## CM approves property regn. from Dec. 21

No insisting on slot booking

DC CORRESPONDENT

HYDERABAD, DEC. 19

Chief Minister K. Chandrashekar Rao on Saturday directed that registrations of non-agricultural properties be taken up in all sub-registrar offices from December 21 without insisting on advance slot booking, and using the CARD system for the time being.

The Chief Minister was taking stock of registration of non-agriculture properties in view of concerns expressed by the people and document writers, realtors, developers over the advance slot booking, and using the CARD system and also against the backdrop of High Court stay on slot bookings for property registrations. After taking the opinions of senior officers of revenue and registration department at a review meeting, the CM decided to go for the

old system of registrations in order to prevent hardship and inconvenience to the public.

Later, Chief Secretary Somesh Kumar in a press release informed that as per the decision of the Chief Minister, the stamps and registrations department officials had been directed to take necessary action and ensure smooth and speedy conduct of registrations.

### GHMC TO SPEND ₹1,500 ON EACH STRAY DOG FOR VACCINATION, STERILISATION

MADDY DEEKSHITH | DC  
HYDERABAD, DEC. 19

The GHMC has decided to spend ₹1,500 on every stray dog for vaccination and birth control operations. The corporation estimates that the city has five lakh strays, and will have to spend ₹750 crore for this.

After implementing a pilot project pertaining to Animal Birth Control (ABC) & Anti Rabies Vaccination (ARV) programmes in five wards, the GHMC has decided to extend it citywide. Following the Animal Welfare Board of India (AWBI) and Animal Birth Control (Dogs) Rules

2001, the civic body has shortlisted five animal welfare organisations (AWOs) to sterilise about the strays over a period of one year.

According to highly placed sources, the AWOS will catch the strays, implement the ABC and ARV programmes and euthanise incurably ill, ferocious and

mortally wounded dogs as diagnosed by qualified veterinarians. Euthanasia will follow the Animal Birth Control (Dogs) Rules, 2001 under the Prevention of Cruelty to Animals Act and Animal Birth Control (Dogs) bye laws of the GHMC 2009. The AWOS should engage veterinary

doctors or surgeons with a minimum of two years experience in ABC/AR programmes. After the operation, the agencies will leave the dogs in the same areas from where they were picked up.

## IN BRIEF

**Cheques for Shadi Mubarak schemes**

**Hyderabad:** Nampally MLA Jafar Hussain Meraj on Saturday distributed cheques to beneficiaries of the Shadi Mubarak schemes. At a function held at AIMIM headquarters Darussalam, Hussain distributed cheques worth ₹2.81 crore to 281 beneficiaries. Speaking on the occasion, he said the procedure adopted by the government had ended the role of the middleman. Hussain said that Shadi Mubarak solves the problems of poor parents who have to borrow at high rates of interest for their daughters' wedding.

**NORMALCY RESTORED IN LOWER COURTS**

**DC CORRESPONDENT**  
HYDERABAD, DEC. 19

Bringing back normalcy in hearing of cases in subordinate courts after nine months, the Telangana High Court has stopped relaxations given to the litigants' appearance before the court.

The High Court had earlier issued standard operating procedures during the lockdown, one of which was that no litigant, either defendant, respondent, accused, should be insisted for appearance before the court.

Now the High Court amended that SOP to allow presiding officers to proceed in accordance with the law and pass consequential orders against such persons, if he/she remained absent or not represented by an advocate, even after notices or summonses are served.

Family courts in the state were directed to give priority for petitions like interim custody, visiting rights, and interim maintenance.

● **THE HIGH COURT** had earlier issued standard operating procedures during the lockdown, one of which was that no litigant, either defendant, respondent, accused, should be insisted for appearance before the court.

Water gushes out of a major pipeline which burst near pillar number 53 under the PVNR expressway on Saturday. — DC PHOTO

**Pipeline bursts, creates havoc****Bhagyanagar Gas damaged the pipe: MLA**

**DC CORRESPONDENT**  
HYDERABAD, DEC. 19

A major water pipeline burst near pillar no. 53 of PVNR Expressway near Retibowl Saturday afternoon led to heavy water spillage and traffic snarl.

The incident occurred when Bhagyanagar Gas launched digging operations for laying gas pipelines.

Reportedly, digging works began without taking note of the water pipeline that was exactly

at the same spot. Almost immediately, gallons of water gushed out and flooded the busy Mehdiyatnam-Attapur road.

On being alerted by police personnel an emergency team of Hyderabad Metro Water Supply & Sewerage Board (HMWS&SB) rushed to the spot and started repair works.

Police regulated the traffic flow and restored normalcy in a short while.

Water supply was stopped in the area to facilitate the repair works.

Nampally Legislator Jafar Hussain Meraj spoke to the Managing Director HMWS&SB, Dana Kishore, about restoration works.

He asked him to lodge a criminal complaint against Bhagyanagar Gas Company for damaging the pipeline besides demanding damages.

He said, "Water supply will be resumed as soon as the repair works are completed."

**DRI seizes ₹3 cr Meth**

**DC CORRESPONDENT**  
HYDERABAD, DEC. 19

Officials of the Directorate of Revenue Intelligence seized 1 kg of methamphetamine, worth more than ₹3 crore, from a carton of food packets bound for Sydney, Australia, that were lying with a courier agent on Saturday.

The drug was concealed in the false bottom of the container, the DRI said. Methamphetamine is an amphetamine-type stimulant. Investigations revealed that non-nationals from other states had to Hyderabad to send the consignment.

Known variously as meth, blue, ice, and crys-

**SPINAL TUMOR OP SUCCESSFUL IN HYD**

**DC CORRESPONDENT**  
HYDERABAD, DEC. 18

Solitary spinal tumours need to be diagnosed in time to ensure that the per-

son can get back to normal life. In the case of a 45-year-old software employee the tumour made it difficult for him to sit or stand and the techie was totally bed-ridden. Diagnosis showed a solitary benign tumour and it was extracted with the help of modern technology to ensure that he can lead a normal life.

**Tap your creativity at Artoccino**

**SANJAY SAMUEL**  
**PAUL | DC**  
HYDERABAD, DEC. 19

An artist's bid to replicate a unique form she saw in London is fast catching up with the art fraternity from the city.

Swetha Dhulipala, who started 'Artoccino' Art Studio in Madhapur two months back is being patronised to an appreciable level. Its strength lies in its USP-providing space to the artist and making available an experienced hand to fine-tune the talent.

To individuals passionate about art and wishing to come up with their own creations, this facility comes in handy, irrespective of whether you are alone or with a group.

People from different age group and varying professions have explored their artistic side within them, thanks to Artoccino.

On how she came up with the facility, Swetha Dhulipala, a Commerce graduate from London, said she wanted to provide space to those interested in painting.

Young artists display their painting talent at the art studio.

According to her, "there is a latent artist in most individuals. However, they fear taking the first step because of a lack of time, encouragement or space to hone their skills. I noticed this concept when studying in London. I wanted a similar facility in Hyderabad, which, fortunately, is proving to be a success. Many people are coming and experiencing the artistic streak in them."

The accolades are heart-warming. Varshini Duvvuru pursuing a professional course, said, "I was there last week. It is a great stress-buster. Like most others, when I was in a confused state of mind because of Covid, this has been like a therapy that kept me stable."

Sai Krishan Reddy, audit manager at an MNC, said, "I had never tried any such thing. A colleague told me about his wonderful experience here. I never knew that I could make a decent painting. Not only is one disconnected from gadgets, but the individual can experience his true self."

## THE OTHER STORY

## PIL SEEKS FILLING UP OF VACANCIES IN HIGH COURT

VUJJINI VAMSHIDHARA | DC HYDERABAD, DEC. 19

A petition has been filed before the Telangana High Court urging it to take the initiative with regard to filling up 50 per cent vacancies of judge posts.

Senior counsel Sarasani Satyam Reddy moved a petition before the High Court seeking issue of a direction to the Secretary-General of Supreme Court of India (administrative wing), the Union law ministry and the Telangana state government to either appoint regular judges or former judges of the High Court to sit and act as judges of High Court. This is in accordance with Article 224-A, he said.

Explaining that he had 35 years of experience as an advocate in High Court, Reddy mentioned that due to a shortage of judges, most of his cases were not able to be listed for hearing for years together.

"Vacancies for a long time are restricting my right to a professional life as an advocate, which is guaranteed under Article 21. Moreover, the litigants' right to get justice in time is also getting violated, due to the undue delay in case disposals," counsel said.

As of November 30, 2,20,891 cases were pending in the Telangana High Court and around 300 new cases are filed every day. All these cases have to be listed before a mere 13 judges, who are presently working, whereas the total strength of notified judge posts in the High Court is 24. Recently, the Union law ministry said the strength would be enhanced to 36 but it has not materialised.

On the other side, during Covid-19 situation, the available 13 judges had disposed of around 17,000 cases in nine months. But, most of the cases are not able to be listed and advocates are requesting the judges to hear their cases.

**COUNSEL SAID** that vacancies in the High Court for a long time were restricting his right to a professional life as an advocate, which is guaranteed under Article 21. Besides, litigants' right to get justice in time is also getting violated with undue delays.

# Chugh to BJP: Work with new entrants

**Do not have communication gap, says new party incharge**

DC CORRESPONDENT  
HYDERABAD, DEC. 19

Tarun Chugh, BJP's new incharge for Telangana state affairs, on Saturday asked senior leaders to strengthen the party from the grassroots for Mission 2023, the party's attempt to win power in the Assembly elections in the state.

On his maiden visit to the city after his appointment as state affairs incharge, Chugh held a meeting with office-bearers, MPs and MLAs at the party office here.

The meeting was

attended by key leaders including state president Bandi Sanjay Kumar, BJP vice president D.K. Aruna, MPs D. Arvind and Soyam Bapu Rao, former MPs A.P. Jithender Reddy, Vivek Venkateswamy and others.

**HE TOLD** the leaders that they should work with new leaders with close coordination without having a communication gap.

work and win the Warangal and Khammam municipal elections.

He stressed on the

need for winning the Legislative Council election in Hyderabad-Mahbubnagar-Ranga Reddy and Nalgonda-Warangal-Khammam graduate seats.

Chugh told the leaders that they should work with new leaders with close coordination without having a communication gap. He said that the people of Telangana state want to stand with the BJP.

Under the leadership of Prime Minister Narendra Modi and home minister Amit Shah, the BJP will certainly come in power in the state, he added.

## MIM winds up its Adilabad wing

DC CORRESPONDENT  
HYDERABAD, DEC. 19

The All India Majlis-e-Ittehadul Muslimeen (AIMIM) has dissolved its Adilabad town unit after Friday's incident where AIMIM district president Farooq Ahmed opened fire during a petty quarrel.

Party general secretary Ahmed Pasha, the Yakutpura MLA on Saturday announced that on the instruction of MIM president Asaduddin

Owaisi the town unit of the party was dissolved with immediate effect. He said the new body will be constituted very soon.

He said that violence has no place in a democracy. "MIM condemns violence of all kinds. In a democracy, every affair has to be carried out within the frame of law and the party has decided to dissolve the town unit of the party to uphold the democratic values," the legislator said.

The workshop discussed areas with possibilities of joint action and convergences between SERP and NIFT for helping SHGs by developing designs in handicrafts and handlooms, packing, labelling, branding and improving quality; so as to increase the demand of SHG products within the public. NIFT director Vijay Kumar Manthri inaugurated the workshop and explained the activities and interventions being taken up in Telangana by their institute since past 25 years in improving the lot of SHGs involved in arts and crafts.

## 2 DEAD, 3 HURT AS CAR RAMS INTO TANKER

DC CORRESPONDENT  
HYDERABAD, DEC. 19

Two members of a family were killed and three others were injured when their speeding car crashed into a tanker at Kotur mandal in Ranga Reddy district early on Saturday. According to the police, the accident occurred at about 2.30 am on National Highway 44.

The deceased were identified as Satyanarayana, 75, and his son Kalyan Chakravarthy, 50, said the police, adding that Shraddha, 45, Hamsa, 13, and Raghunandan, 10, sustained injuries.

"The family hailed from Saidabad in the city and was travelling from Shadnagar after visiting a temple. The tanker was taking a turn from the highway to go towards Thimmappur when the car coming at high speed rammed into the tanker," said the Kotur police. "Kalyan was driving the car and he tried to apply brakes to avoid the collision but in vain. We noticed that the road had about 200 metre-long tyre marks," added the police.

**SHORT TAKES**  
**TS RECORDS**  
**627 NEW CASES, 6,942 ACTIVE**

**DC CORRESPONDENT**  
HYDERABAD, DEC. 19

In the last week, the GHMC area has recorded 775 Covid-19 cases, according to data released by the state health department in its daily bulletin. It said the state had recorded 627 new cases on Friday, of which 123 cases were in the GHMC area.

According to the medical bulletin released there are 6,942 active cases in the state. The number of tests has come down with 46,694 tests.

Doctors said that the number of Covid cases in the districts was limited as many of them were not even aware that they are suffering from Covid-19.

Many of them are coming late with compromised lung and heart functioning but with no official reports of Covid-19. Dr Prabhu C., senior consultant and diabetologist, said, "The people in rural belts are having mild symptoms. But when post-Covid complications develop, they say that they suffered from cough, cold and fever. There is no recall of loss of taste or smell. Hence these cases are coming to clinics not with Covid-19 but post-Covid-19 problems."

These cases are not being recorded in the official register as they have not been tested. A senior government doctor said, "The need for alertness in healthcare workers is more now as they can be in contact with an asymptomatic patient who has not got himself tested. They are moving around and the infection can spread. For this reason, masks, hand hygiene and cough etiquette are very important."

There is also a growing consensus that the actual number of cases is not being known and reported now. The surveillance of reporting cases from small and medium hospitals is not very strong and the number of missed cases is very high.

# 114 flight cadets graduate

Synchronised flypast at ceremonial salute and last step add colour to event

**DC CORRESPONDENT**  
HYDERABAD DEC. 19

The Air Force Academy (AFA) at Dundigal held a combined graduation parade (CGP) on Saturday, marking the successful culmination of training for 114 flight cadets, including 21 women, of the Flying and Ground Duty Branches in the Indian Air Force.

Six officers from the Indian Navy, five from Coast Guard and other officers from friendly foreign countries, two from Vietnam and one from Nigeria, were also awarded wings on successful completion of training.

Defence Minister Rajnath Singh conferred the 'President's Commission' on the graduating flight cadets, who successfully completed their professional training.

The newly commissioned officers were administered the oath by the Commandant of the Academy in the presence of Rajnath Singh. A synchronised flypast during the ceremonial salute and last step also called as antam pag, added colour to the ceremonial setting.

After the 'pipping ceremony', the cadets were awarded stripes by the Union minister. He also

Defence minister Rajnath Singh and Union minister of state for home affairs G. Kishan Reddy at the combined graduation Parade at the Air Force Academy, Dundigal, Hyderabad on Saturday.

— S. SURENDER REDDY

presented awards to flying officers who excelled in various training disciplines.

Flying Officer Ashish Khattri from the Flying Branch was awarded the President's Plaque and the Chief of the Air Staff Sword of Honour for standing first in the overall order of merit in the Pilots Course, while

Flying Officer Yash Kshirsagar was awarded President's Plaque for being first in overall order of merit in Ground Duty branches.

The ceremony culminated with the newly commissioned officers marching out in two columns in a slow march to the traditional notes of 'Auld Lang Syne', the poignant

farewell tune played by armed forces when bidding adieu to colleagues and comrades, acknowledging the first salute given to them by their immediate juniors.

Enthralling moments came courtesy of aerobatic displays by Su-30 aircraft, the famed Surya Kiran aerobatic team, Sarang helicopter display

team, Pilatus PC-7 trainer and a flypast by formations of PC-7, Kiran and Hawk aircraft.

Singh awarded trophies to flight cadets for excellence in respective streams at a ceremonial dinner hosted by Air Marshal R.D. Mathur and Air Marshal I.P. Vipin, Commandant, Air Force Academy.

## City techie recounts switch over to IAF

**NAVEEN KUMAR I DC**  
HYDERABAD DEC. 19

An on the spur of the moment solo trip to Ladakh and visiting Kargil war memorial inspired Savan D'Souza, a former techie from RTC Crossroads, to join Indian Air Force.

He was among the 114 cadets, who graduated and was awarded a Air Force rank stripe by Defence Minister Rajnath Singh on Saturday.

Speaking about his moti-

vation to join the force and serve the country, he said that the defence personnel, who met him at the war memorial in Ladakh, shared their experiences and asked him to tell his family "for their tomorrow, we sacrificed our today". This stuck with him and motivated him to take the career-changing decision.

"I graduated from Siddhartha Institute of Technology in Ghatkesar in 2015 and started working in a software firm. I

was four years into my job and never had a thought of shifting careers, let alone joining a defence force. It was only after my solo trip to Ladakh in September 2016, that I gained perspective. I met several defence officials there who shared their experiences. After returning to Hyderabad, I started preparing and initially attempted to join the army, which was a futile attempt. Later I started studying for AFCAT (Air Force Common Admission

Test), and got through," said the cadet, who is into the logistics department of the Indian Air Force now. When asked about his time in training and other obstacles he faced, he said, "As they say, when the going gets tough, tough get going. I was actively into sports since I was 13 and participated in several Under-13 and 15 events. More than physical endurance, one needs to be mentally tough to overcome difficulties."

Savan D'Souza

## Registration of vehicles reaching pre-Covid levels

**DURGAM SRINIVAS I DC**  
HYDERABAD, DEC. 19

C. RAMESH SAID that the RTA had registered 77,190 two-wheelers and 18,311 four-wheelers across the state and collected ₹276.65 crore in tax and 76,076 two-wheelers and 13,837 four-wheelers in November and collected ₹229.77 crore tax.

registered 64,338 two-wheelers and 9,425 four-wheelers while in July this year the number had fallen to 55,745 two-wheelers and 9,356 four-wheelers.

Even during Dasara and Diwali, did could not go for new vehicles due to the pandemic and economic factors, Ramesh said.

The joint commissioner said that over 6,50,930 vehicles have been registered in the current year. Fast growth of registrations was witnessed in Hyderabad, Ranga Reddy and Malkajgiri districts. The daily average in the pre-pandemic period was 3,500 to 4,000 vehicles while it is 2,500 to 3,000 in the post-pandemic period.

## Eamcet might get delayed by a month

**DC CORRESPONDENT**  
HYDERABAD, DEC. 19

throughout 2020 in view of Covid-19.

The dates for Eamcet will be finalised by the officials depending on the schedule for the Intermediate Public Examinations in 2021. The Intermediate exam schedule will be announced in January.

This year, Eamcet was delayed by four months and held in September, where 89,734 qualified in the engineering stream and 59,113 qualified in the agriculture stream.

## IN BRIEF

**Citizens' role vital to curb crime: Police**

**Hyderabad:** Rachakonda Police Commissioner Mahesh Bhagwat said that the police alone cannot solve all the problems and cannot render justice to children and needy, without the active participation and involvement of the community. Being the representatives of the community, the paralegal volunteers and panel lawyers have a great role to play, said Bhagwat at a sensitisation programme for panel lawyers and paralegal volunteers at Nyaya Seva Sadan inside the City Civil Court premises. Chief Judge C. Sumalatha, Chairperson, City Civil Court Legal Services Authority, said it is the duty of such volunteers to act as a bridge between the beneficiaries and government institutions to ensure that welfare schemes reach the needy persons.

**GOVT URGED TO APPOINT LECTURERS**

HARLEEN MINOCHA | DC  
HYDERABAD, DEC. 19

Government degree colleges are highly short-staffed, and the state government is reluctant to hire lecturers, the Telangana Degree Lecturers Forum (TDLF) has complained. Despite several representations to the education minister since June, the government has been sitting on the issue, TDLF founder-president Ch Kishore Kumar told *Deccan Chronicle*.

Explaining the situation in numbers, Kishore informed that for the 3,54 students in 132 degree colleges, 4,098 teachers have been appointed of whom 1,981 are guest lecturers, 841 are contract lecturers and 1,276 are permanent lecturers.

A faculty member at the Hussaini Alam Degree College said the students are bearing the brunt of this situation. At the same time, the shortage of staff is adding to the pressure on the teachers at most colleges.

"From the 42 posts sanctioned in our college, 24 remain vacant. We have four regular teachers including the librarian, 10 contract lecturers. Because of the lack of lecturers, students are suffering. There is hardly anyone to teach them," said the lecturer who wished to remain anonymous. The TDLF is demanding renewal of degree guest faculty immediately. A latest representation was sent before the GHMC elections as well on the issue, however there has been no response so far, said Kishore.

**DECISION TO STOP BLOCKING SEATS: KNR**

From Page 1

"We had submitted our original certificates in the colleges allotted to us in the first phase in Telangana state. When we got allotment in Siddhartha, the NTRUHS insisted that we produce the original certificates. The KNRUHS and the respective colleges in Telangana state forced us to give an undertaking that we are surrendering the seat to give certificates. This is clear injustice," a parent pointed out. Normally, when sliding takes place, the students need not submit certificates in the second college which directly obtains certificates from the first college. "Except for the location of the college Siddhartha is equivalent to any college in Telangana state and those who joined there should be allowed for second phase of counselling," said another parent.

Ironically, the university also misrepresented in its notification that these students did not join colleges allotted to them in the first phase of counselling. "The fact is that they paid fee in the college and secured admission only to be forced to give it up. None of the rules governing admission into MBBS or the prospectus and guidelines have a mention about giving up a seat to join Siddhartha," the parent pointed out. When contacted, Vice Chancellor Karunakar Reddy said the decision was taken to prevent blocking of seats by students. However, blocking of seats are done in the private colleges but in case of Siddhartha Medical College the students were allotted seat by the convener under the OU quota. Even if they are allowed in the second phase of counselling and move to another college, students next in the merit list from Telangana state would get the seat in Siddhartha Medical College.

**In defiant mood**

Police personnel stop activists of the CPI Hyderabad Council who were protesting against the alleged grabbing of Sri Jagannatha Swamy temple land, near the Endowments Office in Boggalkunta on Saturday.

— P. SURENDRA

**Vaccine distribution big task****Time will be required to transport, store and administer Covid shots**

KANIZA GARARI | DC  
HYDERABAD, DEC. 19

Setting up an efficient cold chain network for the distribution of the Covid-19 vaccine is the biggest challenge and weakest link in vaccination for the disease caused by SARS-CoV-19. Some of the vaccines need to be stored at temperatures as low as minus-70°Celsius.

To add to the problem there are not one but two doses which have to be administered within a gap of 28 days. Therefore, if the target is to inoculate 30 crore persons in India, as announced by the Union health ministry, 60 crore vials will be needed. One of the major concerns is the timelines

needed to set up the cold chains as several countries have already approved vaccines. One big question mark is on the production time that is required for the vaccine. Once produced, time will be required to transport, store and administer the vaccine.

Sanjay Reddy, senior pharmacologist, told *Deccan Chronicle*, "While the distribution network is openly being discussed, there must also be clarity on production of the vaccine. To immunise 30 crore people, two doses have to be made ready. Within what time period can it be done?"

The concerns raised are whether all other production facilities will be half-

● **THE INCLEN Trust** International study states that there are four major government medical store depots, 39 state vaccine stores, 123 divisional vaccine stores, 644 district level stores and 2,674 primary healthcare centre stores. There are 76,000 cold chain equipment and that will be used for the distribution network.

ed and there will be complete switch to produce the Covid-19 vaccine. Another question is about the production for other existing vaccines.

A senior pharmacologist said, "It is a huge logistical exercise and upscaling of production

will require strengthening of the transportation and distribution networks. While India has successfully carried out Pulse Polio, it was restricted to children. Experience adds value but there are too many dots in the chain that have to be connected first."

Hospitals and public health centres have very minuscule capacity in terms of cold chain as that is not their forte. A senior doctor on condition of anonymity said, "Vaccines are not what we deal in. Why should we have huge cold storages when it is not our requirement? The need is felt now due to the pandemic. What about post-pandemic? It is expensive to instal

and maintain a cold chain. Is there a long-term need for it?"

While the idea is being mooted of vaccinating the people in the manner of conducting elections, the fact is that there are only established centres who can take it up. The new vaccine can be given only to limited numbers in the beginning as adverse reactions will need to be assessed.

With one crore health workers to be vaccinated first there is a need to keep two crore doses ready. This vaccination will be the first step towards effective implementation and the roll-out of the programme, stated experts in the pharmaceutical industry.

**MANUU TO HOLD URDU SOCIAL SCIENCE MEET**

DC CORRESPONDENT  
HYDERABAD, DEC. 19

The Maulana Azad National Urdu University (Manuu) School of Arts and Social Sciences will organise the fourth National Urdu Social Science Congress online on December 22 and 23. The main theme will be 'Social Sciences: Decline and Resurgence'.

The sub-themes include 'Contemporary Issues & Challenges of Politics', 'Relevance of Public Administration' and 'Prospects of Economic Recovery post-Covid in India'. The YouTube streaming link will be shared with the presenters and participants.

Prof S.M. Rahmatullah, Vice Chancellor in charge of Manuu will preside over the inaugural session and Prof. Akhtarul Wasey, president, Maulana Azad University, Jodhpur, will be the chief guest.

Prof Shahid Amin, formerly with Delhi University will deliver the keynote address and Prof. Siddiqui Mohd Mahmood, registrar incharge, Manuu will deliver the welcome address. Prof Vibhuti Patel, formerly with Advanced Centre for Women Studies, TISS, Mumbai, and Prof. Shahida will speak. The valedictory session will be held on December 23 at 2.30 pm.

**Churches urge devout to follow Covid protocol during festivity**

SANJAY SAMUEL  
PAUL DC  
HYDERABAD, DEC. 19

Christmas is a week away and this time Santa needs to be covered with a face-mask and carry sanitizers wherever he goes. That apart Santa will insist, "You better watch-out, Covid-19 is all around. Irrespective of whether you are naughty or nice, you better follow precautions".

Many activities related to Christmas have been curtailed, including celebrations and gatherings.

Church authorities are

urging the devout to stay safe and abide by the Covid protocol. Rev. Timothy of Niel Methodist Church at Padmaonagar, said, "Church members have been asked to follow all the precautions and most of the regular events have been suspended. Wearing masks throughout the service is mandatory. Those suffering from cold or fever will be denied entry. Social distancing is a strict norm in our church." Father David Francis, of Pastoral Centre, St Joseph Cathedral said if some group is going for carols, it is better they take advance permission. They should avoid visiting homes, which have elders. Churches have come up with more masses and members should try to adjust their schedule by going to churches with less attendance.

MLC Kavita Kalvakuntla participates in Christmas cake mixing at Charisma Foundation, Peerzadiguda on Saturday.

— DC PHOTO

People participate in Carol singing at St Anthony's Church at Mud Fort on Saturday.

— DEEPAK DESHPANDE

Christmas is a festival of love. It is better to keep the celebrations low-key." Dr. Ashish Chauhan, senior consultant of internal medicine at Apollo Hospitals, recommends, "always cover your face with a mask, go for constant sanitization, avoid handshakes while greeting and when you

are on carol rounds make sure there is no one in close proximity. Avoid entering houses, which have elderly people or someone ill."

**AP to run 3,607 spl. buses for Sankranti**

DC CORRESPONDENT  
VIJAYAWADA, DEC. 19

APSRTC, which suffered huge losses due to Corona pandemic, is now planning to operate 3,607 special buses during Sankranti festival season to make good use of the festival demand. The special buses will be plying from January 8 to January 14 between Andhra Pradesh, Hyderabad and other

areas of Telangana, Bangalore and Chennai. Further, the RTC will also run special buses between various destinations within the AP state.

As per information, 1,251 buses will operate from Hyderabad and other places in Telangana. 433 buses will run between Bangalore and various destinations in AP. 133 special bus services will be from Chennai and while an

equal number will be run from various districts of AP to Vijayawada. About 551 special bus services will operate from other districts to Visakhapatnam while 1,038 buses will operate along the inter-district routes during the long pre-Sankranti period.

Last year, during the same period, APSRTC had operated 4,200 buses. The corporation is yet to decide on fares it will charge for the special bus services. Last year, it was one-and-a-half times the actual fare.

APSRTC executive director (Operations) K. S. Brahmananda Reddy said additional services may be pressed into service as per the need and rush of passengers. He asked passengers to book their tickets well in advance to avoid last-minute rush. He stated that buses will be operat-

ed in keeping with the Covid guidelines. Wearing masks and carrying a sanitiser will be must for passengers, he underlined.

Private employees A. Saikrishna and P. Raghu welcomed APSRTC's decision to run special services, saying they faced a lot of difficulties during the Dasara festival to reach their native places and return back to their workplaces.

**One ear of dog to be clipped**

From Page 1

One ear of these dogs will be clipped for easy identification. The previous rate was ₹320 for each birth control operation. A senior GHMC official said that the civic body asked the AWOs for uploading the photos, for making payment of ₹1,500 per sterilised dogs," he added.

The city has animal care centres at Fathullaguda, Chudi Bazaar, Patelnagar and Mahadevpura. All operations will be performed in these centres and GHMC has accorded permission for the extension of care centres in Fathullaguda for rescue operations. Around 90,000 birth control operations were conducted in 2014-15, 60,000 in 2015-16, 98,000 in 2016-17, 1.51 lakh in 2017-18 and 2.23 lakh in 2018-19. The GHMC is yet to get reports for 2019-20 and 2020-21 financial years.

He said that in order to

maintain transparency, a mobile ABC app will be developed by GHMC and this should be used at the time of catching to record details. "Once the app is functional, it will be used by AWOs for uploading the photos, for making payment of ₹1,500 per sterilised dogs," he added.

The city has animal care centres at Fathullaguda, Chudi Bazaar, Patelnagar and Mahadevpura. All operations will be performed in these centres and GHMC has accorded permission for the extension of care centres in Fathullaguda for rescue operations. Around 90,000 birth control operations were conducted in 2014-15, 60,000 in 2015-16, 98,000 in 2016-17, 1.51 lakh in 2017-18 and 2.23 lakh in 2018-19. The GHMC is yet to get reports for 2019-20 and 2020-21 financial years.

**INDIA ACTING ON TERROR OUTSIDE ITS BORDERS TOO**

From Page 1

"The country is not only handling terrorism effectively within, but even taking action beyond the borders." Referring to the Balakot air strikes in Pakistan, he said they had demonstrated India's military strength to the world and the country's intentions against terrorism.

Stressing the need to change the strategies of war according to evolving times, Singh said the country may face challenges not only across the borders and the seas, but also in space and cyber domains, for which it needs to be prepared.

"So it is necessary that you need to update yourself constantly," Singh told the newly commissioned officers, adding, "our cadets should also be tech savvy along with being good soldiers."

The minister asked them to keep themselves updated about military strategy and technology and focus on artificial intelligence. "For the future warfare and betterment, it is necessary that there should also be a scholar in you, besides a soldier," he said.

Earlier, the defence minister conferred the President's Commission on the 114 graduating Flight Cadets who included 21 women. Six officers from the Indian Navy, five from the Indian Coast Guard, two from Vietnam and three from Nigeria were also awarded wings.

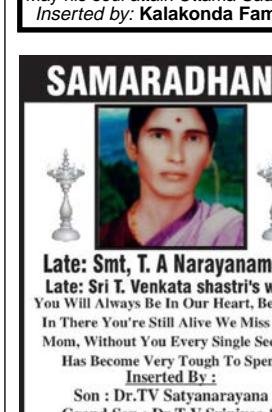

Flying Officer Ashish Khattri from the Flying Branch was awarded the Presidents Plaque and Chief of the Air Staff Sword of Honour for standing first in overall order of merit in the pilot's course. Flying Officer Yash Kshirsagar was awarded the President's Plaque for being first in overall order of merit in Ground Duty branches.

Mr Vaidya was undergoing treatment for illness at a private hospital in Nagpur, where he breathed his last at 3:35 pm. The final rites will be held at Ambazari Ghat on Sunday.

The veteran RSS leader was the father of RSS Sah-Sarkaryawah (Joint general secretary).

Mammohan Vaidya, who tweeted, "Shri MG Vaidya, my father breathed his last today at

## Govt must protect vaccine makers: Poonawalla

New Delhi, Dec. 19: Manufacturers have to prove against all lawsuits for their vaccines especially during a pandemic, Serum Institute of India (SII) Chief Executive Officer Adar Poonawalla has said.

He also said that the vaccine makers are going to propose this to the government, while speaking at a virtual panel on the challenges of developing a Covid-19 vaccine at the CarnegieIndia's Global TechnologySummit on Friday.

"We need to have the government indemnify manufacturers, especially vaccine manufacturers, against all lawsuits. In fact, COVAX and other countries have already started talking about that," Poonawalla said.

It is because when frivo-

lousclaims come up, and something is blown out of proportion in the media,

skepticism sets in that definitely something can happen due to the vaccine and to dispel that, the government needs to step in to spread the right information, he added.

Last month, Serum had rejected charges that a 40-year-old man who took part in the 'Covishield' vaccine trial in Chennai had levied against the company, alleging serious side effects, including a virtual neurological breakdown and impairment of cognitive functions.

He had also sought ₹5 crore compensation in a legal notice to Serum and others, besides seeking a halt on the trial. Refuting the charges, Serum had said, "It is evident that the intention behind spreading such malicious information is an oblique pecuniary motive."

Poonawalla said.

These are a few things that the government can do and that is what the vaccine manufacturers are going to propose, he added.

Last month, Serum had rejected charges that a 40-year-old man who took part in the 'Covishield' vaccine trial in Chennai had levied against the company, alleging serious side effects, including a virtual neurological breakdown and impairment of cognitive functions.

He had also sought ₹5 crore compensation in a legal notice to Serum and others, besides seeking a halt on the trial. Refuting the charges, Serum had said, "It is evident that the intention behind spreading such malicious information is an oblique pecuniary motive."

Poonawalla said.

2021. "India's Covid-19 Pandemic Growth has dropped to 2 per cent and Case Fatality Rate is amongst lowest in the world at 1.45 per cent. India's Recovery Rate has peaked to 95.46% while the strategy of testing 1 million samples has decreased the Cumulative Positivity Rate to 6.25%," said Dr Harsh Vardhan.

Among the latest to have

caught the Covid-19 infection

is the chief of Indian Council of Medical Research Dr Balram Bhargava

who was admitted in Delhi's AIIMS trauma centre.

Observing the fact that

despite festivals in the month of October November, no new surge of cases were observed in this period

due to comprehensive testing, tracking and treatment policy implemented on the ground, the Union Health Minister reiterated his concern and appeal to diligently maintain Covid-19 appropriate behaviour even at a time

**SHORT TAKES**  
**SOMALIA SUICIDE BOMBING KILLS 15, MISSES PM**

Mogadishu, Dec. 19: A suicide bomber attacked a stadium in Somalia's central city of Galkayo Friday, killing 15 people shortly before the arrival of the country's new prime minister, according to police.

Ali Hassan, a police officer in Galkayo, said others were injured in the blast, which occurred at the entrance to the sports stadium. Some high-ranking members of the Somali army were among those killed in the explosion, according to local reports.

The bombing has been claimed by Somalia's al-Shabab jihadist rebels, according to the group's Andalus radio station.

Prime Minister Mohamed Hussein Roble, who took office in September, was visiting the city as part of a tour of the central state of Galmudug.

**RAPE CHARGE ON EPSTEIN-LINKED MODELLING AGENT**

Paris, Dec. 19: A modeling agent associated with disgraced US financier Jeffrey Epstein has been charged in France with sexual harassment and the rape of minors over 15 years old.

Jean-Luc Brunel was arrested as part of an ongoing investigation on Wednesday at Charles de Gaulle airport as he was preparing to take a flight to Senegal.

The Paris prosecutor announced in a statement Saturday that the charges were handed out Friday by a magistrate at the end of Brunel's custody period. It said Brunel was not handed any human trafficking charges, which was one of the main lines of inquiry.

The magistrate decided that there was not currently enough evidence to rule on that count, but he was not acquitted and could be charged in the future if anything new emerges. Brunel was remanded in custody.

**'LAST ATTEMPT' TO GET BREXIT TRADE DEAL: EU**

Brussels, Dec. 19: The European Union and the United Kingdom are heading into the weekend on a "last attempt" to clinch a post-Brexit trade deal, with EU fishing rights in British waters the most notable remaining obstacle to avoid a chaotic and costly stand-off in the new year.

British Prime Minister Boris Johnson said Friday that the only way to get a deal is for the 27-nation bloc to compromise since "the UK has done a lot to try and help, and we hope that our EU friends will see sense and come to the table with something themselves." "That's really where we are," Johnson said, adding "no sensible government" could agree to the EU demands as they stand.

EU chief negotiator Michel Barnier told the EU parliament both sides were in the "home straight of the negotiations", which have already come a long way in nine months of talks but are still short of a final compromise. Barnier called it "very serious and sombre situation".

**IMRAN: PAK ARMY WORKS UNDER ME**

Islamabad, Dec. 19: Pakistani Prime Minister Imran Khan has asserted that the Army is a state institution which works under him, amidst Opposition's allegations of the powerful military establishment's interference in the country's politics and elections.

Pakistan Democratic Movement (PDM), a 11-party opposition alliance, has been holding massive rallies since its inception in September to seek Khan's ouster and press the military to stop interfering in politics. The PDM has been accusing the Pakistan Army of installing "puppet" Prime Minister Khan through a manipulated election in 2018.

The Army, which has ruled Pakistan for more than half of its 70 plus years of existence, has hitherto wielded considerable power in the matters of security and foreign policy. However, the military has denied meddling in the country's politics. Khan also denies that the army helped him win the election in 2018.

According to the 'Lahore Declaration' signed by the Opposition parties on Monday, the military establishment had stolen the people's mandate in the 2018 election.

# As new Covid strain spreads faster, UK discusses action

New higher tier of curbs, govt to cut back relaxation rules over Christmas

London, Dec. 19: British Prime Minister Boris Johnson discussed with his senior ministers on Saturday what urgent action to take after it was confirmed that a new strain of the Covid-19 virus could spread more quickly and lead to a surge in cases.

The BBC reported that London and southeast England would be placed in a new higher tier of restrictions and the government would cut back on a planned relaxation of the rules over Christmas, but gave no further details.

Johnson will hold a news conference at about 1600 GMT during which he will discuss what his plans are in light of a rise in infections across London and southeast England linked to a new, more transmissible variant of the virus.

England's Chief Medical Officer Chris Whitty said that while there was no current evidence the variant of the novel Coronavirus caused a higher mortality rate or impacted vaccines, urgent work was underway to confirm this.

"We have alerted the World Health Organisation and are continuing to analyse the available data to improve our understanding," Whitty said in a statement.

Britain reported 28,507 new Covid-19 cases on Friday and 480 deaths, with the reproduction "R" number estimated to be between 1.1 and 1.2, meaning the number of cases is rapidly increasing. Johnson said on Friday he hoped England would not need a third lockdown after Christmas and has so far resisted calls to change plans to ease restrictions for five days over the festive period, allowing three separate households to meet indoors.

UK to bring in new higher tier of Covid restrictions for London, southeast England -BBC

Much of the country, including London, is currently in the highest of a three-tier system of restrictions to curb the pandemic's spread. The Daily Telegraph newspaper said ministers could now announce curbs on travel between southeast England, including the capital, and the rest of the country.

The BBC said these areas would now be placed in a new "Tier 4", with a tightening of rules for Christmas.

"Failing to act decisively now, will mean further suffering," Jeremy Farrar, director of the Wellcome Trust and a member of the government's Scientific Advisory Group for Emergencies, said on Twitter. "It has been apparent for some days that the virus is again out of control in parts of the country," said Jonathan Ashworth, Labour's health spokesman. — Reuters

Meanwhile, at least nine Coronavirus patients died on Saturday after an oxygen tank explosion triggered a fire at a hospital in southeastern Turkey.

The blaze in an intensive care ward of the hospital in Gaziantep broke out when a tank on an artificial respirator exploded. "We are saddened by this tragedy," Turkish Health Minister Fahrettin Koca said before a planned visit to the hospital. — AFP

Protesters march up Whitehall after gathering in Parliament Square at an anti-lockdown demonstration, "Unite in the Fight" in central London on Saturday. British PM Boris Johnson resisted calls to tighten Covid restrictions over Christmas, as London faced stricter measures and concern grew about rising case numbers. The government has been under mounting pressure to toughen proposals allowing up to three households to meet indoors during the festive window from December 23, as European neighbours curb their easing plans amid surging infections. — AFP

**BIDENS TO GET 1ST VACCINE DOSE TOMORROW**

Washington, Dec. 19: President-elect Joe Biden and his wife, Jill, will be getting their first dose of the Coronavirus vaccine on Monday.

That's according to Biden's incoming press secretary, Jen Psaki. Vice President-elect Kamala Harris and her husband, Doug Emhoff, will receive their doses the week after next.

The announcement was made Friday, hours after Vice President Mike Pence and House Speaker Nancy Pelosi became the highest-ranking government officials to receive their first doses of a vaccine. Psaki told reporters that Biden would be receiving the shot in public, as Pence did Friday. — AP

The vaccine is very similar to one from Pfizer Inc. and Germany's BioNTech that's now being dispensed to millions of health

## WHO: Expert team off to China in Jan.

Geneva, Dec. 19: The head of emergencies at the World Health Organisation says a team of international experts looking into the origins of the Coronavirus pandemic will travel to China the first week of January.

Dr Michael Ryan says there will be quarantine arrangements for the team, which will visit the suspected site of the outbreak in the city of Wuhan. "The purpose of the mission is to go to the Americas, which is home to roughly three-fourths of the global cases. — AP

human cases were detected and that we fully expect to do that," he said. He says the team of international experts will work "with our Chinese colleagues," and he adds they "will not be ... supervised by Chinese officials."

Ryan says the world should celebrate the arrival of vaccines, but the "next three to six months are going to be tough." He seemed to allude to the Americas, which is home to roughly three-fourths of the global cases.

broke out. "Even today, nearly a year after the world first learned of the outbreak, the Chinese Communist Party is still spreading disinformation regarding the virus and obstructing a World Health Organisation investigation into its origin and spread," US Secretary of State Mike Pompeo said on Friday. — PTI

The scourge has claimed more than 3,12,000 US lives and killed 1.7 million people worldwide. New cases in the US are running at over 2,16,000 per day on average. Deaths per day have hit all-time highs, eclipsing 3,600 on Wednesday. California has emerged as a lethal hot spot, with hospitals running out of intensive care beds and ambulances lining up outside emergency rooms in scenes reminiscent of the calamity around New York City last spring. California on Friday reported over 41,000 new cases and 300 more deaths. — AP

## OXFORD VACCINE TO BE CLEARED BY YEAR-END

London, Dec. 19: The Oxford University vaccine against Covid-19 being produced by AstraZeneca is likely to get regulatory approval from the UK's independent regulator by the end of this year for a rollout to begin in early 2021, according to a UK media report. The Medicines and Healthcare Regulatory Agency is expected to authorise the vaccine by December 28 or 29 after the final data is provided on Monday. — PTI

President-elect Joe Biden said he would make cybersecurity a top priority of his administration.

# US computers intruded by Russians likely

## Hack against US is 'grave risk': Cybersecurity agency

### CYBERATTACK ON US: POMPEO BLAMES RUSSIA

Washington, Dec. 19: Federal authorities have expressed increased alarm about an intrusion into US and other computer systems around the globe that officials suspect was carried out by Russian hackers.

The nation's cybersecurity agency on Thursday warned of a grave risk to government and private networks.

The Cybersecurity and Infrastructure Security Agency said in its most detailed comments yet that the intrusion had compromised federal agencies as well as critical infrastructure in a sophisticated attack that was hard to detect and will be difficult to undo. CISA did not say which agencies or infrastructure had been breached or what information taken in an attack that it previously said appeared to have begun in March.

The Department of Energy acknowledged in a separate statement that it was among those that had been hacked.

It's not clear exactly what the hackers were seeking, but experts say it could include nuclear secrets, blueprints for advanced weaponry, Covid-19 vaccine-related research and information for dossiers on key government and industry leaders. "We're still unpacking precisely what it is, and I'm sure some of it will remain classified," Pompeo said in an interview late Friday with radio talk show host Mark Levin.

"But suffice it to say there was a significant effort to use a piece of third-party software to essentially embed code inside of US government systems and it now appears systems of private companies and governments across the world as well." — AP

### MANUFACTURE & SUPPLY OF THE TRACK FITTINGS

E-Procurement Tender Notice No.: TRACK-07 of 2020. E-tenders through E-Procurement System are invited by the undersigned for Manufacture & Supply of the following Track fittings: S.1. Tender No.: Track-E-07/2020; Brief description of item: Joggled Fish Plate 60 Kg. T-5849; Tender Qty: 3152 Sets; Tender Value: \$2,57,56,568.00. ## SHORT TAKES

## Panghal clinches gold at World Cup

New Delhi: World silver-medalist Amit Panghal (52kg) notched up a gold medal without having to fight his final bout, while veteran Satish Kumar (+91kg) settled for silver after an injury prevented him from competing in his summit clash at the Cologne World Cup in Germany on Saturday. Panghal was given a walkover by Germany's Argishti Terteryan.

Satish, who made the final after beating France's Djamili Dini Moinzade in the semifinal on Friday night, had to withdraw against Germany's Nervie Tiafack owing to an injury. Also making the final were Sakshi and Manisha in the women's 57kg category. Asian Games bronze winner Pooja Rai, Mohammed Hussamuddin and Gaurav Solanki settled for bronze medals. — PTI

## Chennaiyin snap winless streak

Goa: Chennaiyin FC finally managed to register a win after five games, with 2-1 victory over FC Goa in the Indian Super League here on Saturday. In a game that saw 39 shots at goal, Rahim Ali (53') scored the match-winner after Jorge Ortiz (9') cancelled out Rafael Crivellaro's (5') Olympic-goal opener. It was an easy win for the visitors who should have finished with a bigger goal margin, had it not for their poor finishing. Goa coach Juan Ferrando named three changes to the line-up that lost against ATK Mohun Bagan with Aiban Dohling and Jorge Ortiz being the other two. — PTI

## Real Kashmir lift maiden IFA Shield

Kolkata: Real Kashmir FC clinched their maiden major trophy by lifting the IFA Shield after beating George Telegraph 2-1 in the summit clash here on Saturday, though the 127-year-old tournament was held without some of the country's top sides. This year, four I-League teams and eight Calcutta Premier League sides took part. Besides RKFC, Mohammedan Sporting, Gokulam Kerala and Indian Arrows were the other I-League sides.

Fresh from a hat-trick against Mohammedan Sporting in the semifinals, Nigerian forward Lukman Adefemi broke the deadlock (38th minute) from a penalty but the Georgians restored parity in the second half with a terrific solo run by substitute Gautam Das (50th). But 10 minutes later, skipper Mason Robertson snatched the lead for the Snow Leopards with a towering header. — PTI

## BDL bats show no mercy to Dayanand

DC CORRESPONDENT  
HYDERABAD, DEC. 19

Sandeep Goud and K. Hima Teja shone with the bat for BDL on Saturday, the second day of their A-1 Division three-day league match against R. Dayanand. Sandeep hit 58 while Teja is one run short of his half century. Prateek Pawar also struck a decent 49 for BDL. Sandeep and Teja are at the crease as BDL made 193 for 2 to ramp up pressure on the Dayanand side which were all out for a paltry 160 in their first innings. Tejodhar and Akash Sana were pick of bowlers for BDL, scalping three wickets each. Earlier, BDL posted 292 in their first innings.

A-1 DIVISION (THREE-DAY)  
Day-2:

■ BDL 292/9 in 90 overs & 193/2 in 36.3 overs (Prateek Pawar 49, Sandeep Goud 58 batting, K. Hima Teja 49 batting) vs R. Dayanand 160 in 45.6 overs (K. Bhagath Varma 41, B. Tejodhar 3/37, Akash Sana 3/43).

## NEW LOW

## India slump to their lowest score as Australia clinch first Test

Adelaide, Dec. 19: The Indian cricket team under Virat Kohli faced their worst hour of embarrassment while collapsing to their lowest Test score of 36 as a rampaging Australia cruised to an emphatic eight-wicket victory inside two and half days in the opening Day/Night Test here on Saturday.

There were no demons in the pitch but Josh Hazlewood (5-3-8-5) and Patrick Cummins (10.2-4-21-4) displayed fast bowling of highest quality to dismantle the visitors.

The sequence of 4, 9, 2, 0, 4, 0, 8, 4, 0, 4, and 1 on the scorecard will rankle the fans but more so this team, for a very long time.

"Very hard to put those feelings into words. We had a lead of 60-odd coming and just collapsed," said Kohli, who would be heading home on paternity leave now.

India's earlier lowest score was 42 at the Lord's in 1974 against England, known in Indian cricket parlance as the "Summer of 42". Saturday's total was also the lowest score in the brief history of D/N Tests and the joint fifth lowest overall.

The easy target of 90 runs was achieved by the home side in only

India captain Virat Kohli (right) leads his players off the field after their loss to Australia on the third day of their first Test in Adelaide on Saturday. — AFP

team collected 30 World Test Championship points from the win, while its skipper Tim Paine was adjudged player of the match for his gritty first innings knock of 73.

India have now lost three successive Tests well inside three days with two being in New Zealand earlier this year.

To make matters worse for the visitors, star pacer Mohammed Shami's series could well be over due to a wrist injury. — PTI

## SCORECARD

India 1st Innings: 244 all out

## TWEET TALK

The ODP to forget this is 49204084041. — VIRENDER SEHWAG Ex-India opener

Wait what happened? I just went to play 9 holes came back game over. What a spell by The Australians. Pace matters. — WASIM AKRAM Pakistan cricketer

Unreal win by the lads today, bowlers what an effort today!! Simply unbelievable day of cricket. @joeburns441 hits winning runs so good. So happy for you legend. — DAVID WARNER Australian batsman

With the way India batted & bowled in the 1st innings, they were in the driver's seat, but the Aussies came back really hard this morning. That is the beauty of Test cricket. It's NEVER over till it's over. India was out-classed in the 2nd half. Congratulations to Australia! — SACHIN TENDULKAR India great

Very disappointed with the result. We all expect the Indian team to play better cricket #INDvAUS — IRFAN PATHAN Former India pacer

Australia's Pat Cummins celebrates the wicket of India's Cheteshwar Pujara on Saturday. — AFP

## Gavaskar hails Aussie bowlers

Adelaide, Dec. 19: The legendary Sunil Gavaskar on Saturday sympathised with the Indian team after it slumped to its lowest Test score, saying it would be a bit unfair to be critical given that the Australian pace bowlers were simply "superb".

The trio of Josh Hazlewood, Pat Cummins and Mitchell Starc produced a sensational performance as the visitors collapsed to their lowest Test score of 36. India's earlier lowest score was 42 against England at the Lord's in 1974 and Gavaskar was a part of that team.

"I mean, any team that is all-out for its lowest Test score since the time it started playing Test cricket, that's never good to see," Gavaskar told Channel 7 after India's eight-wicket loss here.

"But having said that, if any other team had been facing that kind of bowling, they would have also got out, maybe be not all-out for 36, maybe 72 or 80-90 but the way Hazlewood, Cummins bowled and the earlier three-over spell from Starc, they asked a lot of questions," he explained.

"So it's not fair to blame the Indian batsmen for the way they got out because it was just simply superb bowling by the Australian bowlers," he added.

After ending the second day with a handy 62-run first innings lead, India faced a batting collapse in the first session of day three.

None of their batsmen reached double-digit scores as Hazlewood (5/8) and Cummins (4/21) terrorised the tourists into submission. — PTI

## ZERO FOR FOUR WAS MORE SHAMEFUL, SAYS GAEKWAD

BY BIPIN DANI

1-0 (Pankaj Roy), 2-0 (Datta Gaekwad), 3-0 (M.K. Mantri) and 4-0 (Vijay Manjrekar). India losing four wickets without a run on the scoreboard against England at Leeds in 1952 was more shameful than Virat Kohli & Co.'s second innings debacle at Adelaide, according to former India opener Dattaji Gaekwad.

"Team India's 36 all out at Adelaide is not as shameful as our debacle," Gaekwad, one of the two surviving members of India's 1952 team, said.

"There have been other international teams who have scored lesser than 36 runs but losing four wickets without a run on the board was very hard to digest. Even today, I am ashamed of this (zero for four) debacle."

## Hazlewood warns India of aftershock

Adelaide, Dec. 19: India will feel the aftershocks of crashing to their lowest Test total of 36 heading into the remainder of the four-match series against Australia, Adelaide Oval's wrecker-in-chief Josh Hazlewood said Saturday.

Virat Kohli leaving for paternity leave from the second Test will also add to the visitors' woes, according to Hazlewood.

"Getting bowled out for 36 is going to leave a few headaches here and there and their best batter (Virat) is leaving as well, it is going to leave a bit of whole," Hazlewood said at the post-match press conference.

Kohli's absence is also an opportunity for others to prove their mettle after the forgettable outing at the Adelaide Oval.

"...But they have got plenty of class batters on the side-lines to come in, not of Virat's class. But in terms of the series, it is great to be one up, it is better than being one-down, as we found out last time," he added.

The pacer though cautioned his teammates that

the win is history now and they must look forward to the coming matches.

"It is probably a fresh start to a degree for the batters and bowlers, and they have a player coming for Virat and they have got some class players on the bench to be honest, so good players are going to come in and we will have some plans for them no doubt," he said. — PTI

## Our worst batting show: Kohli

Adelaide, Dec. 19: India captain Virat Kohli can't remember a "worse batting performance" by his team than the lowest ever Test score of 36 against Australia here but at the same time, he has urged people not to "make mountain out of a molehill".

He did speak about batsmen "lacking intent" to take forward the lead and although he didn't take names, Mayank Agarwal's approach (9 off 40 balls) in the morning was hard to explain when the team had a 62-run overnight advantage.

"I don't think we have ever had a worse batting performance than this. So we can only go upwards from here and you will see guys stepping up and realising their true char-

acters," Kohli said. The Indian captain desperately tried but looked at pains to defend the indefensible — another inept overseas batting show with six successive scores of less than 250 just this year.

"It's a strange one to be honest in my opinion. The ball didn't do much but we didn't have too much intent of going out there and taking the

skipper felt there isn't anything alarming about it.

"I don't think it's alarming and we can very well sit here and make a mountain out of a molehill, it's basically looking at things in the right perspective," he reasoned.

In fact, there has been close to 15 innings in SENA countries (South Africa, England, New Zealand and Australia) where the team has failed but the skipper could remember only six in 8-9 years.

"You have just spoken about five or six batting collapses in 8 to 9 years if I am not wrong. There will definitely be collapses again and again and we have to accept our mistakes and what we need to work on." — PTI

## Batting collapse in Oz among darkest chapters for India

T here are close defeats and there are debacles. What happened at Adelaide on Saturday is from the second category. The stunning batting collapse marks one of the darkest chapters in India's Test cricket history.

When play started, India were favourites to win. In a little over an hour, they were scuttled for their lowest ever score. An hour after lunch, it was all over, Australia had clinched a win that had looked improbable for two days. As the cliché goes,

cricket is a game of uncertainties, but who could have foreseen such a disaster?

It was a surreal experience watching it even on TV. Batsmen seemed to spend more time walking out funereally to bat rather than staying in the middle, unable to cope with the bowling or the pressure. After Kohli was dismissed, those following him were zombie-like, hopelessness and doom manifest on their faces.

India's performance was not the worst in Test history: 26 by New Zealand

against England, Auckland, 1955 remains the smallest innings total. However, 36 is still six runs fewer than the 42 Ajit Wadekar's team made at Lord's in 1974, in itself an ignominious achievement. Now, Virat Kohli and his team have this humiliating milestone around their necks.

But what caused such a flop show on Saturday? Some factors that could have played a part:

a) Hardship of playing overseas  
b) Not enough experience of day/night, pink ball cricket  
c) Stifling effect of living in bio-secure bubble for so long  
d) Not enough tour first class matches for practice  
e) Poor selection of playing XI  
f) Australia's bowlers

were magnificent. The first five have measurable merit in my opinion. Beyond a point these become excuses to explain a rout for all international teams face similar situations. India is not an exception. The sixth though has enormous credence.

Pat Cummins, Josh Hazlewood were simply superb, bowling with speed, hostility, skill and immaculate control. The pitch had life and juice for them to exploit, and both did this to the utmost. Hazlewood got five wickets, but the bigger damage was done by Cummins who got mainstays Pujara and Kohli.

Some of the stuff sent down by these two was virtually unplayable. When this match is reviewed over time, the marvelous

effort of these bowlers will be appreciated even more given the fact that Australia were underdogs when the third day started and needed an extraordinary effort to turn the match around.

That said, the abject surrender of the Indian batting still stupefied. They seemed to be neither skill nor heart to survive, leave aside put up a fight. That not a single batsman got into double figures tells its own story of what transpired.

Frankly, it is almost impossible to find cricketing logic for the disaster. Barring Rohit Sharma in batting and Ishant Sharma and Bhuvneshwar Kumar in bowling, the creme de la creme of Indian cricket is in Australia, so lack of talent can't be an issue.

Nor indeed experience. Kohli, Rahane, Pujara from batsmen and Saha and Ashwin as all-rounders have been around for a long while. Indeed, the overall experience of the Indian side was more than that of the Australians, so there is no explanation to hide behind.

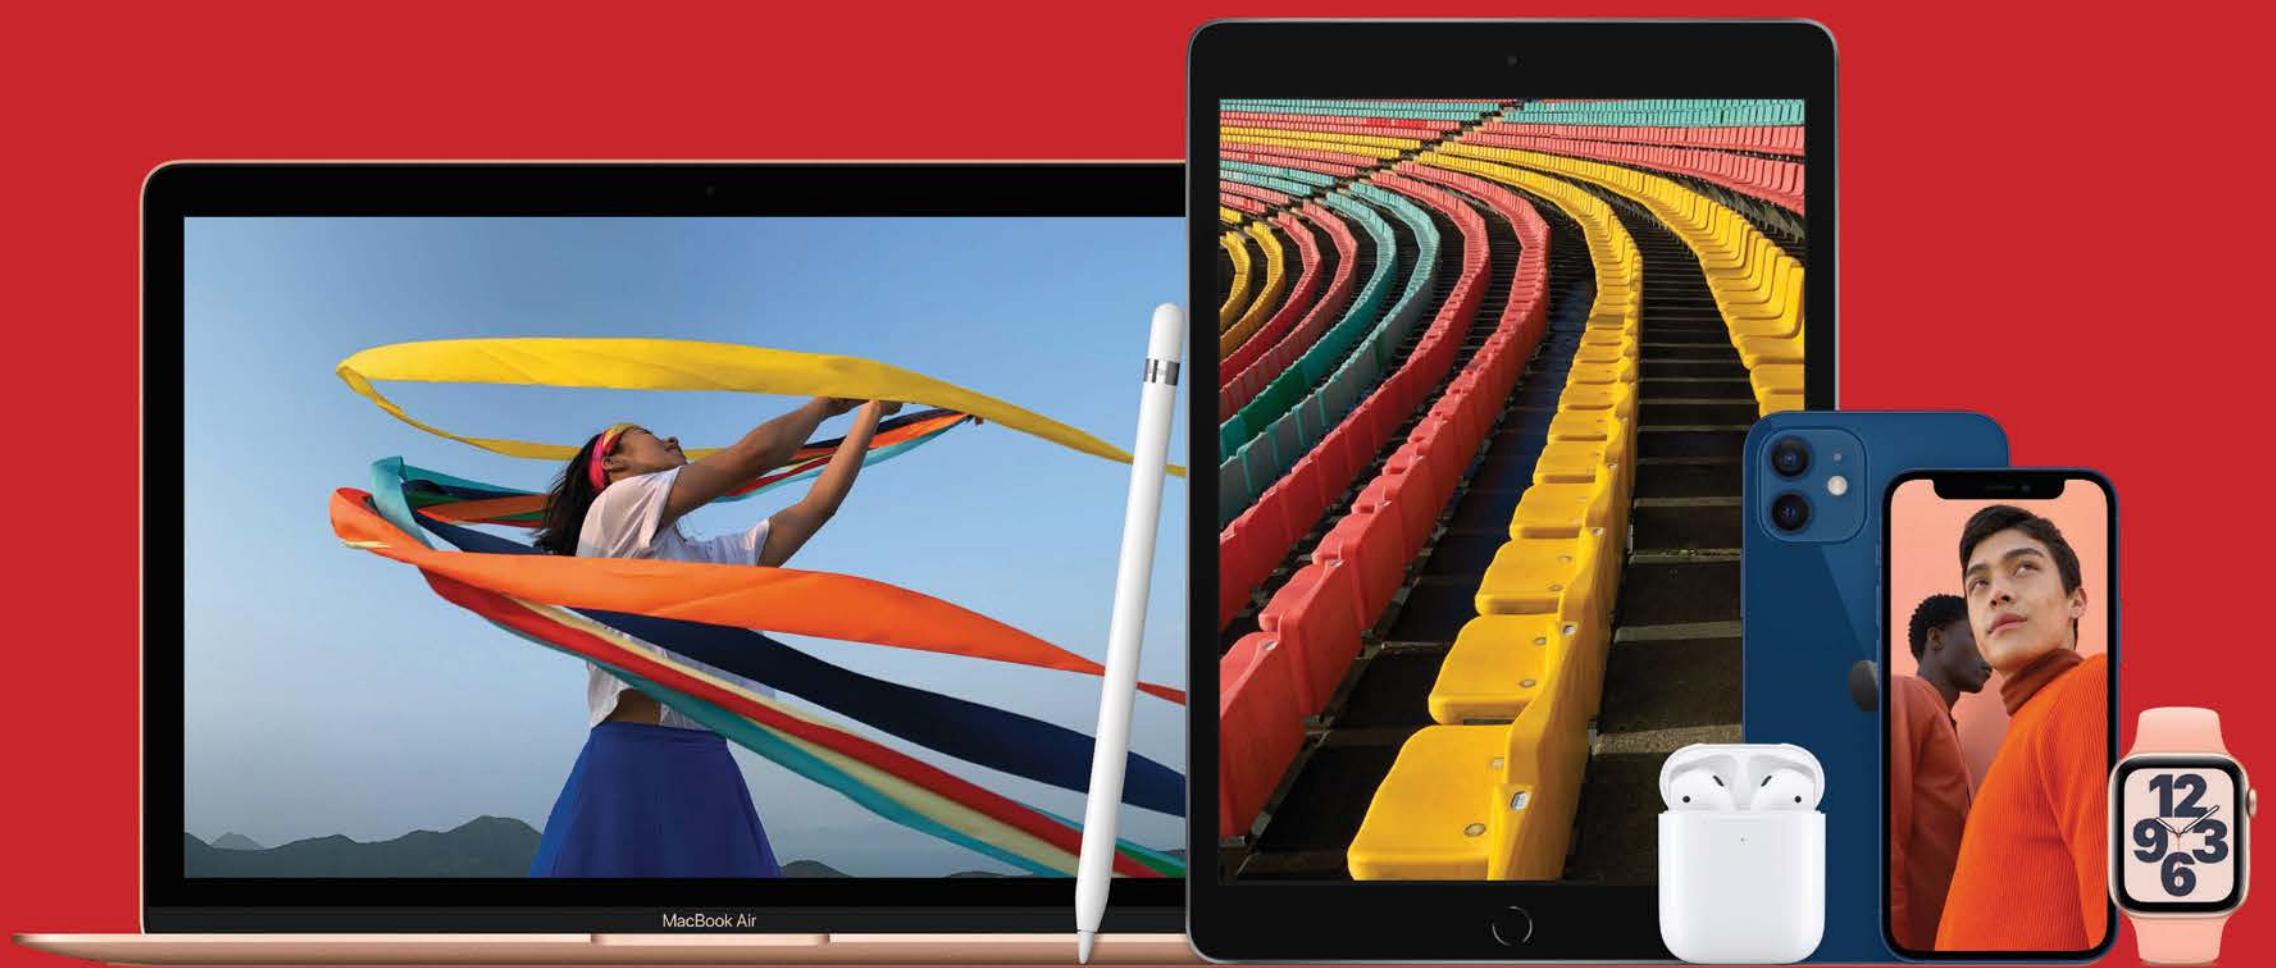

Pertinently, this was India's third successive defeat overseas (two came against New Zealand at the start of 2020), and all three in less than three days. A stark and disturbing fact.

Whether the humiliating defeat at Adelaide has its basis in short-term cricketing reasons like technical aptitude, or more long-term issues like motivation, team spirit and ambition needs to be urgently examined by chief coach Ravi Shastri and the think tank.

As an eternal optimist, I look for positives. India's bowlers were superb so Aussies beware in the remaining Tests. But a defeat of such magnitude will undoubtedly have
