# Covid hits rural, agency areas

K.M.P. PATNAIK | DC VISAKHAPATNAM, OCT. 18

While Coronavirus cases have come down in urban and city areas of north coastal Andhra, the virus is spreading into rural and agency areas, according to health officials.

A senior officer disclosed that 80 per cent of cases now being reported are from rural, semi-rural and agency areas. Citing an instance in Visakhapatnam district,

the official said Narsipatnam revenue division has registered 15 per cent positive cases when the district average is less than eight per cent. Rolugunta, Natavaram and Narsipatnam are reporting more cases when compared to urban areas

Health officials regret that people are not following Coronavirus guidelines in rural areas. This is despite government giving three masks free to every individual per month. They hardly use sanitisers and are not very particular about washing hands with soap.

Officials say even government establishments like banks and insurance offices are not insisting on people to follow Coronavirus guidelines. "They have enough security personnel to insist on these aspects, but they are unable to handle customers," said a senior official

Positive cases in Visakhapatnam have crossed 55,000 of which 2,119 are active. An official said only 717 patients are undergoing treatment in hospitals, while 1,190 of them are in home isolation and 284 in Covid care centres.

# At 7 lakh cusecs, Srisailam sets 10-year water record

**D. SIVA RAMI REDDI I DC** KURNOOL, OCT. 18

For the first time this decade, Srisailam reservoir officials released over seven lakh cusecs of water in a 24-hour period by lifting 10 crest gates to the height of 33 feet.

The dam has seen huge

flood water coming into it in the past three days as torrential rains in Maharashtra and upper reaches of Krishna river filled up Narayanapur dam

in Karnataka and Jurala

to the brim.

Jurala has a live capacity
of just 6.79 tmc and its full

project in Telangana state

of just 6.79 tmc and its full reservoir level is 318.52 tmc. As per Central Water Commission (CWC) alert, the flood trend on the Srisailam reservoir was steady with 4,85,485 cusecs coming into the reservoir from Jurala and Sunkesula barrage across Tungabhadra river near

Kurnool. Srisailam dam opened 10 spillway gates to a height of 20 feet on Sunday and 5,10,597 cusecs of water. The reservoir level is 884.60 feet against the total height of 885 feet. The present storage

at the dam is 213.4011 tmc. A retired engineer, who worked at Srisailam, found fault with the authorities for holding so much water in the reservoir. He raised concern that it is against flood management and would have a devastating impact on the structural stability of the dam.

Recalling the promise of Jagan Mohan Reddy during the 2019 elections, Venugopala Krishna said, 'As promised, the Chief Minister has formed separate corporations for every community, thereby standing by his word. He pointed out that after a careful study of the 139 castes, 56 castes with over 30,000 population have been given separate corporations for their develop-ment. #### **GOLD DEPOSITS IN PSBs FOR PAST 15** YEARS, SAYS TTD

AVINASH P. SUBRAMANYAM | DC TIRUPATI, OCT. 18

Reacting over the campaign on the TTD gold deposits by a cross-section of people, the temple body clarified that it has been depositing the temple's gold in public sector banks under the gold deposit scheme for the past 15 years.

In a statement released on Sunday, the TTD clarified that the temple trust board had earlier resolved to keep the gold reserves under the gold monetisation scheme (GMS) of the Centre so as to earn interest at 2.5 per cent which is fixed by the Centre.

According to the statement, the State Bank of India (SBI) is the primary Bank, which undertakes the gold deposits under GMS in a big way, which was announced by the Centre in 2015. Even at present, many banks are not actively coming forward to undertake the long-term gold deposits in bulk. The SBI is a renowned public sector undertaking bank and hence the TTD was depositing gold with this bank since more than a

"TTD holding gold deposits of around 7,800 kgs with the SBI and it reiterates the fact of long standing banking relationship of TTD with the bank. Even in the 7,800 kgs of gold deposits, the SBI is holding around 4,470 kgs since 2017, 920 Kgs since 2018, 1,380 kgs since 2019 and the balance is from 2020," the temple body

said in its statement The TTD also clarified that there is no hidden agenda in making gold deposit with the SBI as the Indian Overseas Bank has not accepted gold for the long-term deposit scheme. "In fact, the IOB have requested TTD to give six months to return the gold and agreed to pay the interest at 2.5 per cent which TTD otherwise would have earned by placing under the long-term gold deposit scheme. Given the circumstances, the same gold is deposited with the SBI,' added in the statement.

# LIVING | DANGEROUSLY | About 35 residential colonies on the hillocks in Visakhapatnam Thousands of families face landslide threats

V.K.L. GAYATRI | DC VISAKHAPATNAM, OCT. 18

Though a landslide threat faces thousands of families, the Visakhapatnam Greater cipal Corporation (GVMC) is not taking concrete

steps to prevent disaster. Every monsoon, there are fatal incidents report-ed but the GVMC is not constructing retaining concrete walls to save families located on the hillocks in the city.
With the continuous

heavy rains, a large number of houses constructed on the hillocks are in danger after the soil has eroded, and the residents are tense. In the recent heavy

rains, two deaths reported in a landslide, and many houses are in danger.

With a large number of guest workers, particularly from the working class, in the city, living space has become a problem and they take shelter on the hill slopes. Some influential local leaders are making money by constructing houses and sheds for the weaker sections and selling them. With this, a large number of residential colonies have developed on the slopes. In several areas, the residents have become big vote banks for political leaders.

During the heavy rains, the soil is eroded and the residents should be on high alert, Vidyullatha, chief city planner, GVMC,

Officials in the GVMC engineering section accept that because of lack of enforcement, illegal resicolonies were formed on the hillocks. Due to political pressures and other influences, the

authorities say that they fail to stop the encroachments of the hillocks. "The issue is very sensi-

tive. If we forcibly vacate families, the corporation has to offer alternative shelter. There will be local protests and political pressure on the officials. As the GVMC general elections are ahead, political leaders are reluctant to clear the houses on the hillocks. In an alternative step, the corporation has conducted a survey to arrest the issue by constructing concrete retaining walls. But huge amounts of money are required for that," a senior engineering official of GVMC lamented.

#### **SENA ACCUSES BJP OF USING GUVS AS AGENTS**

BHAGWAN PARAB | DC MUMBAI, OCT. 18

Maharashtra's ruling party Shiv Sena has accused the BJP of using the Governors as its 'political agents" to destabilise all the governments run by the Opposition parties. This is not a sign of a good ruler, said senior leader Sanjay Raut.

"In Maharashtra, the BJP has engaged in anti-government propaganda since there is a non-BJP government in the state. In fact, wherever there are Opposition governments, the BJP has trained its guns at them by appointing governors as their political agents," said Raut in his weekly column in the Sena mouthpiece Saamana on Sunday.

The Sena leader cited several states where Governors are at loggerheads with the governments of Opposition parties. "In West Bengal, Governor Jagdeep Dhankhar is seen posing daily challenges to Chief Minister Mamata Banerjee, who is not budging to him. In Delhi too, there is a clash between Arvind Kejriwal and the lieutenant-Governor. There is no trouble in Punjab due to the fear of invoking the wrath of the Sikh community. In Maharashtra, the Thackerav government is stable despite various attempts from the Governor, whereas all efforts to destabilise the Ashok Gehlot government were foiled in Rajasthan," he added.

# Raksha Bhavan to be razed

### Shram Shakti Bhavan also to be demolished for controversial Central Vista

ANIMESH SINGH | DC NEW DELHI, OCT. 18

Raksha Bhavan, which houses the accommodation suites of officers attached with the prestigious National Defence College (NDC), as well as Transport Bhavan (office of the road transport & shipping and tourism ministries) and Shram Shakti Bhavan (which houses the labour, water resources and power ministries), are all set to be demolished under the controversial Central Vista project.

Transport Bhavan and Shram Shakti Bhayan will make way for chambers for MPs next to the proposed new Parliament building, while Raksha Bhavan will be replaced by the common Central Secretariat (CCS) build-

ings that will house the offices of all Central ministries, top sources aware of these development told this newspaper.

The much criticised

Central Vista project which envisions the building of a new Parliament House, a new accommodation for the Prime Minister and offices of all Central ministries at the 3 km stretch between Rashtrapati Bhavan and India Gate — entails shifting the entire staff of these ministries as well as officers' suites of the NDC to the under construction Grameen Vikas Bhavan, which was earlier supposed to be the new address of the rural development ministry.

The entire cost of shifting the staff of the min-istries as well as that of

the NDC officers' suites to begun in July 2019, was under-construction erstwhile Grameen Vikas Bhavan and its fresh construction will come to around ₹350 crores, the added. They sources claimed that this cost woill be less than the cost of building the new office of the rural development

The proposal has been approved by the urban affairs and the defence ministries, the sources said. The erstwhile Grameen Vikas Bhavan will be known as General Pool Office Accommodation (GPOA) building.
The proposed Grameen

Vikas Bhavan, which had been sanctioned by the rural development ministry in November 2018, as

abruptly stopped after it was decided in December 2019 by the Centre that all ministries will be accommodated in the CCS buildings under the Central Vista project.

At the time of halting its construction, the govern-ment had already spent around ₹12 crores on Grameen Vikas Bhavan, sources privy to the details said.

Subsequently, according to highly-placed sources, it was decided that the under-construction Grameen Vikas Bhavan or the proposed GPOA building will now house the twin offices of all these five ministries as well as suites for the NDC offi-

its new address, and Keeping security aspects whose construction had in mind, the GPOA build-

ing will have separate entry and exit points for civilian and military establishments, and even the basement parking area will be partitioned by walls so that there is no intermingling of ministries' staff with that of the NDC officers.

The Central Vista project has been shrouded in controversy ever since it was officially announced in September last year. It has faced allegations ranging from seeking hasty approvals, lack of transparency and absence of public consultation, and seeking the advice of experts as well as not taking the all-important approval of Parliament, and going ahead with it despite the fact that the Coronavirus pandemic is raging in the country.

# Govt to tackle drug menace

DC CORRESPONDENT NEW DELHI, OCT. 18

The Union home ministry is working on an ambi-tious plan to deal with narcotics menace in the country. Sources claimed that Union home minister Amit Shah was monitoring the blueprint for this which includes further strengthening of the Narcotic Drugs Psychotropic (NDSP) Substances Act, substantially increasing the man-power of the Narcotics Control Bureau (NCB) and even providing them sophisticated weapons, latest forensic

technology, opening more regional and zonal units of NCB among many other measures to deal with drugs menace in the country.
The role of the NCB has

once again come into the limelight following its involvement in the probe into the death of actor Sushant Singh Rajput. The NCB had questioned some actors during the course of its investigations into the case.

Ministry sources said the home minister has directed the top brass that there should be zero tolerance towards narcotics and the agencies concerned, particularly the NCB, should be further strengthened and correc-

tive measures taken with regard to strengthening of the NDPS Act.

Both the home and law ministries are closely reviewing the NDPS Act and some proposal are expected to be placed before the Cabinet to make it more stringent. In addition, it has been decided to further increase manpower of the NCB and open its region al offices in all places across the country.

There is a proposal to set up a special academy to train NCB personnel in the use of latest technolo-

gy.
"One of the key proposal being examined it to provide armed personnel as part of its staff to the NCB. This will ensure that NCB doesn't have to depend on the local or para-military forces for security cover to carry out their operations. The plan basically is to develop NCB into full fledged security force on the lines of the CRPF, BSF or ITBP," a senior home min-

istry official said. Sources said Amit Shah was taking personal initiative in this regard. "These new changes will be in place within the next few weeks and in the coming months there would be visible change in curbing the drugs issue,"the official added.

# BJP-Cong spar over Tharoor's remarks

DC CORRESPONDENT NEW DELHI, OCT. 18

Berating the Congress over its senior leader Shashi Tharoor's remarks at the recent Lahore Think Fest, where he criticised the Indian government's handling of the Covid-19 situation, "bigotry and prejudice" against Muslims and 'problem with northeast citizens who look different," the BJP on Sunday

Thiruvananthpuram MP had "demeaned and discredited' India at a platform in Pakistan.

Describing Tharoor's virtual address as a Congress "debut rally" in Pakistan, the BJP asked whether Congress leader Rahul Gandhi intends to contest elections in Pakistan. It said that henceforth, the Congress leader should be called "Rahul Lahori."

Hitting back, Congress said that the BJP had always responded to substance and facts with "jumlebaazi (rhetoric)" and that such reactions from the ruling party "ridicule" the debate and "diminish us

as a democracy." Citing Congress leaders including Rahul Gandhi's earlier statement on nullification of Article 370, P. Chidambaram's tweet on restoration of Article 370, Mani Shankar Aiyar's statement during a Pakistani TV debate in 2015 and Salman Khurshid's remarks at an event in Islamabad, BJP national spokesperson Sambit Patra said, "We want to ask andhi whether he is planning to contest from Pakistan.

Taking on the Congress over Thaoor's remarks on Indian Muslims, Patra asked did the Congress leader or its leadership ever dare to ask how minorities are treated in and how Christians, Pakistan Buddhists and Sikhs are forcefully converted or

Hitting back, Congress spokesperson Abhishek Singhvi said, "The BJP has always responded to substance and pointed facts with 'jumle-baazi'. The BJP has believed always rhetoric, not substance. # Nath's reference of woman mantri as 'item' sparks row

RABINDRA NATH CHOUDHURY | DC BHOPAL, OCT. 18

Congress veteran Kamal Nath on Sunday joined ranks of politicians who have made crass, sexist remarks by reportedly describing Madhya Pradesh women and child welfare minister Imarti Devi, who hails from a dalit community, as an 'item'.

Addressing an election meeting at Dabra under Gwalior district in MP, Nath, 74, said, "Who is she...(the crowd calls out Imarti Devi's name)... why should I take her name... you all should

have warned me... what an item!). Shockingly, former minister and senior Congress Bijoylaxmi Sadho who

was present at the dais burst into laughter along with others while reacting to Nath's sexist remarks. Devi, who is contesting

from Dabra Assembly constituency in the November 3 by-elections as a BJP candidate, was also a minister in the Kamal Nath government which fell in March this year following the resignation of 22 Congress

BJP took strong exception to the 'derogatory' remarks by Nath against the woman minister and moved the Election Commission demanding to bar him from campaigning in the state.

The party declared to move the women commission and national scheduled caste commission demanding action against Nath for making insulting remarks against woman minister.

Chief Minister Shivraj Singh Chouhan expressed shock and dismay at Nath's 'outrageous' utterances against a woman saying smacked of his arrogance and narrow mindset.

The Ti-mes said McNamara, who had travelled to the UAE to work on the launch of the literary festival there, claimed she was assaulted by the sheikh when they met at a remote island villa. The Foreign Ministry of the UAE, a federation of seven sheikhdoms on the Arabian Peninsula also home to Dubai, said it does not comment on personal matters. When asked about the case, Britain's Metropolitan Police confirmed that a woman contacted the force on July 3 to report an allegation of rape, and said an initial statement has been taken from her. Interior Ministry spokesman Tariq Aran said the car bombing struck near the entrance of the provincial police chief's office and other nearby government buildings in the area. No one immediately claimed responsibility for the attack in Ghor, which comes amid an uptick in attacks by the Taliban as representatives of the group and Afghan government officials hold their firstever face-to-face talks in Qatar, where the Taliban have had a

The vaccine has a Serum Institute of India tie-up as it undergoes trials

the UK's senior-most medical chiefs has indicated that a vaccine against Covid-19 could be ready to be deployed by the start of the New Year, according to a media report on Sunday. Jonathan Van-Tam, Engla-nd's Deputy Chief Medical Officer and one of the government's advisers on the Coronavirus pandemic, has reportedly told members of Parliament (MPs) that the vaccine created at Oxford University and being manufactured by AstraZeneca could be ready for rollout soon after Christmas in December.

Christmas in December. In India, the vaccine has a Serum Institute of India tie-up as it undergoes trials. "We aren't light years away from it. It isn't a totally unrealistic suggestion that we could deploy a vaccine soon after Christ-mas. That would have a significant impact on hospital admissions and deaths," *The Sunday Times*' quoted Van Tam as telling the MPs during a briefing

## **AIRLINES PUSH FOR TESTS OVER QUARANTINES**

Frankfurt, Oct. 18: What will it take to get people flying again? International air traffic is down 92 per cent this year as travelers worry about catching Covid-19 and government travel bans and quarantine rules make planning difficult.

One thing airlines believe could help is to have rapid virus tests of all passengers before depart-ure. Scattered experiments on improving safety are under way around the world, and a UN organisation is leading talks to set guidelines. There is a lot

at stake.
With no end in sight to the pandemic, the near total halt to international travel will hinder economies as they try to bounce back from recession and return to normal levels of business activity. Millions of jobs at airlines, airports and travel related businesses are affected.

# Don plays fear tactics to win Midwest states

Janesville (Winconsin), Oct. 18: President Donald Trump leaned into fear tactics Saturday as he accused the Left of trying to "destroy the American way of life" in a late reelection pitch to voters in Michigan and Wiscons-in — two Midwestern states that were instru-mental to his 2016 victory but may now be slipping

from his grasp.
In back-to-back rallies, Trump accused the Left of wanting to "erase American history" and "purge American values". He claimed, with no basis, that Democratic rival Joe Biden would put communities at risk. Trump offered the dark message as he faces headwinds not only in national polling, which shows Biden leading, but also in key battleground surveys. His comments come after his cam-paign, with far less cash than Biden's, largely ret-reated from TV advertising in the Midwest, shifting much of its money to Sun Belt states such as Florida, North Carolina, Arizona and Georgia, as well as Pennsylvania.

As he tries to energise his base and keep on-thefence voters from turning against him, Trump sought to paint Democrats as "anti-American radicals" and said moderates had "a moral duty" to join the Republican Party. "The Democrat Party you once knew doesn't exist," he said. It was the same on issue after issue, as he claimed in hyperbolic terms that Biden's election would spur "the single biggest depression in the history of our coun-

Addressing the Coronavirus crisis, Trump warned that Biden would 'shut down the country, delay the vaccine and pro-long the pandemic". Pu-blic health experts say the nation would be in far better shape had Trump's administration more aggressive action early on. And while he repeatedly predicted victory, Trump seemed to grapple throughout the day with the prospect that he could indeed lose in November. In Michigan, he quipped that, in January, he "better damn well be president. In Wisconsin, he wondered how he would process a loss. "Can you imagine if I lose? I will have lost to the worst candidate in the history of American poli-

tics," he said.
"What do I do?" Trump has continued to hold ral-lies despite the threat of the Coronavirus, which hospitalised him for several days earlier this month. Wisconsin broke the record for new positive virus cases on Friday - the third time that's

# UN arms embargo on Iran expires

**Tehran, Oct. 18:** A decade-long UN arms embargo on Iran that barred it from purchasing foreign weapons like tanks and fighter jets expired Sunday planned under its nuclear deal with world powers, despite objections from the United States. insisting it no "buying

planned spree", Iran in theory can purchase weapons to upgrade military armament dating back to before its 1979 Islamic Revolution and sell its own locally produced gear abroad. In practice, however, Iran's economy remains crippled by broad-reaching US sanctions, and other nations may avoid arms deals with Tehran for fear of American

financial retaliation.

The Islamic Republic heralded the end of the it arms embargo as momentous day for the international community... in defiance of the US

regime's effort". The Trump administra-

tion, meanwhile, has insisted it has re-invoked all UN sanctions on Iran via a clause in the nuclear deal it withdrew from in 2018, a claim ignored by the rest of the world.

"Today's normalisation of Iran's defence cooperation with the world is a win for the cause of multilateralism and peace and security in our region," Iran's Foreign Minister wrote on Twitter. The United Nations banned Iran from buying major foreign weapon systems in 2010 amid tensions over its nuclear programme.

An earlier embargo targeted Iranian exports. The US Defence Intelligence Agency pre-dicted in 2019 that if the embargo ended, Iran likely would try to purchase Russian Su-30 fighter jets, Yak-130 trainer aircraft and T-90 tanks.

Narine was reported for a suspect action during his team's clash against KXIP last Saturday and another such instance could have led him to being barred from bowling in the league. But, in a relief for the player as well as for his franchise, the IPL committee found his bowling action to be clean. 'Sunil Narine, the Kolkata Knight Riders player, has been cleared by the IPL's suspect bowling action committee," the IPL said in a statement. After being reported, Narine was placed on the IPL warning list. Sharjah, Oct. 18 Chennai Super Kings Oct. 18: death bowling expert Dwayne Bravo could be "out for a few days or a couple of weeks" due to a groin injury, according to head coach Stephen Fleming.

Bravo's inability to bowl the final over cost CSK their IPL game on Saturday as Delhi Capitals knocked off the required 17 runs.

"He (Bravo) seems to have a right groin injury, obviously it was serious enough to keep him from coming back to the field, he is just really disappointed that he was not able to bowl the final over, that's pretty much for what he is in the team for," Chennai Super Kings coach Fleming said.

The seasoned all-rounder's injury would have to be reassessed going forward. -PTI

# Jamaican sprinter Blake slams MSD

Sharjah, Oct. 18: Star sprinter Yohan Blake said Mahendra Singh Dhoni had "made the worst decision in a long while", fuming in front of his TV set in faraway Jamaica as DC closed in on a remarkable win in IPL. Blake, an ardent admirer of the sport, questioned Dhoni's move to give Jadeja the final over on Saturday night. He was oblivious to the fact that everyone's preferred choice, death bowling specialist Dwayne Bravo, was not fit to bowl the last over after walking off the field.

"I think Dhoni made the worst decision in a long while. Dhoni, that's a poor

the last part. What happened to Bravo. Really?" he asked in a video posted on Twitter. "Poor poor poor poor

decision to bowl Jadeja at

choice Mahendra Singh Dhoni. You just can't bowl Jadeja to the left hand batsman," Blake, the youngest 100m world championship winner, tweeted.

Engaging in a conversation on the social networking site, Blake later realised that Bravo was injured. But he was still not convinced with Jadeja bowling the final over with Delhi Capitals requiring 17 runs to win the game, which they did with a ball to spare.
