Amit Shah discharged from AIIMS

New Delhi: Union home minister Amit Shah, who recently recovered from Covid-19 and was admitted to AIIMS for a complete medical checkup, was discharged on Thursday evening, officials said. He was admitted to the premier hospital on September 12. The home minister has been discharged from AIIMS, an official said.

45,222 kids treated for Covid-19

Chennai: In government hospitals and government medical college hospitals all over the State, 45,222 children were successfully treated for Coronavirus even as treatment for other ailments continued uninterrupted, Health Minister C Vijaybaskar said. In a statement on Thursday, he said 944 children were treated at the Egmore Children's Hospital and of that but for 455 who came with Covid-19 symptoms.

Women, kids advised to move to safer places along LAC

VIKRAM SHARMA | DC
HYDERABAD, SEPT. 17

As India and China continue to be locked in a stand-off along the Line of Actual Control in Ladakh and a “war-like” intent being displayed by China, massive deployment of forces and increased supplies of arms and ammunition are not the only preparations underway in India.

In a clear indication of the tense situation prevailing between the two countries, residents, particularly women and children, of at least five border villages

along the LAC in Uttarakhand have been advised to go to safer locations — a first since the 1962 war with China. For the villages in Dharchula of Pithoragarh district in the hill state, not one but two enemies are at their doorstep — China and Nepal. Sources in Dharchula disclosed to *Deccan Chronicle* that the local administration had recently issued an advisory to the gram pradhans, or village heads, of the border villages of Kuti, Nabhi, Raung Kong, Napalachchu and Gunji, advising them to move the women and children from the respective vil-

lages due to the grave situation along the border.

The move comes even as the Army and ITBP soldiers are being deployed ahead of these villages in large numbers. The villages, located at an altitude of over 10,000 feet, are not very far away from Mount Kailash, close to where the People's Liberation Army of China is said to have deployed surface-to-air missiles.

People belonging to these villages live there for about six months, between May and November. Once the winter gets harsh when temperatures fall below minus-20°

Celsius, they move to the lower reaches in Dharchula town by November or December. The five villages are located a few kilometres from the tri-junction between India, China and Nepal.

“The villagers have been informed about the advisory and some of them are packing up and will leave soon. We have requested that women and children be sent down as early as possible. In case the situation takes a turn for the worse, most men have decided to stay back and assist the Army and the ITBP,” one of the village heads told this newspaper. ■ P4

Modi@70:
B'day wishes pour in for PM

Moscow/London, Sept. 17: Russian President Vladimir Putin, British Prime Minister Boris Johnson and German Chancellor Angela Merkel were among the world leaders who extended greetings to Prime Minister Narendra Modi on his 70th birthday on Thursday and lauded his personal contribution to the strengthening of ties with their countries.

Prime Minister Modi, born on September 17 in 1950, turned 70 on Thursday. In a letter to Modi, Putin praised him and said his activity as India's head of the government has earned him the well-deserved respect of compatriots and high international prestige. —PTI

RCB players to honour Covid heroes by wearing tribute jersey through IPL

Dubai, Sept 17: Royal Challengers Bangalore players will sport the jerseys with the “My COVID Heroes” written on them all through the IPL to pay tribute to all those on the front-line in the battle against the pandemic.

The slogan honouring the “COVID Heroes” will be printed on the back of the playing as well as the training jerseys, the team announced on Thursday. “RCB will also be supporting GiveIndia Foundation by donating the proceeds from the auction of the jerseys that players wear during season's first RCB match,” read the statement. The virtual launch was attended by RCB chairman Sanjeev Churiwala, skipper Virat Kohli, Parthiv Patel and young opener Devdutt Padikal.

“Royal Challengers Bangalore has always stood for playing bold in the face of adversities, and we believe that right now these Covid Heroes are embodying this purpose by relentlessly fighting for the greater good. “Humanity is going to be grateful to them for many generations to come and through this campaign, we wanted to be among the first to pay tribute to their challenger spirit both on and off the field,” said Churiwala. —PTI

HC seeks Centre's stand on Rakul's plea against media

New Delhi, Sept. 17: The Delhi high court Thursday sought the Centre's reply on actor Rakul Preet Singh's plea to stop media reports from connecting her with the Rhea Chakraborty drug case and said leaks to the media need to be investigated as “someone's reputation is totally destroyed by this”.

No force can stop Indian Army from patrolling: Defence minister

DC CORRESPONDENT
NEW DELHI, SEPT. 17

Union defence minister Rajnath Singh asserted in Rajya Sabha on Thursday that no power on earth can stop the Indian Army from patrolling.

“Patrolling patterns are traditional and well-defined. No force on earth can stop our soldiers from patrolling and our soldiers have sacrificed their lives for that. There will be no change in the patrolling pattern,” Mr Singh said in response to a question from former defence minister A.K. Antony about the dispute with China at the Line of Actual Control (LAC) in Ladakh. “Face-offs happened

● **“China “provocative military manoeuvre” on August 29/30 in an attempt to change the status quo on the south bank area of Pangong Lake in Ladakh region at a time when the two sides were engaged in military and diplomatic talks to de-escalate tensions,” the defence minister said**

because patrols were interrupted,” he said, adding that he cannot share more details due to operational sensitivities.

Noting that there is a mismatch between what China says and does, Mr Singh said, “Unki kathani aur karni alag

hai (Their actions are at variance with their words).”

China, the defence minister said, made “provocative military manoeuvre” on August 29/30 in an attempt to change the status quo on the south bank area of Pangong Lake in Ladakh region at a time when the two sides were engaged in military and diplomatic talks to de-escalate tensions.

He also apprised the House that China continues to be in illegal occupation of about 38,000 square kms of Ladakh. Besides, it also holds 5,180 sq km of Indian territory in Pakistan-occupied Kashmir that Pakistan had illegally ceded in 1963.

BLACK FLAG PROTEST

Anti-NEP demos in 1,000 places

Chennai: Representatives of several organisations from across the state have come together as a single platform under the name of oppressed people's collective, held protests across TN against the New Education policy on Thursday, on the 142 nd birth anniversary of Thanthai Periyar. The members from Dalits and Ambedkariate movements, Periyarist movement and mass organisation of CPIM held demonstrations in more than 1,000 places across Tamil Nadu wearing black batches and holding black flags, against the New education policy. ■ P2

3 Hizb militants, woman killed, CRPF officer hurt in Srinagar gunfight

YUSUF JAMEEL | DC
SRINAGAR, SEPT. 17

Three Hizb-ul-Mujahideen militants and a 45-year-old woman resident were killed and a CRPF officer was injured in a predawn gunfight in Srinagar's Batamallo quarter on Thursday.

The house in which gunmen had been holed up was damaged in the final assault of the security forces during which small and medium weapons were used, the police sources and witness said.

The slain militants have been identified as Zakir Ahmad Paul, Ubair Mushtaq Bhat and Adil Hussain Bhat—all local Kashmiris from militancy-infested southern Kulgam-Shopian-Pulwama districts. The police claimed that they were involved in several attacks in Srinagar City and South Kashmir.

A security official tries to stop protesters from throwing stones on them after an encounter with militants at Batamallo in Srinagar on Thursday. — PTI

No substantial improvement in disposal of criminal cases against lawmakers: SC

New Delhi, Sept. 17: There has been “no substantial improvement” in disposal of pending criminal cases against sitting and former lawmakers, the Supreme Court has said, directing chief justices of high courts to submit an action plan for rationalisation of special courts to deal with these matters.

The apex court, which emphasised on the need for expeditious disposal of criminal cases against former and sitting elected representatives, observed that as legislators are “repositories of the faith and trust of their electorate” there is a necessity to be aware of their antecedents.

“Ensuring the purity of democratically elected institutions is thus the hallmark of the present proceedings,” a bench headed by Justice NV Ramana said in its Wednesday's order uploaded on Thursday. “However, despite all the

● **The bench said that one of the main objectives behind issuing notice in the petition and various orders passed by the court from time to time was to ensure that criminal prosecutions against elected representatives are concluded expeditiously**

initiatives taken by this court in the present petition, there has been no substantial improvement in the situation when it comes to the disposal of pending criminal cases against sitting/ former legislators (MPs and MLAs),” said the bench, also comprising Justices Surya Kant and Hrishikesh Roy. The top court passed the order in a petition which was filed in 2016 and raised the issue of inordinately delay in disposal of criminal cases against former and sitting lawmakers.

The bench said that one of the main objectives

behind issuing notice in the petition and various orders passed by the court from time to time was to ensure that criminal prosecutions against elected representatives are concluded expeditiously.

“The court was of the opinion that such special consideration was required not only because of the rising wave of criminalisation that was occurring in the politics in the country, but also due to the power that elected representatives (sitting or former) wield, to influence or hamper effective prosecution,” the bench said. —PTI

Competition for college students in TN

DC CORRESPONDENT
CHENNAI, SEPT. 17

The Public Relations Society of India (PRSI), Chennai Chapter, is organising a State Level virtual competition for college students in Tamil Nadu with a view to promoting their varied skills.

The competitions would be in writing, photography and posters. Three winners in each category will be awarded cash prize of ₹5,000, ₹3,000 and ₹1,000 each, apart from a citation.

The topics for the competition are as follows: Poster: Positives from Covid-19, Photography: Make the World a Better Place and Essay: Impact of Online School Education in India (300 words in English)

Students in the age group of 18 to 15 can upload their work on <https://forms.gle/omtqCXMeDmStpV4e9>

Relief for roadside vendors

DC CORRESPONDENT
CHENNAI, SEPT. 17

The Chennai corporation has asked registered roadside vendors who had not yet received the ₹1000 relief announced by Chief Minister Edappadi K. Palaniswami to furnish the necessary details with the zonal offices and avail of the benefit.

In a press release, corporation commissioner G. Prakash said of the total 27,195 registered roadside vendors, 14,633 of them had been paid the relief of ₹1,000 twice. The amount had been credited to their bank accounts, he said. Those who had not yet availed of the benefit could provide a Xerox copy of the identity card issued to them by the Corporation, mobile phone number and bank account details to the zonal offices, he said.

Free power connections under Tatkal

DC CORRESPONDENT
CHENNAI, SEPT. 17

Electricity minister P. Thangamani announced a Tatkal scheme for farmers seeking free electricity connection to their pump sets, under which farmers who are in the waiting list can pay the specified amount depending on the power of their motors and get the connections. An official press release said that the amount to be paid was ₹2.5 lakh for five horsepower (HP) motors, ₹2.75 lakh for 7.5 HP, ₹3 lakh for 10 HP and ₹4 lakh for 15 HP.

Lankan gangster died of heart attack: CBCID

Coimbatore, Sept. 17: The death of Sri Lankan gangster, Angoda Lokka, was due to heart attack and no foul play was involved, findings of the post-mortem, chemical examination and histopathology reports have revealed, according to CBCID sources. Lokka died here on July 3 in a private hospital, following chest pain and the body after autopsy was shifted to Madurai and cremated the next day. Suspecting foul play, three people were arrested on charges of getting Lokka an Aadhaar card in the name of Pradeep Singh. After taking over the case, CBCID concentrated on two aspects whether the deceased was really the gangster and how documents were forged to get the Aadhaar card for him by the trio. The examination reports, including histopathology, received from Chennai, revealed that there was no finding of poisoning or anything indicating unnatural death and the death was natural one and due to heart attack, CBCID sources said. With suspected foul play ruled out, the investigating agency will now focus on the next case of forging documents to get the Aadhaar card and harbouring the fugitive-gangster, the sources added.

Gov leads the state in greeting Modi

DC CORRESPONDENT
CHENNAI, SEPT. 17

Governor Banwarilal Purohit, Chief Minister Edappadi K. Palaniswami, Deputy Chief Minister O. Panneerselvam and leader of the Opposition M K Stalin were among the leaders in the state who extended their greetings to Prime Minister Narendra Modi on his 70th birthday on Thursday.

While wishing long life to the Prime Minister, the Governor stated that “India is making rapid strides under your visionary leadership and taking

On the joyous occasion of your birthday, I would like to convey my warm wishes to you for a wonderful year ahead. I pray that the Almighty may grant you many more years of good health and strength to serve our nation: Nawab Mohammed Abdul Ali, Prince of Arcot

its rightful place in the comity of nations. Your leadership along with dedication and pragmatic approach in serving the nation and innovations in administration have laid a strong foundation for

India to emerge as a global leader. May God the Almighty bless you with happiness, good health and many more years of dedicated service to the nation.”

“On the joyous occasion of your birthday, I would like to convey my warm wishes to you for a wonderful year ahead. I pray that the Almighty may grant you many more years of good health and strength to serve our nation,” said the Chief Minister.

Panneerselvam wished the Prime Minister good health and success in his goal of taking the nation

to unprecedented heights. “May you have a long life with good health and continue your service to the nation,” Stalin said.

“I wish him, many more years of good health, happiness and strength to do wonders in his public life and also to successfully serve our people & nation in the years to come,” said PMK founder, Dr S Ramdoss in his tweet. Makkal Needhi Maiaam founder Kamal Haasan wished the Prime Minister the best of health, happiness and strength to pull the nation through these tough times.

Patient saved from post-Covid respiratory failure

DC CORRESPONDENT
CHENNAI, SEPT. 17

A 58-year-old patient from Chennai who was detected with post-Covid respiratory failure was successfully treated at the Gleneagles Global Health City through ECMO (Extracorporeal Membrane Oxygenation).

A press release from the hospital said the patient developed fever and breathing difficulty in the month of July and underwent treatment for severe Covid in a neighbourhood hospital for 14 days.

He was discharged with RTPCR negative and after a couple of weeks his blood oxygen levels continued to drop below a critical level and he was referred to Gleneagles Global Health City for progressive respiratory failure and severe lung injury.

Due to persistent low oxygen levels despite conventional methods, the clinical team put the patient on ECMO support for 16 days. On the 18th day the patient was weaned from ECMO and the 20th day was weaned off ventilator support.

The team of medical experts spearheaded by Dr Govini Balasubramanian, Dr Subramanian Swaminathan, Dr Rajavel, Dr Sivasailam & Dr Suresh aided in the incredible recovery of this patient.

Diverse views on Stalin's Neet claims

ARULOLI M | DC
TIRUNELVELI, SEPT. 17

DMK president M K Stalin's promise to do away with the National Eligibility-cum-Entrance Test (Neet) if the DMK captures power, is likely to help him politically in the Tamil Nadu 2021 assembly elections, but is alleged to be an impossible task.

Though the DMK argues that the state has the power to make laws on matters enumerated in the concurrent list of the seventh schedule of the Indian Constitution, according to Article 246, a d v o c a t e Girinivasaprasad, says that the state-enacted legislation if fully inconsistent to the Central Act enacted by the parliament on the same subject, would become null and void in view of the repugnancy according to Article 254(1) of the Constitution.

It is under this point that the Tamil Nadu admission to MBBS and BDS courses bill, unanimously passed by the Tamil Nadu legislative assembly in 2017, exempting medical aspirants from Tamil Nadu from taking Neet was not given president's assent, said Girinivasaprasad. He also pointed out a similar ruling by the Supreme Court in the M Karunanidhi versus Union of India case in 1979.

Another advocate T. Kamaraj, also deputy president of OBC wing, Tamil Nadu Congress

Stalin rebuts CM's charge in Assembly

DC CORRESPONDENT
CHENNAI, SEPT. 17

Two days after the Chief Minister and the health minister openly accused the DMK of being the root cause for the introduction of Neet in the Assembly, the DMK president came out with a statement on Thursday to prove that the DMK had been opposing Neet right from the beginning.

Listing seven allegations leveled by the Chief Minister and others on the floor of the House, Stalin debunked each one of them point by point, giving the details of the incidents with dates.

One of the answers is for the question, which was also raised on the floor directly to Stalin, as to how he would get exemption for Tamil Nadu from Neet. Though

committee, however, opined that DMK president M K Stalin's claim need not be brushed aside as an impossible task, as the Constitution of India also has provided exemption to retain State legislation even it is inconsistent to a Central Act.

Quoting Article 254(2) in his support, which allows State law to prevail under certain special circumstances despite the doc-

Listing seven allegations leveled by the Chief Minister and others on the floor of the House, Stalin debunked each one of them point by point, giving the details of the incidents with dates

Stalin had given a reply in the House, his statement on Thursday had a more detailed strategy.

Through the replies to the questions, Stalin sought to prove that it was the AIADMK that was instrumental for the introduction of Neet, particularly with its MPs in both the Houses of Parliament not voting against it. The statement said that the ruling had hurled false allegations against the DMK and it was disproving all of them.

trine of repugnancy if the President of India gives his assent to the law, Kamaraj said that being the president of the biggest and traditional Dravidian movement, M. K. Stalin must have plans for a mass upsurge against Neet, and thereby, create a political compulsion for the Centre to obtain President's assent for an anti-Neet legislation.

CM inaugurates Vandalur, Pallavaram flyovers

DC CORRESPONDENT
CHENNAI, SEPT. 17

Chief Minister Edappadi K. Palaniswami on Thursday inaugurated the new flyovers at Vandalur and Pallavaram.

The flyovers, one at the Vandalur-Kelambakkam-Mambakkam junction and the other at Pallavaram GST Market road-Kundrathur junction were completed recently.

To avoid traffic congestion at the Vandalur-Kelambakkam junction, then Chief Minister J. Jayalalitha gave orders for construction of a flyover.

The work for the Vandalur flyover and the one at Pallavaram began in 2016.

The 700-meter-long Vandalur flyover (₹ 55 crore) has six-way paths on either side. The Pallavaram flyover (₹82.66 crore) has three-way paths.

The 1.53-kilometre-long flyover on GST Road at the Pallavaram junction intends to ease traffic and enable safe travelling for motorists.

The Pallavaram flyover was scheduled to open in May 2018, while the one at Vandalur was to be over by June 2019. But various factors delayed construction before the outbreak of Covid-19 pandemic led to the exodus of guest workers.

On Thursday, the Chief Minister also inaugurated groundwork for two U-

shaped flyovers to come up at Tidel Park junction and Indra Nagar junctions on the OMR road. A sum of ₹108.13 crores have been set aside for this.

Talking about the progress of other projects, the Chief Minister said the Koyambedu junction flyover, being constructed on a budget of Rs 93.50 crore, is in progress with plans to open it for public use by December 2020.

He also informed that the Medavakkam flyover (₹146.41 crore), Keelkattalai flyover (Rs 64 crore), Thiruvottiyur-Ponneri-Panjatti flyover (₹58.64 crore) and Tambaram Arial walkway (₹19.75 crore) are in different stages of completion.

Sasikala's return will be inconsequential: Min

DC CORRESPONDENT
CHENNAI, SEPT. 17

Fisheries minister D Jayakumar said on Thursday that the release of V K Sasikala from jail would not affect the functioning of the AIADMK in any way.

It was the media that was making a fuss over her impending release, he said when the media sought his views on various developments even as he was leaving after paying floral tributes to Periyar E V Ramasamy, whose birth anniversary was observed as a government function, at Anna

Salai.

Asked if any alliance partner of the AIADMK would leave when the time came for the next elections, Jayakumar said no party would leave the alliance and there were only chances of more parties joining in.

Describing the DMK as a party of contradictions, he said when the earlier session of the Assembly was in progress, they wanted it to be adjourned and now when the short session was convened they wanted it to be extended to more number of days.

Farmer's G-day meet

Thanjavur: The farmers grievances day meet will be held via video-conferencing here on Friday. Collector M Govinda Rao will interact with the farmers who would attend it from the offices of the respective assistant directors, agriculture, from various places in the district. “All arrangements have been made for the meeting, and farmers can participate in compliance to corona prevention measures like wearing face masks, maintaining social distancing and washing hands with sanitisers,” the collector said.

Siblings die in accident

Tiruvavur: A 26-year-old youth and his 21-year-old sister were fatally knocked down along with their two-wheeler by a speeding lorry at Vadapathy village near Mannargudi, on Thursday. The deceased were identified as S Anandaraj and his sister Abinaya of Ollimathi.

Periyar at the old bus stand, the new bus stand and Vallam, to observe the 142nd birth anniversary of the leader. PMIST dean P V Srividya and Research head Dr Kumaran led the students and teachers in garlanding the EVR statue near the old bus stand. DMK members led by Thiruvaiyaru MLA Durai Chandrasekaran, garlanded the Periyar and Anna statues at the old bus stand.

Periyar remembered on his birth anniversary

R VALAYAPATHY/
G. SRINIVASAN | DC
TIRUCHY/THANJAVUR, SEPT. 17

Leaders of various political parties garlanded the statue of Periyar EVR statue at Tiruchy, Karur, Perambalur, Ariyalur, Pudukkottai, Tiruvavur and Nagapattinam districts on Thursday to commemorate the leader's 142nd birth anniversary. In some places in the central dis-

tricts, floral tributes were paid to the late leader's portrait.

In Tiruchy, DMK principal secretary KN Nehru and a group of partymen garlanded the EVR Periyar statue near the Central bus stand. Later, talking to newsmen, Nehru accused the Centre of threatening the people like actor Suriya with income tax department raids, merely because they had made

anti-NEET remarks.

As far as Neet is concerned, Nehru said, “The Tamil peoples' ideology way (Kolkai Vazhi) will win and added that it was incorrect to state that the then DMK government had permitted holding of NEET. Those who blame the DMK in this regard, never speak about the permission granted for Sterlite at Tuticorin by the Jayalalitha-led AIADMK

government.”

Referring to the PM's Kisan Samman scheme scam, Nehru said the DMK wants the entire scandal amount to be recovered and distributed to genuine farmers.

Meanwhile, students, teachers and staff of Periyar Maniammai Institute of Science and Technology deemed to be university (PMIST), in Thanjavur, garlanded the statues of EVR

Periyar at the old bus stand, the new bus stand and Vallam, to observe the 142nd birth anniversary of the leader.

PMIST dean P V Srividya and Research head Dr Kumaran led the students and teachers in garlanding the EVR statue near the old bus stand. DMK members led by Thiruvaiyaru MLA Durai Chandrasekaran, garlanded the Periyar and Anna statues at the old bus stand.

ICT will help improve quality of agri produce: Nabard chief

DC CORRESPONDENT
CHENNAI, SEPT. 17

There is an urgent need to bridge the gap between agriculture research and farmers, stressed Dr G R Chintala, Chairman, NABARD. While speaking on an occasion organised by National Agro Foundation (NAF) at Chennai, he suggested that Information and Communication Technologies (ICT) such as blockchain technologies could be effectively used not only to improve the quality of agri produce but also to promote export. He emphasised that agencies like NAF with a nationalistic outlook should play key roles in bridging the research-extension gap and see to that the farmer gets benefited with adequate infor-

G.R. Chintala

mation, linkages and support as a package. In order to ensure sustainable food security, focus must be on development of environmentally sensitive cultivars and management practices, and market driven production systems, he added.

A presentation on KANCHI (Kisan Advancement through Cashless Innovation), an innovative digital platform for Farmer Producer Organizations (FPOs) developed by NAF was made to him. He also advised that innovations

like KANCHI needs to be scaled up while visiting the Comprehensive Soil Health Diagnostic Center and Food Safety and Quality lab of NAF at Taramani.

Mr S Selvaraj, Chief General Manager, NABARD, Chennai said NABARD has been working closely with agencies like NAF on watershed and FPOs for the past 15 years and said that this not only needs to be continued but also to be expanded to newer geographies. Mr S S Rajasekar, Managing Trustee, NAF recalled the evolution of Green Revolution in India spearheaded by NAF Founder Shri C Subramaniam and added that NAF will continue to serve the farming community for addressing emerging challenges faced by the farmers.

SHORT TAKES

2 BOYS BEAT MOTHER TO DEATH IN ODISHA

AKSHAYA KUMAR SAHOO | DC BHUBANESWAR, SEPT. 17

Two minor boys, apparently fed up with continuous torture, beat their mother to death in an apartment at Sundarpada under Airfield police station here on Wednesday night. The deceased was identified as Binodini Mishra.

An altercation reportedly broke out between the mother and her sons late Wednesday night over some family issue.

In a fit of rage, the two minor boys aged 12 and 15 years started beating Binodini, 40, with an iron rod killing her on the spot.

Later, they kept the body in the bathroom and went outside after locking the flat. On Thursday morning, the security guard of the apartment called up Airfield police, who reached the spot and found the body lying in the bathroom.

The police seized the body and sent it for post-mortem.

The cops also detained the two accused for interrogation.

Police sources, quoting the boys, said the deceased had been torturing her children under the influence of liquor. Fed up with this, the two children beat their mother to death. The deceased's husband, an employee posted in Rourkela, was informed about the incident.

BSY IN DELHI TO DISCUSS CABINET EXPANSION

New Delhi, Sept. 17: Karnataka Chief Minister B.S. Yediyurappa arrived in the national capital on Thursday to discuss cabinet expansion in the state with the BJP top brass.

During his two-day visit, the chief minister is scheduled to call on Prime Minister Narendra Modi, BJP national president J.P. Nadda as well as Union Ministers to discuss the state's issues.

"I have come to Delhi to discuss with several Union Ministers about developmental works of the state. At the same time, I will also discuss the cabinet expansion with the party leaders to ascertain their views," Yediyurappa told reporters here.

He is likely to meet Finance Minister Nirmala Sitharaman and Defence Minister Rajnath Singh on Thursday, and Modi, Nadda and other Union Ministers on Friday.

The chief minister's son and BJP state vice-president BY Vijayendra is accompanying him.

Yediyurappa is under pressure to expand Karnataka's cabinet at the earliest to appease disgruntled legislators although he is not keen to make any such changes right now.

MP MANTRI THRASHES CONGRESSMAN

RABINDRA NATH CHOUDHURY | DC BHOPAL, SEPT. 17

A video showing a senior minister in Shivraj cabinet thrashing a Congress worker in Gwalior on Thursday went viral causing huge embarrassment to the ruling BJP.

State energy minister Pradyumna Singh Tomar was caught on camera advancing menacingly towards a group of Congress workers who were shouting slogans against BJP leader Jyotiraditya Scindia at Phulbag square in Gwalior.

He was then seen in the video clip delivering punches on a Congress worker. The incident took place on Wednesday.

According to official sources, the Congress workers were staging a demonstration in Gwalior to protest against the move by Gwalior Municipal Corporation to remove hoardings featuring Congress veteran and former chief minister Kamal Nath erected at some places in the city.

The demonstrators stopped the minister's cavalcade and then started shouting slogans against Mr Scindia provoking Mr Tomar to disembark from his vehicle and confront the Congress workers. He first had heated exchanges with them and later gave blows to Mr Khan while snatching the Congress flag from him. Mr Tomar was known to be a staunch loyalist of Mr Scindia. He was among 22 former Congress MLAs who resigned from assemblies as well as Congress in March to pull down the 15-month-old Kamal Nath government.

Members of various organizations prepare food for farmers, protesting against the central government over agriculture related ordinances, at Puda ground in Patiala, Thursday.

Old trick: PLA borrows leaf from 2,200 years old battle

Chinese troops play Punjabi songs on loudspeakers at the LAC

PAWAN BALI | DC NEW DELHI, SEPT. 17:

While Indians are amused over Chinese troops playing Punjabi songs on loudspeakers at Line of Actual Control (LAC) at Eastern Ladakh where for the first time in 45 years shots have been fired, its seems PLA is using the tactics employed by Chinese Han generals some 2,200 years ago during so called "Battle of Gaixia".

In this battle, Han King Liu Bang beat his Chu rival Xiang Yu and established the Han Dynasty in China.

Chinese state run *Global Times* on Thursday talking about Chinese army playing Punjabi songs at LAC said that the Indian army is in a situation of "hearing the Chu songs on four sides."

The *Global Times* said that the move of playing Punjabi songs sends a message to India that the Indian army is isolated and besieged on all sides. "Hearing the Chu songs on four sides" is a Chinese idiom, which is said to have originated from the supposed "Battle of Gaixia". After the fall of the Qin Dynasty, the state of Chu and the State of Han fought for control of China around 206 BC to 202 BC.

As per the legends around 202 BC, Chu king

● **IT SEEMS** foolish if PLA assumes that Punjabi songs played at the LAC will have the same impact on a professional and battle hardened Indian Army as what happened with Chu soldiers some thousands of years back.

Xiang Yu was trapped and surrounded by the rival Han forces in hills at Gai Xia. The legends say to weaken the morale of the Chu forces and King Xiang who was a ferocious fighter, Han soldiers started singing Chu songs from all sides.

After listening to these songs, Chu soldiers thought that Han people had captured their homeland and brought Chu people to the battlefield.

As per these stories, Chu soldiers became worried about their family members, homesick and lost the will to fight.

Many Chu soldiers deserted. Even Chu King is said to have become desperate after listening to the Chu songs and is said to have cried. Xiang Yu committed suicide after his forces tried to break the trap.

However, it seems foolish if the PLA assumes that Punjabi songs played at the LAC will have the same impact on a professional and battle hardened Indian Army as what hap-

gling case accused or their operations, the investigation agencies are examining whether any shady activities took place without Jaleel's knowledge.

Meanwhile, when asked about the Jaleel issue at the daily press conference, Chief Minister Pinarayi Vijayan said the NIA might have sought some clarification from the minister. "It is already clear that there is no case against him. Let me get more details," he said.

On Opposition's demand

for Jaleel's resignation, the Chief Minister said, "There is no need for him to resign on moral grounds. He didn't demand copies of Quran or Zakat from the UAE consulate. It was the other way round. Copies of the Quran were not brought into the state clandestinely. It came through the normal route in the airport and were cleared. The consulate sought Jaleel's help in the distribution of the Quran because he is the minister for welfare of minorities.

3 Hizbul militants, woman killed in Srinagar encounter

YUSUF JAMEEL | DC SRINAGAR, SEPT. 17

Three Hizbul-Mujahideen militants and a 45-year-old woman resident were killed and a CRPF officer was injured in a predawn gunfight in Srinagar's Batamallo quarter on Thursday.

The house in which gunmen had been holed up was damaged in the final assault of the security forces during which small and medium weapons were used, the police sources and witness said.

The slain militants have been identified as Zakir Ahmad Paul, Ubair Mushtaq Bhat and Adil Hussain Bhat — all local Kashmiris from militancy-infested southern Kulgam-Shopian-Pulwama districts.

The police claimed that they were involved in several attacks in Srinagar and South Kashmir.

Director General of Police, Dilbag Singh, said the local woman Kaunsar Jan was killed after she was hit in a barrage of militant gunfire. He termed the killing of a civilian during the operation as "unfortunate".

He said, "The operation was launched at 3 am and in the initial firing of terrorists a deputy commandant of the CRPF was injured and, unfortunately, a local woman was killed."

However, the slain woman's son Aquib Riyaz Sofi said she was hit in her head and died on the spot when the security forces fired upon their car in which the mother-son due was trying to move out of the area to escape fighting.

He said, "Our house is situated in Lane No. 9 (of Firdous Colony Batamaloo). My mother and I left home so that we could relocate to a safer location. When I reached near Lane No. 5, my mother, seeing huge deployment of security forces ahead, got so scared that she forced me to drive back to our home. It was when the security forces fired from behind and one after another bullet pierced the head of my mother sitting next to the driving seat resulting in her on spot death".

The killing of three suspected militants and woman sparked off protests in Batamalloo neighbourhood during which irate crowds of

youth clashed with the security forces. The latter fired dozens of teargas canisters to quell the stone-pelting mobs in the area, the witnesses said.

The DGP told reporters that the security forces combating a 31-year-old insurgency in J&K have killed 177 militants including 22 foreigners in 72 operations, so far, this year.

"All the 22 foreign terrorists were Pakistani nationals and it shows how deeply it (Pakistan) is involved in terrorism and violence being unleashed in J&K," he said.

A statement issued by the police here said that during the search operation in Batamaloo, the militants holed up in a residential house were given the opportunity to surrender.

"They, however, indiscriminately fired upon the joint search party, which was retaliated leading to an encounter. Unfortunately in the initial indiscriminate firing by the terrorists, CRPF Deputy Commandant Rahul Mathur and a lady identified as Kaunsar Jan were seriously injured. She succumbed to her injuries on spot while the injured CRPF Officer was shifted to 92-Base Army Hospital for treatment," it said.

Mr. Singh said that militants from other districts of the Valley keep visiting Srinagar to carry out attacks on security forces.

"The J&K police and CRPF teams are alert and whenever they get a lead about presence of terrorists in Srinagar, efforts are immediately put in place to ensure zero collateral damage before neutralizing them," he said. He added, "Thursday's operation was seventh in Srinagar in the recent past, but biggest success was the killing of Hizb-ul-Mujahideen commander Junaid Sehrai in the May 19 encounter."

Charu Sinha who took over as IG CRPF (Srinagar sector) recently at the press conference said that there was "a huge difference" between the situation in Naxal areas of the country and Kashmir especially Srinagar.

"We will work professionally in collaboration with police and other agencies," she said.

AFTER 407 DAYS OF DETENTION, PDP LEADER AKHTAR FREED

DC CORRESPONDENT SRINAGAR, SEPT. 17

The authorities in Jammu and Kashmir on Thursday released People's Democratic Party (PDP) leader Naeem Akhtar and some other politicians from house detention.

This comes days after Minister of State (Home) G. Kishan Reddy, said in Lok Sabha that no leader in J&K is currently under house arrest.

On Thursday morning, Mr. Akhtar who served as a minister and chief spokesman of the PDP-

BJP government tweeted, "After 407 days of detention (I) am informed that I am free to move about. Thank you rulers for small mercies while you inflict larger tragedies on our land." The PDP sources said that two former party legislators Muhammad Yusuf Bhat and Aijaz Ahmed Mir were also allowed to leave their respective homes where they had remained "under detention" for past couple of months.

Mr. Akhtar said he would now go around and "check the limits of my freedom."

Chart your own course: What one can learn from Modi's life

SYED ZAFAR ISLAM

their lives. The common thing that I see is the stark confusion people have about what they wish to do going forward. There is always this dilemma that today's youth has in their minds. Should they follow what they feel like doing or should they follow popular trends? To those young citizens of our country, I always say that one should study the life of our Prime Minister Narendra Modi and derive an important lesson — must follow the path that

you truly believe in, and do not get distracted by the fashionable trends of the day.

At a time and age in his life when most people around him would have been thinking of securing prized government jobs or even looking to become lawyers, doctors or teachers, Narendra Modi decided to be his own man and work for society. While the methods may vary in today's day and age, what Narendra Modi did is today fashionably called a sabbatical. He paused to think of what he wanted to do in his life and the path that he wanted to traverse. One must therefore learn the important lesson to take away from this incident - clean the cobwebs of your mind so that you can think rationally and clearly. Pause, even take a break

if necessary, to figure out exactly what you want to do with your lives.

Choose after detailed deliberation the path that you can put your heart into. I repeatedly tell the youth of today. Mr. Modi's life teaches us a lot about this important aspect of life.

One sees the sharpness of mind and the intellect of the man and wonders — what if the man had charted a different, perhaps more conventional trajectory in his life? Would we have witnessed him as India's Prime Minister today? It is clear by now that Mr. Modi is among the sharpest minds around, and that he could have been a successful person in any other field. And yet, he chose something that was very different from prevalent trends. He dared

to be different because he pursued something with passion and vigour, and today's youth can draw inspiration from this just as much. The path should be one that gives your heart joy and utmost satisfaction, just as Narendra Modi chose to serve the people of India for it satiates his soul to no end.

Life, like in politics, often sees people dragging you down. You will see people mocking your initiatives when it starts, only to realize their own follies later. However, that should not deter you from sticking to the path.

Had Mr. Modi hesitated to pursue his goal of making India open defecation free or to roll out the world's largest financial inclusion program of the Jan Dhan Yojana, the successes we see today on the

two fronts would not have manifested themselves. Do not be swayed by the gimmickry of these naysayers in life; instead, view their gimmickry for what it is - a gimmick. Because they do not truly believe in anything that they say necessarily; they are instead seeking perceived momentary benefits without seeing the larger picture. Their myopic vision should not be allowed to overpower your ambition and desires ever. Let your work speak for itself, even as you may face opposition similar to what Mr. Modi has seen coming at him for believing and holding onto his way of doing things.

Just like Mr. Modi, you may be called names, you may be misrepresented deliberately and attacked as well. However, do not fear

attacks and face them bravely, and see how the malevolent force crumbles by itself just as the opposition has scattered into the wind when faced resolutely by Mr. Modi.

Doing your own thing can make you stand out of the crowd in life just as in politics, and people will try to imitate you. These days, some people have rediscovered their roots even in politics, and think they can benefit by being imitators. Some of them suddenly started visiting temples like Mr. Modi, while some others suddenly start chanting shlokas to show that they are perhaps bigger Hindus than Mr. Modi. Never forget though that imitation is the best form of flattery.

Take this copycat behaviour in your own stride as a compliment and brush

off the emotional baggage that such imitators bring along with them. Notice how Mr. Modi does not imitate anyone, and is his self always — be your true self just like that.

We can go on and on about Mr. Modi's life as an example for the youth of New India. Being his own man comes naturally to Mr. Modi much like it is a feature of New India and its youth, a key reason why the two gravitate towards each other so naturally. To sum up though, Mr. Modi has only done what Frank Sinatra meant when he sang — I did it my way.

18 SEPTEMBER 2020

Covid shot: Cautious hope, but policy key

For a month now, India has been consistently recording the highest daily infection rate in the world for the coronavirus pandemic. Thursday's tally of 97,894 topped all such records and by an unfortunately thin margin, adding to the prevailing atmosphere of fear and anxiety. The death toll is 83,198. The virus has reached the heartlands and ICMR's recently released sero-survey results suggest that for every infection spotted India missed 81 cases.

Independent trackers are reporting a slightly higher death tally than the health ministry. According to Worldometer, India has 5,118,253 confirmed cases and 83,230 people have died due to Covid-19. This is in addition to an independent estimate of 906 people who lost their lives amid a poorly enforced lockdown. The government has denied data on this last count, even as families of these individuals in greatest distress pinned their hopes on relief arriving in the form of a financial compensation.

There will be no financial compensation. The economy has shrunk massively and the government is struggling to pay states GST compensation. West Bengal finance minister Amit Mitra alarmingly opined that the shrinkage is 32-33 per cent rather than 23.9 per cent as stated.

The only hope for citizens lies in the quick discovery and distribution of a coronavirus vaccine. On this account, Hyderabad-based drug maker Dr Reddy's Laboratories is ready for clinical trials of Russia's Sputnik V vaccine while AstraZeneca has resumed trials for the "Oxford vaccine" in India and the UK. In the US, it is Pfizer that has assumed the lead in the vaccine race, which is now nearing its finish line, even as numbers at home stack up overwhelmingly. Though experts believe a vaccine will at best have 40-50 per cent efficacy, it will lead to the building up of herd immunity, which has now emerged as the best bet for our hapless populations.

India needs a comprehensive coronavirus vaccine strategy that will mobilise its fairly successful pharmaceutical industry to mass produce shots so that their price — initially astronomical — comes down and they can be administered to the last man quickly and efficiently, after first covering the elderly and most vulnerable. With a crashing economy and a collapsing healthcare, this strategy will be tricky not only to formulate but also to implement. Advance planning can perhaps save the day, advises the Opposition, and the government must pay heed. It cannot afford to while away its time and needs must take its bitter lessons from its failure to build capacity during its very costly lockdown.

Science and politics are being conflated in a sickeningly familiar manner in India as also elsewhere. It is hype and wordplay against fact and smart decision-making. A day after Union health minister Harsh Vardhan said a vaccine against the coronavirus disease would be ready by early next year, Adar Poonawalla of the Serum Institute which is participating in the AstraZeneca vaccine trials rightly warned that there won't be enough doses till 2024. Over in the US, an election-bound Donald Trump contradicted his own expert by declaring that a vaccine will reach his country's population by about the same time. But even if a vaccine for Covid-19 were released now, it would take six to nine months for enough people to receive it to create immunity, the US Centers for Disease Control and Prevention director, Robert Redfield, has held.

Amid the gloom and doom, a tiny glimmer, that governments need to rally.

As Neros fiddle

So in another 21 months India will have a new Parliament? Well, not a new set of members but a modern building that will replace the over 90-year-old monumental circular edifice. Coming up at the cost of a whopping ₹861.9 crores, quite close to the existing 144-column structure, the new Parliament is indeed a grandiose plan of the present day government. When the country is going through a dark patch, economically and otherwise, if a government is keen on moving parliamentarians to a new House with modern amenities, it only reveals a mix up in priorities.

The ostentatious project, which will be given concrete shape by Tata Projects Ltd, also brings to memory stories of ancient monarchs who revelled in building fanciful structures even when their subjects suffered in penury and hunger. In recent times, too, democratically elected leaders had displayed such grandiosity, costing only the exchequer needlessly. The swanky state capital, envisaged at Amaravati, for Andhra Pradesh is one example of one chief minister's grand plan not getting the grants from the next, thus leaving the capital idea remaining an unrealized dream for six years.

It had been worse in neighbouring Tamil Nadu, where a resplendent high-rise, designed with care by a chief minister to house the Secretariat and Assembly, was turned into a multi-specialty hospital, where Coronavirus patients are now being treated with care. That, however, was not the first new secretariat project in the state that went bust since successive Chief Ministers had been unsuccessfully trying to shift out of the historic Fort St George for long.

Hope such a fate doesn't befall the new Parliament that the Tata's would build in 21 months, perhaps before another government takes charge. We also hope that Parliamentary Democracy regains its lost vigour and verve in the new premises, ushering in better times for the country with parliamentarians protecting people's rights.

Kashmiris respond to Centre with 'Gupkar II'

Anand K. Sahay

Far & Near

On August 5, 2019, the Narendra Modi government embarked on a dangerous and destabilising course by tearing up the delicate arrangement Free India entered into with Maharaja Hari Singh on the morrow of Independence. The compact, in the shape of Article 370 of the Constitution, gave Kashmir considerable autonomy (as is now being negotiated with the Nagas). On August 22 this year, just 12 months after constitutional havoc was wreaked, accompanied by unremitting repression, Kashmir announced its riposte.

The riposte was resoundingly peaceful. It was contained in a document that its authors called "Gupkar Declaration II". The manifesto, which holds the promise of a fightback by ordinary people in Kashmir, relying only on constitutional means, if the parties that are signatory to it can hold their nerve in the face of both repression and allure, the twin instruments that go with the orchestration of tyranny.

Not to put too fine a point on it, the basis of the promise of Gupkar II is, as of now, no more than a piece of sophisticated political imagination. Its defining feature can be summed by a phrase in it: "nothing about us without us", which seems to constitute a direct challenge to the militaristic, semi-fascistic, style of governance in Kashmir.

On the practical side, Gupkar II underscores that all political activities to be undertaken by the six signatory parties will be "subservient" to the restoration of Kashmir's autonomy as captured in Article 370. At this stage, there is nothing specific about public participation in taking the Gupkar II message forward.

The fundamental rea-

son for this is the disdain for mainstream parties that has developed among ordinary people since the August 5, 2019 crack-down. These parties are now held guilty of having sided all these years with New Delhi which trifled with Kashmir's dignity — indeed, even putting mainline politicians themselves in jail in the same manner as the separatists and the extremists, as if to the BJP rulers they were all the same.

It is the irony of the situation that is sought to be underlined, and it is an irony which, subtly conveyed by interested actors, transmutes into disgust for New Delhi, which gets easily transferred to those who are seen as having represented it in the Valley.

For all that, however, a very negative mood against the BJP sweeps the Valley, and it is this that is likely to sway people's behavior when Assembly elections are held — whenever they are held, and especially if the authorities perversely go on delaying it.

The BJP was once a welcome name in Kashmir due to former Prime Minister Atal Behari Vajpayee's solicitude toward it. The goodwill was transferred to Prime Minister Narendra Modi until his party's true colours were revealed, ending in the stripping of J&K's autonomy and Kashmir's downright derogation and false depiction — for communal motives — as a land of Pakistan-inspired terrorists.

In the past three decades, Kashmir has seen extremist and terrorist violence, principally an aspect of Pakistan's covert and overt war against India, but also lately developing an indigenous component. But now, if Gupkar II can take off, New Delhi could face two very separate battlefields in Kashmir — one constituting the extrem-

ist-terrorist-separatist variety and, in addition, the newly created second front comprising mainstream political parties.

The latter campaigning for the restoration of Article 370, and not only J&K's statehood, are likely to get to be quite a handful unless, in the coming weeks and months, they are forcibly prevented from campaigning. So there could be greater repression, helping the extremist cause psychologically and politically, and, indirectly, Pakistan, in the process infusing greater strategic uncertainty into a region already beset with hostile Chinese military activity.

Should this materialise, few will miss locating its origins in the ideology-laden hubris which has been the hallmark of Modi, Shah & Associates, a partnership that has been so blind as not to see that the mainstream parties of Kashmir have been made victims of terrorist violence because they were seen as accomplices of Indian democracy, which has shown up in Kashmir in badly faded colours.

Gupkar II was preceded by the original Gupkar Declaration of August 4, 2019, enunciated just a day before the constitutional stripping of J&K. Leaders of the mainline Valley parties, who intuitively knew that the omens were all bad, had assembled at the Gupkar Road residence of National Conference chairman Farooq Abdullah, although they were regional rivals of the NC. They resolved, just before being imprisoned, that they would remain "united" to preserve Kashmir's constitutional status.

Gupkar II is a reaffirmation and a resolve for further action. But its distin-

A few days later, the CPI in Kashmir extended unqualified support. This makes Gupkar II not only a document of Kashmir but a document for the nation. This makes it unique in Kashmir's annals.

guishing feature is that in addition to the regional parties that had met in 2019, two national parties — Congress and CPI(M) — also joined them at Dr Abdullah's residence on August 22 this year. A few days later, the CPI in Kashmir extended unqualified support. This makes Gupkar II not only a document of Kashmir but a document for the nation. This makes it unique in Kashmir's annals.

It is instructive that its arch opponents are the BJP and the Narendra Modi government, the suave professionals who spread the Jamaat-e-Islami narrative in the Kashmir Valley, and Pakistan's military establishment if the signals are read right. This is an impressive array of foes for a group that espouses peaceful and constitutional means to return to the old normal.

Can history be re-injected? It is hard to say. But it is worth remembering that the official move to break Kashmir's spirit constitutionally was stoutly opposed in Parliament in August 2019 by the Congress leadership, the Left parties, the DMK, RJD, and Trinamul Congress. The BJP's important Bihar ally, the JD(U), also opposed it. Another BJP ally, Akali Dal, spoke against the bill but was obliged to vote with the government.

This is an impressive number of parties standing up with Kashmir in Parliament. In addition, the principal sections of the mainline media too disapproved of the government's action. The Forum for Human Rights in Kashmir, comprising a retired Supreme Court judge, several retired high court judges, a retired home secretary, a retired foreign secretary, and retired military officers published a sharply critical report on the ending of Kashmir's autonomy and the government's subsequent actions in Kashmir. And yet, regrettably, there seems a concerted effort in some quarters in the Valley to spread the disinformation that India slept soundly through the process of Kashmir's belittling by the Modi government.

LETTERS

LAUDABLE ENHANCEMENT

The decision of the Tamil Nadu government to enhance the punishment for crimes against women and children under several sections of Indian Penal Code is laudable. But what is more important is speedy disposal of cases by courts. It has been reported that more than 10 per cent of the total crimes in Tamil Nadu is against women and out of this more than 49 per cent of the crime against women and children relate to Pocso cases. More all-women police stations should be opened and stringent action initiated against offenders.

M.C. Vijay Shankar, Chennai

A WELCOME RULING

THIS REFERS to the editorial *A welcome ruling*. The Supreme Court of India has done the right thing by restraining Sudarshan television channel from airing a programme that allegedly sought to vilify Muslim communities by accusing them of a campaign to infiltrate bureaucracy. The perception that barring a few, television channels have revelled and continued to revel in an inglorious orgy of rumour-mongering, vilification and partisan deception cannot be faulted. But the question arises now whether the prior restraint as underlined by the Supreme Court in the Sudarshan television case sets a dangerous precedent at a time when blatant attempts are being by those in power to criminalise dissent needs a convincing answer. It is time the News Broadcasters Association, whose remit includes legal, ethical and regulatory concerns, pulls up its socks and ensures television news channels play by the rules book.

M. Jeyaram, Sholavandan

TIME-BOUND TRIAL

APROPPOS REPORT *Centre in SC favours time-bound trial* (Sept. 17). The Supreme Court had asked umpteen times to constitute special courts to deal with corrupt law makers but successive governments have done nothing so far. If the NDA government does the same it should be welcomed. But when special courts are established, the accused corrupt politicians should not be allowed to dilly-dally seeking adjournments nor to appeal in lower courts or even in high courts. There should be a provision to appeal only to the Apex court. In fact, many CMs, MPs and MLAs are facing numerous corruption cases which are in limbo for decades due to lacunas in the laws or deliberate procrastination by the accused. And also their partners, the babus, are embezzling public money in hundreds of crores and so holding benami properties too should be brought under the ambit of special courts.

M. Mohibul Haque

The curious case of Urdu in NEP 2020

The Union Cabinet approved the new National Education Policy 2020 (hereafter NEP 2020) on 29 July, which proposes drastic changes in the Indian education system. While there are several changes, reforms and policies that are being widely appreciated there are many ambiguities, gaps and contradictions that are creating apprehensions in the minds of many in general and linguistic and religious minorities in particular.

NEP 2020 has given birth to apprehensions in the minds of Urdu lovers due to its unique status. It should be borne in mind that Urdu is a pan-Indian language but it lacks the patronage of any state as official language. Strangely, Urdu has not been mentioned anywhere in the 66 pages NEP 2020 released by the Union government. This conspicuous absence of Urdu drew widespread criticism across the country.

The government tried to alley the apprehensions of Urdu-lovers and Secretary of Higher Education is reported to have said: "Para 4.12, 22.6

and 22.18 of NEP 2020 talk of all languages mentioned in the Eighth Schedule of the Indian Constitution, which includes Urdu. Incidentally, what is being deliberately and mischievously suppressed is that the paras do not talk of Hindi also, rather all languages of the Eighth Schedule are mentioned". Despite clarifications by the government the controversy is not dying. It calls for analysis of the NEP 2020 from the perspective of the status of Urdu.

NEP 2020 declares that "wherever possible, the medium of instructions until at least Grade 5, but preferably till Grade 8 and beyond, will be home language/mother tongue/local language/regional language" (para 4.11, p.13) This emphasis on the mother tongue arouses hopes that many languages of India facing the challenge of survival due to deliberate design of the colonial masters and later on the apathy of the successive governments may be saved from extinction.

Under the sub-heading, Multilingualism and the Power of Language, the government recognises the fact

that "young children learn and grasp nontrivial concepts more quickly in their home language/mother tongue". While emphasis on primary education in mother tongue is praiseworthy the determination of home-/local language will be problematic because the NEP 2020 does not mention what will be the unit of determination of local or home language. For example, what is the home language of the people living in cities like Lucknow, Delhi, Moradabad, Meerut or states like UP, Bihar, Telangana, Jharkhand, Chhattisgarh and so on is indeed very difficult to determine. Under these circumstances, the role of the central and state governments will become crucial in implementation of the three-language formula and Urdu in the absence of patronage and lacking job opportunities will certainly be marginalised.

Another important dimension of the language policy under NEP 2020 is the promise that "there will be a greater flexibility in the three-language formula, and no language will be imposed on any state. The three

languages learned by children will be the choices of states, regions, and of course the students themselves, so long as at least two of the three languages are native to India." (para 4.13, p.14) However, determination of a 'region' for the purpose of the implementation of the three-language formula needs clarification. Besides, three entities — states, regions and students — are created for exercising the freedom of choice in selection of three languages to be taught. The question is what will happen if there is a clash in choice between states and students. For instance, a group of Urdu speaking students want to study Urdu while state emphasizes on Hindi, Sanskrit, Bangla, Odia, etc.

The apprehensions of Urdu-lovers are not unfounded because NEP 2020 besides especially promoting Sanskrit makes reference to other classical languages like Tamil, Telugu, Kannada, Malayalam, Odia, Pali, Persian and Prakrit but Urdu is not mentioned as a classical language as it seems that only ancient and not the medieval language/languages

are recognised as classical under NEP 2020.

While the allegation of deliberate exclusion of Urdu is doing the rounds the government decided to introduce the Jammu and Kashmir Official Languages Bill 2020 in Parliament under which Urdu is set to lose its status of the sole official language of the erstwhile state of Jammu and Kashmir.

The anxiety can also be understood from the fact that according to Census of India 2011 Urdu is showing a steady decline as mother tongue since 1981(5.25), 1991(5.18), 2001 (5.01), and 2011(4.19). Unlike other languages of the Schedule 8 of Indian Constitution whose speakers enjoy strong regional or state backing, people who speak Urdu are spread all over the country and therefore, it needs special consideration by the government for its survival and promotion.

ALL bags large order from fuel distributor

Ashok Leyland said it has bagged orders for 1,400 intermediate commercial vehicles (ICVs) from a logistics start-up company, Procure Box. The ICVs will be utilised by Procure Box for its fuel distribution business across 750 districts in the country. The order encompasses Ashok Leyland's most successful product, the Ecomet, and will be executed in the next five-six months, the company said in a regulatory filing.

■ Irdai panel wants to cover MSMEs first ₹75K-cr pandemic pool suggested

FALAKNAAZ SYED MUMBAI, SEPT. 17

A working group formed by the insurance regulator to study the feasibility of setting up a 'pandemic risk pool' to cover business losses arising due to pandemics and epidemics has recommended setting up a Rs 75,000 crore pool with public-private partnership to cover the business losses of MSME workers in the first phase.

The reinsurer, GIC Re, which has experience of managing the Indian Terrorism Pool and Indian Nuclear Pool, would be an apt administrator for the proposed pandemic pool, the group has said.

Pointing to the need for a pandemic pool, the group said some estimates suggest that the current business interruption premiums in some markets would need to be collected for over 100 years to cover two months of Covid-19-related business interruption costs.

"The working group believes that for the pandemic pool to have an adequate purpose, it needs to cover at least 4-5 crores MSME workers in the first phase and to accomplish that, the assurance from the government to provide a backstop is necessary... the backstop triggers only at the event of pandemic striking and the total loss payouts are higher than the capacity garnered by the local insurance/reinsurance and international market. Globally all pan-

democ pool (including USA, France, Germany) proposals are heavily hinged on their national government's support in the form of similar backstop and are at different stages of approval. The working group has proposed a government backstop of appx. Rs 75,000 crores," said the report.

"The quantum of loss due to an epidemic/pandemic risk event is huge and hence is beyond the capacity of public and/or private companies and/or government alone. Hence a risk pooling mechanism with public-private-government participation would be an appropriate resolution to address this similar concern in future," said the report.

The report said the participation shall be mandatory for the sectors which have been covered under the pool. "This can be with as a standalone product providing coverage for the event or as an add-on with the existing products."

The pool shall provide coverage in a phased man-

ner. As MSME and the unorganised sector are the worst affected segments of society during the current Covid-19 pandemic in India, the first phase of the pool shall cover income losses due to non-damage business interruption resulting from a future pandemic event and subsequent lockdown.

Pandemic losses are covered under currently available health insurance products, hence the coverage for losses in the health segment caused due to a pandemic event, beyond a threshold, may be covered under the pool in the second phase. The coverage under the pool may be expanded to the life insurance segment also in the later phases, said the report.

The pool premium collection is proposed to be invested in government securities or specifically designed bonds by the government. The premiums accumulated over the years and the investment surplus would help in gradually reducing the government backstop.

Advance tax mop-up falls 25.5% in Q2

Mumbai, Sept 17: Advance tax collections fell 25.5 per cent to Rs 1,59,067 crore in the second quarter of the fiscal, an income tax official said on Thursday.

However, there was improvement over the first quarter ended June, when advance tax revenue had plunged 76 per cent to a tepid Rs 11,714 crore as the whole economy was under a stringent lockdown.

During the year-ago period to September 15, 2019, total advance tax collection had stood at Rs 2,12,889 crore, down from Rs 3,70,652 crore a year ago.

"Total advance tax collection in the second quarter fell by 25.5 per cent to Rs 1,59,067 crore from Rs 2,12,889 crore YoY. While corporates paid only Rs 1,29,619.6 crore in advance tax, down by 27.3 per cent in the reporting quarter; personal income tax collection stood at Rs 29,437.5 crore, down 15 per cent from Rs 34,632.9 crore.

"However, TDS (tax deducted at source) fared better at Rs 1,38,605.2 crore, down by 5.6 per cent from Rs 1,46,792.4 crore," the tax official from the Mumbai zone told PTI.

Advance corporate tax mop-up had plummeted by 79 per cent to Rs 8,286 crore in the June quarter, from Rs 39,405 crore in the June 2019 quarter. Advance personal income tax collection in Q1 had declined 64 per cent to Rs 3,428 crore from Rs 9,512 crore.

Civil aviation revenues dip 85%; over 18,000 jobs lost

SANGEETHA G. CHENNAI, SEPT. 17

Revenues of the civil aviation sector dropped by 85 per cent since the lockdown even as the sector lost more than 18,000 jobs.

The Covid-19-induced lockdown had reduced the air traffic to a fraction of what it was before. The regulatory restrictions on flight operations had led to severe curtailment in operations and sub-optimal aircraft utilisation.

As per the ministry of civil aviation data, domestic traffic fell close to 80 per cent from 5.85 crore during March-July 2019 to a mere 1.20 crore in March-July 2020. International traffic too reduced by 87 per cent from 93.45 lakh to 11.55 lakh during the period.

This led to a steep decline in revenues in the June quarter. The aggregate revenue of Indian carriers came down by 85 per cent from Rs 25,517 crore in the June quarter of 2019 to just Rs 3,651 crore during April-June 2020. Air India's revenue fell to Rs 1,531 crore from

Rs 7,066 crore in the same quarter last year.

Aggregate revenues of airport operators too shrunk from Rs 5,745 crore in the June quarter of 2019 to Rs 894 crore in the June quarter of 2020, a drop of 84 per cent.

Reduced revenues saw more than 18,000 employees losing jobs across airlines, airports, ground handling agencies and cargo operators. As many as 5,298 employees of airlines lost jobs by the end of July while 3,246 people at airports, 8,466 people with ground handling agencies and 1,017 employees with cargo operators lost their jobs between March-end and July-end.

"The fall in domestic air travel demand has been much sharper than the

capacity cuts imposed for the industry. The pick-up in domestic passenger volume since end-May 2020 has been slow, with traffic increasing by only 6 per cent in July from the previous month. We think volume growth will remain in the single digits over the next few months, as the pandemic continues to spread in India and people forego non-essential travel," says Fitch Ratings.

Covid-19 has also adversely impacted the financials of the Airports Authority of India and it is likely to see losses this fiscal. In order to meet the working capital requirements, the AAI has taken 'fund-based working capital' facility of Rs 1,500 crore. Delhi and Mumbai airports were given a three-months deferral, up to July 15, on monthly fee payment against their annual fee obligation. Bangalore and Hyderabad airports have also been granted deferment of four months from July 1 for payment of concession fee to the central government.

SC refuses to resume Ambani insolvency case

UPMANYU TRIVEDI SEPT. 17

The Supreme Court rejected a petition by State Bank of India to allow a personal bankruptcy case against tycoon Anil Ambani to resume.

A three-judge panel headed by Justice L. Nageswara Rao ruled that the bankruptcy case against

A m b a n i

will remain suspended and directed the Delhi High Court to decide on Ambani's challenge to provisions of insolvency law.

The case is among the first high-profile ones after

Anil Ambani

rules were set for personal bankruptcy last year. Bankers and investors in stressed assets are keenly watching the case as its final outcome may decide the power of lenders in taking action against founders who guaranteed repayments of loans by companies that later went bankrupt.

Defying China, top US official visits Taiwan

Taiwan Prez to host dinner for American delegation today

Taipei, Sept. 17: A top US diplomat landed in Taiwan on Thursday, the highest-ranking State Department official to visit in 40 years, in a further sign of Washington's willingness to defy China and its campaign to isolate the self-ruled island.

Keith Krach, undersecretary of state for economic growth, energy and the environment, is visiting to attend a memorial service for late president Lee Teng-hui on Saturday, the US State Department said.

The trip, the second high-ranking US visit in as many months, sparked an immediate rebuke from China, which baulks at any recognition of Taiwan and has mounted a decades-long policy of marginalising the democ-

cratic island.

Beijing considers Taiwan part of its territory, to be absorbed into the mainland — by force if necessary.

"China strongly opposes this," foreign ministry spokesman Wang Wenbin told reporters on Thursday, saying the trip "encourages the arrogant attitude of Taiwan independence separatist forces".

Relations between the United States and China are at their lowest point in decades, with the two sides clashing over a range of trade, military and security issues, as well as the Coronavirus pandemic.

Washington's increased outreach to Taiwan under US President Donald Trump has become yet another flashpoint between the

two powers.

"The United States honours President Lee's legacy by continuing our strong bonds with Taiwan and its vibrant democracy through shared political and economic values," spokeswoman Morgan Ortugas said in a statement announcing Krach's trip.

Taiwan's foreign ministry said Krach, accompanied by assistant secretary Robert Destro, would also discuss "how to strengthen bilateral economic cooperation" during his three-day visit.

It described him as the highest-ranking State Department official to visit Taiwan since 1979, when Washington switched diplomatic recognition to Beijing

from Taipei.

Taiwan President Tsai Ing-wen will host a dinner for the US delegation on Friday.

"We look forward to more exchanges and discussions between Taiwan and the US to solidify the foundation for further collaborations, including economic cooperation, through undersecretary Krach's visit," her office said in a statement.

Beijing discourages any official exchanges with Taiwan but in recent months Washington has dramatically increased its outreach.

Last month, US cabinet member and health chief Alex Azar visited to highlight Taiwan's widely praised efforts to stop Covid-19.

TRUMP NAMES INDIA AMONG MAJOR DRUG TRANSIT HUBS

Washington, Sept. 17 : US President Donald Trump has identified India along with 20 other nations as major drug transit or illicit drug-producing countries and asserted that his administration is taking the fight to criminal organisations engaged in narcotics substances and their enablers on an unprecedented scale.

In his presidential determination, Trump also designated Bolivia and the regime of Nicolas Maduro in Venezuela as having failed demonstrably during the previous 12 months to adhere to their obligations under international counter-narcotics agreements.

"A country's presence

on the foregoing list is not necessarily a reflection of its government's counter-narcotics

efforts or level of cooperation with the United States," Trump said. He said countries such as Afghanistan, India, The Bahamas, Belize, Burma, Colombia, Costa Rica and the Dominican Republic among others are a major drug transit or illicit drug producing nations.

Trump alleged that the most complicit kingpin in this Hemisphere is the Venezuelan dictator, Nicolas Maduro.

Obama's memoir 'promised land' to be released in Nov.

Washington, Sept. 17 : Former US president Barack Obama on Thursday announced the publication in November of the first half of his memoirs, "A Promised Land"—two weeks after the election pitting Donald Trump against Joe Biden.

Publisher Penguin Random House said the book will be released in 25 languages simultaneously on November 17. "There's no feeling like finishing a book, and I'm proud of this one," Obama tweeted.

"In A Promised Land, I try to provide an honest accounting of my presidency, the forces we grapple with as a nation, and how we can heal our divisions and make democracy work for everybody," Obama, America's

first president, served two terms in the White House from January 2009 through January 2017, when he was succeeded by Trump.

The book will reveal Obama's thoughts during the global financial crisis and his take on Russian President Vladimir Putin, the statement from Penguin Random House says.

It will also revisit the 59-year-old Democratic leader's approval of a May 2011 raid in which Al-Qaeda leader Osama bin Laden was killed in Pakistan.

A release date for the second volume has not yet been set, Penguin Random House said.

Gilgit-Baltistan to be full-fledged province in Pak

Islamabad, Sept. 17: Pakistan has decided to elevate Gilgit-Baltistan's status to that of a full-fledged province, a Pakistani media report on Thursday quoted a senior minister as saying. India has clearly conveyed to Pakistan that the entire union territories of Jammu and Kashmir and Ladakh, including the areas of Gilgit and Baltistan, are an integral part of the country by virtue of its fully legal and irrevocable accession.

According to a report in the Express Tribune, Minister for Kashmir and Gilgit-Baltistan Affairs, Ali Amin Gandapur, on Wednesday said that Prime Minister Imran Khan would soon visit the region and make the formal announcement to elevate Gilgit-Baltistan to the status of a full-fledged province with all constitutional rights.

Gandapur said Gilgit-Baltistan would be given adequate representation on all constitutional bodies, including the National Assembly and the Senate. "After consultation with all stakeholders, the federal government has decided in principle to give constitutional rights to Gilgit-Baltistan," the minister told reporters. India has said the Government of Pakistan or its judiciary has no locus standi on territories illegally and forcibly occupied by it.

India completely rejects such actions and continued attempts to bring material changes in Pakistan occupied areas of the Indian territory of Jammu and Kashmir. Instead, Pakistan should immediately vacate all areas under its illegal occupation, the Ministry of External Affairs said in May while protesting Islamabad's efforts to bring material change in Pakistan occupied territories.

Giant planet found orbiting dead star

Washington, Sept. 17: Scientists have, for the first time, discovered a Jupiter-sized planet orbiting a white dwarf or a dead star located about 80 light years away.

The finding, published in the journal Nature, shows the likely presence of the planet, named WD 1856 b, orbiting the smaller star remnant every 34 hours. "This planet is roughly the size of Jupiter, but it also has a very short orbital period—a year on this planet is only 1.4 days, so it's quickly whip-

ping around its white dwarf star," said Ian Crossfield, assistant professor at the University of Kansas in the US.

A white dwarf is the vestige of a star that has ballooned into a red giant then collapsed back into a dense, dim

core that is often about the size of Earth, so this planet is much larger than what is left of its star, the researchers said. The process usually devours orbiting planets—but not in the case of WD 1856 b, which appears somehow to have avoided destruction, they said. "This tells us white dwarfs can have planets, which is something we didn't know before," Crossfield said. "There are people who now are looking for transiting planets around white

dwarfs that could be potentially habitable.

It'd be a pretty weird system, and you'd have to think about how the planets actually survived all that time," he said. The researchers noted that this finding proves that some kinds of planets can survive and be found around white dwarfs. At first, WD 1856 b captured astronomers' interest when they noticed a possible transiting object with NASA's TESS Space Telescope survey.

SHORT TAKES

Hari slips, Carlsen roars into lead

Chennai: Indian Grandmaster P. Harikrishna slipped to fifth spot from a share of lead after a win-less day at the Saint Louis Rapid and Blitz online chess tournament, where he lost to Ian Nepomniachtchi and world No. 1 Magnus Carlsen. Harikrishna, who shared the lead with Lev Aronian after three rounds, lost the fourth round of the Rapid event to Nepomniachtchi, then drew with Armenian Aronian before losing the sixth to Carlsen. Meanwhile, Carlsen bounced back after a below par opening day to record three wins and jumped to sole lead with nine points. The Norwegian outplayed the India No.2 in 31 moves to wrap up a successful day on which he also defeated Aronian and Leinier Dominguez (USA). Hari held Aronian to a draw in 58 moves after a 45-move defeat at the hands of the Russian. — PTI

NSFs gets SC nod for recognition

New Delhi: The Sports Ministry on Thursday welcomed the Supreme Court's go-ahead to it on grant of recognition to National Sports Federations (NSFs) and said it would intimate the court about the process in a week's time. The Supreme Court said the ministry and the Indian Olympic Association are not required to seek the nod of the Delhi High Court before granting recognition to sports federations in the country. The apex court was hearing the sports ministry's appeal against the High Court order which prohibited it from taking decision on granting recognition to NSFs without its prior approval. A total of 57 NSFs were rendered de-recognised because of the HC order. "As per the Honourable Supreme Court's order today, the sports ministry can now give recognitions to NSFs which will help in the preparations for our Olympic-bound athletes," a source said. — PTI

Fed Cup named after Billie Jean

London: The Fed Cup is changing its name to honour tennis great Billie Jean King, the woman whose lifelong battle for equality and social justice laid the foundation for generations that followed. The Billie Jean King Cup will become the first major global team competition to be named after a woman, the International Tennis Federation said Thursday. "I'm still in shock, the 76-year-old King said of the tribute. It's really a privilege, and it's also a responsibility. It's wild, it's great, it's wonderful." The rebranding follows earlier changes to bring prize money in line with the men's Davis Cup and coincides with the 50th anniversary of King's pioneering effort to launch a women's pro tennis circuit. "We feel it's long overdue," ITF president David Haggerty said. — AP

Djoker, Nadal off to winning starts

Rome: Defending champion Rafael Nadal and Novak Djokovic made winning returns at the Italian Open on Wednesday with the top two men's seeds easing into the third round of the clay-court tournament in Rome. Nine-time winner Nadal swept aside fellow Spaniard Pablo Carreno Busta 6-1, 6-1 in his first match in over six months, played behind closed doors at the Foro Italico. The world number two has not played since winning in Acapulco at the end of February, opting to skip the US hard court tour amid coronavirus concerns. Earlier, Djokovic eased past Italian wild card entry Salvatore Caruso 6-3, 6-2 after his unbeaten record this season was ended with a US Open last 16 default for accidentally striking a line judge with a ball hit in frustration. — AP

WRAP AND ROLL

MI look for more finishers to reduce Hardik's load

Abu Dhabi, Sept. 17: Monitoring comeback man Hardik Pandya's workload is paramount for Mumbai Indians coach Mahela Jayawardene as he intends to groom a "few more finishers" for the upcoming edition of Indian Premier League starting here on Saturday.

Defending champions Mumbai Indians will take on last year's runners-up Chennai Super Kings in the opening encounter on Saturday, which will be Hardik's first game in a year having undergone back surgery for stress fracture last year.

"Hardik is coming back from an injury. So we will have to be mindful of that but he is looking very good in the nets. Both the players (Pandya brothers) have been fantastic for MI over the last three or four years. It brings a lot of energy to the group," Jayawardene said during MI's virtual media conference on Thursday.

The Sri Lankan legend was asked whether Hardik will again be assigned the finisher's job.

"We have used him (Hardik) in different roles in the past and we will look into that. We will have quite a number of other players who can fix into that role as well, so whenever the opportunity is there we ask anyone to finish the game off," said the former Sri Lanka captain.

"It doesn't just fall on Hardik but it is one of his responsibilities, so we want to try and challenge players in different ways in this camp, so we will continue to do that," he said.

Australian dasher Chris Lynn is an opening option but Jayawardene made it clear that Rohit Sharma-Quinton de Kock opening pair wouldn't be tinkered with.

"Having options is always great. Chris Lynn is a great addition to the squad but the combination of Rohit and Quinton has been there for us, last season they complement each other well," he said.

The MI coach is also aware that Jasprit Bumrah's workload management, just like Hardik's, need to be precise, considering that India will be playing a gruelling four-match Test series against Australia Down Under later in the year. — PTI

David Warner

Maxwell, Carey hit tons as Oz clinch series

Manchester, Sept. 17: Glenn Maxwell and Alex Carey both hit brilliant hundreds as Australia sealed a dramatic series win over world champions England in the third one-day international at Old Trafford on Wednesday. Australia, chasing a target of 303, were all but out of the game at 73-5 when Maxwell came to the crease.

But an Australia record sixth-wicket stand of 212 between Carey (106) and Maxwell (108) helped give the tourists a 2-1 success as England suffered their first home ODI series defeat in five years.

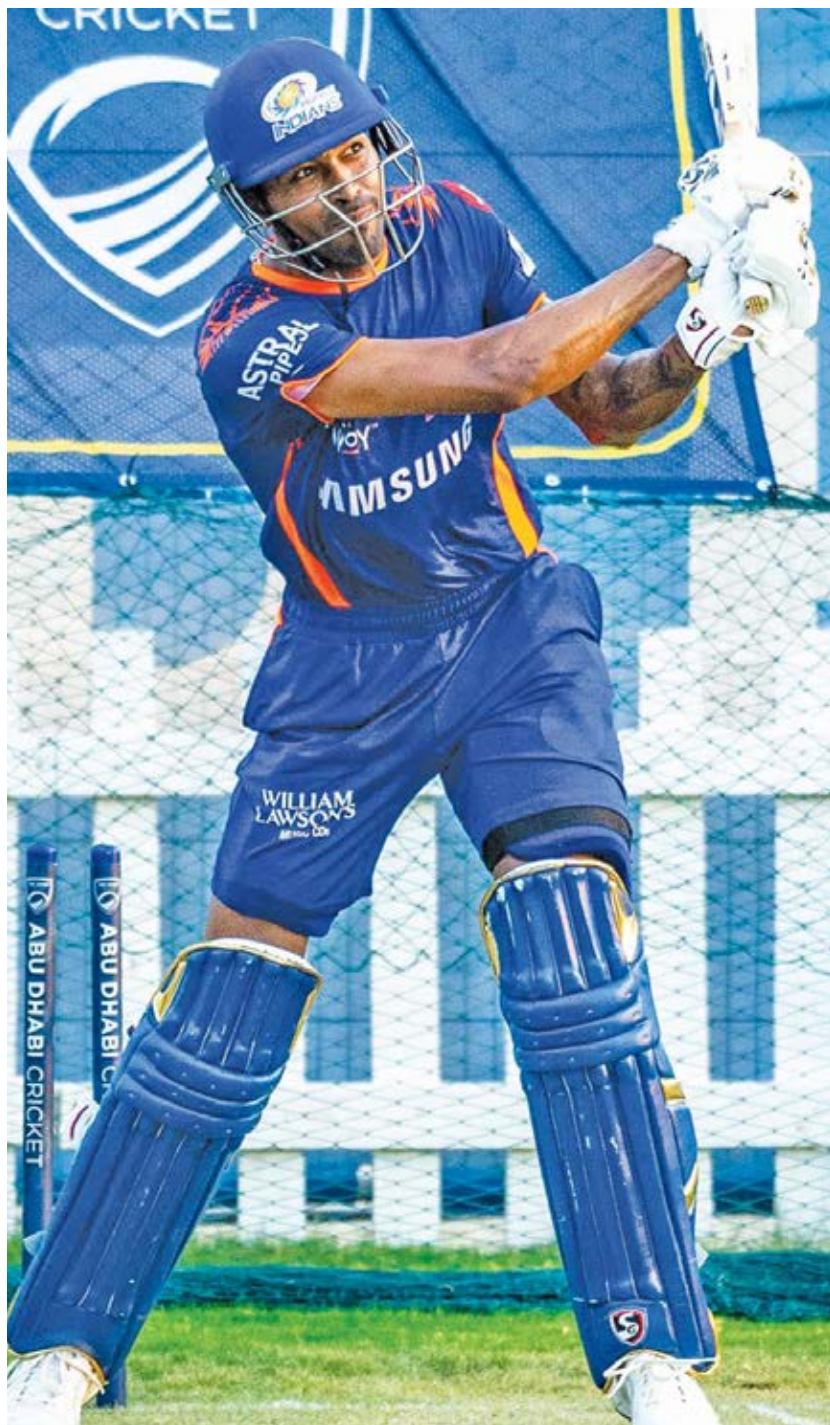

Earlier, Jonny Bairstow had revived England from the depths of 0-2 with a superb hundred that saw them to 302-7 after the opener watched from the

other end as left-arm quick Mitchell Starc removed Jason Roy and Test captain Joe Root with the first two balls of the game.

Sam Billings (57) and Chris Woakes (53 not out) also hit valuable fifties. Maxwell's hundred was just his second century in 113 matches at this level, with Carey's innings the wicketkeeper's maiden century in his 39th ODI.

But when Maxwell holed out off leg-spinner Adil Rashid, Australia still needed 18 off 15 balls. That became 10 off six when Carey, whose century came off 106 balls, was superbly caught by a diving Mark Wood at third man off Jofra Archer.

New batsman Starc, however, hit his first ball, from Rashid, for six and

Mumbai Indians' Hardik Pandya at a net session in Abu Dhabi.

Malinga will be missed, rues Rohit

Abu Dhabi, Sept. 17: Mumbai Indians captain Rohit Sharma on Thursday conceded that "incomparable" Sri Lankan pace legend Lasith Malinga, who has opted out of this year's IPL, will be severely missed by his defending champion team given his "unbelievable" past performances.

The 37-year-old Malinga, who is IPL's highest wicket-taker with 170 scalps to his credit, has pulled out

citing personal reasons in a major blow to the four-time champions. MI will take on the Chennai Super Kings in this season's lung-opener on September 19 here.

"I don't think it is easy to come and fill his boots. He has been a match-winner for Mumbai. I have said it many times, whenever we sort of find ourselves in trouble, Malinga was the one to bail us out from that," Rohit said in a online press conference.

"His experience will be missed, what he did with MI is unbelievable and it is unfortunate that he is not a part of the team this year."

"We have got likes (James) Pattinson, Dhawal Kulkarni, Mohsin (Khan) and these are the names that we are looking to replace Malinga with. But obviously what Malinga did for Mumbai, it is not just comparable," he added. Talking about his own

role, Rohit said he will continue to open.

"I opened the entire tournament last year and I will continue to do that. Again I keep all the options open, whatever the team wants, happy to do that."

"Even when I play for India, message from my side to the management has always been the same 'do not close any doors' keep all the options open and I will do the same here as well." — PTI

Just 36-hr quarantine for Eng, Aus players arriving from UK

New Delhi, Sept. 17: The Indian Premier League franchises will be heaving a sigh of relief as all the 21 Australian and English players arriving to the UAE from the United Kingdom will have to undergo just 36 hours of quarantine instead of the earlier prescribed six days.

All the franchises which have English and Australian players arriving after the white ball series in the UK had appealed for reducing the quarantine period and the BCCI under Sourav Ganguly's leader-

ship has been able to successfully sort the issue out with local authorities in the UAE.

"Yes, I can confirm that all the English and Australian players have to now undergo 36-hour quarantine instead of six days. The matter has been sorted and most of the teams will now have their big stars available from the first game itself," a senior IPL functionary privy to development said on conditions of anonymity.

The likes of Steve Smith, David Warner, Jofra

Archer, Jos Buttler will arrive in the UAE late on Thursday night (UAE time) from the UK and on arrival will undergo RT-PCR test for Covid-19.

"They have undergone one rapid test before boarding (the flight) and will undergo another on arrival. Otherwise, the robust testing protocols will be followed as usual. The rationale behind the move is that all the players are entering from one bio-bubble to another," the veteran BCCI official said. — PTI

Australia's Glenn Maxwell (left) celebrates with Alex Carey after scoring a century during their third ODI against England in Manchester on Wednesday. — AP

sealed victory with two balls to spare with a four. "It probably wasn't the

ideal situation when I came in but being the last batter, I suppose I had a

FRENCH | LEAGUE

Draxler gifts PSG season's first win

Paris, Sept. 17: Julian Draxler scored in added time on Wednesday night to give depleted Paris Saint-Germain their first league win of the season, 1-0 at home against Metz.

PSG, shorn of many stars before kick off, were playing with nine men when Draxler pounced on a rebound to nod home PSG's first goal of the league season.

"I'm very proud, it's incredible, honestly. I still have to think about it because I still can't believe it," PSG coach Thomas Tuchel said after the game.

PSG, who started the game seriously depleted, were reduced to 10 men after 65 minutes when central defender Abdou Diallou collected a second yellow card and his club's fourth of the season.

In the dying seconds, defender Juan Bernat, a 63rd minute replacement, limped off with a knee injury, leaving PSG, who had used all their replacements with nine men.

"All the fans can be proud, we still deserved to win, at 9 against 11," said Tuchel.

While the game was in progress, the French league announced bans of two games for Neymar and

● **PSG, shorn of many stars before kick off, were playing with nine men when Draxler pounced on a rebound to nod home PSG's first goal of the league season.**

Leandro Paredes and six games for Layvin Kurzawa after their red cards during a home loss to Marseille on Sunday that ended in a brawl.

Another star attacker, Kylian Mbappe, remains in coronavirus quarantine while Thilo Kehrer and Marco Verratti are injured.

But striker Mauro Icardi, centreback Marquinhos and goalie Keylor Navas returned after spells in quarantine.

"We made a lot of effort, we had a lot of changes, we used a lot of players who have not trained for a while...With players who haven't played for a long time," said Tuchel. "But the effort is still there."

PSG had opened the season with two defeats for the first time since 1984/85, losing by one goal to Lens and then Marseille. — AFP

Messi brace takes Barca past Girona

Barcelona, Sept. 17: Lionel Messi scored twice on Wednesday as Barcelona beat second-division Girona 3-1 in a preseason friendly.

Messi helped set up Philippe Coutinho, back from his loan at Bayern Munich, for the first goal after 21 minutes.

The Argentine scored his first after 45 minutes, spinning on the edge of the penalty area and drilling a shot in off the base of the far post. He scored his second, with a deflected shot, after 50 minutes.

He went off after an hour. Messi only returned to training at the start of last week after saying he wanted to leave the club.

Messi started Barcelona's first friendly on Saturday, playing 45 minutes without scoring in a 3-1 victory over third-tier Gimnastica Tarragona.

Earlier on Wednesday, La

Liga president Javier Tebas said he was pleased Messi had stayed at Barcelona.

"Messi is important for our competition," said Tebas, at an event to promote the Liga sticker collection. "He is a player who was born in our competition... And hopefully he will finish his career in our league."

Barcelona used 20 players in Wednesday's game at the club's training centre but neither Uruguayan forward Luis Suarez nor Chilean midfielder Arturo Vidal appeared.

Manager Ronald Koeman said after the game he had talked to Suarez and acknowledged Barcelona might not be able to sell him.

"If finally he does not find a team and ends up staying, he will be one more player for the squad," said Koeman. — AFP

BELGIUM TOP FIRST FIFA CHART SINCE SHUTDOWN

Zurich, Sept. 17: The first FIFA men's world rankings for five months were still led by Belgium on Thursday after the shutdown of European teams during the coronavirus pandemic ended in September.

Belgium lead an unchanged top four nations from 2018 World Cup winners France, Brazil — who have yet to play in 2020 — and England.

Portugal, the reigning European and Uefa Nations League champions, rose two places to No. 5.

Rankings after the November international break will decide seedings when FIFA draws the European qualifying groups for the 2022 World Cup in early December. The 10 highest-ranked European teams will be top-seeded in groups where only the winners will advance directly to the finals tournament in Qatar. Three more teams will qualify through playoffs scheduled in March 2022. — AP

Leeds, Saints crash out of League Cup

London, Sept. 17: Leeds and Southampton were the Premier League casualties in the second round of the League Cup on Wednesday as League One Hull won a Yorkshire derby 9-8 on penalties at Elland Road, while Saints lost 2-0 at home to Brentford.

On their first appearance in the top-flight for 16 years, Leeds were unlucky not to hold Liverpool to a thrilling draw at Anfield on Saturday, but Marcelo Bielsa's decision to make 11 changes backfired as his side were far less clinical against a team two divisions below them.

Mallik Wilks's early deflected effort gave the Tigers something to hold on to and, despite handing club Spanish international forward Rodrigo his first start, Leeds failed to muster a response until

deep into stoppage time when Ezgjan Alioski fired home.

A marathon shootout followed with both sides missing just one of their first eight penalties before Jamie Shackleton's spot-kick was saved and Alfie Jones sent Hull into round three. — AFP
