MD ILYAS | DC
VIJAYAWADA, SEPT. 26

Minister for municipal administration, Botsa Satyanarayana, came down heavily on Telugu Desam chief, N. Chandrababu Naidu, for trying to create a wedge among people in the name of caste and religion for political gains.

Challenging Naidu to reveal the reason behind opposing Vizag as executive capital, Mr Satyanarayana challenged TD leaders to stop going to the court for stay orders and come clean by accepting investigations into the Amaravati land scam.

Speaking to the media here on Saturday, Mr Satyanarayana said that Mr Naidu has been following the BJP agenda and thus trying to create communal disputes. He claimed that there was no benefit to the state or to the public from Mr Naidu's agitations and suggested that he go for apubic mandate instead. He said that the entire state had witnessed the Chief Minister, Y.S. Jaga Mohan Reddy, visit Tirumala and take part in the religious

activities with fervour and respect.

Mr Naidu has been opposing the development of the north Andhra region and objecting to Visakhapatnam being executive capital, while the Chief Minister is aiming to develop all the three regions equally, Mr Satyanarayana said and added that Mr Naidu tried to give away the most expensive lands to the Lulu and Adani groups.

The development of Visakhapatnam took place during the period of Dr. Y.S. Rajasekhar Reddy. Mr Satyanarayana said, criticising the TD leaders for spreading false propaganda on investments coming to Visakhapatnam.

He said that Mr Jagan Mohan Reddy is committed to public welfare and people are not going to fall for the cheap tricks of Mr Naidu and the TD.

Power switched off to evade inspection

From page 1

Tampering with the motherboard and display board is done in such a way that once the power is switched off, the electronic circuit boards go back to factory settings once they are switched on.

The authorities had observed in some cases that whenever the officials went for inspection, those running the fuel stations used to switch off power to evade inspection and when officials insisted on inspection, they switched on the power, resulting in the tampered equipment going back to factory settings, showing no sign of any fraudulent practice.

Legal metrology authorities are holding talks virtually with the manufacturers of fuel dispensing machines asking them to periodically upgrade the

technology being used in their machines to make them tamper-proof while the top brass from oil companies are also being asked to keep check on the credentials of employees working with them.

They also advise consumers to be more vigilant while filling up the tanks of their vehicles to find out any fraudulent practice and are to check fuel in five litre measures to find any short delivery.

Legal metrology controller, Dr M. Kantha Rao, said, "We have initially targeted 300 fuel dispensing machines most vulnerable for tampering and, so far, have completed nearly 150 inspections. The rest will be inspected by the end of September. We will ensure that all machines are tamper-proof soon so no consumer gets duped with short delivery of fuel."

Telugu Desam senior leader and former minister Ch. Ayyanna Patrudu on Saturday launched a scathing attack on the YSRC government for 'disregarding' the development and welfare of the people of North Andhra region.

He accused the Jagan regime of attempting to take away the properties of Andhra University, which he said, stood as a symbol of pride of the local people for many decades.

Mr Ayyanna Patrudu alleged that the deployment of three-tier security at the CR Reddy Bhavan on the AU campus was part of the greater conspiracy on the part of the government to take over the administrative building of the university with total disregard for the future development of the campus.

"Ever since he came to power, Chief Minister Jagan Mohan Reddy has been pursuing a single point agenda to destroy the port city and North Andhra region. Counselling for medical admission: Onus on state govt

SAMPAT G. SAMRITAN | DC
VIJAYAWADA, SEPT. 26

Although the national agency has released the answer key for NEET UG-2020, admission for first year MBBS and BDS courses may be delayed by NTR University of Health Sciences as it awaits two orders from the state government pertaining to the process for admission counselling and for fixing the fee in Andhra Pradesh.

Based on High Court's directions to the state government to constitute a high-level commit-

tee to work out modalities for conduct of counselling in various government and private colleges, the state government constituted a six-member committee with NTRUHS registrar Dr K. Sankar as its convener.

The committee submitted its report to the health special chief secretary Dr K.S. Jawahar Reddy, recommending a series of measures, including amendment of certain provisions in GO No 111. It is after higher education department's clarification that a new GO would be issued with regard to modali-

ties for conduct of foolproof counselling.

Similarly, the AP Higher Education and Regulatory and Monitoring Commission is also supposed to fix fee for the first year MBBS and BDS courses for the academic year 2020-21 and the state government after approving the recommendations, has to issue an order.

University authorities say that unless the state government fixes the process for conduct of counselling for admission and also fee structure by issuing government orders,

they cannot issue a notification.

NTR University of Health Sciences registrar Dr K. Sankar said, "Once we get directions from the state government, we will issue notification for counselling and start first year MBBS and BDS admissions."

At present, AP is having nearly 6,500 first year MBBS seats for admission and the fee structure for convener quota (A) is ₹10,000; ₹13.5 lakh under category B and ₹67.5 lakh under category C or NRI quota. There are nearly 1,740 first year BDS seats

available and the fee structure is ₹10,000 for convener quota (A); ₹3.5 lakh under category B and ₹17.5 lakh for category C or NRI quota.

Meanwhile, the NTA, in its release, mentioned that the NEET (UG)-2020 was held on September 13 and advance answer keys for candidates for all the sets (E1-E6, F1-F6, G1-G6, H1-H6) were being uploaded.

The candidates are expected to be ready for challenges of Draft Answer Keys, which would be published shortly. University authorities main-

tain that once the NTA releases a nationwide merit list, each state would prepare their own merit list and award ranks. However, 15 per cent of seats in the state would be filled up based on the national level merit list while the remaining will be filled by the state merit list.

Sources from the university caution that if there is a delay in issue of two GOs, the admission procedure will be delayed forcing a section of students to move to Telangana, Karnataka or elsewhere seeking admission under categories of B and C.

SPB laid to rest with state honours

CHENNAI, SEPT. 26

Versatile singer, actor and music composer S. P. Balasubrahmanyam, who was a “singing moon” to millions of fans, was laid to rest at his farm house near Chennai on Saturday with a 24-gun salute by Tamil Nadu police.

After the singer's son S.P. Charan performed the last rites amid Vedic chants by priests, the Last Post' was played by a police band and 24 personnel in ceremonial attire gave a gun salute with three volleys.

SPB's body, glasses on and smeared with “Thiruneeru” (sacred ashes) on the forehead and draped in a silk dhoti was lowered into a deep pit and buried as chants of “SPB Pugazh Onguga” (Live long SPB's fame) rent the air.

The singer was buried as per his wishes, said to have been expressed by him to his family years ago, that he should be buried though cremation is the Telugu Brahmin tra-

dition. Flower petals were showered on the body and crystal salt strewn inside the pit before its closure.

With policemen, their rifles tucked under their arms marching along, the body was brought on a traditional hay lined bier to the final resting place on the verdant premises from a “pandal” earmarked for people to pay homage and perform rituals. The farm house at Tamaraiakkam in nearby Tiruvallur district was teeming with his fans, well-wishers and celebrities for the funeral since early morning and 500 police personnel were deployed to regulate the crowd.

Tamil Nadu culture minister K. Pandiarajan, Andhra Pradesh irrigation minister Anil Kumar Yadav, matinee star Vijay, film directors Bharathiraja, Ameer, music composer Devi Sri Prasad, singer Mano, actor Arjun and comedian Mayilsami were among the celebrities who turned up to pay their last respects.

Though police had initially said only about 150

people would be allowed to pay homage, more and more men and women trooped to the singer's idyllic farm house to pay homage.

Before becoming ill, he recorded a zestful opening song for the under-production Rajinikanth starrer Annaatthe, a D Imman musical and it turned out be his last song in his career that spanned over five decades. Imman said: “I feel so blessed that his last song was in my music. Such a cultured and affectionate man, there is no replacement for him. We miss him.”

Bharathiraja said SPB has no death and continued to live through his songs. The 74-year-old singer earned a variety of sobriquets from his fans like “Padum Nila,” (singing moon), “Isai Megam” (music cloud that showered songs), “Gaandha kuralon” (Man of a magnetic voice) for his mellifluous voice.

SPB was admitted to MGM Healthcare here on August 5 after he tested positive for coronavirus.

The health condition of the singer, who presented only mild symptoms during admission deteriorated on August 13 night and he was put on life support and moved to the ICU.

Soon he was on Extracorporeal Membrane Oxygenation (ECMO, a heart, lung assistance machine) as well besides the ventilator.

On August 20, when he remained critical, SPB's long time friend and legendary Tamil filmmaker Bharathiraja gave a call for a mass prayer and it evoked a tremendous response with people from all walks of life including celebrities and the general public coming together to pray for his early recovery.

A video clip of him rotating a device as part of physiotherapy also went viral following his death. Early this month, the hospital had said that his condition warranted an extended stay requiring ECMO and ventilator support. He was declared extremely critical on September 24 and he passed away on Friday.

VIJAYAWADA, SEPT. 26

Candidates from the State appearing for Civil Services (Preliminary) Examinations-2020 are urging Union Public Service Commission, which conducts them, to direct officials from the State to grant them permission for wearing ordinary wristwatches during exams in order to keep track of time.

They are lamenting that although the Commission allows simple wristwatches, and which is followed by other states, in Andhra Pradesh, officials were denying the facility.

Stated for October 4, around 30,199 candidates from the State are writing

the prelims in 68 test centres spread across Visakhapatnam, Tirupati, Anantapur and Vijayawada. Many of the aspirants are recounting the bitter experience they faced after being denied permission to wear normal wrist watches.

Candidates like N. Chandram, S. Venkat and Guntur said that time-management was crucial during Prelims, where a second can alter the prospects of making the grade. They said that wall clocks are available in only a handful of test centres.

UPSC instructions are: “Use of normal or simple wrist watches by candidates is allowed inside the

examination rooms/halls. However, use of watches fitted with any special accessory that might be used as communication device or smart watches is strictly prohibited and candidates are not allowed to take such watches into the examination rooms.”

They stated that some candidates have opted for centres in other states earlier but now because of corona and non-availability of transportation facility, they were compelled to appear in their home state.

They appealed to the government to instruct local examination authorities to allow simple wrist-watches during the exam time.

It appears that almost all leaders in the Telangana state Congress are convinced that the construction of double bedroom houses is the only issue for them to corner the TRS in the elections to the Greater Hyderabad Municipal Corporation. For the past two months, one leader after another has been raising up the issue. First, TPCC president N. Uttam Kumar Reddy dared the TRS to prove that it has given double bedroom houses to at least 1 per cent of the applicants in the GHMC. If the TRS could prove it, he said, the Congress would not contest the elections. There was a padayatra by an MP on the matter amid almost daily statements. Then CLP leader Malu Bhatti Vikramarka accepted the challenge of the ruling party and accompanied minister Talasani Srinivas Yadav to some 2BHK house sites, but left the tour midway and accused the TRS of hoodwinking the people. Talasani then released the list of 2BHK sites where work was apace, as well as the schedule for their completion. The Congress still does not seem satisfied, and is focusing on the matter.

Who is more powerful and fearsome to the YSR Congress in Andhra Pradesh, Lord Venkateswara or Prime Minister Narendra Modi? Ruling party leaders have made it clear that it was Modi. The political atmosphere in the state turned volatile in the recent past as political parties started hurling accusations against each other on religious matters. Following a series of incidents of idols being desecrated, the Opposition accused the government of encouraging vandalism while the ruling party sought to downplay the severity of the incidents. “What is the big deal? We can have a new idol or build a new chariot,” said civil supplies minister Kodali Nani, who has proved to be yet another leader with the foot-in-mouth disease in the YSRC. When the disinclination of Chief Minister Y.S. Jagan Mohan Reddy, a devout Christian, to sign the declaration of faith before entering the Lord Venkateswara temple in Tirumala

turned controversial, Nani demanded that the system of declaration be dispensed with. All through, not a single attempt was made by the party leadership to rein in Nani. But when the minister dragged Modi into the controversy and asked the PM to perform *pooja* in Ayodhya afresh along with his wife, party leader and government adviser Sajjala Ramakrishna Reddy hurried to disown Nani's comments which he declared as unwarranted.

But this is where Plan B took over; South stopped for a moment, took stock and checked his resources. A recount of his tricks showed he now had 11 winners. With the ♥ King with West and the long Diamonds with East, there was no need to finesse Clubs again; Declarer simply cashed his red winners and the last trump. With two cards left, West was clutching the ♥ King and East the last Diamond. No one could therefore hold more than one Club, so a Club to the Ace guaranteed success.

CONG LAUNCHES ‘SPEAK UP FOR FARMERS’ DRIVE

DC CORRESPONDENT
NEW DELHI SEPT. 26

After the farm Bills were passed in the recently concluded monsoon session of Parliament, the Congress plans to mobilise public support against these Bills. The party has already written to the President not to give assent to these Bills.

The Congress on Saturday launched a ‘Speak up for farmers’ campaign on social media protesting the farm Bills, with Rahul Gandhi urging people to raise their voice against what he described was the Narendra Modi government’s ‘exploitation’ of farmers.”

“Let us raise our voices together against the atrocities and exploitation of farmers by the Modi government,” Gandhi said in a tweet in Hindi.

“Join the Speak Up For Farmers campaign through your video,” he said, tagging a video in which the party called for the withdrawal of the Bills.

The Congress has already launched its nearly two-month-long “mass movement” against the government for passing “anti-farmer and anti-poor” Bills during the monsoon session of Parliament. The party will also collect two crore signatures from protesting farmers against the proposed laws.

NCB GRILLS DEEPIKA, SARA AND SHRADDHA

SAURABH JOSHI | DC
MUMBAI, SEPT. 26

The NCB grilled actor Deepika Padukone for around five hours on Saturday in connection with the drugs angle involving Sushant Singh Rajput suicide probe. The agency also interrogated actors Shraddha Kapoor and Sara Ali Khan who were summoned at the NCB’s zonal office in Ballard Pier. The officials have also placed Kshitij Ravi Prasad, former employee of Dharma Productions, under arrest after the officials found marijuana from his Versova residence.

Deepika arrived at the guest-house located at Colaba’s Radio Club area at around 9.50am and was allowed to leave around 3.50pm. The officials stated that while she accepted the chats on narcotics, many of her answers were unsatisfactory. The investigators stated that she may be summoned again for questioning if need be.

The investigators will now dig deeper into the details shared by Deepika, whose chats with her manager Karishma Prakash asking for hash were found by the investigators.

Karishma was also present for questioning and after they were interrogated individually, the officials also grilled them jointly on certain crucial questions.

Separate teams simultaneously questioned Sara and Shraddha at the zonal office after the duo reached there at 1 pm and noon respectively. The officials said Sara was allowed to leave at around 5.30 pm and Shraddha followed around 5.55 pm.

While the agency came across chats of Sharadha asking for CBD oil (which is prescribed drug), whereas, eye-witness reports had claimed Sara having visited Rajput’s farmhouse at Lonavala where liquor and alleged drug parties took place.

The officials arrested Kshitij formerly associated with Karan Johar’s Dharma Productions after the NCB allegedly recovered marijuana from his Versova residence.

FSSAI mulls mandatory fortification of edible oil with vitamins A and D

New Delhi, Sept. 26: Food regulator FSSAI is considering making it mandatory for edible oil manufacturers to fortify cooking oil with vitamins A and D, which help in boosting immunity.

“FSSAI is considering to make it mandatory to fortify edible oil with vitamins A and D so that people of India can enjoy better immunity with good health,” FSSAI CEO Arun Singhal said.

He was addressing a national webinar on edible oil fortification, organised

by the Food Fortification Resource Centre under the Food Safety and Standards Authority of India (FSSAI) in association with Global Alliance for Improved Nutrition, a statement said on Saturday. Fortification of edible oil will ensure that people belonging to different socio-economic strata have easy access to forti-

fied edible oil across the country, Singhal said.

“India has a very high burden of malnutrition, including micronutrient deficiencies. A huge population in our country suffer from deficiency of vitamins A and D. Lack of these vitamins in our body can have adverse impact on morbidity, mortality, productivity and economic growth,” the statement said.

Vitamins A and D strengthen the immune system, which is critical in times of Covid-19 pandemic, it added. To facilitate the

industry, Singhal said FFRC will also provide the necessary technical support required to enable fortification of edible oil.

At present, 69 per cent (7.94 million tonnes/ annum edible oil) of packaged edible oil sold across pan-India is fortified, the statement said.

Citing the example of Rajasthan, where fortification of edible oil is being done since 2011, Vij said there is a substantial reduction in vitamin A deficiency among children (10-19 years) in the state. — PTI

China asks ISI to up violence in Valley

NIA detains another terror suspect

With three top security officials — chiefs of Army, Border Security Force and Central Reserve Police Force — visiting Jammu and Kashmir in the last 10 days, security grid in the newly created Union Territory is on maximum alert amid specific Intelligence reports that China had asked Pakistan ISI to further intensify violence in the Valley.

Intelligence agencies have already given specific inputs to the BSF, the CRPF and the Army as to how China wants Pakistan-based ISI to foment further trouble in the Valley to shift focus from the ongoing standoff in the Ladakh sector.

Army chief M.M. Naravane, BSF DG Rakesh Asthana and CRPF chief A.P. Maheshwari during their visit to J&K in the last few days held exhaustive security review sessions to further strengthen the anti-infiltration grid along the International Border and the Line of Control.

Intelligence reports also point towards a possibility that major attempts could be made by terror launch pads close to the border to push in both militants and large-scale weapons before the onset of winters in the Valley.

Sources in the security establishment claim that following the increased deployment and vigilance along the Indo-Pak border, terror organisations have not been very successful so far.

Officials claimed there was a clear nexus between the Pak backed terrorists and Chinese security forces evident after the

A week after arresting nine alleged Al Qaeda members, the National Investigation Agency (NIA) has detained one of their aides for his questioning, again from Murshidabad.

The suspect, Shamim Ansari (25), was picked by the NIA with the help of the Border Security Force (BSF) jawans during a raid at his home at Nawdapara village in Jalangi late on Friday night.

He is a close associate of Al Mamun Kamal, one of the nine arrested last week.

NIA sources claimed that Kamal’s confession of Shamim’s links with him led to the raid and detention.

A villager of Nawdapara Shahajahan Mondal said that Shamim was close to Kamal and he was very religious like the latter. Both often used to collect money from the

villagers, he added.

The NIA has learnt Shamim had also helped Kamal set up his Madrasa privately in the village with a plan to radicalize young minds.

It is now grilling Shamim for his association with Kamal. Shamim earlier worked in Kerala as a mason’s helper. He, however, returned home last year and started working as a labourer in a local jute storage, said his mother Magtera Bewa.

“A team of BSF jawans and cops in plain clothes whisked away my son from our home in just ten minutes. They did not tell us anything when I asked them why they were forcibly taking away my son,” she said.

The team also seized several booklets from Shamim’s room but did not reveal what they were about, said his wife Chandrata Bibi.

recovery of some Chinese made weapons in the Valley like Norinco/EMEI Type 97 NSR rifle and Norinco QBZ 95 rifle. These weapons are often used by the Pakistani security forces which clearly reveals a direct link between Chinese forces and Pak based subversive groups.

“All possible arrange-

ments have been made both along the border and within the Valley during the visit of these three senior officials. We are confident that a foolproof security environment will continue in J&K in the coming months and we will deal successfully with this Pakistan-China nexus,” a senior security official added.

MILITANT AIDE LINKED TO LeT ARRESTED

Srinagar, Sept. 26: Security forces nabbed a militant associate linked to Lashkar-e-Toiba (LeT) in Jammu and Kashmir’s Kupwara district and recovered arms and ammunition from his possession on Saturday.

Based on a specific input, a cordon and search operation was launched by the security forces in the orchards of village Mandigam Kralgund in the north Kashmir district’s Handwara, a police spokesperson said.

During the searches, a militant associate identified as Akeel Ahmad Parray, a resident of Mandigam Kralgund, was arrested, he said.

Incriminating materials, including arms and ammunition, were recovered from his possession, he added.

Preliminary investigation revealed that Parray is an active militant associate linked to proscribed terror outfit LeT, the spokesperson said.

A case has been registered and investigation has been initiated, he said.

PM: India wants to be part of decision making at UN

DC CORRESPONDENT
NEW DELHI, SEPT. 26

Prime Minister Narendra Modi on Saturday called for urgent reforms in the United Nations saying the world and its dynamics has changed today completely as compared to 1945.

Speaking at the United Nations General Assembly (UNGA), through virtual mode, the PM said that India wants to be part of the decision making team on the high table of UN and there is a rising concern if the reform-process of UN will ever reach its logical conclusion.

“Reform in the responses, in the processes, in the character of the United Nations is the need of the hour. It is a fact that the faith and respect that the United Nations enjoys in India are unparalleled. But it is also true that the people of India have been waiting for a long time for the completion of the reforms of the United Nations. Today, people of India are concerned whether this reform-process will ever reach its logical conclusion. For how long will India be kept out of the decision-making structures of the United Nations?” PM said. He added that India has

worked its way up to be self reliant and an active member of the UN.

“In the changed circumstances of the post-pandemic era, we are moving forward with the vision of a self-reliant India. A self-reliant India will also be a force multiplier for the global economy...When we were strong, we did not trouble the world; when we were weak, we did not become a burden on the world. How long would a country have to wait particularly when the changes happening in that country affect a large part of the world,” the PM said.

Mr Modi said that the international community today is faced with a question whether the character of the UN, constituted in the prevailing circumstances of 1945, is relevant even today?

“If we assess the last 75 years of the United

Nations, we see several achievements. But at the same time, there are also several instances that point to a serious need for introspection for the United Nations. One could say that we have successfully avoided a third world war, but we cannot deny that there have been several wars and many civil wars. Several terrorist attacks shook the world and there have been bloodsheds... Were the efforts of the United Nations sufficient during those times or are these efforts adequate even today? The whole world is fighting the global pandemic of Corona for the last 8-9 months. Where is the United Nations in this joint fight against the pandemic? Where is its effective response,” the PM said.

Mr Modi underlined that India has always thought about the interests of the whole humankind and glimpses of this philosophy can be seen in its Neighbourhood First Policy, Act East Policy and in India’s approach towards the Indo Pacific region.

Talking about the pandemic, he said that India’s vaccine production and delivery capacity will be used to help humanity in fighting the crisis.

Off the beaten track

No country for young women

Predictably, with the farmers' protests gaining momentum and the parliamentary process in shambles, new names have emerged in the so-called Bollywood drug mafia investigation, and some anchors who had jumped the gun now get to shrilly gloat on national TV.

Equally predictably, the named are young women. Some, conveniently, happen to be middlingly successful 'nepo kids'. One, a self-made superstar, made a five-minute non-speaking cameo appearance at a den of anti-national urban naxals, aka one of the finest universities in India.

The only male public figure named so far is SSR, making one wonder if "Justice For Sushant" means tarnishing his memory and legacy. India hates its young women.

In a country which 'worships' women as goddesses, it is the young girl who invites rape by wearing jeans and eating chowmein, the young woman who invites a (dis)honour killing by daring to love a man of her choice, the young wife who invites domestic violence by not worshipping sufficiently abjectly at the altar of her husband and in-laws.

In a city named after Mumba Devi, a single woman who enters into a romantic relationship is called anything from a whore to a home-wrecker, whilst a man is the innocent victim of her wiles, even when he is married and knowingly cheats. The actor wife is blamed when a cricketer has a bad match. Women who dare to express contrarian opinions are subjected to disgusting trolling and rape threats.

A young woman who facilitated the procurement of a negligible amount of weed for her boyfriend is denied bail and continues in jail in horrific conditions on the flimsiest of charges, whilst a middle-aged man-child who has admitted to taking pretty much every drug ever invented, is celebrated in a movie in which he is played by a younger man-child. [Out of curiosity, how does one drug a grown man with weed without his knowledge and consent? Sprinkle it on his *rajma-chaawal* instead of *kasoori methi*?]

The flipside of this narrative is that our god-like *raja betas* appear to have no noticeable degree of agency, choice, sense, responsibility or self-control. It is a mystery why Indian men don't find this insulting.

For millennia, Indian women have been designated as the 'honour-keepers' of patriarchy (i.e., keep your legs and mouths shut). Often it is women who normalise and enforce misogyny. Recently, some of these "princesses of patriarchy" are being styled as feminists. Ladies, you aren't.

Feminists are not victims. They believe that all genders are equal, and every individual has a right to their own choices and opinions, without inflicting them on others. They disagree with a person without insulting them. They don't judge or insult a woman because they don't agree with her. They understand the concept of consent. They don't use rape references except when discussing actual rape. They believe that a woman can be a home-maker or the CEO of a company, as long as it is HER choice. They don't hate men, or women. They don't have to be women.

So, no. You aren't feminists. Not when you play the victim card, selectively outrage on behalf of some women but slut shame others, are self-confessed addicts but derogatorily call others 'druggies', make accusations but withhold 'proof', complain (rightly) about the abuse you receive but abuse others with abandon, have different standards for different people depending on your whims. You are high-priestesses of hypocrisy.

Here's an example of how feminism works:

A prominent Bollywood male is the subject of recent #MeToo allegations. The timing of these is as suspect as the demolition of the illegal parts of an actor's office (the tasteless and tone-deaf rape analogy that followed notwithstanding).

As a feminist, I say that every such charge should be investigated, and both sides heard equally. Also, if a charge is found to be trivial and baseless, there should be legal consequences for the accuser. Misusing and trivializing legal protections given to women (like dowry, domestic violence and sexual harassment laws) is an insult to the countless, voiceless women who truly need them, and to the women and men who have fought for centuries, often at huge personal risk, so that Indian women may enjoy a modicum of equality with their male counterparts.

True gender equality in India is still a long way away. So I urge the self-styled feminists to put their money where their mouths are, with objectivity, compassion, respect and non-partisanship, and help us achieve it. Otherwise India will continue to be no country for young women. And, given the recent, disgusting trolling of trail-blazing doyennes of Bollywood, no country for middle-aged or old women either.

The Indian ideal is Sati, not Kali. We forget that both, that all our deis, are avatars of the same supreme Goddess.

Covid shadow at UN-75: Some lessons for India

K.C. Singh

Covid-19's shadow looms over the 75th anniversary of the United Nations General Assembly this year. The high-level segment began September 22, with virtual speeches delivered to a near empty hall. Customarily, the first speaker was Brazilian President Jair Bolsonaro, followed by US President Donald Trump. The US presidential election is just days away, the outcome of which is critical for America and indeed the world.

For India, the anniversary has little cause for celebration as China, a UN Security Council permanent member, ignoring its Charter commitments, is attempting by force to alter the status quo at the Line of Actual Control in Ladakh. Prime Minister Narendra Modi will address the UNGA Saturday evening. The 2020 theme is: "The Future We Want, the UN We Need: Reaffirming our Collective Commitment to Multilateralism". This sounds unrealistic, the world being caught between the pandemic and the rise of nationalist-populist leaders in almost all major powers, other than perhaps Germany. It's therefore important to study what they had to say.

President Trump, days from a tough November 3 election, was naturally more geared to a domestic than global audience. Incidentally, he spoke as Bob Woodward's book *Rage*, based on extensive interviews including with the President, reached bookshops. Pulling no punches, Mr Trump called the pandemic the "invisible enemy" and "China virus". He likened US mobilisation to that during World War II, having already cost over 200,000

dead, 40 million jobs

and an economic slow-down

nearing recession. The \$2.2 trillion stimulus

may leave behind rolling

deficits. Mr Trump sought

accountability from those

who "unleashed the plague".

While China, he alleged,

locked down domestic travel,

it kept international flights open,

and delayed sharing sharing

that the disease was communicable

person-to-person and by asymptomatic

individuals. Woodward recounts

Mr Trump's discussion with advisers

whether China, realising the likely

damage to its economy, allowed

international travel and thus the

pandemic's spread, to level the

playing field with the developed

world. Mr Trump then fielded the

usual claims about US economic

growth under his watch and a

swipe at the UN that it must

focus on "real problems" to be

effective. The US, he claimed, led

in protecting human rights, which

sits poorly with his handling of the

Black Lives Matter protests. When

Woodward pushed with: "I'm asking

whether you can understand the

plight, struggle, pain of people?"

The reply, more dodge than

revelation, was: "I'm somebody

that likes to get things done

rather than talk." Mr Trump

cited his "America First" invocation,

encouraging others to the same. It

summed up his anti-multilateralism

at the citadel of global governance.

Chinese President Xi Jinping

was happy to fill that gap. He

repeatedly referred to the pandemic,

on the defensive after the US

onslaught. He pledged the virus

must be defeated, but must not be

politicised, nor nations stigmatised.

He sought "macro policy

coordination" between major economies

to enable global recovery. He then

waxed eloquent about helping the

developing world, especially

Africa, which for China is a

crucial market and source of

raw materials. Chinese companies

control mines from Congo to

Chile and Australia, cornering

minerals needed for solar panels,

electric vehicles, etc. The pandemic,

Mr Xi argued, should teach there

is no escaping inter-dependence

and respect for each country's

"independent choice of development

path and model". He countered the

crescendo for "decoupling" from

China by seeking an open

multilateral trading system with

WTO as its cornerstone. On climate

change, he promised carbon

neutrality in China by 2060. Of

course, he ignored that China's

installed capacity for polluting

thermal power is half the world's

total. Even new Belt and Road

Initiative projects have a mix of

thermal and hydro power units.

Reaffirming faith in global

governance, he promised China

will never seek hegemony. The

speech will leave most of China's

neighbours astounded at the

gap between his words and China's

actions. Interestingly, Russian

President Vladimir Putin contested

America's claim of stabilising

West Asia and the Gulf by "peace

deals". He said as the world

changes so must the UN, but

undermining it may collapse the

"architecture of international

organisations". In the Mideast,

he sees foreign interference, not

democracy and reform, with the

vacuum filled by extremists,

leading to an illicit trade in

arms and oil. He undercut Mr

Trump's simplistic conclusion that

CARING FOR FARMERS

Even before the two farm Bills became laws, Chief Minister Y.S. Jagan Mohan Reddy ordered procurement of grain (*Officials asked to procure every grain from farmers, DC, Sept. 26*) through Rythu Bharosa Kendras. RBKs are the same as APMCs. Such action should be emulated by all other states to thwart the apprehensions created due to new laws.

DEATH OF BIRDS

It is hurting to note

IN BRIEF

Pair charged for WH attack plot

San Antonio: Federal authorities have arrested two men on terror charges for allegedly plotting to bomb or shoot up sites including the White House and Trump Tower in New York City in attacks inspired by the Islamic State group. Jaylyn Christopher Molina, of Texas, and Kristopher Sean Matthews, of South Carolina, are both charged with conspiracy to provide material support to a designated foreign terrorist organization. They were arrested in different states last week. The pair had discussed travelling to Syria to fight with the Islamic State group.

S. Korea tells North to probe shooting

Seoul: South Korea said Saturday it will request North Korea to further investigate the killing of a South Korean government official who was shot by North Korean troops after being found adrift near the rivals' disputed sea boundary while apparently trying to defect. Seoul could also possibly call for a joint investigation into Tuesday's shooting, which sparked outrage in the South and drew a rare apology from North Korean leader Kim Jong Un. Kim was quoted as saying he was "very sorry" over what he described as an "unexpected, unfortunate incident" in a message sent by Pyongyang's United Front Department.

Lebanese PM designate resigns

Beirut: Lebanon's prime minister-designate resigned Saturday amid a political impasse over government formation, dealing a blow to French President Emmanuel Macron's efforts to break a dangerous stalemate in the crisis-hit country. The announcement by Moustapha Adib nearly a month after he was appointed delays the prospect of getting the foreign economic assistance needed to rescue the country from collapse. Adib said he was stepping down after it became clear that the kind of Cabinet he wished to form was "bound to fail" The French leader has been pressing Lebanese politicians to form a Cabinet made up of non-partisan specialists.

Astronaut to cast vote from space

Atlanta: Nasa astronaut Kate Rubins told *The Associated Press* on Friday that she plans to cast her next vote from space — more than 200 miles above Earth. Rubins is just outside Moscow in Star City, Russia, preparing with two cosmonauts for a mid-October launch and a six-month stay at the International Space Station. "I think it's really important for everybody to vote," Rubins said. "If we can do it from space, then I believe folks can do it from the ground, too." Most US astronauts live in Houston. Texas law allows them to vote from space using a secure electronic ballot.

PARK AFTER POC WHO RESISTED SLAVERY

Paris, Sept. 26: The city of Paris inaugurated a public garden Saturday honouring a woman who fought for the liberation of slaves on the Caribbean island of Guadeloupe. Mayor Anne Hidalgo also announced plans to erect a statue to the woman, Solitude, at the site in northeastern Paris. It will be the city's first statue honouring a PoC woman. Amid global protests against monuments to white men linked to colonialism or the slave trade, French leaders have resisted taking down statues but pushed instead to design new monuments to more diverse, lesser-known historical figures. Solitude was born around 1772 to an African slave who was raped by a white sailor on the ship bringing her to the Antilles, according to newspaper *Le Monde*. She won her freedom after the French Revolution, but then Napoleon reinstated slavery in French colonies and Solitude joined Guadeloupe's resistance movement, according to city hall. Napoleon's forces arrested a then-pregnant Solitude, and sentenced her to death. She gave birth on Nov. 28, 1802, and was hanged the next day. France abolished slavery again in 1848. Guadeloupe remains part of France, and saw protests earlier this year against racial injustice in the wake of George Floyd's death in the US.

2 mn Covid deaths possible, WHO warns

Geneva, Sept. 26: Coronavirus deaths could more than double to two million without collective action against the deadly pandemic, the World Health Organisation (WHO) has warned, as Australia's prime minister urged any nation that develops a vaccine to share it with the rest of the world.

The number of cases worldwide has soared past 32 million, with deaths approaching one million, the global economy devastated, and major cultural and sports events disrupted. But despite the pandemic showing no signs of slowing, Japan's new prime minister Yoshihide Suga struck a defiant note Friday, saying his country was determined to hold the postponed Tokyo Olympics in 2021.

"One million is a terrible number and we need to reflect on that before we start considering a second million," the WHO's emergencies director Michael Ryan told reporters on Friday when asked how high the death toll could go. "Are we prepared collectively to do what it takes to avoid that number?"

"If we don't take those actions... yes, we will be looking at that number and sadly much higher." The pandemic has spurred worldwide efforts to develop a vaccine to help defeat

cine must share it... This is a global responsibility and it's a moral responsibility," Australian Prime

Minister Scott Morrison said Friday in a message to the United Nations General Assembly that

was held virtually. "Some might see short-term advantage or even profit, but I assure you...

humanity will have a very long memory and be a very, very severe judge." — *AFP*

Trump may announce Amy Barrett for court

Appeals court hears fight over Don tax returns again

Washington, Sept. 26: President Donald Trump is expected to announce Saturday that he is nominating Judge Amy Coney Barrett to the Supreme Court as he aims to put a historic conservative stamp on the high court just weeks before the election.

Trump said Friday he had made up his mind and it was "very exciting," without giving away the name, aiming to maintain some suspense around his personal announcement. But the White House indicated to congressional Republicans and outside allies that the pick was Barrett. "Well I haven't said it was her, but she's outstanding," Trump said of the Indiana federal judge. Conservative groups and congressional allies are laying the groundwork for a swift confirmation process for her, even before Trump makes the selection official in a Rose Garden ceremony Saturday evening.

They, like the president, are wasting little time moving to replace the late Justice Ruth Bader Ginsburg, organising multi-million-dollar ad campaigns and marshalling supporters both to confirm the pick and to boost Trump to a second term. The likely shift in the court's makeup — from Ginsburg, a liberal icon, to an outspoken conservative — would be the sharpest ideological swing since Clarence Thomas replaced Justice Thurgood Marshall nearly three decades ago.

Ever the showman, Trump remained coy about his choice Friday evening as he returned from a campaign swing. When asked whether lawmakers were being told it was Barrett, Trump responded with a nod on the tarmac at Joint Base Andrews, before replying, "Is that what they're telling you?" "You'll find out tomorrow," he went on to say, flashing a wide smile. "Look, they're all great. It could be any of one them."

New York, Sept. 26: A federal appeals court tested the waters on a potential compromise, but didn't immediately rule Friday after arguments in President Donald Trump's long-running fight to prevent a top New York prosecutor from getting his tax returns — a battle that seems destined to return to the Supreme Court.

A Trump lawyer argued that a subpoena for the records is overly broad but balked when an appellate judge suggested the court might be able to alleviate that concern by limiting the scope of documents

being sought.

Trump's lawyer, William Consovoy, signalled they will be satisfied only if Manhattan District Attorney Cyrus Vance Jr. is barred from getting all of the requested records. Consovoy is seeking to have the case sent back to a lower court that last month rejected his attempt to quash the subpoena, arguing that judge erred in his ruling. If the three-judge panel refuses to put a hold on the enforcement of the subpoena, Trump's lawyers will be forced to ask the Supreme Court to prolong the legal fight.

The high court, which ruled 7-2 against the president in July, is down to eight justices after the death last week of Ruth Bader Ginsburg. The matter may not be fully resolved before the November election. Trump's lawyers appealed to the 2nd US Circuit Court of Appeals after a district court judge last month rejected their renewed efforts to invalidate a subpoena that the Vance's office issued to Trump's accounting firm as part of a grand jury investigation into his financial and business dealings. — *AP*

PREZ: DOCUMENTS REVEAL RUSSIANS INTERFERED IN 2016 POLL FOR DEMS

Washington, Sept. 26: US President Donald Trump has alleged that a new set of documents have revealed that Russians interfered in the 2016 presidential elections on behalf of his then rival and Democratic presidential nominee Hillary Clinton. The alleged Russian interference in US elections in 2016 was one of the major topics for the Opposition Democrats in the first three years of Trump's presidency and also became the basis of the failed impeachment proceedings against him.

"I've been tarred with this horrible witch hunt for four years. And I didn't do it. Think of it. What would my numbers be, if I didn't go through almost four years of a Russian witch hunt that turned out to be just the opposite. They were the ones involved with Russia," Trump said while addressing a Republican campaign rally in Newport, Virginia on

Friday. "A new trove of documents ...now prove that Russia interfered in 2016. Unfortunately, it was on behalf of Hillary Clinton, not Trump. They interfered with disinformation," he said.

Trump alleged the 2016 presidential elections were interfered by the Russians on behalf of rival Clinton's campaign. "The newly released text messages make 100 per cent clear. The FBI knew that Democrats purchased Russian disinformation targeting me, your favourite president, which then formed the basis for the witch hunt," he said as he praised several *Fox News* anchors for standing by him during those days. Trump also accused the Democrats and the Russians of spying on him and his campaign. "It was a whole big disinformation campaign," he said amidst cheers and applause from his audience. — *PTI*

HEBDO STABBING: SEVEN TAKEN INTO CUSTODY

Paris, Sept. 26: Seven people were in custody Saturday after a stabbing outside the former Paris offices of satirical newspaper *Charlie Hebdo*, including the suspected assailant, authorities said.

Counterterrorism authorities are investigating what authorities called an Islamic extremist attack linked to *Charlie Hebdo*, which lost 12 employees in an al-Qaida attack in 2015. The weekly, which routinely mocks religious and prominent figures, recently republished caricatures of the Prophet Muhammad that outraged Muslims. The suspected assailant in Friday's stabbing had been nabbed a month ago. — *AP*

Ukraine crash: Toll climbs to 26

Moscow, Sept. 26: Searchers combing the area where a Ukrainian military aircraft crashed found two more bodies on Saturday, bringing the death toll to 26. One person survived.

The plane, a twin-turboprop Antonov-26 belonging to the Ukrainian air force, was carrying a crew of seven and 20 cadets of a military aviation school when it crashed and burst into flames Friday night while coming in for landing at the airport in Chuhuiv, about 400 kilometres (250 miles) east of the capital Kyiv. Two people initially survived the crash, but one later died in a hospital. No cause for the crash has been determined. Ukrainian President

VICTORIA HEALTH CHIEF QUILTS IN QUARANTINE PROBE

Melbourne, Sept. 26: The health minister in Australia's Victoria state has resigned in the fallout from an inquiry into why security guards were used instead of police or the military at quarantine hotels.

Lapses in security at the hotels were given as the major reason for a second wave of Covid-19 cases. Victoria reported just one more Coronavirus death as Melbourne's new case average continued to fall. The death took the state toll to 782 and the national figure to 870. There were 12 new cases, while Melbourne's 14-day average fell again on Saturday to 23.6. Melburnians, who have been in lockdown for more than a month, are waiting for the easing of restrictions on Monday. It's expected to include a staged return to school for some students and outdoor gatherings of five people from two households.

Health Minister Jenny Mikakos on Saturday issued a statement confirming her resignation, just a day after Victoria Premier Daniel Andrews gave evidence to the inquiry. — *AP*

US to restrict Chinese journos' stay to 90 days

Washington, Sept. 26: The Trump Administration is seeking to restrict the stay of journalists from China in the US to just 90 days with the provision of another extension for a similar duration, according to a federal notification.

The move came amidst worsening of bilateral ties over a range of issues like the Coronavirus pandemic, trade, Beijing's increasing grip on Hong Kong and alleged human rights abuses against minorities in the Xinjiang province.

The proposal of the Department of Homeland Security is part of the fixed time limit on visas of students, researchers and foreign journalists in the US. While the time limit for foreign journalists in general has been restricted to 240 days and another extension of a similar period, those for a journalist from China

would be issued a I visa by the United States just for 90 days, as per the federal notification issued on Friday. Stake holders have 30 days to respond to the federal notification before it can be enforced.

Foreign nationals travelling on a passport issued by China or Hong Kong would be issued I visa — which is the category for a foreign journalist — may be admitted until the "activities or assignments consistent with the I classification" are completed, not to exceed 90 days, the notification said. Passport holders from Macau Special Administrative Region have been given exception. The extension for Chinese journalists is also for 90 days only. Foreign journalists and their dependents would have to leave the country immediately on expiry of their I visa or denial of their extension application. — *PTI*

TERROR, N-TRADE PAK GLORY FOR 70 YEARS: INDIA

United Nations, Sept. 26: The "only crowning glory" that Pakistan has to show to the world for the last seven decades is terrorism, ethnic cleansing, majoritarian fundamentalism and clandestine nuclear trade, India said in a scathing response on Friday, slamming Pakistani Prime Minister Imran Khan's "incessant rant" and "venom" in the UN General Assembly. "This august forum witnessed a new low on its 75th anniversary. The leader of Pakistan today called for those who incite hate and violence to be outlawed. But as he went on, we were left wondering, was he referring to himself?"

First Secretary in the Permanent Mission of India to the UN Mijito Vinito said, making India's Right of Reply. The rebuttal came after Khan spoke about India's internal affairs, including the issue of Jammu and Kashmir. Vinito walked out when Khan started his usual "diatribe" about India.

"This hall heard the incessant rant of someone who had nothing to show for himself, who had no achievements to speak of and no reasonable suggestion to offer to the world. Instead, we saw lies, misinformation, war mongering and malice spread through this Assembly," the Indian diplomat said.

Slamming Pakistan for its record as a nation, Vinito said, "The only crowning glory that this country has to show to the world for the last 70 years is terrorism, ethnic cleansing, majoritarian fundamentalism and clandestine nuclear trade." — *PTI*

Youth: Act to halt catastrophic climate change

Brussels, Sept. 26: United under Swedish activist Greta Thunberg, young people rallied worldwide on Friday to demand urgent action to halt catastrophic climate change, in their first global protest since the Coronavirus crisis began. With wild weather wreaking havoc across the world - from fires ravaging the US West, to abnormal heatwaves in the Siberian Arctic and record floods in China — organisers said their aim was to remind politicians that, while the world focused on

Covid-19, the climate crisis was more acute than ever.

Demonstrations were planned in more than 3,100 locations, though with pandemic-related curbs limiting the size of gatherings, much of the action shifted online. In Stockholm, Thunberg and a handful of members of her group, "Fridays for Future", assembled outside parliament with signs bearing slogans including "Stop Denying the Climate Is Dying". "We need to treat the climate crisis as a crisis. It's just as simple as that."

● **PARTICIPANTS WERE asked to post pictures on social media and join a 24-hour global Zoom call — though mass gatherings were held in countries, including Germany.**

The climate crisis has never once been treated as a crisis and unless we treat it as a crisis we won't be able to, so-called, "solve" it," she said.

Organisers said turnout was expected to be far smaller than the global climate

strikes held one year ago, which drew more than six million people. Participants were asked to post pictures on social media and join a 24-hour global Zoom call — though mass gatherings were held in countries. In Berlin, police said nearly 10,000 people took part in demonstrations. Protesters cycled in groups to the Brandenburg Gate, where they sat in face masks, observing social distancing and chanting: "Strikes in school, university and companies." — *Reuters*

SHORT TAKES

Djokovic braces for unhappy Nadal

Paris: Novak Djokovic will renew his love-hate relationship with Roland Garros in the knowledge that it is himself rather than seemingly unsettled 12-time champion Rafael Nadal who could pose the greatest threat to winning a second Paris title and 18th Grand Slam crown. The only man to beat Djokovic in 2020 is Djokovic after the Serb's hair-trigger temper prompted a sensational disqualification from the US Open. Federer will miss the French Open as he rehabs his injured knee.

Former champion Simona Halep arrives as the player to beat in a women's draw missing title holder Ashleigh Barty and recent US Open winner Naomi Osaka, two of the world's top three. Serena Williams can never be discounted as she launches another bid for a record-equalling 24th Grand Slam singles crown here. — *AFP*

Bruno penalty hands Man U win

Brighton: Bruno Fernandes scored a penalty, awarded on a VAR review after the final whistle had blown, as Manchester United rode their luck to register their first Premier League points of the season with a thrilling 3-2 win at Brighton on Saturday. The Seagulls hit the woodwork five times and thought they had earned a deserved point when Solly March headed home to equalise in the 95th minute. However, Neal Maupay's handball was penalised by referee Chris Kavanagh after he had blown for full-time and Fernandes converted from the spot in the 100th minute. Pre-season hopes that United could mount a title challenge to their biggest rivals Liverpool and Manchester City dissipated after a dire display in losing 3-1 to Crystal Palace last weekend. — *AFP*

Hamilton takes Russian GP pole

Sochi, Russia: Runaway Formula One series leader Lewis Hamilton emerged from a "horrible" red-flagged qualifying session at Sochi on Saturday with a stunning pole position for Sunday's Russian Grand Prix. The Mercedes six-time champion clocked a best lap in one minute and 31.304 seconds to outpace Max Verstappen of Red Bull by half a second. His Mercedes team-mate Valtteri Bottas was third-quickest with Sergio Perez of Racing Point sharing the second row. Hamilton is bidding to claim his fifth win at the Sochi track where Mercedes have dominated winning all six races since 2014. If he translate pole into victory, he will equal Michael Schumacher's career record of 91 Grand Prix wins. — *AFP*

Celtics rally to beat Miami Heat

Miami: The Boston Celtics roared back in the second half to beat the Miami Heat 121-108 on Friday to stay alive in the NBA playoffs. Jayson Tatum scored 31 points and Jaylen Brown added 28 as six Celtics players scored in double figures and Boston cut the deficit in the best-of-seven Eastern Conference finals to three games to two. Goran Dragic led the Heat with 23 points, who are trying to reach the NBA finals for the first time since 2014. With their season hanging in the balance, the Celtics exploded for 41 points in the third quarter. — *AFP*

short against Mumbai Indians, the IPL's most-expensive overseas buy returned tidy figures of 1/19, while spinner Varun Chakravarthy (1/25) outfoxed the

dangerous David Warner to derail SRH early on.

Pandey returned to form at No. 3 with a 38-ball 51 and along with Wriddhiman Saha (30 off 31

balls), tried to repair the damage but the duo were dismissed at the death and SRH lacked the finishing touch to settle for a seemingly below-par total.

Unlike their last match against Mumbai Indians, KKR looked more intent and aggressive with their approach, having brought in Sunil Narine and Cummins up front with the new ball.

Cummins smartly altered his length and bowled Jonny Bairstow with an absolute ripper to give KKR the first breakthrough.

In his second-coming, architect-turned mystery spinner Chakravarthy dismissed a well-set Warner (36 off 30) in a soft manner for his maiden IPL wicket, giving KKR the big breakthrough. — *PTI*

Jos Buttler

Buttler boost for Rajasthan

Sharjah, Sept. 26: Sanju Samson will like to continue his dream form while the presence of Jos Buttler puts Rajasthan Royals on even keel with Kings XI Punjab in an IPL game which promises to be yet another six-hitting contest. Coming into the match after morale-boosting victories, both KXIP and the Royals would look to build a winning momentum after starting the tournament as underdogs.

Buttler, who missed the first match due to quarantine rules as he reached the UAE separately with his family, is expected to open alongside Yashashvi Jaiswal while Steve Smith will take David Miller's position in the batting order. Tom Curran and Jofra Archer will again complete the four-player overseas quota.

"I am excited to play my first game, it was great to be back in training with the boys, there's a great vibe around the team so I'm really looking forward to taking the field," Buttler said on the eve of the match. "The atmosphere and energy around the squad is fantastic, obviously lots of confidence after that first game. The training has been very energetic, guys are lively and enjoying

each other's company. So expecting a really tough match against Kings XI," Buttler said.

K.L. Rahul plundered a record 132 not out off just 69 balls to lead KXIP to a 97-run win over Royal Challengers Bangalore. He did get reprieve twice when his opposite number Virat Kohli dropped a couple of sitters.

Rahul, one of the cleanest hitters of the ball, notched up the highest score by an Indian in IPL history and he would like to continue in the same vein on a ground which has short boundaries on all sides.

The young Samson, on the other hand, made a mincemeat of the Chennai Super Kings bowlers, hitting nine sixes in his 32-ball 74 before Jofra Archer joined the party with a four-six burst in the final over in the match played here on Tuesday. — *PTI*

- Lokesh Rahul's unbeaten 132 in the previous match was the highest score for Kings XI Punjab and fourth highest ever in IPL.

Dhoni asks team to up the ante

Dubai, Sept. 26: Two consecutive defeats have left Chennai Super Kings reeling and skipper Mahendra Singh Dhoni is contemplating rejigging the combination, saying they are lacking steam and need to come back with a clearer picture for the next IPL games.

CSK, one of the most dominant teams in the history of IPL, have lost two of the three games they have played with the latest being a 44-run thrashing at the hands of Delhi Capitals.

"I don't think it was a good game for us. There was no dew, but the wicket did slow down. We are

We need to come back with a clearer picture, looking at the combination. Maybe, the team balance will get better once (Ambati) Rayudu comes back in the next game.

CSK COACH RUES MISSING KEY PLAYERS

Dubai, Sept. 26: Chennai Super Kings head coach Stephen Fleming has admitted that his side were "a little bit muddled" at the moment and they need a clearer strategy going ahead after suffering two losses in three matches in the Indian Premier League.

Fleming also rued the missing of some key players that he said has affected the team combination. "Well, we're a bit muddled at the moment. We're missing some key players, and we're trying

lacking a bit of steam in the batting and that hurts. The run rate keeps on mounting after such slow starts and adds pressure, we need to figure that out," Dhoni said after the match against Capitals on Friday night. "We need to come back with a clearer picture, looking at the combination. Maybe, the team bal-

ance will get better once (Ambati) Rayudu comes back in the next game." Rayudu, who struck a brilliant 48-ball 71 in CSK's five-wicket win over MI in the tournament-opener, missed the next two games due to a hamstring injury.

The CSK captain expressed hope that Rayudu will be available in their next game. "That will give us the room to experiment with an extra bowler perhaps. There are quite a few things we can think about. We are one batter extra to start off, so the players need to step up."

Dhoni also asked his bowlers to pull up their socks after two ordinary outings. — *PTI*

SHAW 'STICKS TO PLAN' TO DELIVER WINNING KNOCK

Dubai, Sept. 26: Young opener Prithvi Shaw, who starred in Delhi Capitals' win over Chennai Super Kings, says his plan was to play along the ground and avoid "silly mistakes" after failing to make an impact in the first match.

Shaw was dismissed for five in DC's campaign opener against Kings XI Punjab but the 20-year-old made amends with a fluent 64 off 43 balls on Friday. "My plan was to play my natural game but play the shots along the ground, last game we saw there were some silly mistakes and it was not working for me or the team," Shaw said.

Shaw shared a 94-run opening stand with Shikhar Dhawan.

"CSK has some good pace bowlers. I was able to time the ball and get some gaps. As the spinners came on, even if we are 40/0, it doesn't matter, I knew me and Dhawan could pace our innings after the powerplay," he said. — *PTI*

Stuttering starts put Dhoni, Kohli under huge pressure

Ayaz Memon Over The Top

A pall of gloom descended on the IPL — in fact the entire cricket world — with Dean Jones's passing away in Mumbai. He was part of the Star Sports experts commentators team, and by all accounts looked to be hale and hearty till the sudden cardiac arrest.

I got to know Jones a bit during his playing days — having covered the Tied Match at Madras in 1986 in which he scored a magnificent 210 — and a great deal more as commentator,

especially when we worked together during the Indian Cricket League in 2007-8.

The last time we had an extended conversation was in 2015-16 when I travelled to Adelaide for the first-ever day-night, pink ball Test, between Australia and New Zealand. We were staying in the same hotel and would invariably meet at breakfast.

One morning, I asked him to describe his cricketing journey. "I could play a bit, I can talk a lot, hopefully that leaves something

for posterity to remember me by," Jones replied. Who knew the end was so near? That he died in the saddle, pursuing his life's abiding passion, is perhaps some solace.

Meanwhile, the first week of the IPL has been completed. Going by early trends, this edition too promises to be a bumpy roller-coaster ride for all teams, with dramatic ups and downs.

There is too much cricket remaining in the tournament and detailed analyses at this juncture would be presumptuous. Instead, I'll spotlight some outstanding performances and some failures from the pool of Indian players in the IPL.

K.L. Rahul, Sanju Samson, Rohit Sharma and Prithvi Shaw have

been the outstanding batsmen so far. Rahul's blazing century helped Punjab wallop RCB, and was redemption for his team missing out on a win in the first match against Delhi.

Prithvi Shaw, so often the despair of his captain and fans because he throws his wicket away with the bowling is at his mercy, came up with a splendid, match-winning half century against Chennai.

Rohit, after a stutter against Chennai, came into his own against KKR as only he can, taking a heavy toll of all bowlers, including Pat Cummins, the world's no.1 Test bowler and the most expensive overseas player in the tournament at ₹15.5 crore. The T20 format can be brutally cruel to even the best.

My best innings so far, however, is Sanju Samson's bazooka 74 off 32 balls which devastated CSK.

Samson's potential has never been doubt, but his temperament was suspect, which contributed inconsistent performances and saw him in and out of the Indian team.

With this innings, he not only helped Rajasthan — without Stokes and Butler — stun Chennai, but made a statement that he is going to seriously compete with Rishabh Pant for M.S. Dhoni's place in India's T20 and ODI teams.

Among bowlers, Mohamed Shami has bowled at hot pace, getting swing and seam movement to harry batsman. He is at the peak of his prowess, and a potent weapon for

Punjab. India hopeful Navdeep Saini has looked sharp and penetrative for RCB.

Leg spinners are to the fore among spinners. Most successful has been Yuzvendra Chahal, befuddling batsmen with his shrewd mix of leg-breaks and googlies.

Rahul Tewatia has done the star turn for Rajasthan, but the most impressive has been Punjab's 20-year-old Ravi Bishnoi who has the redoubtable Anil Kumble as coach and mentor, a huge advantage.

Which brings me Virat Kohli and M.S. Dhoni, invariably always in the news, the latter even more after he announced his retirement from international cricket. Both started with victories, but after

that have been non-descript, as captains and batsmen and are under severe pressure.

Kohli has flopped in both matches RCB's played, which is unusual, but also troubling for his team. With other topnotchers Finch and de Villiers not striking big either, RCB are not getting the scores to support the excellent Chahal and Saini.

For Dhoni, the problem's bigger, and does not have to do with his batting position as is being widely debated. CSK's overall batting and bowling is floundering, there is a shortage of power hitters, few bowling options since Watson and Jadhav are not bowling.

In an ageing team, particularly these issues become even more detrimental.
