TS STOPS POWER **GENERATION AT NAGARJUNASAGAR**

The Telangana state government finally stopped hvdel power generation at Nagarjunasagar on its own on Saturday. Following this, TS

Pursuing a tough policy against what it sees as their anti-national activities, their being in government service posing a threat to the security and integrity of the country or their violating Government Servants Conduct Rules, the Jammu and Kashmir govern-ment has in the past two years dismissed a large number of its employees including teachers, revenue offi-cials, engineers and policemen.

TURNING I POINT Telangana plans stench-free spots in order to attract tourists 14 dams, boating facilities on Musi

MADDY DEEKSHITH I DC

The state government in coordination with Hyderabad Road Development Corporation Limited and irrigation department has decided to construct 14 check dams on the Musi River, replicating the one on the Himayatsagar. asked officials to bring the cost of the pedestrian bridge down to ₹40 crore and prepare a proposal for another 14 across Musi. The officials prepared proposals to construct an iconic pedestrian bridge at Afzalgunj costing ₹40 crore and high-level bridges at the following places: missing link corridor no. 99

There will be two bridges to Budvel (IT parks and connecting roads parallel to Esa river), one costing ₹11 crore and another ₹41 crore.

In the proposals are a bridge connecting Uppal layout to south bank of Musi at ₹39.1 crore, high-level bridges con-necting Manchirevula village and Narsingi (₹24.50 crore), Hydershakote-Ramdevguda (₹11 crore), Pratapsingaram to Gowrelly (₹16 crore) and a link road to Manchirevula bridge costing ₹11 crore. AP SAID IT WILL BE PUSHED INTO CRISIS

From Page 1

AP said it will be pushed into a irrigation and drinking water

The AP government dashed off several letters to Union Jal Shakti ministry and Krishna River Management Board (KRMB) urging them to direct the Telangana state govern-ment to stop hydel power gen-eration. Andhra Pradesh Chief Minister Y.S. Jagan Mohan Reddy even wrote to Prime Minister Narendra Modi twice complaining against the TS government in the past 10 days. The KRMB too asked the TS government to stop hydel power genera-tion. Despite all this, the TS government refused to stop and continued hydel power generation all these days.

But on Saturday, it stopped power generation all of a sudden. Though no reasons were cited for this, it is learnt that the decision was taken to ease tension with AP after the KRMB agreed to cancel the three-member meeting on July 9 and instead hold a full body meeting after July 20 as demanded by the Telangana government. It is learnt that the KRMB has decided to hold full-body meeting on July 24 to resolve the Krishna disputes.

AP's move to increase revenue boomerangs!

The Andhra Pradesh government has been trying every trick to meet its mounting expenses. However, all those efforts seem to be of no use, and, making matters worse, they also create utter confusion among the officials, resulting in further loss to the exchequer. The latest experiment that AP has undertaken is to bring the taxes and registration departments into the fold of the finance department, a practice unheard in the state administration for decades. The task has been entrusted to a secretary-level officer, N. Gulzar, which came as a shock to many officials. They are said to be wondering how such a change can improve the state finances. They feel that the move will certainly increase red-tapism as the finance department is already loaded with pending files and anything more will only add to further delays.

Babus propose, but the big boss disposes

new trend has emerged in Andhra Pradesh babudom. Officers themselves have been deciding on what posts they want to handle or at least propa-gating their choices of the posts. Senior bureaucrat Sameer Sharma, who is currently on Central deputation, requested Chief Minister Y.S. Jagan Mohan Reddy to allow him to join the state cadre before retirement. Coming back to the state will help the officer make some monetary gains in the form of post-retire-ment benefits. The Chief Minister immediately agreed and a request was sent to the Centre to relieve him. The order of his repatriation was drafted in such a manner that it appeared that the officer was being sent back on the request of the state government and it coincided with the end of term of chief secretary Adityanath Das. Rumours started just a night before Das' retirement that Sameer Sharma will be the new chief secretary, only to subside the next day when the Centre extended the former's tenure by three months. Then came the illusionary transfer of Gandham Chandrudu as Visakhapatnam collector. He was shunted out of Anantapur recently and put in charge of the village secretariat administration. The WhatsApp group of babus received a forward message of someone congratulating him on being appointed as isakhapatnam collector from Chandrudu himself. Some media publications even uploaded to

KTR joins foul-mouthed club

RS working president and IT minister K.T. Rama Rao, may be unwillingly, has joined the race of ranters, apparently to survive ▲ among aggressive leaders of Opposition parties. Rama Rao had carved a place for himself during the Telangana agitation and subsequently in the government led by his father K. Chandrashekar Rao. Smart, sophisticated and a go-getter, Rama Rao won the hearts of many, particularly the urban middle class and the elite. Active on social media, the minister used them to convey his views, ideas and highlight his efforts besides lending a helping hand to the needy. He has also been credited with success in developing the capital city and attracting invest-ments. But changes in the political arena following the appointment of Congress MP A. Revanth Reddy as Pradesh Congress Committee chief and his BJP counterpart Bandi Sanjay preparing himself for a walkathon, seem to have made the minister rethink. Moreover, his father himself becoming hyperactive in the recent past turned the arc lights slightly away from the son. The two opposition leaders succeeded in drawing media and thereby public attention for, what the political analysts say, speaking to the Chief Minister in his own language. Neither the Chief Minister nor his two adversaries think for a moment to use language that puts the sophisticated lot ill at ease. Now comes Rama Rao with a verbal attack on his political adversaries whom he described as "new beggars on the street". Welcome to the club!

TS political leaders, high officials immune to rules, even for Covid

It certainly appears so if one were to see various ministers, MLAs, MLCs, Opposition leaders and anyone and everyone, waltzing around the city and the rest of the state without wearing the mandatory face mask. Even the state's top bureaucrats do not seem to care much for the orders issued by the Chief Secretary for not wearing a face mask while in a public space, punishable by a fine of Rs 1,000. Such events can be seen every day in every news bulletin on television news channels, in videos forwarded by the PROs of the ministers and MLAs and Opposition leaders, and anywhere and everywhere. ppn. has no clear stand: Owaisi

DC CORRESPONDENT HYDERABAD, JULY 10

The Opposition lacks a clear-cut stand on critical issues including the Citizenship Amendment Act (CAA) and National Registry of Citizens Registry of Citizens (NRC). Hence, the common man is hitting the streets and playing the role of an effective Opposition, as seen in the protests by farmers and other groups, said MIM president Asaduddin Owaisi on Saturday.

Speaking at an online event organised by the Indian School of Business (ISB) on Saturday, Owaisi said the country was in dire need of ideological differences since the secular Opposition had failed to counter the BJP and safeguard the foundational principles of the Indian Republic and the Constitution. The secular Opposition was carrying the majoritarian agenda which is not a good sign and is a potential threat to democracy, Owaisi said.

Speaking on the topic, 'Does India lack an effec-tive opposition", Shiv Sena MP Priyanka Chaturvedi said the Opposition lacked coherence. She said that due to the "aristocrat-ic government" at the Centre, the four pillars of democracy were under serious threat and the implementation of the

Constitution was compromised on many occasions.
She said that the Opposition should have a common programme and the coalition Aghadi gov-ernment in Maharashtra had shown the way to countering the BJP.

Former Union minister Manish Tewari, a Congress MP, pointed to the longer period of anti-incumbency. He said that due to the lack of an effective Opposition the BJP was in power for 15 years in Madhya Pradesh, the Congress had ruled New Delhi for 15 years, the UPA government was in power for 10 and the NDA dispensation is in its second

Tiwari said that 2014 had opened up a new phase in democracy, giving rise to a government with a strong ideology. The strong ideology has been weakening democratic values; the ide-ology is an onslaught to the Constitution, he said. Due to the failure of the Opposition, the judiciary played an activist role dur-ing the Covid-19 pandem-

ic, Tiwari pointed out. Sanjaya Baru, political commentator and policy analyst, emphasised on the role of effective Opposition. He recalled the role that the communists played during the Congress regime from 1950 to until 1980.

said that Opposition is relatively weak now when compared Communists, though less in number. He saw the period between 1990 and 2014 as a consensual phase in India politics when Prime Ministers P.V. Narasimha Rao, Atal Behari Vaypayee and Dr Manmohan Singh carried forward the development agenda.

Baru said that from 2014, the radical policy-making changes and ideology have posed a greater challenges to the economic-political situation. Whether in power or not, political par-ties should work within the foundation principles of the Constitution for democracy to prevail.

KANIZA GARARI I DC HYDERABAD, JULY 10

The percentage of long Covid-19 cases stood at 20 to 30 during the second wave while it was 10 to 15 per cent during the first wave, according to initial data collated from private hospitals in Hyderabad. The burden of long Covid has been on lungs, heart, brain and gut.

It has been noticed that 40 per cent of patients develop persistent coughs and have difficulty in breathing and develop

The long-term consequences are noted in those who suffered from severe symptoms, persistent and long illness, requiring hospitalisation and underwent critical

In 10 per cent of the cases, it has been found that the illness was very mild and recovery from Covid-19 was quick but there were symptoms of

long Covid after a month. In five per cent of the cases of those who had no initial symptoms, it was found that long Covid manifested after one month, making them realise that they had already suffered from it.

These are very few cases but they have been noted as they came back with problems in the gut, heart issues or persistent breathlessness. Covid-19 In severe

cases, it has been found that after six to eight weeks, the patients reported back with problems in heart, brain fog and lungs.

Dr Shyamala Iyengar, senior consultant of

internal medicine at Apollo Hospitals, says, We are learning that the problems in the cardiovascular and neurological systems are severe chest pain, chronic fatigue, dyspnoea and scarring in parts of the heart which lead to myocardial injury. It has been noted that 60 to 80 per cent of the severe cases reported

symptoms after 50 days of diagnosis."

In those with pre-existing cardiac conditions like hypertension, diabetes, obesity and high cholesterol, there has been severity of long Covid.

Diarrhoea, nausea, vomiting

Dr Venkat Ramesh, senior consultant infectious diseases, explained, "The gut flora is altered because of the virus and subsequent treatment process. In some patients we have noted recurrent

loss. There is also malnutrition observed in patients as they are not able to eat. These patients need to be put on probi-

of appetite and weight

The neurological symptoms in terms of delirium, brain fog, mood swings and sleep problems have also been documented. Experts state that they are still learn-ing about the different types of long Covid.
The Telangana State

Medical Council, along with Asian Institute of Gastroenterology, is compiling data of long Covid sufferers in Telangana

This is being done to understand the impact and also the challenges which have been faced by healthcare workers in identifying long Covid. Those people who have suffered after recovery are also not able to understand what is still wrong with them.

Many patients are confused as they do not want to go to hospitals or undergo treatment again. But they require medication and care and that is leading to financial burden for many of them.

People who are rushing to mandal revenue officers to apply for the Aasara pension scheme after the announcement of reducing the age limit from 65 years to 57 years are facing disappointment as the officials are refusing to accept their applications stating that specific orders have not yet

Abdul Aleem of MBT asked the government to issue appropriate orders immediately as several people were visiting tahsil offices daily. Poor people were approaching with hope, but they were disappointed when they were asked to come after a few days, he added.

COURT ALLOWS SUJANA TO TRAVEL ABROAD

DC CORRESPONDENT HYDERABAD, JULY 10

Imposing conditions on his overseas travel, Justice K. Lakshman of Telangana High Court granted interim relief to BJP Rajya Sabha member Y. Sujana Chowdhary and allowed him a 30-day visit to the United States, from July 12 to August 11, to discuss technology transfer for manufacturing oxygen concentrators, which are crucial in treatment of Covid-19 patients.

A look out circular (LOC) has been issued against Chowdary in a case related to cheating banks for getting Letters of Credit and loans after submitting fake and duplicate transactions by Best and Crompton Engineering Pvt Ltd, which is related to the Sujana group. Chowdary had challenged the LOC last year. However, he was stopped by immigration authorities when he was to board a flight to the USA from Rajiv Gandhi International Airport at Shamshabad citing the LOC. Meanwhile, in November, the court permitted him to travel to New York for 15 days as he wanted to call on his ailing uncle.

He once again approached the High Court, challenging the extension of LOC issued against him. Chowdary mentioned that it was necessary to go to the USA as wished to discuss technology transfer for supply of critical raw materials and manufac-

ture of oxygen concentrators. ONGC has planned to purchase one lakh oxygen concentrators, which it would supply to hospitals across the country. ONGC placed an initial order with MIC Electronics Limited (MIC), Hyderabad, seeking 5,000 concentrators of 10 LPM capacity. Chowdary is directly connected to MIC Electronics Limited, it was stated.

The CBI contention was that though the former Union minister was not presently related to Best and Crompton Ltd, documents seized from his residence reveal that shell companies of Sujana Group, had money transactions and fake LCs with Best and Crompton Ltd. Chowdary appeared before the investigation authorities for two days, but evaded answers to some probing queries, the CBI counsel submitted.

TPCC working president and Sangareddy MLA T. Jayaprakash 'Jagga' Reddy criticised Chief Ministers K. Chandrashekar Rao and Y.S. Jagan Mohan Reddy for hatred spreading among people from

the two Telugu states. The TRS and YSRCP governments created Krishna water issue for gaining political

DC CORRESPONDENT HYDERABAD, JULY10

TPCC working presidents J. Geetha Reddy and Anjan Kumar Yadav demanded that the Union and state governments reduce cess and taxes on fuel prices so as to give relief to the people. Even as people bear the brunt of Covid-19 pandemic, the NDA and TRS governments have added to the problems with hikes in fuel prices,

He reminded Rao that he had himself praised nurses as goddesses at the peak of Covid-19 pandemic. It is inhuman to remove them, he said while assuring them of complete support from

TRS GOVT IS THE MOST CORRUPT, **CLAIMS SANJAY**

DC CORRESPONDENT NIZAMABAD, JULY 10

BJP state president Bandi Sanjay Kumar alleged that Telangana was recognised as the most corrupt state in the country during the Telangana Rashtra Samiti (TRS) rule. TRS president and Chief Minister K. Chandrashekar Rao was involved in several scams as union minister in the UPA government, he said, adding that the BJP would definitely send Chandrashekar Rao to jail on corruption charges in near future.

Addressing the BJP district executive committee meeting at Chittapur in Balkonda mandal on Saturday, Sanjay Kumar said Chandrasekhar Rao had met union home minister Amit Shah after the GHMC polls and had shown willingness to work with the NDA government. Chandra-shekar Rao himself told his Cabinet colleagues about his induction into the union Cabinet as agriculture minister and offered the Chief Minister's post to other fami-

ly members.
The BJP state unit chief said Amit Shah did not encourage Rao and was firm to bring the BJP into power in Telangana. TRS ministers and MLAs should realise the credibility of Chandrashekar Rao after union cabinet rejig, he said. He reiterated that the BJP was not against Islam and Christianity, and it worked for all. The AIMIM won six MLAs in Bihar purely on religious lines, then why could BJP not polarise votes of majority people in Telangana, he questioned.

Sanjay Kumar said Muslim intellectuals realised that MIM was using the community for vote bank politics and it was not sincere in development and welfare. Triple talaq Bill provided justice to Muslim women, he said, adding that the kin of Telangana martyrs and separate statehood movement leaders were ignored by the

TRS government.
MP Dharmapuri Arvind, former MLA and BJP state vice president E. Laxminarayana, party senior leader G. Premender Reddy, and others were present.

EU hits goal of delivering vaccines for 70% of adults

European Union has hit its target of delivering enough Coronavirus vaccine to cover 70 percent of the adult population, EU Commission President Ursula von der Leyen said Saturday.

The 27 EU member state governments are responsible for administering the vaccines to citizens — and some are working much faster than others — but von der Leyen stressed that: "The EU has kept its word." The EU joint vaccine purchasing scheme, run by von der Leyen's European Commission, has delivered 330 million BioNTech-Pfizer shots, 100 million AstraZeneca, 50 million from Moderna and 20 million Johnson & Johnson.

All but the J&J jab require two doses to achieve full efficacy, and the EU is home to an estimated 366 million adults.

This weekend, we delivered enough vaccine to member states to fully vaccinate at least 70 percent of the adult population this month. By tomorrow, some 500 million doses will have been distributed to all regions of Europe,' von der Leyen said.

'Covid-19 is not yet defeated. But we are prepared to continue supplying vaccines — also against new variants. Now the member states must do everything they can to ensure that vaccinations move forward. Only then will we all be safe." When the Coronavirus epidemic hit Europe last year, the Euro-

pean Commission — which previously had little role in health policy stepped in to coordinate a joint buying programme for members.

This was criticised at first by some for having been slow to get into gear and to negotiate contracts with drug suppliers, and the plan was hampered later when some firms — notably UK-based AstraZ-eneca — fell short in deliveries. But, as industry raced to boost production of the newly developed vaccines, purchases started flowing in, and von der Leyen will see meeting the European Commission's self-imposed July deadline for 70 percent coverage as

vindication.
"The EU is delivering," she said. "Our vaccination campaign nas accelerated tremendously since the beginning of the year. The joint approach is a success. Only together can we come out of this crisis

Afghans try to retake crossing

Taliban has captured a vast swath of violence-hit nation

authorities prepared Saturday to try to retake a key border crossing seized by the Taliban in a sweeping offensive that the insurgents claim has helped capture a vast swath of the violencewracked nation.

As US troops continued their withdrawal, the Taliban said its fighters had seized two crossings in western Afghanistan with China. It now held 85 percent of the country, a Taliban official said Friday, controlling about 250 of Afghanistan's nearly 400 districts — a claim impossible to verify, and disputed by the government. Beijing, meanwhile, which has criticised Washington for its hasty withdrawal, urged its citizens to leave the country "as soon as possible" after evacuating 210 nationals.

The "complex and severe domestic security situation" prompted the evacuation warning, the

Herat governor spokesman Jilani Farhad said Saturday the ritory from the Iranian border to the frontier with China. It now believes authorities were deployeen Iran and Afghanistan. "They will be sent there soon," he said.

The Afghan government has repeatedly dismissed the Taliban's gains as having little strategic value, but the seizure of multiple border crossings and the taxes they generate will likely fill the group's coffers with new revenue. In a clear sign fighting was getting closer to major urban centres, an official at one hospital in Kandahar said Saturday dozens of wounded had been admitted in the

HISTORIC I DEAL Final agreement not expected until the run-up to the leaders' meet in Oct G20 finance ministers endorse global tax reform

finance ministers on Saturday gave their back-ing to a "historic" global deal to tax multinational companies more fairly and urged hold-out countries

A framework for international tax reform, including a minimum corporate rate of 15%, was agreed this month by 131 countries. But the endorsement by the 19 biggest economies plus the European Union will help ensure it becomes a reality following years of negotiations. "After many years of dis-

cussions and building on the progress made last year, we have achieved a historic agreement on a more stable and fairer international tax architecture," the final statement said. "We endorse the key

components of the two pillars on the reallocation of profits of multinational enterprises and an effective global minimum tax." French Finance Minister Bruno Le Maire was quick

to hail the agreement, saying it was a once-in-a-century opportunity for reform. "There is no turning back. We are putting an end to the fiscal race to the bottom and the digital gia-

share of taxes," he said. The reforms aim to pre-

vent countries competing to offer the lowest tax rates to attract investment, which has often resulted in multinationals paying derisory levels of tax. Final agreement is not

expected until the run-up to the G20 leaders' summit in Rome in October. The 15% minimum tax

nts will now pay their fair rate was agreed on July 1 under the auspices of the Organisation for Economic Cooperation and Development (OECD).

Countries, including the United States, France and Germany, along with aid agencies such as Oxfam, have been pressing for a higher rate. But some nations are opposed, including EU member Ireland, which lured Apple and Google

The G20 ministers said they "invite all members" of the negotiations... that have not yet joined the international agreement to do so". The minimum rate is expected to affect fewer than 10,000 major companies, but the OECD estimates an effective 15% rate would generate an extra \$150 billion in revenue per year.

The series, which was originally scheduled to start with the three ODIs on July 13, had to be rescheduled after Sri Lanka's batting coach Grant Flower and data analyst G.T. Niroshan tested positive for the dreaded virus on their return from the UK tour. It also meant an extended quarantine period for the squad members. Sciver shines as England beat India

Northampton: England allrounder Nat Sciver smashed a record-equalling half century before the bowlers put the struggling Indian batters under pressure to ensure an 18 runwin for the hosts via DLS method in the rain-curtailed first T20I against here. Put in to bat, England rode on Sciver's 27-ball 55 and wicketkeeper Amy Jones' 43 off 27 balls to reach 177/7 in 20 overs. Sciver's sensational fifty was

England's joint fastest in the format. In reply, India failed to keep up with the required runrate despite vice-captain Smriti Mandhana's quickfire 29 off 17 balls before rain fell with the visitors at 54/3 in 8.4 overs, 18 runs behind England via the DLS method. — PTI

IT'S BARTY TIME!

Aussie Ashleigh wins emotional Wimbledon title

Ashleigh Barty won her first Wimbledon title on the 50th anniversary of fellow indigenous Australian Evonne Goolagong Cawley's maiden crown, beating Karolina Pliskova 6-3, 6-7 (4/7), 6-3 in the final on Saturday.

The 25-year-old Australian — who wore a specially-designed dress in tribute to Cawley's iconic scallop one she sported in 1971 — adds the Wimbledon crown to her 2019 French Open title.

"It took me a long time to verbalise, to dare to dream it and say it," said Barty.

It was the first women's Wimbledon final to go to three sets since 2012 when Serena Williams beat Poland's Agnieszka Radwanska.

Barty had looked like cruising to victory after soaring into a 4-0 lead over her opponent — the Australian's start so blistering that she won the first 14 points.

Barty got the break for 2-0 in the final set and despite one or two wobbles she got herself over the line sinking to her knees, her hands over her face in disbelief.

She wiped a couple of tears away before climbing up to the player's box, just like her compatriot Pat Cash did when he won the Wimbledon men's title
