UK economy suffers biggest decline in more than 300 years

New Delhi, Saturday, February 13, 2021

BUDGET**Will help the poor, will spur growth: FM**

'Numbers credible, but Opposition is trying to push false cronyism narrative'

Our budgetary accounts are transparent, and not 'suspect' like in the UPA era when bonds were issued in lieu of cash subsidies in oil and fertiliser

Besides offering "quick short-term solutions", the govt seeks to create "long-term sustainable growth" path via this Budget

FE BUREAU
New Delhi, February 12

FINANCE MINISTER Nirmala Sitharaman on Friday slammed the Opposition for trying to create a "false narrative" of the Budget for FY22 being "crony-centric", listing out a raft of measures to suggest the government, on the contrary, has championed the cause of the poor and the vulnerable.

Speaking on the Budget in the Rajya Sabha, Sitharaman said the latest Budget is the instrument using which the country will attain

About 800 million people were provided free grains after the pandemic, 80 million got free cooking gas, and cash was given directly to 400 million. Over 1.67 cr houses were completed under PM Awas Yojana. Over 2.67 cr households got electrified since Oct 2017. Are these for the rich?

—NIRMALA SITHARAMAN, FINANCE MINISTER

reliance.

Besides providing quick short-term solutions in the wake of the Covid-19 pandemic, the government has

intended to chart "long-term sustainable growth" path through this Budget.

NCLT reserves order on Future shareholder meet

THE NATIONAL COMPANY Law Tribunal (NCLT) has reserved its verdict on allowing shareholder meetings of Future Group companies, which are part of the deal for sale of retail assets of Future Retail to Reliance Industries, reports **Bloomberg**.

Future Group firms have sought the

tribunal's nod for the asset sale deal.

Amazon.com has filed objections to Future's petition, seeking a restrain on Future Group companies' shareholder meetings.

Future Retail says Amazon has no standing to intervene in the case. The tribunal has not set a date for the order.

Revised estimates of expenditure & revenue for FY21 meant to be achieved, not merely to 'look good', says fin secy

FE BUREAU
New Delhi, February 12

AMID THE PERCEPTION that the various schemes for resolution of tax disputes run in recent years have yielded only moderate results in reducing the load of tax litigation, finance secretary Ajay Bhushan Pandey on Friday said the new system of faceless assessment and appeal would 'strike at the root of the problem' and help bring down the disputes substantially.

Speaking at the Indian Express Idea Exchange programme, he said the revised estimates of revenue and expenditure for the current financial year were realistic. If gross direct tax collections were down 6.7% on year by January, the gap would be much narrower by the end of the year, as the slump was partly due to liberal refunds of around ₹1.91 lakh crore. He also said tax buoyancy of 1.16

"Since the launch of faceless, random assessment in August last year, over 50,000 tax disputes have been settled, where tax demands were 'large' only in 8% of the cases, against 60% during the earlier system."

—AJAY BHUSHAN PANDEY FINANCE SECRETARY

estimated for FY22 was neither conservative or unduly optimistic (buoyancy has been in the negative territory in FY20 and FY21).

While data show the tax disputes continue to rise and the number of high-pitched assessment orders hasn't come down, the official said since the launch of faceless random assessment in August last year, over 50,000 disputes have been settled.

SoftBank, OYO end LatAm partnershipREUTERS
February 12

THE LATIN AMERICAN unit of OYO has ended its joint venture with the SoftBank Latin America Fund, less than six months after they struck a partnership in the region, both companies have said.

OYO's business in Latin America, known as Oyo Latam, on Wednesday said it was moving to a digital-only model, and that the changes would require laying off nearly its entire staff.

SoftBank Group has poured \$75 million into OYO in Latin America, part of its more than \$1-billion investment in the parent company.

Though hotels in the region can still operate under OYO's brand, operations will now be managed directly from OYO's home base in India, an OYO Latam spokeswoman told Reuters. "The Latin American joint venture (with SoftBank) has ceased to exist," she said, adding that did not mean OYO was completely shutting down in the region. "It was another adaptation due to the pandemic," she said.

Japan-based SoftBank added the decision was made jointly with OYO due to challenges brought about by the coronavirus pandemic.

Software engineering student Patrick Smith exemplifies Australia's Google dependency.

The 24-year-old from Canberra said he sometimes racks up to 400 Google searches a day to help with his studies, catch up on news and lookup recipes. Smith said his browser from the previous day shows 150 searches in the space of just five hours.

More agri infra schemes on the cards: Finance secy

FE BUREAU
New Delhi, February 12

FINANCE SECRETARY AJAY

Bhushan Pandey has indicated that more schemes for agriculture development and infrastructure may be rolled out in FY22 as the government expects to generate ₹30,000-35,000 crore from the agriculture infrastructure and development cess introduced in the Budget.

While the budgetary allocation for the department of agriculture and cooperation has been reduced by 8% to ₹1.23 lakh crore for next financial year from the budget estimate of FY21, there is no new scheme announced.

"There is a reduction in the additional excise duty, which used to come only to the Centre (not shared with states) after this cess has been introduced. This amount collected through additional excise duty could have been spent on any scheme," Pandey said, adding, the money collected through the cess will be spent only on agri infrastructure. A significant amount of this fund (collected through the cess) will also go to the states to build the agriculture infrastructure, which is very important and states will also get the benefit.

"There could be many areas like construction of warehouses, food processing facilities, and those could be covered under this programme. Once this cess is there, some more programmes could also be added," Pandey said at the *Indian Express* Idea Exchange. The cess has been imposed at different rates after reducing the customs duty of a number of items so that consumers are also protected.

With a more realistic picture emerging from farmers' enrolment data for the PM Kisan Samman Nidhi — only 10.5 crore have received the amount due after verification an income support of ₹6,000 per year, against the government's estimate of 14 crore — the government has brought down the allocation for the scheme to ₹65,000 crore, from the FY21 BE of ₹75,000 crore.

The government has also earmarked ₹900 crore for the ₹1-

ON TRACK OF AGRI REFORMS

- The govt expects to generate ₹30,000-35,000 crore from the agriculture infrastructure and development cess introduced in the Budget
- Areas like construction of warehouses and food processing units could be covered
- Govt has also earmarked ₹900 cr for the ₹1-lakh cr agri infra fund scheme

lakh crore Agriculture Infrastructure Fund scheme, under which credit will be disbursed at subsidised interest.

Minister for agriculture Narendra Singh Tomar had said last week in Rajya Sabha that the funds won't be a problem if more farmers are registered. So far, only 10.75 crore farmers have been registered under the scheme despite best efforts of the government, even as the target is to cover as many as 14 crore land-owning farmers. The Centre directly transfers ₹6,000/year in three equal instalments into the bank accounts of PM-Kisan beneficiaries.

The funds for the flagship Pradhan Mantri Kisan Sampada Yojana of the food processing industries ministry has also been reduced by 35% to ₹700 crore for FY22.

Gadkari launches India's first CNG tractor

PITCHING FOR PROMOTING clean fuel in India, Union minister Nitin Gadkari on Friday said there is a potential for setting up at least 5,000 bio CNG manufacturing units in India.

Launching India's first-ever diesel tractor, converted to CNG

and registered in his name, road transport, highways and MSMEs minister Nitin Gadkari also said that not only it will change the rural economy but result in huge employment creation.

"The government is trying to set up multiple bio CNG manu-

facturing units in India. The petroleum ministry is making plans to buy bio-CNG. There is huge employment opportunity in this area... The technology is proven. There is a potential of 5,000 bio CNG manufacturing units in India," he said. —PTI

BofA eyes zero greenhouse gas emissions before 2050

BUILDING ON BANK of America's longstanding support for the Paris Climate Agreement, the company on Thursday outlined initial steps to achieve its goal of net zero greenhouse gas (GHG) emissions in its financing activities, operations and supply chain before 2050.

BofA continues to actively engage with its clients to help accelerate their own transitions to net zero, and it plans to establish interim science-based emissions targets for high-emitting portfolios, including energy and power.

In addition, it released its broader 2030 operational and supply chain goals as part of a holistic commitment to environmental sustainability. "It is critical that we leverage all parts of our business — beyond our direct operations — in order to accelerate the transition to a net zero global economy," said BofA vice-chairman Anne Finucane, who leads the company's environmental, social and governance, sustainable finance, capital deployment, and public policy efforts. "We recognise that this will be no easy task, but we believe our commitment will help spur the growth of zero carbon energy and power solutions, sustainable transportation and agriculture, and other sector transformations, while generating more climate-resilient and equitable opportunities for our future."

BofA achieved carbon neutrality in its operations in 2019, a year ahead of schedule, and increased the number of vendors that measure and publicly report GHG emissions through the CDP Supply Chain survey. It has now established the next set of targets for its operations and supply chain to be achieved by 2030. —FE BUREAU

IIP grows 1% in Dec; inflation cools to 16-month low of 4.06% in Jan

PRESS TRUST OF INDIA
New Delhi, February 12

INDICATING SOME SIGNS of recovery, industrial production recorded a positive growth of 1% in December while retail inflation cooled to a 16-month low of 4.06% in January, providing some leeway to RBI to cut interest rate to boost consumption.

Industrial production entered the positive territory after a month, mainly due to better performance of the manufacturing sector, official data showed on Friday.

The manufacturing sector — which constitutes 77.63% of the index of industrial production (IIP) — recorded a growth of 1.6% in December 2020.

Mining sector output declined by 4.8%. However,

power generation grew by 5.1%. The IIP had grown by 0.4% in December 2019.

Consumer durables output surged by 4.9%, compared to 3.41% in December, revealed the data released by the National Statistical Office (NSO).

"Food prices have displayed a mixed trend so far in February 2021. The rise in onion prices, as well as higher crude oil prices and their transmission into retail fuel prices are areas of concern that need to be monitored," said Aditi Nayar, principal economist, ICRA.

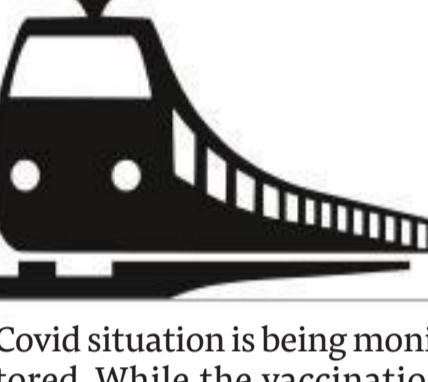

tion based on the Consumer Price Index (CPI) has remained within the target range of RBI which is 4% (+/- 2%).

The retail inflation stood at 4.59% in December 2020 and 7.59% in January 2020. The previous low for retail inflation was in September 2019 at 4%.

The rate of price rise in the food basket was 1.89% in January this year, significantly down from 3.41% in December, revealed the data released by the National Statistical Office (NSO). "Food prices have displayed a mixed trend so far in February 2021. The rise in onion prices, as well as higher crude oil prices and their transmission into retail fuel prices are areas of concern that need to be monitored," said Aditi Nayar, principal economist, ICRA.

Rlys may open up all passenger services in April

FE BUREAU
New Delhi, February 12

THE GRADED INCREASE in passenger train services may lead to a full resumption of all passenger train operations from April 1, 2021, in view of the festive season.

Railways suspended all passenger trains in March 2020 following the national lockdown to combat Covid-19 pandemic. The Railways have been increasing the number of train services over the past few months with more than 65% trains now running across the country. More than 250 were added in January 2021 alone and more trains will be added gradually.

Commerce & industry and railways minister Piyush Goyal had earlier this month said that normal train services will be decided upon in consultation with other stakeholders as by 2030. —FE BUREAU

Covid situation is being monitored. While the vaccination drive has gathered momentum, there was need to adhere to precautions and preventions, the minister said.

"There is no such given date. All factors need to be considered and inputs of all stakeholders must be factored in before taking a decision in this regard," a railway spokesperson told FE.

The decision will cover all types of trains including general, Shatabdi and Rajdhani. Almost all suburban or metro trains have also come back on track.

At present, 704 local trains

are running on the Western Railway route in Mumbai, through which, 3.95 lakh passengers are traveling. At the same time, 706 local trains are being run on the Central Railway route, in which about 4.57 lakh people are travelling.

Meanwhile, anticipating a larger passenger flow, the Indian Railway Tourism and Catering Corporation has upgraded its user interface and equipped its payment gateway "i-Pay" with "AutoPay" feature which ensures higher reliability of ticket booking and reduces the user's time in keying in the payment instrument details. This feature will

be added gradually.

"There is no such given date. All factors need to be considered and inputs of all stakeholders must be factored in before taking a decision in this regard," a railway spokesperson told FE.

The decision will cover all types of trains including general, Shatabdi and Rajdhani. Almost all suburban or metro trains have also come back on track.

At present, 704 local trains

From the Front Page

Budget: Will help the poor, will spur growth, says FM

SITHARAMAN ALSO countered the allegation that the Budget estimates are "suspect". In fact, it was the UPA government that had resorted to issuing special bonds worth tens of thousands of crores, in lieu of cash subsidies, to oil-marketing companies, fertiliser firms and to FCI, she pointed out. On the contrary, the latest Budget has transferred below-the-line food subsidy (routed through FCI) to above-the-line in the interest of transparency. The sharp 34.5% rise in FY22 capex from the budget estimate of FY21 (26.2% from the revised estimate for FY21) is also based on credible numbers, and not engineered through statistical artefact, she insisted.

"We are looking at medium-term, long-term sustainable growth, which will enable India to remain one of the fastest-growing economies in the world," she added.

Countering the notion that the government is "pro-rich", Sitharaman said, in the wake of the pandemic, as many as 800 million people were provided free grains; free cooking gas was supplied to 80 million people; and cash was directly given to 400 million people, including farmers, women, the differently-abled and the poor. She, however, asserted that the government does appreciate the contribution of wealth creators.

"Over 1.67 crore houses were completed under the PM Awas Yojana. Is it for the rich? Over 2.67 crore households got electrified under the PM Saubhagya Yojana since October 2017. The total value of orders placed on the government's e-market-place is ₹8,22,077 crore. Are they being given to big companies? They are being given to MSMEs," she pointed out.

As many as 69 crore farmers are registered on e-NAM portal. UPI transactions touched 3.6 lakh crore from August 2016 till January 2020, helping the middle class and small traders. About nine crore farmers are registered under the PM Fasal Bima Yojna and

Franklin schemes: E-voting process gets nod from SC

THE APEX COURT had on February 2 and February 9 entrusted SBI Funds Management, to carry out the exercise for disbursing ₹9,122 crore to the investors of the six schemes in proportion to their respective interest in the assets of the scheme within 20 days. The SC had also approved the distribution plan submitted by the SBI Funds, which sought protection from any liability arising from such distribution exercise and wanted to rely solely on the data/amounts provided by FT for effecting the distribution.

However, the judges on Friday observed that SBI Funds "shall follow the best effort principle so as to ensure expeditious and timely payment to the unitholders and assure the best possible liquidation value of the assets/securities to the unitholders.

The issue with regard to interpretation of the Sebi

regulations governing winding up is yet to be examined.

The Karnataka High Court in its judgment on October 24 had expressed disappointment over ambiguities in the market regulator's rules.

Franklin Templeton had appealed against the Karnataka HC's order that asked the fund house to obtain the consent of the unitholders of the six debt mutual fund schemes that it proposed to wind up.

While upholding Franklin's decision to shut down six of its debt schemes, the HC said that "the decision of the trustees to wind up the six schemes is not interfered by the court subject to it obtaining consent from the unitholders."

The HC had also restricted the asset management company and trustees from taking on any fresh borrowings in the six debt schemes.

asked to take down 1,178 accounts with links to Pakistan and Khalistan supporters that were spreading misinformation and provocative content related to farmers' protest.

Prior to that, the government had sought blocking of 257 tweets and handles in connection with the agitation by farmers over the new agricultural laws. Twitter had complied with the orders only to restore the accounts hours later.

Twitter on Wednesday morning had said it has suspended over 500 accounts and blocked access to several others within India, but maintained that it would not block accounts of "news media entities, journalists, activists and politicians" as doing so "would violate their fundamental right to free expression" guaranteed under the country's law.

It, however, yielded to the orders later after the crucial meeting on Wednesday evening.

India must return to high growth, fast. Does the Budget help?

Vaccines worth ₹338 cr exported so far, says Goyal

PRESS TRUST OF INDIA
New Delhi, February 12

INDIA'S EXPORTS of the Covid-19 vaccine stood at around ₹338 crore till February 8, commerce and industry minister Piyush Goyal said in the Rajya Sabha on Friday.

The exports include grant of the vaccine doses to friendly countries and commercial shipments. Replying to supplementary questions in the House, Goyal said exports of the vaccine started in January.

India is taking care of the domestic vaccine requirement first and based on that "giving vaccines to friendly countries," he said. "Total export is about ₹338 crore worth of Covid-19 vaccine," the minister said.

Goyal said exports of the Covishield vaccine manufactured by Serum Institute of

Equalisation levy worth ₹1,492 cr collected till Jan

PRESS TRUST OF INDIA
New Delhi, February 12

THE GOVERNMENT COLLECTED ₹1,492 crore as equalisation levy between April 1, 2020 and January 30, 2021, Parliament was informed on Friday.

In a written reply to the Rajya Sabha, Minister of State for Commerce and Industry Hardeep Singh Puri said the equalisation levy collection stood at ₹338.6 crore in 2016-17, ₹589.4 crore in 2017-18 and ₹938.9 crore in 2018-19. The collection was ₹1,136.5 crore in 2019-20 and ₹1,492.7 crore in 2020-21 (up to January 30).

Equalisation levy was first introduced by Finance Act,

2016, at the rate of 6% on payments for digital advertisement services received by non-resident companies without a permanent establishment in India, if these exceeded ₹1 lakh a year.

Puri also said the US has put out investigation reports on Digital Services Tax (DST) against three countries – India, Italy and Turkey – on January 6. The findings are that the DST in these countries discriminates against US companies. To a query on whether the government is taking steps to remedy the concerns raised, Puri said "such issues are a part of an economic relationship, and feature in the regular bilateral engagements between India and the US".

Twitter to add more labels to govt leaders' accounts

PRESS TRUST OF INDIA
New Delhi, February 12

TWITTER HAS SAID it will add labels to identify more government leaders and associated institutions from the next week to provide people with context to what they see and have a "more informed experience" on the microblogging platform.

Twitter said the roll-out will begin in Canada, Cuba, Ecuador, Egypt, Germany, Honduras, Indonesia, Iran, Italy, Japan, Saudi Arabia, Serbia, Spain, Thailand, Turkey, and the United Arab Emirates from February 17. India, however, was not on the list.

In August last year, Twitter had expanded account labels to

two additional categories – the accounts of key government officials and those belonging to state-affiliated media entities. This also included accounts from countries represented in the five permanent members of the UN Security Council (China, France, Russia, the UK, and the US).

"After receiving feedback on this initial action from a range of stakeholders – including civil society, academia, and

those who use our service – on Wednesday, February 17, we will expand these labels to accounts from Group of Seven (G7) countries, and to a majority of countries that Twitter has attributed state-linked information operations to," Twitter said in a blogpost on Thursday.

It added that these labels will also be applied to the personal accounts of heads of state for these countries.

"The immediate next phase will be to apply these labels to state-affiliated media entities of these phase two countries. Beyond this, we will continue expanding labels to additional countries over time and look forward to providing additional updates as those plans

take shape," it said.

Twitter has been facing flak over the past few weeks for accounts and posts with provocative content and misinformation around farmers' protest. The government had issued a stern warning to the microblogging platform to comply with local laws or be prepared for action.

According to sources, Twitter has blocked more than 97% of the accounts and posts flagged by the IT ministry.

In its latest blogpost, Twitter said labels will be added to verified accounts of key government officials, including foreign ministers, institutional entities, ambassadors, official spokespeople, and key diplomatic leaders.

Farm laws will bring investments, technology, create jobs: Pradhan

PRESS TRUST OF INDIA
New Delhi, February 12

UNION PETROLEUM MINISTER Dharmendra Pradhan on Friday said the new farm laws will bring investments, new technologies and create employment.

Addressing a gathering organised by BJP's youth wing to highlight salient features of the Budget, Pradhan said the Rural Infrastructure Development Fund of ₹40,000 crore will open new doors for agrarian development.

Ather Energy to invest ₹635 cr in next 5 yrs at mfg facility

HERO MOTOCORP-BACKED electric two-wheeler maker Ather Energy on Friday said it would invest ₹635 crore in the next five years at its manufacturing facility in Tamil Nadu to scale up production. The company, which began operations from the factory in Hosur, from January 2 this year, has achieved 90% localisation of parts, including battery pack which is made in-house, Ather Energy said in a statement. The plant has an annual capacity of 1.1 lakh scooters and 1.2 lakh battery packs.

Voltas Q3 profit jumps 46% at ₹129 cr

TATA GROUP COMPANY Voltas on Friday reported 46.26% increase in consolidated net profit at ₹128.64 crore for December quarter 2020-21. The company had posted a net profit of ₹87.95 crore in the same quarter last fiscal year. Voltas said in a regulatory filing. Total income stood at ₹2,046.26 crore, up 32%.

Future Enterprises Q3 net loss at ₹295 crore

FUTURE ENTERPRISES ON Friday reported a consolidated net loss of ₹294.95 crore for the third quarter ended December 31, 2020. The company had logged a net profit of ₹12.06 crore in the year-ago period. Future Enterprises (FEL) said in a BSE filing. Revenue from operations was down 68.71% to ₹459.23 crore from ₹1,467.81 crore.

Morepen Labs Q3 net profit rises to ₹23.79 cr

DRUG FIRM MOREOPEN Laboratories on Friday reported an over two-fold jump in its consolidated net profit to ₹23.79 crore for the quarter ended December. The company had posted a net profit of ₹10.81 crore for the corresponding period of the previous fiscal. Morepen Labs said in a filing to BSE.

TAFE launches Dynatrack series for agri, haulage

CHENNAI-BASED TRACTOR major Tractors and Farm Equipment, manufacturer of Massey Ferguson tractors has launched its new Dynatrack series — an advanced range of tractors. The new series is designed to deliver good mileage, durability and comfort while its hydraulics system moves the tractor to the top of its segment by offering superior lift capacity, productivity and speed.

M&A deal activity in 2020 jumps 33% to \$36.9 bn: Grant Thornton

DEALS CUT BY Mukesh Ambani-led Reliance Industries helped overall merger and acquisition (M&A) activity grow 33% in 2020 to \$36.9 billion, a report said on Friday.

The number of deals came down to 357 from the 443 in 2019, indicating a surge in average ticket sizes, the report by advisory firm Grant Thornton said.

It pointed to the combined \$10.1 billion stake buy in Reliance Jio by Facebook and Google as an illustrative case.

The year also saw nine other deals value over \$1 billion each, it said, adding that the top deals accounted for nearly two-thirds of the overall activity.

There were 35 deals of over \$100 million but under \$1 billion, down from 47 in the year-ago period, it said.

Cross-border deal volumes fell 19% compared with the previous year but the

Amazon to integrate Pantry and Fresh services in India

The development comes amid the Covid-led growth in online grocery

FE BUREAU
New Delhi, February 12

AMAZON'S GROCERY OFFERINGS

Pantry and Fresh will now operate as a single service, the company said on Friday. To begin with, customers in Delhi, Ahmedabad, Bengaluru and Mysore will be able to avail the benefits of the integrated store. So far, Pantry and Fresh operated as separate stores within the broader marketplace.

The strategy is to offer consumers the convenience of Fresh's swift delivery and Pantry's better product deals at one go. Pantry fulfills non-perishable grocery orders while Fresh delivers perishables and other regular grocery items to users. "Customers love the 2-hour convenience of Fresh for daily grocery and unmatched Pantry savings when they shop for dry grocery. We are excited to integrate these services in a single online grocery store thus allowing customers to enjoy unmatched convenience and value," said Siddharth Nambiar, director, category management at Amazon India.

The development comes amid the Covid-led growth in online grocery. Households that typically subscribed to neighbourhood kirana stores for grocery shopping signed up for e-grocery services during the pandemic. There was an

expected 1.5 to 1.6 times increase in households that made online grocery purchases in May 2020 compared to the beginning of the year, analysts at consulting firm RedSeer said.

Rival Grofers claims to have acquired 18 lakh new customers during the lockdown and managed to retain more than 70% of those who used the platform in the first month of the pandemic. New customers for BigBasket increased by as much as 84% compared to the pre-Covid levels.

Given that the reach of online grocery is still nascent, analysts reckon there is enough room to grow. Not surprisingly, companies are rolling out consumer-friendly business propositions to attract new users.

Amazon said that in the coming months, the integrated service will be rolled out in all other cities where Fresh is available. Fresh is present in nine cities currently. In the remaining locations, customers will continue subscribing to Pantry. Customers can choose from a selection of a wide range of categories in the combined store including fruits and vegetables, frozen and chilled products, dry grocery items, beauty, baby, personal care and pet products, while having the convenience of two hour delivery slots from 6 am to midnight, the company said in a statement.

RedSeer estimates the size (in terms of GMV) of the e-grocery market to jump manifold to \$18.2 billion by 2024 from \$1.9 billion in 2019.

Subscriber additions for Disney+ Hotstar account for 30% of Disney+ global subscriber base

FE BUREAU
New Delhi, February 12

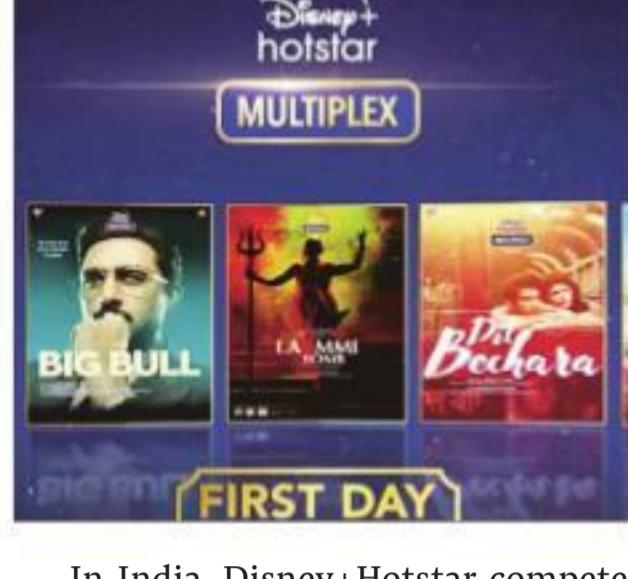

SUBSCRIBER ADDITIONS FOR Disney+ Hotstar continue to maintain a "strong growth trend". The paid users of the service make up nearly 30% of the global subscriber base of Disney+, The Walt Disney Company said on Thursday.

Disney+ had 94.9 million subscribers as of January 2, 2021. The share of subscribers for Disney+ Hotstar that operates in India and Indonesia is led by India.

Disney+ Hotstar, whose bouquet of premium sports content is a big draw for many consumers, did see a "bump up" in the number of subscribers during the commencement of the IPL (Indian Premier League) season, said senior executive vice president and chief financial officer Christine McCarthy, The Walt Disney Company while speaking at the firm's Q1FY21 earnings call.

Responding to whether there is a risk of churn when the IPL comes to an end, McCarthy said that although cricket is a very important part of the platform's programming strategy, the OTT service also offers a slew of other local content that consumers like to view. "...we've also made it economical for a consumer to sign up for a one-year subscription versus going month-to-month. So those are some of the things that we're looking at and utilising to mitigate the churn that one could expect from IPL," McCarthy said.

The average monthly revenue per paid subscriber for Disney+ Hotstar is significantly lower than that for Disney+. The company said that due to the launch of Disney+ Hotstar, the average monthly revenue per paid subscriber for Disney+ decreased from \$5.56 to \$4.03.

In India, Disney+ Hotstar competes with global players Netflix, Amazon Prime Video and a clutch of homegrown services including Zee5, AltBalaji and Voot Select. Disney had earlier said that Disney+ Hotstar will be enhanced with the addition of local programming and the strategy will be to grow with premium content for everyone. "We believe that content is the single biggest driver to not only acquiring subs, but retaining them," McCarthy said.

Analysts at Media Partners Asia estimate Indian OTT content investments to have reached \$700 million in 2020. With budgets for originals and local acquisitions trending upwards, OTT content costs are projected to grow at a CAGR of 18% between 2020-25 to reach \$1.6 billion.

Talking about the overall consumer engagement on Disney+, McCarthy said: "Any time we put a new piece of content, the engagement for people who know what the schedule of releases is, it's quite encouraging. So we believe we're going to reach that cadence of getting content on the service every week within the next few years". The company has set a daunting target for over 100 new titles per year.

QUARTERLY RESULTS

Embassy REIT Q3 net dips 15%; to invest ₹2,300 cr in projects

FE BUREAU
New Delhi, February 12

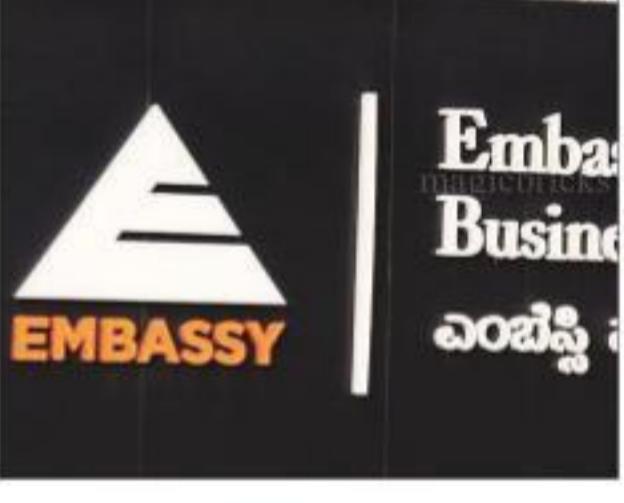

EMBASSY OFFICE PARK REIT on Friday reported a consolidated net loss of 15% year-on-year (y-o-y) at ₹215 crore for the October-December quarter this fiscal. The firm also declared a distribution of ₹431.3 crore for the quarter.

However, the company's consolidated revenue rose to ₹596 crore in Q3 FY21 from ₹563 crore in Q2 FY21 and ₹568 crore in Q3 FY20. Its Ebitda was up 12% y-o-y to ₹508 crore in Q3 FY21.

Embassy REIT declared a distribution of ₹431.3 crore for 3Q FY2021, which translates to a distribution per unit (DPU) of ₹4.55 for the December quarter on the expanded unit base of 947.89 million units, post the issuance of 176.23 million new units in December 2020 in connection with the acquisition of Embassy TechVillage.

The record date for the distribution is February 22, 2021 and the distribution will be paid on or before February 27, 2021, it added.

Embassy REIT CEO, Michael Holland said, "As India's outlook steadily improves with a continued downward trend in active Covid-19 cases and the encouraging progress on vaccine roll-

out, we remain optimistic that Indian office leasing demand will continue to increase as occupiers accelerate their return-to-work programmes".

The company also said that it will invest ₹2,300 crore over the next three years to develop 5.7 million sq ft of commercial space. Besides, it is exploring inorganic growth opportunities in cities like Bengaluru, Pune and Hyderabad.

On occupancy, Embassy REIT said that occupiers are implementing 'back to office' plans encouraged by the vaccine roll-out as 97% of occupiers and a daily average of around 20,000 employees operated from its properties in Q3 FY2021, up 27% since Q2 FY2021.

Sobha's Q3 FY21 net profit declines 72%, but posts best ever quarterly sales, price realisation

FE BUREAU
New Delhi, February 12

BENGALURU-BASED SOBHA on Friday reported a 72% year-on-year (y-o-y) decline in its consolidated net profit at ₹21 crore for the October-December quarter this fiscal. On a sequential basis, net profit was up 24%. However the real estate developer posted its best ever performances in terms of quarterly sales volume and average price realisation.

The company's consolidated revenue fell 23% y-o-y to ₹696 crore in Q3 FY21, however on a quarter-on-quarter (q-o-q)

The company's net debt stood at ₹2,975 crore in Q3 FY21 against a debt of ₹3,050 crore in Q2 FY21

basis, it rose 27% from ₹546 crore in Q2 FY21. It reported an Ebitda of ₹138 crore, up 8% q-o-q, and an Ebitda margin of 20%.

On the brighter side, Sobha achieved its best ever quarterly sales volume of 1.13 million sq ft (MSF) of super built up area valued at ₹888 crore. It also achieved an average price realisation of ₹7,830 per sq ft during Q3 FY21, its highest in the last 6 quarters, or two years.

The trend is sustainable backed by number of enquiries crossing the pre-Covid level, and a healthy conversion of enquiry-to-sales".

Sobha vice chairman and managing director, JC Sharma said, "We are happy to announce that we have achieved our best ever pre-sales performance during the quarter. Highest ever pre-sales volume has been achieved followed by higher price realisation witnessed during the recent quarters. This is due to the continued efforts during uncertain and tough operating environment. Digital marketing continues to play a crucial role and is yielding the expected results. We believe that the trend is sustainable backed by number of enquiries crossing the pre-Covid level, and a healthy conversion of enquiry-to-sales".

CRAFTING OPPORTUNITIES
Finance minister Nirmala Sitharaman
Over two thirds of this population are youth looking for opportunities. The Budget was aimed at not only giving relief packages but creating opportunities for employment

Give private sector a bigger role in vaccination

Merely partnering for storage/last-mile delivery won't help; allow firms to strike procurement deals with vaccine-makers

INDIA, THE HEADLINES would make it seem, has done admirably on Covid-19 vaccine-delivery efforts. It is, after all, the fastest country (at 26 days from vaccination roll-out) to have gotten to 7 million vaccinations; the US, the second-fastest, got to this figure in 27 days and the UK, in 48 days. However, India's pace is nowhere near enough, given it aims to inoculate 300 million in the priority group—healthcare personnel, frontline workers, the elderly and those with co-morbidities—by August. At the current rate, meeting this target will take over three years, let alone inoculating a significant chunk of the population within the next couple of years. Bear in mind, this is when we run the world's largest annual vaccination programme (the absolute number requiring vaccination for Covid-19 is significantly larger). The challenge for India is definitely greater given its vast numbers—it's 7.7 million inoculated (as on February 12) represent just 0.56 having received a vaccine dose among every 100 Indians, while the US's nearly 45 million and the UK's 14 million inoculated represent 13.6 and 20.4 vaccinated persons per 100 population, respectively.

While the government's digital vaccine management portal, Co-WIN, as per *Reuters*, can handle a peak of 10 million shots per day, the current pace being a fraction of that suggests the on-ground capacity lags the estimated potential at present. To the extent that the challenge is one of logistics and not supply, as vaccination progresses, the kinks can be worked out to hasten delivery. But merely adding private sector for last-mile services rather than opening up the market to the private sector for procurement, storage and delivery is hardly going to help step up capacity and overcome delivery hurdles. India also needs to quickly ensure that supply doesn't become a challenge, and key to that will be allowing the private sector, too, to strike deals with vaccine-manufacturers rather than relying solely on government-to-business procurement deals. Canada, whose purchase deals give it the largest per capita vaccine supply in the world, is struggling badly now; so much so that it is drawing from Covax, the WHO-led initiative that pools funds from wealthy nations to ensure access to vaccines for low-income countries as well as the contributing nations, in the first phase (Singapore and New Zealand, among a clutch of wealthy nations, have requested early access as well). Part of Canada's problem stems from manufacturing delays faced by Pfizer-BioNTech and Moderna—the two vaccines that have received authorisation for use in Canada. Another problem is that there have been demands from Europe to restrict exports of vaccines produced there (both Pfizer and Moderna are also producing in Europe). India being the top vaccine manufacturer may not see a supply problem, unless countries that have both government procurement and allow their private sector to procure move quickly to seal deals with Indian manufacturers. While vaccine diplomacy could pay rich dividends, the Centre needs to keep in mind that, though India has largely been spared the worst of the Covid-19 pandemic so far, there is an urgent need to vaccinate large parts of the population if the economy is to recover and emerge meaningfully safe from a future Covid threat.

Fight antibiotic resistance

Curb misuse in humans, monitor for overuse in farm animals

WITHOUT CONCERTED ACTION on antibiotic overuse, global health faces a significant threat from antimicrobial—specifically, antibiotic resistance—warns a new report from the Center for Disease Dynamics, Economics and Policy (CDDEP). Earlier, CDDEP researchers had warned that the world's antibiotic consumption could double from 2015 levels by 2030, sans policy intervention; for perspective, the use of antibiotics had shot up 65% from 2000 levels by 2015, and the WHO had already flagged antimicrobial resistance as a global health emergency by then. While there has been some progress on controlling antibiotic consumption in developed nations, the trend of increase in usage in low- and middle-income countries (LMICs), which shoulder the larger chunk of the burden of infectious diseases, and the Covid-19 pandemic threaten to undo much of these gains. The global consumption of antibiotics that the WHO labels as Watch—these are critical for humans, but have a significant resistance potential—has gone up by 90.9% since 2000, driven largely by a 165% increase in use in LMICs. And, now, evidence is emerging that Covid-19 has thrown a spanner, too; many early pharmaceutical intervention protocols against SARS-CoV-2, a virus, involved antibiotics (which are solely aimed at bacteria), apart from a range of existing antivirals, without any evidence of efficacy. In one multi-hospital study, nearly two-thirds of the Covid-19 received antibiotics, while only 3.5% of them had a confirmed concurrent bacterial infection—many others continued to be prescribed by doctors, outside of trials, not just as part of a treatment-line, but also as preventives!

Even if consumption doesn't increase as drastically as CDDEP envisaged over 2015 levels, there could be tectonic consequences for global health from present levels of consumption. For instance, India—it is one of the highest overall and per capita consumer of antibiotics—saw total use of antibiotics rise from 5,411 million daily defined doses (DDDs) in 2010 to 7,976 million DDDs in 2020, a nearly 50% increase over the period, with a 30% jump in per capita usage. No wonder, the country reports one of the highest rates of resistance for certain pathogenic bacteria—70% of the *Staphylococcus aureus* isolates in the country are methicillin-resistant and whopping 90% of the *Escherichia coli* isolates in the country are third-generation cephalosporin resistant. The problem is exacerbated by high levels of antibiotic usage in the farm sector; for instance, both ampicillin and tetracycline report a 16.5% resistant-isolate proportion for *Salmonella* (which causes typhoid) among animals reared for human consumption—and infected poultry is a common route of transmission.

Every year, nearly 60,000 newborns in the country die of sepsis caused by microbes resistant to first-line antibiotics. Read against the number of antibiotic preventable deaths, India's growing antibiotic-resistance problem brings out the twin-issue of overuse and lack of access starkly. Fixing this will need plugging many gaps, spanning multiple focus-areas for policy. Not only greater vaccine coverage for preventable infections, but also ensuring sanitation access and proper effluent (household, industrial and farm) management is called for. The government also needs to quickly adopt farm antimicrobial usage monitoring. But, no solution will come about till the time overuse/improper use (underdosing, missed doses, etc) is curbed among humans.

Ceding CONTROL

Law ministry does well to strike down education ministry order on dismissing IIM board

THE LAW MINISTRY has done well to strike down the education ministry's proposal to be empowered to initiate an inquiry under Article 38 of the IIM Act and dismiss the board of governors of an IIM if they are found acting in contravention of the Act. However, the fact that education ministry invoked such a rule is a red-flag; it signals that the government is loath to give up control of central institution. While the IIM Act was passed in 2017, and the government tampered the provisions on autonomy, it would all be reduced to a sham if such orders are passed and given effect. Bear in mind, the education ministry's move comes at a time when the government has been patting itself on the back over the new national education policy, which recommends granting more autonomy to top institutes and has been very well-received by education sector experts.

In this case, the background was the tiff between the government and a few IIMs over the grant of an MBA degree for a one-year course. While the UGC regulations require that any masters degree needs to be at least two years, the IIMs contended that they were not bound by UGC rules given they were autonomous. Although the IIMs have received a breather with the law ministry's veto, other central institutions/universities will still be under the government's shadow. Bureaucratic handling is, in part, a reason for India's consistently poor showing in global university/higher education institution rankings. Last year, the government had written to all IIMs, IITs and Indian Institutes of Science Education and Research to implement reservation in faculty appointments. While the prime minister has been categorical about 'minimum government', the afferent IIM shows action needs to meet intent.

The scheme will be implemented through two models. In Model 1, existing government-funded (central and State) vacant houses will be utilised by converting them into ARHCs administered in the PPP mode or through public agencies, which will operate them for a concession period of 25 years. In Model 2, public/private entities will construct, operate and maintain ARHCs on their own available vacant land for a period of 25 years. In order to secure the interest of intended beneficiaries, ARHCs projects will have a mix of single-bedroom houses with living area, kitchen, toilet and bathroom and dormitories. It will also provide for the construction of—subject to a cap of one-third of all dwelling units in the project—double-bedroom units with living area, kitchen, toilet and bathroom, to address the requirement of those with families.

ARHC has been designed after a series of consultations with stakeholders and is a win-win proposition for both the urban migrants as well as private entities. It will attract investment and entrepreneurship to the rental housing sector. The government has extended the benefit of project finance credit facility at a lower interest rate through a concessional window by inclusion of ARHC in the harmonised master list as an infrastructure sub-sector. Further, with RBI permitting the issue of long-term bonds by banks for financing of infrastructure and affordable housing, long-term project loan requirements for this segment at a lower interest rate will be facilitated. Entities can also avail loans at lower rates from banks under priority sector lending or from housing finance

Benefits extended to the affordable rental housing segment in the Budget will prove key to dignified living for migrant workers in cities

through two models. In Model 1, existing government-funded (central and State) vacant houses will be utilised by converting them into ARHCs administered in the PPP mode or through public agencies, which will operate them for a concession period of 25 years. In Model 2, public/private entities will construct, operate and maintain ARHCs on their own available vacant land for a period of 25 years. In order to secure the interest of intended beneficiaries, ARHCs projects will have a mix of single-bedroom houses with living area, kitchen, toilet and bathroom and dormitories. It will also provide for the construction of—subject to a cap of one-third of all dwelling units in the project—double-bedroom units with living area, kitchen, toilet and bathroom, to address the requirement of those with families.

ARHC marks a strategic shift from ownership-based intervention to a rental-based social housing scheme, and corrects the historical negligence of the vital productive force of migrants. The beneficiaries of ARHCs will be varied groups of urban migrants and poor, including industrial and construction workers, migrants working with market/trade associations, educational/health institutions, hospitality sector, long-term tourists/visitors, students or any other category as deemed fit by the states/UTs.

The scheme will be implemented through two models. In Model 1, existing government-funded (central and State) vacant houses will be utilised by converting them into ARHCs administered in the PPP mode or through public agencies, which will operate them for a concession period of 25 years. MAPPING RISKS
BUSINESSES WANT TO KNOW EXACTLY WHEN AND WHERE THEY'RE EXPOSED. SCIENTISTS SAY THEIR MODELS CAN'T PROVIDE SUCH SPECIFIC INFORMATION

Hard to pinpoint climate risks

KATE MACKENZIE
Bloomberg

about most—are by nature rare and thus harder to get a good sample size from historical data. Another challenge is accounting for the many intricate features of the globe: landmasses, ice sheets and mountains, all of which affect local weather patterns but make the models—some of which take months on a supercomputer to produce a single simulation—more cumbersome.

Then there's "climate variability." These are natural climate patterns that are longer than weather events, making it harder to detect the "fingerprint" of global warming. These variations are one reason that climate model projections are very robust for the year 2070 or 2100, but not so much for 2025 or 2030—which is the outer limit for many investors and businesses.

On climate scales, hurricanes are tiny, ephemeral things even though they wreak considerable humanitarian and financial devastation. This is why, even though physics tells us that warmer air and oceans will likely make them worse, United Nations reports will use phrases like "medium confidence" when discussing the possibility of increasingly intense storms.

Most companies that offer climate risk analytics aren't claiming that they'll solve all your hazard problems. But it's a hot market right now. Companies are scrambling to report their physical climate risk, in part because initiatives like the Taskforce on Climate-related Financial Disclosures set

expectations around that metric. Regulators are also demanding more information. The Bank of England has alluded to wanting a "high degree of geographic granularity" when it stress tests financial institutions later this year, while US Federal Reserve officials have talked about the need for geospatial locations of assets in relation to climate risk.

The allure of combining climate science with other technologies like big data, artificial intelligence and satellite imaging is compelling. Venture capitalists are already backing several startups that do so.

For scientists who spent their careers trying to develop more robust projections, it's frustrating to see their efforts misconstrued and even misused at times. Instead of "climate risk analysts," our paper proposes "climate translators."

Think of them as something similar to professional weather forecasters who can translate numerical weather predictions into useful information for non-experts.

Some existing climate risk analysts say that's exactly what they're doing, but client expectations can be unrealistic.

Karl Mallon started Climate Risk Pty Ltd in Australia in 2006 and is now the chief technology officer at physical risk specialists XDI. I met him seven years ago, when the phrase "climate change" was under attack from some of the country's state and federal govern-

ment agencies. Today, his services are more in demand than ever.

One of the biggest challenges, he says, is hurried clients who are unable to differentiate between the very different levels of analytic sophistication. "We've been offered project fees that don't even cover the cost of firing up the cloud servers, but someone did the job. And that becomes their disclosure," says Mallon.

Top-level analysis costs money, and the companies that can do it the best aren't going to work for free.

"The private sector isn't there to produce public goods," says Bob Kopp, a professor at Rutgers University and a co-director of the Climate Impact Lab—part of a research collaboration with Rhodium Group. (Rhodium, an independent research firm, has used approaches developed by the Lab to provide climate risk analytics to partners including BlackRock Inc.) "But everyone in our society is impacted by climate change, and often times the poor more so than the rich."

Instead, Kopp proposes that the US use a model based on land grant-funded universities that would support climate translation at a local level, similar to the way many US state universities collaborated with the agriculture and manufacturing industries in the early 20th century.

What might look like the growing pains of a niche financial analysis industry, or a rarefied debate over complicated models, reflects the devastating failure of governments around the world who have not taken the climate crisis anywhere near as seriously as warranted. That means not just cutting emissions rapidly, but helping prepare people for changes in the climate, even at the current levels of warming. We should already have legions of climate translators to augment the public good that is climate models; in their absence it was inevitable that businesses would try to take matters into their own hands.

LETTERS TO THE EDITOR

Probing the origin of SARS CoV-2

AMRIT ABHIJAT
Mission director, Pradhan Mantri Awas Yojana (Urban)

Initially, China was against any probe of the SARS CoV-2 outbreak on its soil. It is clear that the World Health Organisation (WHO)'s recent investigation to find the origin of pandemic was not carried out in the best of circumstances, and there is room for a lot of suspicion. WHO's conclusion in this matter will always remain a big question mark. Actually, the timing of the fact-finding mission casts doubts, as it has been carried out as per Chinese convenience including investigation itinerary. It seems the whole investigation was carried out under the dragon's direction. Citing health reasons, the team led by WHO was not given free hand in its fact-finding proceedings. Had China been truly transparent and the WHO been given a fair opportunity to unearth the origin of the coronavirus at a time the deadly virus is undergoing mutations across the globe, it would have placed the entire world in a more safer position.

— V Nagendra Kumar, Hyderabad

Uttarakhand tragedy

We continue to be in the dark over the fate of 37 workers trapped in the Tapovan hydropower plant tunnel following the snow avalanche triggered flash floods. Rescue teams have been clearing sludge and debris from the main project tunnel from the past four days but could not reach the T-junction housing the trapped workers. With two more bodies recovered from the watery grave, the toll in the accident rose to 36. Our hearts go out to the trapped workers and their families, and one hopes their travails end soon.

HUAWEI CHIP SHORTAGES

Cristiano Amon, Qualcomm's incoming CEO

US sanctions against China's Huawei Technologies Co. may help alleviate a global shortfall in semiconductor supply. If Huawei's in-house chip unit HiSilicon can't get its designs manufactured, the company may order more chips from other providers.

Quick View

UN rights envoy and US urge sanctions for Myanmar

THE UNITED NATIONS human rights investigator for Myanmar on Friday urged the UN Security Council to consider imposing sanctions and arms embargoes, as 300 elected Myanmar lawmakers urged investigations into the military's seizure of power. The US, which imposed its own sanctions on Thursday, took the floor at the Human Rights Council to urge other UN member states to follow suit.

Goldman Sachs creates JV for auto tech deals

GOLDMAN SACHS GROUP is creating a joint venture in its investment bank focussed on catering to auto technology clients like Tesla and the new class of companies. The bank named San Francisco-based technology banker Chris Buddin and New York-based industrial banker Fausto Monacelli as the co-heads of the autotech effort. The venture formalises a deal between Goldman's industrial and technology, media and telecommunications teams that had been collaborating on deals for years, David Friedland, head of America's cross-markets group, said.

BBC World News barred in mainland China

Beijing, February 12

CHINA BARRED BRITAIN'S BBC World News from its television networks on Friday and Hong Kong's public broadcaster said it would stop relaying BBC World Service radio, a week after Britain revoked Chinese state television's broadcast licence.

China's National Radio and Television Administration said BBC World News' reports on China had "seriously violated" a requirement to be "truthful and fair", harmed China's interests and undermined national unity.

Radio Television Hong Kong (RTHK), the publicly funded broadcaster in the former British territory, said it was suspending the relay of BBC radio news programming.

The Foreign Correspondents' Club of China (FCCC) said it appeared that China was trying to force foreign media to follow the Chinese government line, while China's embassy in London accused the BBC of "relentless fabrication".

RTHK's Radio 4 (R4) station had carried BBC World Service radio for eight hours each night and the R1 station had carried a one-hour BBC programme once a week.

The private Hong Kong platforms Cable TV and Now TV were still carrying BBC World News as of Friday. Before the ban, BBC World News had not been included in most TV packages in mainland China, but had been

IMPEACHMENT TRIAL

Trump team on stage after Democrats' presentation

Stipulating to horrors of the day is meant to blunt the visceral impact of the House Democrats' case

ASSOCIATED PRESS
Washington, February 12

AFTER A PROSECUTION CASE rooted in emotive, violent images from the Capitol siege, Donald Trump's impeachment trial shifts on Friday to defence lawyers prepared to make a fundamental concession: The violence was every bit as traumatic, unacceptable and illegal as Democrats say.

But, they will say, Trump had nothing to do with it.

Stipulating to the horrors of the day is meant to blunt the visceral impact of the House Democrats' case and quickly pivot to what they see as the core — and more winnable — issue of the trial: whether Trump can be held responsible for inciting the deadly January 6 riot.

The argument is likely to appeal to Republican senators who themselves want to be seen as condemning the violence without convicting the president.

"They haven't in any way tied it to

Security video is shown to senators as House impeachment manager Rep. Eric Swalwell, D-Calif., speaks during the second impeachment trial of former President Donald Trump in the Senate at the US Capitol on February 10. PHOTO: AP

Trump," David Schoen, one of the president's lawyers, told reporters near the end of two full days of Democrats' arguments aimed at doing just that. He previewed the essence of his argument on Tuesday, telling the Senate jurors: "They don't need to show you movies to show you that the riot happened here. We will stipulate that it happened, and you know all about it."

In both legal filings and in arguments earlier in the week, Trump's lawyers have made clear their position that the people

responsible for the riot are the ones who actually stormed the building and who are now being prosecuted by the Justice Department.

Anticipating defence efforts to disentangle Trump's rhetoric from the rioters' actions, the impeachment managers spent days trying to fuse them together through a reconstruction of never-been-seen video footage alongside clips of the president's months'-long urging of his supporters to undo the election results.

Democrats, who wrapped their case on Thursday, used the rioters' own videos and words from January 6 to pin responsibility on Trump. "We were invited here," said one. "Trump sent us," said another. "He'll be happy. We're fighting for Trump."

The prosecutors' goal was to cast Trump not as a bystander but rather as the "inciter in chief" who spent months spreading falsehoods and revving up supporters to challenge the election.

In addition to seeking conviction, they also are demanding that he be barred from holding future federal office.

Trump, they said, laid the predicate for the attack by stoking false claims of fraud, encouraging supporters to come to Washington and then fanning the discontent with his rhetoric about fighting and taking back the country.

**CAR VALENTINE**

Rakesh Srivastava, MD, Nissan Motor India

The Magnite SUV has had an overwhelming customer response; they love it and in gratitude of their wait, we have introduced a Valentine programme (a lucky draw for buyers, with 100 winners each month and one buyer eligible for 100% cashback on ex-showroom price).

MOTORCYCLE REVIEW: NEW ROYAL ENFIELD HIMALAYAN

More capable, more comfortable

The Himalayan gets the navigation app, new seat, carrier, and is more comfortable to ride

VIKRAM CHAUDHARY

THE HIMALAYAN IS a unique motorcycle. It allows both seasoned riders as well as enthusiasts to 'do more' with just one motorcycle—it's a machine that one can take to the Himalayas or to the corner grocery store with equal ease.

On Thursday, Royal Enfield made riding it a bit easier.

What are the changes?

It gets three new colours—black, silver and green—in addition to the existing three (red, blue and grey). While there are no major changes to the basic design, there are some functional ones.

One, improved seat cushioning: The seat now appears a bit more firm, and while I rode it for a short distance, it seems long rides could be more comfortable on this new model.

Two, new windscreens design: Royal Enfield says the design helps keep the wind off the rider.

Three, new rear carrier: It comes with an additional plate that makes it easier to secure luggage. The rear carrier's height

While the display is clear, during twilight/low-light conditions the bright white light of the trip computer as well as the Tripper tends to dazzle the rider's eyes

has also been marginally reduced, making it easier to mount the motorcycle.

Four, readjusted front rack: The rider faces minimal interference around the

legs while riding.

Five, the Tripper: It gets a navigation system called the Tripper. It's powered by Google Maps and the Royal Enfield app

that connects a smartphone with the motorcycle. The Tripper shows driving directions on a digital display via a pod next to the trip computer.

How does the Tripper work?

You have to download the Royal Enfield app, activate Bluetooth on phone, and switch on the ignition key. Once connected, a Royal Enfield logo in red will pop up on the app, and as you connect it, it will turn green.

Now, let's say, you want to go to a particular restaurant, so you can put that as a destination and the app will give you a selection and you have to hit navigate—just like on Google Maps.

Next, the pod will show you turn-by-turn directions. The display is bright, and even under harsh sunlight you can easily see the directions. However, during twilight or low-light conditions, the bright white light of the trip computer as well as the Tripper tends to dazzle the rider's eyes; I couldn't really find a way to reduce the intensity of that light.

Royal Enfield has also introduced the Make-It-Yours (MIY) tool on the Himalayan, making it possible for customers to personalise it to their taste before taking delivery.

With these changes, the price has also marginally increased, and the new Himalayan is priced ₹2,01,314 (ex-showroom). The engine remains the same—411cc (24.5bhp and 32Nm).

CRAFTED IN INDIA

The new Jawa 2.1 launched

FE BUREAU

ON FRIDAY, CLASSIC LEGENDS launched the Jawa 2.1—essentially three new colour schemes with 'classic sports' stripes, alloy wheels, tubeless tyres and trip meter as standard fitment (and fly-screen and headlamp grille as accessories) on the Forty Two model.

The motorcycle is priced ₹1,83,942 (ex-showroom, Delhi).

Ashish Singh Joshi, CEO, Classic Legends, said, "Last year saw us coming up with the BS6 versions. We didn't stop at that and outdid ourselves with bettering the performance and feel of our motorcycles, calling it the 2.1. We have made the exhaust note throatier and even more alluring, enhanced the seat and fine-tuned the cross-port engine for added punch."

He added that Jawa riders have used the Forty Two as a canvas to express their creativity. "Inspired by that, we have added three new colour schemes with 'classic sports' stripes, alloy wheels, tubeless tyres and trip meter as standard fitment and fly-screen and headlamp grille as accessories," he added.

The new colour scheme: These are red, white and black, and a grey classic sports stripe

also runs across the length of the motorcycle.

It rides on 13-spoke alloy wheels, shod with tubeless tyres; the bar-end mirrors are finished in black. The motorcycle also comes equipped with a trip meter now.

The company claims that the seat has been redesigned and cushioning reworked for better rider comfort. The suspension and frame setup has also been retuned to result in better ground clearance.

Lastly, the exhaust note from the twin exhaust pipes has been changed.

The engine remains the same: 293cc liquid-cooled (27.33 PS of power and 27.02 Nm of torque).

MapmyIndia, ISRO partner for mapping

THE INDIAN SPACE Research Organisation (ISRO) and location and navigation technology solutions provider MapmyIndia have announced an initiative to partner to offer what they say is India's best, and fully indigenous, mapping portal and geospatial services.

It combines the power of MapmyIndia's digital maps with ISRO's catalogue of satellite imagery and earth observation data, according to MapmyIndia's CEO & executive director Rohan Verma, who termed it a path-breaking milestone in the journey towards Atmanirbhar Bharat, wherein Indian users would not be dependent on foreign organisations for maps, navigation and geospatial services, and leverage made-in-India solutions instead.

"You don't need Google Maps/Earth any longer," Verma said in the headline in an article on LinkedIn.

According to ISRO, the Department of Space (DoS)—ISRO comes under it—has joined hands with MapmyIndia to combine their geospatial expertise and build solutions by leveraging their geoports. The DoS entered into a MoU with geospatial technology company CE Info Systems, which owns MapmyIndia, on Thursday.

Under the partnership, the combined geospatial expertise of the DoS and CE Info Systems would be leveraged through their respective geoports, according to Bengaluru-headquartered ISRO.

The collaboration will enable them to build holistic geospatial solutions utilising earth observation datasets, NavIC, web services and APIs (application programming interface) available in MapmyIndia, Bhuvan, VEDAS and MOSDAC geoports, the space agency said in a statement.

The Indian Regional Navigation Satellite System (IRNSS) called the NavIC (Navigation with Indian Constellation) as India's own navigation system, developed by ISRO; Bhuvan is the national geoportal developed and hosted by ISRO comprising geospatial data, services and tools for analysis; VEDAS (Visualisation of Earth Observation Data and Archival System) is an online geoprocessing platform using optical, microwave, thermal and hyperspectral EO data covering applications meant for academia, research and problem solving, according to ISRO; and MOSDAC (Meteorological and Oceanographic Satellite Data Archival Centre) is a data repository for all the meteorological missions of ISRO and deals with weather related information, oceanography and tropical water cycles.

Verma said there are many reasons why Indians are better-off with an indigenous solution for maps and geospatial services. "MapmyIndia, being a responsible, local company ensures that its maps reflect the true sovereignty of the country, depicting India's borders as per the government of India, and hosts its maps in India," he said.

Through the partnership with ISRO, MapmyIndia's end-user maps, apps and services will integrate with ISRO's catalogue of satellite imagery and earth observation data, MapmyIndia said.

"MapmyIndia's maps cover all 7.5 lakh villages, 7,500-plus cities at street and building-level, connected by all 63 lakh km of road network pan India and within cities, in total providing maps for 3-crore-plus places across India," the company statement said.

LEXUS DESIGN AWARDS

Lexus awards new designers

LDAI 2021 got designers on a virtual platform

FE BUREAU

LEXUS INDIA HAS announced the winners of the fourth edition of Lexus Design Award India (LDAI). These have been selected from among over a thousand entries basis Lexus's three key design principles, Anticipate, Innovate and Captivate, in the quest to craft a better tomorrow.

Considering this year's circumstances, Lexus innovated to create its first ever virtual edition of the awards with the support of the Association of Designers of India (ADI) as part of the process that nurtures the next generation of creative talent.

PB Venugopal, president, Lexus India, said, "This year's edition of the LDAI presented us with a new challenge of bringing together designers on a virtual platform to celebrate the power of design. At the LDAI, we work with a belief that through design we can find solutions to the problems in India. This year, we are proud to have received over a 1,000 entries that are all potential solutions for the Indian society."

Open category winner is Abhinav Saxena (designed an air purification system); student category winner is Achyut Shanbhag (a hot and cold therapy design)

Investor

MAHINDRA & MAHINDRA RATING: BUY

A strong third quarter for the company

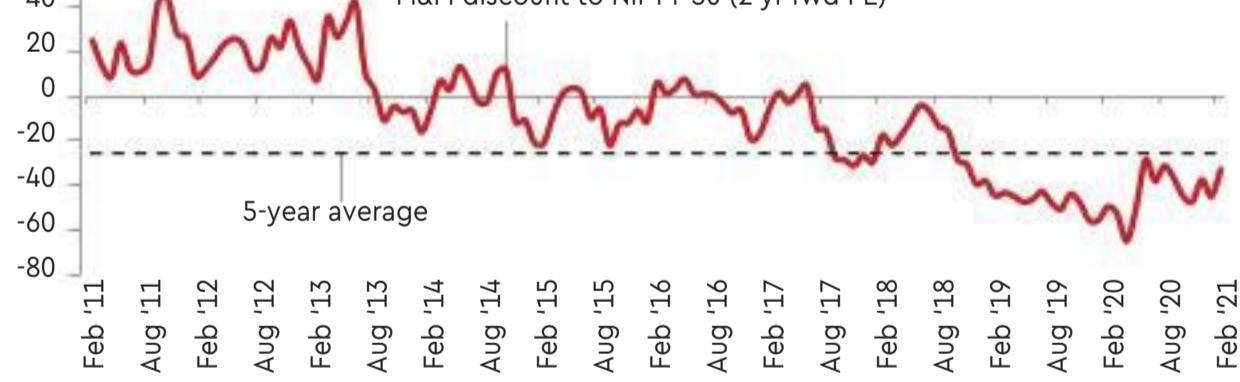

Consolidated margins were sound; monsoon to be next trigger; stock is ready for re-rating; TP up to ₹980; 'Buy' maintained

STANDALONE AUTO MARGINS were strong, led by demand for the new Thar model, while consolidated margins were significantly helped by SYMC's exit. In addition, farm equipment margins were nearly at an all-time high as well, helped by lower international losses and continued strength in domestic demand. The company is largely behind the corporate restructuring exercise, and going forward we expect consolidated EPS to largely track Standalone + TechM (TECHM IN, ₹960, Hold) + MMFS (MMFS IN, ₹177, Hold). The rest of the significant loss-making entities have either been divested or restructured.

Core business is solid, with monsoons the key risk in the near term: The tractor business continues to be strong, with Q4FY21e and Q1FY22e likely to be very strong as well—led by base effect and positive Rabi crop outlook. However, beyond that the monsoon will play an important role. Already, tractors have done well over the past 3-4 years (management mentioned growth headwind

The current discount (33%) to broader market (NIFTY 50) is lower than even the recent 5-year average of 25% and 10-year average discount of c10%.

Source: Refinitiv DataStream, Company data, HSBC

due to high base effect), and secondly, government spend on many key rural schemes which in our view impacts tractor demand may come down in FY22 over FY21. We consequently have mid-to-low single-digit growth for tractor business over the next two years.

On the other hand, the outlook for pick-ups is strong, led by the industry's growth, while the SUV business continues to benefit from Thar demand and the likely launch of the new XUV500 (W601) over the next few months.

Other Q3 highlights: For the first time, the tractor business has seen two consecutive quarters of negative working capital, leading to strong cash generation. Lower core capex outlay and a likely reduction in investments in subsidiaries over the next three years should enhance free cash generation in the medium term. Positively, the most recent key launches – Thar and XUV300 – are both seeing strong demand traction.

Valuations: The company is still trading at 14x/13x on core FY22/23e earnings (ex subs and dividend) which in our view is undemanding and is at c50% discount to MSIL. Improved traction for new product launches, better cash conversion and strong margin performance warrant an upward re-rating, leading to our increase in target price to ₹980 from ₹830. We maintain our Buy rating.

HSBC

GUJARAT GAS RATING: BUY

Results beat consensus view by a wide margin

Volumes were at an all-time high; FY21/22/23e EPS up 41/37/34%; TP raised to ₹500; 'Buy' maintained

GUJARAT GAS' (GGL'S) Q3FY21 Ebitda at ₹6.1 bn (up 66% y-o-y, down 16% q-o-q) came bang in line with our estimate, but 41% above consensus. Volume surged 23% y-o-y (up 16% q-o-q) led by Morbi, enabling operational leverage in Ebitda by 35% y-o-y (down 28% q-o-q) to ₹5.8/SCM.

After a record Q3FY21, Jan'21 volumes grew 4% q-o-q with new user capacity starts in Q4. New geographies and CNG stations add at 3x of earlier run-rate should enable 10% plus CAGR. Advance purchase of low cost LNG cargoes enabled gross margin/SCM rise of 19%. Strong user demand and high cost of substitutes should sustain healthy ₹5/SCM Ebitda margin. Maintain Buy with revised TP of ₹500.

Volumes surged 23% y-o-y to all-time high; more to come: Q3 volumes came at 11.4mmscmd, which should rise to 11.8mmscmd in Q4FY21E, GGL added 84 new CNG stations in 9mFY21, to a total of 484. It is planning to add 150 CNG stations each year, 3x earlier level. Most of the new stations are on city outskirts and highways, some with LNG facilities. This may drive network utilisation higher and hence profitability, in our view.

Healthy margin despite surge in LNG input cost: While input spot LNG prices surged 27% y-o-y, GGL enhanced gross margin per unit by 19% y-o-y (to ₹7.8/SCM) due to advance purchase of cargoes at low prices as well as cost controls, enabling unit opex dip of 12% y-o-y. Furthermore, operational leverage enabled 35% y-o-y rise in Ebitda margin/SCM. These benefits will diminish in Q4FY21 due to seasonal 100% plus q-o-q surge in spot LNG prices.

Outlook: Powerful growth ahead— Factoring in strong volumes and positive management tone, we have hiked vol-

Q3FY21 volume surged 22.9% Y-o-Y and 16.2%

G S Iyer takes charge as Dhanlaxmi Bank's part-time chairman

DHANLAXMI BANK SAID in a regulatory filing that G Subramonia Iyer, independent director, had taken charge as the part-time chairman of the bank on Friday following the approval of the Reserve Bank of India. The appointment is for a period of three years from the date of assuming charge.

Regulator disposes of adjudication against four

SEBI HAS DISPOSED of adjudication proceedings against three entities and an individual after they settled cases related to alleged fraudulent trading activities in illiquid stock options segment on BSE. The individual Harish Kumar and Aryav Securities have settled the case.

Repco Home Finance net up 14% to ₹80 crore

REPCO HOME FINANCE has reported a net profit of ₹79.60 crore for the third quarter of FY21 as against ₹69.70 crore in the corresponding quarter of last fiscal, registering a 14.2% growth. Total income grew by 5% to ₹359.80 crore as compared to ₹341 crore. Net interest income stood at ₹154.40 crore while margins were at record 5.1%.

NHPC raises ₹1,500 crore through bonds

STATE-OWNED HYDRO POWER giant NHPC on Friday said it has raised ₹1,500 crore through issuance of non-convertible taxable bonds. "NHPC Ltd has raised ₹1,500 crore on February 12, 2021 through private placement of secured, redeemable, taxable, non-cumulative, non-convertible 6.86% NHPC AC Series Bonds," a BSE filing said.

A currency strategy that is drawing more hot money to India

SUBHADIP SIRCAR
Mumbai, February 12

THE RESERVE BANK of India's strategy to shift some of its currency intervention to the forwards market is adding to its problems. Its balancing act to keep the rupee stable amid heavy foreign inflows while also keeping excess liquidity in check is flooding the market with more foreign funds, prompting a vicious cycle of interventions.

The RBI's outstanding forwards book grew to \$28.3 billion as of November from a negative \$4.9 billion in 2019-20, highlighting the extent of its operations. That has pushed the 12-month implied yields, which typically reflect the interest rate differential between India and the US, to the highest in more than four years, fuelling further inflows.

The RBI's currency intervention works like this – it buys dollars in the spot market to prevent sharp gains in the rupee. It then

INTERVENTION

RBI's estimated \$7-billion support buoys bonds

SUBHADIP SIRCAR & KARTIK GOYAL
Mumbai, February 12

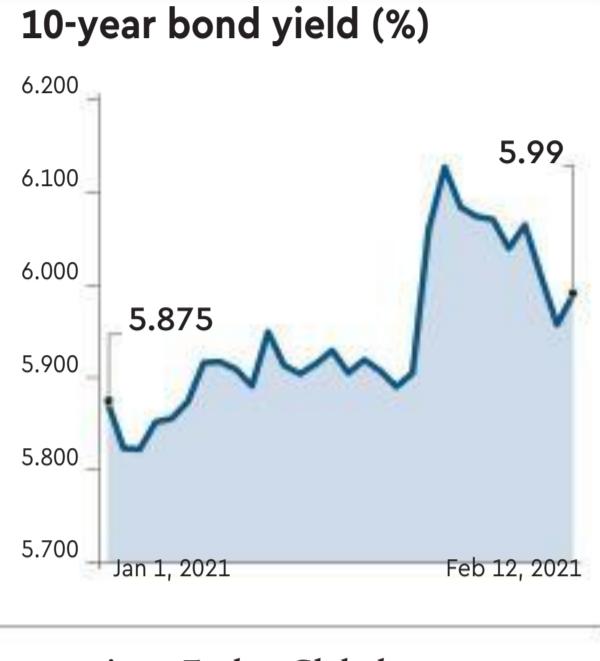

BENCHMARK SOVEREIGN BONDS posted their best week since December after the Reserve Bank of India stepped in with one of its heaviest interventions to support a market weighed down by a glut of paper.

The RBI probably bought ₹50,000 crore (\$6.9 billion) of bonds this week through announced open market operations and discreet secondary market purchases, according to estimates by Emkay Global Financial Services.

Yields on the 10-year note dipped 8 basis points, its biggest drop in 10 weeks.

The advance caps a tumultuous two weeks for debt traders, who were spooked on February 1 when the government had announced a heavier-than-expected borrowing and later disappointed when the RBI stopped short of committing to regular debt purchases. The swings culminated in undisclosed buyers scooping up a record amount of notes on Thursday, triggering speculation that the RBI was behind the buying.

"RBI has tried to assuage the market by being action-oriented, sending a clear signal that they are going to be the heavy-duty balancing factor in the demand-supply mismatch of government bonds," said Madhavi Arora, Mumbai-based lead

IRFC lists \$750-m medium-term note on India INX

INDIAN RAILWAY FINANCE
Corporation (IRFC) has listed \$750 million medium-term note on BSE-owned India International Exchange's debt listing platform, the bourse said on Friday.

The issue is part of IRFC's \$4-billion global medium-term note programme, the exchange said in a statement.

The issue, at a coupon of

2.8% per annum, was oversubscribed by more than four times.

"IRFC raised \$750 million in 10-year money under its \$4-billion global medium-term note programme established on the Global Securities Market (GSM) of India International Exchange (India INX) at GIFT IFSC," the exchange said.

The company has already listed \$1.5-billion bonds under its \$4-billion global medium-term note programme and \$500 million green bond issuance on India INX.

In market parlance, the medium-term note refers to a debt note that usually matures in 5-10 years.

"IRFC is happy to be listing again on India International Exchange at IFSC, GIFT City. This gives us

immense opportunities to reach out to international investors and raise funds using a wide variety of products and currencies," Amitabh Banerjee, chairman and MD of IRFC, said.

He, further, said IRFC will continue to focus on the railway sector and play a critical role in the development, modernisation and growth of the Indian railways. —PTI

NOTICE TO MEMBERS

Notice is hereby given that pursuant to the provisions of Section 110 of the Companies Act, 2013, read with the Companies (Management and Administration) Rules, 2014 and guidelines prescribed by the Ministry of Corporate Affairs for holding general meetings / conducting postal ballot process, vide General Circular No. 14/2020 dated April 8, 2020, General Circular No. 17/2020 dated April 13, 2020, General Circular No. 33/2020 dated September 28, 2020 and General Circular No. 39/2020 dated December 31, 2020 ('MCA Circulars') on account of COVID-19, the Company has on Friday, February 12, 2021 completed the electronic transmission of Postal Ballot Notice along with the Postal Ballot Form to the Members whose email id's are registered with the Company or with the National Securities Depository Limited ('NSDL')/ Central Depository Services (India) Limited ('CDSL') ('Depositories') for seeking the consent of Members through Postal Ballot including e-voting as detailed in the Postal Ballot Notice. The Company, to facilitate shareholders to receive this notice electronically and cast their vote electronically, has made arrangement with KFin Technologies Private Limited, Registrar & Share Transfer Agent for registration of email addresses in terms of the MCA Circulars. The process for registration of email addresses is detailed in the Postal Ballot Notice. The Company has subscribed to email update facility from National Securities Depository Limited ('NSDL'), wherein NSDL have sent messages (SMS) to the shareholders of the Company as per their records as on **April 10, 2020** on the registered mobile numbers to enable them to register their email id's.

The Company has appointed Mr. Ramit Rastogi, Company Secretary in Whole-time Practice (C.P. No. 18465) as the Scrutinizer for conducting the Postal Ballot process and also to scrutinize the voting process in a fair and transparent manner. The Voting Rights of Members shall be reckoned on the cut-off date i.e. **Friday, February 5, 2021**.

Members are requested to note that facility of voting by electronic means (e-voting) is available to all the Members. Members can cast their e-votes at the website <https://evoting.kfintech.com>. Voting process through Postal Ballot as well as e-voting shall commence from **Saturday, February 13, 2021** at 1000 Hours and end on **Sunday, March 14, 2021** at 1700 Hours. Postal Ballot forms received after 1700 Hours on **Sunday, March 14, 2021**, shall not be valid and voting either by post or by electronic means shall not be allowed beyond the said date. The results of the postal ballot will be declared on or before **Tuesday, March 16, 2021 at 1700 Hours** at the corporate office of the Company at Tower A, 3rd Floor, United Business Park, Block F, South City-1, Sector 41, Gurugram-122001. The same will also be hosted at the website of the Company at www.fortishealthcare.com and of KFin Technologies Private Limited at <https://evoting.kfintech.com> and that of National Stock Exchange of India Limited - www.nseindia.com and BSE Limited - www.bseindia.com. In case of non-receipt of Postal Ballot form, a Member can download the Postal Ballot Form from the link <https://evoting.kfintech.com>, or www.fortishealthcare.com and obtain a duplicate copy thereof. Any query or grievance in relation to voting by Postal Ballot including voting by electronic means may be addressed to the Company Secretary at secretarial@fortishealthcare.com and/or evoting@kfintech.com.

A person who is not a member of the Company as on **Friday, February 5, 2021** should treat this notice for information purposes only.

PUBLIC NOTICE FOR DELISTING THE EQUITY SHARES FROM THE CALCUTTA STOCK EXCHANGE LIMITED

Notice is hereby given that pursuant to Sections 6 and 7 of the Securities and Exchange Board of India (Delisting of Equity Shares), Regulations, 2009 (SEBI Delisting Regulations) as amended, the Board of Directors of the Company at its Meeting held on February 12, 2021, approved, *inter alia*, a proposal for voluntary delisting of the Company's equity shares from the Calcutta Stock Exchange Limited ("CSE") (Scrip Code:1003045).

The Company intends to have its equity shares listed only on the stock exchanges having nationwide trading terminals. Further, there has been no trading in the Company's equity shares on CSE in the past few years.

In view of the above, the Company intends to delist its equity shares from CSE. The Company is in the process of making necessary application for voluntary delisting of its equity shares from CSE.

The equity shares of the Company will continue remain listed on National Stock Exchange of India Limited ("NSE") and BSE Limited ("BSE"), having nationwide trading terminals.

Notes :
1 The above results have been reviewed by the Audit Committee at their meeting held on 12th February, 2021 for the quarter and nine months ended 31st December 2020 and thereafter were approved by the Board of Directors at their meeting held on 12th February, 2021.
2 The Company has business segments, i.e. manufacturing of Aluminum Extruded Products and manufacturing Transmission and Distribution Line Hardware. However, the company does not fall under any of the criteria laid down under Ind AS - 108 and hence segment Reporting not applicable.
3 The above is an extract of the detailed format of quarterly results filed with the Stock Exchange under regulation 33 of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015. The full format of the quarterly results are available on the Stock Exchange of BSE at www.bseindia.com, NSE at www.nseindia.com and on company's website www.centuryextrusions.com.

4 Ind AS 15, Revenue from Contracts with Customers, mandatory for reporting periods beginning on or after April 1, 2018, replaces the existing revenue recognition requirements. As per the assessment of the Company, on adoption of Ind AS 15, there is a decrease in the profit of the Company by Rs. 21 lakhs for the nine months ended 31st December, 2020.
5 As the economic demand are gradually recovering through "new normal" from the distress and challenges put forth by the COVID-19 pandemic, company's operation and sales are improving and the company expects sustainable further improvement in the time ahead. However, as a result of pandemic and lockdown the figures of current quarter and that of nine months ended are not comparable with figures of corresponding quarter and nine months ended.

The management has assessed company's financial position and does not anticipate in its ability to continue as a going concern including revaluation of assets, carrying value of property, plant and equipment. The Company has assessed the impact of COVID-19 pandemic on its business operations based on the relevant internal and external information and will continue to do so for taking appropriate action as and when required.

Notes:-

- The above Financial Results have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on 12 February, 2021. The Statutory Auditors have also carried out Limited Review of the unaudited results for the quarter and nine months ended 31 December, 2020.
- The above is an extract of the detailed format of the standalone and consolidated Financial Results for the quarter and nine months ended 31 December, 2020, filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of the standalone and consolidated Financial Results for the quarter and nine months ended 31 December, 2020 are available on the Stock Exchange websites (www.nseindia.com and www.bseindia.com) and Company's website (www.parsvnath.com).
- The Company's total revenue from operations and profits for the current quarter / relevant period were severely impacted due to COVID-19. The Company has considered the impact of this pandemic on its business operations and financial results based on its review of current indicators of future economic conditions and expects that the carrying amount of the assets will be recovered in the long term. However, the impact assessment of COVID-19 pandemic is a continuing process given the uncertainties associated with its nature and duration. The Company will continue to monitor any material changes to future economic condition and its impact on the business operations of the Company.
- Figures for the previous quarter / period have been regrouped, wherever necessary, for the purpose of comparison.

Notes:
i) The above standalone unaudited financial results were reviewed by the Audit Committee and approved by the Board of Directors of the Company in their meeting held on 12th February,2021.
ii) The Statutory Auditors of the Company have carried out a limited review of the above unaudited financial results in terms of Regulation 33 of the SEBI(Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended).The Limited review report does not contain any modifications.

iii) The above is an extract of the detailed format of the standalone financial results for Quarter and Nine months ended on December 31,2020 filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of the Financial Results are available on the websites of the Stock Exchange(s) (www.bseindia.com,www.msei.in) and on the Company's website. (www.cordscable.com)

iv) The Company is operating in a single segment as defined in Ind AS-108. Hence segment reporting is not applicable to the Company.

v) The company does not have any other exceptional item to report for the above periods.

vi) Due to COVID-19 pandemic and lockdown restriction, business activity of the company was impacted during first quarter of the current Financial Year, hence Financial results for the Nine months ended on December 31,2020 are strictly not comparable to previous Nine months ended December 31,2019.

vii) The Code on social security,2020 (the Code) has been approved by the parliament which inter-alia deals with employee benefits during employment and post employment. The Code has been published in the Gazettee of India on Sept 29,2020. The effective date of the Code and rules thereunder are yet to be notified. In view of this, the impact of the change, if any, on the Company will be assessed and recognised post notification of the relevant provision.

viii) The standalone results have been prepared in accordance with Indian Accounting Standards(Ind AS) prescribed under Section 133 of the Companies Act,2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules,2015 and in terms of SEBI(Listing Obligations and Disclosure Requirements) Regulations,2015

ix) The figures of previous quarters / year are reclassified,regrouped and rearranged wherever necessary so as to make them comparable with current period's figures.

POSTAL BALLOT NOTICE

NOTICE be and hereby given pursuant to Section 108, 110 and other applicable provisions, if any, of the Companies Act, 2013 ("the Act") read with the Companies (Management and Administration) Rules, 2014 ("the Rules"), Secretarial Standards and Regulation 44(1) of the Securities and Exchanges, 2015 ("SEBI LODR Regulations"), (including any statutory modification or re-enactment thereof for the time being in force), General Circular No(s). 14/2020 dated April 8, 2020, 17/2020 dated April 13, 2020, 22/2020 dated June 15, 2020, 33/2020 dated September 28, 2020 and 39/2020 dated December 31, 2020 issued by the Ministry of Corporate Affairs ("MCA") that Artemis Medicare Services Limited ("the Company") is seeking approval from its members for passing Special Resolutions for the items as set out in the Postal Ballot Notice dated February 4, 2021 ("Postal Ballot Notice" or "Notice") by way of e-voting.

In view of the continuing Covid-19 pandemic and in compliance with the various MCA circulars, the Notice of the Postal Ballot along with the Explanatory Statement thereof has been sent by e-mail to the members of the Company on Friday, February 12, 2021. The Postal Ballot Notice has been sent to those Members whose e-mail addresses are registered with the Company/Depositories and whose names appear on the Register of Members/List of beneficial Owners as received from the Depositories i.e. National Securities Depository Limited ("NSDL") and Central Depository Services (India) Limited ("CDSL") as on cut-off date i.e., Thursday, February 4, 2021. In compliance with the aforesaid MCA Circulars, the communication of assent and dissent of the members would only take place through remote e-voting system. Postal Ballot Forms and Pre-paid business envelope will not be sent to the members for this Postal Ballot. Members of the Company who have not yet registered their email address are requested to get their email addresses registered at earliest by sending scanned copy(ies) of duly signed request letter to M/s. Alankit Assignments Limited, Alankit House, 4E/2 Jhandewalan Extension, New Delhi - 110055, India (Registrar and Share Transfer Agents or RTA) at the email ID alajit@alankit.com.

The Notice is also available and can be downloaded from Company's website, www.artemishospitals.com, the website of Stock Exchanges i.e. www.bseindia.com and www.nseindia.com and on the website of NSDL at www.nsdl.co.in. A person, who is not a Member as on Cut-off Date, should treat this Notice for information purposes only.

As per Section 108 of the Act read with the Rules and Regulation 44 of the SEBI LODR Regulations, the Company has engaged the services of NSDL, for providing remote e-voting facility to all its Members, to enable them to cast their votes electronically on the special resolutions set forth in the Notice.

The details with respect to e-voting are given hereunder:

* The Date and Time of commencement of remote e-voting : Saturday, February 13, 2021 at 9:00 a.m. (IST);

* The Date and Time of end of remote e-voting : Sunday, March 14, 2021 at 5:00 p.m. (IST)

Thereafter the said facility shall be disabled by NSDL.

Only those Members whose names appear on the register of members/List of beneficial Owners as received from the Depositories as on cut-off date, shall be entitled to avail the facility of remote e-voting. Once a vote is casted by the Members, the same cannot be changed subsequently. The Board of Directors of the Company has appointed Mr. Deepak Kukreja (CP no. 8265), Partner, DMK Associates, Practicing Company Secretaries as Scrutinizer for conducting the Postal Ballot process (through remote e-voting only) in a fair and transparent manner. The result of the Postal Ballot through remote e-voting will be announced on or before Tuesday, March 16, 2021 by the Chairman any other person authorized by Board. The said results would also be available on the website of the Company at www.artemishospitals.com, website of NSDL at www.nsdl.co.in and simultaneously communicated to the stock exchanges.

In case of any queries, Members may please refer the Frequently Asked Questions (FAQs) and e-voting user manual for Members available at the download section of www.evoting.nsdl.com or call on toll free no.: 1800-222-990 or send a request at evoting@nsdl.co.in.

The date specified by the Company for e-voting i.e. Sunday, March 14, 2021 last shall be the date on which the resolutions shall be deemed to have been passed, if approved, by way of the Special resolutions.

NOTES:-
1 The above unaudited financial results were reviewed by the Audit Committee and approved by the Board of Directors at its meeting held on February 12, 2021.
2 The Statutory Auditors of the Company have carried out the Limited Review of the above unaudited financial results pursuant to Regulation 33 of the SEBI (Listing Obligation and Disclosures Requirements) Regulations, 2015, and have issued their Limited Review Report on the same.
3 In line with the provisions of Ind AS-108 'Operating Segments' as notified under the Companies (Ind AS) Rules, 2015, and as provided in section 133 of the Companies Act, 2013, the operations of the Company fall under the head "Trading of Plastic, Steel Scraps, etc.", which is considered to be the only reportable segment by the management.
4 The Managing Director and Chief Financial Officer has certified that the financial results for the quarter and nine months ended December 31, 2020, do not contain any false or misleading statement or figures and do not omit any material fact which may make the statements or figures contained therein misleading.
5 The financial results of the Company for the quarter and nine months ended on December 31, 2020, are available at the Company's website, www.chamakholdings.com and Bombay Stock Exchange website, www.bseindia.com.
6 The figures for the previous period have been regrouped / rearranged, wherever necessary, to confirm to the current period's classification.
7 The outbreak of Covid-19 pandemic and consequent lockdown has severely impacted the operations of the Company since last week of March 2020. In order to ensure that business and activities of the Company continue, to the extent possible, and the effect of disruption is minimised, the Company has formulated a Work From Home Policy for all its employees and consultants. The Company is working on all plausible ways to come out from this pandemic situation and conduct business operations in normal course.

Notes:

- 1 The above standalone and consolidated financial results, of PTC Industries Limited ('the Holding Company') and its subsidiary, Aeroloy Technologies Limited (the Holding Company and its subsidiary together referred to as 'the Group'), have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, Interim Financial Reporting ('Ind AS 34'), prescribed under Section 133 of the Companies Act, 2013 ('the Act'), and other accounting principles generally accepted in India and in compliance with the presentation and disclosure requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), including relevant circulars issued by the SEBI from time to time.
- 2 The Company has incorporated the subsidiary, Aeroloy Technologies Limited, on 17 February 2020. There were no material transactions in the subsidiary during the year ended 31 March 2020, which were consequential to overall Company's financial results. Therefore consolidated financial statements of the Group were not furnished for the year ended 31 March 2020. The Group has presented consolidated financial results for the first time during the quarter ended 30 June 2020. As the subsidiary was incorporated on 17 February 2020, the requirement to present comparative consolidated quarter and year to date financial results for the period ended 31 December 2019 is not applicable.
- 3 The standalone and consolidated financial results of the Group for the quarter and nine months ended 31 December 2020 have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on 12 February 2021. The statutory auditors have expressed an unmodified conclusion on these results.
- 4 The Group's primary business segment is reflected based on principal business activities carried on by the Group. The Chairman and Managing Director has been identified as being the Chief Operating Decision Maker ('CODM') and evaluates the Group's performance and allocates resources based on analysis of the various performance indicators of the Group as a single unit. Therefore, the Group's business falls within a single business segment in terms of the Indian Accounting Standards 108, 'Operating Segments'. The Group operates only in one reportable business segment i.e. Engineering and Allied Activities.
- 5 Covid-19 continues to spread across the globe including India, which has contributed to a significant decline and volatility in global and Indian financial markets and a significant decrease in global and local economic activities. Consequent to this, Government of India declared lockdown on 23 March 2020 and the Group temporarily suspended the operations in compliance with the lockdown instructions issued by the Central and State Governments. However, production and supply of goods has commenced partially from April 2020 after obtaining required permissions from appropriate authorities. As a result of the lockdown, the Group's operations, revenue and consequently profit during the current period were impacted due to Covid-19. The Group has made detailed assessment of its liquidity position for the balance period of the current year and the recoverability and carrying value of its assets and does not foresee any significant incremental risk to the recoverability of its assets or in meeting its financial obligations over the foreseeable future. Also, the management does not expect significant impact on the operations for the balance year. Since the situations are continuously evolving, the impact assessed may be different from the estimates made as at the date of approval of these financial results and management will continue to monitor any material changes arising due to the impact of this pandemic on financial and operational performance of the Group and take necessary measures to address the situation.
- 6 The Code on Social Security, 2020 ('Code') relating to employee benefits, during employment and post-employment benefits, has received the Presidential assent in September 2020. This Code has been published in the Gazette of India. However, the effective date from which the changes are applicable is yet to be notified and the rules for quantifying the financial impact are also yet to be issued. The Group will evaluate the impact of the Code and will give appropriate impact in the financial statements in the period in which the Code becomes effective and the related rules are published.

For and on Behalf of Board of Directors

NOTICE

NOTICE is hereby given that HDFC Trustee Company Limited, Trustee to HDFC Mutual Fund ("the Fund"), has approved the declaration of dividend / income distribution ("dividend") in the following Scheme(s) / Plan(s) of the Fund and fixed **February 18, 2021** (or the immediately following Business Day, if that day is not a Business Day) as the Record Date for the same as given below:

Name of the Scheme / Plan / Option	Net Asset Value ("NAV") as on February 11, 2021	Amount of Dividend* (₹ per unit)	Face Value (₹ per unit)
HDFC Focused 30 Fund - Regular Plan - Dividend Option (Payout and Reinvestment)	16.694		
HDFC Focused 30 Fund - Direct Plan - Dividend Option (Payout and Reinvestment)	18.841		
HDFC Capital Builder Value Fund - Regular Plan - Dividend Option (Payout and Reinvestment)	26.732		
HDFC Capital Builder Value Fund - Direct Plan - Dividend Option (Payout and Reinvestment)	29.797		

* The dividend will be subject to the availability of distributable surplus on the Record Date and may be lower.

Pursuant to payment of dividend, the NAV of the Dividend Option(s) of the above Scheme(s) would fall to the extent of payout and statutory levy, if any.

Dividend will be paid, net of applicable tax deducted at source (TDS), to those Unit holders / Beneficial Owners whose names appear in the Register of Unit holders maintained by the Fund / Statements of Beneficial Ownership maintained by the Depositories, as applicable, under the Dividend Option(s) of the aforesaid Scheme(s) on the Record Date (including investors whose valid purchase / switch-in requests are received by the Fund and the funds are available for utilization before cut-off timings in respect of the aforesaid Scheme(s), on the Record date).

With regard to Unit holders of the aforesaid Scheme(s) who have opted for Reinvestment facility under the Dividend Option(s), the dividend due (net of applicable TDS) will be reinvested, by allotting Units at the prevailing ex-dividend NAV per Unit (adjusted for applicable stamp duty) on the Record Date and as per the realization of funds within applicable cut-off timings applicable to the Fund.

In view of individual nature of tax consequences, each investor should seek appropriate advice.
