## Mamata demands immediate roll back of fuel prices

**Kolkata:** West Bengal Chief Minister Mamata Banerjee Thursday demanded immediate roll back of fuel prices by 50 per cent and threatened a strong movement if it was not done. Banerjee who travelled to and back from the secretariat on a scooter as a mark of protest against fuel price hike, told reporters that it was a 'mystery' why prices of petrol, diesel and LPG were not brought down in the country despite the decrease in international crude price by 50 per cent in recent times.

## Haryana takes step towards making functioning of state Assembly paperless

**Chandigarh:** Haryana has taken a step towards making the functioning of the state Legislative Assembly paperless. A tripartite memorandum of understanding (MoU) was signed on Thursday between the Ministry of Parliamentary Affairs, the state government and the Legislative Assembly for the implementation of the National e-Vidhan Application (NeVA), Speaker Gian Chand Gupta said.

## Sri Lanka receives 5,00,000 doses of Covid-19 vaccines from India

**Colombo:** Sri Lanka on Thursday received 5,00,000 doses of Covid-19 vaccines ordered from India. "Actively aiding #lka win against COVID, 2nd consignment of 500,000 COVISHIELD vaccines arrived from #India to #lka today," the High Commission of India in Sri Lanka tweeted.

# LoC to fall silent as India, Pak to observe all ceasefire pacts

**PAWAN BALI | DC**  
NEW DELHI, FEB. 25

Indian and Pakistan armies on Thursday announced observing ceasefire along the Line of Control (LoC) and all other sectors from February 24 midnight in a major de-escalatory move. The announcement comes after 2020 witnessed a record high of ceasefire violations of 5,133 at LoC and international border with Pakistan at Jammu and Kashmir in nearly 18 years; these figures were 3,479 in 2019 and 2,140 in 2018. The tensions on the LoC had risen after terror attack on CRPF convoy in Pulwama in February 2019 and revoking of Article 370 in Jammu and Kashmir in August 2019.

● **Both sides agreed for strict observance of all agreements, understandings and cease firing along the Line of Control and all other sectors.**

There have been nearly 600 ceasefire violations in first two months of 2021. Some 24 security personnel were killed in these ceasefire violations by Pakistan and another 126 injured in 2020. The agreement has also come at a time when India is currently focused on a military stand-off with China in Ladakh since May last year. India and Pakistan had signed a ceasefire agreement in 2003 but it was fre-

quently violated. India's director-general of military operations (DG-MO) Lt Gen. Paramjit Singh Sangha and his Pakistani counterpart, Maj. Gen. Nauman Zakaria held discussions over hotline. The two sides reviewed the situation along the LoC and all other sectors in a "free, frank and cordial atmosphere." "In the interest of achieving mutually beneficial and sustainable peace along the borders, the two DGsMO agreed to address each other's core issues and concerns which have propensity to disturb peace and lead to violence," said a joint statement issued by both armies. It said both sides agreed for strict observance

of all agreements, understandings and cease firing along the Line of Control and all other sectors with effect from midnight 24-25 February 2021. "Both sides reiterated that existing mechanisms of hotline contact and border flag meetings will be utilised to resolve any unforeseen situation or misunderstanding," it added. Pakistan military spokesman Maj. Gen. Babar Iftikhar said both the DGsMO have agreed that the existing 2003 understanding should be implemented in letter and spirit, according to a news report by Pakistan's newspaper *Dawn*. Both officials have agreed on making it sustainable and have expressed the intention to act on it. ■ **P4**

## PNB SCAM CASE

# Nirav Modi loses extradition fight

**London, Feb. 25:** In a comprehensive extradition win for the Indian authorities, a UK judge ruled on Thursday that fugitive diamond merchant Nirav Modi not only has a case to answer in the Indian courts but that there is no evidence to suggest he would not receive a fair trial in India.

Nirav Modi, wanted in India on charges of fraud and money laundering in the estimated USD 2-billion Punjab National Bank (PNB) scam case, lost his nearly two-year-long legal battle against extradition on all grounds as District Judge Samuel Goozee also

concluded that there are no human rights concerns that his medical needs would not be addressed as per several Indian government assurances. The 49-year-old appeared via video link at Westminster Magistrates' Court from Wandsworth Prison in south-west London, dressed in a formal suit and sporting a thick beard, and showed no emotion as excerpts of the judgment were read out in court. — *PTI*

# NDA aims to ensure farmers' dignity: PM

**Coimbatore, Feb. 25:** Prime Minister Narendra Modi on Thursday sought to underline the NDA government's commitment for the farmers to ensure their prosperity and dignity, saying it does not want small ryots to be dependent on anyone or "feel suffocated due to middlemen". The conventional view of development only took into account the more vocal interest groups, ignoring small businessmen and small farmers, but the "NDA government has given topmost priority to these two sections," he said at a BJP rally here.

Training his guns against the DMK-Congress combine, he alleged their meetings are like "corruption hackathons" where their leaders sit and brainstorm

on how to loot. In a statement that comes amid the sustained protests by farmers outside Delhi for nearly four months opposing the new Central farm laws, he said the NDA also wanted to bring a paradigm shift in the agricultural sector. "It has been our honour to work for the small farmers of India. In the past seven years our efforts for the small farmers are aimed at giving them a life of prosperity and dignity."

"From kisan credit cards to soil health cards, from eNAM (National Agriculture Market) to an effective crop insurance scheme, we want to bring a paradigm shift in the agriculture sector," he said. While farmers had for many years demanded rise in minimum support price (MSP), "it was our government which had the opportunity to bring a holistic MSP rise." In the last six years MSP for copra has nearly doubled, Mr Modi said. Hitting out at the opposition, he said while its style of politics was "misgovernance with corruption" that of NDA was "governance with compassion." "Both methods are very different. For the opposition what matters is personal gains. They want to capture

power to fill their pockets," he alleged. The only politics people will accept is politics of development and good governance and they want a government where fruits of progress reach the public, he said. "They want the anti-development forces (to be kept) at a distance," he said. Taking a swipe at the DMK-Congress combine in Tamil Nadu, Modi said their "meetings are like corruption hackathons" where "their leaders sit and brainstorm on how to loot." "Those who are given the most innovative ways are given posts and ministries. The opposition style of politics is based on bullying and harassing. Whenever DMK comes to power, they promote a strongman culture," he alleged. — *PTI*

## President's rule imposed in Pondy

**New Delhi, Feb. 25:** President's Rule was imposed in Puducherry following a recommendation by the Union Cabinet after a Congress-led government lost power in the Union Territory in a vote of confidence. The notification, signed by President Ram Nath Kovind, said the decision was taken after the president received a report from the administrator of the Union Territory of Puducherry on February 22. It said after considering the report and other information received by him, the president was satisfied that a situation had arisen in which the administration of the Union Territory of Puducherry could not carry on in accordance with the provisions of the Government of Union Territories Act, 1963 (20 of 1963). — *PTI*

## Retirement age of TN govt staff increased to 60 yrs

**DC CORRESPONDENT**  
CHENNAI, FEB. 25

The retirement age of all state government employees has been raised to 60 years from the present 59 years. Making the announcement in the state assembly, Chief Minister Edappadi K. Palaniswami recalled that the retirement age was increased to 59 in May, 2020, from the earlier 58 years. The rule will be applicable to all government staff and those working for all government organisations, corporations, schools and aided schools and all those who were scheduled to retire till May 31 would benefit from it.

# MEA denies India conceding territory to China along LAC

**SRIDHAR KUMARASWAMI | DC**  
NEW DELHI, FEB. 25

India "has not conceded any territory" as a result of the recent agreement on disengagement of troops with China on the North and South Banks of the Pangong Tso lake in the Ladakh sector and "on the contrary, it has enforced observance and respect for the Line of Actual Control (LAC)", New Delhi said on Thursday, adding that this has in fact "prevented any unilateral change in status quo". New Delhi also reiterated that "there's absolutely no change with respect to our position on the LAC".

This came even as External Affairs Minister S. Jaishankar spoke to Chinese Foreign Minister Wang Yi on Thursday evening during which they

● **Observance and respect for the Line of Actual Control has in fact "prevented unilateral change in status quo", says MEA**  
● **The Indian and Chinese foreign ministers agreed the current situation in border areas is not in the interest of either side**

discussed "the implementation of our Moscow Agreement and reviewed the status of disengagement".

On the Sino-Indian Moscow Agreement last year, it may be recalled that the Government had recently informed Parliament, "the EAM (Mr Jaishankar) had a meeting with Chinese Foreign Minister Wang Yi on September 10, 2020, in Moscow. The two foreign ministers agreed that the current situation in the border areas is not in the interest of either side. They agreed therefore that the border troops of both sides should continue their dia-

logue, quickly disengage, maintain proper distance and ease tensions. The two foreign ministers also agreed that both sides shall abide by all the existing agreements and protocol on China-India boundary affairs, maintain peace and tranquility in the border areas and avoid any action that could escalate matters." Mr Jaishankar tweeted on Thursday evening, "Spoke to State Councillor & Foreign Minister Wang Yi this afternoon. Discussed the implementation of our Moscow Agreement and reviewed the status of disengagement."

## Axar, Ashwin shine as India beat England by 10 wickets

**DC CORRESPONDENT**  
AHMEDABAD, FEB. 25

Left-arm spinner Axar Patel bagged a match-haul of 11 for 70 as India drubbed England by 10 wickets on Thursday to take a 2-0 lead in the four-match Test series. The victory, achieved under two days to make it the shortest ever Test played in India, boosted Virat Kohli & Co's chances of qualifying for the World Test Championship final to be held in July. Off-spinner R. Ashwin, playing his 77th Test, took four wickets in the second innings to become the fourth Indian and second

fastest in the world to take 400 Test wickets. Sri Lanka spin wizard Muttiah Muralitharan holds the record having achieved the feat in his 72nd Test. Former India captain Anil Kumble (619), Kapil Dev, (434) and Harbhajan Singh (417) are the other Indians who have 400 Test wickets to their credit. Speaking at the post-match presentation, India skipper Virat Kohli called Ashwin a modern-day legend. "It's time we stood up and noticed what Ashwin has done for the country," he added. ■ **P7**

## SHORT TAKES

## President's rule imposed in Puducherry

New Delhi, Feb. 25: President's Rule was imposed in Puducherry following a recommendation by the Union Cabinet after a Congress-led government lost power in the Union Territory in a vote of confidence.

The notification, signed by President Ram Nath Kovind, said the decision was taken after the president received a report from the administrator of the Union Territory of Puducherry on February 22. It said after considering the report and other information received by him, the president was satisfied that a situation had arisen in which the administration of the Union Territory of Puducherry could not carry on in accordance with the provisions of the Government of Union Territories Act, 1963 (20 of 1963). "Now, therefore, in exercise of the powers conferred by section 51 of the Act and of all other powers enabling me in that behalf, I (a) suspend, until the constitution of the 15th Legislative Assembly of Puducherry, in relation to the said Union Territory of Puducherry..." the notification said. The president also suspended the operation of various provisions of the Government of Union Territories Act, 1963 (20 of 1963), thus imposing central rule in Puducherry. The notification also said the Legislative Assembly of the Union Territory is placed under suspended animation. V Narayanasamy, who led the Congress government in Puducherry, resigned on Monday ahead of the confidence vote after his government was reduced to a minority following a spate of resignations by his party MLAs and a DMK legislator in recent days.

## Woman techie ends life in Chennai

DC CORRESPONDENT  
CHENNAI, FEB. 25

A 32-year-old woman working with an IT firm in city suburbs allegedly jumped to death from the 4th floor of an apartment building in Oragadam in Kanchipuram district on Wednesday night.

According to the police, the woman identified as Elakiya was working in an IT company in Maraimalai Nagar. Elakiya, originally from Theni, got married to Dinesh (36) an engineer five years ago. The couple has twin boys.

Sources said Dinesh was an alcoholic and the couple argued over his drinking habits often. At around 10 pm on Wednesday, when Dinesh was consuming liquor inside the house, an argument broke out between them. During the tiff, Dinesh reportedly hurled abuses at Elakiya.

Upset over this, she reportedly jumped from the 4th floor of the apartment building. Dinesh alerted the 108 ambulances, however, she was declared dead on the spot by the medical team.

Based on the information, Oragadam police came to the spot. The police sent the body to the Sriperumbudur government hospital for autopsy and a case of suspicious death has been registered. Oragadam police are investigating the case. An RDO investigation is also initiated in the case. An RDO investigation is done when a married woman, who has been married for seven or less, dies suspiciously. Further investigations are on.

## Govt bolsters coronavirus containment zone strategy

DC CORRESPONDENT  
CHENNAI, FEB. 25

At a time when Covid-19 cases are increasing and new variants are reported in states like Maharashtra and Kerala, the Tamil Nadu government has tightened its containment zone strategy which had immensely helped the efforts of the state Covid task force to flatten the curve.

According to the latest order issued by the state health department, the containment zone strategy will be implemented in areas where three and more cases are reported or three and more families are affected by Covid-19.

In case of up to three cases or up to three households having positive cases, the affected families and their neighbours will be put in home quarantine. The containment operation will be stopped in 14 days if no active case is reported in the zone during the period from the date of the last confirmation of positive case.

The containment zone is the primary area where an intensive action has to be carried out with the aim of breaking the chain of transformation.

In containment zones no

## Covid-19 tests vital for Kerala tourists to enter Nilgiris

B. RAVICHANDRAN | DC  
OOTY, FEB. 25

The district administration here has tightened their grip on tourists from Kerala as Covid-19 cases are reported to be rising in neighbouring Kerala. Even as Corona tests have been made mandatory for tourists from Kerala, both politicians and members of the tourism industry feel that the restrictions would cripple the tourism-based revenue flow, affecting their livelihood and also adversely affect their prospects in the election.

Though the threat from

movement will be allowed except for medical emergencies and essential goods and services. No unchecked person will be allowed inside. People who are transiting will be recorded and followed through the integrated Disease Surveillance Programme.

Active searches for cases will be conducted through physical house to house surveillance by special

Kerala tourists has not been too alarming, the district administration here has taken precautionary measures and made Covid-19 tests mandatory for tourists and travelers entering the Nilgiris from Kerala.

N. Chandrasekar, secretary, Nilgiris Hotels and Restaurants Association, said the restrictions on tourism would dampen the prospects of travel and tourism in the Nilgiris which is looking forward for the popular summer season, which is just four weeks away. The authorities should give

confidence to the tourism industry, he added. Collector J. Innocent Divya said that tourists and other travelers from Kerala must show negative Covid-19 reports at the check-posts, or samples will be lifted from them for analysis to keep track on them in the Nilgiris.

While e-registration process for tourists and those from other districts is already the practice in the Nilgiris, there are no restrictions or mandatory test procedures for locals to visit neighbouring districts and return to Nilgiris," she added.

The first containment zone was declared in the city on April 2. The authorities, a month later, had been able to set up at least 513 containment zones across the city. However, the zones were limited by the authorities for the last few months as the cases started coming down.

## 5 killed in blast in fireworks factory

Virudhunagar, Feb 25: Five people were killed and six injured in an explosion at a fireworks factory near Sivakasi in the district on Thursday, police said.

More than ten sheds where chemicals had been stored were razed to the ground in the mishap, the second such incident this month in a cracker manufacturing unit in this region, the country's fireworks hub.

Fire and Rescue service teams battled the blaze in the unit at Kalayar Kurichi, police said, adding the injured were rushed to hospitals. The cause of the explosion was not known immediately.

More than 20 people had died and around 30 injured in a major explosion in a fireworks unit at Achankulam village near Sattur in this district on Feb. 2. —PTI

DC CORRESPONDENT  
CHENNAI, FEB. 25

After the Central government allowed the oil marketing companies to increase ₹25 per a liquefied petroleum gas (LPG) domestic cylinder on Thursday, the Chennai residents demanded an immediate rollback of hike as it's the third time this month.

The residents said the price of a subsidized cylinder was Rs 735 on February 4. Now it has climbed up to ₹810.

## CHENNAI'S POLICE HISTORY

Chief Minister Edappadi K. Palaniswami will inaugurate the 178-year-old iconic metropolitan police commissioner's office building in Chennai Egmore converted into a police museum on Saturday. The work is in the finishing stage. During the British rule, in 1842, the headquarters of the

Chennai Metropolitan police was opened at Vepery. Later, it was relocated to Arunagiri Mudaliars' bungalow on Egmore Pantheon Road. This is the second police museum in Tamil Nadu after Coimbatore. The Egmore museum houses important historical documents of the police,

weapons used by the British police, early uniforms of the Tamil Nadu police, photographs of belts, sniffer dogs, historical news packages, wireless instruments and artifacts. The names of the policemen who lost their lives in service are engraved on the wall.

## Transport strike leaves city commuters inconvenienced

DC CORRESPONDENT  
CHENNAI, FEB. 25

The day one of indefinite strike by transport employees on Thursday caused hardship to commuters, particularly office-goers and students.

The Tamil Nadu transport workers affiliated with nine trade unions commenced their indefinite strike on Thursday demanding the government to conclude the 14th wage revision talks immediately, leaving several commuters stranded across the state.

Transport department officials claimed that nearly half the buses were

operated from all the depots and that services were maintained well.

On Thursday, with fewer numbers of buses on the road, commuters had to wait for a long time to catch a bus. This also resulted in jam-packed buses in the city and its suburbs. Worsening the situation, EMU train service was affected from 5.30 am to 8.25 am between Tambaram and Chennai Beach station after an overhead cable line snapped.

Nine transport unions, including DMK-affiliated LPE, CITU, AITUC and INTUC, have called for the strike over the govern-

ment's failure to conclude 14th wage revision talks, pending terminal benefits of the workers retired since 2020 and non-allocation of funds in the budget to compensate the losses incurred by the corporation which is a service sector. The unions also refused to accept the interim relief of ₹1,000 per month until the wage revision talks are completed, which was announced by the government.

Sources from the union said that the protest would continue till the government accepts to continue the talks and meet the demands.

## Jumbo tales: Protect and conserve gentle giants

B. Vijayalakshmi

## Viewpoint

The video of a mahout and his assistant caging an elephant chained to a tree at the annual elephant rejuvenation camp in Mettupalayam triggered an outrage among wildlife conservationists this week. Animal welfare activists sought action against the two men as the disturbing video had gone viral on social media. The two were arrested and remanded in judicial custody. The elephant belonging to Srivilliputhur Andal temple at the camp was examined by forest veterinary officers and found to be in good health. The recent inci-

dent left the state government red-faced as the 48-day elephant rejuvenation camp at Thekkampatti is an annual affair, inaugurated by former CM J Jayalalithaa in 2003. This year, more than 25 temple and mutt elephants in TN and Puducherry have been brought to the camp. The mahout was suspended and also a committee consisting of experts sensitized the mahouts at the camp on handling unruly elephants without resorting to cruelty. Last month, an elephant died near Ooty due to severe bleeding caused by a burning tyre thrown at it by local residents.

Two days after the camp incident, the Madras high court in a different case suggested that the state formulate a policy to prohibit private ownership of elephants. The court observed that elephants should ideally be under the care of the

Elephants take a bath with the help of mahouts at the rejuvenation camp in Mettupalayam.

— DC

forest department and that all temples and human agencies be banned from having

elephants. The petitioner, a devotee of Srirangam temple, alleged that elephants

owned by several temples faced inhumane treatment and sought the government to file a report on steps taken to rehabilitate temple elephants.

Last year, the Puducherry government was involved in a long, protracted legal battle with People for Ethical Treatment of Animals over the custody of Mankula Vinayakar temple elephant Lakshmi. Finally, the Madras HC directed the UT government to provide proper nutrition to the jumbo and sought a status report on the facilities provided to the animal.

Early this month, the Madurai bench of Madras high court directed the state government to pay Sindhu, a BE computer science graduate, ₹25 lakh as compensation within a month and provide her a job in the Hindu Religious and Charitable Endowments department

within two months. She was attacked by a temple elephant and sustained severe injuries on her throat in 1999. Also, a CBI probe has been ordered by the HC into a series of elephant poaching incidents reported in the state based on a report by the Wildlife Crime Control Bureau.

With the Supreme Court upholding a Madras HC order against encroachments in the elephant corridor in the Nilgiris, concerted efforts of the forest department, experts and people alone can reduce the incidence of man-animal conflict. Similarly, the annual retreat for captive elephants may be a welcome measure, but the TN government should act fast and put in place a fool-proof system to ensure jumbos in religious and private places are not exploited but maintained and treated properly.

## Saudi Riyals, US dollars worth ₹70.28L seized

DC CORRESPONDENT  
CHENNAI, FEB. 25

Chennai air customs seized Saudi Riyals and US dollars worth ₹70.28 lakh and arrested a passenger in connection with the case on Wednesday.

According to an official statement from the Customs Commissioner, Based on intelligence, Noormohamed Sultan (60) of Kanchipuram was intercepted by AIU officers after he cleared immigration and was proceeding towards the security hold area for boarding Indigo flight 6E-65 destined for Dubai, on suspicion of carrying foreign currency.

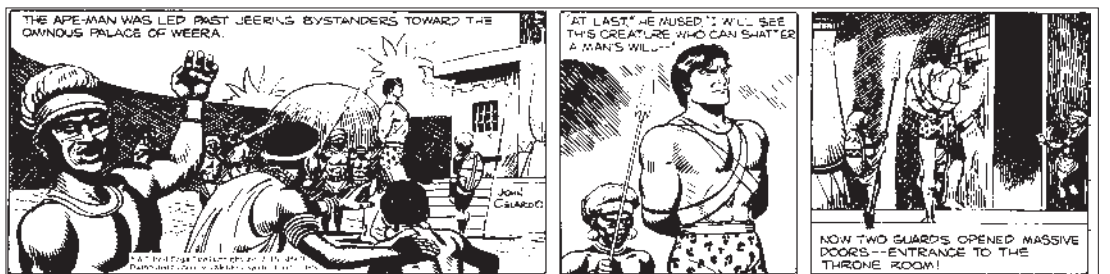

As he appeared to be nervous his search was carried out and 2000 US Dollars in 100 denomination valued at ₹1.45 lakhs

were recovered from his pant pocket.

His check in baggage, a carton box, was recalled from the aircraft. On opening, it was found to contain magazine/ old books and five covers wrapped with adhesive tape. On cut opening, it was found that the covers were made of old newspapers in which Saudi Riyals were ingeniously concealed.

Total, 357000 Saudi Arab Riyals in the denomination of 500 valued at Rs. 68.83 lakhs were recovered. Total foreign currency worth Rs.70.28 lakhs was recovered and seized under the Customs Act read with FEMA (Export and Import of Currency) Regulations. He was arrested. Further investigation is in progress.

## SHORT TAKES

## I-T RAIDS OFFICES, RESIDENCES OF HARYANA MLA

Chandigarh, Feb. 25: The Income Tax Department carried out raids on the offices and residences of Haryana's Independent MLA from Meham, Balraj Kundu, in Rohtak on Thursday, officials said here.

A residential building linked to his relatives in Hisar district and another one in Gurgaon which is connected to the legislator himself were searched as well, they said.

Kundu, a vocal supporter of the ongoing farmer's agitation against the new central farm laws, had in February 2020 withdrawn support to the M.L. Khattar dispensation in Haryana, saying he was "deeply hurt" with the government giving "clean chit" to those involved in the alleged corruption in sugar which he had flagged.

In October 2020, the Haryana Police booked him and three other people in a cheating case. The FIR was registered in Gurgaon based on a complaint from a resident of the city, the police had said.

The MLA had then hit back, saying the FIR, like another one lodged against him in January 2020, was due to "political considerations" and that he had been raising his voice against the BJP-led government in Haryana on various issues. The state police had in January 2020 booked Kundu and his brother Shivraj for allegedly cheating a Rohtak resident.

When the case was registered, Kundu had claimed that he was being framed in the case due to political vendetta at the behest of a BJP leader and former minister from the state. Kundu, who runs a construction company along with his brother, was not answering calls.

## MUMBAI MAYOR UNVEILS RESTORED TRAM CAR

Mumbai, Feb. 25: Mumbai mayor Kishori Pednekar on Thursday unveiled a tram car restored by the Brihanmumbai Municipal Corporation (BMC) in south Mumbai, a civic official said.

The civic body had earlier displayed the tram car on an elevated podium at Bhatia Baug garden next to Chhatrapati Shivaji Maharaj Terminus, but due to various reasons including the Covid-19 pandemic, it was not open for public viewing.

"The BMC has taken this tram from the BEST and installed it at Bhatia Baug so people could re-experience the past glory of Mumbai," Pednekar said, while unveiling the tram.

The yellow and maroon coloured single-decker tram car is decorated with lights for tourists to enjoy viewing it at night time as well, the mayor said.

Trams were part of Mumbai's public transport system for nearly 90 years and were one of the cheapest and favourite modes of transport for citizens, before they were discontinued from service in 1964.

## RSS ACTIVIST'S MURDER: 8 SDPI WORKERS HELD

GILVESTER ASSARY | DC  
THIRUVANANTHAPURAM,  
FEB. 25

The brutal murder of RSS activist in Vayalar in Alappuzha district of Kerala allegedly by SDPI workers, the political arm of PFI, has created tension in many parts of the area.

Nandu N. Krishna, 23, was hacked to death allegedly by SDPI workers on Wednesday night following a political clash between the rival groups. Eight SDPI workers have been arrested in connection with the murder; Suneer, 33, Yasir, 32, Abdul Khader, 52, Mohammed Amaz, 24, Ansil, 33, Riyaz, 38, Nishad, 32, and Shabudeen, 49.

The police said that the murder was well-planned as the assailants had arrived at the spot in a car carrying sharp edged weapons. These weapons were used for hacking the RSS worker.

The BJP and Hindu outfits had called for a dawn to dusk hartal in the district on Thursday against the murder.

The police have clamped prohibitory orders in some areas of Cherthala and Vayalar to check retaliatory attacks by the rival groups.

The area had witnessed political clashes in the recent days.

## J&amp;K border residents heave sigh of relief

India, Pak for strict observance of ceasefire agreements

YUSUF JAMEEL | DC  
SRINAGAR, FEB. 25

Tired of unending military tensions and frequent bouts of skirmishes between the facing troops, the border residents of Jammu and Kashmir have heaved a sigh of relief over India and Pakistan agreeing to strictly observe all agreements on ceasefire along the Line of Control (LoC) and other sectors.

"It has come as a great relief to us. We hope and pray that both sides will really ensure strict observance of all agreements, understandings and cease firing along the LoC," said Irshad Ahmad Khawaja, a resident of Uri while speaking to this newspaper over the phone.

He said that the border residents were happy. Echoing their and his own sentiment, he said, "If the two countries' armies follow the promise we won't suffer any further human and property losses. *Kam se kam chen ki sans ley payengay* (At least, we will breath in peace)."

Bashir Ahmed Wathloo, chairman of Rural Development Society, Uri said, "I will get a good night's sleep now. My joy knows no bounds today."

However, Bashir Ahmad Dar, who lives at Balkote, a hamlet at a stone's throw from the LoC, said he would keep his fingers crossed. Dar who lost his wife Farooqa Begum, 35, in cross-LoC shelling in November last year said, "I feel lost since I have lost my spouse. Had the two sides abided by the ceasefire agreement they had reached in 2003, my world would not have been ruined".

Though the two countries pushed on with the ceasefire agreement signed after months of tortuous negotiations in 2003, the facing armies and border guards have often clashed both along the LoC and International Border (IB), the 198-km stretch of the 2,912-km India-Pakistan border from Gujarat to J&K called 'Working Boundary' by Islamabad as it passes through a "disputed region" particularly.

Both sides suffered hugely in interminable hostility particularly

## ● IN WRITTEN

**RESPONSE** to a question in Lok Sabha earlier this month, Union Minister of State for Home G Kishan Reddy said a total of 10,752 cases of ceasefire violations have taken place along India's border with Pakistan in the last three years, in which 72 security personnel and 70 civilians were killed.

● **HE SAID** 364 security personnel and 341 civilians were injured in cross-border firings along the International Border and the Line of Control in Jammu and Kashmir in 2018, 2019 and 2020.

after 2010 but it has been mainly the civilian populations on both sides which bore the brunt in cross border firing and shelling over the years.

There had been strong craving for bringing this to a close.

**J&K parties too welcome the pledge**

Apart from the border residents, the fresh pledge of the two sides to revert to the November 2003 ceasefire agreement and hold to it has been welcomed by J&K's political parties across the board.

Former chief minister and National Conference president, Farooq Abdullah, said that the measure will go a long way towards sustainable peace between the two neighboring countries.

"The agreement between the DGMOs of India and Pakistan will go a long way in ushering long lasting peace alongside LoC and IB. NC has always been a strong votary of Indo-Pak peace. It is the people of J&K who have been facing the brunt of escalating tensions alongside the borders. I hope the agreement is followed in letter and spirit. The development, I sincerely believe, will allow people living alongside LoC and IB to go about their normal lives with minimal disruption and risk," he said.

People's Democratic Party president, Mehbooba Mufti, said, "It is a big and welcome development."

## There are no back-channel talks: Pak NSA

SRIDHAR KUMARASWAMI | DC  
NEW DELHI, FEB. 25

Hours after India and Pakistan agreed to a "strict observance" of the ceasefire along the Line of Control (LoC), Pakistani National Security Advisor (NSA) Moeed Yusuf made it clear that there had been "no back-channel" talks between him and India's NSA Ajit Doval but nevertheless added that the "welcome development on the LoC is a result of discussions through the established channel of DGMOs" and that "obviously these are by their very nature not in the public eye and done privately and professionally through the direct channel".

The Pakistani NSA insisted that that "there is nothing more than meets the eye here".

Meanwhile, India on Thursday evening also said it "desires normal neighbourly relations with Pakistan" and has "always maintained that we (India) are committed to addressing issues, if any, in a peaceful bilateral manner".

Asked whether this was the start of the resumption of the Indo-Pak peace process, New Delhi merely said that "on key issues, our position remains unchanged".

India had earlier this month squarely put the onus on Pakistan to "create an environment free of terror, hostility and violence", in its response

The former chief minister added, "I have been saying all along that dialogue is the only way forward if both countries want to stop the unending cycle of violence and bloodshed across the borders and J&K".

Separatist Hurriyat Conference faction headed by Mirwaiz Umar Farooq said, "It is a move

to a media query on the statement made by Pakistan's Army chief Gen. Qamar Javed Bajwa who had said that "it is time" for his country to "extend the hand of peace in all directions".

The Pakistan Army chief had even called on both countries to resolve the Kashmir issue in a "peaceful and dignified manner", in comments that were seen as a possible outreach to India.

On Thursday evening, the Pakistani NSA tweeted, "I have seen claims by Indian media that attribute ceasefire announcement between Pakistani and Indian DGMOs to back-channel diplomacy between me and the Indian NSA. This is baseless. No such talks have taken place between me and Mr. Doval. The welcome development on the LoC is a result of discussions through the established channel of DGMOs. Obviously these are by their very nature not in the public eye and done privately and professionally through the direct channel."

The Pakistani NSA added, "Pakistan has continued to call for the 2003 ceasefire agreement to be honored and I am glad we have reached the understanding. It must be followed in letter and spirit. Doing so will save innocent lives so no one should question the intent. Nor should wrong inferences be drawn. There is nothing more than meets the eye here."

in the right direction. It will provide huge relief to the beleaguered people living under constant threat on the LoC and end the bloodshed there."

It added, "Just as the joint statement correctly points out that 'in the interest of achieving mutually beneficial and sustainable peace along the borders,'

## MEA: Govt will liaise with UK for Nirav's early extradition

DC CORRESPONDENT  
NEW DELHI, FEB. 25

India on Thursday evening said that "since the Westminster Magistrate's Court has recommended Nirav Modi's extradition to the UK home secretary, the Government of India would liaise with the UK authorities for his early extradition to India".

On Thursday, the Ministry of External Affairs said, "Nirav Modi was wanted in India in connection with the multi-million dollar Punjab National Bank Fraud case. On the request of CBI and ED, his extradition from UK was sought in August 2018. He was arrested and produced before the Senior District Judge at Westminster Magistrate's court on 20.03.2019. Since then he is facing extradition proceedings while in judicial custody. The final hearing in this case was held on 7-8 January 2021. On Thursday, the Westminster Magistrate's Court in London has pronounced that Nirav Modi be extradited to India to stand trial."

The MEA added, "Dismissing the mental health concerns raised by Nirav Modi, the judge observed that Nirav Modi conspired to destroy evidence and intimidate witnesses. Since the Court has recommended his extradition to the UK

## CBI SAYS VERDICT IS REMINDER TO ALL FUGITIVES

New Delhi, Feb. 25: The CBI on Thursday termed the judgement of a UK court in the Nirav Modi's case as "significant" and said it should serve as a reminder to all fugitives, who have indulged in large value frauds, that they cannot escape the law merely by changing their countries of residence.

The CBI said the court order vindicated the painstaking probe carried out by the agency especially since Modi had raised various issues on admissibility of evidence, fairness of investigation, trial, prison conditions, availability of health facilities in India and extraneous consideration, with a view to divert attention from his own acts. —PTI

Home Secretary, India would liaise with the UK authorities for his early extradition to India."

A senior diplomat at India House said the judgment paves the way for the government of India and the high commission officials to liaise with the UK authorities on the next stages of the procedural matters for extradition.

## LoC to fall silent as India, Pak to observe all ceasefire pacts

FROM PAGE 1

The ceasefire will also come as a relief to villagers settled near LoC who have suffered both loss of lives and damage to their property. Some 22 civilians were killed during ceasefire violation by Pakistan in 2020 and 71 injured. In 2019, 18 civilians were killed and 127 injured in ceasefire violations by Pakistan.

However, there will be no compromise on anti-infiltration grid along the LoC and troops will not be moved back, said sources. India has the right to respond in case of any major terrorist attack on India by Pakistan supported

terrorists. Indian security forces had eliminated 221 terrorists in 2020 in J&K and 9 in 2021. Indian sources insisted that the ceasefire with Pakistan had nothing to do with stand-off with China. Indian Army Chief General M.M. Naravane had said on Wednesday that there was no overt signs of any collusion between China and Pakistan against India during current stand-off at LAC. He said there were no large scale mobilisations by Pakistan or any kind of activity which would be suggestive of any kind of help being given by one to the other.

## NEW NORMS TO TIGHTEN GOVT CONTROL OVER ONLINE, OTT

FROM PAGE 1

Mr Prasad said the rules require the 'significant' social media intermediaries to follow additional due diligence including the appointment of a chief compliance officer, a nodal contact person and a resident grievance officer. All three officials will have to reside in India. They will have to publish monthly compliance report and detail contents removed proactively. The resident grievance officer shall register complaints in 24 hours, and file monthly compliance reports. User grievances have to be resolved within 15 days.

The rules state that users who voluntarily want to verify their accounts should be given an appropriate mechanism to do so and be accorded a visible mark of verification. Any contentious content flagged by the government or legal order has to be taken down quickly.

Also, social media platforms on being asked by court or government will be required to disclose the first originator of the mischievous information that undermines the sovereignty of India, security of the state, or public order. The intermediary, however, will not be required to disclose the contents of any message.

Beyond streaming and messaging, the code will also set guidelines for digital publishers of news and current affairs content, requiring them to disclose their ownership and other information.

## Maha: 229 students test Covid positive

DC CORRESPONDENT  
NEW DELHI, FEB. 25

Worried over the rising cases of Covid-19, the Union Cabinet Secretary has scheduled a review meeting with seven states - Maharashtra, Kerala, Punjab, Madhya Pradesh, Tamil Nadu, Gujarat and Chhattisgarh - that are witnessing an upsurge in daily detections.

The Centre has also rushed Multi-Disciplinary High Level Central teams to these states.

India's active caseload was 1,51,708 on Thursday comprising 1.37% of the total positive cases. This is largely attributable to the upsurge in daily new cases in these seven states.

Overall 16,738 new daily cases were recorded in the last 24 hours out of which 89.57% of the new cases were from these seven states. Maharashtra continues to report the highest daily new cases at 8,807 followed by Kerala with 4,106 while Punjab reported 558 new cases.

## Vehicle with explosives found near Mukesh Ambani's house

SHAHAB ANSARI | DC  
MUMBAI, FEB. 25

An abandoned vehicle with 20 gelatin sticks was found just metres away from business tycoon Mukesh Ambani's house in Mumbai on Thursday.

The SUV was noticed at around 3 pm after which some people from the vicinity alerted the local police, who rushed to the spot and cordoned off the entire area, sending the state government and the police into a tizzy.

A Bomb Detection and Disposal Squad (BDDS) team reached the spot immediately, he said. It was not an assembled explosive device, he said, adding that further investigation was on.

"A Scorpio with 20 gelatin sticks was found near Mukesh Ambani's Mumbai residence. The crime branch of Mumbai Police is investigating the entire matter and the truth will emerge soon," Maharashtra home minister Anil Deshmukh said.

According to reports, CCTV footage of the area revealed the SUV was

● **THE SUV** was noticed at around 3 pm after which some people from the vicinity alerted the local police, who rushed to the spot.

● **CCTV FOOTAGE** of the area revealed the SUV was parked beside a tree on the Carmichael Road at around 1 am.

parked beside a tree on the Carmichael Road at around 1 am. More than one person was seen alighting from the car.

Deshmukh said that the car was parked some distance away from Ambani's palatial house.

Mumbai Police spokesperson, DCP S. Chaitanya, said, "The gelatin sticks recovered in the SUV were not an assembled explosive device. But details of the risks they posed would be known only after a thorough probe."

Efforts are on to trace the persons who parked the vehicle there, from where they came, what were their diabolic motives, who or what were the exact targets etc., officials said.

## Electrifying protest

West Bengal Chief Minister Mamata Banerjee rides an electric scooter during a protest against the hike in fuel price in Kolkata on Thursday. She slammed the BJP-led government at the Centre, "We are protesting against the fuel price hike. The Modi government only makes false promises. They have done nothing to bring down fuel prices. You can see the difference in petrol prices when the Modi government came to power and now."

**Chaurasia had earlier pledged to spread Godse's last court statement to 1L people**

## Godse 'devotee' inducted in MP Congress

RABINDRA NATH CHOUDHURY | DC  
BHOPAL, FEB. 25

A 'devotee' of Mahatma Gandhi's assassin Nathuram Godse has been inducted in Congress here, much to the chagrin of a strong section of the party.

Babulal Chaurasia who had a few years ago pledged to spread Godse's last court statement to one lakh people was welcomed into the party by MP Pradesh Congress Committee (PCC) presi-

dent and former chief minister Kamal Nath here on Wednesday.

The official Twitter handle of MP Congress on Wednesday evening broke the news of Chaurasia being admitted to Congress by sharing the picture of the event in the party HQ here.

Former PCC president of MP Arun Yadav reacted to the development with a one-liner, "*Bapu hum sharminda hai* (Bapu, we are ashamed)."

He tagged the photo-

graph showing Nath welcoming Chaurasia into the party in his Twitter account, while posting his comment.

Sources in the party said the decision to induct Godse's "follower" in the party has left many senior leaders in Congress flabbergasted.

Chaurasia had quit Congress and joined Hindu Mahasabha in 2014 to contest the local civic body elections in Gwalior.

He was said to be one of the brain behind the tem-

ple built for Godse in Gwalior in 2017.

He was also reportedly present at the 'consecration' ceremony held to install Godse's statue in the temple.

Later, the Gwalior district administration had removed the idol.

Talking to reporters in Gwalior on Thursday, Chaurasia described his joining in Congress as his "homecoming".

"I was not aware then that the idol I was worshipping was that of Godse.

I was pushed into worshipping the idol", he said.

Hindu Mahasabha national vice-president Jaiveer Bhardwaj took a swipe at Chaurasia for disowning his devotion to Godse, saying, "He (Chaurasia) used to be present in almost all the events organised to pay respect to Godse in the last several years".

"It shows Congress is not averse to accommodating people who espouse the nationalistic ideology of Nathuram Godse", he

added.

BJP took a jibe at Congress for inducting Godse 'devotee', saying that this has exposed the grand old party's double standard as far as sticking to its ideology is concerned.

"On one hand, Congress projects itself as the rightful inheritor of Mahatma Gandhi's legacy, on the other the party is not hesitant a bit to embrace a staunch follower of Godse", BJP spokesman Rajneesh Agrawal said.

## KEJRIWAL'S SECURITY COVER REDUCED: AAP

New Delhi, Feb. 25: A day before Delhi Chief Minister Arvind Kejriwal's roadshow in Gujarat's Surat, sources in the AAP government alleged on Thursday that his security cover has been scaled down, a charge denied by the Union Home Ministry. Joint Commissioner (Security) of Delhi Police ID Shukla said Kejriwal has a Z+ security cover and his "complete Z+ security" is being maintained. —PTI

**Colombo, Feb. 25:** Sri Lanka is seeking \$2.2 billion from Chinese banks, the government said Thursday, in echoes of a borrowing binge more than a decade ago that resulted in the country having to give up a strategic port to China.

Money and capital markets minister Nivard Cabraal said the government was hopeful of finalising a \$1.5-billion swap facility with China's central bank. "Within the next two weeks we should be able to finalise it," Cabraal told reporters in Colombo while maintaining that the funds would be used as a "buffer" to meet the government's foreign currency needs.

Official figures show Sri Lanka's foreign reserves plummeted to \$4.8 billion at the end of January.

**Beijing, Feb. 25:** President Xi Jinping on Thursday declared that China has scored a "complete victory" in its fight against poverty by lifting over 770 million people out of it in the last four decades, calling it another "miracle" created by the country that will go down in history. Absolute poverty has been eradicated in the world's most populous country. Xi announced while addressing a gathering held here to mark the country's accomplishments in poverty alleviation and honour its model po-

Relations between Germany and Russia have been buffeted by a growing list of issues in recent years. In October, the European Union imposed sanctions on two Russian officials and part of the GRU agency over a cyberattack against the German parliament in 2015. In addition, a Russian man accused of killing a Georgian man in downtown Berlin on Moscow's orders in 2019 is on trial in Berlin. And last year's poisoning of Russian opposition leader Alexei Navalny, flown to Germany for treatment and then arrested immediately after he returned to Russia, has added another layer of tensions. —AP

"But that backlog will take years if the administration does not take ambitious measures." A federal judge last year issued a ruling that all but lifted Proclamation 10052 by allowing temporary foreign workers to enter the United States if their employers are members of the US Chamber of Commerce or several other large organisations that represent much of the US economy. But Proclamation 10014 continued to block thousands of immigrants. Immigration lawyers said they were surprised Biden did not immediately lift the freeze like he did with Trump's travel ban imposed against people from mostly Muslim-majority countries. —AP

"The burden is real and it is significant. About one in 10 Covid-19 sufferers remain unwell after 12 weeks, and many for much longer," Kluge said. —AFP

**Beijing, Feb. 25:** President Xi Jinping on Thursday declared that China has scored a "complete victory" in its fight against poverty by lifting over 770 million people out of it in the last four decades, calling it another "miracle" created by the country that will go down in history. Absolute poverty has been eradicated in the world's most populous country, Xi announced while addressing a gathering held here to mark the country's accomplishments in poverty alleviation and honour its model po-

China has a population of around 1.4 billion. "No country has been able to lift hundreds of millions of people out of poverty in such a short time," Xi said. Xi said that all poor people in rural areas have been lifted out of poverty. With this, China has achieved the UN goal of poverty eradication 10 years ahead of the 2030 deadline he said. Over the past eight years, the final 98.99 million impoverished rural residents living under the current poverty line have all been lifted out of pov-

erty. All the 832 impoverished counties and 128,000 impoverished villages have been removed from the poverty list, he said. Since the launch of the reform and opening up in the late 1970s, 770 million impoverished rural residents have shaken off poverty when calculated according to China's current poverty line, he said. China has contributed to more than 70 per cent of global poverty reduction over the same period, Xi, also General Secretary of the ruling Communist Party of China, said. — *PTI*

Both parties support creating an independent investigation, but much of the consensus ends there, with Democrats demanding accountability for lawmakers who amplified Trump's falsehoods about the election. —AP

Pashinyan hit back with an accusation that top

He said the situation in the country was under control and that the military's call had been an "emotional reaction" to his firing the previous day of the deputy chief of the general staff Tigran Khachatryan. Khachatryan had

Prosperous Armenia and another opposition party, Bright Armenia, called for the holding of an extraordinary session of parliament.

"It was a bit like a 'Eureka' moment," said Panji Gusti Akbar, lead author of a paper on the discovery published Thursday in the journal *BirdingASIA*. "This bird is often called 'the biggest enigma in Indonesian ornithology.' It's mind-blowing to think that it's not extinct and it's still

living in these lowland forests.” Little is known about the creature with brown and grey feathers, which has been “missing” longer than any other Asian bird, according to the paper. Researchers hoped to go back to the area where it was recently spotted, but Covid-19 travel restrictions

"Discoveries like this are incredible and give us so much hope that it's possible to find other species that have been lost to science for decades or longer," said Barney Long, Global Wildlife Conservation's senior director of species conservation.

# HIGHWAYS DEPARTMENT

## LAND ACQUISITION OFFICER AND DISTRICT REVENUE OFFICER, NAMAKKAL.

Public Notice under Sub-Section (2) of Section 15 of Tamilnadu Highways Act – 2001 and Tamilnadu Highways Rules – 2003 Section-5

Date: 08.02.2021

**Doc. No. 4431/2021/H7**

Under sub-section (2) of section 15 of Tamilnadu Highways Act-2001(Tamilnadu Act 34/2002) notice is hereby given that the lands specified in the Schedule and Situated in the Village of **Reddipatti** in the taluk of Sendamangalam in the District of Namakkal are required for highways purpose, to wit for the formation of By-Pass road to Namakkal Town. All persons interested in the lands are accordingly required to lodge before the District Revenue Officer, Namakkal within thirty days from the date of Publication of this notice, a statement in writing of their objections, if any, to the acquisition of said lands.

Any objection / statement which is received after the date or which does not clearly explain the nature of the sender's interest in the lands liable to be summarily rejected.

Objections received within the due date, if any will be enquired by District Revenue officer, Namakkal, when the objectors will be at liberty to appear in person or by a person or persons authorized by him or them in this behalf or by a pleader and to adduce any oral or documentary evidence in support of their objections.

**SCHEDULE**

**Taluk : SENDAMANGALAM**

26 FEBRUARY 2021

## Disha bail order should set welcome precedent

The order of the additional sessions judge of Patiala House Courts, Delhi, granting bail to Bengaluru-based climate activist Disha A. Ravi, arrested for her alleged role in the preparation of a “toolkit” that the police claimed led to the violent incidents in the nation’s capital on January 26, has sought to right two wrongs. One, it has made a timely intervention and stopped the state from using legal tools to put dissenting citizens behind the bars for no end. Two, it has reassured the people that Article 19 (1) of the Constitution which guarantees the freedom of speech and expression has the strength to come to the aid of a legitimate dissenter.

The court demolished the Delhi police’s case by pointing out that it was devoid of material evidence to connect the activist with the case slapped on her; and more importantly, whatever she did was protected by the Constitution. The court found that the investigating agency which charged the activist with sedition has produced “not an iota of evidence” to link her with seditious or violent acts; and reminded the police that it cannot resort to “surmises or conjectures” to convince itself of the culpability of an accused. The “scanty and sketchy” pieces of evidence the agency has produced are not enough to send a 22-year-old young woman with absolutely blemish-free criminal antecedents to jail, it said. The strong words on the nature of the evidence were, in fact, a censure of the police, which went overboard picking up a citizen violating the Supreme Court’s guidelines and her basic rights.

The court made a series of observations on the citizen’s rights that a democracy would love the judiciary to assert and protect in the face of state assault. “Citizens are conscience keepers of the government in any democratic nation,” it said. “They cannot be put behind the bars simply because they choose to disagree with the state policies.” In a warning to the self-appointed “patriots” who miss no chance to threaten dissenters with the label “traitor” and the state which has a proclivity to slap sedition charge at the drop of a hat, the court said, “The offence of sedition cannot be invoked to minister to the wounded vanity of the governments.” The court observed that difference of opinion, disagreement, divergence, dissent, or even disapprobation, are recognised legitimate tools to infuse objectivity in state policies. If the Constitution was not enough, the judge referred to the nation’s 5,000-year old civilisation and the Rig Veda to remind everyone that we were “never been averse to ideas from varied quarters”.

It’s an irony that a government manned by people who have participated in the greatest freedom restoration movement in Independent India is resorting to suppressing voices of legitimate dissent. They should not ideally expect the nation to experience the silence of a graveyard when they go about implementing their agenda. They will face, to quote the judge, an “aware and assertive citizenry, in contradistinction with an indifferent or docile citizenry”, which is, “indisputably a sign of a healthy and vibrant democracy”. The refreshing thoughts must set in motion a process to free many more that are languishing in prisons facing similar charges.

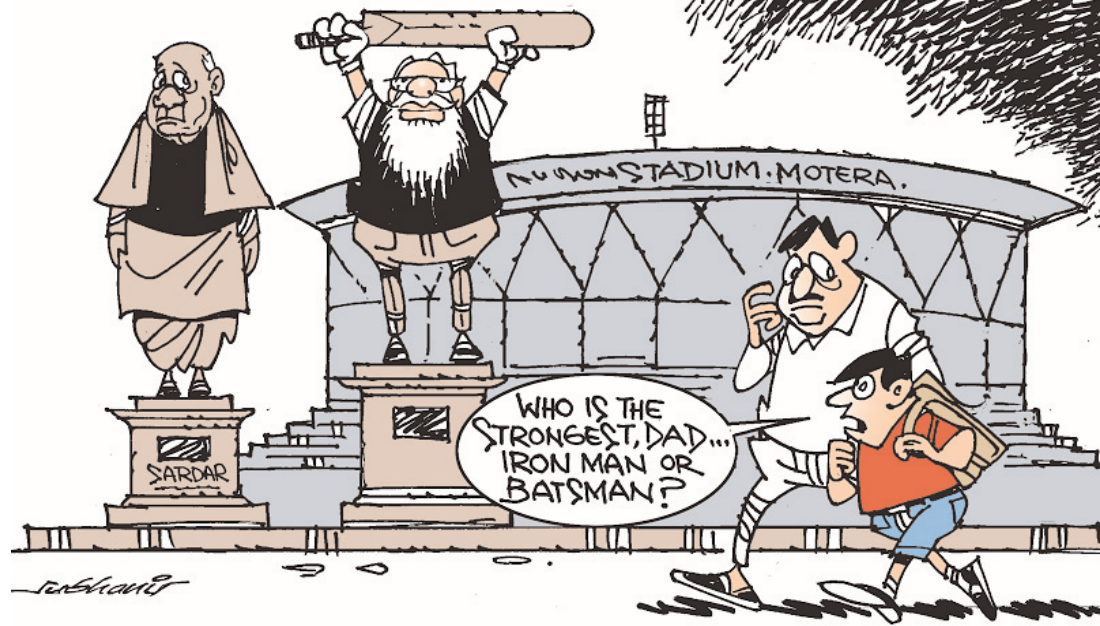

## An act of sycophancy

The Gujarat Cricket Association succumbed to the temptation of naming the stadium after the Prime Minister Narendra Modi. The cricket arena had many earlier monikers like Gujarat and Motera, besides having borne the name of a famous son of the soil in Sardar Vallabhbhai Patel.

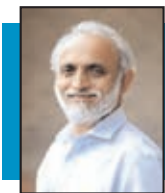

The baptism does break an unwritten law that no edifice should be named after a living person even if it seemed apt to honour a person who headed GCA in the long running Indian tradition of politicians getting themselves elected as presidents of cricket associations. The concept of a magnificent, cricket arena that cost more than ₹800 crores came from his grand vision and its creation was carried out by the other leading contemporary political personality, Union home minister Amit Shah, and his son who is the BCCI secretary. Donald Trump, as US President, even paid a ceremonial visit there just before the pandemic was declared in 2020.

The honour bestowed spontaneously and sentimentally on Narendra Modi is somewhat akin to India’s first Prime Minister Jawaharlal Nehru being awarded the Bharat Ratna by the first President Rajendra Prasad. But it does rankle considering this is a stadium named like this since the Maharashtra politician and chief minister S.K. Wankhede named one in Churchgate in Mumbai after himself in 1974. A second cricket stadium within a stone’s throw of historic Brabourne was owed to a clash of egos between Maharashtra Cricket Association and Cricket Club of India. The era of building an edifice of homage to members of one political family is thought to be well and truly over. And so the Congress playing the Sardar Patel card in criticism seems hypocritical now. The issue, however, is to do with the need for 21st-century India to evolve from a sycophantic, fetishist and neta-worshiping past.

Subhani

## Arrests on flimsy basis undermine democracy

Parsa Venkateshwar Rao Jr

It has been the bad practice and bad habit of the Indian police and criminal investigators to slap a mountain of charges against any accused in the hope that at least some, or even one, of them would stick. This amounts to indulging in slander in more than a legal sense. And this is what the Delhi police and its investigators have tried to do with the violence that erupted on January 26, 2021 when the farmers’ tractor parade went off the rails at some points. Instead of focusing on what went wrong during the tractor parade, the Delhi police went off on a tangent, distracted by the tweets of American pop singer Rihanna and teenage climate protester/warrior Greta Thunberg. Greta Thunberg put out a toolkit, retracted and put it back again. And it is here that Bengaluru climate activist Disha Ravi, 22, entered the picture. The Delhi police saw it as a good opportunity to nail the international linkages of the imagined conspiracy when they found the toolkit linkage between Ms Ravi and Ms Thunberg. The police discovered that Ms Ravi had a hand in the toolkit when she edited it for Ms Thunberg.

In the heightened atmosphere of the exaggerated nature of the petty violence that broke out at Red Fort on January 26, the reckless overreach of the police under the guidance of an authoritative Union home ministry came into play. The Delhi police went off to Bengaluru, arrested Ms Ravi and brought her to Delhi in total violation of all legal norms in a democratic polity. The courts did not

cover themselves in glory when the legal process was short-circuited in bringing Ms Ravi from Bengaluru to New Delhi as though this country was under martial law and no questions could be raised about the way the Delhi police went about hauling up an ordinary citizen in Bengaluru. The pusillanimity of the courts was further underscored when the police custody of Ms Ravi was readily granted for five days by duty judge Dev Saroha on February 14. This was the police riding roughshod over the law and the judge allowing it tamely. It is at the end of five days of police custody, two days of judicial custody and another day of police custody, with the police wanting to confront Ms Ravi with the other two accused, Nikita Jacob Shantanu Muluk, that she was finally granted bail and released.

The excesses committed by the cybercrime branch of the Delhi police should have been condemned by additional sessions judge Dharmender Rana. It was easier for him to excoriate the police on the serious charge of sedition that they brought against the young woman from Bengaluru. The judge tore into the flaky evidence on which they based their charge. It was necessary that the judge had said what he had about the innocuous toolkit and the laboured connect that the police wanted to make between the toolkit, Ms Ravi and the Poetic Justice Foundation (PJF). And he rightly pointed out that the PJF was not a banned organisation for

the police to charge Ms Ravi with having associated herself with an illegal entity.

Judge Rana could have avoided the homilies about pluralist Indian civilisation going back to the Rig Veda and rapped the police for creating a faux chargesheet. He did admit that the investigation was on, but the evidence produced by the police so far to oppose bail to Ms Ravi was paper-thin. But in times when the government is keen to spread the pall of fear by invoking demons who are less than paper tigers, Judge Rana seems to have found refuge in pious platitudes about democracy, liberty, and the right of the citizen to dissent. It would however be mistaken to get carried away by Judge Rana’s quiet protest. Something more serious is amiss in the police’s line of investigation into the violence of January 26. Traces of

“Khalistani” elements behind the three-month-old farmers’ agitation against the new laws brought by the Narendra Modi government has been the theme song of the government and the ruling party. It seems that the police just follows the lead of their political masters.

The “Khalistani” elements have been simmering beneath the surface for many years now, but it is quite clear that the farmers have nothing to do with them, and the people, whether Indian or foreign, who sympathise with the farmers’ agitation have nothing to do with them either. The government and the police are fully aware

that showing support for protesting farmers cannot be an offence and it cannot be deemed seditious. It is only by bringing in the “Khalistani” factor that people like Ms Ravi can be charged with a crime, and even if the charge fails, they can be defamed. It is in this diabolical bid to outlaw dissent and protest that the government and the Delhi police are committing the crime of undermining democracy.

The Disha Ravi case goes much beyond the Delhi police’s cyber-crime cell. It is a blatant misuse of the laws of the land. The police can claim that they investigate charges against people in good faith, and they nurse no animus against anyone. We can readily concede the point if they had gone about the investigation in a sober manner. They could have easily built up more evidence, they could have interrogated Ms Ravi in Bengaluru without the cheap theatrics of arresting her and bringing her to Delhi.

There is a clear need for the courts to rule clearly and loudly that the police have no right to arrest people as long as they are cooperating with the investigation, and there is no danger of the person absconding. In the case of Ms Ravi, it is self-evident that she would have cooperated with the police investigation. Arresting Ms Ravi was an attempt by the police to humiliate and intimidate her and make an example of her to other dissidents. This just cannot be allowed in a democracy. The powers of the police to arrest people and keep them in custody for 24 hours before they are brought before a magistrate for being remanded smacks of a police state. A citizen’s liberty cannot be left to the mercy of a policeman or police-woman.

The writer is a Delhi-based commentator and analyst

### LETTERS

#### SINO-INDIAN RELATIONSHIP

This is with reference to your editorial *Business trumps nationalism* (Feb. 25). You have given areas where both China and India are dependent on each other like heavy machinery, electronics, highways and pharmaceuticals. Since there is mutually agreed withdrawal of forces at eastern Ladakh, it is right time to normalise economic transactions which were in limbo for quite some time affecting the economies of both countries. Our armed forces must be ever vigilant at our borders and never yield to PLA tactics. In the larger interests of two populous Asian giants, they must work towards confidence building measures and allow the business to be brought back on even keel.

Parthasarathy Mandadi, Tirupati

#### VACCINATION DILEMMA

APPROPOS YOUR report *Vaccination for public set to start on March 1* (Feb. 25). As the central government has announced that vaccination for Covid-19 pandemic will be open to the public and commence from March 1, it will be highly appreciated if our Prime Minister and his Cabinet ministers could set an example to the public by vaccinating so that people would gain confidence on authenticity of the vaccine. While most of the people will be opting to be vaccinated at government hospitals since it is free of cost, one could imagine malpractices in drug dispensation. On the other hand, it will be a sure shot money making racket in private hospitals. It is pathetic to say that our country is so fraudulent in every sector and hence it is hard to gain faith in whatever is facilitated to the public through whichever scheme provided. At this juncture vaccination seems still to be a dilemma.

Jacqueline Netto, Chennai

#### KUDOS TO AXAR PATEL

MOTERA GROUND has become a happy hunting ground for spinners. The ball spun from day one in Narendra Modi Stadium and we enjoyed the spectacle of spinners reaping a rich harvest of wickets. Axar Patel did it in style and the Indian skipper Virat Kohli encouraged him by giving him the ball ahead of Ashwin and the move paid rich dividends. Thus, Axar Patel in his second match had a five-wicket haul and finished with 6 for 38. This reminds me of Bhagwat Chandrasekhar’s 6 for 38 at the Oval, which helped Team India win against England.

## India, America & China: Can ‘D-10’ forge new relationships?

Is Antony Blinken, US President Joe Biden’s secretary of state, preparing to abandon Barack Obama’s powder-puff Asian foreign policies? It is now widely agreed that Mr Obama, under whom Mr Blinken served as deputy secretary of state, ceded to China uncontested control of the South China Sea. Mr Obama’s so-called “pivot to Asia” was all talk and no trousers. Mr Blinken, who believes diplomacy must be “supplemented by deterrence”, may be about to implement a more aggressive foreign policy in Southeast Asia and elsewhere.

In his first speech as general secretary of the Communist Party of China in 2012, Xi Jinping made his intentions clear. He stated his commitment to “accepting the baton of history and continuing to work for realising the great revival of the Chinese nation in order to let the Chinese nation stand more firmly and powerfully among all nations”. President Xi’s international adventurism, under the umbrella of his “Belt and Road Initiative”, has been most evident in his illegal military occupation of the South China Sea, but it is a global strategy for domination which can be observed in Central Asia, the Indian Ocean, the

Middle East, Europe, even the Arctic.

How did Mr Obama respond? He did nothing. He issued platitudes. He vacillated over whether the Mutual Defence Treaty with the Philippines included the disputed South China Sea. By the end of his presidency, it was too late. And weakness in the South China Sea was undoubtedly an invitation for Mr Xi to push elsewhere on Mr Obama’s open door.

There are indications that the Biden administration will seek to construct alliances in Europe and Asia to contain the Chinese and Russian threats. As a former deputy secretary of state, Mr Blinken has long been President Biden’s point man on Europe and is known to be a long-time confidant. For a “multi-lateralist” who speaks fluent French, getting Europe onside will be important.

British PM Boris Johnson has been floating the idea of a “D-10” group: G-7 plus India, South Korea and Australia. Having finally decided to ditch Huawei, and persuaded by China’s crackdown on democracy in Hong Kong, the UK has thrown its hat into the “Stop China” camp. D-10 is a grouping that has some logic. By comparison,

Nato is undermined by the continuing membership of Turkey, now closely aligned with China. Even France’s President Emmanuel Macron said Nato was “brain dead”. But is the D-10 a credible base for an anti-Chinese containment strategy?

A containment strategy needs real military power. Besides the UK and France, the other European nations are largely window dressing. One suspects neither Mr Biden nor Mr Blinken have the cojones to initiate armed conflict to contest China’s already established military control of the South China Sea.

If Southeast Asia is lost, what next? China has already moved on to securing control of the Bay of Bengal, the Indian Ocean and Suez Canal trade routes. Burma is in China’s pocket. Bangladesh, with 165 million people, where in 2016 Mr Xi made the first state visit by a Chinese leader in 30 years, is being increasingly suborned by Chinese infrastructure investment and armaments. In the south, where the Bay of Bengal meets the Indian Ocean, China is entrenched. In 2018, China negotiated a 99-year lease for Sri Lanka’s Hambantota port and 15,000 adjacent acres — just off

India’s coast.

There’s the rub. For China’s Southeast Asia strategy is to contain India, which it sees as its long-term geopolitical rival. Although India lags a distant third to America and China in terms of aggregate GDP, it is also likely to overtake the US in 20 to 30 years. India already ranks fourth in the world in terms of aggregate military power.

As the world’s largest democracies, the United States and India should always be the best of friends. Yet US-Indian relations have rarely worked well. India’s first Prime Minister, Jawaharlal Nehru, rebuffed President Eisenhower; Nehru’s meeting with President Kennedy was a car crash. (Kennedy later admitted it was “the worst head of state visit I have had”.) Henry Kissinger described Indira Gandhi’s meeting with Richard Nixon as a “dialogue of the deaf”; even the normally polite Kissinger described Mrs Gandhi as “a bitch”.

Relations between American and Indian heads of government have later improved, but their substance has not. Mr Obama liked Dr Manmohan Singh but judging from his autobiography they do not seem

to have discussed much more than “progressive politics”. As for Prime Minister Narendra Modi, the ultra-nationalist Hindu head of the BJP, he is, like Donald Trump, a populist with a cult following. Mr Biden may well court Mr Modi too. Noticeably Mr Blinken, like Donald Trump, refers to Asia as “the Indo-Pacific” — a term that the Chinese government detests.

While the geopolitical interests of America and India are clearly in alignment, bringing them into a more formal arrangement may be difficult. India is proudly independent. It does things its own way, and its prickly relationship with the West remains.

While India — currently engaged in border skirmishes with China in the remote Himalayas — is fully aware of the Chinese threat, it may be difficult to lasso the country into a formal mutual defence relationship. The D-10 is one of those neat ideas that might look good in a state department or Foreign Office briefing but, given the difficulties of co-opting India and Germany, can it cut the mustard in the real world?

By arrangement with the Spectator

## SHORT TAKES

## Boxer Naveen makes semis

**New Delhi:** Naveen Boora (69kg) assured himself of at least a bronze by advancing to the semifinals while Manjeet Singh (+91kg) entered the quarters on an all-win day for Indian boxers at the 72nd Strandja Memorial Tournament in Sofia, Bulgaria. Boora defeated Brazil's Eravio Edson in his quarterfinal bout, prevailing 5-0 in the contest. Manjeet, on the other hand, got the better of Ireland's Gytis Lisinskas in his last-16 stage bout on Wednesday night. Earlier, Jyoti Gulia (51kg) upstaged two-time world champion Nazym Kyzaib of Kazakhstan to enter the quarterfinals along with two others. Gulia, a 2017 world youth champion, defeated the gold-winner from the 2014 and 2016 senior world championships. She will take on Romania's Perijoc Lacramioara in her quarterfinal bout later in the day. Another Indian to enter the quarterfinals on the second day was Bhagyabati Kachari. — *PTI*

## Para archers cruise into final

**Dubai:** Para-archers Rakesh Kumar and Shyam Sundar Swami set up an all-Indian men's compound open final after brilliant victories in the last four stage of the 7th Fazza Para Archery World Ranking tournament here. Jyoti Baliyan also cruised to the final in the women's event, defeating Russia's Dzhoieva Anastasia by a point (139-138). Thus, the archers have ensured at least two silver and a gold medal for the country in the individual events. In the semifinal match, Rakesh defeated Turkey's Aygan Erdogan 143-138.

## Guptill stars in New Zealand win

**Dunedin (New Zealand):** Veteran batsman Martin Guptill returned to form with a blistering 97 as New Zealand held on for a nail-biting win over Australia in the second Twenty20 international in Dunedin on Thursday. Guptill's Black Caps set Australia a challenging target of 220 after losing the toss but were made to sweat as Australia came within four runs of victory. Both sides took advantage of University Oval's short boundaries in a thrilling match that featured 30 sixes and 434 runs at an average of 10.9 an over. Marcus Stoinis starred for the Australians with 78 from 37 balls but Guptill's 97 from 50 laid the foundation for New Zealand's win. — *AFP*

**Brief scores:** New Zealand 219/7 in 20 overs (Guptill 97, Kane 53, K. Richardson 3/43) bt Australia 215/8 in 20 overs (Stoinis 78, Santner 4/31).

## AXARDHAM

## Patel hits back, makes Motera his own

**Ahmedabad, Feb. 25:** Left-arm spinner Axar Patel created an illusion of turn with 11 straighter deliveries that put India on the brink of the World Test Championship final with a 10-wicket demolition of England inside two days in the day-night third Test here on Thursday.

In only his second Test, Patel (15-0-32-5), with a match-haul of 11/70, relentlessly hit the good length area and hood-winked England batsmen, who played for turn only to find that there was none on offer from him.

The result was their lowest total against India — 81 all out in 30.4 overs leaving the hosts with a target of 49 which they achieved with minimum fuss taking a 2-1 lead in the four-match series.

At the other end, off-spinner Ravichandran Ashwin (15-3-48-4) was an ideal foil, becoming the fourth Indian bowler and second fastest in the world to complete a commendable milestone of 400 Test wickets with the dismissal of Jofra Archer.

Incidentally, after Afghanistan's debut Test in 2018 in Bengaluru, this was the second time that India won a Test match, well inside two days.

This was after England skipper Joe Root's fabulous career-best spell of 6-2-3-8-5 resulted in India's dramatic collapse from 114 for 3 to 145 all out.

India lost as many as seven wickets for only 31 runs after looking solid at 114 for 3 at one stage in the game but England lost all 10 in an entire session in which no pacer was seen in action.

Ironically, it was the non-turning deliveries from Patel that had the England's rank and file pressing the panic button as they pre-empted away turn every time.

Whether it was Zak Crawley, Jonny Bairstow or skipper Root, everyone lost the mind-game as Ashwin also joined the fun with records tumbling one after another.

When Patel sent back Ben Foakes, he became the first spinner to get 11 wickets in a pink ball Test match.

While a bowler might end up getting the man of the match, Rohit Sharma's 66 off 96 balls in the first essay was 24-carat gold given that other batsmen looked like sitting ducks. But Indian batsmen save Rohit did have a torrid time during an afternoon session when Root and Leach made their lives miserable.

Ajinkya Rahane was rapped on the pads as Leach fired one in and it was not much of an issue for umpire Nitin Menon to adjudge him leg before. — *PTI*

Axar Patel of India appeals for England's Zak Crawley's wicket during Day Two of their third Test at the Narendra Modi Stadium in Ahmedabad on Thursday. — *BCCI*

## SCORECARD

## England 1st innings: 112

**India 1st innings (Overnight 99/3):** Rohit Sharma lbw b Jack Leach 66, Ajinkya Rahane lbw b Jack Leach 7, Rishabh Pant c Foakes b Root 1, Ravichandran Ashwin c Zak Crawley b Root 17, Washington Sundar b Root 0, Axar Patel c D Sibley b Root 0, Ishant Sharma not out 10, Jasprit Bumrah lbw b Root 1. Extras (B-2, LB-2, W-1) 5. **Total (all out in 53.2 overs) 145. FoW:** 1-33, 2-34, 3-98, 4-114, 5-115, 6-117, 7-125, 8-125, 9-134.

**Bowling:** James Anderson 13-8-20-0, Stuart Broad 6-1-16-0, Jofra Archer 5-2-24-1, Jack Leach 20-2-54-4, Ben Stokes 3-0-19-0, Joe Root 6.2-3-8-5.

## NUMBERS GAME

**RAVICHANDRAN ASHWIN JOINS 400-WICKET CLUB IN TESTS:**

● Ravichandran Ashwin became the fourth Indian and 16th bowler overall to claim 400 wickets in Tests.

The off-spinner from Chennai reached this milestone by dismissing Jofra Archer, leg before, in England's second innings on the second day of the third Test match at Ahmedabad on Thursday (February 25).

● By achieving this feat in his 77th Test match, he is the second fastest after Sri Lankan Muttiah Muralitharan who took his 400th wicket in his 72nd Test match.

● Anil Kumble (619 wickets in 132 Tests), Kapil Dev (434 wickets in 131 Tests) and Harbhajan Singh (417 wickets in 103 Tests) are the other Indians to take 400 wickets before Ravichandran Ashwin.

● Joe Root recorded his best bowling performance by taking five wickets for eight runs in India's first innings. It was first time England skipper has taken five-wicket haul with his off breaks in any type of the game. His previous best in Tests was four for 87 against South Africa at Port Elizabeth in 2019-20.

● India slumped to their joint sixth lowest total against England at home by bowling out for 145 in 53.2 overs. India's lowest against England at home is 83 in 38.5 overs at Chennai in 1976-77.

● Jonny Bairstow became the eighth England batsman to receive ducks in the both innings of a Test match against India. He is only fifth England batsman to achieve this 'unwanted' feat on Indian soil.

● England were bundled out for 81 runs in 30.4 overs. It was first time when England were dismissed under 100 against India in Tests. Their previous lowest against India was 101 in 45.1 overs at The Oval in 1971.

● Axar Patel became the fourth Indian bowler to take 11 or more wickets in a Test match against England. His match figures of 11 for 70 is the fourth best in India against England.

## Shaw slams record score

**Jaipur, Feb. 25:** Mumbai captain Prithvi Shaw on Thursday became the highest individual scorer in Vijay Hazare Trophy national 50-over championships as he smashed an unbeaten 227 off just 152 balls to help Mumbai beat Puducherry by 233 runs in their Elite Group D game here.

The 21-year-old Shaw, who has played in five Tests and five ODIs, broke the earlier record of the highest individual score held by Sanju Samson (212 not out against Goa in 2019). Puducherry's decision to put Mumbai in to bat backfired badly as Shaw and Suryakumar Yadav (133 off 58 balls) toyed with their bowling attack at the Saiwai Mansingh Stadium and post a mammoth 457/4.

Prashant Solanki (5/48) then picked a five-for as Mumbai bundled out Puducherry for 224 to reg-

ister their third win on the trot.

Shaw and Yashasvi Jaiswal (10) added 58 runs for the first wicket to lay the foundation. After Jaiswal was dismissed, Shaw found an able partner in Aditya Tare (56, 7x4) as the duo stitched a 153-run stand for the second wicket. Suryakumar, who came in at No. 4, was in his elements, hitting 22 fours and four sixes. He and Shaw added 201 runs for the third wicket stand and helped Mumbai go past the 400 mark. — *PTI*

## BRIEF SCORES

■ Mumbai 457/4 in 50 overs (Prithvi Shaw 227 not out, Suryakumar Yadav 133; Pankaj Singh 2/79) beat Puducherry 224 (Damodaran Rohit 63; Prashant Solanki 5/48)

■ Himachal 251/8 (Nikhil Gangta 100 not out, Kulwant Kherjoliya 2/30) lost to Delhi 252/4 (Kshitiz Sharma 67 not out, Lalit Yadav 52 not out).

Mumbai's Prithvi Shaw celebrates his double century against Puducherry in the Vijay Hazare Trophy match at Saiwai Mansingh stadium in Jaipur on Thursday.

## STATE SQUASH CHAMPIONSHIP

## SANDHESH, ASHWIN STORM INTO SEMIS

**DC CORRESPONDENT**  
CHENNAI, FEB. 25

PR Sandesh and Ashwin Ganesh stormed into the semifinals in the U-17 section of the state closed squash championship at the Indian Squash Academy on Thursday.

## RESULTS

**Boys U-15:** Round of 16: Arihant Ks (1) bt Shravin Jain 11-0, 11-2, 11-1. Ijaz Mohammed bt Meyyappan P 11-1, 11-2, 11-2. Darshil Parasrampur bt Aravind R 11-0, 11-6, 11-4. Rahul Rathnavel bt Aarush Rajagopal 11-4, 11-0, 11-6. Sandhesh Pr bt Adithya 11-1, 11-3, 11-5. Paygon bt Advait 11-7, 11-4, 11-3. Jai Murlikanna bt Anbarasan 11-1, 11-2, 11-3. Aakash Kannan bt Dheer Hirani 11-6, 11-6, 11-6.

## Moody's sees 13.7% growth in India next fiscal

The Indian economy is expected to clock a growth of 13.7 per cent in FY22, registering a strong rebound from a 7 per cent contraction this fiscal, Moody's Investors Service said. Moody's had in November projected 10.6 per cent contraction in the current fiscal and 10.8 per cent growth in 2021-22.

## Country scores in digitalisation &amp; connectivity

## India top over-performer in frontier technologies

**SANGEETHA G**  
CHENNAI, FEB. 25

India is the top "over-performer" in terms of readiness in using, adopting and adapting frontier technologies like artificial intelligence, big data, block chain and robotics, as per the Unctad global index.

The global index rates 158 countries on their readiness for frontier technologies based on five building blocks: information and communication technologies (ICT) deployment, skills, research and development (R&D), industry activity and access to finance. Frontier technologies are those that take advantage of digitalisation and connectivity. They include artificial intelligence (AI), the internet of things, big

data, block chain, 5G, 3D printing, robotics, drones, gene editing, nanotechnology and solar photovoltaic.

The Unctad report finds that a few developing nations are exhibiting stronger capabilities to use, adopt and adapt frontier technologies than their per capita GDPs would suggest.

"The greatest over performer is India, whose actual index ranking was 43, while the estimated one based on per capita

income was 108. Hence, India over performed by 65 ranking positions. It is followed by the Philippines, which over performed by 57 ranking positions," says the United Nations Conference on Trade and Development. Over-performance is measured as the difference between the actual index rankings and the estimated index rankings based on per capita income. Ukraine, Vietnam and China are also in the top five over-performers.

Outliers like India and China exceeded expectations by performing well for R&D. This reflects their abundant supplies of qualified and highly skilled human resources available at a comparatively low cost. They also have large local markets, which attract investment

by multinational enterprises. In China, the progress is partly a reward for spending 2 per cent of GDP on R&D.

The Philippines has a high ranking for industry, reflecting high levels of foreign direct investment in high-technology manufacturing, particularly electronics. Multinational enterprises are attracted by the country's strong supply chains and solid base of parts manufacturing. The country also has pro-business policies along with a skilled, well-educated workforce and a network of economic zones.

As per the global index, economies in Northern America and Europe are most ready for frontier technologies while those least ready are in sub-Saharan Africa.

on the points table, which is now led by India with 71 percentage points," the ICC stated.

"England are out of the race for a place in the final of the ICC World Test Championship after losing the third Test against India in Ahmedabad," it added.

England needed to win the four-match series 3-1 to play the June 18-22 final. New Zealand are assured of a place in the final with 70 percentage points.

If India lose the final Test then Australia will sneak in to make the final. — *PTI*

**KIEL PORTER & CRYSTAL TSE**  
FEB. 25

Blank-cheque companies, flush with cash and on the hunt for a private business to take public, have started adding corporate carve-outs to their list of potential purchases.

The surge in special purpose acquisition companies (Spacs), which have raised more than \$137 billion over the past 12 months, has set off a global search for suitable targets—usually startups with little revenue or mature companies sitting in private equity portfolios. Now Spacs are also looking at divisions of public companies, with an eye on those that have the potential to be carved out as standalone businesses.

Publicly traded Ireland-based packager Ardagh Group SA on Tuesday agreed to sell its beverage company unit to a blank-cheque company backed by finan-

cier Alec Gores. The transaction valued the can business at \$8.5 billion, including debt, making it the biggest Spac deal involving a corporate carve-out since the surge began, according to data compiled by Bloomberg.

This type of transaction could become popular as more blank-cheque firms move to the deal-making stage of their life cycle, crowding the market with suitors looking for a transaction.

"It's a pretty sizable deal," said Christopher Anthony, a partner at Debevoise & Plimpton LLP. "It'll be interesting whether this gets on people's radar and stokes interest for this type of transaction."

US-based Eventbrite Inc's co-founder Kevin Hartz, whose Spac on Wednesday announced a \$2.1 billion deal to merge with Markforged Inc, said that a public-company spinout was among the targets it reviewed before choosing

the manufacturer of 3D printers.

"Spacs have the ability to offer a path to liquidity not just for standalone-type private companies, but also public companies," Hartz said.

While blank-cheque companies have circled carve-outs before, some haven't made it to the finish line. Hartz said it's easier to complete a deal with a private company than a spinout entity, whose financials and accounting functions must be separated from its parent.

Michael Klein's Churchill Capital Corp IV, months before it announced a deal with Lucid Motors Inc, held talks with AT&T Inc about acquiring a part of satellite provider DirectTV.

Some do succeed. Intercontinental Exchange Inc in January said it would list its cryptocurrency platform Bakkt Holdings LLC through a Spac in a deal that valued the unit at \$2.1 billion. — *Bloomberg*
