Gupkar says outreach 'disappointing' as delimitation panel begins J-K visit today

Tribune News Service

NEW DELHI, JULY 5
On the eve of the Delimitation Commission's four-day visit to J&K, the People's Alliance for Gupkar Declaration (PAGD) expressed disappointment at the outcome of Prime Minister Narendra Modi's recent outreach and said full statehood must be restored before Assembly elections are held.

Though the six-party grouping jointly lamented the absence of confidence-building measures on the part of the Centre in terms of ending "suppression" in the UT, they left it to individual parties to decide on whether or not to meet the Delimitation

Commission. The commission has sent separate invitations to J&K outfits.

PAGD spokesperson and

CPM leader MY Tarigami told *The Tribune* that his party would meet the commission both in Srinagar and

CPM TO MEET PANEL, NC, PDP DELIBERATING

- Gupkar alliance members will take individual call on whether or not to meet the Delimitation Commission
- The panel has sent separate invites to J&K outfits
- CPM has confirmed it will hold meetings both in Jammu & Kashmir, sources said today. The whole process was expected to be completed by March 2022, the sources said.
- NC and PDP are holding deliberations over the invite
- The People's Conference and J&K Apni Party are expected to meet the panel

Jammu. "The PAGD did not take a collective call on the commission's invitations

SS Sandhu new Chief Secretary of Uttarakhand

NEW DELHI, JULY 5
Senior IAS officer SS Sandhu was appointed Uttarakhand's new Chief Secretary on Monday, replacing Om Prakash. A 1988-batch IAS officer, Sandhu was on deputation at the Centre as Chairman of the National Highways Authority of India (NHAI).

Sandhu, who has several feathers in his cap and has served in varied capacities at the Centre and in Uttarakhand, Uttar Pradesh and Punjab, was earlier conferred the President's medal for his work as Commissioner of the Ludhiana Municipal Corporation some years ago. Minister for Road Transport and Highways Nitin Gadkari today termed Sandhu's tenure as NHAI Chairman "among the best ever".

Captain to meet Cong president today

Rajmeet Singh
Tribune News Service

CHANDIGARH, JULY 5

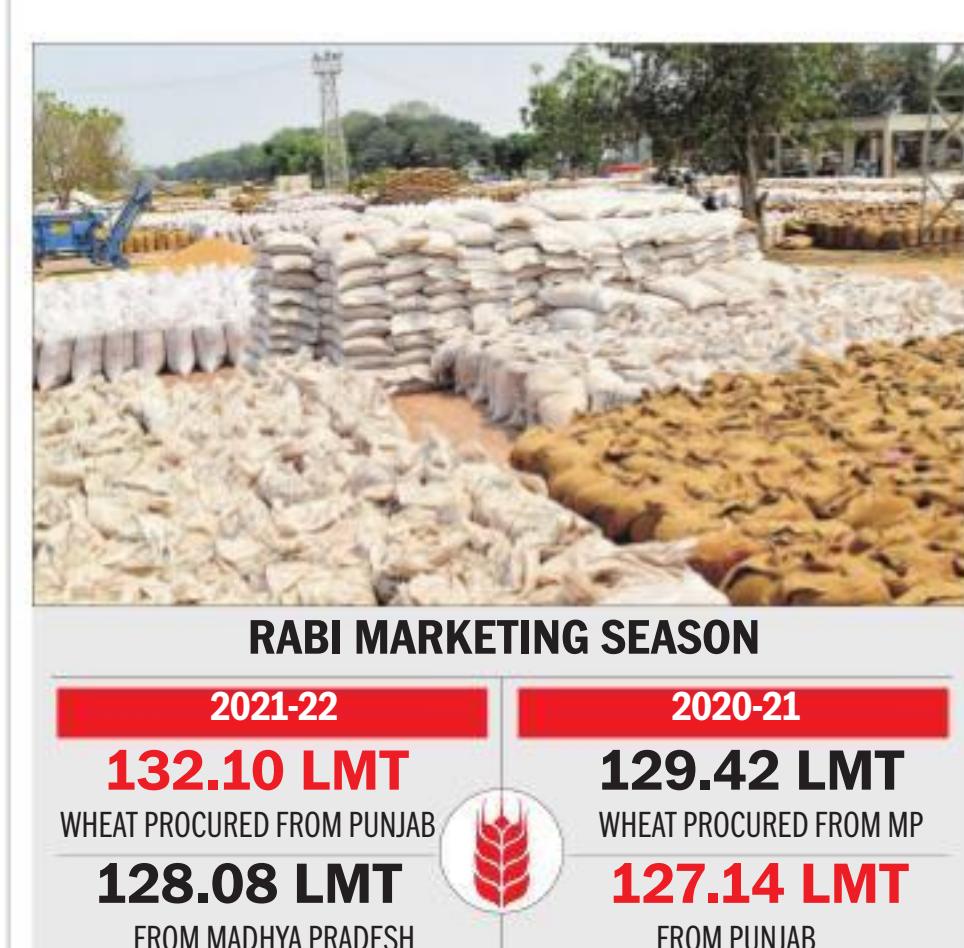

Punjab Chief Minister Capt Amarinder Singh will meet Congress president Sonia Gandhi here on Tuesday, days after former Cabinet Minister Navjot Singh Sidhu's long meeting with party leaders Priyanka Vadra

Gandhi and Rahul Gandhi. The top leadership is expected to share with the Chief Minister the formula worked out to ensure he and Sidhu are on the same page. The high command is also likely to discuss the progress made

regarding the 18-point agenda handed over to Captain a few days ago as well as the caste matrix to recast the Pradesh Congress.

It could not be ascertained whether Rahul Gandhi, who has been meeting party leaders from Punjab, would be present at the meeting. It may be mentioned that Punjab affairs in-charge and AICC general secretary Harish Rawat had said that Sidhu would be given a crucial role to ensure the party retained power in the state. Sources did not rule out discussions on the CM face for the crucial 2022 Assembly elections.

NEW DELHI, JULY 5

A record 433.24 lakh metric tonne (LMT) of wheat has been procured in the rabi marketing season 2021-22, surpassing the previous high of 389.93 LMT in 2020-21, the Centre today said.

Food Corporation of India CMD Atish Chandra said the highest procurement (132.10 LMT wheat) was from Punjab. Last year, Madhya Pradesh topped the list. Punjab, Uttar Pradesh, Rajasthan, Uttarakhand, Gujarat, Himachal Pradesh

at 433.24 LMT, record procurement of wheat this season | ₹26K cr paid to farmers in Punjab | ₹16K cr given to farmers in Haryana

and J&K have recorded their "best ever" procurement so far, Chandra added.

With 132.10 LMT wheat procured from Punjab, the state regained the lead position, overtaking Madhya Pradesh (128.08 LMT). In the 2020-21 rabi season, MP topped the list (129.42 LMT) followed by Punjab (127.14 LMT).

An all-time high MSP of Rs 84,369.19 crore was directly

transferred into the accounts of 49,16,424 farmers across the country under the 'One Nation, One MSP, One DBT' scheme. A record 49.16 lakh farmers benefited against 43.35 lakh last year. Food Secretary Sudhanshu Pandey said. According to the FCI CMD, Rs 26,103.89 crore was paid to 8,85,117 farmers in Punjab and Rs 16,706.33 crore to 7,60,636 farmers in

Haryana, the two states leading the agitation against the three farm laws. It was the first time that farmers in the two states received remuneration for grain directly in their accounts.

Amid the expected issues related to bumper procurement and storage management, Chandra said: "The preparations for extra storage were made in advance based on procurement targets. Some unscientific storage is due to huge volumes of procurement. Currently, only 17.91 LMT grain is under unscientific storage."

Pb vax drive for pregnant women gets tepid response, experts wary

Vishav Bharti
Tribune News Service

CHANDIGARH, JULY 5

Even as a number of pregnant women have lost their lives to Covid, a special vaccination drive launched for expectant mothers in Punjab has elicited a poor response.

As per official data, 58 pregnant women have died due to Covid since its outbreak last year. While 23 lost their lives till March 31 this year, another 35 succumbed to the virus in April and May.

A total of 3,707 such women were tested positive for Covid

till March 31 and another about 1,600 since April 1.

As vaccination for pregnant women has started world over, the state government is also trying to give it a push. How-

ever, there seems to be some reluctance among expectant mothers, say experts.

"Covid has proved fatal even for healthy pregnant women. Vaccine is must for them and they should go for it. I appeal to their families to motivate them," said Dr Areet Kaur, Director, National Health Mission.

After a spike in deaths, the government had started a drive to screen expectant mothers for Covid. Till March 31, 3.69 lakh women were screened. In April and May, 35,000 samples were taken.

In HP, 99.7% clear Class X

DHARAMSALA, JULY 5

Over 99 per cent of students passed the Class X exam, the result of which was declared by the Himachal Pradesh Board of School Education (HPBSE) today.

A press release issued by HPBSE chairman SK Soni said 99.7 per cent of 1,16,784 students — 88,556 from government schools and 28,228 from private schools — passed the exam.

"Objective criteria have been adopted for promoting and giving marks to the students," he said, adding that the results were better this year because the government had decided to promote all students. —TNS

Farm activists outside PSPCL office in Patiala. RAJESH SACHAR

Hit by frequent outages, farmers protest in Patiala

PATIALA, JULY 5

Farmers associated with the Bhartiya Kisan Union (Kranktikari) staged a protest outside the Punjab State Power Corporation Limited (PSPCL) head office here over electricity cuts in the state. The farmers said they had been affected by frequent outages and demanded restoration of regular supply.

The state government should restore eight-hour supply to fields and 24 hours to residential areas. The faulty power contracts signed with companies during the previous SAD-BJP regime should also be scrapped," said a union leader.

The farmers further asked the government to keep control of power generation and distribution, and fulfil its election promise of providing electricity at a low cost.

"The state government should ensure that meter

NH BLOCKED IN FAZILKA

Fazilka: BKU activists on Monday blocked the Fazilka-Ferozepur highway near Mahmood Jotia village against the erratic power supply. They alleged some officials misbehaved with farmers. Phuman Singh, Executive Engineer, PSPCL, Jalalabad, said two assistant linemen had been placed under suspension in this regard. oc

reading of households is carried out every month," said a protester.

Baldev Singh Zeera, general secretary of the union, said they held a meeting with officials of the PSPCL. "The officials have accepted our demand for the restoration of eight-hour supply to farmers. The farmers will also be compensated for cuts that have taken place.

Addressing a press conference here, Mann said during the 2022 elections, AAP would come up with

Hold officials behind power pacts accountable, says Sidhu

TRIBUNE NEWS SERVICE

CHANDIGARH, JULY 5

Flagging the issue of bureaucratic control over departments, Congress leaders Navjot Singh Sidhu and Partap Singh Bajwa today sought the accountability of officials who negotiated the power purchase agreements (PPAs) on behalf of the previous SAD-BJP government.

Battling for a new legislation capping power purchase prices, Sidhu tweeted: "Badal-signed PPAs are looting Punjab and legal options against them are limited due to the protection from the courts. The only way forward is a new legislation in the Punjab Vidhan Sabha with retro-effect capping power purchase prices to make the anti-people agreements redundant."

THEY'RE STILL OCCUPYING KEY POSTS: BAJWA

Partap Singh Bajwa, Congress Rajya Sabha MP

The same officials who negotiated these anti-Punjab PPAs on behalf of the previous government are still holding important positions in the present dispensation...these individuals can create a roadblock.

In a veiled attack on the Chief Minister, the former Cabinet Minister, in another tweet, said: "A white paper on PPAs must be brought in the Punjab Vidhan Sabha to make Badals and other authors of these corrupt agreements accountable to people... I have been demanding this since 2017, but the bureaucratic control of departments corners people-elected ministers to mere showpieces."

Congress Rajya Sabha MP Partap Bajwa, too, sought to know the concrete steps taken to renegotiate the PPAs during four and a half years of governance. "The PPAs signed by the SAD-BJP government are still enforced. These agreements have caused irreparable financial burden on the state. The same officials who negotiated these anti-Punjab PPAs on behalf of the previous government are still holding impor-

tant positions in the present dispensation. It must be mentioned here that these individuals can create a roadblock for any long-term change to the status quo," he said.

Bajwa pointed towards an order of the Central Electricity Regulatory Commission (CERC) allowing BSES, a power distribution company in Delhi, to renegotiate its PPA with the NTPC-Dadri power plant on July 1. Similarly, the Government of Uttar Pradesh has also in the past successfully renegotiated signed PPAs.

MP Manish Tewari said review or cancellation of the PPAs was a complex legal issue. "It must be done. Punjab really requires transition to green energy. Every agricultural water resource must be solar powered."

DID WHAT WAS BEST

We set up plants after much thought due to a shortfall in power supply in 2007. PPAs were signed to buy power between ₹2.86 and ₹2.89 per unit, the cheapest at that time.

Sukhbir Singh Badal, SAD PRESIDENT

He said the SAD-led government made Punjab power surplus and followed a standard PPA document created by the UPA government to establish captive thermal plants in the private sector.

Meanwhile, Bathinda MP Harsimrat Badal today said the CM was touring Delhi to save his seat while the people of Punjab were suffering. —TNS

Will scrap deals: AAP

CHANDIGARH, JULY 5

AAP state president and Lok Sabha member Bhagwant Mann today said if the Aam Aadmi Party (AAP) formed the government in the state, the power agreements with the private companies would be cancelled.

Addressing a press conference here, Mann said during the 2022 elections, AAP would come up with

an effective roadmap for the people of Punjab so that they would be economically prosperous and culturally rich.

Mann said party's national convener Arvind Kejriwal's announcement of 24-hour power supply and 300 units of free electricity a month was being supported by Congress leaders also. —TNS

Kejriwal making false promises: CM

TRIBUNE NEWS SERVICE

CHANDIGARH, JULY 5

Chief Minister Capt Amarinder Singh on Monday slammed his Delhi counterpart Arvind Kejriwal for making false promises on free power in Punjab with an eye on the 2022 Assembly elections.

He alleged the Delhi power tariff structure was a case of organised loot by the Aam Aadmi Party (AAP) government, which was openly allowing private power distribution companies to fill their pockets by collecting excessively high tariffs at the cost of the common man.

"In sharp contrast to Punjab, where my government is giving free power worth Rs 9.80 per unit for industrial power, the Congress government was levying a subsidised tariff of Rs 5 per unit to attract the industry to Punjab, which had witnessed more than Rs

NO FREE POWER FOR DELHI FARMERS

Capt Amarinder Singh, CM

My government is giving free power worth ₹6,735 crore to 13,79,217 farmers, while the AAP has made no effort to extend a similar support to the community in the national capital.

ers for commercial and agriculture power. The Delhi Government was charging Rs. 11.34 per unit from small shopkeepers and other commercial establishments, which was 50% higher than what was being charged in Punjab, he claimed. In fact, he said, every resident of Delhi was indirectly paying much more for power than what was being paid by residents of Punjab.

"The Punjab Government is paying an annual power subsidy bill of Rs 10,458 crore, while the Kejriwal government is paying Rs 2,820 crore, when the population of Delhi is a mere two crore compared with Punjab's three crore. This translates into average power subsidy in Punjab at Rs. 3,486 per person, as against Rs 1,410 for a Delhi resident," he said.

Warring targets FM over funds

ARCHIT WATTS

TRIBUNE NEWS SERVICE

MUKTSAR, JULY 5

The crisis within the Congress seems to be deepening with Gidderbaha MLA Amrinder Singh Raja Warring raising questions over the functioning of Finance Minister Manpreet Singh Badal. Warring has accused Manpreet of adopting pick-and-choose policy while releasing funds.

Speaking to *The Tribune* over the phone today, Warring said: "Yesterday, Manpreet had come to Madhira village here to attend a bhog ceremony of his distant relative, who is still an Akali. He announced Rs 30 lakh for the discharge of water from village pond, even though on member of the village panchayat was present there."

He said: "Manpreet recently announced some funds for Fat-tanwala village in the memory of his close relative. Similarly, he recently announced some funds at the bhog ceremony of

Says pick & choose policy to please kin

GRANT FOR PIPELINE

Being the Finance Minister, he announced funds for the village pond's pipeline on Congressmen's request. Warring should be happy to have received funds rather than making it an issue. JS Johal, MANPREET'S RELATIVE

the mother of his close aide in Bathinda town. Further, he sanctioned development funds for a municipal ward in Muktsar town, where the councillor is his close aide."

Warring said: "I ask the Finance Minister to release funds for government colleges as well, which were announced in the first budget of the present government. Major construction work of these colleges is still pending. Further, Kotkhai to Bhallaiana

is a planned road in Gidderbaha and I have repeatedly requested to all those concerned to release funds for its repair, but to no avail. Similarly, nearly 50 village ponds in Gidderbaha require funds for cleaning. The funds should be released for these villages too."

Manpreet was not available for comment, but his brother-in-law Jaijeet Singh Johal 'Jojo' said: "Manpreet had gone to attend a bhog ceremony at Madhira village, where some Congressmen met him and requested him to announce funds for the village pond's pipeline. Being the Finance Minister, he simply announced it. Warring should be happy to have received funds for his constituency rather than making it an issue."

A few days ago when former MLA Bathinda-cum-SAD leader Sarup Chand Singla raised the issue of illegal mining in Bathinda, accusing Manpreet and Jojo, Warring had shared the video on social media and demanded a probe.

DSGMC: Free edu, pension for Covid-hit

NEW DELHI, JULY 5
The Delhi Sikh Gurdwara Management Committee (DSGMC) has decided to provide Rs 2,500 monthly pension, free education to children and money for girls' marriage to Sikh families who have lost the breadwinner to Covid-19.

₹21,000 'shagun' for girls' marriage

DSGMC chief Manjinder Singh Sirsa, flanked by DSGMC general secretary Harmeet Singh Kalka, said Sikh children whose father had passed away due to Covid would be provided free education in Guru Harkrishan Public Schools of the DSGMC.

Those who wanted to pursue higher education would be provided free education in DSGMC colleges affiliated with Delhi University. —TNS

Canal supply suspended, farmers fume

FARIDKOT, JULY 5

Scores of farmers from various villages blocked the Faridkot-Ferozepur road on Monday to protest against the sudden suspension of water supply to Golewala Minor Canal, apprehending loss to paddy crop.

Farmers from about 12 villages, including Golewala, Sadhwala, Bhagthala, Pehluwala, Haasanpatti and

Closure as per schedule: Officials

Rajowala, gathered at Rajowala village to block traffic on the road and raised slogans against the state government.

The water supply to these canals was suddenly suspended for a week, they alleged. However, canal department officials said the closure in the canal was as per schedule. Kuldeep Singh, SDO, canal department, said to ensure supply of water in all minor canals, there were monthly closures and on July 5, it was the turn of Golewala Minor Canal. —TNS

readiness to carry out the protest against the state government.

Jaito against cases registered against farmers who burnt stubble, farmer Jagbir Singh of Kotra Kaura village in Bathinda died by suicide. At that time, the government promised compensation, loan waiver and a government job

to a family member of Jagbir, but to date, the job has not been given despite assurances from the administration. The commutes remained at the receiving end as farmers blocked the main road. —TNS

Warring targets FM over funds

Gets three years to set up closed structures

age facilities. The state plans to construct closed food-grain storage structures, having a combined capacity of 63 LMT. To begin with, all state food procurement agencies — PUNGRAIN, Punjab Warehousing Corporation, Punjab Agro Industries Corporation, PUNSUP and MARKFED — will be building 2 LMT of the covered storage each.

The problem, however, is that who will pay the rent for the storage facilities and ensure that the highly cost intensive infrastructure that is

created, remains economically viable. There could be times where there is no use of the storage facilities, as Punjab moves an average of 20 LMT of grains to the recipient states each month," said a senior government official.

However, Punjab is planning to launch the Expression of Interest (EOI) for creating this storage soon, even as the Centre has indicated that a guarantee would not be possible and that it should create structures on the same pattern as Haryana (which is also a food producing state).

Interestingly, other than the state government, the Food Corporation of India (FCI) itself is contemplating creating silo storage of 19.75 LMT in the state. Confirming this, AS Thind, chief general manager, FCI-Punjab, said the proposal was still in a nascent stage. He said Punjab already had 5.50 LMT of silo storage.

"As more scientific storage is created in the state, the stock damage will be reduced substantially," he added.

Special drive to inoculate students, college staffers

TREBUNE NEWS SERVICE

CHANDIGARH, JULY 5
The state government would soon launch a special campaign to inoculate all students above 18 years and staffers — both administrative and academic — at the colleges in Punjab.

A decision to this effect was taken at the 96th meeting of the health sector response and procurement committee, chaired by Chief Secretary Vini Mahajan here today.

She asked the Health and Family Welfare Department to appoint a team at the state as well as district levels for a weekly review of the Covid positivity data in order to sound an alert whenever positivity rate rises anywhere in the state.

Asking the health department to review the availability of "Fateh" kits at all health and wellness centres besides all other healthcare institutions in the state, the Chief Secretary called for a status report in this regard.

Principal Health Secretary Hussan Lal told the Chief Secretary that 72,12,629 eligible persons had been inoculated so far and the drive would be carried out at the full pace to ensure the coverage of all eligible residents in the state to check the virus spread.

In Abohar, dogs maul newborn

ABOHAL, JULY 5

Members of the Nar Sewa Narayan Sewa Samiti today recovered a newborn child being mauled by stray dogs at an empty plot in the Nai Abadi locality.

The body was shifted with the help of the police to the Sub-Divisional Civil Hospital for post-mortem. Prima facie it appeared that someone had thrown the child in the garbage dump immediately after birth.

Samiti president Raju Charaya said: "It's unfortunate as a cradle has been provided at the government hospital to drop unwanted newborns. Also, stray dog menace should be controlled and action should be taken against owners of hundreds of plots that are being used as dumping grounds." — OC

Asked why contempt proceedings not be initiated against him

client experience of two years as Conservator of Soils and had qualified to be considered to the post of Chief Conservator of Soils in the state. The Bench had added the petitioner's claim was required to be decided within a month.

Alleging violation of the directions, Bal contended decision was not taken on the petitioner's claim despite the order on deciding the claim by passing a speaking order within a month from receiving the order's copy. "Therefore, the respondent is liable to be proceeded against under the Contempt of Courts Act," he contended.

3 youths drown in Bathinda canal

BATHINDA, JULY 5
Three youths who had gone to take a bath in a canal drowned at Bhagta Bhai Ka, near here, this evening.

As per information, a group of youngsters had gone to the canal to get respite from the hot and humid weather. However, three youths were swept away by the strong current. Their associates raised the alarm and tried to rescue them, but to no avail. The deceased have been identified as Navdeep Singh, Vivek and Pavitar Singh, all under 20 years of age. Vivek was the only child of his parents. The victims apparently didn't know how to swim and were holding a rope while taking a bath. Owing to the strong current, they lost grip on the rope and were swept away. — TNS

school. However, none of the schools, despite the instructions, paid the labour cess.

VK Janjua, Principal Secretary, said: "We will again write to the Education Secretary to issue fresh directions to schools to deposit the labour cess."

Meanwhile, school heads and principals, who get the construction work done, told *The Tribune* that they were neither informed by any government agency nor had they received any additional amount for labour cess. Amarjeet Singh, District Education Officer, Patiala said, "It is not my responsibility to deposit the money. School heads have to deposit the amount as they look after the construction in schools."

Amid Covid, 1.4cr get free wheat

CHANDIGARH, JULY 5

The Pradhan Mantri Garib Kalyan Anna Yojana has touched the lives of 1.41 crore beneficiaries in Punjab in the past one year, with 3.53 lakh metric tonne of wheat being distributed to them to tide over the Covid crisis.

3.53 LMT disbursed under central scheme

Stating this here today, FCI chief general manager (Punjab region) AS Thind said the scheme was launched across the country in April last year, as the Covid-19 pandemic hit, and had been extended thrice since to ensure food for all.

"The allocation of 3.53 LMT wheat to beneficiaries (2.5 kg per person) is over and above the foodgrain supplied to them under the National Food Security scheme. It is being carried out by 18,800 ration depots," he said. — TNS

BRITISH COUNCIL

New chapter for the world's leading English test:

IDP to acquire British Council's IELTS business in India

IDP and British Council, two partners of IELTS, the world's most popular high-stakes English language test, have announced today that British Council will sell its IELTS business in India to IDP.

This means that all IELTS tests in India will be delivered by IDP.

The International English Language Testing System, or IELTS, is the world's most popular English language test for study and migration and is trusted by more than 10,000 organisations around the world as a secure and reliable indicator of English language proficiency.

One of the key benefits of this sale is that customers will see continuity of the test they know and trust.

Andrew Barkla, CEO of IDP, said this agreement marks the start of a new chapter for IELTS in India.

"By bringing together two expert teams, test takers can feel confident they are getting the best experience possible when taking their world-leading test," Mr Barkla said.

"Our test takers can focus on preparing for their test as planned, and our team is here to make sure everything goes smoothly on test day."

"IELTS' 30-year history and global partnership model means it has globally-standardised quality and integrity processes already built into every centre's operations."

Mr Barkla said this agreement will help many people in India reignite their global goals.

"This agreement will see us move forward with expert teams, a strong strategy and a

large geographic footprint across India," he said.

"Together we are well-placed to help more people in India take the first step in achieving their global study, work and career ambitions."

Kate Ewart-Biggs, Interim CEO of British Council, reiterated its commitment to its broader services in India.

"Distributing IELTS solely through IDP in India will simplify and improve the customer experience for IELTS test takers. As IDP already delivers IELTS in India, the high-quality service provided to IELTS customers will remain the same," Ms Ewart-Biggs said.

"To ensure we could continue to deliver on our global cultural relations mission, we explored strategic options for the English examinations business with IDP in India in 2020. The proceeds of the sale will enable British Council to improve its financial position following the impact of COVID-19 on our finances."

"Our wider British Council work will continue in India. We remain committed to realising our goal of building trust and understanding between the United Kingdom and India through arts, education, assessment and the English language."

"We would like to recognise the hard work of our staff across India who have worked tirelessly for many years and especially throughout the COVID-19 pandemic. It is our leading British Council IELTS teams in India, now transitioning to IDP, who put their heart and soul into delivering safe and trusted testing services year on year."

स्कूल टाईफ़स: ध्यान दें

6 जुलाई, 2021

जूनोसिस जानवरों से मनुष्यों में फैलने वाली बीमारी है, वायरस, बैक्टीरिया, कवक, परजीवी और मच्छरों से प्रेरित जूनोटिक रोग। जूनोटिक रोग के कुछ उदाहरण इबोला, स्वाइन फ्लू, एन्सेफलाइटिस, स्कूब टाईफ़स और रेबीज़ आदि हैं।

विश्व स्वास्थ्य संगठन के अनुसार विश्व स्तर पर, बीमारी के लगभग एक बिलियन मामले और लाखों मौतें हर साल जूनोसिस से होती हैं और 60% उम्रती संक्रामक बीमारियाँ जूनोसिस हैं

स्कूल टाईफ़स: ध्यान दें

लक्षण:

- 1- तेज़ बुखार जो 104 से 105 डिग्री तक जाता है
- 2- सिर व जोड़ी में दर्द व काप्यकंपी के साथ बुखार
- 3- शरीर में घृणा, अकड़न या शरीर टटा हुआ लगना
- 4- अधिक संक्रमण में गर्दन, बाज़ुओं के नीचे, कूल्हों के ऊपर गिर्लियाँ होना

रोकथाम :

- 1- खेतों, झाड़ियों एवं घास में काम करते समय पूरा शरीर (खासकर टांगे, पांव और बाज़ु) ढककर रखें
- 2- शरीर की सफाई की ध्यान रखें
- 3- घर तथा आसपास के वातावरण को साफ़ रखें
- 4- घर के चारों ओर घास, स्वरपतवार नींबू उगाने दें
- 5- घर के अंदर और आसपास कीटनाशक दवाओं का छिड़िकाव करें
- 6- खेतों में काम से वायरिस लौटने पर स्नान करें अथवा हाथ व पांव अवश्य धोएं

जानवरों से फैलने वाली बीमारियों से बचने के लिए क्या करें?

- घर में अग्र जानवर हैं तो उसकी साफ़-सफाई का विशेष खाल रखें
- जानवरों को दूषों या उनके साथ खेलने के बावजूद अपनी हाथों को साबुन और पानी से अच्छी तरह धोएं
- मच्छरों से बचाव के लिए जरूरी उपाय अपनाएं, क्योंकि मच्छरों से कई जानलेवा बीमारियाँ फैलती हैं
- आप घर में जानवर हैं तो उसे समय समय पर जरूरी वैक्सीन लगावाएं रहें
- जानवरों के द्वारा छाए गए या सुंधे गए स्थान पदार्थों का सेवन न करें
- जानवरों के मल और पेशाब को ठिकाने लगाने का उचित प्रबंध करें
- आपके आसपास अगर कोई संक्रामक बीमारी फैली है, तो उससे बचाव के लिए दिए गए निर्देशों का पालन करें
- बिंद-भाइ वाली जगहों पर यात्रा करते समय अपने चेहरे को ढँक लें और अपने हाथों की नियमित रूप से साफ़ करें

4 Afghans held with 17kg heroin

Contraband worth ₹90 cr | Cops bust manufacturing unit in Delhi

TREBUNE NEWS SERVICE

HOSHIARPUR, JULY 5

The Punjab Police claimed to have busted a drug supply chain with the arrest of four Afghan nationals and seizure of 17 kg heroin, worth Rs 90 crore in the international market, from a unit in South Delhi.

With the seizure, the Punjab Police have dug up another trail leading to Uttar Pradesh and a team has been sent there to unravel the network, said DGP Dinkar Gupta. The accused have been identified as Mujahid Shinwari, a native of Afghanistan's Nangarhar; and Mohammad Lal Kaker, Jannat Gul Kakar and Samiullah Afghan, all from the Kunduz region.

Apart from heroin, the police have recovered assorted chemicals and lab equipment, used in the manufacture of drugs, from the Neb Sarai unit. The arrests and seizure resulted from a lead uncovered by a Hoshiarpur police team, led by SSP Navjot Singh Mahal, which was investigating

The accused along with the seized contraband. TRIBUNE PHOTO

TEAM SENT TO NAB SUSPECT IN UP

- The cops got a lead that heroin was being procured from Afghan nationals, who ran a drug unit in Delhi, and Imteyaz, who operated from Uttar Pradesh
- A Punjab Police team has been sent to Uttar Pradesh to nab the suspect and unravel the international drug racket

ing certain FIRs registered under the NDPS Act. The DGP said the Hoshiarpur police, on May 18, had recovered 70 grams heroin after arresting Pushpinder Singh, alias Tinku, and Amit Choudhary, who revealed they had procured the drug from Jasvir Singh Gajju of Jandiala in Amritsar and Sarabjeet Singh Sethi of Hoshiarpur.

Raids were conducted at Jasvir's residence, where his accomplice Jagrup Kaur was apprehended by a police team with 100 gm heroin. A search of the house led to the recovery of 1.48 kg heroin, 500 gram gold and Rs 49.48 lakh in drug money.

On July 1, the police arrested Sarabjeet Sethi from Garhshankar and recovered 500 gm heroin from his possession. Sethi revealed he had procured the heroin from the Afghan nationals, who ran a heroin manufacturing factory in Delhi, and Imteyaz, who operated from Uttar Pradesh, said the DGP.

Acting on the lead, a police team from Hoshiarpur raided a location in Delhi and busted the manufacturing unit, from where a large quantity of heroin was being supplied to Punjab and other states. Another team has been sent to UP to bust Imteyaz's module, said the DGP. A case under Sections 21, 61 and 85 of the NDPS Act has been filed at the Garhshankar police station.

POLICE IN TIGHT SPOT

■ Prabhjot Singh's arrest by the DRI over 300 kg heroin seizure has put the Tarn Taran police in a tight spot

- They failed to pick up suspicious activity. The suspect had amassed huge wealth within a short span

however, said they were yet to get instructions regarding the Mumbai visit.

Residents of the Mand area at Chohla Sahib village, 25 km from here, are in a state of shock over Prabhjot's arrest. Initially, 135 kg of the contraband, smuggled via Iran and suspected to be delivered in Punjab, was recovered on Thursday.

The incident has put the district police in a tight spot over its failure to pick up the suspicious activity. Prabhjot, who owned seven to eight acres of agricultural land, amassed huge wealth in just a few years. He owned a shop of agricultural equipment.

The police were camping at his residence as Prabhjot's parents left the village following the arrest. SSP Dhruman H Nimble could not be contacted for a comment.

IIT-Ropar begins liquor units' audit

CHANDIGARH, JULY 5

The Excise Department has entered into a partnership with the Indian Institute of Technology, Ropar, for 'structural audit' of the layout and 'technical audit' of the mass flow meters (MFMs) installed in liquor units.

The audit by the team of IIT experts started today from M/S Rajasthan Liquors Limited, Dera Bassi, and would cover all manufacturing units of the state over six months.

An official spokesperson said the department had collaborated with an independent agency to review and audit the working and systems of manufacturing units, which included 16 distilleries, four breweries and 25 bottling plants.

The units, which manufactured extra neutral alcohol, denatured spirit, Indian made foreign liquor, Punjab medium liquor, and beer, were established after the grant of licence by the Excise Department and worked as per the excise laws.

The spokesperson said the structural layout of the

45 PLANTS COVERED

- To ensure transparency, Excise Dept has decided to get a third-party audit done
- As many as 16 distilleries, four breweries and 25 bottling plants will be covered in six months

units and pipelines laid out for carrying the extra neutral alcohol/denatured spirit/rectified spirit were required to strictly follow the excise laws.

Recently, MFMs were installed in all distilleries, bottling plants, and breweries on the insistence of the department to accurately measure the quantity of ENA or other spirits produced and later dispatched or consumed for bottling.

Excise officials inspected these units and kept a vigil on the units to initiate action in case of any discrepancy. To ensure transparency in the working of manufacturing units and plug loopholes, the department decided to get a third-party audit done from the IIT-Ropar. —TNS

Peddlers engaging poor, jobless for drug supply: HC

SAURABH MALIK

TREBUNE NEWS SERVICE

CHANDIGARH, JULY 5

Drug peddlers are engaging unemployed persons, addicts and the poor to act as carriers to escape the police net by not getting caught with the contraband, the Punjab and Haryana High Court has made it clear.

The Bench added not being found in possession of narcotics and drugs was not a pointer towards their innocence when other incriminating circumstances showed their involvement.

The ruling by Justice HS Madaan came on a petition by a 35-year-old man seeking pre-arrest bail in a case registered on February 26 under provisions of the Narcotic Drugs and Psychotropic Substances Act registered at the Verka police station, Amritsar Police Commissionerate.

The petitioner was nominated as an accused in the case following alleged disclosure statements made by some other accused during the course of investigation. It was alleged the accused used to purchase heroin from the petitioner.

The ruling by Justice HS Madaan also made it clear that the custodial interrogation of the petitioner-accused was essential "to find out from where he had been procuring the contraband and to which other persons he had been supplying the same". It was also essential to find out details of the drug cartel and chain of supply. The investigating agency would not be able to find the further links in the chain and to know about the drug peddlers higher in the hierar-

Drug seizure: Tarn Taran suspect's aide 'rounded up'

Cops to leave for Mumbai to assist DRI in probe

OUR CORRESPONDENT

TARN TARAN, JULY 5

The local police have reportedly detained an accomplice of Prabhjot Singh, arrested by the Directorate of Revenue Intelligence (DRI) in connection with the seizure of around 300 kg heroin from a gypsum consignment imported by him.

Though the police remained tight-lipped, area residents claimed Prabhjot's aide was picked up from the village last night. They claimed the suspect, who belonged to a middle-class family, owned a hotel in Dubai and had businesses in other countries. Like Prabhjot, he also owned luxurious vehicles.

The police sources said the suspect was nabbed following Prabhjot's interrogation by the Garhshankar police station. The DRI in Mumbai. A police team from Tarn Taran would leave for Mumbai to assist the DRI in further investigations, said sources. Officials of other agencies, including the Special Task Force (STF), Organised Crime Control Unit and State Special Operation Cell, would also go to Mumbai for interrogation by the

AMRITSAR CASE

The ruling by Justice HS Madaan came on a petition by a 35-year-old man seeking pre-arrest bail in a case registered on February 26 under provisions of the Narcotic Drugs and Psychotropic Substances (NDPS) Act filed at the Verka police station, Amritsar Police Commissionerate.

Justice Madaan also made it clear that the custodial interrogation of the petitioner-accused was essential "to find out from where he had been procuring the contraband and to which other persons he had been supplying the same". It was also essential to find out details of the drug cartel and chain of supply. The investigating agency would not be able to find the further links in the chain and to know about the drug peddlers higher in the hierar-

chy in case his custodial interrogation was denied.

"The drug peddlers are cautious and careful not to get themselves caught with the contraband. Rather, as has been noticed, they generally engage unemployed persons, drug addicts and poor persons to act as carriers so as to deliver the drugs to the consumers. Therefore, not actually been found in possession of narcotics and drugs does not point out towards their innocence when other incriminating circumstances are there to show their involvement," Justice Madaan asserted.

Referring to two other criminal cases registered against the petitioner-accused, Justice Madaan added it, rather, went on to show that he had been treading the path of crime. His readiness and willingness to join the investigation also failed to find favour with the Bench as Justice Madaan observed custodial interrogation was more elicitation oriented since a person couched in comparative safety of pre-arrest bail would certainly not disclose all the facts within his knowledge.

The units, which manufactured extra neutral alcohol, denatured spirit, Indian made foreign liquor, Punjab medium liquor, and beer, were established after the grant of licence by the Excise Department and worked as per the excise laws.

The spokesperson said the structural layout of the

Elderly man killed, family hurt in attack

ABOHAL, JULY 5

Unidentified persons barged into a farmhouse near Budhwalia village in Hanumanagar on Monday morning, and attacked an elderly couple with a sharp weapon. The man died while his wife got injured in the attack. The assailants later attacked the couple's son, who was sleeping in a nearby house, leaving him injured.

Household items were found scattered in the room. The police did not rule out robbery. According to the police, at 3 am today, some unidentified persons alleged

they entered the house of Ram Pratap Kasnia (58) and attacked him and his wife. Ram Pratap died on the spot, while his wife Chander Kalsi (56) was seriously injured. The miscreants escaped after attacking their son Rameshwar Lal, who was sleeping in another house. A case has been registered against unknown persons on the charges of murder and attempt to murder. —OC

10 deaths, 54 fresh cases

CHANDIGARH, JULY 5
The state reported 10 Covid fatalities, taking the death toll to 9,496 on Monday while 54 fresh cases pushed the total case count to 7,68,957.

The positivity rate in the state stands at 7.56 per cent. Two deaths each were reported from Hisar and Panipat districts, among others.

Of the fresh cases, Palwal and Yamunanagar reported 10 and eight cases, respectively, among others. Two deaths each were reported from Hisar and Panipat districts, among others.

The recovery rate stands at 98.62 per cent. There are 1,113 active cases in the state. — PTI

Weekly caseload at 14-month low

525 cases registered in past seven days | 200-fold decline in two months

SUSHIL MANAV
TRIBUNE NEWS SERVICE

CHANDIGARH, JULY 5
With 525 new cases of Covid registered in the state in the past seven days, the weekly cases in the state are at a 14-month low.

The last time Haryana had reported less than 525 cases in a week was in May 2020, when 274 cases were witnessed from May 18 to 24. The next week, the state had reported 907 cases. And in the subsequent weeks, the cases had started increasing.

Even when the cases dipped in January and February this year, the minimum weekly cases were 534 (February 1 to 7).

From 1,01,009 cases recorded during the peak of the second wave (May 3 to 9) to 525 cases this week, the state recorded a 200-fold drop in caseload in the past two months. However, with 101 deaths reported in the past seven days, the weekly mortality rate has shot up to 19.28 per cent.

DELAY IN RECORDING COVID FATALITIES

● The number of deaths reported these days does not present a true picture. The mortality numbers that for some reason were not accounted for earlier are being included in the bulletin now.

Rajeev Arora, ADDITIONAL CHIEF SECRETARY, HEALTH AND FAMILY WELFARE

these days did not present a true picture.

SPA OWNER BOOKED FOR VIOLATING NORMS

Gurugram: A spa owner has been booked for keeping the premises open even as the government has still not lifted the ban on spas. On a tip-off that a woman was harassed at the spa, the police on Sunday raided the premises in Sector 49. Manager Nawab Hussain said spa was opened three days ago. Its owner Baljit has been booked under the IPC and the Disaster Management Act. ac

"There has been a delay in recording deaths in some

cases. The mortality numbers that for some reason were not accounted for earlier are being included in the bulletin now," he said.

Arora further said that ever since Chief Minister Manohar Lal Khattar had announced several schemes, including ex-gratia relief of Rs 2 lakh each for BPL families whose members died of Covid, the Health Department had to be careful while doing the death audit.

The state government, he said, had been taking all measures to mitigate the effect of the possible third wave of the pandemic. "The state government has already provided 95 lakh doses. About 1.4 lakh doses are administered every day."

Meanwhile, the number of active cases in the state is 1,186, while 17 out of 22 districts have less than 100 cases and 15 districts have less than 50 cases. The weekly positivity rate has come down to 0.25 per cent, while daily positivity rate as on Sunday was 0.18 per cent.

Re-employed officials get ₹20 lakh car bonanza

PRADEEP SHARMA
TRIBUNE NEWS SERVICE

CHANDIGARH, JULY 5

Retired government employees, including IAS and IPS officers, rehabilitated on several official commissions and other government bodies by the BJP-JJP government, will be entitled to Rs 20-lakh car.

"Whenever any officer after retirement is re-employed/appointed to any statutory, non-statutory, constitutional body, commission and authority under the Haryana Government, he shall be entitled to a staff car, the cost of which shall be up to 10 times his last basic pay subject to a maximum ceiling of Rs 20 lakh (excluding taxes)," stated a government order.

Surprisingly, the order has come at a time when the state government is facing economic downturn in view of the ongoing Covid pandemic. More than 5 lakh state govern-

ment employees and pensioners are awaiting their enhanced DA instalments since January 2020. However, any officer not availing the staff car would get a monthly allowance of up to Rs 90,000. A road mileage allowance at the rate of Rs 18 per km shall be admissible for the journey undertaken by such officers up a limit of 5,000 km.

Meanwhile, the Sarv Karamchari Sangh (SKS), an apex body of state government employees, has reacted sharply to state government's order, which it termed as "ill-conceived". "At a time when the state is facing resource crunch due to the pandemic, and employees and pensioners are waiting for the enhanced DA instalments since January 2020, the order on staff car mocks the austerity measures announced by the state government," said Subhash Lamba, SKS president.

Put off arguments on framing of charges: Hooda to court

BHARTESH SINGH THAKUR
TRIBUNE NEWS SERVICE

CHANDIGARH, JULY 5

Former Chief Minister and Leader of the Opposition Bhupinder Singh Hooda today filed an application before a special court in Panchkula for the postponement of the arguments on the framing of the charges in the Enforcement Directorate (ED)'s Associated Journal Limited (AJL) case, post the decision of the Punjab and Haryana High Court in criminal revision filed in the CBI's AJL case. Both the ED

and CBI are pursuing the cases against Hooda for the alleged illegal plot allotment to the co-accused M/s AJL.

The charges have been framed in the CBI's AJL case which has been challenged before the High Court.

During the proceedings, counsel for Hooda, RS Cheema, stated that he was ready to advance the arguments on the application filed today and requested the court to decide it first, and "may either reject the same".

Counsel for AJL Sartaj

AJL CASE

According to the ED's complaint in the case, the AJL got Panchkula plot allotted illegally from former CM Bhupinder Singh Hooda in just ₹59.39 lakh, but secured loans "fraudulently" worth ₹2.57 crore by claiming it as "untainted property"

Narula also moved a similar application for the postponement of arguments on charge post the completion of further investigation by the ED.

Special Judge Dr Sushil Kumar Garg observed that given the directives issued by the Supreme Court "the

proceedings of all the criminal cases and complaints against the former and sitting MPs/MLAs are required to be taken up on an urgent basis and an endeavour is to be made by the trial courts to decide the matters speedily and expeditiously".

The same directions were circulated by the Punjab and Haryana High Court for strict compliance by the trial courts of Punjab, Haryana and Chandigarh on February 17 this year.

"The case at hand falls in the said priority category and in accordance with the directions of the apex court needs to be taken up speedily and expeditiously," said the special judge. While adjourning the case to July 15 for filing replies by the ED, the order said, "It is made clear to the defence counsels as well as Special Public Prosecutors for the ED that the arguments on charge will also be heard along with the aforesaid applications (one by Hooda and other by AJL) on the date fixed", and added that if this court finds merit in the applications, the case would be adjourned beyond the date August 11, fixed by the High Court in criminal revision filed by the accused. It added that otherwise charge would be framed on the same date following law.

5 of family booked for ₹67 lakh fraud

SONEPAT, JULY 5

The Gohana police have booked five members of a family, including two women, allegedly for duping a man of Rs 67 lakh over providing a four-year visa to Australia and permanent citizenship there.

Bhupender Singh of Shamri (Buran) village of Gohana, in his complaint to SP Sonepat, said that he came in contact with Boby Bazaar in 2008 in Faridabad while he was doing a job of PSO of an advocate there. Boby Bazaar told him that he and his family members are permanent residents of Australia and he could manage a job for him there. He could provide four-year visa and permanent citizenship of Australia to him and his family, said Bhupender.

After that, he applied for four-year visa and permanent residency for himself, his wife Deepiti and daughter Nishtha Khothar and gave Rs 15 lakh to Boby on January 14, 2014; Rs 12 lakh on January 6, 2015; and Rs 15 lakh to Boby's parents Mahender Chaudhary and Krishna Chaudhary on March 15, 2015.

But they got visa for Australia for one year only. As the

Had promised 4-yr Oz visa to Gohana resident

visa was not extended, they had to come back to India in December 2016.

When Bhupender asked Boby and his parents about it, they demanded Rs 10 lakh again and he gave them the money. They again demanded Rs 15 lakh in June 2017. Krishna Chaudhary and Mahender Chaudhary came to India on September 23, 2018 and took Rs 15 lakh from him. But neither did Bhupender get the visa nor the citizenship of Australia.

Later, Bhupender got to know that Boby's original name is Vikram Singh. Parminder Singh, Boby's brother, and Priyanka, Boby's wife, had established companies in India and Australia on the basis of fake documents. They had got weapon licences from Rohtak licence authority by giving fake information. The police have lodged a criminal case against Boby Bazaar, Priyanka, Mahender Chaudhary, Krishna Chaudhary and Parminder Singh. — TNS

MUNICIPAL COUNCIL MALOUT

E-TENDER NOTICE/NO-LG/MC/MALOUT/2020-21/03
Website: <http://www.eproc.punjab.gov.in>

The Municipal Council, Malout invites percentage rate basis E-Tender on double bid system above, below or at par for the Development of Street, Roads, Other, Labour Supply and other different works for the Cost 160.58 Lacs works from the enlisted firms/contractors/L/C/Societies. Other detailed terms and conditions can be seen in the office of the Municipal Council, Malout on any working day or on E-Tendering website (<http://www.eproc.punjab.gov.in>). Corrigendum, if any, will be issued on website only.

Date and Time Schedule for E-Tendering:-

(A) Date and Time Schedule:-

Vaccine roadblock

EU should not overlook approvals granted by WHO

THE Covid-19 Vaccines Global Access (COVAX), an international initiative aimed at equitable access to vaccines, was launched in April 2020, a few months after the outbreak of the pandemic. Among its co-founders is the World Health Organisation (WHO), the UN agency responsible for public health across the globe. COVAX has been working with governments and manufacturers for the past over a year to ensure that the vaccines are available worldwide to rich as well as poor countries. However, the situation on the ground is far from encouraging. As per a UN report, there is a huge disparity between the vaccination rates of various countries, mainly due to supply gaps. Some nations have inoculated over 60 per cent of their population, while at the other extreme are those which have covered not even 1 per cent of their citizens.

Even as travel and trade restrictions are being eased or lifted in many parts of the world, the reluctance of several European Union (EU) nations to accept Covishield-vaccinated travellers for unrestricted movement across the region has struck a discordant note. This obstacle has prompted COVAX to urge all regional, national and local government authorities to recognise as fully vaccinated all people who have received Covid-19 vaccines that have been deemed safe and effective by the WHO and/or the 11 Stringent Regulatory Authorities (SRAs), 'when making decisions on who is able to travel or attend events'.

The WHO emergency use listing includes Covishield, the main vaccine used in India ever since the inoculation programme began in mid-January, but it is not among the vaccines authorised by EU. The decision of the WHO and the SRAs on vaccine approvals should have worldwide acceptance, overriding the preferences of individual nations/blocs. The EU's pick-and-choose approach will not only worsen vaccine inequity but also undermine the UN body's authority. Consequently, such a parochial attitude will hamper efforts to reboot the global economy. The WHO chief has rightly said that until we end the pandemic everywhere, we will not end it anywhere. The EU, which includes some of the world's most affluent nations, should do course correction in the best interests of humankind.

Water scarcity

Displacement of Nuh villagers should be prevented

WATER crisis forcing villagers in Nuh district of Haryana to contemplate migration is a matter of concern. The residents, most of who are into farming, have to buy water from tankers at exorbitant rates to meet their daily needs. While the administration has planned digging of wells and ponds to bring relief, it may prove to be a case of too little, too late. Taking such measures in advance may prove to be more helpful in alleviating the distress. The Mewat region of Haryana has been affected by salinity in groundwater for long and the lingering of the problem points not only to developmental neglect of the district, but also discrimination in favour of areas that are more naturally endowed. That the crisis should take place when the paddy season is in full swing may only result in livelihood issues for the villagers.

Water crisis has also surfaced in Sangrur district of Punjab that borders Haryana. Like Nuh, Sangrur is listed among the dark zones where there is an acute deficit of groundwater. With water from tubewells turning out to be contaminated and unfit for consumption, villagers are hard-pressed to find clean drinking water, taking recourse to the Bhakra canal. The Covid pandemic has also deepened worries over untreated canal water being used for drinking purposes. Depletion of groundwater has already resulted in a revision of the date for sowing of paddy, a water-intensive crop, in Punjab and while efforts are made to supply uninterrupted power to the rural areas to help in farming activities, non-functioning tubewells add to the problem. A late monsoon in the north is also delaying the recharge of groundwater.

The problem should be looked at from a developmental perspective. Areas like Nuh need proper planning to tackle water scarcity which impedes growth with the district lagging behind others. Supply of clean drinking water is a clear parameter on the development index while irrigation for fields is important to sustain agriculture, the mainstay of the economy. Not measuring up on both fronts may prove detrimental.

THOUGHT FOR THE DAY

Skillful pilots gain their reputation from storms and tempests. — Epictetus

ON THIS DAY...100 YEARS AGO

The Tribune.

LAHORE, WEDNESDAY, JULY 6, 1921

THE ENGLISHMAN CENTENARY.

WE can all of us follow the excellent example set by Mr. Montagu and Lord Hardinge, and setting aside the great political differences that divide us from the *Englishman* of Calcutta, warmly congratulate it on the completion of its hundredth year. No two individuals that once can easily think of, whether Indian or English, have been subjected to more acrimonious, more savage and, on the whole, more unjustifiable attacks in the columns of the Calcutta paper than these two men, and yet when they were invited to join in the congratulations on the attainment of the centenary of the journal, they gladly agreed, one without any hesitation at all. "It is a pleasure to me", writes Lord Hardinge, "on the occasion of the centenary of the oldest of English-owned journals in the Indian Empire to congratulate the *Englishman* on its long-established position and influence in British India." "I am free to confess," writes Mr. Montagu, "that the suggestion that I should join in the congratulations on the attainment of the centenary of the *Englishman* has caused me some surprise and that acceptance is not without embarrassment. However, I accept it and put aside all political differences. I pass over not only these differences, but also personal criticism that I have resented as being based on prejudice and misrepresentation." When one remembers that the *Englishman* never forgave Lord Hardinge for his temerity in recommending the removal of the capital of the British India from Calcutta to Delhi and Mr. Montagu for what it believed to be his share in the initiation of the Reforms, and that in both cases, it actually stooped so low as the ascribe base and dishonourable motives to the objects of its venomous attack, it does one's heart good to notice this display of fine feeling on their part. Generosity like this is not a commonplace thing, whether in this or any other country.

A Force to reckon with

Wrong to claim that the IAF is a 'mere supporting' arm to the armed forces

MANOJ JOSHI

DISTINGUISHED FELLOW, OBSERVER RESEARCH FOUNDATION

HERE is considerable alarm in India's strategic community as to whether the moves towards restructuring the armed forces to create theatre commands have been sufficiently thought through. A great deal of it arises from concerns that the man chosen to lead the task in 2017, Chief of Defence Staff Gen Bipin Rawat, has never really had the intellectual heft to handle it. He proved this spectacularly last week in declaring at a seminar that the Indian Air Force was merely 'a supporting arm to the armed forces, just as artillery support or the engineer support the combatant arms in the Army.'

In one sentence, he negated the advances in warfighting that have taken place since World War II, and raised huge question marks about the intellectual underpinnings of the process he and his team are planning to put the Indian military through.

It doesn't take a genius to know that the next conventional war will, in all likelihood, be initiated by cyber attacks, followed by air strikes on the land and sea. To be successful, the Army, Navy and the Air Force will have to use the Indian variants of the American AirLand and AirSea battle doctrines. There will be no room for single service ego trips here; ignore the compulsions of fighting on an integrated war plan, and you lose the war.

The purpose of creating a theatre command is the need for a structure that can fight an integrated battle. This is not about ordering a

COUNTERVIEW: The IAF has categorically made it clear that it has very different views from those expressed by General Rawat (right). PTI

Decisions taken without careful study could unbalance our armed forces which are half-mobilised all the time.

platoon on parade to make a right or a left turn. It is about taking a million-and-a-half-strong, somewhat archaic, war machine and putting it through new paces. The danger is that bits and pieces of that machine may fall off, be forgotten, or be incapable of meeting the new demands.

The IAF has categorically made it clear that it has very different views from those expressed by General Rawat. These were put forward at the same seminar by Air Chief Marshal RKS Bhaduria. In such circumstances, it would be foolhardy for the military to undertake the leaps being envisaged.

Decisions taken without careful study could unbalance the armed forces which, in India's case, are half-mobilised all the time. For this reason, the Naresh Chandra Task Force of 2011-2012, recommended that a CDS-like figure be appointed immediately, but the process of creating theatre commands be carefully fleshed out through experimentation based on paper studies and joint exercises to debug issues relating to command and control and joint logistics.

There are other reasons for caution as well. In 2001, India created the Andaman & Nicobar joint services command, hoping that its experience will show the path towards more geographic joint commands. Few will deny that the experiment has been a failure.

India has a long history of dysfunctional jointness of its military. Even though combined arms operations were a legacy of World War II, the Indian military never quite took to them. One of the biggest fiascoes of the 1965 war was when the IAF was not even informed that the Army was launching an attack towards Lahore. The Army's designation of the 1999 Kargil operation as 'Op Vijay' and the IAF's nomenclature as 'Op Safed Sagar' in 1999 tells their own story.

It is easy enough, and General Rawat intends to show us, to issue the orders and create the theatre commands. But it will be quite another level of challenge to get these to work as intended. The process of taking forces that have been used to fighting their individual battle and getting them to work with others is not easy.

Adventure on a jammed road

RAJAN KASHYAP

ADVENTURES in real life usually happen by pure chance. Last week, I found myself imprisoned for several hours in my own car. At high noon, it was sweltering at 43 degree Celsius. The GT Road, India's busiest highway, had been effectively blockaded by protesters near Jalandhar. Cars and buses, carrying men, women and children, were stranded, unable to move forward or back.

Caught unawares, the travellers could not access even drinking water. The unforeseen stoppage of traffic proved to be a great leveller. Labourers, their families in tow, literally rubbed shoulders with the elite, who had to descend from their swanky Mercedes and Skodas. The only shel-

ter available was the shade of half-grown trees on the dividing verge of the motorway. Every person was pinning for a glass of water to replenish sapped energy. Some entrepreneurs had a field day selling water and aerated drinks at inflated rates.

Seeing no prospect of traffic moving, I desperately called a friend whose farmhouse was in the vicinity. Imagine my relief when a motorcyclist appeared out of nowhere! It was a gentleman farmer who had been detailed by my friend to rescue me. My benefactor offered me a ride on the uncomfortable pillion seat of his two-wheeler. We would have to travel on little-used village byways, he warned me, but his vehicle could weave through the labyrinth of vehicles.

In my younger days, I had used a sturdy scooter for touring villages in my official job. That was, however, several decades in the past. Now in my seventies, it was a venture fraught with risk.

Hemmed in as I was, I decided to take the plunge. Leaving my driver to bring the car later, I bravely jumped on to the contraption. We used to refer to our bicycles as 'bikes'. The same term now connotes a powerful motorcycle.

The pillion seats of today's machines are designed for the modern youth, I realised. To retain your balance, there is just one clumsy little handle that you can clutch. As the machine of 3.5 horse power quickly attains its cruising speed, you struggle like a novice rider atop an untamed, buckling horse. I found myself clinging for dear life as my

host, who introduced himself as Jaggi, moved deftly from village to village on paths that might have been used by horsemen a century ago.

Jolting over rickety, uneven village streets took a painful toll on the joints. Surprisingly, despite no visible traffic, the residents had built speed-breakers. It was a marvel how he skillfully manoeuvred the potholes and breakers impeding our movement.

After a frightening drive of 45 minutes, I was deposited safely at my friend's house. Profusely sweaty and dust-laden I was, but intact in limb. I recalled the words of the famous 16th-century essayist Francis Bacon, 'Travel in the younger sort is a part of education; in the elder, a part of experience.' My memorable experience was of a joyride unlike any.

LETTERS TO THE EDITOR

Change of guard

Reference to 'Tirath yatra ends'; the change of CM in Uttarakhand, just a year short of the next elections, speaks of a wider malaise on view in several states ruled by the BJP. Pushkar Singh Dhami sworn in as 11th CM of Uttarakhand; Dhami taking oath as the new Chief Minister — the third CM in the past four months — does not augur well for the image of the BJP leadership. One fails to comprehend the rationale behind the party high command handing over the reins of this hill state to the outgoing CM Tirath Singh Rawat, even as he was required to attain the membership of the state Assembly within six months, thus needlessly necessitating a bypoll just prior to the scheduled 2022 Assembly elections. The BJP may soon have to pay a heavy price for frequently playing with people's sentiments.

SS PAUL, NADIA

and financial resources. From promoting digital literacy to minimising entry barriers for tech startups, the incumbent government can leverage technology and digital solutions to achieve the highly ambitious target of doubling farmers' income by 2022.

KRISHAN BHATIA, HANSI

Taking people for a ride

Apropos of 'Pushkar Singh Dhami sworn in as 11th CM of Uttarakhand'; Dhami taking oath as the new Chief Minister — the third CM in the past four months — does not augur well for the image of the BJP leadership. One fails to comprehend the rationale behind the party high command handing over the reins of this hill state to the outgoing CM Tirath Singh Rawat, even as he was required to attain the membership of the state Assembly within six months, thus needlessly necessitating a bypoll just prior to the scheduled 2022 Assembly elections. The BJP may soon have to pay a heavy price for frequently playing with people's sentiments.

VINAYAK G, NEW DELHI

Political rigmarole

Reference to 'Tirath yatra ends', it is a welcome decision that will prevent the state from the agony of going for a byelection. The step will further boost the confidence of sitting MLAs that their associate is the choice. On and off, the practice of appointing MPs should be looked at as being detrimental to the true spirit of democracy and a burden on the state funds, by way

of holding unnecessary and wasteful byelections.

AKASH KUMAR, JAGRAON

Won't help farmers

Refer to 'Bridge the digital divide to empower farmers'; the increased use of Artificial Intelligence and digitisation are being advocated to the farmers by the government without considering the ground reality of their education and socio-economic status. The exploitation of farmers by supply chains and middlemen is a universal phenomenon. The practical solution is not the use of theoretical AI or digitisation but progressive legal reforms, as suggested by the CACP in its Kharif-2018 report to ensure the 'right to sell at MSP' and DBT to farmers' accounts, as recently adopted by the government for foodgrain procurement. In the overall interests of the farmers and agriculture, the Government of India should ensure the 'right to sell at MSP' to legally protect the farmers from exploitation.

VIRENDER SINGH LATHER, KARNAL

Sidhu's tantrums

Navjot Singh Sidhu's comments and aspersions defy the cardinal principle of loyalty. His forte of non-stop grumbling, ongoing tirade, scathing attacks on the Punjab CM, duly fanned and unchecked by his 'bosses' in Delhi, leaves one dumbstruck. The complete setup has ensured that the Congress party's reputation is in tatters. His desire to be the CM of Punjab, backed with freakish and trivial conduct, leaves one baffled and worried for the Congress, at least in Punjab.

SPS NARANG, NEW DELHI

Act of vandalism

Refer to 'Farmers damage BJP leader's paddy'; it is hard to believe that real farmers could resort to such an obnoxious act. It seems to be a clear case of vandalism undertaken by political opponents. Since it is a law and order issue, the police must book the culprits and take appropriate action. It also reflects poorly on governance by the state government. Political rivalry is understandable, but such an act of vandalism is certainly most undesirable and unhealthy for the civil society.

AK SHARMA, CHANDIGARH

Sense of identity should shape India's vision

M RAJIVLOCHAN

HISTORIAN

ANATION that can't imagine a future for itself is doomed to stumble about in history till it falls over. The only role left for it in this globalised world is to try to please those who have been able to imagine a future for themselves and are busy working towards that end. Unfortunately, India today seems to be stuck in trying to live up to the vision of other people, rather than having one of its own.

The best that Indians have been able to do in the past 100 years regarding imagining a future is to come up with the idea of 'Ram Rajya', an amorphous idea that means nothing when one starts seeking out its details. The best that the socialist India did in this direction was to create a Five-Year Plan, whose focus for the first 15 years was to ensure that Indians saved at least a quarter of their earnings. After that, the Plans became merely a device for the Centre to control the states rather than a device for achieving any goals. Even in the rather limited goal of making money, pretty little was achieved as was evident in the continued poverty and the almost total absence of industries that could service the needs of the nation and its people.

Very little was done to ensure that peo-

ple became capable. And the costs of this have been extremely high. In terms of capability-building, about all that was done was to create five IITs, one AIIMS and one JNU. Between them, these temples of higher learning enrolled just about 1,500 students each year. This meant that very few would get a chance for this privileged education. The rest simply lapsed into torpor. No wonder, the moneyed people took the first opportunity to send their children to the West for higher education as soon as the government removed constraints on such out-migration.

Today, of course, India pays heavily for such lapses. According to data collated by the RBI and the MEA, Indian students spent about \$7 billion in 2018-19 to study abroad. Most of them did so because they did not get a chance to enter a good college within India.

In contrast, at least the US and China have often stated what they wanted to achieve in the future. Those visions, often rooted within the system of higher education, have frequently guided their actions in real life. In the US, such grand imaginings started as early as the 1800s, when the USA was but a strip of land, 50 miles broad, extending from up north to the south, where it was stopped by the territories of the Spanish empire. Alexander Hamilton wrote of how America should oppose European intervention in the Americas. A few years later, this idea emerged as the Monroe Doctrine, in which the US promised to ensure that all debts owed by Latin American countries were paid back to their European principals and, in return, asked the Europeans to never intervene militarily in the Americas. 'A very big

bark from a very small dog,' remarked the foreign ministers of Europe as they dismissed American bravado.

What is important is that the vision did impact the minds of the US residents and urged them to form themselves into a nation which was good and independent. In the decades that followed, the conflict over what was good created rifts and a punishing civil war. But the vision of achieving greatness remained alive.

This found expression in the Mahan Doctrine, advocated by Captain Mahan, a professor at the Naval War College, who was promoted to Rear Admiral after retirement. Writing in the early 1890s, he recom-

mended that America focus on dominating the oceans as a first step towards emerging as a great power. This was a time when America had a handful of warships and a few thousand sailors, mostly foreigners. America's military might have remained what it was, yet by the end of the decade the Americans had defeated the mighty Spanish empire and taken over many of its territories.

The point, of course, is about having a vision. Visionless people are destined to flounder about and seek approval from anyone who seems powerful at the moment. Much like the Indians of today,

What does the future hold for India? This is a question that thinkers have ignored for too long.

We have had Five-Year Plans in plenty, a few 15-year Perspective Plans and some Grand Plans. But they are all focused only on making money and ensuring sundry 'development goals', which the UN has foisted upon us. We have done no thinking about creating goals suited to our own conditions.

INDIA'S STORY: Visionless people are destined to flounder about and seek approval from anyone who seems powerful at the moment. FILE PHOTO

What does the future hold for India? This is a question that thinkers have ignored for too long. Of course, we have had Five-Year Plans in plenty, a few 15-year Perspective Plans and some Grand Plans. But they are all focused only on making money and ensuring sundry 'millennium development goals', which the United Nations has foisted upon us. We have done no thinking about creating goals that are suited to our own conditions and requirements.

Thus, one of the associated goals was something called the Gross Enrolment Ratio, which focused on enrolling school passouts into college. No one bothered to ask what they would do in

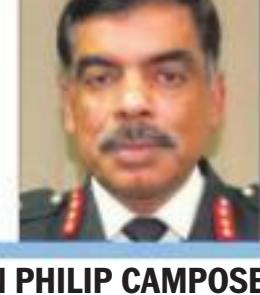

college. We ended up creating for ourselves a babysitting programme for adults rather than a system of higher education which would train these adults to stand on their own feet, earn their own livelihood, and if possible, add some value to society. It was almost as if we were waiting for further guidance from the UN, which in those days was under the control of the US.

Now that the UN's control seems to be moving into the hands of China, there is a likelihood that if we remain as unthinking today as in the past, our goals too would change; this time to suit the hopes and aspirations of China. Surely, the present involves the steps that we take to achieve a vision of the future. To that extent, the present is based on how we see the future.

A vision for the future is more than dreams of prosperity, of a universal basic income and an end to poverty. No doubt, greater prosperity is an excellent goal. But surely, great nations are defined by something more. For what that 'more' may be, for such a vision to emerge, a nation should have a sense of its own identity and of the ideas that move the people. Such an identity and vision cannot be borrowed from other countries.

For a country like India, achieving that sense of self has been a long and difficult journey. Even today, Indians remain dogged by low self-esteem and a perpetual tendency to articulate what 'Indianness' might be in terms of the supposed beliefs borrowed from the western world. Any such effort is doomed to failure. Nations must define themselves in terms of their own lived experience and not the lived experience of someone in a foreign land.

Go for cost-effective steps to tackle drones

LT GEN PHILIP CAMPOSE (RETD)

FORMER VICE-CHIEF OF ARMY STAFF

Henceforth, drones may be Pakistan's preferred means for executing attacks due to the inherent advantages of deniability and economy of effort. Therefore, there can be no let-up on our side in ensuring foolproof protective and counter measures. A strategic message must go to Pakistan that lack of a strong Indian response cannot be taken for granted.

THE June 27 terror attack on the Jammu airfield, using two small quadcopter drones, could well signify an escalation of the terrorist threat from Pakistan, which employs multiple dimensions — land, air, water and cyber — to reach the targets in India.

In the past, terrorist modules have mostly used the land route to infiltrate and reach their targets. Occasionally, maritime routes have been used — the Mumbai terror attack of November 2008 being the most prominent example.

This drone attack is the first known case of the use of the aerial route, possibly employing 'off-the-shelf' autonomous drones equipped with GPS sensors to bypass the checkpoints on the land route as well as the perimeter fencing and protective measures.

Alternatively, if these drones were ground-controlled, it implies that the controllers could be within a few kilometres of the target area. Such use of the aerial route by Pakistani terrorists to deliver explosive payloads to the target area poses special challenges due to the enhanced potential of wreaking damage to sensitive targets and assets — as experienced at the Russian bases of Hmeimim and Tartus in Syria and Caracas (Venezuela) in 2018 and in the Saudi oilfields in 2019. To that extent, the attempted drone strike can be described as a sudden escalation in terrorist capacity and efforts.

Defence installations, especially those close to the border, have been the preferred targets of Pakistan-based terrorist organisations because of the publicity and support it fetches them. Moreover, if these attacks are successful, as has happened on some occasions, it could lead to the lowering of the morale of the target-

HIGH TIME: Tech-based counter drone systems should be deployed across vulnerable areas to detect and destroy hostile drones. FILE PHOTO

ed units and the general public.

Significantly, the protective measures implemented by the forces after the January 2016 attack on the Pathankot airfield, based on the recommendations of the committee convened to review the security of the defence installations, have largely succeeded in preventing infiltration along the land and maritime routes from reaching the military targets.

To that extent, in keeping with the global trends, the use of armed drones was predictable, more so as there were recent reports of elements from Pakistan using drones for smuggling or carrying weapons across the border.

The Indian Air Force was fortunate that the drone attack against the Jammu airfield caused negligible damage. Nonetheless, the message was clear. Possibly, in view of the recent lack of success of their human terror modules in executing attacks, Pakistan has introduced another low-cost means of carrying out such attacks against Indian targets. The use of drones also enables deniability by Pak-

istan state agencies, which, predictably, will deny totally or ascribe responsibility to non-state actors.

This latest incident, therefore, can be described as another in the long list of hostile and provocative actions against India by Pakistan, which, as usual, has feigned ignorance about the attack. It appears that the aim of this attack was not only to cause damage/casualties and instil insecurity in military units close to the border but also to try and compel India and its armed forces to divert disproportionate attention and resources to deal with this threat.

On a higher plane, it would not be far-fetched to infer that the strike could be aimed at diverting capital funds from those aimed at modernising the Indian military to further beefing up protective measures opposite the Pakistan borders. Thus, the Indian security establishment and the armed forces must learn the right lessons. What are the lessons learnt from the latest drone-based terror strike?

First, it has been validated once again

that Pakistan and its proxies will continue to carry out cross-border terror attacks against sensitive targets in India, especially against security establishments in the vicinity of the border. Henceforth, drones may be the preferred means for executing such attacks due to the inherent advantages of deniability and economy of effort.

Therefore, there can be no let-up on our side in ensuring foolproof protective and counter measures. More importantly, whatever its intent, a strategic message must go to Pakistan that lack of a strong Indian response cannot be taken for granted and Pakistan would invite appropriate retaliation across multiple dimensions if it continues with such misdeeds.

Secondly, it is time that a review of the security of defence and other sensitive establishments close to the border is conducted, this time with focus on the aerial threat from drones. Low-technology drones, due to their small size and 'dumb' nature, pose special challenges for detection and engagement by conventional systems. While technology should play a leading role in dealing with the threat, the thrust should also be on low-cost, easily deployable physical measures which would be easier to implement. The responsibility for coordinating measures to deal with the aerial threat should be with the Indian Air Force. Air defence assets and counter-drone measures of the other services should be coordinated by the Air Force.

Thirdly, it is high time that technology-based counter-drone systems are deployed across vulnerable areas to detect and destroy hostile drones. Counter-drone technology involving radars, acoustic mechanisms, radio frequency devices and electro-optical

methodology, or a combination of such sensors, should be deployed at the earliest. Priority for such induction should be given to sensitive installations with high-value assets close to the border.

Over the last few years, especially after armed drones achieved a devastating effect in sub-conventional conflicts in West Asia and in conventional war conditions in the Azerbaijan-Armenia conflict, it is a given that both state and non-state actors would choose to acquire and employ armed drones in conflict situations.

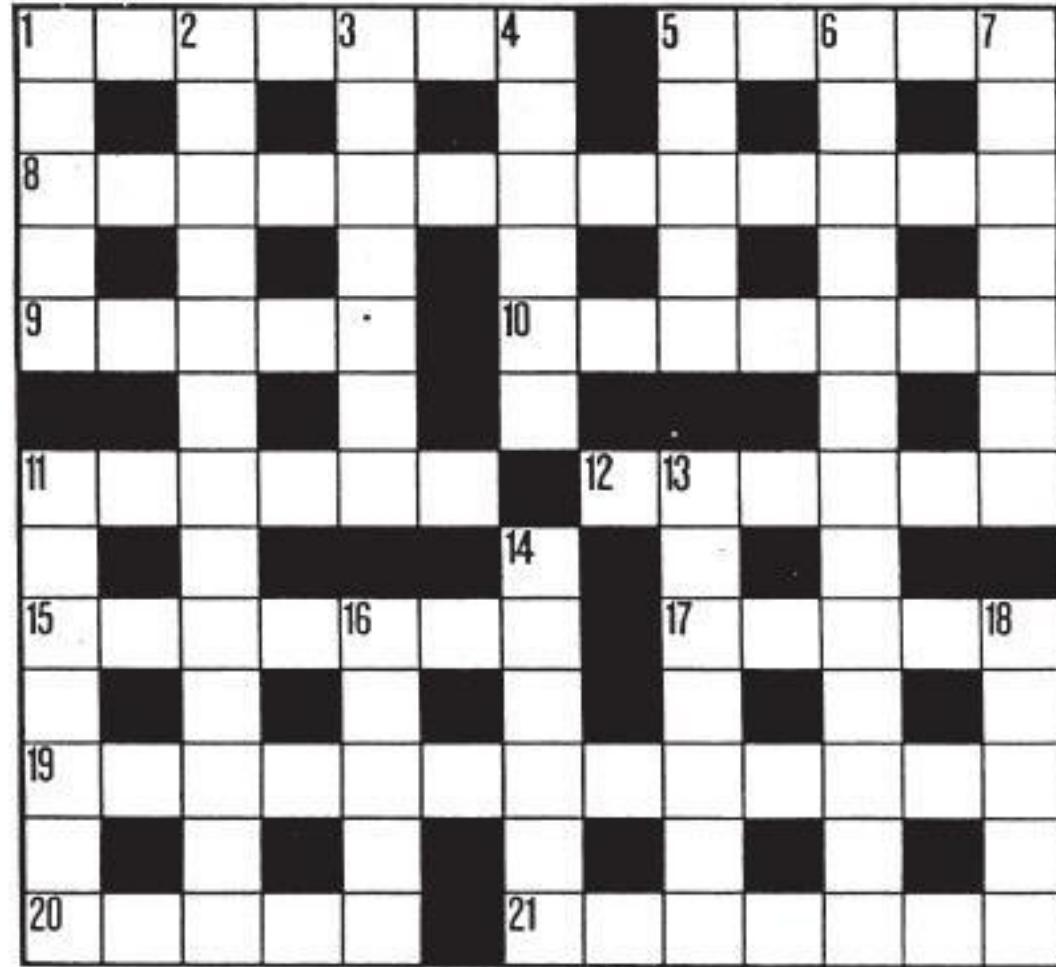

Hence, the efforts to induct armed drones into the armed forces' inventory should be given an impetus. To that extent, available conventional systems must be reconfigured to deal with this sub-conventional threat.

Finally, this attack should serve as a wake-up call to our security establishment. We have to be prepared for the eventuality that the next attack(s) may be more sophisticated and lethal, using better technology and more dangerous payloads. Nonetheless, our response should focus on simple, easily implementable and cost-effective strategies.

Care should be taken to ensure that our response is measured and nuanced, in keeping with the actual threat that has unfolded or may evolve. A disproportionate response or extensive diversion of the existing resources would only support the interests of our adversaries.

To start with, reactive measures appropriate to the threat as well as some active measures using simple, cost-effective technology should be implemented immediately within the ambit of the protective measures that are already in vogue. Simultaneously, options for possible retaliation should be planned for and honed.

Policeman injured in Doda grenade attack

BHADERWAH, JULY 5

A policeman was injured on Monday when some unidentified men hurled a grenade in Doda district, officials said.

The incident took place when Zahoor Ahmed (45), working with the SOG of the J&K Police, along with another jawan, was on duty at the District Police Lines at Doda, said SP(Operation) Raj Kumar.

He said the attack took place in an under-construction building outside the Police Lines. "Though Doda is militancy-free, it could be the work of overground workers who want to revive militancy in the area," the officer said. The injured cop was shifted to a government medical college hospital in Doda, where his condition is stated to be stable. Kumar said additional police and Army personnel have been rushed to the area to take stock of the situation. — PTI

Confirmed: 2.5 kg RDX was used in drone attack

Jammu: Nearly 2.5 kg of RDX was used in the two bombs suspected to have been dropped by Pakistan-based LeT terrorists on the IAF station here through drones on June 27, officials said on Monday. The NIA

probe indicated that the drones with bombs, containing nearly 2.5 kg RDX, came from across the border.

While one of the bombs was

laced with 1.5 kg of RDX, the other contained nearly 1 kg of RDX, the officials said. PTI

Outrage as Swamy dies waiting for bail

FROM PAGE 1

The death of Swamy, one of the 16 persons arrested under the Unlawful Activities (Prevention) Act in the Elgar Parishad case, sparked outrage with activists, politicians and human rights leaders expressing shock. He was arrested by the National Investigation Agency on October 8, 2020, from Ranchi.

In May, he had told the HC that that his health was deteriorating and he could no longer bathe, walk or write by himself. Swamy's demise was condemned across sections with Congress leader Rahul Gandhi saying he deserved justice and the CPM expressing shock.

PDP chief Mehbooba Mufti said, "a ruthless and callous

government that deprived Stan Swamy of dignity even while he was alive has blood on its hands." EU Special Representative for Human Rights Eamon Gilmore said, "Swamy was a defender of indigenous peoples' rights."

Mary Lawlor, UN Special Rapporteur on Human Rights Defenders, tweeted, "human rights defender Jesuit priest Stan Swamy has died in custody nine months after his arrest on false charges of terrorism." While the HC did not pass orders initiating a judicial inquiry into the demise, it recorded that the amended Section 176 (1A) of the CrPC mandated judicial inquiry into every case of death in custody.

Commission to meet March '22 deadline

FROM PAGE 1

Narendra Modi on June 24, the sources said. The other two members of the panel are Chief Election Commissioner Sushil Chandra and J&K Election Commissioner KK Sharma.

There would be four basic tenets for delimiting the constituencies — physical features, existing boundaries of administrative units, facilities of communication and public convenience, they said.

During its visit to J&K beginning on Tuesday, the commission will meet representatives of political parties, public representatives and officials of 20 districts of the UT. The commission will first visit Srinagar and then Jammu. — TNS

Mughal, Sinthan roads reopen for traffic after 2 yrs

SRINAGAR, JULY 5

The historic Mughal and Sinthan roads, connecting the Kashmir valley to Poonch-Rajouri and the Chenab valley regions, respectively, were thrown open for vehicular traffic on Monday after remaining closed for nearly two years following the abrogation of Jammu and Kashmir's special status in August 2019.

"Light motor vehicles as well as heavy motor vehicles were allowed to ply on the Mughal road on Monday. The road was reopened for civilian movement after two years," an official said. The roads were closed on August 4, 2019, as a precautionary measure before the Centre abrogated Article 370. — PTI

Recruitment for two women battalions begins

SRINAGAR, JULY 5

The process of recruitment for two women battalions in Jammu and Kashmir has started with the police announcing their test timetable on Monday.

The chairman of the Police Recruitment Board announced the schedule for conducting the physical standard and endurance tests of the candidates belonging to the Jammu division and Ladakh, who applied under the Scheduled Caste category against the vacant posts in the UT. "The physical endurance test/physical standard test of candidates belonging to Ladakh, who have applied for the post of constables in two women battalions, shall be conducted between July 26 and August 3," a notification said. — PTI

We are using its water for household chores and drinking," he said. Water is available at 20 ft in the well. "It is a makeshift arrangement till the government arranges adequate water for us," said Sunita, a local resident.

Sarpanch Kuldeep Singh said the village had a population of 7,000 and needed more water than available.

"The government has issued tenders to lay a pipeline from Bhaini canal to the village waterworks. The Rs 65-lakh project is stuck due to some technical issues. Once completed, there will be no shortage of water," he said.

Jabeur makes Wimbledon history for Arab women by sealing last-8 spot

Arabian nights

LONDON, JULY 5
Tunisian trailblazer Ons Jabeur became the first Arab woman to reach the Wimbledon quarterfinals with a dazzling 5-7 6-1 6-1 victory over seventh seed Iga Swiatek today. Jabeur lost four games in a row from a position of strength to concede the opening set but responded in sensational fashion to

outplay last year's French Open champion.

The 26-year-old has now beaten three Grand Slam champions so far here, taking out five-time Wimbledon winner Venus Williams and Spain's Garbine Muguruza during her impressive run.

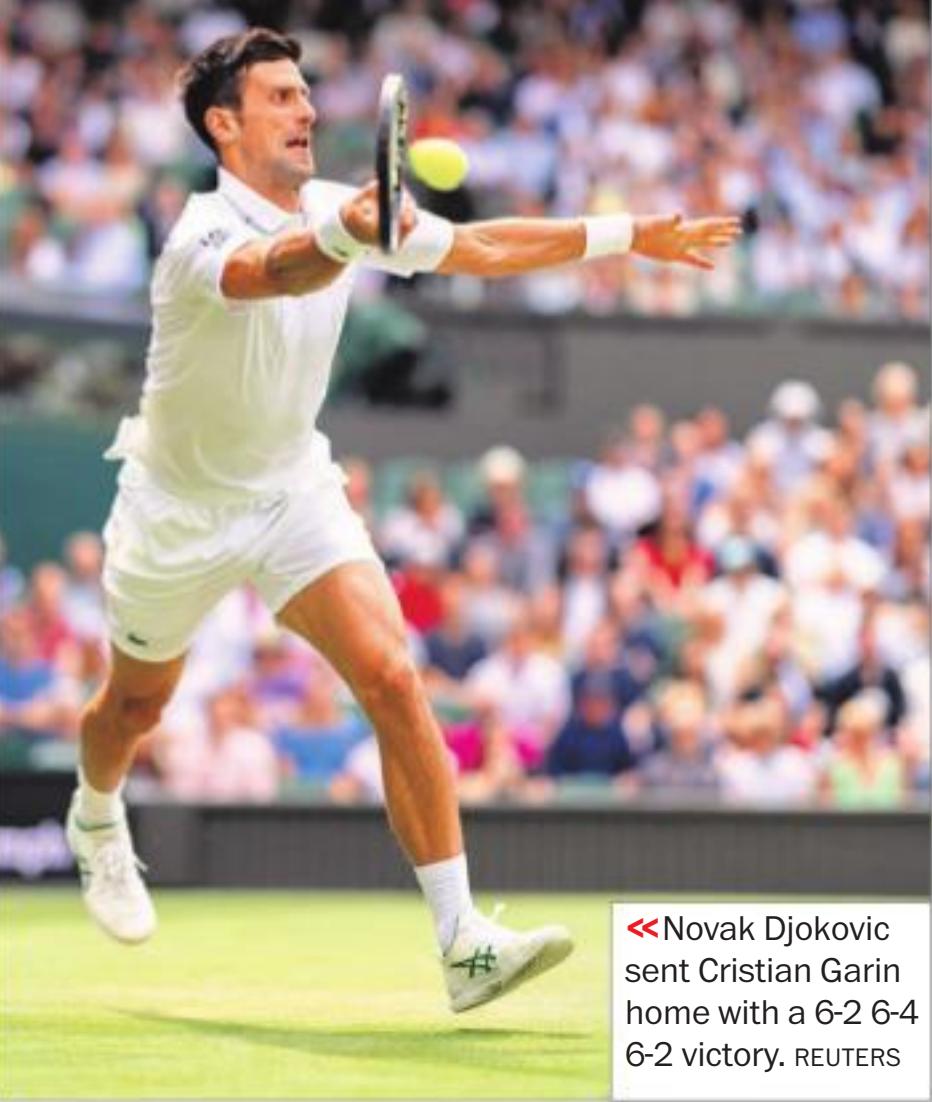

In doing so she has endeared herself to the Wimbledon crowds with a wily

game full of variety but also power when required.

Jabeur will contest her second Grand Slam quarterfinal tomorrow against Belarusian second seed Aryna Sabalenka, having reached her first in Australia in 2020.

While that was viewed as a surprise, even by herself, the Tunis-based player has reached at least the third

round of every subsequent Grand Slam tournament and became the first Arab woman to win a WTA title on the Birmingham lawns last month. "My goal is to break this quarter-final and be able to go to the semi and why not the final? I'm enjoying my time here in Wimbledon, enjoying the grass a lot," she said. — Reuters

AfI names 26-member squad for Tokyo Olympics

NEW DELHI: The Athletics Federation of India (AfI) today announced a 26-member team for the upcoming Tokyo Olympics. Dutee Chand, MP Jabir, Gurpreet Singh and Annu Rani have been assured of entries on the strength of their rankings. Gurpreet is the latest inclusion assured of qualification, according to the AfI.

Squad: Men: Avinash Sable (3000m

steeplechase); MP Jabir (400m hurdles); M Sreeshankar (long jump); Tajinder Pal Singh Toor (shot put); Neeraj Chopra and Shivpal Singh (javelin throw); KT Irfan, Sandeep Kumar and Rahul Rohilla (20km walk); Gurpreet Singh (50km walk); Amoj Jacob, Arokia Rajiv, Muhammed Anas, Naganathan Pandi and Noah Nirmal Tom (4x400m relay).

Women: Dutee Chand (100m, 200m); Kamalpreet Kaur and Seema Antil Punia (discus throw); Annu Rani (javelin throw); Bhawna Jat and Priyanka Goswami (20km walk). **Mixed 4x400m relay:** Sarthak Bhamari, Alex Antony, Revathi Veeramani, Subha Venkatesan and Dhankashmi Sekhar. PTI

Hockey captain to hoist Tricolour at Olympics opening ceremony along with Mary Kom

NEW DELHI, JULY 5

Celebrated boxer MC Mary Kom and men's hockey team skipper Manpreet Singh will be the country's flagbearers at the opening ceremony of the Tokyo Olympics, the Indian Olympic Association (IOA) announced today.

One of India's biggest medal hopes, wrestler Bajrang Punia, will be the flagbearer at the closing ceremony on August 8. The IOA has communicated the decision in this regard to the organising committee of the Tokyo Games.

In a first, India will have two flagbearers — one male and one female — at the upcoming Games to ensure "gender parity". This was recently informed by IOA chief Narinder Batra.

"It would be a huge moment for me given that it is my last Olympics. Who knows I might even get emotionally overwhelmed," Mary Kom told PTI. "I am truly honoured to get this opportunity of leading the

Huge honour to be named flagbearer, says Manpreet

team out during the opening ceremony and I thank the sports ministry and IOA for naming me. It would be added motivation for me. I promise to do my best for a medal," the six-time world champion added.

The country's sole individual Olympic gold medallist Abhinav Bindra was the flagbearer at the opening ceremony of the 2016 Games in Rio de Janeiro.

"This is amazing, and I am speechless. I think it's a huge honour to be named the flagbearer for the opening ceremony alongside the

incredible Mary Kom," Manpreet was quoted as saying in a Hockey India release. "I have always been inspired by her journey in boxing and personally for me, this is a big moment in my career, and it is also a huge moment for hockey. I thank the IOA for this great opportunity, and am looking forward to the responsibility at the opening ceremony in Tokyo," he added.

The Tokyo Games are scheduled to open on July 23 and over 100 Indian athletes would be gunning for podium finishes at the showpiece, which was postponed by a year because of the pandemic.

At its executive board meeting last year, the International Olympic Committee had made provisions for flagbearers from both genders at the opening ceremony. "...the IOC executive board also decided that there should be — for the first time ever — at least one female and one male athlete in every one of the 206 teams and the IOC Refugee Olympic Team participating at the Games," IOC chief Thomas Bach had said. — PTI

Unruly behaviour by legislators unacceptable: SC to Kerala Govt

Vijayan govt had moved court to get cases dropped against CPM leaders

SATYA PRAKASH
TRIBUNE NEWS SERVICE

NEW DELHI, JULY 5
Taking strong exception to vandalism by CPM lawmakers in the Kerala Assembly in 2015, the Supreme Court on Monday said such conduct can't be condoned.

"Prima facie we have to take a strict view of this kind of behaviour. We will not condone this kind of behaviour of MLAs who, on the floor of the House, throw mic and destroy public property," a Bench led by Justice DY Chandrachud said, adding, they must face trial.

"They were MLAs and they were representing people... What message are they giving to the public?" commented the Bench, which also included Justice MR Shah.

The top court was hearing the Kerala Government's petition seeking permission to withdraw criminal cases against CPM leaders, includ-

ing state's Education Minister Sivankutty, for alleged vandalism on the floor of the state assembly in 2015, when the party was in the opposition.

Noting that such incidents were on the rise, the court said,

must be ensured that decorum is maintained in the House."

The Bench posted the matter for hearing on July 15, saying it needed to examine certain additional documents filed in the case.

Citing legislative privileges, the Pinarayi Vijayan government has challenged the March 12 order of the Kerala High Court refusing to give its nod for withdrawal of cases.

The Kerala Assembly had witnessed bedlam on March 13, 2015, as LDF members tried to prevent then finance minister KM Mani, who was facing allegations in the bar bribery scam, from presenting the state budget. The CPM MLAs had allegedly vandalised the Speaker's dais, uprooted his chair, pulled out the mike system and computers.

Refusing to allow withdrawal of cases, the Kerala High Court had said elected representatives were expected to uphold the prestige of the House or face consequences.

PM offers to share CoWIN platform with all countries

TRIBUNE NEWS SERVICE

NEW DELHI, JULY 5

Prime Minister Narendra Modi on Monday offered India's CoWIN platform to the world for adaptation to local use. Speaking at the global CoWIN conclave attended by health and technology experts from abroad, Modi said having been used in India, "you can be sure the software has been tested in the real world for speed and scale".

The PM said while planning its vaccination strategy, India decided to adopt a completely digital approach. Given how precious each dose of vaccine is, each dose could be tracked and

Also extends to WHO's Covid Technology Access Pool

wastage minimised. This would not have been possible without an end-to-end digital approach.

The CoWIN global conclave was organised today to share the digital platform's success story, which forms the technological backbone of India's Covid-19 vaccination drive.

India has offered the platform, which can be adapted and scaled up for health interventions across the world, to partner countries as a global public good.

The platform is also being offered to the World Health Organisation's Covid Technology Access Pool (CTAP).

Over 400 delegates from 140 countries and other organisations attended the conclave.

Of the five ministers from other countries who spoke, Bangladesh's Zunaid Ahmed Palak revealed that his country has a similar app while those from smaller countries — Bhutan, Maldives, Afghanistan and Guyana — looked forward to replicating the Indian experience. Interest has already been shown by Vietnam, Lao PDR, Cyprus, Croatia, Sierra Leone, Zambia and Malawi.

IN BRIEF

Jaishankar set to visit Russia this week

NEW DELHI: External Affairs Minister S Jaishankar is set to visit Moscow this week to prepare the ground for the annual India-Russia summit and discuss the fast-evolving situation in Afghanistan, people familiar with the development said on Monday. PTI

Three students die as boat capsizes

KOCHI: Three persons, including a 22-year-old woman, died after their fibre boat capsized in a lake here on Monday. One person in the boat was rescued by locals. They were students, belonging to the age group of 18 to 22. PTI

e-commerce rules: Deadline for response extended

NEW DELHI: The government again delayed the implementation of new e-commerce rules after it accepted the request from industry associations as well as e-commerce giants for extension of the deadline for sending in their comment on the draft rules by a month to August 5. TNS

CBI files 2nd FIR in Gomti project case

NEW DELHI, JULY 5

The CBI today registered a second FIR against 16 officials and 173 private individuals and entities (contractors) in a case pertaining to Rs 1,437-crore Gomti riverfront development project in Lucknow, which was undertaken during the tenure

Names 16 officials,
173 contractors

of the previous Samajwadi Party government in UP.

The first FIR has already covered work orders worth over

Rs 1,031 crore relating to the project, agency officials said.

Akhilesh Yadav was the CM then and the Assembly poll in UP are due to take place next year. After the FIR, the CBI sleuths conducted raids at 42 locations across three states. — TNS

Rationalised syllabus, two term exams: CBSE scheme for 2022 batch

TRIBUNE NEWS SERVICE

in March-April 2022.

"The syllabus for the 2021-22 academic session will be divided into two terms by following a systematic approach by looking into the inter-connectivity of concepts and topics by the subject experts," he said.

"The Board will conduct examinations at the end of each term on the basis of the bifurcated syllabus. This has been done to increase the probability of having a Board conducted classes X and XII examinations at the end of the academic session," he said.

The syllabus for the Board examination 2021-22 will be rationalised similar to that of the last academic session to be notified in July 2021. Schools will also use alternative academic calendar and inputs from the NCERT on transacting the curriculum.

Pranab's son joins Trinamool

TRIBUNE NEWS SERVICE

KOLKATA, JULY 5
Abhijit Mukherjee, former Congress MP and son of late President Pranab Mukherjee, on Monday joined West Bengal's ruling Trinamool Congress (TMC) in a low-key function at the party headquarters "Trinamool Bhawan" here.

Abhijit was welcomed by Sudip Bandyopadhyay, TMC leader in the Lok Sabha, and Partha Chatterjee, secretary general of the TMC in Bengal.

The Mukherjee scion twice remained member of the Lok Sabha from Jangipur before being relegated to the third position in the 2019 LS poll.

Abhijit (61) first became an MP from Jangipur on the Congress ticket in 2012 after his father Pranab Mukherjee, sitting MP, resigned from the Lok Sabha midway through his term to take up the post of President.

In the General Election held two years later, Abhijit secured

Trinamool Congress Lok Sabha MP Sudip Bandyopadhyay (R) with former Congress MP Abhijit Mukherjee in Kolkata on Monday. PTI

a modest victory. Abhijit lost to TMC's Khalilur Rahaman and was relegated to the third position at Jangipur in the last LS poll held in 2019.

Abhijit said having handed out a massive defeat to the BJP, CM Mamata Banerjee was in course to emerge as the face of the anti-BJP political forces.

"The way she halted the recent communal wave by the BJP I believe in the future, with the support of others, she

will be able to do the same in the entire country," he added.

Abhijit said he was not a legislator nor was he an office-bearer of the Congress. He was only a primary member of the Congress and that membership lapsed in three years in the normal course unless renewed again.

On his sister Sharmistha Mukherjee's continued association with the Congress, Abhijit said she was free to chart her own political course.

'DRAFT'
**Rehabilitation and Resettlement Scheme
for affected families
of
Mohal Naula
due to acquisition of land for
Luhri Hydro Electric Project Stage-I
(210MW)**

(Draft)

REHABILITATION AND RESTLEMENT SCHEME, 2020 SPECIFICALLY FOR THE REHABILITATION OF PROJECT AFFECTED FAMILIES DUE TO LAND ACQUISITION OF AREA MEASURING 01-30-85 HECTARES IN MOHAL NAULA OF TEHSIL KUMARSAIN, DISTT. SHIMLA (H.P.) FOR 210 MW LHEP STAGE-I

Requiring body/Executing Agency:- SJVN Limited.

Name of Project:- Luhri Hydro Electric Project Stage-I (210 MW)

A) PERIOD FOR THE IMPLEMENTATION OF THE REHABILITATION AND RESETTLEMENT SCHEME:

- Land is being acquired for dumping purpose; therefore, this Rehabilitation and Resettlement Scheme shall be implemented within 6 months from the award.
- Families being displaced are rehabilitated well before taking possession of dwelling houses.
- Rehabilitation and Resettlement monetary benefits detailed in this scheme will be paid to the affected families along with compensation of land.

B) BACKGROUND, HISTORY AND PROVISION FOR THE REHABILITATION AND RESETTLEMENT SCHEME:

1. Luhri Hydro Electric Project Stage-I (210 MW) has been allotted to the M/S SJVN Limited which is Joint venture of Govt. of India and Govt. of Himachal Pradesh vide letter No. HPDPO/CE(Energy) Luhri HEP/Vol. II/2017 4679-80 dated 29.08.2017 of the Director, Energy, HP for construction and operation. For the execution of above project, the Govt. of HP department of MPP & Power has issued preliminary notification No. MPP-F(5)-11/2016-I-loose dated 03.06.2020 under Section 11(1) of the Right to Fair Compensation and Transparency in and Acquisition, Rehabilitation & Resettlement Act, 2013(hereinafter Act, 2013) for the acquisition of land measuring 01-30-85ha. situated in Mohal Naula, Tehsil Kumarsain, Distt. Shimla in favour of M/S SJVN Ltd. In the above notification the undersigned has been appointed as Administrator for preparing the Rehabilitation and Resettlement scheme (hereinafter R&R Scheme) under Section 16 of Act, 2013 read with Rule 7 of the HP Right to Fair Compensation and Transparency in and Acquisition, Rehabilitation & Resettlement (Compensation, Rehabilitation and Resettlement and Development Plan) Rules, 2016 (hereinafter Rules, 2016) for the affected families of above villages.

2. Rule 7 of the Rules, 2016 provides that upon publication of the preliminary notification under Section 11(1) of Act, 2013, Administrator has to conduct a survey and undertake a census of the affected families within a period of two months. The notification was published in the State Gazette on dated 22.07.2020 and in the newspapers on dated 10.07.2020. Keeping in view the last date of publication, door to door survey and census of the affected families was required to be completed by 21.09.2020. The administrator R&R has constituted a committee comprising of SDO(Civil) Kumarsain Chairman, BDO Narkanda member, Veterinary Officer Shawatsub, Teh Kotgarh member to conduct a survey and undertake a census of the affected families vide order no. SML-Rev(Land Acq2020 - 654 -58 dated 01.07.2020. However due to Covid19 and panchayat election, this task could not be started and completed within the stipulated period. SDM Kumarsain involved Tehsildar Kumarsain and his field revenue staff of the Kotgarh for completing the task. The task completed on 01.02.2020.

3. Before start of door-to-door survey and census the provision of the Act 2013 and Rules 2016 were gone through thoroughly, the definitions given in the Act 2013 were found appropriate to discuss the same which are relevant for the preparation of the **draft Resettlement and Resettlement Scheme**. Therefore, such definitions provided under Section 3 of the Act 2013, are reproduced as under:-

c) "Affected Family" includes:

- A family whose land or other immovable property has been acquired.
- A family which does not own any land but a member or member of such family may be agricultural labourers, tenants including any form of tenancy or holding of usufruct right, share croppers or artisans or who may be working in the affected area for three years prior to the acquisition of land, whose primary source of livelihood stand affected by the acquisition of land.
- The Schedule Tribes and other traditional forest dwellers who have lost any of their forest rights recognized under the Schedule Tribes and other Traditional Forest Dwellers (Recognition of Forest Rights) Act 2006 due to acquisition of land.
- Family whose primary source of livelihood for three years prior to the acquisition of land is dependent on forest or water bodies and includes gatherers of forest produce, hunters, fishers folk and boatmen and livelihood is affected due to acquisition of the land.
- A member of the family who has been assigned land by the State Government or the Central Government under any of its scheme and such land is under acquisition.
- A family residing on any land in the urban areas for proceeding three years or more prior to the acquisition of land or whose primary source of livelihood for three years prior to the acquisition of land is affected by the acquisition of such land.

k) "Displaced Family" means any family, who on account of acquisition of land has to be relocated and resettled from the affected area to the resettlement area.

m) "Family" includes a person, his or her spouse minor children, minor brother and minor sister dependent on him

provided that widows, divorcees and women deserted by families shall be considered separate families

Explanation- An adult of either gender with or without spouse or children or dependents shall be considered as a separate family for the purpose of this Act.

r) "Land owner" includes any person;

- Whose name is recorded as the owner of the land or building or part thereof, in the record of the authority concerned; or
- Any person who is granted forest rights under the Schedule Tribes and other Traditional Forest Dwellers (Recognition of Forest Rights) Act 2006 or under any other law for the time being in force; or
- Who is entitled to be granted Patta rights on the land under any law of the State including assigned lands; or
- Any person who has been declared as such by an order of the court or authority.

4. Thus, in view of the provision given in the definition of the word "family" vide clause (m) of Section 3 of the Act 2013, it is quite clear that for the purposes of this Act and for the finalization of the Resettlement and Rehabilitation Scheme, the adult members of a household of either gender with or without spouse or children or dependants are to be considered as a separate family. And all such families shall be in the category of the "affected families" if they satisfy the conditions laid in sub clause (i) to (vi) of the clause (c) of Section 3 of the Act 2013 which defines the "affected family".

5. The field survey and census work started by members of the committee along with Tehsildar Kumarsain and field revenue staff of Sub Tehsil. There are 132 landowners of Mohal Naula. Out of above landowners some landowners were residing at unknown places as their address was not forthcoming even after making enquiry from neighbour landowners. The committee members and Tehsildar Kumarsain also reported difficulties being faced by them in collection of data which was sorted out by deputing field revenue staff for completing the task. Tehsildar Kumarsain also persuaded to assist the field staff in collection of data and to find out the address/Mobile nos. of those landowners, who are residing out of the affected area. During the visit of SDM (Kumarsain), land was also seen which is contiguous to left bank of river Satluj and area is barren.

6. Finally even after hindrance due to Covid-19 and code of conduct due to panchayat level elections and field difficulties i.e non co-operation of the affected landowners, survey of all kind of trees, structures enumerated in the presence of landowners and after door to door survey & census data pertaining to landowners and tenants their land holding, Aadhar No., land under acquisition, landless agriculture labourers who lost livelihood due to acquisition of land, common and Govt. property under acquisition, displaced families, infrastructure in the affected area, traders or businesses, village artisans in the affected area, landless and houseless families and Scheduled Castes and Scheduled Tribes families, handicapped or physically challenged persons in the affected area etc. were collected.

7. Now before finalising the R&R Scheme it is pertinent to mention here that the Second Schedule of the Act, 2013 provides the elements of Rehabilitation and Resettlement Entitlements for all the affected families (Both land owners and the families whose livelihood is primarily dependent on land acquired) in addition to those provided in the First Schedule. On the basis of this Schedule all elements of Rehabilitation and Resettlement entitlements is required to be worked out. Therefore, for the sake of convenience to work out the entitlements the relevant provision is reproduced as under:-

Sr. No.	Elements of Rehabilitation and Resettlement Entitlements	Provision applicable to the affected families as per Right to Fair Compensation and Transparency in Land acquisition and R&R Act 2013	Whether provided or not (if provided, details to be given)	Mohal Naula

'DRAFT'

**Rehabilitation and Resettlement Scheme
for affected families
of
Mohal Nirath & Bhadrash
due to Purchase of land on negotiated rate for
Luhri Hydro Electric Project Stage-I
(210 MW)**

(Draft)

REHABILITATION AND RESETTLEMENT SCHEME FOR THE REHABILITATION OF PROJECT AFFECTED FAMILIES DUE TO PURCHASED OF LAND MEASURING 13-62-16 HECTARES IN MOHAL NIRATH AND BHADRASH DISTRICT SHIMLA.

Requiring body/Executing Agency:- SJVN Limited.

Name of Project:- Luhri Hydro Electric Project Stage-I (210 MW)

A) PERIOD FOR THE IMPLEMENTATION OF THE REHABILITATION AND RESETTLEMENT SCHEME:

- Land has been/are being purchased for reservoir purpose from Mohal Nirath and Mohal Bhadrash, therefore, this Rehabilitation and Resettlement Scheme shall be implemented six months prior to submergence of land.

- Families being displaced are rehabilitated well before taking possession of dwelling houses.

- Rehabilitation and Resettlement monetary benefits detailed in this scheme be paid to the affected families along with compensation of land.

B) BACKGROUND, HISTORY AND PROVISION FOR THE REHABILITATION AND RESETTLEMENT SCHEME:

- Luhri Hydro Electric Project Stage-I (210 MW) has been allotted to the M/S SJVN Limited which is joint venture of Govt. of India and Govt. of Himachal Pradesh vide letter No. HPDOE/CE(Vol. II)/2017/4679-80 dated 29.08.2017 of the Director, Energy, HP for construction and operation. For the execution of above project, the Govt. of HP department of MPP & Power has issued notification No. MPP-F(5)-11/2016-I dated 06.03.2020 to purchase of land on negotiated rates area measuring 13-62-16 Ha., out of which 08-98-20 Ha. situated in Mohal Nirath and 04-63-96 Ha. situated in Mohal Bhadrash, Tehsil Rampur Bushahr, Distt. Shimla in favour of M/S SJVN Ltd with the condition that mandatory provisions of Rehabilitation and Resettlement as well as other provisions of 'Right to fair compensation and Transparency in Land Purchase Rehabilitation & Resettlement Act 2013' may also be complied with. The rates of area has been approved by H.P.Govt. and conveyed to SJVN by Addl. Secretary (MPP & Power) vide letter no. MPP-F(5)-11/dated 06.03.2020. The ADM (P) has been directed to prepare the R&R scheme under Section 16 of Act, 2013 in respect of private land being purchased on negotiated rate which has been approved by Govt. of HP in village Nirath and Bhadrash by the SJVNL for construction of LHEP Stage-I on dated 20.08.2020. ADC (Shimla) further directed to SDM (Rampur) for taking further action under the provision ibid act and rules vide letter no. SML-Rev. (Land Acq.)-2020- nil dated Sep. 2020.

- Rule 7 of the Rules, 2016 provides that Administrator has to conduct a survey and undertake a census of the affected families within a period of two months. Keeping in view the direction given by HP Govt. door to door survey and census of the affected families was required to be completed by 20.10.2020. But due to Covid-19 and thereafter due to announcement of code of conduct of HP Panchayat Election this task could not be started and completed within the stipulated period.

- Before start of door-to-door survey and census the provision of the Act 2013 and Rules 2016 were gone through thoroughly, the definitions given in the Act 2013 were found appropriate to discuss the same which are relevant for the preparation of the **draft Resettlement and Resettlement Scheme**. Therefore, such definitions provided under Section 3 of the Act 2013, are reproduced as under:-

c) "Affected Family" includes:

- A family whose land or other immovable property has been acquired.
- A family which does not own any land but a member or member of such family may be agricultural labourers, tenants including any form of tenancy or holding of usufruct right, share croppers or artisans or who may be working in the affected area for three years prior to the purchase of land, whose primary source of livelihood stand affected by the purchase of land.
- The Schedule Tribes and other traditional forest dwellers who have lost any of their forest rights recognized under the Schedule Tribes and other Traditional Forest Dwellers (Recognition of Forest Rights) Act 2006 due to purchase of land.
- Family whose primary source of livelihood for three years prior to the purchase of land is dependent on forest or water bodies and includes gatherers of forest produce, hunters, fishers folk and boatmen and livelihood is affected due to purchase of land.
- A member of the family who has been assigned land by the State Government or the Central Government under any of its scheme and such land is under purchase.
- A family residing on any land in the urban areas for proceeding three years or more prior to the purchase of land or whose primary source of livelihood for three years prior to the purchase of land is affected by the purchase of such land.

k) "Displaced Family" means any family, who on account of purchase of land has to be relocated and resettled from the affected area to the resettlement area.

m) "Family" includes a person, his or her spouse minor children, minor brother and minor sister dependent on him

provided that widows, divorcees and women deserted by families shall be considered separate families

Explanation- An adult of either gender with or without spouse or children or dependents shall be considered as a separate family for the purpose of this Act.

r) "Land owner" includes any person;

- Whose name is recorded as the owner of the land or building or part thereof, in the record of the authority concerned; or
- Any person who is granted forest rights under the Schedule Tribes and other Traditional Forest Dwellers (Recognition of Forest Rights) Act 2006 or under any other law for the time being in force; or
- Who is entitled to be granted Patta rights on the land under any law of the State including assigned lands; or
- Any person who has been declared as such by an order of the court or authority.

- Thus, in view of the provision given in the definition of the word "family" vide clause (m) of Section 3 of the Act 2013, it is quite clear that for the purposes of this Act and for the finalization of the Resettlement and Rehabilitation Scheme, the adult members of a household of either gender with or without spouse or children or dependants are to be considered as a separate family and all such families shall be in the category of "affected families" if they satisfy the conditions laid in sub clause (i) to (vi) of the clause (c) of Section 3 of the Act 2013 which defines the "affected family".

- The field survey and census work started by the field revenue staff of Tehsil Rampur Bsr. on 15.10.2020. There are 352 and 137 landowners of Mohal Nirath and Bhadrash respectively. Out of above landowners some landowners were residing at unknown places as their address was not forthcoming even after making enquiry from neighbour landowners. The field staff reported difficulties being faced by them in collection of data and to find out the address/mobile Nos. of those landowners who are residing out of the affected area. The land is contiguous to left bank of river Satluj.

- Finally even after hindrance due to Covid-19 and field difficulties, survey of all kind of trees, structures enumerated in the presence of landowners and after door to door survey & census data pertaining to landowners and tenants their land holding, Aadhar No., land under Purchase, landless agriculture labourers who lost livelihood due to Purchase of land, common and Govt. property under Purchase, displaced families, infrastructure in the affected area, traders or businesses, village artisans in the affected area, landless and houseless families and Scheduled Castes and Scheduled Tribes families, handicapped or physically challenged persons in the affected area etc. were collected.

- Now before finalising the R&R Scheme it is pertinent to mention here that the Second Schedule of the Act, 2013 provides the elements of Rehabilitation and Resettlement Entitlements for all the affected families (Both land owners and the families whose livelihood is primarily dependent on land acquired) in addition to those provided in the First Schedule. On the basis of this Schedule all elements of Rehabilitation and Resettlement entitlements is required to be worked out. Therefore, for the sake of convenience to work out the entitlements the relevant provision is reproduced as under:-

Sr. No.	Elements of Rehabilitation and Resettlement Entitlements	Provision applicable to the affected families as per Right to Fair Compensation and Transparency in Land Purchase and R&R Act 2013	Whether provided or not (if provided, details to be given)
1	Provision of housing units in case of displacement	(1) If a house is lost in rural areas, a constructed house shall be provided as per the Indira Awaj Yojana specifications. If a house is lost in urban areas, a constructed house shall be provided, which will be not less than 50 sq. mts in plinth area. (2) The benefits listed above shall also be extended to any affected family which is without homestead land and which has been residing in the area continuously for a period of not less than three years preceding the date of notification of the affected area and which has been involuntarily displaced from such area: Provided further that if any affected family in rural areas so prefers, the equivalent cost of the house may be offered in lieu of the constructed house: Provided also that no family affected by Purchase shall be given more than one house under the provisions of this Act.	Indira Awaj Yojana has been replaced by Pradhan Mantri Awas Yojana (Gramin) wherein Rs. 13,00,000/- is being provided for construction of a house and Rs 12000/- for construction of Toilet.
2	Land for Land	In the case of irrigation project, as far as possible and in lieu of compensation to be paid for land acquired, each affected family owning agricultural land in the affected area and whose land has been acquired or lost, or who has, as a consequence of the Purchase or loss of land, been reduced to the status of a marginal farmer or landless, shall be allotted, in the name of each person included in the records of rights with regard to the affected family, a minimum of one acre of land in the command area of the project for which the land is acquired. Provided that in every project those persons losing land and belonging to the Scheduled Castes or the Scheduled Tribes will be provided land equivalent to land acquired or two and a one-half acre, whichever is lower.	Not applicable Being hydroelectric project.
3	Offer for Developed Land	In case the land is acquired for urbanization purposes, twenty per cent of the developed land will be reserved and offered to land owning project affected families, in proportion to the area of their land acquired and at a price equal to the cost of Purchase and the cost of development: Provided that in case the land-owning project affected family wishes to avail of this offer, an equivalent amount will be deducted from the land Purchase compensation package payable to it	Not applicable
4	Choice of Annuity or Employment	The appropriate Government shall ensure that the affected families are provided with the following options: (a) where jobs are created through the project, after providing suitable training and skill development in the required field, make provision for employment at a rate not lower than the minimum wages provided for in any other law for the time being in force, to at least one member per affected family in the project or arrange for a job in such other project as may be required; or (b) one-time payment of five lakhs rupees per affected family; or (c) Annuity policies that shall pay not less than two thousand rupees per month per family for twenty years, with appropriate indexation to the Consumer Price Index for Agricultural Labourers.	
5	Subsistence grant for displaced families for a period of one year	Each affected family which is displaced from the land acquired shall be given a monthly subsistence allowance equivalent to three thousand rupees per month for a period of one year from the date of award. In addition to this amount, the Scheduled Castes and the Scheduled Tribes displaced from Scheduled Areas shall receive an amount equivalent to fifty thousand rupees. In case of displacement from the Scheduled Areas, as far as possible, the affected families shall be relocated in a similar ecological zone, so as to preserve the economic opportunities, language, culture and community life of the tribal communities	
6	Transportation cost for displaced families	Each affected family which is displaced shall get a one time financial assistance of fifty thousand rupees as transportation cost for shifting of the family, building materials, belongings and cattle.	
7	Cattle shed/Petty shops cost	Each affected family having cattle or having a petty shop shall get one time financial assistance of such amount as the appropriate Government may, by notification, specify subject to a minimum of twenty-five thousand rupees for construction of cattle shed or petty shop as the case may be.	
8	One-time grant to artisan, small traders and certain others	Each affected family of an artisan, small trader or self-employed person or an affected family which owned non-agricultural land or commercial, industrial or institutional structures in the affected area, and which has been involuntarily displaced from the affected area due to land Purchase, shall get one time financial assistance of such amount as the appropriate Government may, by notification, specify subject to a minimum of twenty-five thousand rupees.	
9	Fishing rights	In case of irrigation or hydel projects, the affected families may be allowed fishing rights in the reservoirs, in such manner as may be prescribed by the appropriate Government.	
10	One-time Resettlement Allowance	Each affected family shall be given a one-time Resettlement Allowance of fifty thousand rupees only	
11	Stamp duty and registration fee	(1) The stamp duty and other fees payable for registration of the land or house allotted to the affected families shall be borne by the Requiring Body. (2) The land for house allotted to the affected families shall be free from all encumbrances. (3) The land or house allotted may be in the joint names of wife and husband of the affected family.	
12	On the basis of data collected under Section 16(1) to 16(3) of the Act, 2013 and Rule 7(1) to 7(4) of the Rules 2016 and other related records this draft Rehabilitation and Resettlement Scheme Mohal-wise was drawn up strictly keeping in view the above entitlements in respect of affected families defined under Section 3(c)(i) to 3(c)(v) and 3(m) of the Act 2013 which is as under:-	Mohal Nirath	In this Mohal land measuring 08-98-20 Ha. from 352 land owners is under purchase which is contiguous to left bank of river Satluj. Particulars of land owners, tenants, land holding, land under Purchase, Aadhar Number and Landless agricultural labourer etc., collected during survey and census of Mohal Nirath are as under:-
13	Particulars of landowners with Aadhaar number their total land holding, land and immobile property or assets attached to the land which are to be acquired:-		During the survey and census particulars of landowner's, Aadhar No. details of their land holdings, land including fruit and non-fruit trees standing over such land under Purchase have been prepared and tabulated as under:-
