## BJP vows 'sea airport' in Nagarjunasagar reservoir

DC CORRESPONDENT  
HYDERABAD, APRIL 10

The BJP on Saturday released its manifesto for the April 17 Nagarjunasagar Assembly bypoll, promising to set up a 'sea airport' in the Nagarjunasagar reservoir to operate seaplanes so as to develop it as a world-class tourist destination, thereby providing huge job opportunities for the locals and unemployed youth.

The party promised to set up food courts, hotels and other recreational facilities in Nagarjunasagar which it said will have the potential to create jobs for 50,000 people. For students, the manifesto promised a Kendriya Vidyalaya and Gurukul schools in the constituency to be set up using Central funds. For

He demanded that Congress candidate K. Jana Reddy explain how many Congress leaders, who were elected MLAs by the people, were continuing with the party after the 2018 elections. The Congress was becoming non-existent in state politics and termed Jana Reddy as an outdated political leader.

Stating that the "dynasties" of Chief Minister K. Chandrashekhar Rao and MIM president Asaduddin Owaisi were prevailing in the state, Kishan Reddy said only the CM and his family members had benefited from the formation of Telangana state, but not the common people.

Meanwhile, Union minister of state for home G. Kishan Reddy held roadshows in the constituency to campaign for the party candidate Dr P. Ravi Kumar. He termed the Congress as the B-team of

## Pentagon defends Indian waters foray

**Washington, April 10:** The Pentagon has defended its Navy asserting its navigational rights within India's exclusive economic zone without taking New Delhi's permission, calling the move "consistent with international law".

In an unusual move, the US Navy announced that on Wednesday it conducted a freedom of navigation operation in Indian waters without prior consent to challenge India's "excessive maritime claims", triggering a reaction from New Delhi, which on Friday said it has conveyed concerns to Washington through diplomatic channels. The Ministry of External Affairs (MEA) also contested the US Navy's 7th Fleet statement of April 7 that the freedom of navigation operation (FONOP)

by the guided-missile destroyer USS John Paul Jones "upheld the rights, freedoms, and lawful uses" of the sea recognised in international law by challenging India's "excessive maritime claims".

The MEA in its statement said: "India's stated position on the UN Convention on the Law of the Sea (UNCLOS) is that the Convention does not authorise other states to carry out in the Exclusive Economic Zone (EEZ) and on the continental shelf, military exercises or manoeuvres, in particular those involving the use of weapons or explosives, without the consent of the coastal state. "The USS John Paul Jones was monitored transiting from the Persian Gulf towards the Malacca Straits," the MEA added. — PTI

## MET WARNS OF RAINS, STORMS OVER 4 DAYS

DC CORRESPONDENT  
HYDERABAD, APRIL 10

The Indian Meteorological Department (IMD) on Saturday cautioned about rain, accompanied by lightning, hailstorms and 40 kmph winds for the next four days in Hyderabad and several districts of the state.

As per the IMD, thunderstorms are very likely to occur at isolated places in Hyderabad and nearby districts like Ranga Reddy, Medak, Medchal-Malkajgiri, Vikarabad, Mahbubnagar and Sangareddy.

The warning covers Adilabad, Komaram Bheem-Apisabad, Mancherla, Nirmal, Jagtial, Kamareddy and Rajanna-Sircilla districts.

## Couples travel huge distances to stay together

## 600 govt teachers 'separated'

**HARLEEN MINOCHA | DC  
HYDERABAD, APRIL 10**

Six hundred government teachers are suffering due to lack of inter-district transfers since 2012, that has led to separation of spouses and families for nearly a decade.

Lack of promotions since 2015 has also plagued the teaching community. There is a shortage of subject teachers. All these issues, teachers say, have been neglected by the government despite regular reminders and representations.

Subhash (name changed), a primary government

teacher in Warangal, told this newspaper that he and his wife had been separated for eight years. While he serves in a Warangal government school, the wife has been posted to Medak. They have to travel 400 km to get to spend a day or two together every week.

"I have two daughters who stay with me, while their mother is 400 km away from them. When she left, one of my daughters was in Class 2, now she is in Class 10. My wife has missed the most crucial time of their growth. They miss their mother who is with them once a week," Subhash said.

Seema (name changed) is serving in Medchal, her husband Srinivasa (name changed) works in Nagaram. Their children have been staying at their grandparents' house for seven years. "This is the story of not just our lives, but many other teachers who have been left in the lurch by the government. We have demanded several times that the government redress these grievances that are breaking so many families, even as we spend our lives serving the state. But our cries are in vain," said Srinivasa.

On Monday, during a com-

mittee meeting of the Telangana State United Teachers Federation (TSUFT), the authorities raised their demands yet again of helping spouses serving as government teachers, release of promotion schedule for the vacant 2,000 headmaster posts, as well as 7,000 school assistant posts. They demanded the appointment of staff for sanitation management in schools, and to provide minimum required staff for other non-teaching tasks. However, there has been no response on this from the government or state education department.

## 4 Trinamul men killed in CISF firing during clash

CISF claims self-defence, TMC men kill first-time voter

RAJIB CHOWDHURI | DC  
KOLKATA, APRIL 10

The fourth phase of Assembly elections in West Bengal witnessed unprecedented bloodbath on Saturday when the Central paramilitary forces gunned down four Trinamul Congress workers during an attack on a polling booth while ruling party workers allegedly shot dead a first-time voter outside a booth during a clash. Both incidents took place in Cooch Behar of North Bengal, the BJP's stronghold.

The Election Commission said that the CISF had to fire in order to save lives of voters who came to vote, put in place certain restrictions, including extending the "silence period" from 48 hours to 72 hours for the fifth phase of polling West Bengal. It also barred the entry of politicians in Cooch Behar district for the next 72 hours to prevent any possible law and order flare-up.

The shocking incident took place at around 10.30 am when a group of TMC workers stormed a polling booth (No. 126) at Amtala Madhyamik Shiksha Kendra in Shitalkuchi Assembly constituency.

DC CORRESPONDENT  
KOLKATA, APRIL 10

Enraged by the killing of four TMC workers by Central paramilitary forces in Cooch Behar during the fourth phase of Assembly election in West Bengal on Saturday, Chief Minister Mamata Banerjee accused Union home minister Amit Shah of being a "conspirator" of the shooting and demanded his resignation. Erupting in fury, Ms Banerjee told a TMC rally in North 24 Parganas, "A dangerous incident has left me in pain. The Central forces gunned down four persons at Sitalkuchi in

Facing their attack, CISF troopers, who were guarding the booth, fired on the mob and shot dead four persons — Hamidul Haque, Monirul Haque, Samiul Mian and Amjad Hossain — while injuring three others.

According to the CISF,

Cooch Behar. Central forces are not my enemy. But the way it killed four voters standing in queue only proved the Union home minister's conspiracy that has been on."

She alleged, "After killing people, the BJP now claims the firing was in self-defence. They must hang themselves in shame!" Puncturing the Trinamul Congress supremo's claim, Prime Minister Narendra Modi, referred to Ms Banerjee's alleged provocation to attack the Central forces and warned her and her party cadre against hooliganism.

Polling was stopped immediately by the EC. The CISF's justification of "self-defence" was supported by the district police and administration in its preliminary report to the EC which, issuing the CISF a clean chit later, said, "Recourse to open fire by CISF personnel became absolutely necessary in order to save lives of voters lined up at the polling booth, those of other polling personnel."

the mob of around 150 first manhandled the polling staff at the booth. Sources said they were not "armed", but some were carrying bamboo sticks.

The CISF booth commander tried to pacify the miscreants but the mob entered the polling booth

## 3 MINOR SISTERS OF A FAMILY GO MISSING

DC CORRESPONDENT  
HYDERABAD, APRIL 10

Three minor sisters of a family went missing from their house under the Vanasthalipuram police limits. The girls are aged 17, 15 and 14, all students. Police said their father who woke up on Friday night to relieve himself noticed his daughters missing from the residence.

"Police said the eldest girl was disappointed that her parents didn't agree to her relationship with a person and left home along with her sisters," said police.

Based on the complaint, the police booked a case and formed special teams to trace the missing children.

## BANDI: K'NAGAR TO WARANGAL ROAD WORKS SOON

DC CORRESPONDENT  
KARIMNAGAR, APRIL 10

With the lead taken by Karimnagar MP and BJP state chief Bandi Sanjay Kumar, four-laning of the Jagtial-Karimnagar-Warangal National Highway is to be expedited with the Centre releasing a gazette for acquiring land for the purpose.

The National Highway Authority of India had announced the highway as National Highway 563 in 2015 given the heavy traffic and included it under Bharatmala Pariyojan.

But, for the past four years, without any repairs, riddled with many potholes, travel on the 120-kilometre stretch has been nightmarish. Several surveys were conducted but neither the state nor the Centre took up repairs.

## CONTROVERSY RISES OVER AZAAN CALL

DC CORRESPONDENT  
HYDERABAD, APRIL 10

Controversy has risen over a call by Moulana Khalid Saifullah Rahmani, working general secretary of the All India Muslim Personal Law Board (AIMPLB), that if there are many mosques in an area, azaan, the call for prayer, must be played only by one big mosque over external loudspeakers.

Youth of Saidabad raised objection over Moulana Rahmani's statement and sought an apology from him. They warned that they would otherwise not perform prayers under his imamat (leadership). The moulana has reportedly removed his tweets in this regard after sharp reactions from the community.

In a series of Tweets on Friday, Moulana Rahmani had called for self-regulation in use of loudspeakers for azaan. He stressed the need to take every care as per Islamic teachings to ensure that no one is inconvenienced.

Deleting this series of Tweets, the Moulana issued a fresh Tweet that the views expressed by him were his own and have no connection with AIMPLB.

In his original tweets, Moulana Rahmani had opined: "If a mohalla has many mosques, azaan should be given on external mike at one big masjid. Care should also be taken to ensure that the volume is not too high. It should be enough to reach people in the neighbourhood. In remaining masjids, azaan can be on internal speakers or outside without speakers."

## We have kept most promises, will sweep bypoll: Jagadish

Minister says party doesn't buy votes, seek them in the name of schemes

SRIRAM KARRI DC  
HYDERABAD, APRIL 10

TRS senior leader and energy minister Guntakandla Jagadish Reddy is playing a crucial role in helping his party candidate, Nomula Bhagat, in the Nagarjunasagar by-election, just as he proved to be a crucial factor in ensuring S. Saidirreddy won the bypoll in Huzurnagar in 2019.

In an interview to Deccan Chronicle, Jagadish Reddy reveals that the BJP bubble that is a strong force in Telangana and an alternative to the TRS has burst, that the Congress is the real rival in rural parts of the state, and that the myth of a strong anti-incumbency wave playing a factor has been belied and laid to rest in the two graduate MLC elections.

Excerpts:

**Q** How do you perceive the mood of the electorate in Nagarjunasagar to be? What guiding factors will they most likely be considering while voting on April 17?

The voters seem to have decided to use this opportunity to elect a new young leader and express their confidence in the leadership of Chief Minister K. Chandrashekhar Rao and the programmes of the TRS government. It will be a pro-incumbency vote.

**Q** What possible reasons are there for such a pro-incumbency?

The biggest reason is the transformation of Telangana under Chief Minister K. Chandrashekhar Rao's rule, brought about by providing water. For example, in Nagarjunasagar constituency is a village, Rajavaram, where people did not have water for crops for 50 years, before Telangana was formed.

**JAMIA NIZAMIA GRAND MUFTI DIES AT 84**

DC CORRESPONDENT  
HYDERABAD, APRIL 10

Moulana Mufti Mohammed Azeemuddin, a prominent Islamic scholar and grand mufti of the Jamia Nizamia, died on Friday evening after a brief illness. He was 84. He was buried on Saturday in the presence of tens of thousands of faithful.

Earlier in the day, his body was kept at Jamia Nizamia where his students, disciples, religious and social leaders paid their last respect. The funeral prayer was also performed at Jamia Nizamia at noon.

His brother Dr Ikramuddin Naghsbandi led the funeral prayer. Moulana Azeemuddin was buried in the graveyard attached to the dargah Mir Shujauddin Hussain, Idi Bazaar.

Moulana Azeemuddin is survived by his wife, four sons and three daughters. He had been with the Islamic seminary for decades and was associated with the Dairatul-Ma'arif on the Osmania University campus in Hyderabad, which acquires, compiles and prints rare Arabic manuscripts.

At the start of our first term, KCR changed our approach towards project tail-end areas. We ensured the last village got water connectivity first. Today, the village sees its farmers sow and reap crops.

In fact, it is the case across Nalgonda, an essentially rural district, where villages and farmers have found their lives transformed because of water. The essentially dry land zone has become green.

Another reason is bringing development and local governance. Take the famous Nandikonda, an internationally recognised tourist centre, where people hardly saw any development. We made it a municipality. They never had drinking water supply, maybe once a week. We have changed that with near daily supply. Add to that several schemes, many of them for farmers, and others, that have ensured there is a great positivity about the TRS.

**Q** The BJP has been building a narrative that they are becoming stronger and are the alternative to the TRS. Do you see it as a concatenation leading from Dubbak to GHMC to the 2023 Assembly polls?

There is almost no BJP in rural Telangana, and Nagarjunasagar will prove it beyond any doubt. Though we hardly see the Congress as a rival, they are the only opposition to us in most of the state.

**Q** How is the mood in Nagarjunasagar?

We have built huge goodwill with successful schemes like 24-hour power supply, Rythu Bandhu, Rythu Bima, Kalyana Laxmi and Shaadi Mubarak, permission for senior citizens. Our campaign for a month now has focussed on

Guntakandla Jagadish Reddy

gar, the battle is between a veteran Congressman and a youth. Jana Reddy has represented seven times and has done little for the people. They choose to defeat him in 2018 to bring the curtains down on his career. Why would they want to revive him now?

**Q** There is a general perception that elections since 2018 have become huge money affairs, where cash and liquor are crucial.

It is a common allegation and people say all parties are responsible. We in TRS do not buy votes but seek them in the name of our programmes. Yes, while our cadre is going around, we may support them with drinking water or paying for their petrol costs for travel, nothing more. Has not the Congress sold huge crowds? Is Uttam Kumar Reddy not getting crowds for his shows?

They keep complaining because they know they will lose. Why don't they give specific complaints to the authorities? The police is checking relentlessly for violations and so are the Election Commission observers. Cars of ministers and MLAs are checked and we are cooperating.

But the Congress has no right to talk about violations. Go see the scene outside Jana Reddy's house right now (late evening on Friday), there are over 50 cars. Both parties have registered complaints and police have conducted raids. In fact, they found 400 cases of liquor in the Congress office and none in the TRS office.

**Q** Looking ahead of this bypoll, how do you see the scenario in 2023?

I feel in rural parts the Congress will be the principal rival for the TRS. Yes,

in some urban pockets the BJP has created a following, maybe around 15 seats out of 119.

The TRS will be the favourite because we have delivered on most points of our manifesto, with a better record than most parties in India. Read our 2014 manifesto, we have worked on each and every point.

In fact, we have done several things which we never mentioned in the manifesto, which is a record no party can match.

**Q** Is there absolutely nothing about the TRS for the people to feel disappointed or angry about?

Yes, there is a bit of a disappointment on two aspects — constructing 2BHK houses and distributing land. But we have explained to the people that because of our good work, land prices went up and it will be untenable to distribute land. Houses also, we have explained that because we want to build these on government land we are facing issues. People have understood.

**Q** What about youth and jobs?

It was our mistake that we let the Opposition mislead the people, especially the youth, about it. After we took our achievements to the people, explained how we filled 1.3 lakh government jobs and our industrial policy created over 15 lakh jobs, people are happy. This showed in the graduate MLC elections.

Even government employees are happy knowing we gave the best salary hike possible in the circumstances. Private school teachers and staff were a bit unhappy but the Chief Minister announced very good succour for them took.

## PRE-MONSOON SHOWERS: SKYMET

From Page 1

Mahesh Palawat, vice-president, Meteorology and Climate Change, Skymet Weather, said that these were pre-monsoon showers occurring due to the significant increase in the heat that the region has been experiencing since the last week of March.

He said that the rain was being caused by a trough extending from Chhattisgarh to interior Tamil Nadu, for which moisture is coming from the Bay of Bengal. The rainfall will be seen mostly during afternoon and evening, for about an hour or two, Palawat said.

He added that while the northern region experienced rain and thundershowers in March, the peninsula will witness a change in weather this month, especially in Telangana state, northern Karnataka and Rayalaseema. The intensity in Telangana, Vidarbha and adjoining areas will be higher than the rest of the areas.

### SHABBIR ALI DEMANDS FREE COVID SERVICES

DC CORRESPONDENT  
HYDERABAD, APRIL 10

Former minister Mohammed Ali Shabbir on Saturday demanded that the government make arrangements to provide free Covid-19 testing, treatment and vaccination. He pointed out that there are a limited number of government testing centres and a Covid-19 test costs about ₹800 in private hospitals. A family of five would have to spend ₹4,000 on tests.

He said Chief Minister K. Chandrashekhar Rao must review the situation on a daily basis and ensure that priority is given to saving people's lives.

"No project or scheme can be more important than human lives. The state and Union governments should do everything possible to save each and every life," he said.

He said that Covid treatment has remained unaffordable for most sections. "Many corporate hospitals are allegedly looting people in the name of Covid treatment. The government has completely failed to monitor the organised loot and has not set up any mechanism to check their exorbitant billings," he said.

A high-level committee was formed last year to probe into the complaints of exorbitant collection by private hospitals. As against nearly 5,000 complaints, action was taken in just two or three cases. No penal action was taken against any corporate hospital, he said.

## Azhar completes 10 yrs of providing free food

SANJAY SAMUEL PAUL | DC  
HYDERABAD, APRIL 10

Hunger has no religion. Without any bias since over 10 years, each day, at sharp 12.30 pm, free lunch has been served to the hungry under the Dabeerpura flyover in Chanchalguda.

Even the toughest nationwide lockdown did not stop this noble activity of Azhar Maqsusi, who has become a synonym for free food to hungry. His free food programme has inspired others in India, including in Raichur, Bengaluru, Tandoor, Assam, Jharkhand, Bhubaneswar and Cuttack. In Hyderabad too, two additional centres have come up — one near ESI Hospital offering free breakfast and lunch from 2 pm and the other at Gandhi Hospital, where free food has been served since 2,000 days.

Azhar started this activity much before government's free food programmes. "I started this activity 10 years ago at the Sai Baba temple and Yousufi dargah. Before I started, there used to be free food distribution only during Ganesh festivals at the pandals. That inspired me to start feeding the poor," he says.

Azhar is an artisan working with plaster of Paris. He manages to earn for both himself, his family and for his free food programme. "I

## Patients turn +ve after surgery

**Virus-laden air blamed; CCMB reveals Covid could be acquired in hospitals**

KANIZA GARARI | DC  
HYDERABAD, APRIL 10

Patients who clear the Covid-19 test before going for elective surgeries for kidney, liver and cardiac diseases are ending up testing positive in post-operative wards. Their testing positive post-surgery is being attributed to their lungs having the typical scarring of Covid-19.

A senior doctor of a private hospital, on condition of anonymity, said, they had had 10 such patients. "In three of these cases, the patient's lungs turned out to be fully white, which means they were filled with virus. This is worri-

some," the doctor said. Similar cases are being reported from other hospitals too.

There is suspicion that this could be hospital-acquired Covid-19. This is because patients, especially inpatients, are exposed to SARS-CoV-2 that is in the hospital for more than two hours, according to a study carried out by the Centre for Cellular and Molecular Biology (CCMB).

While both government and private hospitals have separate pathways for Covid-19 patients, it is worrisome that other patients end up contracting the virus.

A senior infection control specialist, who chose

● IN THE second Coronavirus wave, it is estimated that every fourth person is a carrier of virus. We are approaching a peak. During this time, it is better that patients put off their surgery in case it is not required urgently," a senior doctor said.

to remain anonymous, said, "These cases are being noted despite our infection control protocols, as the virus movement in the hospital air is high. The other alternative could be that the number of asymptomatic carriers in the public is very high. Contacts of

healthcare workers, patient caregivers and family members interact with society, leading to transmission and movement of virus. As immune-compromised are susceptible to virus, they are acquiring it."

Hospitals are finding it difficult to explain this challenge to patients who pick up the infection post surgery. Elective surgeries are finalised on various parameters, including when mere medication is no more effective. Patients have no option but opt for surgery.

"Separate pathways in hospitals require extensive care and extremely strong protocols, which

healthcare workers have to follow. In the second Coronavirus wave, it is estimated that every fourth person is a carrier of virus. We are approaching a peak. During this time, it is better that patients put off their surgery in case it is not required urgently," a senior doctor said.

Similarly, senior citizens and other immunocompromised patients must not be called to hospitals for counselling for fear of them contracting virus in the air. They must be provided online consultation for some time to come.

Dr Mustafa Afzal, senior infectious disease specialist at Care Hospitals,

said, "In the second wave, those with comorbid conditions are getting serious within 12 to 24 hours. The spike of virus within the body is immediate, and double mutant is a cause for concern."

Dr Ashish Chauhan, senior general physician, said, "Many patients are insisting on hospital admissions when it is not necessary. Trusting your family physician and opting for online consultation is the best way to protect oneself from variants of the virus. Patients panicking only aggravate their situation, as their basic parameters of blood pressures and sugars heighten in such circumstances."

## HC: No forcible evacuation for Mallannasagar

HYDERABAD, APRIL 10

The Telangana High Court directed the Siddipet district collector not to evict people from Etigadda Kistapur and Vemulaghatty villages that are to be submerged under the Mallannasagar Reservoir, which is part of the Kaleshwaram lift irrigation scheme. The division bench, comprising Chief Justice Hima Kohli and Justice B. Vijayendra Reddy, was dealing with two petitions filed by around 85 residents of these villages challenging the ultimatum issued by officials asking them to vacate their houses on their own or be forced to do so with police intervention.

The contention of the petitioners was that the authorities had issued proceedings u/s 19(1) of Act 30 of 2013 with regard to house sites, houses and structures, based on an invalid and lapsed notification, without following

### KALOJI VARSITY POSTPONES EXAMS DUE TO SPIKE IN COVID-19 CASES

DC CORRESPONDENT  
HYDERABAD, APRIL 10

The Kaloji Narayana Rao University of Health Sciences (KNRUHS) on Saturday announced the postponement of exams for some second and third year alternative medical courses that were sched-

uled from April 12.

The postponement covers exams for BHMS, BAMS, BUMS, first BYNS-Part II and second BYNS Part II. This came after several students and parents asked the university to delay the exams, due to the spike in Covid-19 cases.

## Etala asks hospitals to increase beds, not charge additional fees

DC CORRESPONDENT  
HYDERABAD, APRIL 10

The Covid-19 cases that are being recorded now mild but the spread is very high and patients with comorbid conditions could develop complications, health minister Etala Rajendar was told during a meeting here on Saturday by health officials, private medical colleges and corporate hospitals.

The meeting was convened to understand the situation on the ground so as to create additional infrastructure for ensuring that every Covid-19 patient gets appropriate treatment.

The minister stated that if the cases continue to be high, elective surgeries need to be restricted in order to accommodate additional beds for Covid-19 cases.

Corporate hospitals and medical colleges were urged to be ready with adequate manpower, equipment and expertise to help the government in the fight against Covid. The biggest challenge is to control the death rate, the minister said.

These steps are being taken as the queue in testing centres in both private and government hospitals is high. Unlike in 2020, when people were scared to reveal their Covid status, there is now a more open approach on social media. This is leading to primary and secondary contacts also making a beeline for testing even if they do not carry any symptoms.

Rajendar said, "The increase of cases is due to the rise in Karnataka, Chhattisgarh, Andhra Pradesh and Maharashtra. People must be vigilant and strictly follow safety protocols."

He told hospital authorities to increase the bed strength and refrain from charging exorbitant fees. He warned that the government would keep a strict vigil and any complaints about higher charges for intensive unit care, medicines and other services will lead to punitive action.

A senior government official said, "Critical patients increase the burden on healthcare systems and also make it difficult to manage mild and moderate cases. The pressure on government hospitals is already being noted in districts which have taken a huge hit

HYDERABAD, APRIL 10

GHMC frontline warriors have been left in a lurch. In spite of its promise of vaccinating all its employees, the corporation has not booked slots for giving Covid-19 vaccine to its staff at any of the designated urban primary health care centres (UPHCs) within the city limits.

There are 85 UPHCs in Hyderabad and 145 within limits of GHMC, a hotbed of Coronavirus. Thousands of civic staff flocked the UPHCs. But no arrangements had been made for them.

Corporate hospitals and medical colleges were urged to be ready with adequate manpower, equipment and expertise to help the government in the fight against Covid. The biggest challenge is to control the death rate, the minister said.

ment did not book slots with health authorities and just asked their staff to visit the nearest UPHC. This led to severe inconvenience at UPHCs, where long queues could be witnessed for a few hours in the scorching heat, and most of them returned without the vaccination.

Bharati (name changed on request), an UPHC employee at Bholakpur, said that even they had vaccine stocks for one week, staff could only vaccinate 200 persons on working day. "We have 350 persons working in 145 UPHCs in the city when their requirement is 2,700. UPHCs cannot operate efficiently without the required staff. At least now, the corporation can be systematic in booking slots and asking only that many people to go to the UPHCs. Too many people gathering means giving an invitation to the virus," she

remarked.

Chaotic scenes were witnessed not only at Bholakpur, but also at other UPHCs including the ones at Panjagutta, Malakpet and Banjara Hills.

The episode has exposed lack of coordination at Covid-19 control room set up at the GHMC headquarters. Said an employee, "I did not book any slot but, as per officials' announcement, carried my Aadhaar and employment card. Officials at UPHC, citing the heavy crowd, said the vaccine will be provided on first-cum-first-served mode on Saturday. I had to return home."

Venkatesh, who works in the town planning wing, said: "I tried to contact emergency contact numbers 9154686549 and 9154686558 for guidance to book a slot on Sunday. No one attended the call despite multiple attempts," he pointed out.

## TS Covid cases double in 4 days, 2,909 new virus cases

DC CORRESPONDENT  
HYDERABAD, APRIL 10

17,791 patients were in home isolation and 11,495

The number of Covid-19 cases has doubled in just four days. The state recorded 2,909 cases on Friday, almost double of the 1,498 cases registered on Monday, April 5. Since March 31, when the state recorded 965 cases, the number has tripled in nine days, indicating the very rapid rate in which Covid-19 is spreading in the state.

The GHMC area recorded 487 cases, neighbouring Medchal Malkajgiri 289 and Ranga Reddy district 225. Nizamabad crossed the 200-mark with 202 cases, Nirmal 131, Jagtial 121, Sangareddy 117, Kamareddy 102, Mahbubnagar 93, Karimnagar 92, Warangal Urban 86 and Siddipet 82. Gandhi Hospital has 230 critical patients and there

were 80 admissions on Friday. Similar cases are being noted in districts too. The health department said 4,298 beds were available in state hospitals but occupancy figures were not mentioned.

Meanwhile, State Election Commission (SEC) Commissioner C. Parthasarathy tested positive for Covid-19 on Saturday. He had taken the Covid-19 vaccine in the first week, and developed a light fever on Wednesday. He underwent a Coronavirus test which returned positive on Friday. Prior to that, Parthasarathy had held a series of meetings pertaining to elections to urban local bodies. Officials who met with the SEC were advised to undergo Covid-19 tests.

According to the state health department, the caseload now stands at 32,409. Six more deaths due to the disease took the toll to 1,752. The department tested 1,11,726 samples, of which the reports for 4,533 are awaited.

The department said

Roadshows on April 11, 12 unlikely, party to rely on KCR's public meet

HYDERABAD, MARCH 10

TRS working president and IT minister K.T. Rama Rao is likely to skip the Nagarjunasagar campaign for the N a g a r j u n a s a g a r Assembly byelection to focus on the next task: Winning the municipal corporation polls for Khammam and Warangal besides the municipalities of Siddipet, Achampet, Jachherla, Nakrekal and Kothur.

Party leaders had earlier planned Rama Rao's roadshows on April 11 and 12 in Nagarjunasagar.

Party sources said Rama Rao had, however, conveyed his decision to visit Warangal on April 12 to meet party leaders and discuss election strategy for the civic polls besides launching a slew of development programmes in the run-up to the municipal elections.

Rama Rao had on April 2 visited Khammam and launched several development programmes there.

● RAMA RAO preferred to skip the Nagarjunasagar campaign because party president and Chief Minister KCR is holding a public meeting in Halia on April 14 and there is no need for him to campaign again.

● SPECULATIONS ARE ripe in TRS circles that the government is in favour of holding the municipal polls even before the result of Nagarjunasagar bypoll will be out on May 2. Municipal polls maybe held on April 30.

Party sources said Rama Rao preferred to skip the Nagarjunasagar campaign on the ground that party president and Chief Minister K.

Chandrashekhar Rao is holding a public meeting in Halia on April 14 and there is no need for him to campaign again and that he would rather focus on the municipal polls.

Speculations are ripe in TRS circles that the government is in favour of holding the municipal polls even before the result of Nagarjunasagar bypoll will be out on May 2. Municipal polls maybe held on April 30.

The campaign for the Nagarjunasagar bypoll will end on April 15 and all the ministers, party MLAs, MLCs and other leaders campaigning in Nagarjunasagar will be assigned campaigning duties for the municipal polls. The TRS plans to appoint ministers, party MLAs, MLCs etc as election in charge for every division and wards in the civic bodies that are going to the polls.

## Revanth hails Jana Reddy for Telangana statehood

DC CORRESPONDENT

HYDERABAD, APRIL 10

State Congress working president A. Revanth Reddy on Saturday said that it was because of K. Jana Reddy that the people could realise the dream of statehood. He said that Jana Reddy had sacrificed the Chief Minister's post to make Telangana statehood possible.

He said the Telangana Joint Action Committee took birth at Jana Reddy's residence, and Chief Minister K. Chandrashekhar Rao was only a member of the JAC. Jana Reddy convinced Congress president Sonia Gandhi to

carve out Telangana as a separate state. Speaking at a campaign meeting in support of Jana Reddy ahead of the April 17 N a g a r j u n a s a g a r Assembly by-election, Revanth Reddy asked why the Chief Minister could not waive the farm loans worth ₹16,000 crore at one go when he had presented a ₹2 lakh crore Budget.

The Congress leader said that the TRS was pushing the state into debts. "In seven years, the debts have been increased from ₹69,000 crore to ₹4 lakh crore," he said. He said that it was because of Jana Reddy that the Nagarjunasagar constituency saw devel-

opment and he would resolve the podu lands issue on similar lines. "The Nagarjunasagar bypoll has grabbed the attention of the state, and I am sure people in the constituency would stand by a tall leader like Jana Reddy," Revanth Reddy said.

The government had failed to keep its poll promises including making a Dalit the CM, distribution of three acres to the Dalit community, providing employment to the unemployed, distributing double bedroom houses for the poor, and increasing reservations to 12 per cent for Muslims and Scheduled Tribes, Revanth Reddy said.

## Owaisi accuses Prashant of blaming Muslims

DC CORRESPONDENT

HYDERABAD, APRIL 10

AIMIM president Asaduddin Owaisi on Saturday lashed out at political strategist Prashant Kishor, who has tied up with West Bengal Chief Minister Mamata Banerjee for the ongoing Assembly polls, for purported claims about a culture of minority appeasement. In a series of tweets, he asserted 'Mamta's celebrated poll strategist is speaking his fact-free mind here. Instead of introspecting on how she allowed majoritarian communalism to take root in Bengal, he chose to scapegoat Muslims for her fail-

ures (sic)." Owaisi said Muslims constitute 27 per cent of the state's population but there is only a six per cent reservation for them in government jobs, only 11 per cent of students in higher education are Muslims and 80 per cent of Muslims in rural areas earn less than ₹5,000. The six worst-performing districts on healthcare have a Muslim population share of more than 25 per cent. Around 37 per cent of prison inmates are Muslims. He said.

He said that everywhere she goes, she talks about her gotra and high place in the Varna system.

"She told Muslims that she'll protect them from Hindutva but her strategist is confessing how she let Hindutva grow," Owaisi said.

He claimed that people in Malda and Murshidabad have to drink arsenic-contaminated water. These are the fruits of 'blatant

appeasement'. The Left's mistreatment of Muslims has been recorded by the Kundu and Sachar committee. Land reforms have not reached Muslims of whom 3/4th remain landless.

He said, "Mamata Banerjee has likened Muslims to cows to be milked. Now she has to beg Muslims not to divide their votes."

He said that everywhere she goes, she talks about her gotra and high place in the Varna system.

"She told Muslims that she'll protect them from Hindutva but her strategist is confessing how she let Hindutva grow," Owaisi said.

## Govt discourages paddy due to heavy production

DC CORRESPONDENT

HYDERABAD, APRIL 10

In order to encourage their cultivation, the state government has set a target of growing red gram in 20 lakh acres and cotton in 75 lakh acres for the upcoming Kharif season (Vanakalam) beginning in June.

A majority of the farmers are preferring to grow paddy, leading to heavy production and creating problems during procurement and in ensuring minimum support price (MSP) for the farmers. Therefore, the government has decided to discourage paddy cultivation in the Kharif season.

Singireddy Nirjan Reddy on Saturday had a review meeting with the department officials to prepare an action plan for the forthcoming season.

The minister stated that 80,000 quintals of red gram seeds should be procured from national and state seed development corporations, agriculture university and private companies.

He said for the first time in the country seed packets with QR codes and seed credibility certification will be supplied to farmers with an aim to check the supply of spurious seeds.

The minister added that task force teams will be formed to check spurious seeds and culprits will be booked under PD Act.

## 10 KILLED, 40 HURT AS TRUCK FALLS INTO GORGE IN U.P.

**Lucknow:** At least 10 people were killed and over 30 injured as a truck on which they were travelling fell into a gorge in UP's Etawah on Saturday, police said.

"The incident took place in the Barphura police station area after the driver of the vehicle lost control over it. There were 40 to 50 people travelling by the truck," Additional Superintendent of Police (City) Prashant Kumar Prasad said, adding that the accident took place in a ravine area.

A police PRO said, "The number of people who have died stands at 10 while 30-35 are injured. The injured have been admitted to the Etawah district hospital. Depending upon the seriousness of the cases, the injured will be shifted to higher centres for medical treatment."

## CBI INVESTIGATES NAXAL ATTACKS IN CHHATTISGARH

**DC CORRESPONDENT**  
NEW DELHI, APRIL 10

Central intelligence agencies are investigating the possibility that some of the Maoists involved in the killing of 22 CRPF commandos in Chhattisgarh last week might have been trained in the use of sophisticated arms and explosives at terror camps operating in Myanmar, close to the India border.

The terror camps on the Myanmar border are run by northeast militant groups with active assistance from some elements of the Myanmar Army. Sources claimed that local unit of the Intelligence Bureau based in Raipur was conducting a detailed investigation of the Maoist ambush in south Bastar.

## FARMERS BLOCK KMP EXPRESSWAY

**Chandigarh:** Intensifying their protest against the three farm laws, farmers blocked the Kundli-Manesar-Palwal expressway at some places in Haryana on Saturday.

The blockade started at 8 am and would last 24 hours.

The Samyukt Kisan Morcha, an umbrella body of protesting farmer unions spearheading the agitation against the agriculture-related legislations, on Friday gave a call for a 24-hour blockade of the KMP expressway.

The 136-km-long expressway is also known as the Western Peripheral Expressway.

Protesting farmers, however, said emergency vehicles will be allowed to ply.

Bhartiya Kisan Union (Lakhowal) general secretary Harinder Singh Lakhowal said the blockade would be for 24 hours.

Haryana Police in the mean-while issued a traffic advisory, asking travellers to avoid the KMP expressway.

Additional Director General of Police (Law and Order) Navdeep Singh Virk on Friday said elaborate arrangements were in place to maintain peace and order, prevent any kind of violence and facilitate traffic movement and public transport on the expressway.

## INDIA FINALISES AIR BUBBLE PACT WITH SRI LANKA

**New Delhi:** India has established a bilateral air bubble arrangement with Sri Lanka for operation of special international passenger flights between the two countries, the Civil Aviation Ministry said on Saturday.

With this, India now has such pacts with 28 countries, including Afghanistan, Bahrain, Canada, France, Germany, Iraq, Japan, the Maldives, Nigeria, Qatar, the UAE, the UK and the USA. Under an air bubble pact between two countries, special international passenger flights can be operated by their airlines into each other's territories under restrictive conditions.

"India has finalised an air bubble agreement with Sri Lanka, making it the 6th such arrangement in SAARC region and the 28th in total," the Civil Aviation Ministry said on Twitter. "All the eligible passengers will be able to travel between the 2 countries in the near future," it noted. Scheduled international flights have been suspended in India since March 23, 2020 due to the Coronavirus pandemic.

# Uddhav signals harsher, longer lockdown, awaits Centre nod

**In Delhi, Kejriwal says lockdown not option, restrictions will be imposed**

**DC CORRESPONDENTS**  
NEW DELHI/MUMBAI,  
APRIL 10

In view of rising Covid-19 cases, Maharashtra is all set for a harsher and longer lockdown, the date and time for which is yet to be finalised. During the all-party meeting called by Maharashtra chief minister Uddhav Thackeray on Saturday, it was decided that a lockdown of minimum one week and maximum 15 days can be imposed in the state to break the chain of transmission of Coronavirus. However, a final decision in this regard will be taken in a couple of days after consulting health experts.

The Centre too is yet to give its nod for such a plan as the Union government had suggested that states go for "micro-level" lockdowns instead of shutting down the entire state. Thackeray said lockdown is the only option given the high volume of cases and difficulty in contact tracing.

"Last year during lockdown people were at home so it was not difficult to trace the infection. Since everything is open now, it is practically very difficult to trace people. The Centre must understand this. I have been speaking to many people from different sectors, even private hospitals for the last few days. All are ready to support the government," Thackeray said.

Maharashtra on Saturday reported 55,411 fresh Covid-19 positive cases with 309 deaths. Out of this, Mumbai had 9,327 new cases and 50 deaths.

In a new high, India reported over 1.52 lakh fresh cases of Coronavirus with 795 deaths in 24 hours on Saturday. Among the latest to catch infection in Maharashtra is RSS chief Mohan Bhagwat. The rising cases have put substantial pressure on the health infrastructure of the country with several states reporting shortage of Remdesivir, Oxygen and hospital beds.

As state governments scramble to test and treat Covid patients, there were also reports of shortage of RT-PCR kits in some places.

With several vaccination centres in Maharashtra shut due to shortage of vaccines, former MP and farmer's leader Raju Shetti has threatened to stop Serum Institute India's supply of Covid-19 vaccines to other states.

In a letter written to Prime Minister Narendra Modi and Union Health Minister Harsh Vardhan, Swabhiman Shetkari Sanghatana (SSS) head Raju Shetti has stated that if supply of vaccines

## K'ATAK IMPOSES NIGHT CURFEW, ESSENTIAL SERVICES SPARED

**Bengaluru, April 10:** The 11-day 'Corona curfew' will come into effect in some districts of Karnataka, including the state capital, from Saturday night to contain the spread of Coronavirus and only essential services, patients and passengers would be allowed to paly.

The state government had announced night curfew between 10 pm and 5 am every day from April 10 to 20 in Bengaluru, Mysuru, Mangalore, Kalaburagi, Bidar, Tumakuru, Udupi, Manipal cities.

This apart, the curfew will be in place in other prominent towns and district headquarters, the government said.

The police have made elaborate arrangements to ensure compliance of the rules at night.

In Bengaluru, Police Commissioner Kamal Pant told reporters that vehicles providing essential services, patients and their relatives will be allowed to travel at night.

Besides, home delivery, e-commerce and the transportation of essential goods such as vegetables and food commodities for sale in the morning will be allowed in the night. Passengers coming to and going from Bengaluru are also allowed to travel. They must carry with them travel documents," Pant said. — PTI

## Assam stares at vaccine shortage

**MANOJ ANAND | DC**  
GUWAHATI, APRIL 10

Amidst the growing number of Covid-19 positive cases, Assam government has issued guidelines for upcoming festive season of the state with focus on social distancing, hand sanitisation and strict use of masks. The guidelines underlined the norms of public gathering to be followed during the Bohag Bihu festival which is going to start from April 14.

Though, state government has also been asking the eligible persons to take the vaccine, Assam

is also staring at a shortage of Covid-19 vaccine, with officials confirming that the existing stock would be exhausted in two to three days. The state had around 2.70 lakh doses of vaccine on Saturday morning.

"Central government has said that a consignment of vaccines will be sent by April 12. Though there is no confirmation yet, we are hopeful," sources in the state health department said while confirming that in some districts they are providing vaccines only to those who are eligible for a second dose of vaccine. "The

Dibrugarh Joint Director of health has stopped vaccination of first dose from Saturday through a notification," sources said.

Meanwhile the state government has asked the health officials to focus simultaneously on the three Ts — Testing, Tracing and Treatment while ramping up the vaccination for eligible beneficiaries as part of its Covid-19 management strategy.

The guidelines for celebration of Bihu festival further said that event organisers will have to seek prior permission from the district administration.

trations and the programmes will have to conclude by 11 pm. All the organisers and volunteers will have to get tested three days prior to the event and after the event.

The event site should be spacious for maintaining adequate physical distance and should have multiple entry and exit points. Also, all participants should be screened for symptoms.

Passengers coming from Mumbai and Bengaluru will have to undergo compulsory Covid-19 tests in the airports and railway stations of Assam.

## Sonia slams Centre's Covid Management

**New Delhi, Apr 10 (PTI)** Congress president Sonia Gandhi accused the Centre on Saturday of "mismanaging" the Covid situation and creating a vaccine shortage in the country by exporting it, as she called for cancelling all public gatherings and poll rallies in view of the rising number of Coronavirus cases.

In Madhya Pradesh, oxygen demand has gone up by 60 per cent and the state has set up a committee to audit oxygen availability in hospitals. In Indore, the lockdown has been extended from Monday to Friday.

In Tamil Nadu, beaches in Chennai, Chengalpattu and Tiruvallur districts will remain closed to the public on Saturdays, Sundays and on holidays from April 11. However, religious places in the state where it is in power in alliance with others, she said the priority should be to test, track and vaccinate.

She was reviewing the

efforts by the states ruled by the Congress to tackle the second wave of the Coronavirus infection in the country.

Rahul Gandhi called for putting money in the hands of the poor.

All public gatherings and poll rallies should be cancelled as the number of Covid-19 cases is on the rise.

"Mass gatherings for elections and religious events have accelerated Covid-19 for which all of us are responsible to some extent. We need to accept this responsibility and keep the interest of the nation above our own," Sonia Gandhi said. — PTI

## 'MAHABHARAT' ACTOR KAUL DIES OF COVID

**Ludhiana, April 10:** Veteran Punjabi actor Satish Kaul, who featured in several Hindi films and shows including "Mahabharat", died on Saturday due to Covid-19 related complications. He was 74.

According to Kaul's sister Satya Devi, the actor, popular for playing the role of Lord Indra in B.R. Chopra's "Mahabharat", was admitted to a city hospital after he developed fever six days ago.

"He died today morning due to Covid-19 at the hospital. He had fever and wasn't keeping well. We admitted him to the hospital on Thursday and got him tested, where it turned out that he was Covid-19 positive," Satya Devi told said.

Kaul is survived by his sister.

## New party wins poll in Tripura

**Agartala, April 10:** The newly-formed TIPRA, led by former state Congress president Pradyot Kishore Deb Barman, swept the Tripura Tribal Areas Autonomous District Council (TTAACD) elections on Saturday, winning 18 of the 28 seats that went to the polls, official sources said.

The Tipraha Indigenous Progressive Regional Alliance (TIPRA) secured 18 seats, the BJP won nine seats and one seat was bagged by an independent candidate, they said.

In the 30-member tribal council, elections were held in 28 seats on Tuesday. Representatives in the remaining two seats will be nominated by the governor on the advice of the state government.

"Do not fight among yourself, this has continued for 70 years and let the whole India see how the tribals, who constitute one-third of Tripura's population.

Mr Deb Barman, who was the state unit president of Congress, quit the party in September 2019, citing differences with the high command.

## Kishor says Dalits voting for BJP a major factor

**BJP releases Kishor's audio chat with scribes, creates stir**

**DC CORRESPONDENT**  
NEW DELHI, APRIL 10

In the electoral battle for West Bengal, leaked audio clips purportedly between chief minister Arvind Kejriwal and some journalists ended up creating a major embarrassment for the ruling party with the BJP claiming that the TMC has conceded the state.

As BJP leaders latched onto the leaked audio clips and tried to pull down the TMC, Kishor dared the BJP to release the full chat on ClubHouse, a social media platform, and reiterated that the saffron party will not get more than 100 Assembly seats in the elections, for which fourth phase of polling took place on Saturday.

In the several excerpts of the conversation that

were shared by the BJP's IT cell head and co-incharge of the state, Amit Malviya, Kishor is purportedly heard saying that Prime Minister Narendra Modi is "as popular as" Banerjee in the state, that there is anti-incumbency sentiment against the TMC and that "polarisation is a reality". He is also allegedly saying that the Scheduled Caste votes

are a factor in the elections and about the BJP's election machinery. Kishor is also heard saying that Dalits and the Mathua communities voting for the BJP is a very important factor.

Sharing the clips, Malviya claimed, "TMC's election was just thrown away!" The chat session took place on ClubHouse late Friday and the BJP shared the

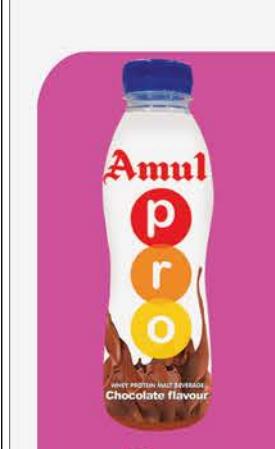

audio on Saturday.

"Modi is hugely popular in Bengal, and there is no doubt about it. There is a cult around him across the country. There is anti-incumbency against TMC, polarisation is a reality. SC votes are (are) a factor plus BJP's election machinery," says Mamata Banerjee's strategist in an open chat," Malviya tweeted after releasing the audio clips.

"Mamata Banerjee's election strategist concedes that even in TMC's internal surveys, BJP is winning. The vote is for Modi, polarisation is a reality, the SCs (27% of WB's population), Mathias are all voting for the BJP! BJP has cadre on ground. Another candid admission by Mamata Banerjee's election strategist — all that the Left, Congress and TMC ecosystem have done in the last 20 years is Muslim appeasement.

## STRICT ENTRY RULES IN MUMBAI

The Mumbai Cricket Association has asked its Apex Council members to produce a Covid-19 negative certificate in order to enter the Wankhede stadium, which will host 10 matches of the 14th edition of the Indian Premier League. "As per BCCI's protocol, all the officials who would be attending the IPL 2021 matches at Wankhede Stadium are required to produce a Negative report of RT-PCR test conducted within 48 hours of the match day," MCA secretary Sanjay Naik, wrote in a note.

# SHAW AND AWE!

Prithvi Dhawan on fire as Delhi gun down CSK by 7-wkts

**Mumbai, April 10:** Prithvi Shaw smashed a hapless Chennai Super Kings attack into submission with a brilliant 72 off 38 balls as Delhi Capitals romped home by seven wickets in an IPL match here on Saturday. Shaw, who has been in sublime form of late found a perfect ally in veteran Shikhar Dhawan (85 off 54 balls), as they added 138 for the opening stand while cruising to the target of 189 in 18.4 overs.

Shaw's innings had nine boundaries and three sixes while Dhawan was equally attractive in his strokeplay with 10 fours and 2 sixes.

The CSK attack had no answers as they literally took control of the chase within the Powerplay overs with both Sam Curran (0/24 in 2 overs) and Shardul Thakur (2/53 in 3.4 overs) being carted all over the park.

Earlier, Suresh Raina announced his IPL comeback with a blazing 36-ball 54 and powered Chennai Super Kings to a solid 188 for seven. Sam Curran smashed away to 34 off only 15 balls to prop up the CSK innings towards the end. Curran hit four fours and two sixes.

The last five overs yielded 52 runs for CSK, thanks to Curran's power-packed innings.

Asked to bat first by Rishabh Pant, Ruturaj Gaikwad got CSK off the mark with a pleasing drive through the off side between point and cover; two deliveries after being beaten all ends up by a Chris Woakes outswinger.

Last season's runners-up DC didn't have to wait long for their first breakthrough as Avesh Khan (2/23 in 4 overs) had Faf du Plessis trapped in front of the wicket in the second over.

In the first ball of the third over, Woakes had Gaikwad caught in the slip cordon as Chennai Super Kings slipped to seven for two.

The English pacer drew Gaikwad into a push with a ball that moved a slightly on pitching.

In came Raina — he had missed the last IPL owing to personal reasons — and in the company of Moeen Ali,

Delhi Capitals opener Prithvi Shaw en route to his 72 against Chennai Super Kings in an IPL match in Mumbai on Saturday. Delhi won by seven wickets.

**Morgan backs under-fire Narine**

**Kolkata Knight Riders:** skipper Eoin Morgan on Saturday backed under-fire all-rounder Sunil Narine to deliver in the ongoing IPL and said the Trinidadian is no different from their latest acquisition, Shakib-Al-Hasan.

"Shakib and Sunil are no different. Sunil believes in himself and in the team to go and get through and win that situation," Morgan said.

with a four off Woakes and then worked Ashwin for two successive boundaries, not afraid to dance down the wicket against the wily spinner's flight.

Using his feet well, the veteran southpaw hoicked leg-spinner Ravichandran Ashwin cut short Moeen's innings when the all-rounder got himself into an uncomfortable position while going for a reverse sweep, the ensuing top-edge

ending in a good catch by Shikhar Dhawan, who ran backwards from short third man to hold on to the ball.

Ambati Rayudu came into the act, hitting a couple of sixes and a four to race away to 23 off 16 balls before Tom Curran ended his stay in the middle.

Meanwhile Raina went about his task in a manner that did not give the impression that he was coming back to top-flight after a long hiatus.

Raina got himself going

at one stage. It was important to bowl the Yorkers and slower balls," he said.

According to Harshal, he has been bowling those slower yorkers that got rid of Ishan Kishan and Marco Jansen, for almost two seasons now.

"Just that when you don't get wickets of slow yorkers, people don't tend to see that. I always had the yorker but earlier couldn't take it into the game." He did a lot of simulation of bowling yorkers during training session to get it right during the match.

## Harshal likes death over specialist role

**Chennai, April 10:** Harshal Patel was told well in advance that he will be death overs' "pointsman" for Royal Challengers Bangalore, a role he played to perfection in the IPL opener against Mumbai Indians. Harshal's career-best 5 for 27 was one of the two match-winning performances for RCB with the other coming from AB de Villiers.

"When I was traded from Delhi Capitals, I was told what role I will play for the franchise," the Haryana pacer said at the post-match press conference on Friday.

He was brilliant at the death and just like skipper Virat Kohli said, Harshal also knew that he is expected to perform the tough job for which he had planned meticulously.

"There were clear instructions that I will be bowling in the last two overs (he bowled 18th and 20th). That gave me a lot of clarity. It helped me prepare certain plans against batters and kept my preparations concise."
