than acceptable. The government must re-launch on a war footing the campaign focussing on the importance of social distancing, wearing of masks and hand hygiene. It must also revisit the restrictions on gatherings, especially social, political and religious ones, which can turn super spreader events.

India vaccinated more than 16 lakh people on Monday, the highest since the programme started. At the present rate, India will take another year to vaccinate at least half of the population. This is unacceptable. There may be many hurdles, from the shortage of raw material for vaccine manufacturing to the logistical issues to the technical glitches in the CoWin app, and the government must meticulously strive to remove them. It must also open up the programme for all sections of the population, co-opt as many institutions, and make the process easier. Unless we speed it up and cover a reasonable share of the population, we can't say goodbye to the uninvited guest.

The royal underbelly

The world is horrified at Meghan Markle and Prince Harry's revelation that racism towards Meghan was the principal reason they fled their royal home to find freedom in California. But it should not be so because systemic racism is stark reality, more so in the world of privilege that British royalty lives in. Harry's indictment of his own family for not fighting the racist attacks hurled at his biracial wife Meghan and his multiracial son Archie, whose skin colour was a matter of concern to the palace even before he was born, is a pointer to how institutionalised royal reticence is. A disparaging term like 'The Firm' may have been seen as appropriate even for an insider.

Oprah Winfrey's skills at bringing the angst out of celebrities by playing the agony aunt may have helped smear British royalty and its stiff upper lip with hate while a more defensive UK might see the story of a second sensational interview by an ex-royal after Diana's expose on BBC in 1995 in a different perspective. His marriage may have helped liberate Harry from the trappings of power and privilege and the service Harry has rendered his family is to save it from racism though his flight to the US may be seen in the UK as pique since Archie was denied a princely role and a place in the queue to the crown.

The alacrity with which Buckingham Palace ordered an inquiry against Meghan on charges of bullying staff comes in sharp contrast to its reluctance to probe Prince Andrew's links to the convicted Jeffrey Epstein and his shenanigans with underage girls. This should give more grist to Republicans in Britain as well as the Commonwealth, which Queen Elizabeth II heads by virtue of her record years on the British throne. Diana and Meghan did the democratic world a favour in boldly exposing the underbelly of the royal family, which by itself is an anachronism in the modern age.

Modi's pan-Indian image won't help BJP win polls

Parsa Venkateshwar Rao Jr

The focus of the Assembly elections in four states and a Union territory —starting at the end of this month and spread over the whole of April — in West Bengal and Assam in the east, and Tamil Nadu, Puducherry and Kerala in the south — has centred around West Bengal and the big question is whether the BJP under Prime Minister Narendra Modi will breach the final barrier, as it were, for the right-wing saf-ron party. It has turned out to be a battle between West Bengal chief minister Mamata Banerjee of the Trinamul Congress and Prime Minister Modi of the BJP. As has become the norm with the Modi-centric BJP in the past seven years, the laurels for the victory always go to Mr Modi because the party is but a symbol for the most domineering politician in the country today. The reality, of course, is much more complicated and the magic factor of Mr Modi has huge limitations.

Though the party had won Assam in 2016 for the first time, the right-wing majoritarian sentiment in that state was well represented by the Congress and the Asom Gana Parishad (AGP) from 1985 onwards. The breakthrough for the BJP in Assam in 2016 has nothing radical about it. Assam, however, poses its own set of challenges for the BJP this time round. The Citizenship Amendment Act (CAA), with its vicious Hindutva slant, is a sore point in the state where Bangladeshi migrants — whether Hindu or Muslim — are the source of local resentment and discontent. The Hindutva rhetoric does not mean much here.

West Bengal remains the big prize in the east for the BJP. It has eluded the party with its majoritarian colours. The party considers this

election as the final push at the final frontier. That is why it has become much too loud and much too bitter. The CPI(M)-led Left Front and the Congress still remain marginal players. And the battle between Mr Modi and Ms Banerjee, despite the Prime Minister's pan-Indian standing, is reduced to a local tussle. If Ms Banerjee prevails, it will be a huge blow to Mr Modi. And the bets are hugely hedged in the matter.

In Tamil Nadu and in Kerala, the BJP is a small player. It is reconciled to play second fiddle to the ruling All India Anna Dravida Munnetra Kazhagam (AIADMK) in Tamil Nadu and confined to the 20 Assembly seats allotted to it. It would have to ride to victory on the back of the AIADMK because it has no presence of its own. The BJP cannot hope to give wings to its Hindutva ideology in the state because the Dravidian politics — (anti-Hindi and indirect) anti-North Indian variant of Hinduism represented by the BJP) and the Hindutva nationalism, again a North Indian concoction — does not pass muster. Even the Congress, with its benign pan-Indian outlook, has become a small player in Tamil Nadu and it has been given just 25 seats in these elections by the dominant regional Opposition party, the Dravida Munnetra Kazhagam (DMK). After the death of the icons,

The CAA, with its vicious Hindutva slant, is a sore point in Assam where Bangladeshi migrants, whether Hindu or Muslim, are the source of local resentment. The Hindutva rhetoric does not mean much here.

Unlike in West Bengal, the Left Democratic Front (LDF) led by the CPI(M) and the United Democratic Front (UDF) led by the Congress in Kerala leave no space for a new player with a north Indian ideology

the DMK's Karunanidhi and the AIADMK's Jayalalithaa, it seemed the spell of Dravidian politics would end, and national parties like the Congress and new entrants like the BJP would become the big players. The seat allocation for the two national parties by the dominant regional parties is a clear indication that the local in terms of ideology outflanks the national in Tamil Nadu. Tamil and Dravidian nationalism are unlikely to fade away simply because the stars who represented them have died.

Unlike in West Bengal, the Left Democratic Front (LDF) led by the CPI(M) and the United Democratic Front (UDF) led by the Congress in Kerala leave no space for a new player with a north Indian ideology to break into the crowded political space in the country. Kerala is a complex mosaic of castes and communities, where the Nayers and Ezhavas on one hand, Christians and Muslims and the Communists jostle with each other. The Rashtriya Swayam-sevak Sangh (RSS) has been fighting a fierce and bloody battle with the Marxists in parts of northern Kerala. Political violence is as rampant in Kerala as it is in West Bengal. The RSS and the Marxists have been hacking each other's cadres with ruthless regularity. The BJP has been trying to use the RSS' base to make headway, but it has not succeeded in any major way.

The dominant parties in all these poll-bound states are forced to reckon with the smaller political formations. In Assam, the BJP cannot afford to ignore the Bodos. When the Bodo People's Front broke away from the BJP-led

National Democratic Alliance (NDA), the BJP had to find place for the United People's Party Liberal, and the Congress has to accommodate the Assam Jatiya Parishad (AJP) and Rajgor Dal. India is infuriatingly diverse for hegemonic national parties like the BJP and the Congress.

The Assembly elections are a time for the rest of the country to know how each state has its own identity and politics and that it is not a referendum for the ruling party at the Centre. It is this entrenched democratic pluralism that checks the free run of parties such as the BJP with their regimented mindsets forged in RSS shakhas. The BJP is struggling to come to terms with the political diversity and pluralism of this country. The authoritarian populism as practised by Mr Modi and his second-in-command, Union home minister Amit Shah, serve only as a stumbling block in the Assembly elections, especially in places like Tamil Nadu, Kerala, and to a great extent in West Bengal and Assam.

Even in Puducherry, after engineering defections from the ruling Congress, the BJP did not find it very easy to come to power. The right-wing party is learning the hard way that multitudinous India is a multipolar political field. And there is no option but to adapt to India's political multiverse. This is why the majoritarian tyranny of the BJP kind has to give way to rainbow coalitions. Assembly elections in India are always a lesson in democratic politics.

The writer is a Delhi-based commentator and analyst

The party is learning the hard way that multitudinous India is a multipolar political field. There is no option but to adapt to India's political multiverse. Majoritarianism has to give way to rainbow coalitions.

LETTERS

METRO HAWKERS

This is with reference to news report *Catch 20-20* (DC, March 9) to pick or drop a player for T20 matches from 19 eligible senior and junior stalwarts. It is going to be a tough musical chairs game where some have to drop out due to lack of luck factor. There was a time when only test matches were in vogue, several talented, brilliant players were selected for tours and never played a match due lack of place in team 11. Now, more players are able to don national cap as they can be selected for one of T20, one-dayers or test matches or India A team. It is not possible for a player to play all three formats, round-the-year, resulting in burn-out syndrome. The only mantra in cricket selection is "perform or perish" as the bench is getting overcrowded with young aspirants.

FABULOUS THREE

Tennis fans of this generation are truly blessed to witness the fabulous three - Federer, Nadal and Djokovic — arguably the best players in Tennis history. The trio have dominated men's singles, winning 58 of the last 70 Grand Slam titles, with Federer and Nadal accounting for 20 each and Djokovic 18. After surpassing Federer's record of holding No.1 ranking and with age on his side, Djokovic has a good chance to surpass other records set by Federer and Nadal.

Coalition karma takes babu to chief secy spot

A coalition alliance government creates its own special dynamics, which affects the bureaucracy uniquely. In Maharashtra, which has a three-party alliance, this was seen when the 1985-batch IAS officer Sitaram Kunte was named the state's new chief secretary. Sources say that Mr Kunte was ignored by the previous BJP government during whose tenure he was commissioner of the Brihanmumbai Municipal Corporation (BMC).

His fortunes changed for the better in the Shiv Sena-led government of chief minister Uddhav Thackeray. However, while the chief minister and the Congress Party were said to be keen on his appointment, the National Congress Party chief Sharad Pawar was reportedly less than enthusiastic, initially. However, Mr Kunte

managed to make it to the top post, although he snuffed the chance of his batchmate Praveen Pradesh, who was widely expected to be appointed to succeed Sanjay Kumar.

Mr Pradesh had even returned from the UN in the hope of becoming the new chief secretary. Mr Kunte's elevation has led to the appointment of M.K. Srivastava, a 1986-batch IAS officer, in his previous office of additional chief secretary for home.

MIND THE 'S' WORD

A communique issued by T.M. Yanthan, commissioner and secretary to Nagaland governor R.N. Ravi, to chief secretary J. Alam, has directed the state government to warn officials that they could face penal and disciplinary action if they post "seditious or subver-

sive content" on social media. Apparently, it had come to the notice of the governor's office that "some government servants are indulging in seditious and subversive writings challenging the territorial integrity and sovereignty of the country" on social media platforms.

Sources say that a copy of Mr Yanthan's letter has been also marked to Union home secretary Ajay Kumar Bhalla. This suggests, they say, that the governor has kept the Centre in the loop and may even have been directed by Delhi to take action against government officials posting seditious content.

Apparently, this is the second letter from the governor's office to the state chief secretary. Last year, he had directed the state government to prepare a database of state government employees' family mem-

bers and relatives who were in "underground organisations".

However, ominous though it may sound, some observers feel that Mr Ravi is merely reiterating the conduct rules for government servants and people should not read too much into this. Your thoughts?

TENURE ROW

Who has the authority to take a call on the posting of officers of the director-general of police rank in Haryana? This has become a point of contention between Haryana chief minister Manohar Lal Khattar and his home minister Anil Vij. The officer at the centre of it all is DGP Manoj Yadava, a 1988-batch IPS officer, reportedly hand-picked by Mr Khattar for the post.

It appears that Mr Vij wants a change of DGP despite Mr Yadava having over four years of service

left. The minister recently directed additional chief secretary (home) Rajeev Arora to send a panel of officers to the UPSC to be considered for the next DGP. According to sources, once the minimum tenure of two years ends, the state government has the option of deciding to continue with the current DGP or replace the officer. In the present case, the government has extended Mr Yadava's tenure beyond February until further orders.

Sources say that Mr Khattar is unlikely to seek a replacement for Mr Yadava, who has done a long 15-year stint at the Intelligence Bureau (IB) before returning to his parent cadre. But Mr Vij, say sources, is sticking to his stance.

IN BRIEF

Al-Badr chief killed in gunfight

Srinagar: J&K police on Tuesday claimed that Al-Badr militant outfit chief Gani Khawaja has been killed in a gunfight raging in Tujar Sharif area outside the Valley's northwestern town of Sopore. Inspector general of police Vijay Kumar said Khawaja was one of the most wanted militants and termed his killing as "a major success" for the security forces combating a three-year-old insurgency in J&K. A report from Sopore said that, at least, two militants were trapped in the area after a joint team of security forces laid siege to it on Tuesday evening. Kumar was quoted by local news agency GNS as saying the operation was "carried cleanly on a very specific input which was received by the police earlier during the day."

Hiren's wife blames Vaze

Mumbai: The wife of Mansukh Hiren, the owner of the vehicle found near industrialist Mukesh Ambani's residence, has alleged that her husband was murdered by assistant police inspector Sachin Vaze. In her complaint, she also said that the vehicle in question was also in possession of Vaze since November 2020. Hiran's wife Vimla also claimed in her statement, copy of which is with this newspaper, that her husband told her that Vaze had asked him to get himself arrested and he would ensure his bail in a few days. The officer had resigned from the police force in 2007 and joined Shiv Sena in 2008. He was reinstated in the police department on June 6 last year.

GOYAL REBUTS DIDI'S CLAIM OF NO RAILWAY HELP

DC CORRESPONDENT
KOLKATA, MARCH 9

Railway minister Piyush Goyal has refuted West Bengal Chief Minister Mamata Banerjee's allegation of non-cooperation by his ministry officials to the fire brigade in fighting the devastating fire which claimed nine lives at the Eastern Railways' office in New Kollaghat Building on Strand Road in Kolkata on Monday evening.

Four fire-fighters Girish Dey, Gaurav Bej, Aniruddha Jana, Biman Purakait, four railway staff RPF Constable Sanjay Sahni, deputy chief commercial manager Partha Sarathi Mondal, senior commercial clerk Shrawan Pandey and senior technician Sudip Das and an assistant sub-inspector (ASI) Amit Bhawal of the Kolkata Police boarded two lifts against the rule to reach the source of fire at the 13th floor of the high-rise.

Seven of them were charred to death in one elevator while two others died of suffocation inside another. Visiting the spot Banerjee accused "the railways of non-cooperation by not providing the building map to the fire brigade."

Early on Tuesday Goyal, mourning the loss of lives, tweeted, "Railway officials including the GM are at the site and are working in coordination with the state govt for rescue and relief efforts. We are committed to doing everything possible to ensure safety of all concerned. All possible assistance has been provided by the Railways to the state govt during this unfortunate fire accident. A high level inquiry consisting of four Principal heads of Railway departments has been ordered to ascertain the cause of the fire."

The inquiry report is expected in two weeks.

Assam Chief Minister Sarbananda Sonowal along with BJP supporters arrives to file his nomination for the upcoming state Assembly elections in Majuli on Tuesday. — PTI

Didi warns BJP not to play Hindutva card in Bengal

Asks voters to make 'April Fool' of saffron party by defeating Adhikari

RAJIB CHOWDHURI | DC
KOLKATA, MARCH 9

Warning the BJP not to play its Hindutva card against her in the West Bengal Assembly elections, Chief Minister Mamata Banerjee, who is contesting from Nandigram in East Midnapore, on Tuesday asked the voters of the hot seat, going to the polls on April 1, to make an "April Fool" of the saffron party by defeating her nemesis Suwendu Adhikari.

At her first rally in Nandigram after the announcement of the Assembly polls and the candidates' lists of the TMC and BJP, Banerjee told the crowd, "Those who are playing the politics of Hindu-Muslim should know that I am also a daughter of a Hindu family. Do not try to play the Hindu card against me. If you do, explain first whether you are a good Hindu or not. The second phase of the polls, which includes Nandigram among many seats, is on April 1. She said, "*Khela Hobe* (Game On). Make 'April Fool' of them by your votes on that day."

Tearing into her opponent and former Cabinet colleague for branding her as an "outsider" in his home turf, the CM, who has coined the same slogan against the BJP, wondered, "Some people are calling me an outsider! I am from Bengal. How can I be an outsider? The only difference is my native place is Birbhum while yours (Suwendu) is Nandigram. Had I been an out-

Poll seizures: Assam breaks all records, items worth ₹18 cr seized

Guwahati, March 9: Assam broke all previous records in seizures of cash, liquor, drugs and other goods in the run-up to the Assembly polls with various agencies already confiscating over ₹18 crore worth of items and arresting around 110 people in the last 11 days, officials said on Tuesday.

The highest amount of seizures worth over ₹5.72 crore took place during the 24 hours, starting 9 am on Sunday, an official said. After the polls were

notified on February 26, all constituencies in Assam formed a minimum of three Static Surveillance Teams (SST) and Flying Squads (FS) each, with some even having six such teams each, he added.

"We have a minimum of 756 teams working across the state. The seizures by all state and central agencies along with SST and FS have crossed all figures of last elections," the official said. Since the Model Code of

Conduct came into force, the agencies have seized an overall ₹18.31 crore worth of items till Monday, according to the daily seizure report of the Election Department, Assam.

It includes ₹4.27 crore in cash, liquor (3.58 lakh litres) worth ₹5.52 crore, ₹4 crore worth drugs and other narcotics substances, ₹1 crore worth precious metals such as gold and silver, and ₹3.52 crore of other items like different freebies. — PTI

PRAFULLA MAHANTA NOT TO CONTEST POLLS

MANOJ ANAND | DC
GUWAHATI, MARCH 9

In what has surprised many political observers, veteran AGP leader and two-time chief minister of Assam Prafulla Mahanta, has decided not to take part in the ongoing state Assembly election.

Mahanta, who was denied the party ticket from Barhampur from where he won for six consecutive terms, said he was "hurt because of the party's weak stand in defending regionalism, a cause that formed the very basis of AGP."

According to the seat-sharing agreement between AGP and BJP, the Barhampur seat has gone to the saffron party which has fielded Jitu Goswami as its candidate.

Mahanta's decision of not contesting elections this time was conveyed by his wife and former Rajya Sabha member Joyshree Goswami Mahanta.

Kamal's MNM signs 'MoU' with allies

G. BABU JAYAKUMAR & D. SEKAR | DC
CHENNAI, MARCH 9

Actor Kamal Haasan's Makkal Neethi Maam, which has been scouting for allies to face the April 6 Assembly elections as a combine, finally decided on an alliance with the Indhiya Jananayaga Katchi of T.R. Parivendhar and All India Samathuva Makkal Katchi, founded by actor Sarathkumar.

A Memorandum of Understanding (MoU) signed by leaders of the three parties, more in the form of a business deal,

said that MNM would take a lion's share of 154 seats, while the IJK and AISMK will get 40 seats each.

The agreement, worded in English and have signatures of three witnesses, drew flak from many on social media as the general practice in the state is to have such deals written in Tamil with just the number of seats allotted for the parties mentioned in it.

But the MoU of Haasan spoke about objects and goals. It said that parties join together to bring in change in Tamil Nadu.

DMK wraps up alliance with coalition partners

G. BABU JAYAKUMAR & D. SEKAR | DC
CHENNAI, MARCH 9

The DMK wrapped up its alliances with the various coalition partners on Tuesday by allotting three seats to the Kongunadu Makkal Desiya Katchi, led by E.R. Easwaran, whose candidates would be contesting the April 6 polls in the 'rising sun' symbol.

Party leaders were busy finalising the seat allotment, a laborious exercise since some of the constituencies are sought by more than one ally, with other party honchos too visiting Anna Arivalayam for the negotiations. Though it might take a few more days for the seat allotment to be finalised, the DMK might announce its first list of candidates and constituencies on

Wednesday, it was rumoured. Meanwhile, two small parties that were earlier in the AIADMK alliance, the Mukulathor Puli Padai led by actor Karunas and Manithaneya Jananayaga Katchi of Tamimur Ansari, expressed their displeasure over the DMK not offering them any seats. The two parties had given letters expressing support to the DMK.

led front after breaking away from the AIADMK coalition on the hope that the DMK would at least offer one seat each to the two leaders.

While rumours started floating that the two parties had withdrawn their letters of support given to the DMK as they felt neglected by the DMK, Tamimur Ansari denied it.

Another Muslim party, Indian National League,

whose emergent State executive met in Chennai on Tuesday, also decided to extend support to the DMK-led front. It accused the AIADMK government of being subservient to the BJP at the Centre.

Meanwhile, DMK MP S. Jagthrakshan, who is in charge of Puducherry, came out with a statement denying speculations on his switching over to the BJP.

Scindia 'dismisses' Rahul's CM offer

RABINDRA NATH CHOUDHURY | DC
BHOPAL, MARCH 9

Rahul Gandhi's offer of post of chief minister of Madhya Pradesh to senior BJP leader Jyotiraditya Scindia if he returned to Congress on Tuesday kicked up a storm with the latter calling it a misplaced concern.

"I wish Rahul ji had shown similar concerns when I was in Congress", Scindia, who quit Congress and joined BJP in March last leading to fall of 15-month-old Kamal Nath government, retorted while seeking to dismiss Gandhi's offer as misplaced concern.

Scindia said he would not like to comment further.

Gandhi had recently told youth wing leaders of Congress that had Scindia remained in the party, he would have certainly become chief minister (of MP). Scindia was now a 'backbencher' in the BJP. "Scindia will be chief minister only when he is in Congress", the former Congress president said.

Scindia's supporters here called Gandhi's statement as 'immature'.

"Gandhi is known for making immature statements. He is not taken seriously by people and his credibility in public is at the rock bottom. He has now been left with three options to restore his credibility by making Sachin Pilot, chief

minister of Rajasthan, T.S. Singhdeo, chief minister of Chhattisgarh and Navtej Singh, chief minister of Punjab, as he had promised them earlier", Scindia loyalist Pankaj Chaturvedi who quit Congress and joined BJP in March last, told this newspaper.

Gandhi's remarks on Scindia have raised eyebrows in Congress circle here also with a section of party leaders wondering if he was throwing a bait (to make Scindia chief minister) to woo him back to the Congress fold.

"Gandhi's statement creates an impression that something is cooking up between Scindia and Congress. But, I think it is an immature statement and may cause damage to the party in Madhya Pradesh. This may alert and antagonise two key leaders of Congress in MP, Kamal Nath and Digvijay Singh, both of whom are considered arch rivals of Scindia", a senior Congress leader here said requesting not to be quoted.

Interestingly, Congress MLA and former Union minister Kantilal Bhuria, considered a staunch loyalist of Singh, said Scindia would be taken back into Congress if he apologised in public for quitting the party.

"Bhuria's statement is nothing but a joke since the question of Scindia returning to Congress does not arise", Chaturvedi said.

SIT probe into Delkar's suicide

BHAGWAN PARAB | DC
MUMBAI, MARCH 9

As the BJP cornered the Maha Vikas Aghadi government over Mukesh Hiren death case, the state government announced investigations into the alleged suicide of Dadra and Nagar Haveli MP Mohan Delkar and 2018 suicide case of interior designer Anvay Naik.

Maharashtra home minister Anil Deshmukh said that former chief minister Devendra Fadnavis has suppressed the investigation into Naik's suicide, while Delkar's suicide note mentioned administrator of the Union Territory Praful Kheda Patel, who was earlier a minister in the Narendra Modi-led cabinet in Gujarat. Mr Fadnavis alleged that the entire government is trying to protect API Vaze as his arrest will expose bigger names.

The Maharashtra Vidhan Sabha witnessed heated exchanges between the opposition BJP and ruling MVA members as the former demanded the arrest of police officer Sachin Vaze in connection with the death of an auto parts dealer Hiren, whose vehicle laden with explosives was found outside industrialist Mukesh Ambani's residence. After BJP leader Devendra Fadnavis

demanding arrest of Mr Vaze, Shiv Sena minister Anil Parab demanded investigation into Delkar's suicide.

Soon after making a statement in the House, state home minister Anil Deshmukh said, "Mohan Delkar suicide case will be investigated by SIT. Maharashtra government will form an SIT for investigation."

"In his suicide note, Delkar has said he was being harassed and was under pressure from Praful Kheda Patel who is the administrator of Dadra and Nagar Haveli and also was earlier a minister in the Narendra Modi-led cabinet in Gujarat," he added.

Mr Deshmukh said Delkar's suicide note mentions that he was getting threats from Patel that he will be "finished off" from social life. "Delkar's wife and son have also written to me voicing the same concerns," he said.

Delkar had also stated that he was ending life in Mumbai as he had faith in Chief Minister Uddhav Thackeray and the Maharashtra Government, Mr Deshmukh added.

Mr Delkar, a seven-term Lok Sabha member from Dadra and Nagar Haveli, was found dead in a Mumbai hotel on February 22.

MIN. INDICATES CLOSURE OF NIGHT CLUBS IN MUMBAI

SONU SHRIVASTAVA | DC
MUMBAI, MARCH 9

In view of the Covid-19 cases in Mumbai, minister Aslam Shaikh on Tuesday hinted that night clubs might be shut if the cases continued to rise. However, the Municipal Corporation of Greater Mumbai said there was no proposal for partial or full lockdown, or closure of night clubs as of now.

Speaking with reporters in Vidhan Bhavan, the minister said that many districts of Maharashtra have witnessed the increase in Covid cases. "Mumbai has been witnessing a surge in the number of cases. So there is a possibility of imposition of lockdown. We may have to shut places like beaches and Gateway of India where people gather in the evenings for no reason." He also said that people need to take precautions in order to contain the spread of the virus. "The CM has already held a meeting regarding this. All municipal commissioners and district collectors have been instructed by him that they should take a decision," he said.

GANGSTER'S CUSTODY EXTENDED

SHAHAB ANSARI | DC
MUMBAI, MARCH 9

A special court in Mumbai on Tuesday extended the police remand of gangster Ravi Pujari till March 15 after the accused told the court he wanted to share certain information with the investigation officer.

Pujari, who was extradited to India from Senegal in West Africa in February last year was in a jail in Bangalore.

The Mumbai police took his custody in a 2016 firing case and brought him to Mumbai on February 22. Upon production before a special Maharashtra Control of Organised Crime Act (MCOCA) court the judge had remanded him to police custody till March 9.

When he was produced before the court again on Tuesday upon completion of his custody the police sought his further custody.

BILATERAL TIES

New Delhi advises British MPs to refrain from practising vote bank politics

India fumes as UK House discusses farmers' stir

SRIDHAR KUMARASWAMI | DC
NEW DELHI, MARCH 9

In a stinging rebuke against the recent discussion in the British Parliament on the ongoing farmers' protests, India on Tuesday summoned and issued a demarche to British High Commissioner Alex Ellis to "strongly oppose the unwarranted and tendentious discussion on agricultural reforms in India in the British Parliament" on Monday on the grounds that "this repre-

sented a gross interference in the politics of another democratic country".

In a message dripping with sarcasm, New Delhi also "advised British MPs to refrain from practising vote bank politics by misrepresenting events".

This is the second Western nation to which a demarche has been issued by India in the past three months on the farmers' stir. In December last, India had similarly summoned the Canadian High Commissioner in New Delhi and had issued a demarche to Can-

ada for its "unacceptable interference" in India's internal affairs in response to recent comments made there by some senior politicians there including Canadian PM Justin Trudeau on the farmers' protests in some states in India. New Delhi had also warned Canada then that "such actions, if continued, would have a seriously damaging impact" on bilateral ties.

In a statement on Tuesday, New Delhi said, "Foreign Secretary (Harsh Vardhan Shringla) summoned the British High Commissioner

(Alex Ellis) and conveyed strong opposition to the unwarranted and tendentious discussion on agricultural reforms in India in the British Parliament. The Foreign Secretary made clear that this represented a gross interference in the politics of another democratic country. He advised that British MPs should refrain from practising vote bank politics by misrepresenting events, especially in relation to another fellow democracy."

Just last week, the British High Commissioner had ter-

rmed the farmers' protests against the recently-enacted three Indian farm laws as an "internal issue of India", even as New Delhi had said last week that Indian diplomats in the UK are apprising the British Government as well as Members of Parliament and members of the civil society there about the concerned three farm Bills and also about the Indian government's efforts to resolve the issue in talks with farmers. "This is an internal issue of India. We look at it. That is for India to resolve," the

British High Commissioner had told reporters last Friday, in reference to the ongoing protests by farmers predominantly from some of the northern Indian states. "Things that happen in India have ripples in the UK," Ellis said, in an obvious reference to the large Indian-origin community and diaspora in the UK. He had also referred to a remark made by British Foreign Secretary Dominic Raab in India in December last year that "your (Indian) politics are our (British) politics".

SHORT TAKES

BIDEN BOOST
TO OFFSHORE
WIND

Washington, March 9: A huge wind farm off the Massachusetts coast is edging closer to federal approval, setting up what the Biden administration hopes will be a model for a sharp increase in offshore wind energy development. The Vineyard Wind project, south of Martha's Vineyard near Cape Cod, would create 800 megawatts of electricity, enough to power 400,000 homes in New England. If approved, the \$2 billion project would be the first utility-scale wind power.

EVACUATION
S AFTER
HEAVY RAINS

Honolulu, March 9: Heavy rains have breached a dam on the Hawaiian island of Maui, and nearby residents in the community of Haiku are being evacuated, county officials said Monday.

The National Weather Service reported 13.2 inches (33.5 centimetres) of rain fell in the Haiku area of Maui's North Coast between 7 a.m. and 3 p.m. "Resources are being pushed into this area right now," Maui County Mayor Michael Victorino said during a live address on Facebook.

PHILIPPINE
COPS, MAYOR
KILLED

Manila, March 9: Police killed a central Philippine city mayor and two of his aides, while two of the police officers were killed in the latest deadly violence, officials said Tuesday. "I can only assume that this was a mistaken encounter," Brig. Gen. Ronaldo de Jesus, a regional police commander, said. The police were on routine patrol when they were fired upon Monday afternoon by security aides of Catbalogan City Mayor Ronaldo Aquino.

Protesters
defy curfew
in Myanmar

Military curbs media coverage

Yangon, March 9: Demonstrators in Myanmar's biggest city came out Monday night for their first mass protests in defiance of an 8 pm curfew, seeking to show support for an estimated 200 students trapped by security forces in a small area of one neighbourhood.

The students and other civilians earlier took part in one of the many daily protests across the country against the military's seizure of power last month that ousted the elected government of Aung San Suu Kyi. The military government also placed a major curb on media coverage of the crisis.

It announced that the licences of five local media outlets — *Mizzima*, *DVB*, *Khit Thit Media*, *Myanmar Now* and *7Day News* — have been cancelled. "These media companies are no longer allowed to broadcast or write or give information by using any kind of media platform or using any media technology," it said on state broadcaster MRTV.

All five had been offering extensive coverage of the protests, often with live streaming video online. The offices of *Myanmar Now* reporter and Thein Zaw of *The Associated Press*, both of whom have been charged under a public order law that carried a penalty of up to three years in prison. The night's street protests began after police cordoned off part of Yangon's Sanchaung neighbourhood and were believed to be conducting door-to-door searches for those who fled attacks by security forces to seek shelter in the homes of sympathetic strangers. News of their plight spread quickly on social media, and people poured into the streets in neighborhoods all over the city to show solidarity and in hopes of drawing some of the pressure off the hunted protesters.

On some streets, they con-

structed makeshift barricades with whatever was at hand. In the Insein district, they spread across road junctions, singing songs, chanting pro-democracy slogans and banging objects together. The diplomatic missions of the United States, Britain, Canada and the European Union all issued statements urging the security forces to allow the trapped people to return safely to their homes.

Although all have been sharply critical of the Feb. 1 coup and police violence, it is unusual for such diplomatic statements to be issued in connection with a specific, ongoing incident. "There is heightened tension caused by security forces surrounding Kyun Taw Road in Sanchaung Township, Yangon. We call on those security forces to withdraw and allow people to go home safely," said the US Embassy's statement. By midnight Myanmar time, there had been no reports of clashes between police and protesters, although security forces chased crowds, harassed residents watching from windows, and fired stun grenades.

They also were some reports of injuries from rubber bullets.

The nighttime hours have become increasingly dangerous in Myanmar. Police and army units routinely range through neighborhoods, shooting randomly to intimidate residents and disrupt their sleep, and making targeted arrests.

Security forces shot and killed two people in northern Myanmar during the day, local media reported. The Irrawaddy online newspaper said the victims were shot in the head during anti-coup protests in Myitkyina in Kachin State.

Graphic video on social media showed protesters backing away from tear gas, responding with rocks and then fleeing after a fusillade of what seemed to be automatic gunfire. Demonstrators hurriedly carried away the injured, including one apparent fatality, a person with a severe head wound.

CDC: Vaccinated can meet without masks

New York, March 9: Fully vaccinated Americans can gather with other vaccinated people indoors without wearing a mask or social distancing, according to

long-awaited guidance from federal health officials. The recommendations also say that vaccinated people can come together

in the same way such as in the case of vaccinated grandparents visiting healthy children and grandchildren. The guidance is designed to address

a growing demand, as more adults have been getting vaccinated and wondering if it gives them freedom to visit family members, travel, or do other things like

they did before the Covid-19 swept the world last year. "With more and more people vaccinated each day, we are starting to turn a corner," said.

E. Guinea explosives
death toll rises to 98

Dakar, March 9: The death toll from a series of explosions at a military barracks in Equatorial Guinea rose by dozens to at least 98 killed after more bodies were recovered.

The blasts on Sunday in the Mondong Nkuantoma neighbourhood of the coastal city of Bata also wounded at least 615 people, authorities said. The government said that 316 of the injured have been discharged and 299 remain in care in various hospitals in the city.

More than 60 peo-

ple were also rescued from under the rubble by the civil protection corps and fire service, the government said. President Teodoro Obiang Nguema said the government will hold an emergency meeting to look into how victims can quickly receive aid from Equatorial Guinea before international aid arrives.

Investigations into the blast have begun, he said in a Tuesday statement. The president initially the explosion was due to the "negligent hand-

ing of dynamite" in the military barracks and the impact damaged almost all the homes and buildings in Bata. The vice president, who is also charged with defence and security, Teodoro Obiang Nguema Mangué, said that investigations so far showed the fire may have begun when a farmer set fire to his plot to prepare it for food production and a breeze spread the flames to the nearby barracks where the high-caliber ammunition was stored.

Thai PM sprays scribes
with disinfectant

Bangkok, March 9: Politicians are often accused of sanitizing the news. On Tuesday, Thailand's prime minister sanitized members of the press. After fielding a slew of questions from journalists at his weekly news conference in Bangkok, the famously mercurial Prayuth Chan-ocha sprayed back — with disinfectant.

Riled by a final question about a possible Cabinet

Prayuth Chan-ocha

reshuffle, he told reporters to mind their own business, then grabbed a container of alcohol mist and doused the front row before sauntering off.

The quick-tempered former army command-

er, who overthrew the elected government in a 2014 coup, is known for his unpredictable behaviour.

In the past, he's spoken to a media scrum while fondling the ear of one of the reporters and flung a banana peel at camera operators. After an event in 2018 he declined to speak to the media, and instead set up a life-size cutout of himself. "Ask this guy," he said and walked away.

E-invoice must
for biz with over
₹50 cr turnover

The Centre has made it mandatory for businesses with over Rs 50 crore turnover to generate e-invoices for B2B transactions from April 1. Under GST law, e-invoicing for B2B transactions has been made mandatory for companies with turnover of over Rs 500 crore and Rs 100 crore from October 1, 2020, and January 1, 2021. E-invoicing will be extended to companies with turnover over Rs 50 crore from April 1, the CBIC said.

GST fraud of over
₹20,100 cr found
in Nov.-Jan.: FM

The government has detected GST fraud of Rs 20,124 crore between November 9, 2020 and January 31, 2021, finance minister Nirmala Sitharaman said. A special drive against unscrupulous entities for availing and passing on input tax credit (ITC) fraudulently on the strength of fake/bogus invoices is being carried out, she said in a written reply to the Rajya Sabha. She said 2,692 cases were booked by the officers.

Anugrah Stock
fined ₹90 lakh
for fund abuse

The Sebi slapped a fine of Rs 90 lakh on Anugrah Stock and Broking Pvt Ltd for violations of norms. The order follows a joint investigation carried out by Sebi, BSE, NSE and CDSL between April 2017 and Sept. 2018. "It is established that the noticee failed to segregate client's funds inter-se and/or between clients' funds and its own funds, misutilised the funds of clients, pledged the securities of clients... Sebi said.

Nd for setting
up plastic parks
in two states

The Centre has given 'in-principle' approval for establishing two new plastic parks in Karnataka and Uttar Pradesh, chemicals and fertilisers minister D.V. Sadananda Gowda said in Parliament. Gowda, in his written reply to the Lok Sabha, said the Centre had received requests from seven states—Gujarat, Andhra Pradesh, Karnataka, UP, Bihar, Himachal Pradesh and Goa—for setting up new plastic parks.

■ Firms keen on hiring apprentices
Worst-hit sectors
back in job mktSANGEETHA G
CHENNAI, MARCH 9

Some of the worst pandemic-hit sectors have re-entered the job market this year, but with a tight fist. Travel & hospitality and beauty & wellness, which were battered by the lockdowns and subsequent travel restrictions, are back in the job market with intentions to hire apprentices.

With companies focusing on cost optimisation, large-scale apprenticeship has become the new trend in the post-pandemic job market. Out of the 18 sectors reviewed by Teamlease Services for its Apprenticeship Outlook Report for January to June 2021, more than 16 were keen on hiring apprentices. This is because apprentices are paid stipends, and not wages as in case of regular employees, and usually stipends are far less than regular wages.

While manufacturing, automobiles and ancillaries and retail are the leaders in hiring apprentices, more services sectors are now taking baby steps in the job market.

The hiring intents of travel & hospitality and beauty & wellness were at -10 per cent and -5 per cent, respectively, in the previous half-year between July and December 2020. They have now made a remarkable turnaround with a growth of 34 per cent and 31 per cent, respectively.

"What is very interesting to note is the current pro-

jections, which not only indicates an overall increase in hiring, but the fact that sectors like travel and hospitality as well as beauty and wellness which were adversely hit by the pandemic, are now showing aggressive turnaround in their apprenticeship hiring sentiments," said Sumit Kumar, vice president-NETAP, TeamLease Skill University.

However, the hospitality industry is not in full agreement with the survey, dismissing it as a city-specific trend. "It is not a general trend. The hospitality sector is far from a significant recovery and that will happen when international travel and MICE (meetings, incentives, conferences and exhibitions) segments pick up. But companies in places which have reported lesser pandemic cases and increased flow of domestic travellers could be hiring apprentices. With limited revenue and high operational cost, hospitality companies are looking at ways for cost optimisation by avoiding tradition-

al HR practices and going for apprentices," said Jaison Chacko, secretary general of the Federation of Hotels and Restaurants Association of India.

According to the Teamlease report, around 41 per cent of the employers are keen on hiring apprenticeships in the January-June period, 8 per cent higher compared to the previous half year. There is buoyancy towards the concept of apprenticeship and more than 58 per cent of the companies reviewed were keen on increasing their apprenticeship hiring.

More employers are realising the merit of the apprenticeship model to build a robust pipeline of employable talent, it said.

"In fact, from 2018, to now, we have seen a 2.5 per cent annual growth in employers, who are willing to increase their apprentice intake. This positive momentum has happened despite the dip in the labour market during the Covid-19 lockdown," said Kumar.

MUTUAL FUND AUM
HITS ₹32.3 L CR
DESPITE ₹10K CR
EQUITY OUTFLOWRAVI RANJAN PRASAD
MUMBAI, MARCH 9

The asset under management (AUM) of the mutual fund industry touched a new all-time high of over Rs 32.29 lakh crore in February on continued bull run in the equity market post-budget and the return of investors to hybrid funds and ETFs amid divergent trends.

Data released by the Association of Mutual Funds in India (Amfi) shows despite higher outflow of Rs 10,468 crore (Rs 9,253 crore in January) from pure equity funds for the eighth month in a row and debt fund inflow of a mere Rs 1,734 crore, mark-to-market gains in equity-oriented funds and inflows from systematic investment plans (SIPs) helped the average AUM for February to rise to Rs 32.29 lakh crore.

Hybrid funds and exchange traded funds, including gold ETFs, saw inflows worth Rs 4,702 crore and Rs 3,898 crore, respectively.

N. S. Venkatesh, chief executive, Amfi said: "SIP AUMs as also retail equity folios, are at an all-time high at Rs 4.21 lakh crore and 8.07 crore, respectively, reflective of continued disciplined approach adopted by the retail mutual fund investors."

However, the monthly SIP contribution for February 2021 has come down by Rs 495 crore (to Rs 7,528.14 crore) owing to less number of working days in February and the shortfall would get accumulated and reflected in March 2021 monthly data, the Amfi chief executive said.

Life insurers report
strong growth in Feb.FALAKNAAZ SYED
MUMBAI, MARCH 9

A recovery in the demand for unit-linked insurance plans (ULIPs), led by a rally in the capital markets, and a strong demand for non-participating savings product helped private life insurance companies clock strong 23 per cent year-on-year (YoY) growth in individual new sales in February 2021, higher than 7 per cent YoY growth in January.

The industry posted a 17.8 per cent YoY growth and LIC grew at 9.4 per cent YoY in February compared to a decline of 45 per cent in the public sector behemoth's business in January 2021. For April 2020 till February 2021, private players' individual new business fell 1.6 per cent YoY to Rs 3.72 lakh crore. The same for the industry fell 7.5 per cent to Rs 6.34 lakh crore.

Private players market share on individual weighted received premium (WRP) basis (an

international formula that takes into account 10 per cent of single premium but gives 100 per cent weightage to regular premium) improved 270 basis points month-on-month to 64 per cent in February 21 versus 62 per cent in January 2021.

LIC's market share stood at 40 per cent in FY21 YTD. During FY21 YTD, SBI Life (14 per cent) remained the largest private insurer in terms of Individual WRP, followed by HDFC Life (9.5 per cent), and ICICI Prudential Life at 7.2 per cent.

Among listed players, SBI Life Insurance posted a strong rebound of 53

per cent YoY growth in February after showing muted trends for many months.

ICICI Prudential Life too posted a growth of 6.3 per cent after reporting a consecutive decline for the past 13 months. The resilient performance continued at Max Life up at 32 per cent YoY. However, the growth momentum in HDFC Life slowed, up 16 per cent YoY versus 24 per cent in January 2021.

"We expect premium growth to rebound over FY22 after seeing tepid trends, with ULIPs showing a revival. Players continue to focus strongly on non-participating traditional plans and protection segment," said Motilal Oswal Institutional Equities in a report.

Mid-sized players reported strong growth, with Bajaj Allianz/Kotak Life reporting a growth of 43 per cent/29 per cent. Birla Sun Life grew around 13 per cent.

Foreign investment
is good for womenSANGEETHA G
CHENNAI, MARCH 9

Foreign investment is good not just for the economy but for women as well. Foreign direct investment (FDI) and the operations of multi-national enterprises (MNEs) tend to have a positive influence on the economic well being of women.

According to a UN study involving India and Bangladesh, increased FDI and operations of MNEs are associated with higher employment of women and positive social improvements in India.

MNEs influence gender equality in host countries directly through employment practices and indirectly through spillovers in local labour markets. On an average across developing countries, foreign affiliates employ about 5 percentage points more female administrative workers than local firms, finds a report of the United Nations Conference on Trade and Development (UNCTAD).

In South Asia, multi-national enterprises have higher shares of female ownership, female managers and female workforce composition, especially for the production workforce, than local enterprises, basically because of lagged domestic policies toward women.

In South Asia, an area of the world with poor policies and practices regarding women, it appears that an expansion of foreign investment may help with female empowerment, says the Unctad.

The Geneva-based body studied the situation in

Bangladesh and India to understand this phenomenon. In the Bangladeshi textile and garment industry, firms with FDI hire significantly more female administrative workers and production workers than domestic firms. This is true even after controlling for firm size, location and industry type. The same holds in India, where FDI improves gender outcomes in terms of employment. This result is confirmed from both the household- and firm-level panel data.

In India, increased FDI is associated with higher employment of women, particularly unskilled women. In addition to the positive impacts of foreign investment on female employment, research has shown important positive social improvements for women in terms of reductions in crime and delayed marriage and childbearing with the expansion of foreign investment.

Increased FDI decreases the probability that a woman is married or has children at age 20. This supports the argument that FDI can impact not only female employment but also women's family life decisions.

The report also looked at India's foreign investment liberalisation in the 1990s to explore the role global integration plays in enhancing female empowerment. Areas of the country with a stronger foreign presence reported declining number of rapes, showcasing a positive social spillover from multinational enterprises.

Meanwhile, a Moody's report said closing gender gaps widened by the pandemic could help boost the recovery of emerging economies and improve their credit ratings.

Major emerging economies have increased measures to help women, who have been disproportionately hit by the pandemic as lockdowns forced many to leave their jobs to take care of their children. Help includes direct cash transfers, training and credit lines for female business owners, Moody's Investors Service.

Implementing similar measures coupled with more structural changes to secure women's access to education and employment could bring sustainable recovery with improvements in productivity and consumption in developing nations, it said.

6,000 compliance norms
identified for pruning

New Delhi, March 9: As many as 6,000 compliance norms have been identified so far at state and central level and the work is going on to reduce these barriers to further promote ease of doing business for the industry, a top official said on Tuesday.

Secretary in the Department for Promotion of Industry and Internal Trade (DPIIT) G. Prasad Mohapatra said that a systematic exercise across Centre and states is being undertaken to eliminate or reduce compliances, which have an adverse impact on time and cost of businesses.

The exercise is expected to launch with 14 states.

The single-window system portal will integrate the existing clearance systems of various central and state departments.

When asked whether the government is clearing pending FDI proposals from countries which are sharing land border with India, he said the government has not banned or prohibited investments from those nations. — PTI

tion of regulations; identify and repeal archaic laws and rules; and intensive use of new-age digital technologies.

Mohapatra said that as per data, maximum compliance burdens are in five ministries—commerce and industry; finance; health; corporate affairs; and mines. Of the 6,000 burdens, 1,500-2,000 are at the central level and the remaining at state level.

He also said that to promote investments, the government is working on creation of single-window system for approvals and clearances.

By April 15 this year, the system is expected for launch with 14 states.

The single-window system portal will integrate the existing clearance systems of various central and state departments.

When asked whether the government is clearing pending FDI proposals from countries which are sharing land border with India, he said the government has not banned or prohibited investments from those nations. — PTI

AIR INDIA
EMPLOYEES BID
DISQUALIFIEDRAGINI SAXENA
MARCH 9

A group of Air India employees has been ruled out of a bidding process to take control of the loss-making national carrier, as the government moves ahead with its years-long attempt to offload the airline.

"I write to you with a heavy heart on the outcome of our bid to acquire Air India," the airline's commercial director Meenakshi Malik wrote in a letter to employees dated March 8. "We have been unsuccessful in qualifying to the next phase of the 'Disinvestment Acquisition process'."

Citing a letter from EY (earlier Ernst & Young), which is advising the government on the sale, Malik said the group didn't meet eligibility requirements.

They include submitting three years of audited financial statements for foreign consortium members and being an appropriately regulated foreign investment fund. The group of employees partnered with a Seychelles-based fund for the bid.

Tata Sons Ltd, the holding company of the conglomerate that owns an 84 per cent stake in AirAsia India, is among the remaining bidders.

SpiceJet Ltd promoter Ajay Singh and two other investors have also shown an interest in acquiring Air India, a media report said last month. Singh is seeking a 100 per cent stake with support from investors, including a foreign fund, according to the report.

Debt-ridden Air India has been up for sale since 2017. The government extended a bid deadline last year.

JUNKING | JUST-IN-TIME Suppliers require to stockpile chips for two-six months

How Toyota thrives when chips are down

NORIHIKO SHIROUZI
MARCH 9

Toyota may have pioneered the just-in-time manufacturing strategy but when it comes to chips, its decision to stockpile what have become key components in cars goes back a decade to the Fukushima disaster.

After the catastrophe severed Toyota's supply chains on March 11, 2011, the world's biggest automaker realised the lead-time for semiconductors was way too long to cope with devastating shocks such as natural disasters.

That's why Toyota came up with a business continuity plan (BCP) that required suppliers to stockpile anywhere from

two to six months' worth of chips for the Japanese carmaker, depending on the time it takes from order to delivery, four sources said.

And that's why Toyota has so far been largely unscathed by a global shortage of semiconductors following a surge in demand for electrical goods under coronavirus lockdowns that has forced many rival automakers to suspend production, the sources said.

"Toyota was, as far as we can tell, the only automaker properly equipped to deal with chip shortages," said a person familiar with Harman International, which specialises in car audio systems, displays and driver assistance technology.

Two of the sources who spoke to Reuters are Toyota engineers and the others are at companies involved in the chip business.

Toyota surprised rivals and investors last month when it said its output would not be disrupted significantly by chip shortages even as Volkswagen, General Motors, Ford, Honda and Stellantis, among others, have been forced to slow or

suspend some production.

Toyota, meanwhile, has raised its vehicle output for the fiscal year ending this month and jacked up its full-year earnings forecast by 54 per cent.

The source familiar with Harman said the company, part of South Korea's Samsung Electronics, was experiencing shortages of central processing units (CPUs) and power management integrated circuits as early as November last year.

While Harman doesn't make chips, because of its continuity deal with Toyota, it was obliged to prioritise the carmaker and ensure it had enough semiconductors to maintain supplies of its digital systems for four months,

or more, the source said.

The chips in especially short supply now are microcontroller units (MCUs) which control an array of functions such as braking, acceleration, steering, ignition, combustion, tire pressure gauges and rain sensors, the sources told Reuters.

However, Toyota changed the way it buys MCUs and other microchips after the 2011 earthquake, which caused a tsunami that killed more than 22,000 people.

In the aftermath of the quake, Toyota estimated its procurement of more than 1,200 parts and materials might be affected and it drew up a list of 500 priority items that would need secure supply in the future.

SHORT TAKES

Sharath downs world No. 16

Doha: Indian paddler Achanta Sharath Kamal stunned world number 16 Patrick Franziska to progress to the men's singles pre-quarterfinals of the World Table Tennis Star Contender series here on Tuesday. Sharath Kamal, ranked 32, beat his higher-ranked rival from Germany 12-10, 3-11, 11-7, 7-11, 11-9 in the second round match. He will now face the winner of the match between Egypt's Ahmed Saleh and German Dimitrij Ovtcharov in the pre-quarters on Wednesday. However, G. Sathiyam and Manika Batra bowed out after suffering defeats in their respective singles second round matches. While world number 63 Batra lost 7-11, 6-11, 7-11 to Japan's Mima Ito, who is ranked third in the world, Sathiyam was beaten by Japanese sensation and world No.5 Tomokazu Harimoto 4-11, 5-11, 8-11.

Delhi to bid for 2048 Olympics

New Delhi: The Delhi government aims to host the 2048 Olympic Games and it will create whatever infrastructure and facilities required for it, Delhi Chief Minister Arvind Kejriwal said on Tuesday. Delhi hosted the first Asian Games in 1951, and the ninth edition in 1982. "Delhi will bid for the 2048 Olympic Games. We will create whatever infrastructure and other facilities are required for it," Kejriwal said during a post-budget press conference. Presenting the budget earlier in the day, Deputy Chief Minister Sisodia said, "There is another big dream related to sports which I am placing before this house... It is a dream to organise the Olympic Games in Delhi. "The 32nd Olympic Games are to be held in Tokyo. The next three host cities have also been decided. Our government aims to bring the sports facilities and the atmosphere towards sports competitions to such a level through the new Sports University that we can apply to host the 39th Olympic sports competitions for 2048," he further said. — PTI

WEIGHT & WATCH

Stokes reveals players had sudden weight loss during last Test

Ahmedabad, March 9: Ben Stokes has revealed that he and his teammates endured sudden weight loss during the fourth and final Test against India here after a stomach illness hit the tourists before the match. England lost the Test series 1-3 after going down in the final match by an innings and 25 runs last week.

"Players are totally committed to England and I think that was emphasised last week when a few of us went down with illness that made operating in 41 degree heat particularly taxing," Stokes told UK's *Daily Mirror*. "I lost 5kg in a week, Dom Sibley 4kg and Anderson 3kg among others. Jack Leach was ducking off the field in between bowling spells and spending more time than is ideal in the toilet."

Rishabh Pant and Washington Sundar scored 101 and 96 respectively to guide India to 365 in their first innings. The hosts then returned to dismiss England for 135 to win the match.

"This is in no way an excuse, because everyone was ready to play, and India and Rishabh especially produced a terrific performance, but I take off my hat to the effort that was put in by players who gave everything they had to try and win for England," Stokes said.

England drew a lot of flak from former players following their performance but Stokes said it is important to shut that out to focus on improving the game. "Pundits have a job to do and that's fine. But their responsibility isn't to make us better players and a better team. That is our job and that is what we have to focus on," said Stokes. — PTI

ASHWIN WINS PLAYER OF THE MONTH AWARD

Dubai, March 9: India's premier off-spinner Ravichandran Ashwin was on Tuesday named the ICC men's Player of the Month (February) for his stellar show against England in a four-match Test series at home which his side won to qualify for the World Test Championship final.

England's Tammy Beaumont was adjudged the women's Player of the Month. In the three Tests he played, Ashwin scored a 106 in the second innings of India's second Test victory over England at Chennai and took his 400th Test wicket in the third Test victory at Ahmedabad.

Besides the century, Ashwin scalped a staggering 24 wickets against England in February to help India pocket the four-match Test series 3-1 and help his team secure its spot in the WTC final against New Zealand at the iconic Lord's in June. Scoring a total of 176 runs across these games and taking 24 wickets, Ashwin was the unanimous choice to win in the men's category for February and garnered the most votes in the fan vote, the ICC said.

England Test captain Joe Root and West Indies Test debutant Kyle Mayers, who scored a 210 to help his team successfully chase 395 and win the first Test against Bangladesh, were nominated alongside Ravichandran Ashwin for the honour. — PTI

Azhar flicks, says HCA mess is old

DC CORRESPONDENT
HYDERABAD, MARCH 9

A day after being criticised for Hyderabad being ignored as a venue for the upcoming IPL, Hyderabad Cricket Association president Mohammad Azharuddin hit back at former secretary and BCCI interim president N. Shivlal Yadav saying his team is in the current situation because of the mismanagement of previous regimes.

Azhar was all aggression as he addressed the press flanked by Apex Council members at the Gymkhana ground on Tuesday. "I just cannot drag the IPL to Hyderabad," he burst out.

"I went all the way to Ahmedabad and spoke to the BCCI secretary, who said he would do his best but with Chennai and Bangalore already in, the BCCI was not in favour of a third venue in south India. It was tough but I tried my best. I tried to phone the Governing Council members also but they didn't answer my calls. However, I am still at it. If something were to go wrong at any of the venues, Hyderabad should be part of the back-up plan," he explained.

"Today, past officials are making a hue and cry about IPL not being played in Hyderabad, I would like to ask them why did they not have a match in the City during the 2011 World Cup?" he countered.

Taking a dig at past bodies, Azhar said: "The HCA was burdened when we took over. There were tax and PF issues with appeals and showcase notices pending. We somehow settled everything by paying heavy fines."

Then, "institutional clubs have been privatised, leading to court cases that have stalled a round of the league matches. How could Union Bank of India become Kun? Similarly, district teams are being

HCA president Mohammad Azharuddin addresses the press on Tuesday.

controlled by individuals," he continued.

"So much muck has gathered in the HCA over the years. If this goes on I may have to write to the Board and the Government and ask them to initiate inquiries with different agencies into the wrongdoings of the past that are having a cascading effect," he said.

However, Azhar conceded HCA league standard needed improvement. "I saw a batsman who said he scored a double century and two tons but he couldn't even connect a single ball at the nets," he revealed. For the record, all the teams play in the A-1, 2, 3 divisions.

Asked about the team selection controversy for the Vijay Hazare Trophy, Azhar said "we will definitely look into it. This has been happening for so many years."

He attributed the delay in conduct of AGM to Covid restrictions. "Now, we will make all pending appointments such as the selection committee, cricket advisory committee among others at the AGM this month-end. However, I spoke to a lot of senior players but they want money to be on the panel. Nobody wants to work for free," he said.

As a parting shot, Azhar reassured his team and cricketers that he is hands-on: "I am on the front foot, will always be."

Chelsea blank Everton 2-0 as race for top-four heats up

London, March 9: Chelsea strengthened their hold on fourth place in the Premier League as Kai Havertz inspired a vital 2-0 win over Everton, while West Ham boosted their surprise top four challenge with a 2-0 victory against Leeds on Monday.

Havertz has endured a disappointing first season following his £70 million (\$96 million) move from Bayer Leverkusen last year. But the Germany forward was given a rare start by Chelsea boss Thomas Tuchel and he responded by playing the key role in both goals at Stamford Bridge.

Havertz's shot was deflected into the Everton net for a Ben Godfrey own goal in the first half.

THE RESULTS

Chelsea (Godfrey 31-og, Jorginho 65-pen)	2
Everton	0
West Ham (Lingard 21-pen, Dawson 28)	2
Leeds	0

The 21-year-old has not scored in the league since October, but Tuchel entrusted him with an important role as Chelsea's false nine and Havertz's intelligent movement put him in position to earn the second-half penalty that Jorginho converted.

"I'm very happy with his performance, no doubt

about his quality, his talent and also his character," Tuchel said.

"He needs to adapt to the Premier League, he needs to be at a club where you play to win every game, where the highest standards are normal.

"That's a normal process for him to adapt to this mentality," Chelsea newly appointed coach added. Chelsea are unbeaten in 11 games in all competitions — winning eight times — since Tuchel replaced the sacked Frank Lampard in January.

They are two points ahead of fifth placed West Ham, who have a game in hand in a tense race to qualify for next season's Champions League via a top four finish. — AFP

PRITHVI SHOW TAKES MUMBAI TO SEMIFINALS

New Delhi, March 9: Skipper Prithvi Shaw blazed his way to an unbeaten 185 off just 123 balls as Mumbai stormed into the semifinals of the Vijay Hazare Trophy with a crushing nine-wicket win over Saurashtra in the fourth quarterfinal here on Tuesday.

Opting to bat, Saurashtra rode on Samarth Vyas' unbeaten 90 to post 284/5, but it was overshadowed by Shaw's blitzkrieg, as Mumbai chased the target in just 41.5 overs. Shaw smashed his third hundred in the tournament after slamming 105 not out against Delhi and 227 not out against Puducherry in the league stage.

Chasing 285, Shaw went on the offensive from the word go as Mumbai scored 67 for no loss after nine overs.

With Shaw in full flow, Yashasvi Jaiswal (75 off 104 balls) played the perfect second fiddle.

Meanwhile, a disciplined Uttar Pradesh put up a thoroughly professional performance to outwit Delhi by 46 runs in the quarter-final.

UP will now meet Gujarat in the first semifinal while heavyweights Mumbai will be pitted against Karnataka in the other Last four clash.

UP rode on Upendra Yadav's stroke-filled 112 off 101 balls and Karan Sharma's 83 to post a competitive 280/7. — PTI

BRIEF SCORES

■ Saurashtra 284/5 in 50 overs (Samarth Vyas 90 not out, Chirag Jani 53 not out; Shams Mulani 2/51; Tanush Kotian 1/30) lost to Mumbai 285/1 in 41.5 overs (Prithvi Shaw 185 not out, Yashasvi Jaiswal 75; Jaydev Unadkat 1/52) by 9 wickets.

■ Uttar Pradesh 280/7 in 50 overs (Upendra Yadav 112, Karan Sharma 83; Pradeep Sangwan 2/49, Simarjeet Singh 2/51) beat Delhi 234 in 48.1 overs (Lalit Yadav 61, Anuj Rawat 47, Akshdeep Nath 2/29, Shivam Mavi 1/32) by 46 runs.
