'Safety must even after vaccination'

Covid-19 inoculation does not mean it is a licence to start partying, says Dr Guru N. Reddy

The arrival of vaccines for Covid-19 in India and the nation-wide drive to vaccinate people against this disease, is a welcome development but it should not be misunderstood by anyone that it is a licence to start partying, according to Dr Guru N. Reddy, senior physician and founder director of Continental Hospitals.

Dr Guru Reddy said there may be an impression that taking the vaccine for Covid-19 is a passport to freedom but the safe and wise action is to continue with wearing masks and maintaining physical distance.

"This requires to be followed until we achieve a 80 per cent herd immunity," Dr Guru Reddy said. Herd immunity refers to a major

ity of the population developing resistance to a disease.

In an exclusive interview with **Balu Pulipaka**, Dr Guru Reddy answered questions on Covid-19, safety and efficacy of vaccines and why he believes India got 'lucky' with the disease.

Excerpts:

Q Are the vaccines safe? What are the reasons for apprehensions over taking the vaccine?

A. Simply put, when anything is new and untested it is natural for people to be apprehensive. In the West, the apprehensions are rooted in the unfounded fears that vaccinations lead to autism. In India, this is not an issue though awareness of autism is increasing here. We have to take a his-

We have to take a historical perspective, see the history of vaccinations over so many decades that have been absolutely safe, like the polio vaccine. We have to take refuge under this fact, believe and extrapolate that the Covid vaccines will be safe.

extrapolate that the Covid vaccines will be safe. Also their safety prospects are based on their development.

Q What are the important takeaways for India from its Covid-19 experience?

A. Covid has also brought in a significant awakening of awareness of healthcare infrastructure which has never been tested rigorous-

A. We have been just lucky from the standpoint of the percentage of people infected, the unusually low casualty rates.

We have not had a second wave so far and the absence of variants of the virus has helped us. I also feel that the way we reacted to Covid-19 is because of our demographic dividend, we have a large number of younger people and I believe we have significant induced immunity.

While herd immunity needs 80 per cent of people developing resistance, 60 per cent is not bad either.

Q What about the health-care systems?

A. Covid has also brought in a significant awakening of awareness of healthcare infrastructure which has never been tested rigorous-

ly. Those responsible for governance have realised what the healthcare was in.

The private sector too realised that it was vulnerable. This has been a major awakening.

Another thing that has come to the fore is the cost of healthcare, something that our country always debates, unfortunately because the government washed its hands off this subject but laments that the private sector is charging a lot.

We have taken care of thousands of patients and there needs to be a better perception of what goes into taking care of patients.

India also needs a strong third party payer system such as insurance companies or the government should pick up the cost.

One-stop hub for kites: Gulzar Houz**Shops open till late night for 3 days**

**SANJAY SAMUEL
PAUL | DC**
HYDERABAD, JAN. 12

The festival of kites, which is round the corner, is occasion for enjoyment for all. People of all age-groups participate enthusiastically in this annual event.

For city folks, Gulzar Houz is the main spot to shop for kites, thread rolls and manjas. It's a stone's throw from Charminar. Most families come here to purchase their flying materials. There are huge crowds and several shops are decorated with kites. During these three days, the shops are open till late night.

Each year, new trends are introduced to kite-making. This time, the spotlight is on the pandemic, with the Covid-19 Kite being a major draw. These kites carry the messages of social distancing, wearing of mask and use of sanitizers.

There are other kites with the political theme, like highlighting the rivalry between the Congress and the BJP, with images of Prime Minister Narendra Modi and Rahul Gandhi facing each other. Supporters can provide viewers the spirit of a fight between the two high in the air, the rivals trying to cut the threads of each other.

Abdul Kareem, a shop owner, said, "Comparatively, the crowds are less here this year because of the fear about Covid-19. People are opting to buy kites from their own locality to avoid crowds."

"There are around 100 shops in this market. People usually visit this area to get a feel of the festival," he added.

Venu Gopal Bajaj, in this business for 50 years, said, "This area is most popular in the state when it comes to kite sales. Apart from kites, you can also see other props and horns used to make noise and celebrate the occasion when an opponent's kite is cut."

Rena Mathur, who came along with her family from Sitaphalmandi to buy kites, said, "This reminds me of my childhood ... we always come to buy kites from here."

"The festival is occasion to share love and get the most enjoyment out of it. When someone uses Chinese manja, let us try to discourage them as many birds die of it. Let's take up the responsibility," she added.

BID TO CATCH TIGER WITH COW TAKES RELIGIOUS TURN

DC CORRESPONDENT
KOMARAM BHEEM ASIFABAD, JAN. 12

Forest officials' reported attempt to catch a tiger by using a cow as bait in this district has taken a religious turn with BJP MLA Raja Singh strongly opposing this and invoking the 'gomatica' concept. Raja Singh noted that cow is worshipped by Hindus. Gorakshana Samitis are likely to organise protests.

Forest officials swung into action after a tiger killed two persons. Later, the officials said they noticed tiger movement near Talai village and Kandi Bheemanna temple area in the forests of Bejjur mandal and concluded that this was the killer tiger.

The MLA said forest officials should use other methods, like setting up cage, to catch tigers.

A cage has been used by officials to catch tiger near the Kandi Bheemanna temple area off Papanna village. Forest staff waited from atop a watch tower for arrival of tiger. Also, using a cow as bait, forest officials reportedly hoped to get at the tiger and tranquilize it with help from a veterinary doctor. The forest officials were tight-lipped over Raja Singh's statement.

SADA BAINAMA TO BENEFIT TRS LEADERS: BJP MLA

DC CORRESPONDENT
HYDERABAD, JAN. 12

Former BJP MLA N.V.S.S. Prabhakar on Tuesday said that he suspected that the state government decision on sada bainama (land with plain paper registrations) which Chief Minister K. Chandrashekhar Rao announced at a meeting on Monday, was meant to favour TRS leaders who are ready to grab land.

Speaking at a press conference at the BJP state office, Prabhakar accused the Chief Minister's relatives and his followers of doing thousands of agreements on plain paper regarding land along the Outer Ring Road (ORR) with directions from the Chief Minister's Office (CMO).

Prabhakar asked MIM leaders why they were not talking about Waftk lands in Hyderabad which had been encroached upon. He alleged that the Chief Minister's relatives were planning a big scam with the Hafeezpet lands; they own thousands of acres of land.

The former MLA demanded the government order an inquiry by a sitting judge. He also alleged that the link road being currently built in the city were meant to benefit real estate agencies and not the common people.

HC stops GHMC road coming upon UoH land

Court not to approve of intrusion in guise of public good

UHTA condemns encroachments

HARLEEN MINOCHA | DC
HYDERABAD, JAN. 12

The Telangana High Court on Tuesday restrained the GHMC and the state government from laying a road on land belonging to University of Hyderabad (UoH). The GHMC had started work on the 100-feet-wide road from the ISB Road to the colonies allotted for government employees and NGOs. The court would hear the case further two weeks hence.

The court said it would not approve of such intrusion in the guise of developmental works and public purpose. Such take-over cannot be done without following the acquisition process and without getting a nod from the Union Cabinet. Central universities are controlled by the Union government.

As per the case, the Ranga Reddy collector had asked the Cyberabad police commissioner's office to discuss the handover of the land with the university authorities. The talks failed on January 6 and the road works were initiated the next day. This led to the filing of the case.

The vacation bench headed by Justice Abhijnan Kumar Shavili issued status quo orders restraining the GHMC from going ahead with the road-laying works and asking it to ensure that the road that is laid is not to be damaged.

Justice Shavili was dealing with a petition from the Registrar of UoH, who sought court intervention to stop the laying of the road over land in Survey no. 25 of Kanch Gachibowli of Serlingampally mandal.

the state government properly fix the boundaries of campus and grant the title deed of the land to the university. They further insisted that the university authorities should raise the issue with the President of India, who is the Visitor of the University. The Telangana Governor who is the Rector, the Chancellor, and also the Union ministry for education, and the University Grants Commission.

A joint action committee is likely to be formed consisting of faculty, students, and non-teaching staff in an attempt to transfer the land mutation to the university.

Sudharshan Reddy and Sumanth, counsels for the university, said the university had been opposing the laying of the approach road through its land ever since 2012.

They said that by virtue of the Union secretary's order in 2011, land alienation or partitioning of land belonging to the Centre must get approval from the Union

Cabinet. Violating this rule, the collector forced the university authorities to discuss the issue. Once the government failed to get the nod, it started the road works illegally, counsels said.

Considering these aspects, the court granted status quo orders and adjourned the case for hearing after two weeks. The government took back file to file its counter.

In 1975, around 2,325 acres of land was allotted by the state government to the UoH. Later, the government took back around 700 acres with a promise of providing alternative land. This has not materialised so far.

In 2003, the N. Chandrababu Naidu government took back another 534 acres to give to Billi Rao's IMG Academies Bharat Private Ltd to establish a sports academy. Later, the government cancelled the allotment. Of this land, 134 acres were allotted to APNGO Housing Society (presently NGO Housing Society). The remaining 400 acres was in the possession of the university. The housing society wrote a letter to the then Union minister D. Purandeswari to consider allotment of 10 acres of land belonging to the university to lay the road. The request is still pending.

BJP besieges Jangaon municipal chief's office

DC CORRESPONDENT
HYDERABAD, JAN. 12

Bharatiya Janata Party workers gheraoed Jangaon municipal commissioner S. Sathyaranayana's office after the municipal staff removed a flexi installed by BJP workers on occasion of Swami Vivekananda's 158th birth anniversary on Tuesday. Police intervened, lathicharged and dispersed the party activists from the place.

Speaking about the issue here, BJP MLC N. Ramachander Rao maintained that the lathicharge was uncalled for as protesters were peaceful. "Municipal workers removed the flexi without any reason. When BJP town president Pawan Sharma led a team of party workers to question the municipal commissioner, the latter was evasive. This is not the first time the municipality has removed BJP flags and flexis. He has been doing it regularly as though he is a TRS party worker," the MLC charged.

In a video of the incident that has gone viral on social media platforms, Jangaon police inspector Mallesh can be seen hitting protesters with his lathi in an attempt to make them vacate the place. "Following the complaint, we reached the place and cleared the crowd. The municipality had removed the flexi as a part of cleaning the town," he said.

Jangaon ACP Vinod Kumar said he had received a complaint from the municipal commissioner that BJP workers had gheraoed his office and were not letting him leave the place. "Following the complaint, we reached the place and cleared

the crowd. The municipality had removed the flexi as a part of cleaning the town," he said.

BJP MLA Raja Singh shared the video on Twitter with caption "BJP Jangaon president Pavan Sharma and Karyakartas beaten by police during a peaceful protest against removal of #SwamiVivekananda Jayanti banner. Is this friendly policing @TelanganaDGP? Action needs to be taken against the officer immediately @BJP4Telangana @AmitShah" (sic).

MIM chief Asaduddin Owaisi on Tuesday claimed that he had been prevented from entering Uttar Pradesh 12 times and permission to events hosting him canceled 28 times when Samajwadi Party president Akhilesh Yadav was chief minister.

Owaisi reached the Varanasi airport, from where Prime Minister Narendra Modi was elected to the Lok Sabha, and was given a huge reception. He was accompanied by Omprakash Rajbhar, president of the Suheldev Bharatiya Samaj Party.

the Samajwadi Party had used the Muslims only for its vote-bank politics. It never took the initiative to work for the progress and welfare of the community.

"Now I have arrived here. Our party has formed an alliance with the Suheldev Bharatiya Samaj Party. Rajbhar is my friend. I have come to maintain friendship and we will show our strength in Uttar Pradesh now," Owaisi said. He later proceeded towards Azamgarh.

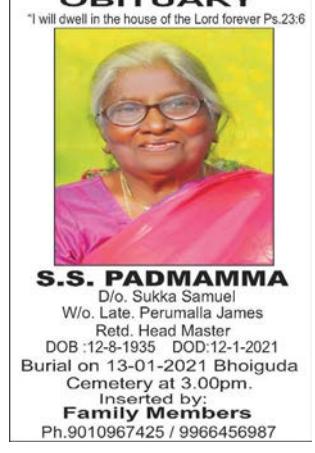

Speaking to journalists at the Jalapur Chauraha, while travelling to Jaunpur in a car from Varanasi's Babatpur airport, the MIM president said

**GEN. NARAVANE
SAYS ARMY IS
EVER READY**

DC CORRESPONDENT
NEW DELHI, JAN. 12

Army chief General M.M. Naravane asserted on Tuesday that Indian army is "alert and ever-ready to meet any challenge" from China and there has been no reduction in Chinese deployment in friction areas in Eastern Ladakh.

"We are prepared to hold our ground as long it takes to achieve our national goals and objectives," said Army chief.

"It is not only the Eastern Ladakh but we have maintained a high state of alertness all along the Northern borders as of now, keeping the threat perception in mind. We have gone in for a winter posture and deployment," he said.

Gen Naravane said that not much should be read in Chinese withdrawing troops from depth areas in the Tibetan plateau that were there for training.

"There has been no decrease in strength either on the Chinese side or our side as far as the friction points are concerned," he said.

Army Chief said that all logistics aspects have been taken care of, whether it is clothing, ration or habitat and "as a result of all this, our operational preparedness is of a very high order and the morale of the troops is high."

"We keep saying that we are prepared to meet all challenges. But last year we had to walk the talk and actually rise up to the occasion and show that we are indeed prepared to meet all these challenges," he said.

However, Gen Naravane said that he was hopeful that India and China will be able to reach an agreement to resolve the eastern Ladakh standoff.

"We are now awaiting the date of 9th round of Corps Commanders talks. I am sure that through dialogue and discussion, we will be able to reach an amicable solution based on the principle of mutual and equal security," said the Army chief.

Farmers say members of SC panel on agri laws pro-govt

Unions: Never demanded SC form a committee to resolve impasse

New Delhi, Jan. 12: Agitating farmer unions on Tuesday disapproved of the committee appointed by the Supreme Court to break the deadlock over the acts and said they will continue their protest against the three legislations.

Addressing a press conference at Singhu Border here, Union leaders claimed the members of the committee are "pro-government", and asserted they will not appear before it.

The Supreme Court earlier in the day stayed the implementation of the controversial farm laws till further orders and set up a four-member committee to resolve the impasse between the Centre and the farmer unions protesting at Delhi's borders over the legislations.

The members of the SC-appointed committee are not dependable as they have been writing on how agri laws are pro-farmer. We will continue our agitation," farmer leader Balbeer Singh Rajewal told the presser.

The four members of the committee are BKU president Bhupinder Singh Mann, Shetkeri Sangathan (Maharashtra) president Anil Ghawat, South Asia Director for International Food Policy Research Institute Pramod Kumar Joshi, and agriculture economist Ashok Gulati.

During the hearing, the top court sought the cooperation of the protesting farmers and made it clear that no power can prevent it from setting up a committee to resolve the impasse.

Another farmer leader Darshan Singh said they will not appear before any committee, adding

Parliament should discuss and resolve this issue. "We don't want any external committee," he said. However, the farmer leaders said they would attend the January 15 meeting with the government.

The four members of the committee are BKU president Bhupinder Singh Mann, Shetkeri Sangathan (Maharashtra) president Anil Ghawat, South Asia Director for International Food Policy Research Institute Pramod Kumar Joshi, and agriculture economist Ashok Gulati.

During the hearing, the top court sought the cooperation of the protesting farmers and made it clear that no power can prevent it from setting up a committee to resolve the impasse.

During the hearing, the top court sought the cooperation of the protesting farmers and made it clear that no power can prevent it from setting up a committee to resolve the impasse.

Thousands of farmers, mostly from Haryana and Punjab, have been protesting at several border points of Delhi since November 28 last year, demanding a repeal of the three laws and a legal guarantee to the minimum support price (MSP) system for their crops.

Farmer leaders welcomed the SC's order to stay the implementation of three farm laws on Tuesday, but said they would not call off their protest until the contentious laws are repealed.

"We do not have faith in the idea of a committee and we have been saying this since the very beginning, when the government had suggested the formation of a committee. But this time, it is the Supreme Court and we will see the functioning of this committee," All India Kisan Sabha (Punjab) vice-president Lakhbir Singh said.

Enacted in September last year, the three laws have been projected by the Centre as major reforms in the agriculture sector that will remove middlemen and allow farmers to sell their produce anywhere in the country.

Supreme Court, but a formal decision on this will be taken by the Morcha.

"We welcome the court's order to stay the implementation of the farm laws, but we want a complete repeal of these laws, which is our main demand," said Abhimanyu Kohar, a senior leader of the Morcha.

Another farmer leader, Harinder Lokhwal, said the protest will continue until the contentious laws are repealed.

The Morcha issued a statement on Monday, saying the unions are not willing to participate in any proceedings before a committee that may be appointed by the top court.

All states, UTs to receive Covid-19 vaccine by Jan. 14

VINEETA PANDEY | DC
NEW DELHI, JAN. 12

The central government has started procurement and transportation of the Covid-19 vaccines for the nationwide inoculation drive that begins from January 16.

Union health secretary Rajesh Bhushan said on Tuesday that the entire doses of 1.10 crore of Oxford vaccine Covishield by the Serum Institute of India (SII) and 55 lakh of Covaxin from Bharat Biotech — will by January 14 reach all states and Union Territories.

Bhushan said already 54.72 lakh doses of the vaccines have reached designated national and state-level stores till Tuesday afternoon. He clarified that apart from the ordered vaccines, Bharat Biotech is also giving 16.5 lakh doses of its Covaxin for free to the government as a goodwill gesture.

"55 lakh doses of Covaxin are being procured from Bharat Biotech. For 38.5 lakh doses the price is ₹295 each, excluding taxes. Bharat Biotech is providing 16.5 lakh doses for free as a goodwill gesture which ultimately brings the cost of Covaxin down to ₹206 per dose," Bhushan said.

The 1.1 crore doses of Covishield vaccine are being procured from SII at the cost of ₹200 per dose, excluding taxes. More vaccines will be ordered in the coming days.

Covaxin will also be supplied to Brazil and other countries.

NITI Aayog member (health) Dr. V.K. Paul said both Covishield and Covaxin have been tested on a large number of people and "are the safest with no risk of any significant side effect."

The health secretary said that four other vaccine candidates by Zydus Cadila, Russia's Sputnik V, Biological E and Gennova are also in advanced stage of clinical trials and once they are cleared by the Drugs Controller General of India, they will be available to people.

ODISHA GETS 1ST CONSIGNMENT OF 4.08L DOSES

AKSHAYA KUMAR
SAHOO | DC
BHUBANESWAR, JAN. 12

The Odisha government on Tuesday received over 4 lakh doses of the much-awaited Covid-19 vaccine for the roll-out of the mass immunisation drive against Coronavirus in the first phase on January 16, said additional chief secretary (health) P.K. Mohapatra on Tuesday.

"On Tuesday Odisha received around 4.08 lakh doses of Covishield vaccine prepared by the Serum Institute. Apart from this, the state has also received a letter from the Centre regarding despatch of another 20,000 doses of Covaxin," said Dr C.B.K. Mohanty, state Director of Medical Education and Research (DMER).

CEO Adar Poonawala said it was a historic and emotional moment for his team and he hoped that the vaccine reached everyone this year.

Covishield vaccines were initially brought to the four Central Government Medical Stores Depots — at Chennai, Karnal, Kolkata and Mumbai — and then dispatched to different regional medical stores in states. Bhushan said some big states have multiple stores.

For instance, Uttar Pradesh has nine, Madhya Pradesh and Gujarat have four each, Kerala has three, Jammu and Kashmir, Karnataka and Rajasthan two each.

Meanwhile, the Health Secretary said the Covid-19 situation is still worrisome across the world and even though daily cases are declining in India. The country on Tuesday reported 12,584 fresh cases and 167 new deaths in the last 24 hours. This was the lowest in the last seven months.

The locals later staged a blockade on National Highway-552 by laying the bodies on the road demanding compensation of ₹20 lakh each to the next of kin of the deceased.

Morena district collector Anurag Verma rushed to the spot along with police force to bring the situation under control.

"Eleven people have died so far. We are waiting for autopsy reports to ascertain the cause of their deaths", Chambal region inspector general of police Manoj Sharma said.

Another person succumbed in the district hospital in Morena on Tuesday evening, taking the toll to 12. According to the police, the victims started reporting at various government hospitals in Morena district on the intervening night of Monday and Tuesday.

However, no one has been arrested so far, police said. "The accused will be arrested soon", the police officer said.

Chief Minister Shivraj Singh Chouhan placed local district excise officer Javed Khan under suspension in connection with the incident.

Police registered a case against seven people under relevant sections of Indian Penal Code and Excise Act in connection with the incident.

Divers recover crashed plane 'black box'

Jakarta, Jan. 12: Indonesian navy divers searching the ocean floor on Tuesday recovered the flight data recorder from a Sriwijaya Air jet that crashed into the Java Sea with 62 people on board.

The device is expected to help investigators determine what caused the Boeing 737-500 plane to nose-dive into the ocean in heavy rain shortly after taking off from Jakarta on Saturday. TV stations showed divers on an inflatable vessel with a large white container containing the device heading to a Jakarta port.

The device is expected to help investigators determine the device heading to a Jakarta port.

Military chief Air Chief Marshal Hadi Tjahjanto said the plane's other "black box," the cockpit voice recorder, was likely to be found soon because its beacon was being emitted in the same area. The devices were buried in seabed mud under tons of sharp objects in the

human remains.
So far, the sea

So far, the researchers have sent 74 body bags containing human remains to police identification experts who on Monday said they had identified their first victim, 29-year-old flight attendant Okky Bisma.

WHO to visit Wuhan: China

Beijing, Jan. 12: World Health Organisation experts will visit the city of Wuhan, where the Coronavirus was first detected in late 2019, at the start of their investigation into the origins of the pandemic, China said on Tuesday.

Health Commission offered no further information. The visit has been expected for months. WHO chief Tedros Adhanom Ghebreyesus expressed frustration last week that arrangements were taking so long to finalise. After China announced the visit Monday, Tedros said the scientists, who come from several nations, will focus on how the Coronavirus first jumped to people.

MINE BLAST:
EFFORTS ON TO
FREE 22 CHINESE

Beijing, Jan. 12: Rescuers are seeking to free 22 Chinese workers trapped underground for more than two days following an explosion at a partially built gold mine in the country's east, state media reported on Tuesday.

Some 300 rescuers were seeking to clear obstructions to reach the workers, whose condition remains unknown, the reports said. The mine in the eastern province of Shandong was under construction at the time of the explosion. The cause of the blast has not been announced.

Mine managers did not report the explosion to authorities in the city of Yantai until Monday evening.

China's mining industry focused on coal used to be the world's deadliest, suffering more than 5,000 fatalities a year from explosions, floods and gas leaks.

2 CAPITOL COPS
SUSPENDED
AFTER ATTACK

Washington, Jan. 12: Democratic Representative Tim Ryan of Ohio says two US Capitol Police officers have been suspended as a result of their actions during last week's attack on the Capitol. Ryan told reporters on Monday that one of the officers took a selfie with someone and the second officer put on a "Make America Great Again" hat. He says of the latter that the "interim chief determined that to be qualifying for immediate suspension". Thugs of pro-Trump insurrectionists stormed the Capitol, forcing lawmakers to flee and hide. Five people died, including a Capitol Police officer.

The congressman says Capitol Police are looking at everybody involved that could have potentially facilitated the incursion "at a big level or small level in any way". Capitol Police did not immediately reply to a request for more details.

AFTER FROSTY FEW DAYS, PENCE, TRUMP APPEAR TO REACH DÉTENTE

Washington, Jan. 12: President Donald Trump and Vice President Mike Pence appear to have come to a détente after nearly a week of silence, anger and finger-pointing. The two met Monday evening in the Oval Office and had a "good conversation," according to a senior administration official. It was their first time speaking since last Wednesday, when Trump incited his supporters to storm the Capitol building as Pence was presiding over certification of November's election results.

Warner says sorry to Siraj and India

Sydney: Australian batting star David Warner on Tuesday condemned the racist slurs hurled at Indian players, particularly pacer Mohammed Siraj, during the third Test here and said such behaviour by the spectators was not acceptable.

Siraj and senior pacer Jasprit Bumrah were abused for two consecutive days by the crowd. Play was, in fact, halted on the fourth day for a few minutes after the Indian team complained to the umpires, which led to the expulsion of six spectators from the stands and an unreserved apology from Cricket Australia. "I'd also like to say sorry to @mohammedsirajofficial and the Indian team as racism, and abuse is not in any way acceptable or tolerated anywhere at any time, and I would expect better from our home crowd," Warner said in an Instagram post. — PTI

BAD START!

Sindhu, Praneeth lose on return to action in Thailand

P. V. Sindhu

Bangkok, Jan. 12: World champion P. V. Sindhu suffered a shock defeat on her return to international badminton, losing in three games to Denmark's Mia Blichfeldt in the opening round of Thailand Open Super 1000 event here on Tuesday.

Months after the Covid-19 pandemic disrupted the international calendar, Sindhu, seeded sixth, returned to action with a 21-16, 24-26, 13-21 defeat to world No.18 Blichfeldt in a 74-minute battle.

In the men's singles, world No.13 B. Sai Praneeth too suffered a straight game loss to Thailand's Kantaphon Wangcharoen on his return to competition. Frontrunner to represent India at the Olympics, Praneeth went down 16-21, 10-21 to the world No.15.

Earlier in the day, the Indian mixed doubles pair of Ashwini Ponnappa and Satwiksairaj Rankireddy claimed a 21-11, 27-29, 21-16 win over the Indonesian pair of Hafiz Faizal and Gloria Widjaja.

However, the women's doubles pair of Ashwini and N. Sikki Reddy couldn't cross the opening hurdle, going down 16-21, 7-21 to fourth seeded Korean pair of Kim So Yeong and Kong Hee Yong.

Sindhu made a good start, opening up a 6-3 lead and never allowing her opponent an advantage, to take the opening game.

In the second game, the Indian once again moved 11-8 ahead but the Danish girl turned the tables at 15-14. After a neck-and-neck battle, it was Blichfeldt who showed better nerves to make a roaring comeback. — PTI

Srikanth miffed at poor treatment

Bangkok, Jan. 12:

Former world number one shuttler Kidambi Srikanth got a bloodied nose after undergoing multiple Covid-19 tests and miffed at the poor treatment of health officials at Thailand Open, the Indian on Tuesday called it "unacceptable".

"We take care of ourselves for the match not to come and shed blood for THIS. However, I gave 4 tests after I have arrived and I can't say any of them have been pleasant. Unacceptable," an upset Srikanth wrote on his Twitter handle.

The 27-year-old, who is scheduled to open his campaign on Wednesday against fellow Indian

Kidambi Srikanth shared images after his Covid Test in Thailand which left him bleeding from the nose.

Verma, shared photographs of his nose bleeding after he was tested for the fourth time.

The Badminton World Federation said Srikanth is being attended to by a doctor and it is awaiting a

medical explanation. "A doctor from the Covid-19 testing team is attending to Srikanth Kidambi. BWF is still awaiting a medical explanation from Badminton Association of Thailand and the Department of Disease Control as to the reasoning for the occurrence," a BWF official said.

The BWF allowed the rest of India players to come to the venue and play but made it clear that "no coaches, managers or other personnel from Team India" will be allowed. The BWF said "the entire Indian team has been categorised high risk by Thai health authorities." — PTI
